Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.) and the applicable rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing upon a proposed marketing agreement and proposed marketing order regulating the handling of potatoes grown in Nassau and Suffolk Counties, Long Island, New York, was held at Riverhead, Long Island, New York, April 30 through May 5, 1956, pursuant to notice thereof which was published April 11, 1956, in the FEDERAL REGISTER (21 F. R. 2339).

Upon the basis of the evidence introduced at the aforesaid hearing and the record thereof, the Deputy Administrator, Agricultural Marketing Service, on June 26, 1956, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision in this hearing. The notice of the filing of such recommended decision, affording opportunity to file written exceptions thereto, was published June 29, 1956, in the FEDERAL REGISTER (21 F. R. 4831). No exceptions to the recommended decision were filed.

The material issues and the findings and conclusions of the recommended decision set forth in the FEDERAL REGISTER (F. R. Doc. 56-5151; 21 F. R. 4831) are hereby approved, adopted, and incorporated herein as the material issues and the findings and conclusions of this decision as if set forth in full herein.

In view of the aforesaid findings and conclusions, a marketing agreement should not be entered into and an order should not be issued at this time for regulating the handling of potatoes grown in Nassau and Suffolk Counties, Long Island, New York. This decision shall be published in the FEDERAL REGISTER and there shall be no further action in this proceedings.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Dated: July 23, 1956.

[SEAL] EARL L. BUTZ,
Assistant Secretary.

[F. R. Doc. 56-6036; Filed, July 25, 1956; 8:53 a. m.]

NOTICES

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Classification No. 112]

ALASKA

SMALL TRACT CLASSIFICATION

JULY 18, 1956.

1. Pursuant to authority delegated to me by Bureau Order No. 541, dated April 21, 1954 (19 F. R. 2473), as amended, I hereby classify the following described public lands, totalling 55 acres in the Anchorage Land District, Alaska, as suitable for lease and sale for residential purposes under the Small Tract Act of June 1, 1938 (52 Stat. 609, 43 USC 682a), as amended:

KETCHIKAN AREA (GRAVINA ISLAND)

TRACT 1

For Lease and Sale

For Residence Sites

(Unsurveyed.)

Located on the northeastern shore of Gravina Island near Ketchikan, Alaska, and between U. S. Survey 1600 and U. S. S. 1366 more particularly described as follows: "Starting at N. E. M. C., U. S. Survey 1600; thence S. 55° 03' W. a distance of approxi-

mately 8.7 chains to a point along the northwest boundary of U. S. S. 1600; thence approximately N. 45° W. a distance of approximately 59.8 chains to Corner No. 4, U. S. S. 1366; thence due east a distance of 12.26 chains to Corner 3, M. C., U. S. S. 1366; thence meandering the shore of Gravina Island at the approximate mean high tide line of Tongass Narrows in a southeasterly direction a distance of approximately 60 chains more or less to N. E. M. C., U. S. S. 1600 and true point of beginning and containing 55 acres, more or less."

2. Classification of the above-described lands by this order segregates them from all appropriations, including locations under the mining laws, except as to applications under the mineral leasing laws.

3. The lands classified by this order shall not become subject to application under the Small Tract Act of June 1, 1938 (52 Stat. 609; 43 U. S. C. 682a), as amended, until it is so provided by an order to be issued by an authorized officer, opening the lands to application or bid with preference right to veterans of World War II and of the Korean conflict and other qualified persons entitled to preference under the act of September 27, 1944 (58 Stat. 497; 43 U. S. C. 279–284), as amended.

4. All valid applications filed prior to the date of the signing of this order will be granted, as soon as possible, the preference right provided for by 43 CFR 257.5 (a).

ROGER R. ROBINSON,
Operations Supervisor.

ARIZONA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

JULY 20, 1956.

The U. S. Forest Service has filed an application, Serial No. AR-011394, for the withdrawal of the lands described below, from all forms of appropriation including the mining and mineral leasing laws. The applicant desires the land for furtherance of a use authorized by the Forest Service, which is to protect landing approach ways to the Flagstaff Municipal Airport.

For a period of 30 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, 233-A Main Post Office Building, Phoenix, Arizona.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

GILA AND SALT RIVER MERIDIAN

T. 20 N., R. 7 E.,
Sec. 4: NW¼NE¼, NW¼SW¼NE¼;
Sec. 8: SE¼SW¼NW¼, NW¼SW¼, N½NE¼SW¼, SW¼NE¼SW¼, N½SW¼SW¼;
Sec. 9: S½SW¼NE¼, NW¼SE¼, W½NE¼SE¼; N½SW¼SE¼, NW¼SE¼SE¼, NE¼SW¼.
T. 21 N., R. 7 E.,
Sec. 33: S½SW¼SE¼.

The area described totals 320 acres in the Coconino National Forest.

E. R. TRAGITT,
State Lands and Minerals Staff Officer.

[F. R. Doc. 56-6013; Filed, July 25, 1956; 8:48 a. m.]

[Document No. 134]

ARIZONA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

JULY 20, 1956.

The U. S. Forest Service has filed an application, Serial No. AR-011772, for the withdrawal of the lands described below, from all forms of appropriation including the mining and mineral leasing laws. The applicant desires the land for an administrative site.

For a period of 30 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, 233-A Main Post Office Building, Phoenix, Arizona.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

GILA AND SALT RIVER MERIDIAN

Clifton Administrative Site:
T. 3 S., R. 29 E.,
Sec. 16: SE¼SW¼.

The area described totals 40 acres in the Gila National Forest.

E. R. TRAGITT,
State Lands and Minerals Staff Officer.

GROUP 299, ARIZONA

NOTICE OF FILING OF PLATS OF SURVEY AND ORDER PROVIDING FOR OPENING OF PUBLIC LANDS

JULY 19, 1956.

Notice is given that the plats of survey accepted January 30, 1956 of T. 5 S., R. 28 E., T. 6 S., R. 27 E., T. 6 S., R. 28 E., and T. 6 S., R. 29 E., G. & S. R. B. & M., Arizona, including lands hereinafter described, will be officially filed in the Land Office at Phoenix, Arizona, effective at 10:00 a. m. on the 35th day after the date of this notice;

GILA AND SALT RIVER MERIDIAN, ARIZONA

T. 5 S., R. 28 E.,
All Sec. 16;
T. 6 S., R. 27 E.,
N½, SE¼, Sec. 16;
T. 6 S., R. 28 E.,
All Sec. 16;
Lots 1, 2, 3, 4, E½W½, E½ (All), Sec. 29;
Lots 1, 2, 3, 4, W½E½ (E½), NW¼, Sec. 32;
Lots 1, 2, 3, 4, W½W½ (W½), NE¼, Sec. 36;
T. 6 S., R. 29 E.,
Lots 1, 2, 3, 4, S½N½, S½ (All), Sec. 2;
Lots 1, 2, 3, 4, S½N½, S½ (All), Sec. 3;
All Sec. 16.

Within the above-described areas are 1,892.28 acres of public lands.

Available data indicates the land in Sec. 16, T. 5 S., R. 28 E. is rough and mountainous, and the soil is gravelly and rocky. The land in the N½, and SE¼, Sec. 16, T. 6 S., R. 27 E., is mountainous and the soil is gravelly and stony. The land in Secs. 16, 29, 32 and 36, T. 6 S., R. 28 E. is rolling, and the soil is sandy, gravelly and rocky. The land in Secs. 2 and 3, T. 6 S., R. 29 E. is nearly level, and the soil is gravelly and rocky, and the land in Sec. 16, T. 6 S., R. 29 E., is gently rolling, and the soil is gravelly and rocky.

Subject to valid, existing rights, the State's title attached to the following lands upon the acceptance of the plats of survey: NW¼, N½SW¼, SW¼SW¼, and the NW¼SE¼, Sec. 16, T. 5 S., R. 28 E., N½, N½SE¼, SW¼SE¼, Sec. 16, T. 6 S., R. 27 E., NW¼NW¼, Sec. 16, N½NE¼, SE¼NE¼, Sec. 36, T. 6 S., R. 28 E., Lots 1, 2, 3, 4, S½N½, SW¼, N½SE¼, SE¼SE¼, Sec. 2, and E½ NE¼, Sec. 16, T. 6 S., R. 29 E.

On June 22, 1956 the Director conformed Power Site Reserve No. 757 to the plat of survey, and the lands embraced therein are now described as E½, NE¼NW¼, S½NW¼, SW¼, Sec. 16, All Sec. 29, N½, and SE¼, Sec. 32, T. 6 S., R. 28 E. On July 6, 1956 the Director conformed the portion of Power Site Reserve No. 83 and Power Site Designation No. 4, that affects Sections 29 and 32, to the plat of survey, and the lands embraced therein are now described as Lots 1, 2, 3, 4, NE¼, E½W½, Sec. 29, and W½NW¼, Sec. 32, T. 6 S., R. 28 E.

No applications for the remainder of these lands, namely, the NE¼, NE¼ SE¼, SE¼SW¼, and S½SE¼, Sec. 16, T. 5 S., R. 28 E., SE¼SE¼, Sec. 16, T. 6 S., R. 27 E., SW¼NE¼, W½W½, and Lots 1, 2, 3, 4, Sec. 36, T. 6 S., R. 28 E., SW¼SE¼, Sec. 2, Lots 1, 2, 3, 4, S½N½, S½ (All), Sec. 3, and W½NE¼, NW¼, and S½, Sec. 16, T. 6 S., R. 29 E., may be allowed under the homestead, small tract, desert land, or any other nonmineral public land laws, unless the land has already been classified as valuable or suitable for such type of application or shall be so classified upon consideration of an application. Any application that is filed will be considered on its merits. The lands will not be subject to occupancy or disposition until they have been classified. At the hour and date specified above the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(1) Applications by persons having prior existing valid settlement rights, preference rights conferred by existing laws, or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

(2) All valid applications under the Homestead, Desert Land, and Small Tract Laws by qualified veterans of World War II or of the Korean Conflict, and by others entitled to preference rights under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284 as amended), presented prior to 10:00 a. m., on August 24, 1956 will be considered as simultaneously filed at that hour. Rights under such preference right applications filed after that hour and before 10:00 a. m., on November 23, 1956, will be governed by the time of filing.

All valid applications and selections under the non-mineral public-land laws, other than those coming under paragraphs (1) and (2) above, presented prior to 10:00 a. m. on November 23, 1956, will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after that hour will be governed by the time of filing.

Persons claiming veterans' preference rights must enclose with their applications proper evidence of military or naval service, preferably a complete photostatic copy of the certificate of honorable discharge. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enclose properly corroborated statements in support of their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

Inquiries concerning the lands shall be addressed to the Manager, Land Office, Bureau of Land Management, Phoenix, Arizona.

THOS. F. BRITT,
Manager.

OREGON

ORDER PROVIDING FOR THE OPENING OF PUBLIC LANDS RESTORED FROM HELLS CANYON RECLAMATION PROJECT

JULY 18, 1956.

1. An order of the Bureau of Reclamation dated September 12, 1952, concurred in by the Acting Director, Bureau of Land Management, April 2, 1956, revoked Departmental Order of April 12, 1951, so far as it withdrew under the provisions of the Reclamation Act of June 17, 1902 (32 Stat. 388), the following described land in connection with the Hells Canyon Project, Oregon, and provided that such revocation should not affect the withdrawal of any other lands by said order or affect any order withdrawing or reserving the lands described as follows:

WILLAMETTE MERIDIAN, OREGON

T. 12 S., R. 45 E.,
Sec. 14: E½NE¼NW¼, N½NW¼NE¼, N½SW½NW¼NE¼, SW¼SW¼NW¼NE¼, NW¼SE¼SW¼NW¼NE¼, N½NW¼SE¼NW¼NE¼, N½SW¼NW¼SE¼NW¼NE¼.

49.6875 acres.

2. The land is situated on the breaks of the Snake River Canyon immediately above the 2,100 foot contour line, approximately 3½ miles from Home, Oregon. The terrain is rough and mountainous, with a shallow rocky soil, supporting a stand of sagebrush and native grasses. No part of the land is suited for any agricultural use.

3. No application for the lands may be allowed under the homestead, desert land, small tract, or any nonmineral public land law unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon consideration of an application. Any application that is filed will be considered on its merits. The lands shall not be subject to occupancy or disposition until they have been classified.

4. Subject to any valid existing rights and the requirements of applicable law, the lands described in paragraph 1, hereof, are hereby opened to filing of applications, selections, and locations in accordance with the following:

a. Applications and selections under the nonmineral public land laws and applications and offers under the mineral leasing laws may be presented to the Manager mentioned below, beginning on the date of this order. Such applications, selections, and offers will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

(1) Applications by persons having prior existing valid settlement rights, preference rights conferred by existing laws, or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

(2) All valid applications under the Homestead, Desert Land, and Small Tract Laws by qualified veterans of World War II or of the Korean Conflict, and by others entitled to preference rights under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284 as amended) presented prior to 10:00 a. m., on August 23, 1956, will be considered as simultaneously filed at that hour. Rights under such preference right applications filed after that hour and before 10:00 a. m., on November 23, 1956, will be governed by the time of filing.

(3) All valid applications and selections under the nonmineral public land laws, other than those coming under paragraphs (1) and (2) above, and applications and offers under the mineral leasing laws, presented prior to 10:00 a. m., on November 23, 1956, will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after that hour will be governed by the time of filing.

b. The lands will be open to location under the United States mining laws beginning 10:00 a. m., November 23, 1956.

Persons claiming veteran's preference rights under paragraph a (2) above must enclose with their applications proper evidence of military or naval service, preferably a complete photostatic copy of the certificate of honorable discharge. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enclose properly corroborated statements in support of their applications, setting forth all facts relevant to their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

Inquiries concerning these lands and applications for them shall be addressed to the Manager, Land Office, Bureau of Land Management, P. O. Box 3861, 1001 Northeast Lloyd Boulevard, Portland 8, Oregon.

VIRGIL T. HEATH,
State Supervisor.

OREGON

NOTICE OF DESIGNATION, AMENDMENT

Effective July 15, 1956, paragraph 1 of the FEDERAL REGISTER Document No. 56-5244 appearing on page 4934 of Volume 21, Number 128, published July 3, 1956, is hereby amended to read:

1. Under authority conferred by Director's Order No. 615, June 12, 1956, and Amendment No. 1, July 2, 1956, the Acting Area Administrator and the Area Administrative Officer are authorized to enter into contracts for construction, supplies (including the rental of equipment) or services, irrespective of amount,[1] and leases of space in real estate.

JAMES F. DOYLE,
Area Administrator, Area I, Bureau of Land Management.

[F. R. Doc. 56-6009; Filed, July 25, 1956; 8:47 a. m.]

GROUP 297, ARIZONA

NOTICE OF FILING OF PLATS OF SURVEY AND ORDER PROVIDING FOR OPENING OF PUBLIC LANDS

JULY 19, 1956.

Notice is given that the plats of survey accepted December 23, 1955 of T. 4 S., R. 21 E., and T. 4 S., R. 22 E., G. & S. R. B. & M., Arizona, including lands hereinafter described, will be officially filed in the Land Office at Phoenix, Arizona, effective at 10:00 a. m. on the 35th day after the date of this notice:

[1] Where the amount involved is in excess of $10,000, five working days advance notice to the Office of the Secretary is required in accordance with the Secretary's memorandum of March 2, 1954, and October 17, 1955.

GILA AND SALT RIVER MERIDIAN, ARIZONA

T. 4 S., R. 21 E.,
All Sec. 32;
All Sec. 36.
T. 4 S., R. 22 E.,
Lots 1, 2, 3, 4, S½N½, S½ (All), Sec. 1;
Lots 1, 2, 3, 4, (E½E½), Sec. 2;
Lots 1, 2, 3, 4, Sec. 29;
Lots 1, 2, 3, 4, 5, SE¼SW¼, Sec. 30;
Lots 1, 2, 3, 4, E½W½, E½ (All), Sec. 31;
All Sec. 32.

Within the above-described areas are 1,413.20 acres of public lands.

Available data indicates the land in Secs. 32 and 36, T. 4 S., R. 21 E. consists of rolling ridges, and the soil is sandy and rocky clay. The land in Secs. 1 and 2 is made up of rolling hills, and the land in Secs. 29, 30, 31 and 32 is low and rolling. The soil in all of these sections in T. 4 S., R. 22 E. is sandy and gravelly clay.

Subject to valid, existing rights, the State's title attached to the following lands upon the acceptance of the plats of survey: All Secs. 32 and 36, T. 4 S., R. 21 E., Lots 1, 2, 3, Sec. 2, and All Sec. 32 except 56 acres in the N½N½, T. 4 S., R. 22 E.

June 25, 1956 the Director conformed so much of Water Power Designation No. 4 as affects lands in Secs. 1 and 2 to the plat of survey and describes land as follows: S½S½, Sec. 1, and Lot 4, Sec. 2, T. 4 S., R. 22 E.

No applications for the remainder of these lands, namely, the Lots 1, 2, 3, 4, S½N½, N½S½, Sec. 1, Lots 1, 2, 3, 4, Sec. 29, Lots 1, 2, 3, 4, 5, SE¼SW¼, Sec. 30, Lots 1, 2, 3, 4, E½W½, E½ (All), Sec. 31, and 56 acres in the N½N½, Sec. 32, T. 4 S., R. 22 E., may be allowed under the homestead, small tract, desert land, or any other nonmineral public land laws, unless the land has already been classified as valuable or suitable for such type of application or shall be so classified upon consideration of an application. Any application that is filed will be considered on its merits. The lands will not be subject to occupancy or disposition until they have been classified. At the hour and date specified above the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(1) Applications by persons having prior existing valid settlement rights, preference rights conferred by existing laws, or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

(2) All valid applications under the Homestead, Desert Land, and Small Tract Laws by qualified veterans of World War II or of the Korean Conflict, and by others entitled to preference rights under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284 as amended), presented prior to 10:00 a. m. on August 24, 1956 will be considered as simultaneously filed at that hour. Rights under such preference right applications filed after that hour and before 10:00 a. m., on November 23, 1956, will be governed by the time of filing.

All valid applications and selections under the nonmineral public land laws, other than those coming under paragraphs (1) and (2), above, presented prior to 10:00 a. m., on November 23, 1956, will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after that hour will be governed by the time of filing.

Persons claiming veterans' preference rights must enclose with their applications proper evidence of military or naval service, preferably a complete photostatic copy of the certificate of honorable discharge. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enclose properly corroborated statements in support of their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

Inquiries concerning the lands shall be addressed to the Manager, Land Office, Bureau of Land Management, Phoenix, Arizona.

THOS. F. BRITT,
Manager.

DEPARTMENT OF AGRICULTURE

Commodity Stabilization Service

ENTRY OF SUGAR OR LIQUID SUGAR INTO CONTINENTAL UNITED STATES

NOTICE NO. 1 OF REQUIREMENT OF CERTIFICATION, 1956

Pursuant to § 817.4 of this part (13 F. R. 127; 14 F. R. 1169, 16 F. R. 12847), notice is hereby given that the direct-consumption portion of the 1956 sugar quota for Cuba, amounting to 375,000 short tons of sugar, raw value, has been filled to the extent of 80 per centum or more. Accordingly, pursuant to § 817.4 of this part, after the close of business on July 25, 1956, and for the remainder of the calendar year 1956, Collectors of Customs shall not permit the entry into the continental United States from Cuba of any direct-consumption sugar unless and until the certification described in § 817.4 (a) is issued.

Issued this 23d day of July, 1956.

FEDERAL POWER COMMISSION

[Project No. 2209]

PUBLIC UTILITY DISTRICT NO. 1 OF WAHKIAKUM COUNTY, WASHINGTON

NOTICE OF APPLICATION FOR PRELIMINARY PERMIT

JULY 19, 1956.

Public notice is hereby given that application has been filed under the Federal Power Act (16 U. S. C. 791a–825r) by Public Utility District No. 1 of Wahkiakum County, Washington, of Cathlamet, Washington, for preliminary permit for proposed water power Project No. 2209 to be located on the Grays River, a tributary of the Columbia River, and on South Fork Grays River and Blaney Creek, in the Counties of Wahkiakum and Pacific, State of Washington. The proposed project would consist of an earth or rock fill dam approximately 100 feet high in Section 19, T. 11 N., R. 6 W., W. M. and two small diversion dams on lower tributaries, (1) in Section 29, T. 11 N., R. 6 W., W. M. (2) in Section 5, T. 10 N., R. 11 W., W. M.; creating approximately 19,000 acre feet of seasonal storage; a conduit about 4 miles long; a forebay; penstocks; a powerhouse with installed capacity of about 20,000 horsepower or 15,000 kilowatts operating under an estimated gross head of about 400 feet; a diversion dam on South Fork Grays River with a conduit to the main canal; a diversion dam on Blaney Creek with a conduit to the main canal; and other appurtenant facilities. The power to be developed would be used by the applicant to serve its present and future customers. The preliminary permit, if issued, shall be for the sole purpose of maintaining priority of application for a license under the terms of the Federal Power Act for the proposed project.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure of the Commission (18 CFR 1.8 or 1.10). The last day upon which protests or petitions may be filed is September 6, 1956. The application is on file with the Commission for public inspection.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[F. R. Doc. 56-6016; Filed, July 25, 1956; 8:48 a. m.]

[Project No. 2204]

CITY AND COUNTY OF DENVER

NOTICE OF APPLICATION FOR LICENSE

JULY 19, 1956.

Public notice is hereby given that application has been filed under the Federal Power Act (16 U. S. C. 791a–825r) by the City and County of Denver, Colorado, for license for proposed water power Project No. 2204 to be located on the Williams River (also known as the Williams Fork River), a tributary of the Colorado River, in the region of the villages of Hot Sulphur Springs and Parshall in the County of Grand, State of Colorado, affecting lands of the United States. The proposed project would consist of a concrete dam (an enlargement of an existing dam), having a gated spillway on the left bank and creating a reservoir with capacity of 93,637 acre-feet at maximum water surface elevation 7,811 feet; a powerhouse at the downstream toe of the dam containing a single turbine rated at 4,250 horsepower and connected to a 3000-kilowatt generator; a transformer; a transmission line about 2 miles long connecting the powerhouse to the United States Government's 69-kilovolt transmission line near Parshall, Colorado; and appurtenant facilities.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure of the Commission (18 CFR 1.8 or 1.10). The last day upon which protests or petitions may be filed is September 6, 1956. The application is on file with the Commission for public inspection.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[Docket No. G-10751]

TEXAS GAS TRANSMISSION CORP.

ORDER SUSPENDING PROPOSED REVISED TARIFF SHEETS AND PROVIDING FOR HEARING

Texas Gas Transmission Corporation (Texas Gas) on June 15, 1956, submitted for filing revised sheets [1] to the Second Revised Volume No. 1 of its FPC Gas Tariff, proposing an increase in rates and charges of $8,161,000, or 12.2 percent a year more than the rates currently in effect subject to certain contingent refunds (see order issued November 16, 1955, Docket No. G-2017). Texas Gas requests an effective date of August 1, 1956.

The proposed increase in rates and charges is principally based on claimed increases in cost of gas purchased from independent producers, and which may not occur before January 1, 1957, and a claimed rate of return of 6½ percent as compared with the presently authorized return of 6 percent.

Protests to and requests for suspension of the proposed rate increase have been filed to date by ten customers of Texas Gas.

Texas Gas has not fully supported its proposed increase in several respects, including, but not limited to, purchased gas costs, rate of return, estimated sales volumes, working capital requirements, Federal income taxes and allocation of costs.

The increased rates and charges provided for in the revised tariff sheets tendered for filing by Texas Gas on June 15, 1956, have not been shown to be justified and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest, and to aid in the enforcement of the provisions of the Natural Gas Act, that the Commission enter upon a hearing concerning the lawfulness of the proposed change in rates and charges and that the above-designated revised tariff sheets be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 4, 5, 15, and 16 of the Natural Gas Act and the Commission's general rules and regulations, including rules of practice and procedure (18 CFR, Chapter 1), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed change in rates and charges.

(B) Pending such hearing and decision thereon, the proposed revised sheets to the Second Revised Volume No. 1 of the FPC Gas Tariff of Texas Gas, as heretofore enumerated, be and hereby are suspended and the use thereof deferred until January 1, 1957, and until such further time thereafter as they may be made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the schedules hereby suspended, nor those sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

By the Commission.[2]

Issued: July 18, 1956.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[F. R. Doc. 56-6019; Filed, July 25, 1956; 8:49 a. m.]

[1] First Revised Sheets Nos. 7, 9, 13, 15, 19, 21, 25, 27 and 71; Second Revised Sheets Nos. 5, 11, 29, 33, 53, 55, 61, 63 and 70; Third Revised Sheets Nos. 17, 23, 31, 35, 37, 41, 57, 59, 65, 67, 69, 73, 74, 77 and 78; and Fourth Revised Sheets Nos. 39 and 43. Texas Gas also filed a revised Table of Contents and Index of Purchasers. Withdrawal of Second Revised Sheets Nos. 45 and 47 and Third Revised Sheets Nos. 49 and 51, included among the revised sheets submitted for filing herein on June 15, 1956, but which are not subject to suspension under section 4 of the act because they pertain to the sale of gas for industrial use only has been requested by letter filed July 12, 1956.

[Project 3-DC-03]

FEDERAL OFFICE BUILDINGS

PROSPECTUS FOR PROPOSED BUILDINGS IN SOUTHWEST REDEVELOPMENT AREA OF DISTRICT OF COLUMBIA

EDITORIAL NOTE: This prospectus of proposed Project Number 3-DC-03 is published pursuant to section 412 (f) of the Public Buildings Purchase Contract Act of 1954 as amended by Public Law 150, 84th Congress, which requires publication in the FEDERAL REGISTER, for a period of ten consecutive days from date of submission to the Committees on Public Works of the Senate and House of Representatives.

[Project Number 3-DC-03 (Revised)]

JUNE 29, 1956.

FORMAL PROSPECTUS FOR PROPOSED BUILDING UNDER TITLE I, PUBLIC LAW 519, 83D CONGRESS, 2D SESSION

FEDERAL OFFICE BUILDING NO. 8, WASHINGTON, D. C.

1. *Brief description of proposed building.* The project contemplates the erection of a Federal Office Building on a site to be acquired. The building will be multi-storied and will provide approximately 263,000 square feet of net assignable space.

2. *Estimated maximum cost and financing.* a. Maximum cost of site and building, $12,190,000.

b. Proposed contract term, 25 years.

c. Maximum rate of interest on purchase contract, 4 percent.

3. *Certificates of need.* There is attached certificate of need signed by the head of the agency which will use the facility. Certification is hereby made as to the need for service space. Upon completion of the facility, assignment and reassignment of space will be made in accordance with existing law.

4. *Non-availability of existing space.* Suitable space owned by the Government is not available and suitable rental space is not available at a price commensurate with that to be afforded through the contract proposed.

5. *Estimated annual managerial, custodial, heat, and utility costs.* (Services to be supplied by Government), $276,100.

6. *Estimated annual tax liability, upkeep and maintenance.* a. Taxes, post construction (contract period), $141,000.

b. Upkeep and maintenance (to be provided by Government), $39,400.

7. *Current housing costs.* Housing costs currently paid by the Government for agencies to be housed in the building to be erected, $208,077.

Determination of need. It has been determined that (1) the needs for space for the permanent activities of the Federal Government in this particular area cannot be satisfied by utilization of any existing suitable property now owned by the Government, and (2) the best interests of the United States will be served by taking action hereunder.

Submitted at Washington, D. C., on July 6, 1956.

Recommended:

F. MORAN MCCONIHE,
Commissioner of Public Buildings Service.

Approved:

FRANKLIN G. FLOETE,
Administrator of General Services.

8. *Statement of Director, Bureau of the Budget.* Reflected in letter (copy attached).

CERTIFICATE OF NEED

PROPOSED FEDERAL OFFICE (FOOD AND DRUG ADMINISTRATION) BUILDING, WASHINGTON, D. C.

Project No. 3-DC-03.

I, the undersigned, the Secretary of Health, Education, and Welfare, in pursuance of the provisions of the Public Buildings Purchase Contract Act of 1954 (Public Law 519, 83d Congress) certify that there is a permanent need in this project for approximately 200,000 square feet of net agency space to accommodate the operations of the Food and Drug Administration.

M. B. FOLSOM,
Secretary of Health, Education, and Welfare.

Certified at Washington, D. C. April 12, 1956.

WASHINGTON 25, D. C.

JULY 13, 1956.

Project #3-DC-03 (Revised June 29, 1956)
Federal Office Building No. 8,
Southwest Washington Area,
Washington, D. C.

MY DEAR MR. FLOETE: Pursuant to section 411 (a) (8) of the Public Buildings Purchase Contract Act of 1954 (Public Law 519), the proposal for a Federal Office Building, received July 9, 1956, has been examined and in my opinion "is necessary and in conformity with the policy of the President." This approval is given with the following understanding:

1. That the stated project cost of $12,190,000 (including cost of a site to be acquired at an estimated cost of $75,000) is a maximum figure.

2. That the site located in the Southwest Washington Area will be developed to its maximum space utilization and that any space in excess of the needs of the Food and Drug Administration at the time the building is completed will be allocated to agencies then housed in temporary buildings. When the allocation of agencies is determined, temporary space of equivalent occupancy will be demolished.

3. That every effort will be made to design and construct space conducive to maximum efficient utilization and to take advantage of any revision of cost downward which may be found possible as the plans develop and negotiations are advanced.

You appreciate, of course, that this project will receive a more detailed review as to cost and space utilization.

Sincerely yours,

PERCIVAL F. BRUNDAGE,
Director.

Hon. FRANKLIN G. FLOETE,
Administrator,
General Services Administration,
Washington 25, D. C.

[Project 3-DC-07]

FEDERAL OFFICE BUILDINGS

PROSPECTUS FOR PROPOSED BUILDINGS IN SOUTHWEST REDEVELOPMENT AREA OF DISTRICT OF COLUMBIA.

EDITORIAL NOTE: This prospectus of proposed Project Number 3-DC-07 is published pursuant to section 412 (f) of the Public Buildings Purchase Contract Act of 1954 as amended by Public Law 150, 84th Congress, which requires publication in the FEDERAL REGISTER, for a period of ten consecutive days from date of submission to the Committees on Public Works of the Senate and House of Representatives.

[Project No. 3-DC-07]

FORMAL PROSPECTUS FOR PROPOSED BUILDING UNDER TITLE I PUBLIC LAW 519, 83D CONGRESS, 2D SESSION

FEDERAL OFFICE BUILDING NO. 10,
WASHINGTON, D. C.

1. *Brief description of proposed building.* The project contemplates the erection of a Federal Office Building on a site to be acquired in Southwest Washington. The building will be multistoried and will provide approximately 1,095,000 square feet of net assignable space.

2. *Estimated maximum cost and financing.* a. Maximum cost of the site and building, $40,900,000.

b. Proposed contract term, 25 years.

c. Maximum rate of interest on purchase contract, 4 percent.

3. *Certificates of need.* As the project is intended to provide relocation of numerous Federal agencies now in temporary buildings, no specific allocation of space can be made at this time. Upon completion of the facility, assignment and re-assignment will be made in accordance with existing law. Therefore, requirement for Certificate of Need otherwise required by section 411 (e) of the Public Buildings Purchase Contract Act of 1954 was waived in Public Law 150, 84th Congress. Certification is hereby made as to the need for service space.

4. *Nonavailability of existing space.* Suitable space owned by the Government is not available and suitable rental space is not available at a price commensurate with that to be afforded through the contract proposed.

5. *Estimated annual managerial, custodial, heat, and utility costs.* (Services to be supplied by Government), $1,095,000.

6. *Estimated annual tax liability, upkeep and maintenance.* a. Taxes, post construction (contract period), $546,000.

b. Upkeep and maintenance (to be provided by Government), $164,000.

7. *Current housing costs.* Housing costs currently paid by the Government for agencies to be housed in the building to be erected, $841,261 p. a.

Determination of need. It has been determined that (1) the needs for space for the permanent activities of the Federal Government in this particular area cannot be satisfied by utilization of any existing suitable property now owned by the Government, and (2) the best interests of the United States will be served by taking action hereunder.

JULY 18, 1956.

Project #3-DC-07,
Federal Office Building, No. 10,
(Two buildings connected by pedestrian tunnel),
Southwest Washington Area,
Washington, D. C.

MY DEAR MR. FLOETE: Pursuant to section 411 (e) (8) of the Public Buildings Purchase Contract Act of 1954 (Public Law 519), the proposal for a Federal Office Building, received July 13, 1956, has been examined and in my opinion "is necessary and in conformity with the policy of the President." This approval is given with the following understanding:

1. That the stated project cost of $40,900,000 (including cost of a site to be acquired at an estimated cost of $1,700,000 is a maximum figure.

2. That the reported annual operating cost of existing temporary buildings to be supplanted, i. e., $1.00 per square foot, represents minimum maintenance in anticipation of demolition and that temporary Government buildings actually cost more to maintain than the proposed new building.

3. That the site to be acquired in the southwest Washington area will be developed to its maximum space utilization; that the proposed building will provide relocation of numerous Federal agencies now in temporary buildings; that no specific allocation of space can be made at this time; when specific allocation of agencies in the proposed building is determined by the General Services Administration, temporary space of equivalent occupancy will be demolished.

4. That every effort will be made to design and construct space conducive to maximum efficient utilization, and to take advantage of any revision of cost downward which may be found possibly as the plans develop and negotiations are advanced.

You appreciate, of course, that this project will receive a more detailed review as to cost and space utilization.

Sincerely yours,

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-3496]

APPALACHIAN ELECTRIC POWER CO.

NOTICE OF FILING OF APPLICATION REGARDING ISSUANCE AND SALE OF NOTES TO BANKS

JULY 20, 1956.

Notice is hereby given that Appalachian Electric Power Company ("Appalachian"), a public utility subsidiary of American Gas and Electric Company ("American"), a registered holding company, has filed an application with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("act") and has designated section 6 (b) and Rule U-50 (a) (2) thereunder as applicable to the proposed transactions.

All interested persons are referred to the applicaiton on file in the office of the Commission for a statement of the transactions therein proposed, which are summarized as follows:

Appalachian has orally established a line of credit with each of the following banking institutions under which it proposes to borrow from time to time, prior to June 30, 1957, not in excess of $26,000,000:

Irving Trust Co., New York, N. Y.	$5,000,000
Mellon National Bank & Trust Co., Pittsburgh, Pa.	5,000,000
First National City Bank of New York, New York, N. Y.	5,000,000
Manufacturers Trust Co., New York, N. Y.	5,000,000
Guaranty Trust Co. of New York, New York, N. Y.	3,000,000
Bankers Trust Co., New York, N. Y.	2,200,000
The Hanover Bank, New York, N. Y.	800,000
Total	26,000,000

Of the $26,000,000 proposed to be borrowed Appalachian has, at June 30, 1956, borrowed $10,000,000 from such banks and has issued notes in evidence thereof. This amount and additional borrowings of $6,000,000 are started to be exempt from section 6 (a) of the act by the first sentence of section 6 (b) thereof.

Appalachian now requests approval for additional borrowings under the above line of credit in an amount not to exceed $10,000,000, such borrowings to be evidenced by Notes to be dated as of the date of the borrowings and to mature not more than 270 days after the date of issuance. The Notes are to bear interest from the date thereof at the then current prime rate, which is presently 3¾ percent per annum, and may be prepaid from time to time, in whole or in part, without premium.

According to the filing, Appalachian's outstanding notes payable to banks at the time of its next permanent financing will be paid off from the proceeds of such financing which is expected to occur prior to April 30, 1957.

The proceeds from the notes will be used by Appalachian to pay part of the costs of its construction program estimated to amount to $38,534,000 in 1956 and $55,444,000 in 1957.

The expenses to be incurred by Appalachian are estimated at not in excess of $200. No fees, commissions or other expenses are to be paid except that routine services incident to the proposed transactions will be performed by the service company for the American system.

Appalachian has applied to the Virginia State Corporation Commission for authority to effect the proposed transactions and states that a copy of the order entered in respect thereof will be supplied by amendment. It is represented that no other State commission or Federal agency, other than this Commission, has jurisdiction over the proposed transactions.

Notice is further given that any interested person may, not later than August 7, 1956, at 5:30 p. m., request in writing that a hearing be held in respect of the above matter, stating the nature of his interest, the reasons for the request, the issues of fact or law which he desires to controvert, or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date said application may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may grant exemption from its rules as provided in Rules U-20 (a) and U-100 or take such other action as it may deem appropriate.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[F. R. Doc. 56-6026; Filed, July 25, 1956; 8:50 a. m.]

[File No. 70-3488]

MICHIGAN WISCONSIN PIPE LINE CO. AND AMERICAN NATURAL GAS CO.

ORDER GRANTING AND PERMITTING TO BECOME EFFECTIVE APPLICATION-DECLARATION REGARDING PROPOSALS BY SUBSIDIARY OF REGISTERED HOLDING COMPANY TO ISSUE AND SELL AT COMPETITIVE BIDDING ADDITIONAL FIRST MORTGAGE BONDS, TO INCREASE ITS AUTHORIZED COMMON STOCK, AND TO ISSUE AND SELL ADDITIONAL COMMON STOCK; AND PROPOSAL BY PARENT TO ACQUIRE SUCH STOCK

JULY 20, 1956.

Michigan Wisconsin Pipe Line Company ("Michigan Wisconsin"), a nonpublic-utility company, and its parent, American Natural Gas Company ("American Natural"), a registered holding company, have filed with this Commission, pursuant to sections 6 (a), 6 (b), 7, 9, and 10 of the Public Utility Holding Company Act of 1935 ("act"), a joint application-declaration and amendments thereto regarding the following proposed transactions:

Michigan Wisconsin proposes to issue and sell, subject to the competitive bidding requirements of Rule U-50, $25,000,000 principal amount of its First Mortgage Pipe Line Bonds, __ percent Series due 1976. The interest rate (which shall be a multiple of ⅛ of 1 percent and the price to be received by the company for the bonds (which, exclusive of accrued interest, shall be not less than 100 percent nor more than 102¾ percent of the principal amount) are to be determined by competitive bidding. The bonds will be issued under and secured by the company's outstanding Mortgage and Deed of Trust, dated September 1, 1948, as heretofore supplemented, and as to be further supplemented by an Eighth Supplemental Indenture to be dated August 1, 1956.

Michigan Wisconsin also proposes, prior to or simultaneously with the issuance of the new bonds, to increase the authorized number of shares of its $100 par value common stock from 255,000 to 310,000, and to issue and sell to American Natural, and American Natural proposes to acquire, 60,000 additional shares of Michigan Wisconsin's authorized but unissued common stock for a cash consideration of $6,000,000. Prior to the purchase by American Natural of the additional shares of common stock, Michigan Wisconsin proposes to declare and pay American Natural a cash dividend of $6,000,000. The effect of this dividend declaration and contemporaneous purchase of stock is to convert $6,000,000 of retained earnings into common stock.

Michigan Wisconsin prior to June 19, 1956 had borrowed $14,000,000 evidenced by notes due July 1, 1956, under a credit agreement theretofore approved by the Commission (File No. 70-3382). By order issued June 28, 1956 (File No. 70-3483) it obtained approval of a new credit agreement under which it could borrow up to $25,000,000 on short-term bank notes, of which $14,000,000 was to be used to pay the outstanding notes due July 1, 1956. The remainder was to be applied to the payment of costs of construction, estimated at $12,500,000, of needed additional facilities to enable Michigan Wisconsin to deliver to its markets the additional gas which will become available upon completion of the new pipe line being constructed by American Louisiana Pipe Line Company, an associate company. The proceeds received from the proposed issue and sale of bonds will be used to retire the notes then outstanding under the new credit agreement and to provide the funds, to the extent not theretofore borrowed under the new credit agreement, required for such construction.

The proposed issue and sale of securities have been expressly authorized by the Michigan Public Service Commission, the State Commission of the State in which Michigan Wisconsin operates its natural gas storage business, and it is represented that no other regulatory authority except this Commission has jurisdiction over the proposed transactions.

The following estimated fees and expenses are to be incurred in connection with the proposed transactions:

	New bonds	Common stock
Federal original issue tax	$27,500	$6,000
Securities and Exchange Commission registration fee	2,625	
Fees and taxes of various States	21,000	3,200
Counsel fees:		
Sidley, Austin, Burgess & Smith	21,000	500
Local counsel—10 States	6,000	500
Accounting fee of Arthur Andersen & Co	4,000	
Trustee's fees and expenses	11,500	
Fees of gas consultants	7,500	
Printing	30,000	
Mortgage recording fees and expenses	7,000	
American Natural Gas Service Co.—services at cost	3,000	500
Miscellaneous	3,875	
Total	145,000	11,300

The fee of Brown, Wood, Fuller, Caldwell & Ivey, independent counsel for the underwriters of the bonds, is estimated at $13,500 and is to be paid by the purchasers of the bonds.

Due notice of the filing of the application-declaration having been given in the manner prescribed by Rule U-23 promulgated under the act, and no hearing thereon having been requested of or ordered by the Commission; and

It appearing that the applicable provisions of the act and the rules thereunder are satisfied, and the Commission observing no basis for adverse findings or the imposition of terms and conditions; and it further appearing that the fees and expenses to be incurred in connection with the proposed transactions are not unreasonable if they do not exceed the estimates set forth herein; and the Commission deeming it appropriate in the public interest and the interest of investors and consumers that the application-declaration be granted and permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that the application-declaration, as amended, be, and it hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions contained in Rules U-50 and U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[F. R. Doc. 56-6027; Filed, July 25, 1956; 8:50 a. m.]

[File No. 70-950 etc.]

OHIO EDISON CO.

ORDER RELEASING JURISDICTION RESERVED WITH RESPECT TO AMENDMENT OF MORTGAGE INDENTURE

JULY 20, 1956.

In the matter of Ohio Edison Company (File Nos. 70-950, 70-1036, 70-1905, 70-2334, 70-3155, 70-3367 and 70-3491).

Ohio Edison Company ("company"), a registered holding company under the Public Utility Holding Company Act of 1935 ("act"), has filed a request that the Commission release the jurisdiction heretofore reserved pursuant to Rule U-24 (c) (3) (A) promulgated under the act with respect to a proposed modification or amendment of its Indenture of Mortgage and Deed of Trust to Bankers Trust Company as Trustee, dated as of August 1, 1930, as heretofore amended and supplemented ("Indenture"). The Indenture as heretofore submitted to the Commission in connection with the Company's issuance of bonds under the Seventh to Twelfth Supplements, inclusive, provides at section 54A and 67 that

• • • commencing with the Improvement Fund payment due May 1, 1953 and thereafter for so long as any bonds of the 1974 Series or of the 1975 Series are outstanding, no moneys deposited with the Trustee for account of the Improvement Fund may be withdrawn • • • to reimburse the Company • • • for expenditures incurred in acquiring, making or constructing unfunded property additions; [but such moneys] may be withdrawn by the company in an amount equal to the principal amount of bonds issued and outstanding hereunder and currently deposited with the Trustee for cancellation • • •

In order to withdraw cash from the Improvement Fund since May 1, 1953, the Company has followed the policy of purchasing from the underwriters, at the public offering price, bonds for deposit with the Trustee, thereby incurring substantial expense which it now wishes to avoid.

The Company therefore proposes, jointly with the Trustee, to execute a Thirteenth Supplemental Indenture to be dated as of August 1, 1956, which will amend section 54A aforesaid, by adding the following sentence:

Bonds authenticated and delivered by the Trustee to or upon the order of the company under and in accordance with any provisions of the Indenture shall thereupon be deemed to be "bonds issued and outstanding hereunder" for the purposes of this section 54A and of subdivision (2) of said section 67 and may be made the basis for the withdrawal by the company from the Trustee, pursuant to the provisions of and upon compliance with the provisions of subdivision (2) of said section 67, of moneys deposited with the Trustee for the account of the Improvement Fund, whether or not such bonds shall have been theretofore issued by the company or disposed of in any manner by it.

It is recited that the Supplemental Indenture will be executed pursuant to the authority vested in the company and the Trustee under section 115 (f) of the Indenture to execute curative and clarifying amendments.

The Commission being of the opinion that the proposed Supplemental Indenture will not affect the rights of the public or of any security holder, and that the jurisdiction reserved with respect thereto should be released:

It is ordered, That the jurisdiction heretofore reserved pursuant to Rule U-24 (c) (3) (A) with respect to the modification or amendment of the Indenture proposed in the Company's Thirteenth Supplemental Indenture aforesaid be and is hereby released.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[File No. 31-633]

LINCOLN CORP.

ORDER GRANTING EXEMPTION

JULY 19, 1956.

Lincoln Corporation ("Lincoln"), a holding company having filed with this Commission an application pursuant to section 3 (a) (3) of the Public Utility Holding Company Act of 1935 ("act") for an exemption for itself as a holding company, and for each of its subsidiaries as such, from the provisions of the act on the basis that it is only incidentally a holding company, being primarily engaged or interested in one or more businesses other than the business of a public-utility company and not deriving, directly or indirectly, any material part of its income from any one or more subsidiary companies, the principal business of which is that of a public utility company; and

Due notice of the filing of the application for exemption having been given, and no hearing thereon having been requested of or ordered by the Commission; and

The Commission having examined the full record in respect of the application; and it appearing that the applicable standards of section 3 (a) (3) of the act are satisfied, and the Commission not finding that the granting of the exemption will be detrimental to the public interest or the interest of investors or consumers;

It is ordered, That Lincoln and its subsidiaries be, and they hereby are, exempted from the provisions of the act applicable to them as a holding company and as subsidiary companies thereof.

It is further ordered, That this order shall become effective upon its issuance.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

DEPARTMENT OF JUSTICE

Office of Alien Property

FRIEDRICH AND ALFRED HOLY

NOTICE OF INTENTION TO RETURN VESTED PROPERTY

Pursuant to section 32 (f) of the Trading With the Enemy Act, as amended, notice is hereby given of intention to return, on or after 30 days from the date of publication hereof, the following property located in Washington, D. C., including all royalties accrued thereunder and all damages and profits recoverable for past infringement thereof, after adequate provision for taxes and conservatory expenses:

Claimant, Claim No., and Property

Friedrich Holy, Hagelingasse 1, Vienna XIV, Austria and Alfred Holy, 100A Burggasse, Vienna VII, Austria; Claim No. 12361; to each claimant, one-half (½) of the following:

$46.50 in the Treasury of the United States; and

All right, title, interest and claim of whatsoever kind or nature in and to every copyright, claim of copyright, license, agreement, privilege and power, and every right of whatsoever nature, including, but not limited to all monies and amounts by way of royalties, share of profits, or other emolument, and all causes of action accrued or to accrue relating to the compositions entitled "An Evening at Home," "Invocation" and "24 Easy Studies for the Harp," by Alfred Holy, as listed in Exhibit A of Vesting Order No. 1758, effective June 1, 1943, to the extent owned by Alfred Holy, immediately prior to the vesting thereof by Vesting Order No. 1758.

Executed at Washington, D. C., on July 19, 1956.

For the Attorney General.

[SEAL] PAUL V. MYRON,
Deputy Director,
Office of Alien Property.

TITLE 7—AGRICULTURE

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

PART 918—MILK IN MEMPHIS, TENNESSEE, MARKETING AREA

ORDER AMENDING ORDER AS AMENDED

§ 918.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and each of the previously issued amendments thereto, and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act") (7 U. S. C. 601 et seq.), and the rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900) a public hearing was held upon certain proposed amendments to the tentative agreement and to the order, as amended, regulating the handling of milk in the Memphis, Tennessee marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions of said order, as amended, and as hereby further amended, will tend to effectuate the declared policy of the act;

(2) The parity price of milk produced for sale in the said marketing area as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for such milk, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

(b) *Additional findings.* It is necessary in the public interest to make this order amending the order, as amended, effective not later than August 1, 1956. Any delay beyond that date in the effective date of this order would tend to disrupt the orderly marketing of milk in the aforesaid marketing area and would defeat the purpose of the amendment. The amendment action of this order amending the order is known to handlers. The public hearing was held on February 29–March 1, 1956 and the recommended decision was issued June 26, 1956 (21 F. R. 4826). The final decision was issued by the Assistant Secretary on July 13, 1956 (21 F. R. 5419). Reasonable time under the circumstances has been afforded persons affected to prepare for its effective date. In view of the foregoing, it is hereby found and determined that good cause exists for not delaying the effective date of this order for 30 days after its publication in the FEDERAL REGISTER (Section 4 (c); Administrative Procedure Act, 5 U. S. C. 1001 et seq.).

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing or shipping milk covered by this order, amending the order, as amended, which is marketed within the Memphis, Tennessee marketing area) of more than 50 percent of the milk which is marketed within said marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area, and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order, amending the order, as amended, is the only practical means pursuant to the declared policy of the act, of advancing the interests of producers of milk which

is produced for sale in the marketing area; and

(3) The issuance of this order amending the order, as amended, is approved or favored by at least two-thirds of the producers who, participated in a referendum thereon, and who during the determined representative period (May, 1956), were engaged in the production of milk for sale in the said marketing area.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof the handling of milk in the Memphis, Tennessee, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, as follows:

1. Amend § 918.11 (b) to read as follows:

(b) Diverted from a fluid milk plant to a non-fluid milk plant, except a milk plant fully subject to the provisions of another order issued pursuant to the act, for the account of the handler; *Provided*, That milk so diverted shall be deemed to have been received by the diverting handler at the location of the plant from which it was diverted.

2. Amend § 918.13 (b) to read as follows:

(b) Products from any source (including those produced by the handler) designated as Class II milk pursuant to § 918.41 (b) (1) or (3) which are reprocessed or converted to another product during the month.

3. Amend § 918.41 to read as follows:

§ 918.41 *Classes of utilization.* Subject to the conditions set forth in §§ 918.43 and 918.44, the class of utilization shall be as follows:

(a) Class I milk shall be all skim milk (including concentrated and reconstituted skim milk) and butterfat (1) disposed of in the form of milk, skim milk, buttermilk, milk drinks (plain or flavored), cream (including sour cream) and any mixture in fluid form of skim milk and cream (except eggnog, ice cream mix, and milk or skim milk disposed of and used for livestock feed); and (2) not accounted for as Class II milk.

(b) Class II milk shall be all skim milk and butterfat (1) used to produce any product other than those designated as Class I milk pursuant to paragraph (a) of this section; (2) disposed of and used for livestock feed; (3) in cream frozen and stored; (4) contained in inventory of milk and milk products on hand at the end of the month (other than frozen cream) designated as Class I milk pursuant to paragraph (a) of this section; and (5) in shrinkage assigned to Class II milk pursuant to § 918.42 in (i) producer milk and (ii) other source milk.

4. Amend § 918.42 to read as follows:

§ 918.42 *Shrinkage.* The market administrator shall determine the assignment of shrinkage to Class II milk as follows:

(a) Determine the total shrinkage of skim milk and butterfat, respectively, in the fluid milk plant(s) of each handler;

(b) Multiply the pounds of skim milk and butterfat, respectively, in producer milk (except milk diverted pursuant to § 918.11) and in other source milk by 0.02; and

(c) The lesser of the pounds of skim milk and butterfat respectively, determined pursuant to paragraphs (a) or (b) of this section shall be classified as Class II milk and assigned pro rata to producer milk (except milk diverted pursuant to § 918.11) and other source milk.

5. Delete § 918.43 (b).

6. Amend § 918.45 to read as follows:

§ 918.45 *Computation of the skim milk and butterfat in each class.* For each month, the market administrator shall correct for mathematical and for other obvious errors the reports of receipts and utilization for the fluid milk plants of each handler and shall compute the pounds of butterfat and skim milk in Class I milk and Class II milk for such handler: *Provided*, That if any of the water contained in the milk from which a product is made is removed before the product is utilized or disposed of by a handler, the pounds of skim milk disposed of in such product shall be considered to be an amount equivalent to the nonfat milk solids contained in such product, plus all of the water originally associated with such solids, except that when nonfat milk solids are added to producer milk in an amount, as shown by solids tests of individual batches, which does not increase the total solids-nonfat content of such milk beyond 8.5 percent by weight, the volume of water originally associated with such nonfat milk solids shall not be considered in determining the pounds of skim milk disposed of in such product.

7. In § 918.46 (a) (1) change "§ 918.42 (b)" to read "§ 918.42 (c)".

8. Amend § 918.46 (a) (3) to read as follows (such amendment to be effective one month following the effective date of the amendment provided herein with respect to § 918.41):

(3) Subtract from the remaining pounds of skim milk in Class II milk the pounds of skim milk contained in inventory (as specified in § 918.41 (b) (4)) on hand at the beginning of the month: *Provided*, That if the pounds of such skim milk in inventory are greater than the remaining pounds of skim milk in Class II milk, an amount equal to the difference shall be subtracted from the pounds of skim milk in Class I milk;

9. Delete the following from the list of plants or places appearing in § 918.50 (a):

Carnation Co., Chilton, Wis.
Carnation Co., Berlin, Wis.

10. Amend § 918.51 to read as follows:

§ 918.51 *Class prices.* Subject to the provisions of §§ 918.52 and 918.53, the minimum prices per hundredweight to be paid by each handler for milk received at his fluid milk plant from producers during the month shall be as follows:

(a) *Class I milk.* The price per hundredweight for Class I milk for the month shall be the basic formula price for the preceding month, subject to the adjustments provided in subparagraphs (1) and (2) of this paragraph:

(1) Add $1.28 for the months of March through July, and $1.68 for all other months;

(2) Add if the net utilization percentage calculated pursuant to subparagraph (3) of this paragraph is less than, or subtract if it is more than the base utilization range, an amount determined by multiplying such net utilization percentage by the appropriate rate as follows:

Pricing months:	Rate (cents)
January-March	3
April-June	1
July-August	3
September-December	4

(3) The figure calculated for each month as follows shall be known as the net utilization percentage: Divide the net pounds of Class I milk disposed of from fluid milk plants for the second and third preceding months into the volume of producer milk for the same months, multiply by 100, round to the nearest whole percentage number and determine the amount by which such number exceeds the higher figure or is less than the lower figure of the appropriate base utilization range in the following table:

Pricing month	Second and third preceding month	Base utilization range
January	October-November	108–113
February	November-December	109–114
March	December-January	114–118
April	January-February	117–122
May	February-March	119–124
June	March-April	124–129
July	April-May	130–135
August	May-June	130–135
September	June-July	127–132
October	July-August	125–130
November	August-September	118–123
December	September-October	111–116

(b) *Class II milk.* The average of the basic or field prices reported to have been paid or to be paid for ungraded milk of 4.0 percent butterfat content received from farmers during the month at the following plants or places for which prices have been reported to the market administrator or to the Department of Agriculture:

Present Operator and Location

Borden Co., Starkville, Miss.
Carnation Co., Tupelo, Miss.
Pet Milk Co., Mayfield, Ky.
Pet Milk Co., Kosciusko, Miss.
Kraft Foods Co., Corinth, Miss.
Armour Creameries, New Albany, Miss.

to which 15 cents shall be added for each of the months of September, October, and November.

11. Delete from the table of distances and rates appearing in § 918.53 the following:

From miles column	*From cents column*
40 but less than 50	17

12. Delete § 918.70 (e) and (f) and substitute therefor the following: (such amendment to be effective one month after the effective date of the amendment provided herein with respect to § 918.41):

(e) Add an amount computed by multiplying by the difference between the appropriate Class II milk price for the preceding month and the appropriate Class I price for the current month the lesser of:

(i) The hundredweight of skim milk and butterfat subtracted from Class I milk pursuant to § 918.46 (a) (3) and the corresponding step of (b); or

(ii) The hundredweight of skim milk and butterfat remaining in Class II milk for the preceding month after the calculation pursuant to § 918.46 (a) (4) and the corresponding step of (b).

13. Amend § 918.61 (a) to read as follows:

(a) Any plant qualified pursuant to § 918.7 (a) which would be subject to the classification and pricing provisions of another order unless a greater volume of Class I milk was disposed of from such plant during the six-month period immediately preceding to retail or wholesale outlets (except fluid milk plants) in the Memphis, Tennessee, marketing area than in the marketing area regulated pursuant to such other order.

14. Delete from the table of distances and rates appearing in § 918.93 the following:

From miles column	*From cents column*
40 but less than 50	17

Issued at Washington, D. C., this 24th day of July to be effective on and after August 1, 1956.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

[SEAL] EARL L. BUTZ,
Assistant Secretary.

[F. R. Doc. 56-6085; Filed, July 26, 1956; 8:54 a. m.]

PART 1003—DOMESTIC DATES PRODUCED OR PACKED IN LOS ANGELES AND RIVERSIDE COUNTIES, CALIFORNIA.

ESTABLISHMENT OF ADDITIONAL GRADE REGULATIONS

In accordance with § 1003.40 of Marketing Agreement No. 127 and Order No. 103 (20 F. R. 5056) regulating the handling of domestic dates produced or packed in Los Angeles and Riverside Counties of California, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the unanimous recommendation of the Date Administrative Committee established under the aforesaid marketing agreement and order, and other available information, it is hereby found that the additional grade regulation hereinafter provided, applicable to the handling of Deglet Noor dates as whole or pitted dates will tend to effectuate the declared policy of the said act.

It is hereby further found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice and postpone the effective date of this regulation later than August 1, 1956 (see section 4 of the Administrative Procedure Act; 5 U. S. C. 1001 et seq.) because dates begin to move on and after that date and it is very necessary and desirable that the same grade regulations apply to all Deglet Noor dates of the 1956 crop which are handled in whole or pitted form during the 1956-57 crop year, which crop year begins on August 1, 1956; this action is in accordance with the unanimous recommendation of the Date Administrative Committee, composed of representatives of the date industry, and such recommendation has been made known generally to that industry previously; and a reasonable time is permitted, in the circumstances, for preparation for, and compliance with, such regulation.

This regulation is the same as the grade regulation which has been in effect on Deglet Noor dates since October 14, 1955, with the exception that the minimum score for character will be increased from 30 points to 31 points. The grade regulation which is set forth below should result in an improvement in the average quality of dates sold to consumers during 1956-57.

It is therefore ordered, That the handling of Deglet Noor dates as whole or pitted dates shall be in accordance with the following regulation:

§ 1003.203 *Additional grade regulation.* Pursuant to § 1003.40, and effective at 12:01 a. m., P. s. t., August 1, 1956, Deglet Noor dates handled under this part as whole or pitted dates, shall meet the requirements of U. S. Grade C of the United States Standards for Grades of Dates, effective August 26, 1955 (20 F. R. 5755): *Provided*, That such dates shall score not less than 31 points for character as defined in § 52.1009 (c) of this title.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: July 23, 1956.

[SEAL] FLOYD F. HEDLUND,
Acting Director,
Fruit and Vegetable Division.

[F. R. Doc. 56-6084; Filed, July 26, 1956; 8:54 a. m.]

Chapter XI—Agricultural Conservation Program Service, Department of Agriculture

[ACP-1956, Supp. 7]

PART 1101—NATIONAL AGRICULTURAL CONSERVATION

SUBPART—1956

EMERGENCY WIND EROSION CONTROL MEASURES

Pursuant to the authority vested in the Secretary of Agriculture under sections 7-17 of the Soil Conservation and Domestic Allotment Act, as amended, the Department of Agriculture and Farm Credit Administration Appropriation Act, 1956, and Public Law 875, 81st Congress, the 1956 National Agricultural Conservation Program, approved June 14, 1955 (20 F. R. 4281), as amended July 22, 1955 (20 F. R. 5341), August 30, 1955 (20 F. R. 6511), November 10, 1955 (20 F. R. 8491), April 9, 1956 (21 F. R. 2372), April 20, 1956 (21 F. R. 2651), and June 29, 1956 (21 F. R. 4999), is further amended as follows:

The first sentence of § 1101.797 (a) is amended by adding the following after the counties designated for Kansas:

Nebraska. Dundy, Hitchcock, Kimball.

(Sec. 4, 49 Stat. 164 as amended; 16 U. S. C. 590d. Interprets or applies secs. 7-17, 49 Stat. 1148, as amended, sec. 1, 64 Stat. 1109, 69 Stat. 55; 16 U. S. C. 590g-590q, 42 U. S. C. 1855)

Done at Washington, D. C., this 23d day of July 1956.

[SEAL] TRUE D. MORSE,
Acting Secretary.

[F. R. Doc. 56-6053; Filed, July 26, 1956; 8:48 a. m.]

TITLE 32—NATIONAL DEFENSE

Chapter V—Department of the Army

Subchapter F—Personnel

PART 577—MEDICAL AND DENTAL ATTENDANCE

MISCELLANEOUS AMENDMENTS

Sections 577.2 and 577.5 are revised to read as follows:

§ 577.2 *For whom authorized and manner provided—*(a) *Persons entitled to medical care.* The following are entitled to and will be provided medical care at the expense of Army Medical Service funds:

(1) Officers, warrant officers, and enlisted personnel of the Regular Army and cadets of the United States Military Academy.

(2) Officers, warrant officers, and enlisted personnel of the Army Reserve; the federally recognized National Guard of the several States, Territories, and the District of Columbia; the National Guard of the United States; and the Army without specification as to component when ordered or called into active Federal service or when ordered to active duty for training or reserve duty training.

(3) Members of the Army Reserve not on active duty limited to physical examinations in addition to medical care referred to in subparagraph (2) of this paragraph. See § 561.11 of this chapter.

(4) Members of the National Guard of the United States not on active duty limited to physical examinations as deemed necessary by the Secretary of the Army in addition to medical care referred to in subparagraph (2) of this paragraph. See act 9 July 1952 (66 Stat. 488; 50 U. S. C. 949).

(5) Members of the Reserve Officers' Training Corps of the Army en route to or from, or during their attendance at, camps of instruction.

(6) Members of the Reserve Officers' Training Corps of the Army limited to physical examinations in addition to medical care referred to in subparagraph (5) of this paragraph.

(7) Applicants for enlistment or reenlistment and registrants under the Universal Military Training and Service Act (65 Stat. 75) as amended (limited to necessary physical and mental examinations except as provided in subparagraphs (8) and (9) of this paragraph.

(8) Applicants for enlistment or registrants whose physical fitness for military service cannot be determined without hospital study.

(9) Applicants for enlistment who suffer acute illness and injuries while awaiting or undergoing enlistment processing at recruiting main stations or at Armed Forces Induction and Examining Stations (limited to emergency medical care, including hospitalization).

(10) Prisoners.

(11) Prisoners of war, persons interned by the Army, and other persons in military custody or confinement.

(12) Civilian seamen in the service of vessels operated by the Department of the Army.

(13) Civilian employees of the Army will be afforded "on-the-job" medical and surgical service through the Occupational Health Service of the Army.

(b) *Priority of medical treatment facilities.* Medical care for persons enumerated in paragraph (a) of this section will be through the following means in order of the priority of the listings:

(1) Army medical treatment facilities.

(2) Medical treatment facilities of the Navy or Air Force where Army medical treatment facilities are not readily available or accessible.

(3) Medical treatment facilities of Federal agencies outside the Department of Defense where facilities in subparagraphs (1) and (2) of this paragraph are not readily available or accessible. See § 577.4.

(4) Civilian medical treatment facilities including civilian physicians where facilities listed in subparagraphs (1), (2) and (3) of this paragraph are not available. See § 577.3.

(c) *Additional persons who may be afforded medical care.* Persons in addition to those enumerated in paragraph (a) of this section, may be afforded medical care in Army medical treatment facilities under terms and conditions as prescribed in § 577.15. Army Medical Service funds are not properly chargeable for any treatment rendered to such persons in other than Army medical treatment facilities.

§ 577.5 *Private medical practice of civilian physicians within a military installation—*(a) *General.* Subject to the approval of the major command concerned, installation commanders may authorize the private practice of medicine within their installations by licensed civilian physicians as distinguished from appointed professional consultants and other physicians employed by the Army) when it is considered that the accomplishment of the installation mission is dependent upon same. The provision of medical care by such licensed physicians is authorized for the following personnel:

(1) Those who are not eligible to receive medical care in Army medical treatment facilities, and

(2) Those who are eligible to receive medical care at Army medical treatment facilities, but for whom care cannot be made available because of lack of adequate facilities, or who do not elect to receive their care in Army medical treatment facilities.

(b) *Action to be taken by licensed civilian physicians.* In the course of practicing medicine within a military installation under the authority contained in paragraph (a) of this section, a licensed civilian physician will:

(1) Upon discovery of a disease which is or may be communicable or is a source of danger to others, advise the installation surgeon who will notify the installation commander, and exercise such supervision over the case as is necessary to prevent its spread.

(2) Advise the installation surgeon of any medical service rendered to military personnel in order that the information may be included in medical records.

(c) *Space and facilities.* When such licensed civilian physicians are authorized to practice medicine at an installation, space and facilities of the installation may be made available under the provisions of AR 405-80 (Army Regulations for granting temporary use of real estate).

(d) *Reimbursement.* Except as reimbursement from Government funds is authorized under the provisions of Army Regulations or regulations published by the Bureau of Employees' Compensation, reimbursement to licensed civilian physicians practicing within military installations is the responsibility of the patient or his sponsor.

[AR 40-101, 22 June 1956] (R. S. 161; 5 U. S. C. 22)

[SEAL] JOHN A. KLEIN,
Major General, U. S. Army,
The Adjutant General.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 1315]

[1968942]

CALIFORNIA

REVOCATION OF PUBLIC LAND ORDER NO. 199 OF DECEMBER 22, 1943, WHICH WITHDREW PUBLIC LAND FOR USE OF WAR DEPARTMENT IN CONNECTION WITH MARCH FIELD RIFLE RANGE

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Public Land Order No. 199 of December 22, 1943, which withdrew the following-described land in California for use of the War Department in connection with the March Field Rifle Range, is hereby revoked:

SAN BERNARDINO MERIDIAN

T. 2 S., R. 4 W.,
Sec. 34, SE¼NE¼.

The area described contains 40 acres.

The land is located near the City of Riverside. It is rough and mountainous, isolated by privately owned lands, and unsuitable for agricultural purposes.

No application for the land may be allowed under the homestead, desert-land, small tract, or any other nonmineral public-land law unless the land has already been classified as valuable or suitable for such type of application, or shall be so classified upon the consideration of an application. Any application that is filed will be considered on its merits. The land will not be subject to occupancy or disposition until it has been classified.

Subject to any valid existing rights and the requirements of applicable law, the land is hereby opened to filing of applications, selections, and locations in accordance with the following:

a. Applications and selections under the non-mineral public-land laws may be presented to the Manager mentioned below, beginning on the date of this order. Such applications and selections will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

(1) Applications by persons having prior existing valid settlement rights, preference rights conferred by existing laws, or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

(2) All valid applications under the Homestead, Desert Land, and Small Tract Laws by qualified veterans of World War II or of the Korean Conflict, and by others entitled to preference rights under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279-284 as amended), presented prior to 10:00 a. m. on August 25, 1956, will be considered as simultaneously filed at that hour. Rights under such preference right applications filed after that hour and before 10:00 a. m. on November 24, 1956, will be governed by the time of filing.

(3) All valid applications and selections under the nonmineral public-land laws, other than those coming under paragraphs (1) and (2) above, presented prior to 10:00 a. m. on November 24, 1956, will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after that hour will be governed by the time of filing.

b. The land will be open to applications and offers under the mineral-leasing laws, and to location under the United States mining laws beginning at 10:00 a. m. on November 24, 1956.

Persons claiming veterans preference rights must enclose with their applications proper evidence of military or naval

service, preferably a complete photostatic copy of the certificate of honorable discharge. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enclose properly corroborated statements in support of their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

Inquiries concerning the land shall be addressed to the Manager, Land Office, Bureau of Land Management, Los Angeles, California.

WESLEY A. D'EWART,
Assistant Secretary of the Interior.

JULY 20, 1956.

[F. R. Doc. 56-6058; Filed, July 26, 1956; 8:49 a. m.]

[Public Land Order 1316]

[Anchorage 022782]

ALASKA

WITHDRAWING PUBLIC LAND FOR USE OF SOIL CONSERVATION SERVICE AS AN ADMINISTRATIVE SITE

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described public land in Alaska is hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and mineral-leasing laws, and reserved for use of the Soil Conservation Service, Department of Agriculture, as an administrative site:

SEWARD MERIDIAN

T. 6 N., R. 11 W.,
Sec. 31, lots 131, 165, and 166.

The area described contains 5 acres.

WESLEY A. D'EWART,
Assistant Secretary of the Interior.

JULY 23, 1956.

TITLE 15—COMMERCE AND FOREIGN TRADE

Chapter III—Bureau of Foreign Commerce, Department of Commerce

Subchapter B—Export Regulations

[8th Gen. Rev. of Export Regs., Amdt. 5 [1]]

PART 382—DENIAL OR SUSPENSION OF EXPORT PRIVILEGES

MISCELLANEOUS AMENDMENTS

Section 382.51 *Supplement 1; Table of compliance orders currently in effect denying export privileges*, paragraph (b) *Table of compliance orders* is amended in the following particulars:

1. The following entries are added:

Name and address	Effective date of order	Expiration date of order	Export privileges affected	FEDERAL REGISTER citation
Ditta Oliva, Via Atto Vannucci 3, Milan, Italy.	8- 9-56	10-9-56 (2-9-57) [1]	General and validated licenses, all commodities, any destination, also exports to Canada.	21 F. R. 5197, 7-12-56.
Fleschner, Richard, Import-Export, Uhlandstrasse 52, Berlin W. 15—Wilmersdorf, Germany.	6-25-56	Indefinite	do	21 F. R. 4936, 7-3-56.
Giacinto Leopoldo Del Bo, Via Manzoni 41A, Milan, Italy.	7- 9-56	Duration	do	21 F. R. 5197, 7-12-56.
Hof, W., Longue Rue Nueve 43, Antwerp, Belgium.	10-27-55	10-27-57 (Duration) [1]	General and validated licenses, all commodities, any destination, also exports to Canada. (Company related to Stemmler-Imex, N. V., which see.)	20 F. R. 8202, 11-1-55.
Olivia, Emilio, doing business as Ditta Oliva, Via Atto Vannucci 3, Milan, Italy.	8- 9-56	10-9-56 (2-9-57) [1]	General and validated licenses, all commodities, any destination, also exports to Canada.	21 F. R. 5197, 7-12-56.
Solvents Chemie Longue Rue Nueve 43, Antwerp, Belgium.	10-27-55	10-27-57 (Duration) [1]	General and validated licenses, all commodities, any destination, also exports to Canada. (Company related to Stemmler-Imex, N. V., which see.)	20 F. R. 8202, 11-1-55.
Stemmler-Imex Succ. Longue Rue Nueve 43, Antwerp, Belgium.	10-27-55	10-27-57 (Duration) [1]	do	20 F. R. 8202, 11-1-55.
United Petroliferа Italiana, S. R. L. (formerly United Refineries Corp.), Via Manzoni 41A, Milan, Italy.	7- 9-56	Duration	General and validated licenses, all commodities, any destination, also exports to Canada.	21 F. R. 5197, 7-12-56.
Wester Metaalwaren fabriek Amsterdam, Netherlands.	10-27-55	10-27-57 (Duration) [1]	General and validated licenses, all commodities, any destination, also exports to Canada. (Company related to Stemmler-Imex, N. V., which see.)	20 F. R. 8202, 11-1-55.
Wolff, Hans Export-Import, Nussbaumallee 33, Berlin W. 9-Charlottenburg, Germany.	6-25-56	Indefinite	General and validated licenses, all commodities, any destination, also exports to Canada.	21 F. R. 4936, 7-3-56.

[1] This is the expiration date of a period of suspension held in abeyance. See explanation in paragraph (a) (1) of this section.

2. The following entry is deleted:

Name and address	Effective date of order	Expiration date of order	Export privileges affected	FEDERAL REGISTER citation
Fisher, P., 46-47 Chancery Lane, London W. C. 2, England.	9- 1-53 9-29-55	9-1-55 Until further notice.	General and validated licenses, all commodities, any destination, also exports to Canada.	18 F. R. 5372, 9-4-53. 20 F. R. 7383, 10-4-55.

3. The following entries are amended to read as follows:

Name and address	Effective date of order	Expiration date of order	Export privileges affected	FEDERAL REGISTER citation
Amsterdamsche Maatschappij voor Industrie en Handel "Hydrocarbon", N. V., 384 Herengracht, Amsterdam C., Netherlands.	6-28-56	6-28-56 (12-28-58) [1]	General and validated licenses, all commodities, any destination, also exports to Canada.	21 F. R. 4686, 6-27-56.

[8th Gen. Rev. of Export Regs., Amdt. P. L. 2 [1]]

PART 399—POSITIVE LIST OF COMMODITIES AND RELATED MATTERS

MISCELLANEOUS AMENDMENTS

Section 399.1 *Appendix A—Positive List of Commodities* is amended in the following particulars:

1. The following commodities are added to the Positive List:

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar-value limits	Validated license required
516610	Refractories, except graphite (brick and shapes reported in thousands, 9-inch equivalent): Firebrick and Shapes, except plastic, n. e. c.: Firebrick and shapes, composed of bonded or fused silicon carbide, including but not limited to silicon-nitride-bonded silicon carbide (specify by name)	M.....	SATE	None	R
516880	Refractories, n. e. c.: Refractories, composed of bonded or fused silicon carbides, including but not limited to silicon-nitride-bonded silicon carbide (specify by name)	.....	SATE	None	R
792610	Parts for trucks and truck chassis, n. e. c.: Front wheel drives and transfer cases assembly (for the assembly of front driving axles on motor trucks and truck chassis). (1) [2]	No.....	TRAN 6	None	RO
792620	Front-wheel-drive and transfer case assembly (for the conversion of single-drive-unit motor trucks and truck chassis to front-and rear-axle-drive vehicles). (1) [2]	No.....	TRAN 6	None	RO
792730	Front-wheel-drive and transfer case assembly (for original assembly, spare or replacement, on military motor trucks and truck chassis). (1)	No.....	TRAN	None	RO
892960	Plastic fabricated materials, including printed, embossed, planished, or otherwise treated surface: Polymethylalpha-chloroacrylate (e. g., Gafite—trade name)	Lb.....	RESN 06	100	RO

[1] Refractories for use in rockets, guided missiles, and jet engines require export authorization from the Department of State. See § 370.4 (a) of this subchapter.

[2] This commodity may be exported under the periodic requirements licensing procedure (see Part 378 of this subchapter) and the Foreign Distribution Licensing procedure (see Part 378 of this subchapter).

[1] This amendment was published in Current Export Bulletin No. 766, dated July 19, 1956.

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar-value limits	Validated license required
	Research laboratory apparatus and equipment, n. e. c., and specially fabricated parts, n. e. c. (report counter current solvent extractors and bowl-type centrifuges in 719840):				
910890	Laboratory pump stations, laboratory type [2]	No.....	SATE	None	RO
910890	Parts, n. e. c., specially fabricated for high-vacuum pump stations, laboratory type [3]	.....	SATE	None	RO
910890	Temperature regulators, laboratory type [4]	No.....	SATE	25	RO
910890	Parts, n. e. c., specially fabricated for temperature regulators, laboratory types [5]	.....	SATE	None	RO
910890	Laboratory stills [6]	No.....	SATE	None	RO
910890	Parts, n. e. c., including packing, specially designed for fabrication of laboratory distillation units [7]	No.....	SATE	None	RO
910890	Parts, n. e. c., including packing, specially designed or fabricated for laboratory fractionating or distillation units [8]	.....	SATE	25	RO

[2] This commodity is subject to the IC/DV procedure (see § 373.2 of this subchapter), effective September 4, 1956.

[3] This commodity is subject to the IC/DV procedure (see § 373.2 of this subchapter), effective September 4, 1956, and may be exported under the Foreign Distribution Licensing procedure (see Part 378 of this subchapter).

This part of the amendment shall become effective as of 12:01 a. m., July 26, 1956.

2. The following commodities are deleted from the Positive List:

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar-value limits	Validated license required
775100	Nonelectric industrial furnaces, kilns, lehrs, and ovens, and parts (report electric furnaces, kilns, and ovens in 707415-707492):				
775315	Sintering and refining furnaces designed to operate under a controlled atmosphere of inert gas at temperatures higher than 1,000° C.				
775340	Metal melting furnaces designed to operate under a controlled atmosphere of inert gas at temperatures higher than 1,000° C.				
	Nonelectric industrial furnaces, n. e. c., designed to operate under a controlled atmosphere of inert gas at temperatures higher than 1,000° C.:				
775360	Furnaces, n. e. c.	M.....	BLDG 31	None	RO
775360	Parts for furnaces, n. e. c.	.....	BLDG 31	None	RO

This part of the amendment shall become effective as of 12:01 a. m., July 19, 1956.

3. The following entries set forth below are substituted for entries presently on the Positive List. Where the Positive List contains more than one entry under a Schedule B number, the entry to be superseded is identified by a numerical reference in parentheses following the commodity description in the revised entry:

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar-value limits	Validated license required
516810	Refractories, except graphite (brick and shapes reported in thousands, 9-inch equivalent): Firebrick and Shapes, except plastic, n. e. c.: Firebrick and shapes, composed of 97 percent or more by weight of beryllium oxide or zirconium oxide, or composed of zirconium oxide stabilized with lime and/or magnesium oxide (specify by name) [9]	M.....	BLDG 31	None	RO
516880	Refractories, n. e. c.: Refractories, composed of 97 percent or more by weight of beryllium oxide, magnesium oxide, or zirconium oxide, or composed of zirconium oxide stabilized with lime and/or magnesium oxide (specify by name) [9]	.....	BLDG 31	None	RO

[9] The commodity description is revised without substantive change.

Dept. of Com. Indus. Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar-value limits	Validated license required
	Automatic control or regulating valves, n. e. c. (any pipe valve having a mechanism partially integral, i.e., directly attached by adaptors and bolts, or wholly integral, for automatically regulating or controlling its operation)—Continued				
774490	Automatic control valves, fitted with bellow seal, wholly of any of the following materials: (a) 90 percent or more tantalum, titanium or zirconium, either separately or combined; (b) 50 percent or more cobalt or molybdenum, either separately or combined; (c) 10 percent or more silicon (as metal alloy); chromium or nickel, either separately or combined; (d) polytetrafluoroethylene (e. g., Teflon), polytrifluorochloroethylene, except the following types of valves: (1) check, non-return, and float valves; (2) pressure relief valves designed for working pressures of less than 450 psi (30 kgs. per sq. cm.); (3) valves and cocks specially designed for use in motor vehicles and for electric household refrigerators and home freezers. (Give full specifications.) (3) [1]	No.....	QIEQ 5	250	RO
774498	Parts, n. e. c., specially fabricated for: metal valves and cocks fitted with bellows seal and wholly made of or lined with aluminum, nickel, or alloy containing 60 percent or more nickel; and valves and cocks having all flow-contact surfaces made of polyfluoro-fluoroethylene (e. g., Teflon) or polytrifluorochloroethylene. (Specify Schedule B number of valve for which parts are intended, valve size, type, and working pressure.) (1) [1]	.....	QIEQ 5	250	RO
774498	Parts, n. e. c., specially fabricated for other pipe valves and cocks included on the Positive List under Schedule B Nos. 774450-774490. (Specify Schedule B number of valve for which parts are intended, valve size, type, and working pressure.) (2) [1]	.....	QIEQ 5	250	RO
775150	Nonelectric industrial furnaces, kilns, lehrs, and ovens, and parts, n. e. c., for electric furnaces, kilns, and ovens in 7574[illegible]-7574[illegible]:				
	Specially fabricated parts, n. e. c., for carbon black furnaces, controlled atmosphere types (intermittent or continuous): [2]	.....	MINE 5	1,000	RO
794660	Aircraft tooling, ground handling and maintenance equipment, all specially fabricated parts, n. e. c. (specify by name) (1, 2, 3). [1] [3]	.....	TRAN	250	R
	Plastics and resin materials:				
825920	Plastic film and sheeting, including printed, embossed, planished, or otherwise treated surface: Polyethylene with average molecular weight above 10,000. (Specify whether virgin or scrap.) (4) [1]	Lb.....	RESN 68	100	RO
	Laminated and molded laminated plastics made with synthetic resins and varnishes as a binder, including all shapes solely made therefrom:				
825980	Polyethylene with average molecular weight above 10,000. (Specify whether virgin or scrap.) (4) [1]	Lb.....	RESN 68	100	RO
	Synthetic resins, n. e. c., in all unfinished and semi-finished forms, including scrap, except laminated and except film and sheeting:				
825970	Polychlorylene with average molecular weight above 10,000. (Specify whether virgin or scrap.) (3) [1]	Lb.....	RESN 68	100	RO

[1] This entry is substituted for the three entries presently on the Positive List under Schedule B No. 774900. All aircraft trailing, ground handling, and maintenance equipment and parts are now covered by Processing Code "TRAN."

[2] The GLV dollar-value limit is increased.

[3] The commodity coverage has been decreased.

[4] The commodity coverage is increased, effective July 26, 1956.

[5] One entry is substituted for the second and third entries presently on the Positive List under Schedule B No. 707840.

This part of the amendment shall become effective as of July 19, 1956, unless otherwise indicated in the footnotes.

Shipments of any commodities removed from general license to Country Group R and Country Group O destinations as a result of changes set forth in Parts 1 or 3 of this amendment which were on dock for lading, on lighter, laden aboard an exporting carrier, or in transit to a port of exit pursuant to actual orders for export prior to 12:01 a. m. July 26, 1956, may be exported under the previous general license provisions up to and including August 20, 1956. Any such shipment not laden aboard the exporting carrier on or before August 20, 1956, requires a validated license for export.

(Sec. 3, 63 Stat. 7, as amended; 50 U. S. C. App. 2023. E. O. 9630, 10 F. R. 12245, 3 CFR, 1945 Supp., E. O. 9919, 13 F. R. 59, 3 CFR, 1948 Supp.)

LORING K. MACY,
Director,
Bureau of Foreign Commerce.

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 25—FEDERAL EMPLOYEES' PAY REGULATIONS

PAYMENT PROVISIONS

Effective upon publication in the FEDERAL REGISTER, § 25.272 (c) is amended as set out below.

§ 25.272 *Payment provisions.* • • •

(c) An employee in a position in which he is receiving additional annual compensation under § 25.251 or § 25.261 shall, at the discretion of the head of the department, continue to receive such additional compensation:

(1) For a period of not to exceed ten consecutive prescribed work days on temporary assignment to other duties in which conditions do not warrant payment of additional annual compensation, and for a total of not more than thirty (30) such work days in any calendar year.

(2) For an aggregate period of not more than sixty (60) prescribed work days on temporary assignment to a formally approved program for advanced training duty directly related to duties for which additional annual compensation is payable.

(3) In no event shall additional annual compensation be paid under this paragraph for more than sixty (60) work days in any calendar year.

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 6214]

PART 13—DIGEST OF CEASE AND DESIST ORDERS

CLIFFORD E. RICE ET AL.

Subpart—*Acquiring confidential information unfairly:* § 13.1 *Acquiring confidential information unfairly.* Subpart—*Misrepresenting oneself and goods*—Business status, advantages or connections: § 13.1370 *Business methods, policies, and practice;* § 13.1490 *Nature, in general;* § 13.1513 *Operations generally;* § 13.1520 *Personnel or staff;* § 13.1560 *Stock, product or service.* Subpart—*Using misleading name*—Vendor: § 13.2425 *Nature, in general.*

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Clifford E. Rice et al. t. a. Retail Board of Trade et al., Chicago, Ill., Docket 6214, July 6, 1956]

In the Matter of Clifford E. Rice, Edith M. Rice and Frances M. Fischer, Individuals and Copartners, Trading as Retail Board of Trade and Edward E. Brim, an Individual

This proceeding was heard by a hearing examiner on the complaint of the Commission charging three operators of a collection agency in Chicago, who secured business through solicitors furnished with contract forms for listing delinquent accounts by retailers, professional men, etc., in various States for collection, with falsely representing through use of their trade name "Retail Board of Trade" that they were an organization of retailers; with representing falsely through statements of solicitors and by means of the contract forms that there would be no charge if no collections were made on a claim, that their maximum fee was 50 percent, that fees would be charged only against accounts on which collections were made; and with representing falsely through statements and form letters and through the prominent use thereon of the term "Liquidation" that it was to the debtor's financial advantage to reply or that information provided by the employer would be to the employee's financial advantage, that their organization was a credit rating agency, or that field investigators would be sent to debtor's homes and neighbors unless the information requested was furnished.

Following respondents' filing of joint answers and hearings in due course, the hearing examiner made his initial decision, including order to cease and desist, which, after review and modification by the Commission, became on July 6, by order of June 29, the decision of the Commission.

The order to cease and desist is as follows:

It is ordered that this action be, and the same hereby is, dismissed as to the respondent Clifford E. Rice, deceased.

It is ordered, That this action be, and the same hereby is, dismissed as to the respondent Clifford E. Rice, deceased.

It is further ordered, That respondents Edith M. Rice and Frances M. Fischer, individuals and the surviving copartners of Clifford E. Rice, deceased, now trading as Retail Board of Trade, or trading under any other name, respondent Edward E. Brim, an individual, and respondents' representatives, agents or employees, directly or through any corporate or other device, in connection with the solicitation of accounts for collection in commerce, as "commerce" is defined in the Federal Trade Commission Act, do hereby cease and desist from:

1. Representing, directly or by implication:

(a) That no charges will be made for accounts unless they are collected;

(b) That a maximum of 50 percent, or any other percentage less than that actually charged, will be retained by respondents from accounts collected;

(c) That no listing or other fees will be charged against uncollected accounts;

(d) That respondents will make prompt regular or periodic reports on claims in their hands for collections, unless such reports are made at prompt and regular intervals.

2. Using the name Retail Board of Trade or any other name of similar import to designate, describe or refer to respondents' business, or otherwise representing directly or by implication that they are a trade or other organization of retailers or other businessmen.

It is further ordered, That respondents Edith M. Rice and Frances M. Fischer, individuals and surviving copartners of Clifford E. Rice, deceased, now trading as Retail Board of Trade, or trading under any other name, respondent Edward E. Brim, an individual, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the collection of, or attempts to collect, accounts in commerce, do forthwith cease and desist from:

1. Representing, directly or by implication:

(a) That they are a credit rating agency, or are engaged in making credit investigations or reports for banks or business houses, or that the information requested in printed forms, or written matter is to be used for other than the collection of debts from the subjects of the forms;

(b) That their business is other than a collection agency.

(c) That they employ investigators or collectors to make personal calls on debtors.

2. Using the name "Retail Board of Trade," or any other name of similar import to designate, describe or refer to respondents' business or otherwise representing, directly or by implication that they are a trade or other organization of retailers or other businessmen.

By "Decision of the Commission", report of compliance was required as follows:

It is further ordered, That respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist contained in the aforesaid initial decision.

Issued: June 29, 1956.

By the Commission.

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; sec. 8, 65 Stat. 179; 15 U. S. C. 45, 69f) [Cease and desist order, Gould's, Inc., et al., Minneapolis, Minn., Docket 6481, July 14, 1956]

In the Matter of Gould's, Inc., a Corporation, and William L. Gould, Freda M. Gould and Clyde M. Gould, Individually and as Officers of Said Corporation

This proceeding was heard by a hearing examiner on the complaint of the Commission—charging a Minneapolis furrier with violating the Fur Products Labeling Act through failing to disclose in advertisements in newspapers the true names of animals producing the fur and that certain fur products contained or were composed of artifically colored fur; by failing to maintain adequate records disclosing the facts on which comparative price and percentage price claims were made; by misbranding products through failing to set forth on labels attached thereto, information as required by the act; and by failing to invoice certain products as required—and an agreement between counsel providing for entry of a consent order.

On this basis, the hearing examiner made his initial decision, including order to cease and desist, which by order of June 29 became on July 14 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondents Gould's, Inc., a corporation, and its officers, and William L. Gould, Freda M. Gould and Clyde M. Gould, individually and as officers of said corporation, and their agents, representatives and employees, directly or through any corporate or other device, in connection with the introduction, or the sale, advertisement, offer for sale, transportation or distribution of fur products in commerce, or in connection with the sale, advertising, offering for sale, transportation or distribution of fur products which have been made in whole or in part of fur which had been shipped and received in commerce, as "commerce," "fur" and "fur products" are defined in the Fur Products Labeling Act, do forthwith cease and desist from:

A. Falsely or deceptively advertising fur products through the use of any advertisement, representation, public announcement or notice, which is intended to aid, promote or assist, directly or indirectly, in the sale or offering for sale of fur products, and which:

1. Fails to disclose the name or names of the animal or animals producing the fur or furs contained in fur products as set forth in the Fur Products Name Guide as prescribed under the rules and regulations;

2. Fails to disclose that fur products contain or are composed of bleached, dyed, or otherwise artificially colored fur, when such is the fact;

3. Contains the name or names of any animal or animals other than the name or names specified in Paragraph A (1) above;

4. Makes comparative or percentage pricing claims, unless there is maintained by respondents full and adequate records disclosing the facts upon which such claims and representations are based, as required by Rule 44 (e) of the rules and regulations;

B. Misbranding fur products by:

1. Failing to affix labels to fur products showing:

(a) The name or names of the animal or animals producing the fur or furs contained in the fur product as set forth in the Fur Products Name Guide and as prescribed under the rules and regulations;

(b) That the fur product contains or is composed of used fur, when such is a fact;

(c) That the fur product contains or is composed of bleached, dyed, or artificially colored fur, when such is a fact;

(d) That the fur product is composed in whole or in substantial part of paws, tails, bellies or waste fur, when such is a fact;

(e) The name, or other identification issued and registered by the Commission, of one or more persons who manufactured such fur product for introduction into commerce, introduced it into commerce, sold it in commerce, advertised or offered for sale in commerce, or transported or distributed it in commerce;

(f) The name of the country of origin of any imported furs used in the fur product;

2. Setting forth on labels attached to fur products the name or names of any animal or animals other than the name or names provided for in Paragraph B (1) (a) above;

3. Setting forth on labels attached to fur products:

(a) Required information in abbreviated form;

(b) Non-required information mingled with required information;

(c) Required information in handwriting;

(d) The term "blended" as a part of the required information to describe the pointing, bleaching, dyeing or tip-dyeing of furs, in violation of Rule 19 (c) of the rules and regulations;

C. Falsely or deceptively invoicing fur products by:

1. Failing to furnish invoices to purchasers of fur products showing:

(a) The name or names of the animal or animals producing the fur or furs contained in the fur product as set forth in the Fur Products Name Guide and as prescribed under the rules and regulations;

(b) That the fur product contains or is composed of used fur, when such is a fact;

(c) That the fur product contains or is composed of bleached, dyed, or artificially colored fur, when such is a fact;

(d) That the fur product is composed in whole or in substantial part of paws, tails, bellies, or waste fur, when such is a fact;

(e) The name and address of the person issuing such invoices;

(f) The name of the country of origin of any imported furs contained in the fur product;

2. Setting forth, on invoices pertaining to fur products, required information in abbreviated form;

3. Using the term "blended" on invoices as a part of the required information to describe the pointing, bleaching, dyeing or tip-dyeing of furs, in violation of Rule 19 (c) of the rules and regulations.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That respondents Gould's, Inc., a corporation, and William L. Gould, Freda M. Gould and Clyde M. Gould, individually and as officers of said corporation, shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

By the Commission.

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Dexter Thread Mills, Inc., et al., Elgin, Ill., Docket 6306, July 18, 1956]

[1] New.

In the Matter of Dexter Thread Mills, Inc., a Corporation, Trading as Lee Ward Mills and Also as Leeward Mills and Sidney C. Fink and Ralph A. Fried, Individually and as Officers of Said Corporation

This proceeding was heard by a hearing examiner on the complaint of the Commission—charging a corporation and its officers with representing falsely, through use of the words "Thread Mills" or the word "Mills" in their corporate or trade name and otherwise, that they were manufacturers of the needle-craft items they sold by mail order to the general public and that the merchandise was sold at mill prices; and with representing falsely on catalogs and elsewhere that they had been in business "Since 1820"—and an agreement between the parties containing consent order to cease and desist.

On this basis, the hearing examiner made his initial decision, including order to cease and desist, which by order of June 29 became on July 18 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That Respondents Dexter Thread Mills, Inc., a corporation, also trading as Lee Ward Mills, Leeward Mills, or under any other name or names, and its officers, and Sidney C. Fink and Ralph A. Fried, individually and as officers of said corporation, and respondents' agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of merchandise to the general public, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Using the words "Thread Mills" or the word "Mills", or any other word or words of similar import or meaning, as a part of the corporate or trade name; or otherwise representing, directly or by implication, that Respondents, or any of them, manufacture the merchandise sold or offered for sale by them; except that nothing contained herein shall be construed to prohibit Respondents from representing that the nylon yarn and nylon products, or any other products, sold by Respondents are manufactured by them when such is the case;

2. Representing, directly or by implication, that their merchandise is sold or offered for sale at mill prices;

3. Representing, directly or indirectly, that the business of Respondents was established prior to 1946.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That respondents Dexter Thread Mills, Inc., a corporation, trading as Lee Ward Mills and also as Leeward Mills and Sidney C. Fink and Ralph A. Fried, individually and as officers of said corporation, shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: June 29, 1956.

By the Commission.

Conelly, Individually, and as Manager of the Wauseon, Ohio, Plant of Winorr Canning Company, George Wenger, Individually, as Secretary-Treasurer and Manager of Lake Erie Canning Co. of Sandusky

This proceeding was heard by a hearing examiner on the complaint of the Commission charging 18 corporations, their officers and directors, and a number of partnerships, engaged in the tomato processing business, a trade association and its officers, etc., and the secretary-treasurer of a second trade association, with engaging in a planned common course of action to boycott and otherwise illegally interfere with tomato growers in the "Ohio tomato area" from whom they purchased tomatoes, and to fix and maintain prices to be paid for raw tomatoes. Following respondents' answers, hearings in due course, and filing of respondents' motions to dismiss, the hearing examiner rendered his first initial decision dismissing the complaint as to the smaller processors and dismissing charges of concerted price fixing.

Upon appeal, the ruling was affirmed in an opinion by Chairman Gwynne and the case remanded for further hearing. At the conclusion of such hearings, the hearing examiner found that a conspiracy did exist but held that, because

[1] New.

of the termination of the illegal acts prior to the complaint and other circumstances, no order should issue, and accordingly dismissed the charges without prejudice. From this, both sides appealed.

Having heard the matter on briefs and oral argument, the Commission, on June 29, 1956, in an opinion by Chairman Gwynne rendered its decision in which it denied respondents' appeal, granted in part and denied in part the appeal of counsel supporting the complaint, dismissed the complaint as to certain of the respondents, and directed entry of an order to cease and desist as to the eleven remaining. Commissioned Anderson filed a dissent disagreeing with the dismissal of a certain respondent.

The order to cease and desist and the order requiring report of compliance therewith are as follows:

It is ordered, That the findings of fact and conclusions, excepting those conclusions that the complaint should be dismissed without prejudice because of the discontinuance of the practices involved, as contained in the hearing examiner's initial decision be, and they hereby are, adopted as the findings of fact and conclusions of the Commission; and

It is further ordered, That the complaint be, and it hereby is, dismissed as to corporate respondents, Gibsonburg Canning Company, Inc., Sharp Canning Co., Hunt Foods, Inc., and as to the individual respondents, Joseph J. Wilson, Howard E. McKinley, Everitt E. Richard, Cyril P. Roberts, Edgar W. Montell, Harold R. Collard, Herbert F. Krimendahl, Samuel Hammond, Russell Kline, A. A. Ehrman, George W. Conelly and George Wenger, in their individual capacities; and

It is further ordered, That respondents, H. J. Heinz Company, Campbell Soup Company, Joseph Campbell Company, Stokely Van-Camp, Inc., Bauer Cannery, Inc., Foster Canning, Inc., Hirzel Canning Company, Lake Erie Canning Co. of Sandusky, J. Weller Company, Winorr Canning Company, and Hunt Foods of Ohio, Inc., their respective officers, agents, representatives and employees, directly or through any corporate or other device, in or in connection with the procuring, purchasing or contracting for the purchase of raw tomatoes in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from entering into, continuing, cooperating in, or carrying out any planned common course of action, understanding, agreement, combination or conspiracy between or among any two or more of said respondents, or between any one or more of said respondents and others not parties hereto, to do or perform any of the following acts or things:

(a) Refusing to grant recognition of or to negotiate or deal with Cannery Growers, Inc., an association of tomato growers, as a bargaining agent for its grower members;

(b) Refusing to purchase or to contract to purchase tomatoes from growers who are members of Cannery Growers, Inc.

It is further ordered, That respondents, H. J. Heinz Company, Campbell Soup Company, Joseph Campbell Company, Stokely Van-Camp, Inc., Bauer Cannery, Inc., Foster Canning, Inc., Hirzel Canning Company, Lake Erie Canning Company of Sandusky, J. Weller Company, Winorr Canning Company, the Hunt Foods of Ohio, Inc., shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission, Commissioner Anderson dissenting as to dismissal of the complaint as to respondent Hunt Foods, Inc., and Commissioner Kern not participating.

Issued: June 29, 1956.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Docket No. 11515; FCC 56-740]

[Rules Amdt. 3-22]

PART 3—RADIO BROADCAST SERVICES

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of assignments*, rules governing television broadcast stations. (Bryan-College Station, Texas).

1. The Commission has before it for consideration its Notice of Proposed Rule Making issued in this proceeding on October 5, 1955 (FCC 55-993). The Notice was issued pursuant to the petition filed on July 5, 1955, by John M. Lawrence III, individually and as trustee for W. C. Mitchell, Frank Seale, G. S. Parker, Brazos A. Varisco, and John M. Lawrence, to make Channel 3, presently reserved in College Station, Texas for education, available for commercial use. Petitioner requested that Channel 3 be assigned to Bryan-College Station and that either Channel 48, assigned to College Station, or Channel 54, assigned to Bryan, be reserved for educational use in place of Channel 3.

2. Comments in support of the proposed amendments were filed by the Bryan Independent School District. Oppositions to the proposal were filed by Texas Agricultural and Mechanical College System, College Station, Texas and the Joint Council on Educational Television.

3. In support of the proposed amendment, petitioner alleged that since the assignment of Channel 3 to College Station in 1952, no action has been taken to make use of the channel and that there is no evidence that such use is even remotely considered at this time or within the foreseeable future. Petitioner states that Bryan, the county seat and the largest city of Brazos County, has a population of 23,883 persons, and that an additional 6,000 inhabitants reside within a 2-mile radius of the city limits; that the population of College Station is in excess of 10,000; that the Texas Agricultural and Mechanical College of Texas, located at College Station, has a student body of approximately 6,500 students and that 2,500 air force personnel and 600 civilians reside at Bryan Air Force Base, 6 miles west of Bryan; that the Bryan-College Station area, of which Bryan is the retail trade center, is actually one trade territory, and that it has experienced a rapid and consistent growth since 1940. Petitioner further asserts that numerous existing VHF television stations can be received in the Bryan-College Station area; and that no UHF signal can be received within 50 miles of the area and, accordingly, the television receivers owned by the residents of this area are equipped only to receive VHF signals. Petitioner represents that if Channel 3 is made available for commercial use, it will apply for a station.

4. The Bryan Independent School District in support of the proposed amendment asserts that there is no chance, either at this time or in the foreseeable future, for it to operate an educational television station on Channel 3; that petitioner has offered to make time available to the school district and other local educational institutions on the proposed commercial station; and that the educational program of the area would be furthered by having time for educational programs made available on the proposed commercial station rather than to continue the unused educational reservation.

5. In Opposition to the proposed amendment, Texas Agricultural and Mechanical College System maintains that of the three channels assigned to the Bryan-College Station area, only VHF Channel 3 is of any value for educational purposes; that it has been making a careful study of the growing use of educational television; and that in view of the growing importance of television as an educational tool, the reservation of VHF Channel 3 in College Station should be continued to afford it the opportunity of entering the field of educational television.

6. The Joint Council on Educational Television argues that since 1952, education has made great strides in using television for education; that 18 communities now have educational television stations in operation, serving more than 40,000,000 people, that 3 other communities have educational stations under construction which will be in operation soon; and that 7 communities have made substantial progress in plans to build stations. JCET further argues that there has been considerable interest in educational television in Texas evidenced by the fact that in 1953 the Texas State Legislature adopted a resolution requesting the Commissioner of Education to appoint a Committee to look into the question and that in May 1955, the Texas Senate adopted Resolution No. 60 requesting the Commissioner of Education to continue the work of the Committee. It also alleges that since two-thirds of the channels reserved for educational use are UHF it would be basically unfair to delete a VHF channel which has been reserved simply because a commercial firm seeks its use for commercial purposes; that if educational reservations are deleted or shifted from VHF to UHF, educational leaders will not be able to continue their long-range planning looking toward the activation of these channels and the development of educational television stations will be doomed.

7. In the Sixth Report and Order we recognized that educational interests faced difficulties in using television for educational purposes which would not be encountered by commercial interests. Accordingly, we reserved the educational channels to give local educational interests adequate time to prepare for television. However, we expected that local educational interests would, within a reasonable time, undertake to formulate concrete plans for the utilization of the reserved channels and begin promptly to take definite affirmative action looking toward the fulfillment of those plans. In the absence of substantial evidence that the educational interests in a locality have made constructive efforts to fulfill these expectations, we cannot justify the continued reservation of available spectrum space for educational purposes, particularly where there is evidence of a demand for the reserved channel for a commercial station which would provide television service to a substantial number of persons. The record in this proceeding is devoid of any evidence that the educational interests in College Station have made any concrete plans or taken affirmative action looking toward the use of Channel 3 other than studies of the growing use of educational television. On the contrary, certain educational interests in the area have stated that there is no prospect at this time or in the foreseeable future of operating an educational television station on this channel and that the educational program of the area would be furthered by having time made available on the proposed commercial station rather than continuing the educational reservation. These circumstances, weighed in the light of the important fact that making *3 available for commercial use would enable this area to obtain a first local television station, have persuaded us that the Table of Television Assignments should be amended to make Channel 3 available for commercial use and reserve Channel 48 in College Station for education.

8. Authority for the adoption of the amendment herein is contained in sections 4 (i), 301, 303 (c), (d), (f) and (r), and 307 (b) of the Communications Act of 1934, as amended.

9. In view of the foregoing: *It is ordered*, That effective August 27, 1956, the Table of Television Assignments contained in § 3.606 as amended insofar as the communities named are concerned, as follows:

City:	Channel No.
Bryan-College Station, Tex	3+
College Station, Tex	*48—

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies secs. 301, 303, 307, 48 Stat. 1081, 1082, 1083; 47 U. S. C. 301, 303, 307.)

Adopted: July 19, 1956.

Released: July 23, 1956.

PART 3—RADIO BROADCAST SERVICES

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of Assignments*, Television Broadcast Stations (Fort Wayne, Indiana).

1. The Commission has before it for consideration its Notice of Proposed Rule Making issued in this proceeding on May 24, 1956 (FCC 56-481) and published in the FEDERAL REGISTER on May 30, 1956 (21 F. R. 3699), proposing to amend the Commission's Table of Television channel assignments by shifting Channel 21+ from Huntington to Fort Wayne, Indiana.

2. Comments have been filed by James R. Fleming, survivor of James R. Fleming and Paul V. McNutt, doing business as Anthony Wayne Broadcasting, an applicant in the comparative proceeding for Channel 69 at Fort Wayne; Tri-State Television, Inc., permittee of Station WINT at Waterloo, Indiana; and the Huntington Chamber of Commerce. A Reply was filed by Sarkes Tarzian, Inc., applicant for a new station on Channel 21 at Roanoke, Indiana.

3. Three UHF channels—Channels 27, 33 and 69—are presently assigned to Fort Wayne, a city of approximately 134,000 persons located in the northeast portion of Indiana. Channel 27 is reserved for noncommercial educational use and is unoccupied. Northeastern Indiana Broadcasting Company operates Station WKJG-TV on Channel 33, and Radio Fort Wayne, Inc., has been issued a construction permit for Station WANE on Channel 69.[1] Channel 21, originally assigned to Fort Wayne in the Sixth Report and Order, was removed from that city because of the discovery that it did not meet all the required mileage separations. It was later assigned to the community of Huntington, Indiana, a community of 15,079 persons located about 22 miles southwest of Fort Wayne. No other channels are assigned to Huntington. Sarkes Tarzian, Inc. is an applicant, under the "15 mile" rule, for a new station on Channel 21 (assigned to Huntington) at Roanoke, Indiana, a community of 808 persons located about 14 miles southwest of Fort Wayne. The only other assignment in the area is Channel 15, assigned to Angola, Indiana, approximately 38 miles north of Fort Wayne. Tri-State Television, Inc., operates Station WINT on this channel at Waterloo, Indiana, under the "15 mile" rule.[2] Waterloo is a community of 1,414 persons located 14.2 miles south of Angola and 24 miles north of Fort Wayne. A petition for rule making was filed on February 3, 1956, by Tri-State Television, Inc., requesting that Channel 15 be reassigned to Fort Wayne and Channel 77 substituted therefor in Angola, and the Commission has this date instituted rule making on this proposal.

4. Anthony Wayne Broadcasting supports the reassignment of Channel 21 from Huntington to Fort Wayne, provided it is made available to the successful applicant for Channel 69 at Fort Wayne; otherwise, it urges that Channel 21 remain at Huntington. It contends that it applied for and prosecuted its application for Channel 69 through a comparative hearing and subsequent proceedings for review only because Channel 21 was deleted from Fort Wayne and Channel 69 substituted therefor. It points out that the outcome of the Channel 69 proceeding is still uncertain in light of the pending appeal proceedings in the United States Court of Appeals, and urges that unless Channel 21 is made available to the contestants for Channel 69 in the event it is reassigned to Fort Wayne, those who underwent the comparative proceeding in reliance on the Commission's former action in deleting Channel 69 from Fort Wayne, will be unjustly penalized. It further states that the applicant for Channel 21 at Roanoke is in reality seeking to serve Fort Wayne and that it would be an abuse of the Commission's processes to reward that applicant who, by representing that it intended to serve a wholly different area,

[1] On June 13, 1956, the Commission authorized the transfer of Station WINT on Channel 15 in Waterloo, Indiana, to Universal Broadcasting Company, Inc., owners of 100 percent of the stock of Radio Fort Wayne, Inc. Universal stated in its application that it will surrender its permit for Station WANE-TV on Channel 69 in Fort Wayne. The transfer becomes effective 45 days from June 13th.

[2] See footnote 1, supra.

has escaped establishing its qualifications to serve Fort Wayne.

5. Tri-State Television, Inc., permittee of Station WINT on Channel 15 at Waterloo, urges that its petition for shifting Channel 15 from Angola to Fort Wayne was filed before the institution of the instant proceeding, and should be acted upon prior to the proposal to assign Channel 21 to Fort Wayne since its proposal involves an operating UHF station.

6. The Huntington Chamber of Commerce urges that Channel 21 be retained at Huntington. It also urges that the application pending for Channel 21 at Roanoke should be granted so that Huntington can have its own TV outlet. It points out that the application was filed for Roanoke, within 15 miles of either Huntington or Fort Wayne, in order to conform to the Commission's Rules. The Chamber of Commerce submits that Huntington has needed an outlet for some time; that Huntington and Huntington County have no radio or TV station or any outlet for local expression, and that the nearest radio and TV stations are at Fort Wayne. While conceding that Fort Wayne has a larger population than Huntington, the Chamber of Commerce urges that Fort Wayne should not be given a third commercial TV channel by depriving Huntington of its only assignment. It points out that Huntington is in the heart of a rich agricultural area; that 34 religious groups, including a monastery and school, are in Huntington; that educational facilities include public schools, libraries, parochial schools and colleges; that there are many professional, civic, fraternal and labor organizations, societies and clubs; and that the largest Catholic publishing house, Our Sunday Visitor, Inc., the Indiana Farmer's Guide, and numerous other industries and industrial plants are located in Huntington and Roanoke or nearby towns. It states that the applicant for Channel 21 at Roanoke has included within its schedule programs affording local expression for various groups, as well as educational, agricultural, and network programs.

7. In its reply Sarkes Tarzian, Inc., urges that the subject proceeding for shifting Channel 21 to Fort Wayne be cancelled or withdrawn and that its pending application for Channel 21 be granted so that small communities in the area will have an outlet for local expression and the residents of the Huntington-Roanoke-Fort Wayne area will be able to have a choice of three instead of two stations. It claims that the contentions of Anthony Wayne to the effect that it represented in its application that it intended to serve a wholly different area than Fort Wayne when it was in reality intending to reach Fort Wayne "through a back door" are without merit; that it intends to provide programming for the entire service area and has never contended that it would program exclusively for Huntington, Fort Wayne, Roanoke, or any other community; that the close proximity of Huntington, Roanoke and Fort Wayne enables a station to serve more than one town; that its problems in connection with finding a suitable transmitter site and the reasons for selecting its proposed site are fully explained in affidavits filed in connection with its application; and that its application complies with both present and proposed rules.

8. Channel 21 was originally assigned to Fort Wayne by the Sixth Report and Order, but was removed upon discovery that it did not meet all minimum spacings. The Commission subsequently denied two requests for the reassignment of Channel 21 from Huntington to Fort Wayne (Memorandum Opinion and Order, FCC 55-803, July 20, 1955). Our principal reason for doing so was based on the fact that the assignment of Channel 21 to Fort Wayne could not be made in conformance with the minimum spacing requirements. Since that decision the Commission has considered in two rule making proceedings the matter of whether the minimum separation requirements should be relaxed to provide more flexibility in making assignments so as to permit additional service and more effective competition among stations. These were the general television allocation proceeding in Docket No. 11532 and a separate proceeding in Docket No. 11714. In our Report and Order of June 26, 1956, in the television allocation proceeding, we concluded that it would be in the public interest to relax spacing requirements to permit assignments that would meet all requirements of the present rules, including transmitting spacing requirements, except the minimum spacing requirements from the city where a new assignment is proposed. In addition, we have this date reached the same conclusion in the proceeding in Docket No. 11714 and have finalized amendments to the mileage separation rules permitting channel assignments on the basis of showings that spacings measured from transmitter sites would meet the minimum assignment spacing and principal city coverage requirements. Under the new rules governing minimum spacing requirements, Channel 21 can be assigned to Fort Wayne.

9. Upon our careful consideration of the comments and all the factors involved, we have determined that the public interest will best be served by the assignment of Channel 21 to Fort Wayne. Fort Wayne is the largest community in the area, and the smaller communities of Huntington and Roanoke are in such close proximity to Fort Wayne that the utilization of Channel 21 at Fort Wayne will provide additional television service to those communities and many other communities in the area. We are not unmindful of the desire of Huntington for a local outlet or the demand for the use of Channel 21 at Roanoke. Those communities, however, are so near to Fort Wayne and so much smaller, that any station located in either of them would include Fort Wayne in its coverage and service area, and while in competition with Fort Wayne stations, would be at a competitive disadvantage because of its location. We have just concluded a study extending over many months in the general television allocation proceeding of ways and means to solve the problems inhibiting the expansion of the television service; and in our Report and Order of June 26, 1956, we outline our proposed long-range and interim course of action. Our interim plans are directed to improving the opportunities for effective competition among a greater number of stations in many areas. We do not believe that the utilization of Channel 21 in Huntington or Roanoke would be in accord with this objective, and we are of the view that its utilization in Fort Wayne would improve the competitive television situation in the area and provide more effective television service to the entire area.

10. While we have determined that Channel 21 should be assigned to Fort Wayne, we are of the view that this assignment should be made available for application by any interested party and that Anthony Wayne Broadcasting's request that it be made available to the Channel 69 applicants should be rejected. We also believe that there is no justification for withholding our decision in this proceeding pending final action on the petition of Tri-State Television, Inc., for shifting Channel 15 from Angola to Fort Wayne.

11. Authority for the adoption of the amendment herein is contained in sections 4 (i), 303 (c), (d), (f) and (r) and 307 (b) of the Communications Act of 1934, as amended.

12. In view of the foregoing: *it is ordered*, That effective August 27, 1956, the Table of Assignments contained in § 3.606 of the Commission's rules and regulations is amended, insofar as the cities named are concerned, as follows:

(a) Add:

City:	Channel No.
Fort Wayne, Ind----	21+, *27+, 33-, 69

(b) Delete Huntington, Indiana, from the table.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies secs. 303, 307, 48 Stat. 1082, 1083; 47 U. S. C. 303, 307.)

Adopted: July 19, 1956.

Released: July 23, 1956.

[Rules Amdt. 3-23]

PART 3—RADIO BROADCAST SERVICES

REFERENCE POINTS AND DISTANCE COMPUTATIONS

In the matter of amendment of § 3.611 (a) (2) of the Commission's rules and regulations.

1. The Commission has before it for consideration its Notice of Proposed Rule Making issued in this proceeding on May 24, 1956, and published in the FEDERAL REGISTER on May 30, 1956 (21 F. R. 3699), proposing to amend § 3.611 (a) (2) of the rules and regulations so as to permit a 5-mile tolerance in making assignments to communities which do not meet the minimum separation requirements to an existing transmitter site in another community provided transmitter sites are available which would meet the minimum spacing requirements.

2. Three parties, American Broadcasting Company, Tri-State Television, Inc., and National Broadcasting Company, Inc., filed comments generally supporting the proposed amendment or its objective. The latter two parties suggested certain modifications or revisions.

3. ABC urges that there is sound reason for adopting the amendment since it would raise no serious question with respect to engineering standards or policy and would introduce an element of flexibility in the allocation of channels which might help to improve the television situation in particular communities. ABC submits, however, that the degree of flexibility permitted by the amendment in applying spacing requirements, although useful and a step in the right direction, is too limited to solve the basic television problem of providing an adequate number of competitive assignments in many communities, and for that reason it had proposed much more extensive modification of spacing requirements in the general allocation proceeding in Docket No. 11532.

4. Tri-State Television urges that the proposed amendment would encourage the utilization of unoccupied channels assigned to towns too small to support a station by permitting the reassignment of the channel to a larger community where there is a greater chance for successful operation. It contends, however, that the scope of the amendment is too restricted since the 5-mile limitation is not sufficiently flexible to accomplish this purpose, and since, under the terms of the proposed amendment, it would not accommodate the situation where an existing station, hard-pressed to survive in a small town, proposes reassignment of its channel to a nearby city capable of supporting it. Tri-State urges that there are even more compelling reasons for relaxing spacing requirements to afford relief to existing stations than to potential telecasters, and it urges that the amendment be modified to take care of both types of situations by permitting channel assignments or reassignments even though minimum separation requirements cannot be met, provided that transmitter sites are available which would meet the required spacings and the minimum field intensity over the community.

5. NBC favors the general objective of the amendment—to increase the utility of channels by permitting additional assignments without degrading service. It claims that the proposed rule can be useful in any revision of the allocation plan because it permits the creation of additional competitive VHF markets and UHF-only markets. However, NBC believes that, to avoid compounding the present allocation problem, prior to the adoption of an overall reallocation plan or principles, the proposed amendment should be made applicable to only two types of situations: (1) Where 2 VHF or 2 UHF markets can be converted to three or more VHF or UHF markets; and (2) in the creation of new UHF-only markets where, by reason of the proposed mileage tolerance, it is possible to reassign to a VHF market any non-operating VHF station or any VHF stations which commenced operation as a consequence of the Commission's Orders of November 10, 1955. NBC urges that to the extent that the proposed amendment permits a station to identify itself with a more important market, its economic status can be enhanced and its prospects for successful commercial operation and capacity to render greater public service improved. It points out that adoption of the amendment will not adversely affect service since station licensees will still have the same responsibility and opportunity to serve their entire service areas, including the smaller communities therein. It cautions, however, that the proposed amendment may result in some limitations on possible future transmitter moves by existing stations, and it suggests that the Commission guard against such a result by either requiring a new station authorized as a result of the amendment to comply with a 5-mile increase in the applicable minimum spacing provision in locating its transmitter site or by allowing an adversely affected existing station in any future move a 5-mile reduction in the minimum station separation requirement with respect to the new station. NBC agrees with Tri-State that limiting the reduction in the minimum assignment separations to only 5 miles is unnecessarily restrictive since adequate interference protection and service quality is insured by the requirement that the transmitter sites meet all technical requirements relating to minimum spacing and principal city coverage.

6. Sarkes Tarzian, Inc., applicant for a new station at Roanoke, Indiana (BPCT-1988), filed a peition in this proceeding requesting withdrawal of the Notice. There is no merit to its argument that the Commission's statement of policy with respect to minimum spacing requirements in its Report and Order of June 26, 1956, in the general allocation proceeding (Docket No. 11532), being broader than the 5-mile tolerance proposal, constitutes grounds for cancelling this proceeding. The Commission took no action in the allocation proceeding to implement its policy statement by amendment of the rules. Since the subject proceeding was instituted to consider amendment of the pertinent section of the rules and the degree of relaxation which should be permitted in the minimum assignment spacing requirements, it is proper for the Commission to effectuate its policy statement in this proceeding.

7. We have carefully considered the comments filed in this proceeding and conclude that the mileage separation requirements should be relaxed to make assignments possible to communities, even though they do not meet present mileage separation requirements, when transmitter sites are available which do meet all technical requirements on minimum spacings and principal city coverage. We also conclude that there is no need to limit the relaxation of the assignment spacing requirements to 5 miles nor to cases where an authorized transmitter site is available for use as a reference point in the communities to which measurements must be made, as originally proposed in this proceeding. As pointed out in the comments, these limitations are unnecessarily restrictive in view of the fact that adherence to the technical standards and the quality of service can be assured by permitting channel assignments on the basis of spacings measured from transmitter sites only when such sites meet all minimum spacing and minimum signal requirements.

8. We reached this same conclusion in our Report and Order of June 26, 1956, in the general allocation proceeding in Docket No. 11532. In outlining the immediate steps which we proposed to take to improve the opportunities for effective competition among a greater number of stations, we pointed out that in appropriate instances it might be desirable to make changes in channel assignments which could meet all requirements of the present rules, including minimum transmitter spacing requirements, except the present minimum spacing requirements from the city where a new assignment is proposed. We stated that "since it is the spacing from the transmitter that is critical, we believe, that it will be in the public interest to relax the present rules in order to permit new assignments that can be utilized within reasonable distance from the city in conformity with the minimum spacing requirement." While this relaxation of the rules will provided no cure-all for the television problems which have been impeding the expansion of the television service, it will provide needed flexibility in the making of channel assignments which will permit additional service and more effective competition among stations in some communities.

9. We are therefore amending the mileage separation rules along the lines suggested by Tri-State to permit channel assignments on the basis of showings that spacings measured from transmitter sites meet the minimum assignment spacing and principal city coverage requirements. The added flexibility permitted in making channel assignments by the amendment will be useful in the situations mentioned by NBC, but we do not believe it desirable to limit the application of the amendment to such situations. We also believe that it is neither necessary nor desirable, on the basis of the information before us at this time, to include in the amendment any provision to insure that it will not adversely affect possible future plans of existing stations to move their transmitter sites.

10. Authority for the adoption of the amendment herein is contained in sections 4 (i), 301, 303 (c), (d), (f) and (r), and 307 (b) of the Communications Act of 1934, as amended.

11. In view of the foregoing: *It is ordered*, That effective August 27, 1956, Part 3 of the Commission's rules and regulations is amended, as follows:

Section 3.611 (a) is amended by adding a new subparagraph (4) thereof, to read as follows:

(4) Where the distance between the reference point in a community to which a channel is proposed to be assigned and the reference point in another community or communities does not meet the

minimum separation requirements of § 3.610, the channel may be assigned to such community upon a showing that a transmitter site is available that would meet the minimum separation requirements of § 3.610 and the minimum field intensity requirements of § 3.685. In such cases, where a station is not authorized in the community or communities to which measurements from the proposed channel assignment must be made pursuant to § 3.610, a showing should also be made that the distance between suitable transmitter sites in such other community or communities and the proposed transmitter site for the new channel meet the Commission's minimum spacing and coverage requirements.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies secs. 301, 303, 307, 48 Stat. 1081, 1082, 1083; 47 U. S. C. 301, 303, 307)

Adopted: July 19, 1956.

Released: July 23, 1956.

[Docket No. 11369; FCC 56-758]

[Rules Amdt. 3-25]

PART 3—RADIO BROADCAST SERVICES

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of Assignments,* rules governing television broadcast stations (Moses Lake, Wash.).

1. The Commission has before it for consideration its Notice of Proposed Rule Making (FCC 55-484) issued in this proceeding on April 21, 1955, with respect to the petition of KSEM, Inc., for the assignment of television Channel 8 to Moses Lake, Washington. In order to accomplish this assignment, Channel 11 must be substituted for Channel 8 in Walla Walla, and the offset carrier requirement for Channel 11 in Tacoma must be changed from 11+ to 11−.[1]

2. Comments were filed by KSEM, Inc., Moses Lake, Washington; Basin TV Company, Ephrata, Washington; the Mayor of Moses Lake and other individual parties.

3. KSEM, Inc. submits in support of its request that the assignment of Channel 8 to Moses Lake would bring a VHF service to an area which presently has no VHF service and has no operating UHF stations; that it would provide service to a large number of persons who do not at present receive any Grade B signals or better; and that the proposed assignment would conform to the Commission's rules and standards

4. Basin TV Company, permittee of television Station KBAS-TV authorized to operate on Channel 43 at Ephrata[2] filed an opposition to the KSEM proposal and advanced a counterproposal designed to deintermix the VHF and UHF channel assignments in the general area. Basin TV notes that it is the permittee of a UHF station in Ephrata, only 19 miles from Moses Lake, and submits that a VHF station in Moses Lake would create intermixture in the area, placing the UHF stations at a competitive disadvantage and deterring the building and operation of other UHF stations. Basin TV advances a counterproposal to deintermix the area by deleting one of the two VHF channels assigned to Walla Walla and reserving the other for education, as follows:

City	Channel No.	
	Present	Proposed
Walla Walla	5, 8, *22	*5, 22, 11, 50
Ephrata	43	16
Moses Lake	------	30 or 43
Kennewick	25	31
Richland	31	25

Basin TV explains that the change in Ephrata is necessary in order to make a UHF channel available in Moses Lake, and requests that the Commission order it to show cause why its authorization for Station KBAS-TV at Ephrata should not be modified to specify operation on Channel 16 in place of Channel 43.

5. In opposition to the deintermixture counterproposal, KSEM contends that such deintermixture would result in a large "white area" in which many communities and persons would not receive television service from any existing station. KSEM argues that service can be provided for the North Central Washington region only by a wide-coverage VHF station in light of the terrain factors and population distribution in this area. In reply to the contention concerning "white area", Basin TV submits that in the event the UHF assignments in the area, including that proposed for Moses Lake, are employed with maximum power and antenna height of 1000 feet above average terrain no "white area" would result.[3]

6. The Commission on June 25, 1956, adopted a Report and Order in its general television allocation proceeding in Docket No. 11532, outlining a long-range program designed to improve the television allocation structure and at the same time specifying the bases on which consideration would be given to interim channel changes, with a view to improving the immediate television situation in particular communities and areas. The proposal to assign a first VHF channel in the Moses Lake area, we believe, would not be consistent with the objectives enunciated in that Report and Order. All of the assignments in the Moses Lake area are presently in the UHF band and we believe the record indicates that this area will be adequately served by UHF. The Moses Lake area is one which especially conduces to the growth of UHF service. Assigning a VHF channel in Moses Lake would tend to inhibit such growth. We are of the view, therefore, that the assignment of Channel 8 to Moses Lake would not serve the public interest. We do believe, however, that the assignment of a television channel to Moses Lake is warranted and we are therefore assigning UHF Channel 61 to this community.

7. While we have concluded that the Moses Lake area should remain UHF by rejecting the proposal to assign Channel 8, we are not of the view that we should adopt the suggestion of Basin TV to make Walla Walla a UHF area by deleting from commercial use the two VHF channels assigned there. Walla Walla is situated at a sufficient distance from Moses Lake so that the operation of VHF stations in Walla Walla would not have serious adverse effect on UHF operations in the Moses Lake area. Two commercial VHF channels are presently assigned to Walla Walla in addition to one UHF channel reserved for education. Basin TV has not established a basis in this proceeding for deletion of the two VHF channels from commercial use in Walla Walla. Walla Walla is presently a VHF community and we believe that there is no necessity for revising the allocations in this area at this time.

8. Authority for the adoption of the amendment herein is contained in sections 4 (i), 301, 303 (c), (d), (f) and (r) and 307 (b) of the Communications Act of 1934, as amended.

9. In view of the foregoing: *It is ordered,* That the petition of KSEM, Inc. and the counterproposal of Basin TV Company are denied.

10. *It is further ordered,* That effective August 27, 1956, the Table of Assignments contained in § 3.606 of the

[1] The Notice specified that comments were to be filed by May 16, 1955, with reply comments 10 days thereafter. On May 26, 1955, KSEM, Inc., filed a request for an extension of time until June 1, 1955, to reply to comments filed by Basin TV Company. KSEM urged that the NARTB Convention and the press of other business made the extension necessary. KSEM filed its reply comments on June 1, 1955; and on June 10, 1955, Basin TV Company filed a reply, urging that such a pleading was necessary to complete the record, since its counterproposal was in the nature of a new proposal. The Commission has considered all of the above comments in this proceeding.

[2] Basin TV Company received an authorization for Channel 43 at Ephrata on May 4, 1955. However, on July 5, 1955, the Commission upon the protest of KSEM, Postponed the effective date of this grant and ordered a hearing (Docket No. 11414). The hearing has been completed and final Decision is being awaited.

[3] KSEM advances a number of contentions directed to the fact that the UHF station in Ephrata is proposed to be operated as a satellite. In addition, on October 5, 1955, KSEM filed a Motion to Incorporate Related Data From Docket No. 11414 (the protest hearing) in the rule making proceeding. KSEM asks the Commission to incorporate the transcript, the exhibits and the findings of the parties in the protest hearings. However, the Commission does not believe that it would be appropriate to incorporate the record of the protest hearing into this rule making proceeding. KSEM has had full opportunity to present its comments in this proceeding and we see no necessity for burdening the rule making proceeding with evidence relating to the issues in the protest matter. The Motion of KSEM is therefore denied.

Commission's rules and regulations is amended as follows:

(a) Add:

City:	Channel
Moses Lake, Wash.	61

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies secs. 301, 303, 307, 48 Stat. 1081, 1082, 1083; 47 U. S. C. 301, 303, 307)

Adopted: July 19, 1956.

Released: July 25, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 56-6068; Filed, July 26, 1956; 8:50 a. m.]

[Docket No. 11374]

PART 7—STATIONS ON LAND IN THE MARITIME SERVICES

PART 8—STATIONS ON SHIPBOARD IN THE MARITIME SERVICES

ASSIGNABLE FREQUENCIES

In the matter of amendment of Parts 7 and 8 of the Commission's rules to delete the frequencies 6240 kc and 6455 kc and to make the frequency 4372.4 kc available on a full-time basis for ship and coast stations using radiotelephony on the Mississippi River and connecting inland waterways (except the Great Lakes).

The Commission's Report and Order of July 6, 1956, in the above-entitled matter (FCC 56-648) which was published in the FEDERAL REGISTER on July 18, 1956, at page 5361 is corrected as follows:

Appendix 4, Item B.3. This item amends § 8.351 (d) (11) of the Commission's rules. In subparagraph (11) the frequency 8205.5 kc was erroneously listed as 8025.5 kc. As corrected, § 8.351 (d) (11) reads as follows:

(11) The frequency 8205.5 kc is authorized for use on the Mississippi River and connecting inland waters (except the Great Lakes) upon the express condition that transmission on this frequency during the period from 8:00 p. m. until 5:00 a. m., c. s. t. is prohibited.

Released: July 20, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 56-6041; Filed, July 26, 1956; 8:46 a. m.]

[Rules Amdt. 10-10]

PART 10—PUBLIC SAFETY RADIO SERVICES

MISCELLANEOUS AMENDMENTS

In the matter of amendment of Part 10 of the Commission's rules governing Public Safety Radio Services to conform with Part 17 Construction, Marking, and Lighting of Antenna Structures.

The Commission, having under consideration amendment of Part 10, "Rules Governing Public Safety Radio Services", to conform with changes recently effected in Part 17 (§ 17.3) of the Commission's rules:

It appearing that the existing provisions of Part 10 with respect to the circumstances under which applications shall be accompanied by FCC Form 401-A are at variance with the requirements of Part 17; and

It further appearing that the substance of the amendment herein ordered has already been the subject of formal rule making in Docket 11306, which resulted in Amendment of Part 17 by Report and Order released April 30, 1956, Mimeo 30395, 21 F. R. 2952; and

It further appearing that general notice of proposed rule making under section 4 of the Administrative Procedure Act is unnecessary because this amendment is editorial in nature and solely for the purpose of conforming Part 10 with Part 17, and that for the same reason this amendment may become effective 10 days after the date of this Order;

It is ordered, This 23d day of July 1956, that, pursuant to authority contained in sections 4 (i) and 303 (f), (q), and (r) of the Communications Act of 1934, as amended, and Section 0.341 (a) of the Commission's Statement of Organization, Delegations of Authority and Other Information, Part 10 of the Commission's rules governing Public Safety Radio Services, is amended, effective July 31, 1956, as set forth below.

Released: July 24, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

Amend Part 10, Rules Governing Public Safety Radio Services, in the following respects:

1. Amend § 10.2 (aa) to read as follows:

(aa) *Antenna structure defined.* The term "antenna structure" includes the radiating system, its supporting structures, and any surmounting appurtenances.

2. Amend § 10.58 (d) (1) and (2) to read as follows:

(1) The antenna structures proposed to be erected will exceed an overall height of 170 feet above ground level, except that where the antenna is mounted on top of an existing man-made structure, other than an antenna structure, and does not increase the overall height of such man-made structure by more than 20 feet, no Form 401-A need be filed; or

(2) The antenna structures proposed to be erected will exceed an overall height of one foot above the established airport (landing area) elevation for each 200 feet of distance, or fraction thereof, from the nearest boundary of such landing area, except that where the antenna does not exceed 20 feet above th ground or if the antenna is mounted on top of an existing man-made structure, other than an antenna structure, or natural formation and does not increase the overall height of such man-made structure or natural formation by more than 20 feet, no Form 401-A need be filed.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interpret or apply sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

[F. R. Doc. 56-6069; Filed, July 26, 1956; 8:51 a. m.]

[Docket No. 9892; FCC 56-770]

[Rules Amdt. 13-7]

PART 13—COMMERCIAL RADIO OPERATORS

POSTPONEMENT OF EFFECTIVE DATE

In the matter of amendment of § 13.61 of Part 13 of the Commission's rules governing Commercial Radio Operators defining the operating authority of holders of the Restricted Radiotelephone Operator Permit and the Aircraft Radiotelephone Operator Authorization.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 19th day of July 1956;

The Commission having under consideration amendments to its Commercial Radio Operator rules in Docket 9892 to become effective August 1, 1956, which would place a power limit on the Restricted Radiotelephone Operator Permit and the Aircraft Radiotelephone Operator Authorization with respect to certain aircraft radiotelephone stations; and

It appearing that Aeronautical Radio, and other organizations have filed Petitions for Rehearing requesting that the Commission, prior to August 1, 1956, cancel the action taken in the proceeding or in the alternative suspend the order and designate the matter for hearing; and

It further appearing that insufficient time remains before August 1 to give full consideration to the matter and render a decision.

It is ordered, That pursuant to authority contained in sections 4 (i), 303 (l) and (r) of the Communications Act of 1934, as amended, the effective date of the amendments ordered in Docket 9892 is postponed until further order of the Commission. (The Order in Docket No. 9892 amended § 13.61 (h) and added §§ 13.61 (i) and 13.76.)

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interpret or apply sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Released: July 23, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 973]

[Docket No. AO–178–A8]

HANDLING OF MILK IN MINNEAPOLIS-ST. PAUL, MINNESOTA, MARKETING AREA

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND PROPOSED ORDER AMENDING ORDER

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted at Minneapolis, Minnesota, on April 26, 1956, pursuant to notice thereof which was issued on April 18, 1956 (21 F. R. 2604).

Upon the basis of the evidence introduced at the hearing and the record thereof, the Acting Deputy Administrator, Agricultural Marketing Service, on June 28, 1956 (21 F. R. 4932) filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision and notice of opportunity to file written exceptions thereto.

The only material issues of record related to modifying the definition of "base milk" and revising the base rules to make the base plan more effective in leveling out seasonal production in the market.

Findings and conclusions. The findings and conclusions and general findings of the recommended decision issued June 28, 1956 (21 F. R. 4932, F. R. Doc. 56–5272) are hereby approved and adopted as the findings and conclusions of this decision as if set forth in full herein subject to the following modification:

1. In the first complete paragraph in column 2, 21 F. R. 4933, delete the figure "40" and substitute therefor the figure "30."

2. Delete in its entirety the second complete paragraph in column 2, 21 F. R. 4933.

Rulings on exceptions. In arriving at the findings and conclusions included in this decision, each of the exceptions received was carefully and fully considered in conjunction with the record evidence pertaining thereto. To the extent that the findings and conclusions herein are at variance with the exceptions, such exceptions are overruled.

Determination of representative period. The month of May 1956 is hereby determined to be the representative period for the purpose of ascertaining whether the issuance of the order amending the order, as amended, regulating the handling of milk in the Minneapolis-St. Paul, Minnesota, marketing area in the manner set forth in the attached amending order is approved or favored by producers who, during such period, were engaged in the production of milk for sale in the said marketing area.

Marketing agreement and order. Annexed hereto and made a part hereof are documents entitled "Marketing Agreement Regulating the Handling of Milk in the Minneapolis-St. Paul, Minnesota, Marketing Area", and "Order Amending the Order, as amended, Regulating the Handling of Milk in the Minneapolis-St. Paul, Minnesota, Marketing Area", which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

It is therefore ordered that all of this decision, except the attached marketing agreement be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the order, as amended, and as hereby proposed to be further amended by the attached order which will be published with this decision.

This decision issued at Washington, D. C., this 24th day of July 1956.

[SEAL] EARL L. BUTZ,
Assistant Secretary.

Order[1] Amending the Order, as Amended, Regulating the Handling of Milk in the Minneapolis-Saint Paul, Minnesota, Marketing Area

§ 973.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of each of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Minneapolis-Saint Paul, Minnesota, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act.

(2) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the said marketing area, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activity specified in, a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof, the handling of milk in the Minneapolis-St. Paul, Minnesota, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order is hereby amended as follows:

1. Amend § 973.17 by deleting the words "on which the milk was produced" at the end of said section.

2. Amend § 973.75 to read as follows:

§ 973.75 *Determination of base for each producer.* (a) Any producer who delivers milk to a pool plant during the delivery periods of July, August, September and October shall have a daily base computed by the market administrator to be applicable during the following January through June equal to the total pounds of milk delivered in the four-month period divided by the number of days of production represented by such deliveries during such period but not less than 90: *Provided,* That for the year 1956 such base-forming period shall be the delivery periods of August, September and October and the base of a producer shall be determined by dividing his total deliveries during such three-month period by the number of days of production represented by such deliveries but not less than 78, and

(b) Any producer not eligible to receive a base pursuant to the provisions of paragraph (a) of this section shall have a base for each of the months of January through June equal to 30 percent of such producer's deliveries to a pool plant during such month.

3. Delete § 973.76 and substitute therefor the following:

§ 973.76 *Establishing new bases.* Any producer for whom a base has been established pursuant to § 973.75 (a) may relinquish such base for the following base-paying period by notifying the market administrator prior to December 31. The daily base of such producer shall then be determined pursuant to § 973.75 (b).

[F. R. Doc. 56-6086; Filed, July 26, 1956; 8:54 a. m.]

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, governing proceedings to formulate marketing agreements and marketing orders have been met.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 3]

[Docket No. 11792; FCC 56–741]

RADIO BROADCAST SERVICES

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of assignments,* television broadcast stations (Nacogdoches-Tyler, Texas-Lake Charles, Louisiana).

1. Notice is hereby given of rule making in the above-entitled matter.

2. The Commission has before it for consideration the petition filed on March 21, 1956, by Lee Scarborough of Nacogdoches, Texas, requesting an amendment of § 3.606 *Table of assignments* Television Broadcast Stations, so as to assign Channel 19 to Nacogdoches by its deletion from Tyler, Texas and Lake Charles, Louisiana. The petition proposes to substitute Channel 61 for Channel 19 in Tyler and Channel 66 for Channel 19 in Lake Charles. The proposal is summarized as follows:

City	Channel No.	
	Present	Proposed
Nacogdoches, Tex	40+	* 19−, 40+
Tyler, Tex	7, 19−, 72	7, 61+, 72
Lake Charles, La	7−, *19, 25, 60+	7−, 25, 60+, *66

3. In support of his petition Lee Scarborough urges that Nacogdoches has no television station; that it depends upon stations in Lufkin and Tyler for service; and that he and others have considered operating a station on Channel 40 assigned there and have considered it impractical at this time. It is urged that the channel requested was in use in Tyler, 65 miles distant and that receivers in the area are therefore capable of tuning to that channel. The petitioner asserts that the proposed assignments will comply with separation requirements and that he will file an application for facilities if the instant proposal is granted.

4. The Commission is of the view that rule making proceedings should be instituted in order that interested parties may submit their views and relevant data.

5. Authority for the adoption of the amendment is contained in section 4 (i), 301, 303 (c), (d), (f) and (r), and 307 (b) of the Communictions Act of 1934, as amended.

6. Any interested party who is of the opinion that the proposed amendment should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before August 22, 1956, a written statement or brief setting forth his comments. Comments in support of the proposed amendment may also be filed on or before the same date. Comments or briefs in reply to the original comments may be filed within 10 days from the last day for filing said original comments. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional comments is established.

7. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: July 19, 1956.

Released: July 24, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

RADIO BROADCAST SERVICES

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of assignments,* television broadcast stations, (Nadine, New Mexico—Monahans, Texas).

1. Notice is hereby given of rule making in the above-entitled matter.

2. The Commission has before it for consideration the petition filed on April 13, 1956, and supplemented on May 23, 1956, by Video Independent Theatres, Inc., requesting an amendment of § 3.606 *Table of assignments,* television broadcast stations, so as to assign Channel 9— to Nadine, New Mexico and substitute Channel 35— in Monahans. The proposal is summarized as follows:

City	Channels	
	Present	Proposed
Nadine N. Mex		9−
Monahans, Tex	9−	35−

3. In support of its request, the petitioner states that the proposal meets all separation requirements and that if successful, it will apply for authority to operate a low-power station at Nadine.

4. The Commission is of the view that rule making proceedings should be instituted in this matter in order that interested parties may submit their views and relevant data.

5. Authority for the adoption of the amendment is contained in sections 4 (i), 301, 303 (c), (d), (f) and (r) and 307 (b) of the Communications Act of 1934, as amended.

6. Any interested party who is of the opinion that the amendment proposed by petitioners should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before August 22, 1956, a written statement or brief setting forth his comments. Comments in support of the proposed amendment may also be filed on or before the same date. Comments or briefs in reply to the original comments may be filed within 10 days from the last day for filing said original comments. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional comments is established.

7. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: July 19, 1956.

Released: July 24, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 56-6071; Filed, July 26, 1956; 8:51 a. m.]

[Docket No. 11794; FCC 56–743]

RADIO BROADCAST SERVICES

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of assignments,* television broadcast stations (Missoula-Kalispell, Montana-Sandpoint, Idaho.

1. Notice is hereby given of rule making in the above-entitled matter.

2. The Commission has before it for consideration the petition filed on April 12, 1956, by Montana Broadcasting Company, Missoula, Montana, requesting an amendment of § 3.606 *Table of assignments,* television broadcast stations, so as to assign Channel 8— to Missoula, substitute Chanel 9+ for Channel 8— in Kalispell, Montana, and substitute Channel 23— for Channel 9+ in Sandpoint, Idaho. The proposal is summarized as follows:

City	Channels[1]	
	Present	Proposed
Missoula, Mont	*11−, 13−, 21+	8−, *11−, 13−, 21+
Kalispell, Mont	8−	19+
Sandpoint, Idaho	9+	23−

[1] Petitioner proposes Channel 9 with a plus offset. We believe, however, that a minus offset will represent a more efficient allocation.

3. In support of its request, the petitioner states that it is the licensee of Radio Station KBTK, Missoula, that it desires to enter television broadcasting but there is no VHF channel available to it in that city for commercial use. In order to provide Missoula with its second commercial VHF station the changes proposed would be necessary to provide required station separations.

4. The Commission is of the view that rule making proceedings should be instituted in this matter in order that interested parties may submit their views and relevant data.

5. Authority for the adoption of the proposed amendment is contained in sec-

tions 4 (i), 301, 303 (c), (d), (f) and (r) and 307 (b) of the Communications Act of 1934, as amended.

6. Any interested person who is of the opinion that the amendment proposed by petitioners should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before August 22, 1956, written data, views or arguments setting forth his comments. Comments in support of these proposals may also be filed on or before the same date. Comments or briefs in reply to the original comments may be filed within 10 days from the last day for filing said original comments or briefs. No additional comments may be filed unless (1) specifically requested by the Commission, or (2) good cause for the filing of such additional comments is established.

7. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: July 19, 1956.

Released: July 24, 1956.

[Docket No. 11796; FCC 56-744]

RADIO BROADCAST SERVICES

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of assignments*, television broadcast stations (Fort Wayne-Angola, Indiana).

1. Notice is hereby given of rule making in the above-entitled matter.

2. The Commission has before it for consideration the petition filed on February 3, 1956 by Tri-State Television, Inc., requesting an amendment of § 3.606, Table of Assignments, television broadcast stations so as to assign Channel 15 to Fort Wayne, Indiana, removing this channel from Angola, Indiana and substituting Channel 77 therefor as follows:

City	Channel No.	
	Present	Proposed
Fort Wayne, Ind	[1] 21+, *27+, 33-, 69	15+, 21+, *27+, 33-, 69
Angola, Ind	15+	77

[1] Channel 21 was assigned to Fort Wayne in an action taken by the Commission this day in the Proceeding in Docket 11715.

The petition also requests the Commission to issue an Order to Show Cause why its authorization should not be modified to specify Fort Wayne as the station location.

3. In support of its petition, Tri State sets forth that it is the permittee of Television Station WINT operating with studios at Waterloo, Indiana on Channel 15 assigned to Angola, that its transmitter is about 17 miles north of Fort Wayne and that it renders a city-grade service (80 dbu or better) to that city.[1] While admitting that the required spacings of § 3.698 are not met as measured from the center of the city of Fort Wayne, petitioner states that the transmitter site now in use meets all spacing requirements and that the reassignment of its channel would permit the station to locate its main studios in Fort Wayne and to be identified therewith.

4. The petition is opposed by James R. Fleming survivor of James R. Fleming and Paul V. McNutt doing business as Anthony Wayne Broadcasting and by Northeastern, Indiana, Inc.

5. The Commission is of the view that the proposal warrants the issuance of proposed rule making in order to afford all interested parties an opportunity to submit their views and supporting data for our consideration in reaching a decision. We believe, however, that an Order to Show Cause would not be issued at this time. Such Show Cause proceedings as may be necessary and appropriate will be instituted at the termination of this rule making proceeding.

6. Authority for the adoption of the amendments herein is contained in sections 4 (i), 303, 303 (c), (d), (f) and (r), and 307 (b) of the Communications Act of 1934, as amended.

7. Any interested party who is of the opinion that the proposed amendment should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before August 22, 1956 a written statement or brief setting forth his comments. Comments in support of the proposed amendment may also be filed on or before the same date. Comments or briefs in reply to the original comments may be filed within 10 days from the last day for filing said original comments. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional comments is established.

8. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: July 19, 1956.

Released: July 23, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 56-6073; Filed, July 26, 1956; 8:51 a. m.]

[1] On June 13, 1956, the Commission authorized the transfer of Station WINT on Channel 15 in Waterloo, Indiana, to Universal Broadcasting Company, Inc., owners of 100 percent of the stock of Radio Fort Wayne, Inc. Universal stated in its application that it will surrender its permit for Station WANE-TV on Channel 69 in Fort Wayne. The transfer becomes effective 45 days from June 13th.

[47 CFR Part 3]

[Docket No. 11362; FCC 56-776]

RADIO BROADCAST SERVICES

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of assignments*, rules governing television broadcast stations (Fresno, California).

1. The Commission has before it for consideration its Notice of Proposed Rule Making and Order to Show Cause issued in this proceeding on April 13, 1955 (FCC 55-457). The Notice was issued pursuant to the petition of John H. Poole, tr/as John Poole Broadcasting Company, permittee of Station KBID-TV on Channel 53 in Fresno, California, requesting that the Table of Assignments contained in § 3.606 of the Commission's rules be amended by changing the educational reservation in Fresno from Channel 18 to Channel 53, or alternatively, by interchanging Channel 53 and Channel 30 between Fresno and Madera, California. Poole further requested that the Commission order it to show cause why its outstanding authorization for KBID-TV should not be modified to specify operation on either Channel 18 or Channel 30 in place of Channel 53.

2. Poole filed comments in support of the proposed amendments and a reply to the Order to Show Cause. Oppositions to the proposal to shift the educational reservation in Fresno from Channel 18 to Channel 53 were filed by various educatonal organizations. Comments were also filed by 3 UHF broadcasters in the Fresno area and by one of the applicants for a construction permit for Chapnel 12 in Fresno. In a reply to the comments Poole indicated that it was willing to abandon its proposal to shift the educational reservation in Fresno and to prosecute only its request that Channel 30 be shifted from Madera.

3. Subsequently, on November 10, 1955, the Commission instituted a general television allocation proceeding in Docket No. 11532 and on June 25, 1956, adopted a Report and Order in that proceeding outlining a long range program designed to improve the television allocation structure and at the same time specifying the bases on which it would consider interim channel changes to improve the immediate television situation in individual communities. As a part of this interim program of channel reassignments the Commission on June 25, 1956, adopted a Notice of Proposed Rule Making in Docket No. 11759 proposing the following channel changes in the Fresno area:

City	Channel No.	
	Present	Proposed
Fresno, Calif	12, *18, 24, 47, 53	*18, 24, 30, 47, 53
Madera, Calif	30	53
Santa Barbara, Calif	3, 20, 26	3, 12, 20, 26

4. Since the changes under consideration in this proceeding are included within the broader Commission proposal in Docket No. 11759, the instant proceeding may now be dismissed. Poole may now prosecute its proposal to shift Channel 30 to Fresno in the new proceeding in Docket No. 11759 and, as indicated in the Notice issued in that proceeding, other interested parties may file comments in support of or in opposition to the proposed reassignment of Channel 30. While we have proposed shifting Channel 30 from Madera to Fresno, we are not in a position, at this stage in the proceeding, to consider which applicant should operate on Channel 30 in Fresno. Accordingly, the Order to Show Cause issued in this proceeding will be dismissed.

5. In view of the foregoing: *It is ordered*, That the petition of John H. Poole, tr as John Poole Broadcasting Company and the Order to Show Cause previously issued to John H. Poole, are dismissed and this proceeding is terminated.

Adopted: July 19, 1956.

Released: July 23, 1956.

FEDERAL COMMUNICATIONS COMMISSION.

RADIO BROADCAST SERVICES

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of assignments*, rules governing television broadcast stations.

1. The Commission has under consideration its Notice of Proposed Rule Making issued on June 1, 1955 (FCC 55-627) and published in the FEDERAL REGISTER on June 8, 1955, (20 F. R. 3961) proposing to amend the television Table of Assignments by shifting the educational reservation in Des Moines from VHF Channel 11 to a UHF frequency in order to make Channel 11 available for commercial use. The Notice of Proposed Rule Making was issued pursuant to a petition filed by Rib Mountain Television, Inc., licensee of Station KGTV-TV, operating on Channel 17 in Des Moines.

2. Comments in support of the KGTV proposal were filed by KGTV and by Town & Farm Co., the licensee of standard broadcast Station KIOA in Des Moines. A letter in support of the KGTV proposal was also filed by O. V. Olsen of Des Moines. Oppositions to the proposal were filed by the following: The Joint Committee on Educational Television; the Iowa Joint Committee on Educational Television; Des Moines Adult Educational Council; Des Moines Educational Television Council; Independent School District of Des Moines; J. C. Wright, Superintendent of Public Instruction; Drake University; the Director of Adult Education For The Des Moines Public Schools; The Boone City Council of Parents-Teachers Association; League of Women Voters; Thomas Boyt and Educational Developments, Inc. Letters expressing general opposition to the KGTV proposal were also filed by the following: Iowa Congress of Parents and Teachers; The Des Moines Council of Parents-Teachers Association; Ralph C. Norris, Superintendent of Schools, Polk County, Iowa; Harry Boyd, Chairman of the Iowa Citizens Committee for Educational Television; The American Association of University Women in Des Moines; the Television Foundation of South Florida; James A. Sheldon, Director of Adult Education Des Moines Public Schools; the Independent School District of Des Moines; the Educational Television Council of Des Moines; Senator Mike Monroney; Ralph Lowell, Trustee of Lowell Institute; Leland Hazard, President of WQED, Pittsburgh, Pa.; Educational Television, Inc., Jacksonville, Fla.; Irving Saloman, Escondido, California; and Julian Bondurant, President of Memphis Community Television Foundation.

3. In support of its petition KGTV contends that the public interest requires that Channel 11 be made available, in whole or in substantial part, for commercial operation; that UHF in Des Moines has received a fair trial by KGTV and has been found inadequate to provide Des Moines the commercial station which the Commission has determined it should have; that the Des Moines area is now receiving a substantial and adequate educational service from WOI-TV and; that continued reservation of Channel 11 means that it would lie fallow and unused for the indeterminate future because local educators do not need and are unlikely to be able to sustain another television station in the Des Moines area. In its comments filed on July 1, 1955, KGTV proposed, for the first time, that the Commission formally establish a new classification of television assignments, i. e., mutual commercial-educational, and make Des Moines Channel 11 available for special use. On such a station both commercial and educational interests would be licensed by the Commission to operate the station in accordance with arrangements which would be submitted to, and approved by, the Commission as part of the licensing process. KGTV contends that the proposed new commercial-educational allocations would foster educational television by providing an effective solution to the problem of finance, and would put an end to the continued waste, through nonuse of the reserved channels.

4. Town & Farm Co., Inc., the licensee of standard broadcast Station KOIA in Des Moines, in its comments in support of the KGTV proposal, alleges that there is a pressing need for another commercial television station in Des Moines and that Des Moines will be limited to two commercial stations unless another VHF channel is made available for commercial use. It argues that the present Ames-Des Moines assignments constitute an over-balance of educational facilities in that of the four VHF channels allotted to the area, two have been assigned for use by educators; and further, that the continued reservation of Channel 11 in Des Moines would serve no useful purpose since the legislature has already rejected proposed legislation for a noncommercial educational station on Channel 11; that educational institutions and groups in Des Moines have WOI-TV available and; that if, in the future, WOI-TV is unable to satisfy the needs and requirements for educational broadcasting, a UHF channel will be available.

5. The arguments of the various educational interests in opposition to the proposal are substantially similar. They contend that educational television can develop only if the Commission continues to reserve channels for educational purposes in order to give educational institutions sufficient time to construct and operate television stations; that since the issuance of the Sixth Report and Order establishing the educational reservations, the educational interests have made great strides in using television for education; and that finalization of the KGTV proposal would pose a threat to the educational reservations throughout the nation and cause specific and real injury to educational groups in Des Moines and to their plans for a statewide educational service, of which the Des Moines Channel 11 is an integral and vital part. They argue that they have made substantial progress looking toward the establishment of such a statewide television network and the ultimate utilization of Channel 11. They point to programs broadcast over WOI-TV in which the various groups have participated; to the growth of classroom receivers in the Des Moines area; to the many meetings which have been held in which plans and proposals for educational television stations have been discussed, and to their participation in the drafting of legislation to establish a statewide educational network. They argue that reservation of Channel 11 in Des Moines is not only crucial in the development of any statewide plan, but also is important in the metropolitan area in Des Moines itself. They allege that WOI-TV does not and cannot adequately serve the requirements in Des Moines area for educational television; that its programs must necessarily be directed to a heterogeneous audience composed of rural town and city populations, including Des Moines; that accordingly, it cannot program to meet the needs of the Des Moines area; and further, that the limited time and facilities available at WOI-TV and the distance from Ames to Des Moines make it difficult, if not impossible, for the educational groups in Des Moines to use WOI-TV as a Des Moines educational outlet. They argue further that UHF is not adequate for use by the Des Moines educational station; that because of the comparatively low rate of conversion in the Des Moines area educational television could not be expected to attain its desired potential, or even to survive if required to use a UHF channel.[1]

[1] KGTV's Motion to Strike the comments filed by Iowa State College of Agriculture and Mechanic Arts, is dneied. It is clear from the Iowa State College pleading that it sought expressly to avoid taking a position on the substantive matters involved in this pro-

6. The reservation of channel assignments for noncommercial educational use was based on recognition of the fact that educational institutions would require a longer time than commercial interests to prepare for television. At the same time, the Commission recognized that unused channels could not be reserved for an excessively long period. When, as in this proceeding, the Commission is called upon to decide upon requests to make an unused reserved channel available for commercial use, our decision is dependent upon application of the two foregoing principles to the circumstances of the individual community concerned. The local need for an additional commercial outlet, the readiness of commercial broadcasters to use the channel, and the prospects for its eventual use for educational broadcasting all bear on a determination of whether the public interest would be served better by retention or discontinuance of the local reservation.

7. Des Moines is now served by three VHF stations, two of which are operating on locally assigned Channels 8 and 13. The third VHF service in Des Moines is provided by Station WOI–TV operating on commercial Channel 5, assigned to Ames, Iowa. Although Channel 5 is licensed to an educational institution, Channel 5 is not an educational channel and WOI–TV carries commercial programs. The record indicates that if Channel 11 at Des Moines were made available for commercial use, the channel would be applied for. Thus, the proposal under consideration envisages the provision of a fourth commercial VHF service in the Des Moines area. This could be accomplished, however, only at the expense of eliminating the possibilities for the eventual construction and operation of an educational television station at Des Moines, on Channel 11, which was reserved in our Table of Assignments for this purpose. The essential question before us, therefore, is whether the need for a fourth commercial VHF station in the Des Moines area outweights the desirability of continuing to preserve the opportunity, afforded by the reservation of Channel 11, for the construction and operation of a local noncommercial, educational station on that channel. In making this determination, it is appropriate to consider the prospects for utilization of Channel 11 for educational purposes.

8. Comments filed in this proceeding by numerous public and private educational institutions and civic groups reflect active interest in bringing a local educational television service to Des Moines, and recount the organizational and other steps which have been taken toward achieving this goal. While these efforts have not yet succeeded in solving the difficult problem of financing the actual construction and operation of a station, the record indicates that the local sponsors of educational television propose continuing and augmented efforts to obtain the requisite financial support.

9. In these circumstances, we are not persuaded that the public interest would be served by making a fourth commercial VHF television outlet available at the expense of frustrating the efforts being actively pursued to make possible the construction and operation of a local educational television station on Channel 11.

10. On July 11, 1956, Rib Mountain filed a pleading entitled "Request for Immediate Finalization of Completed Rule Making Proceeding", seeking immediate action to make Channel 11 at Des Moines available for commercial use. In a Reply to this Request filed with the Commission on July 16, 1956, the Educational Television Council of Des Moines requested, inter alia, a full hearing with opportunity for oral argument before final decision, if the Commission were disposed to unreserve Channel 11. The parties to this rule making proceeding have, however, had ample opportunity to submit all relevant facts, data and views in writing for our consideration. On the basis of our careful review of the extensive comments and reply comments which have been submitted, we do not believe that the hearing sought by the Council would provide meaningful additional assistance to us in reaching our decision.

11. In its Reply of July 16, 1956, the Educational Television Council of Des Moines also submitted information concerning certain recent developments on the Des Moines educational television project. In a "Response" to this pleading Rib Mountain objected to inclusion of these statements as part of the record upon which our decision is based. Since nothing in the Reply of July 16, 1956 affords a basis for revising the conclusions to which we have come upon our consideration of the timely comments filed in this proceeding, it is not necessary to decide whether it would be appropriate to reopen this proceeding in order to receive further comments and reply comments concerning developments since the date previously designated for the filing of comments.

12. In light of our decision herein it is not necessary that we pass upon Rib Mountain's comment regarding the establishment of a new classification of television station involving joint commercial and non-commercial use. This action would constitute a basic departure from the policies underlying the educational reservation, and should not, we think, be considered in the limited context of a single community, since it would have potential effect on all reserved assignments including both those in use, and those not yet in use.

13. We have not been persuaded that it would be in the public interest to grant KGTV's request for authority to operate on Channel 11 pending a determination of this proceeding. The Commission rejected such a request by KGTV in the Notice of Proposed Rule Making in this proceeding. The arguments advanced by KGTV in support of its request do not outweigh the reasons for our previous decision on this request.

14. In view of the foregoing: *It is ordered*, That the petition filed by Rib Mountain Television, Inc., on February 17, 1955, is denied, insofar as it requests removal of Channel 11 at Des Moines from the educational reservation, and the proceedings herein are terminated.

Adopted: July 19, 1956.

Released: July 23, 1956.

FEDERAL COMMUNICATIONS COMMISSION,[1]

[SEAL] MARY JANE MORRIS, *Secretary.*

[F. R. Doc. 56-6044; Filed, July 26, 1956; 8:46 a. m.]

ceeding. It was entirely proper for it to file a statement to correct what it considered to be erroneous statements to the Commission even though those statements were clearly irrelevant to the matter under consideration. However, we are accepting KGTV's pleading as a response to the College's comments as requested alternatively by KGTV.

[1] Commissioners Bartley, Doerfer, and Lee dissenting.

[2] This proposal would also require a change in the offset carrier requirement for Channel 62 in Frederick, Maryland, from 62+ to 62 even.

[3] This proposal would also require a change in the offset carrier requirement for the Channel 26 assignment in New London, Connecticut, from 26+ to 26−.

[47 CFR Part 3]

[Docket No. 11499; FCC 56-736]

RADIO BROADCAST SERVICES

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of assignments*, rules governing television broadcast stations.

1. Notice is hereby given that the Commission has received conflicting proposals for rule making in the above-entitled matter.

2. On September 9, 1955, the Commission issued a Notice of Proposed Rule Making (FCC 55-940) proposing to amend § 3.606 *Table of assignments*, television broadcast stations, so as to assign Channel 26+ to Shinglehouse, Pennsylvania, Channel 37 to Clymer, New York, and substitute Channel 62+ for Channel 37 in Meadville, Pennsylvania. This Notice was issued in response to a petition filed on June 17, 1955, by the WGR Corporation, Buffalo, New York.[2]

3. On December 8, 1955, the Lycoming Broadcasting Company, Williamsport, Pennsylvania, filed a petition requesting rule making to amend the Table of Assignments so as to assign Channel 26+ to Williamsport, Pennsylvania.[3] In view of the fact that Shinglehouse and Williamsport are only about 80 miles apart and that this distance is far less than the required co-channel spacing for UHF assignments, Channel 26 cannot be assigned to both communities. The petitions are therefore mutually exclusive. On January 9, 1956, WGR Corporation filed an opposition to this request.

4. The Commission also has before it for consideration the petition of H. J. Williams, M. E. Cousler, and Lowell W. Williams, d/b as The Helm Coal Company, permittee of Station WNOW–TV on Channel 49 in York, Pennsylvania, filed on August 1, 1955, requesting that rule making be instituted to amend the television Table of Assignments so as to assign Channel 21 to York, Pennsylvania to replace Channel 49 as follows :

City	Channel No.	
	Delete	Add
York, Pa	49	21+
Lancaster, Pa	21+	49

Harold C. Burke held a permit to operate Station WWLA on Channel 21 in Lancaster. However, on January 17, 1956, this permit was deleted. Petitioner requests that the Commission direct it to show cause why its outstanding authorization should not be modified to specify operation on the proposed new assignment.

5. The Commission also has before it the conflicting petition of The Patriot-News Company, permittee of Station WTPA on Channel 71 in Harrisburg, Pennsylvania, filed on July 15, 1955, requesting an amendment of the Table of Assignments so as to assign Channel 21 to Harrisburg, Pennsylvania, in place of Channel 71 as follows:

City	Channel No.	
	Delete	Add
Pennsylvania:		
Harrisburg	71+	21+
Lancaster	21+	71+
Williamsport	36−	36+

As noted, the Patriot-News Company operates Station WTPA on Channel 71. WRAK, Incorporated, holds a permit to operate Station WRAK–TV on Channel 36 in Williamsport, but the station has not yet been constructed. As noted above, the permit for Station WWLA, which was authorized to operate on Channel 21 in Lancaster, was deleted on January 17, 1956. Petitioner requests that the Commission direct it and WRAK–TV to show cause why their outstanding authorizations should not be modified to specify operation on the new assignments proposed for the communities.

6. The Commission further has a petition filed on April 27, 1956, by the Susquehanna Broadcasting Co., permittee of Station WSBA–TV on Channel 43 in York, requesting the substitution of Channel 21 for 43 in York as follows:

City	Channel No.	
	Delete	Add
York, Pa	43	21+
Lancaster, Pa	21+	43

Petitioner requests that the Commission direct it to Show Cause why its outstanding authorization should not be modified to specify operation on the proposed new assignment.

7. Channel 21 cannot be assigned to both York and Harrisburg because the distance between the cities is well below the required 155-mile co-channel spacing for UHF assignments in Zone I. The three petitions are therefore mutually exclusive and must be considered together. In addition, the Harrisburg request conflicts with the WGR and Lycoming requests since the Patriot-News Company petition would delete Channel 36 from Williamsport and Lycoming would retain it there, and since WGR would place Channel 26 in Shinglehouse at less than the required spacing from Williamsport where Patriot-News would assign this frequency. Therefore, these requests should all be considered in the same proceeding.

8. The Commission believes that further rule making should be instituted in this proceeding in order that the above conflicting requests may be considered and that all interested parties may have the opportunity of presenting their views on the various proposals to the Commission.

9. Authority for the adoption of the amendments proposed by petitioners herein is contained in sections 4 (i), 301, 303 (c), (d), (f) and (r), 307 (b) and 316 of the Communications Act of 1934, as amended.

10. Any interested party who is of the opinion that the amendments proposed by the WGR Corporation, Lycoming Broadcasting Company, The Helm Coal Company, Susquehanna Broadcasting Co., or The Patriot-News Company, should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before August 22, 1956, a written statement or brief setting forth his comments. Comments in support of the proposed amendments may also be filed on or before the same date. Comments or briefs in reply to the original comments may be filed within 10 days from the last day for filing said original comments. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional comments is established. The Commission will consider all such comments that are submitted before taking action in this matter, and if any comments appear to warrant the holding of a hearing or oral argument, notice of the time and place of such hearing or oral argument will be given.

11. The various parties have requested the Commission to issue Orders to Show Cause why their authorizations should not be modified to specify operation on the proposed channels. We believe, however, that Orders to Show Cause should not be issued at this time and that such further show cause proceedings as may be necessary can be instituted at the termination of this rule making proceeding.

12. In accordance with provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: July 19, 1956.

Released: July 23, 1956.

FEDERAL COMMUNICATIONS COMMISSION,

[SEAL] MARY JANE MORRIS, *Secretary.*

[F. R. Doc. 56-6045; Filed, July 26, 1956; 8:46 a. m.]

[47 CFR Part 3]

[Docket No. 11749; FCC 56-738]

RADIO BROADCAST SERVICES

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of assignments*, television broadcast stations, (Peoria, Illinois, Davenport, Iowa-Rock Island-Moline, Illinois.)

1. Notice is hereby given of further rule making in the above-entitled matter.

2. On June 25, 1956, the Commission issued a Notice of Proposed Rule Making in the above-entitled matter proposing the following channel changes:

City	Channel No.	
	Present	Proposed
Galesburg, Ill	40	77
Peoria, Ill	8, 19, *37, 43	19, 25, *37, 43
Rock Island, Ill	(See Davenport, Iowa)	8

(Offset carrier designations for the various channels to be specified in the final Report and Order.)

3. Upon further consideration of this matter, the Commission has concluded that the public interest would be served by assigning an additional UHF channel to Peoria and is therefore now proposing to assign Channel 31 to that community. The proposed channel changes for Peoria would then be as follows:

City	Channel No.	
	Present	Proposed
Peoria, Ill	8, 19, *37, 43	19, 25, 31, *37, 43

4. Any interested party who is of the view that the proposed amendments should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before September 10, 1956, a written statement setting forth his comments. Comments supporting the proposed amendments may also be filed on or before the same date. Comments in reply to original comments may be filed within 15 days from the last date for filing said original comments. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional comments is established.

5. Authority for the adoption of the amendments proposed herein is contained in sections 1, 4 (i) and (j), 301, 303 (a), (b), (c), (d), (e), (f), (g), (h) and (r) and 307 (b) of the Administrative Procedure Act.

6. In accordance with the provisions of § 1.764 of the rules, an original and 14 copies of all written comments shall be furnished the Commission.

Adopted: July 19, 1956.

Released: July 23, 1956.

[Docket No. 11799; FCC 56-753]

RADIO BROADCAST SERVICES

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of assignments*, rules governing television broadcast stations (Columbia, South Carolina).

1. Notice is hereby given of rule making in the above-entitled matter.

2. The Commission has before it for consideration a petition, filed January 16, 1956 and amended June 25, 1956, by Palmetto Radio Corporation, permittee of television Station WNOK-TV, authorized to operate on Channel 67 in Columbia, South Carolina, for rule making to amend § 3.606 *Table of assignments*, television broadcast stations, so as to assign Channel 5 to Sandy Run, South Carolina, by substituting either Channel 4 or Channel 7 for Channel 5 in Charleston, South Carolina. Petitioner requests that WCSC, Inc. be ordered to show cause why its authorization for operation of Station WCSC-TV, Charleston, South Carolina, should not be modified to specify operation on Channel 4 or Channel 7 in place of Channel 5.

3. In support of its request, petitioner states that it now serves the Columbia area by operating station WNOK-TV on UHF Channel 67 in Columbia. It desires to provide a second VHF service to the Columbia area by operating WNOK-TV on Channel 5 in Sandy Run, a community approximately 15 miles south-southeast of Columbia. As petitioner avers, the allocation of Channel 5 to Sandy Run would require that the present assignment of Station WCSC-TV in Charleston be changed from Channel 5 to another channel. Petitioner contends that either Channel 4 or Channel 7 could be substituted for Channel 5 in accordance with the mileage separation requirements of our rules.

4. On February 14, 1956, and July 17, 1956, WCSC, Inc. (WCSC-TV) filed Oppositions to the proposal. A second Opposition was filed on April 2, 1956 by The Washington Post Company, licensee of Station WMBR-TV (Channel 4), Jacksonville, Florida. Both opponents assert that, although the proposal to require WCSC-TV to operate on Channel 4 would meet the requirements of § 3.610 there would be inadequate co-channel spacing between WCSC-TV and WMBR-TV on Channel 4. These stations are 198.5 miles apart, and virtually all of the path between them is over water. Thus, opponents allege, there would be excessive interference due to the high level of tropospheric propagation. As an additional reason for denial of the request, WCSC, Inc. contends that the substitution of some other channel for Channel 5 at WCSC-TV would entail a substantial expense for that licensee and might result in a disruption of its service and an inconvenience to the public.

5. The Commission on June 25, 1956, adopted a Report and Order in its general television allocation proceeding in Docket No. 11532, outlining a long-range program designed to improve the television allocation structure and at the same time specifying the bases on which it would consider channel changes in the interim with a view to improving the immediate television situation in individual communities. In that Report and Order the Commission determined that it would be desirable in some instances to add an additional VHF assignment which meets all of the requirements of the present rules with the exception that the minimum spacing from the city where the new assignment is proposed would not be met. In those instances we stated that the proponents of channel changes should demonstrate that a transmitter site is available which would meet all transmitter spacing requirements.

6. Petitioner asserts that a new station on Channel 5 in Sandy Run would serve the entire Columbia area. Because of the proximity of Sandy Run to Columbia, a television station with a transmitter site in or near Sandy Run could, under the Commission's new separation requirements, be licensed as a Columbia facility. Accordingly, the Commission is of the view that any allocation of Channel 5 in the Columbia area should be specified as a Columbia assignment.

7. The Commission is of the view that rule making proceedings should be instituted in this matter in order that all interested parties may submit their views and relevant data.

8. We do not believe, however, that we should direct WCSC, Inc., at this stage in this proceeding to show cause why its authorization for Station WCSC-TV, Charleston, South Carolina, should not be modified to specify operation on either Channel 4 or Channel 7 in place of Channel 5. Such additional show cause proceedings which may be necessary will be instituted at a later date.

9. Any interested party who is of the view that the proposed amendment should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before September 10, 1956, a written statement setting forth his comments. Comments supporting the proposed amendment may also be filed on or before the same date. Comments in reply to original comments may be filed within 15 days from the last date for filing said original comments. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional comments is established.

10. Parties submitting comments in this proceeding are requested to direct their attention to the matters discussed in paragraph 31 of the Commission's Report and Order in Docket No. 11532. All data indicating television coverage should be filed in accordance with the procedures specified in paragraphs 38-40 of the said Report and Order.

11. Authority for the adoption of the amendment proposed herein is contained in sections 1, 4 (i) and (j), 301, 303 (a), (b), (c), (d), (e), (f), (g), (h) and (r) and 307 (b) of the Communications Act of 1934, as amended, and section 4 of the Administrative Procedure Act.

12. In accordance with the provisions of § 1.764 of the rules, an original and 14 copies of all written comments shall be furnished the Commission.

Adopted: July 19, 1956.

Released: July 23, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

DEPARTMENT OF THE INTERIOR

Bureau of Mines

[Regional Administrative Order No. 2-B]

CERTAIN OFFICIALS, REGION I

DELEGATION OF AUTHORITY TO EXECUTE CONTRACTS

1. In accordance with the provisions of paragraph 205.2.4A (4) of the Bureau of Mines Manual, the following officials of Region I, Bureau of Mines, may, subject to the limitations herein prescribed, execute and approve contracts and purchase orders for equipment, supplies, or services, including maintenance and repairs in conformity with applicable regulations and statutory requirements, except that contracts and purchase orders in the following categories require approval by the Regional Director, Region I, or the Director, Bureau of Mines (see subparagraph 205.2.4A (1)):

(a) Any for more than $500.
(b) Purchase of land.
(c) Printing and binding.
(d) Automobiles and trucks.
(e) Microfilm equipment and services over $100.
(f) Construction.
(g) Alterations and repairs to buildings in excess of $500.
(h) Drilling.
(i) Working fund agreements with other Government agencies.
(j) Cooperative agreements on research programs.
(k) Office furniture and machines.

Assistant Regional Director for Alaska: *Provided*, That under this subparagraph the Fiscal limitation of Item (a) shall be $2000.

Superintendent, Northwest Experiment Station, Seattle, Washington.

Chief, Spokane Field Office, Spokane, Washington.

Chief, Division of Administration, Albany, Oregon.

Procurement and Supply Officer, Division of Administration, Albany, Oregon.

Designated Engineers in charge of field projects.

2. Change orders and extra work orders—with respect to any contract (including a contract approved by the Director or the Regional Director, Region I) the officials mentioned above may, up to $500, issue change orders and extra work orders pursuant to the contract, enter into any modifications and amendments of the contract which are legally permissible, and terminate the contract if such action is legally authorized.

3. Authorities delegated by this order may not be redelegated without the approval of the Regional Director, Region I.

4. The delegations contained herein supersede those in Regional Administrative Order No. 2 dated January 24, 1955, and 2-A dated April 15, 1955.

MARK L. WRIGHT,
Acting Regional Director, Region I.

Approved: July 17, 1956.

THOS. H. MILLER,
Acting Director, Bureau of Mines.

Office of the Secretary

KANSAS, SOUTH DAKOTA, AND TEXAS

DISASTER ASSISTANCE; DELINEATION OF DROUGHT AREAS

Pursuant to Public Law 875, 81st Congress, the President determined on August 26, 1954, that a major disaster occasioned by drought existed in the State of Kansas; the President determined on July 12, 1956, that a major disaster occasioned by drought existed in the State of South Dakota; and the President also determined on July 21, 1954, that a major disaster occasioned by drought existed in the State of Texas and extended that determination on September 19, 1955.

Pursuant to the authority delegated to me by the Administrator, Federal Civil Defense Administration (18 F. R. 4609; 19 F. R. 2148, 5364; 20 F. R. 4664), and for the purposes of section 2 (d) of Public Law 38, 81st Congress, as amended by Public Law 115, 83d Congress, and section 301 of Public Law 480, 83d Congress, the following counties in the following States were determined on July 12, 1956, to be affected by the above-mentioned major disasters.

Kansas: Ford, Rawlins, Scott, Thomas.
South Dakota: Beadle, Buffalo, Hand, Hughes, Hyde, Jerauld, Lyman, Sully.
Texas: Garza, Nolan, Shackelford.

Done at Washington, D. C., this 23d day of July 1956.

[SEAL] TRUE D. MORSE,
Acting Secretary.

[F. R. Doc. 56-6054; Filed, July 26, 1956; 8:48 a. m.]

DEPARTMENT OF THE TREASURY

Office of the Secretary

[CGFR 56-28]

COMMANDANT, U. S. COAST GUARD

DELEGATION OF FUNCTIONS

By virtue of the authority vested in me by Reorganization Plan No. 26 of 1950 and 14 U. S. C. 631, there are transferred to the Commandant, U. S. Coast Guard, the functions of the Secretary of the Treasury under:

1. Public Law 548, 84th Congress, approved June 4, 1956.
2. Public Law 549, 84th Congress, approved June 4, 1956.

The Commandant shall have final action on appeals made in accordance with section 1 (d) of this act.

3. Public Law 64, 84th Congress, approved June 8, 1955.

The Commandant may make provisions for the performance by subordinates in the Coast Guard of all functions contained in the above acts except the issuance of regulations and the action taken on appeals made in accordance with section 1 (d), Public Law 549, 84th Congress.

Dated: July 24, 1956.

[SEAL] DAVID W. KENDALL,
Acting Secretary of the Treasury.

[F. R. Doc. 56-6067; Filed, July 26, 1956; 8:50 a. m.]

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

STATEMENT OF ORGANIZATION AND DELEGATIONS OF AUTHORITY

MISCELLANEOUS AMENDMENTS

Part 10 of the Statement of Organization and Delegations of Authority of the Department (20 F. R. 1996), is amended as follows:

1. SEC. 10.10 *Organization.* (a) The Food and Drug Administration shall consist of:

Office of the Commissioner: Division of Administrative Management. Division of Federal-State Relations.
Bureau of Enforcement.
Bureau of Medicine.
Bureau of Biological and Physical Sciences.
Bureau of Field Administration.
Bureau of Program Planning and Appraisal.

* * * * * * *

2. Paragraph (a) of Section 10.20 *Assignment of responsibilities* is amended by adding thereto the following:

(3) Following civil defense food and drug responsibilities delegated to the Secretary by FCDA Delegation No. 1 (19 F. R. 4546, subject to the coordination for the Department as a whole by the Assistant Secretary for Federal-State Relations:

(a) Plan a national program, conduct research, develop technical guidance for States, and direct Federal activities designed to meet the extraordinary needs for food and drug inspection and control in attacked areas.

(b) During a civil defense emergency, employ temporarily additional personnel without regard to the civil service laws as may be required to meet the civil defense requirements of an attack or of an anticipated attack, subject to such departmental administrative policies and procedures as may be issued to govern emergency operations.

(c) During a civil defense emergency, incur such obligations on behalf of the United States as may be required to meet the civil defense requirements of an at-

tack or of an anticipated attack, subject to such departmental fiscal policies and procedures as may be issued to govern emergency operations.

(d) Disseminate such civil defense information as may be approved from time to time by the Federal Civil Defense Administration.

(4) Authority to certify true copies of documents in the files of the Food and Drug Administration and, pursuant to section 1601, Title 42, U. S. C., to cause the seal of the Department to be affixed.

Dated: July 20, 1956.

[SEAL] HEROLD C. HUNT,
Acting Secretary.

[F. R. Doc. 56-6057; Filed, July 26, 1956; 8:49 a. m.]

FEDERAL COMMUNICATIONS COMMISSION

[Docket Nos. 10286, 10287; FCC 56-774]

ENTERPRISE CO. AND BEAUMONT BROADCASTING CORP.

MEMORANDUM OPINION AND ORDER REOPENING THE RECORD AND DESIGNATING APPLICATIONS FOR FURTHER HEARING ON STATED ISSUES

In re applications of The Enterprise Company, Beaumont, Texas, Docket No. 10286, File No. BPCT-743; Beaumont Broadcasting Corporation, Beaumont, Texas, Docket No. 10287, File No. BPCT-762; for construction permtis for new television station.

1. The Commission has under consideration (1) its Decision in The Enterprise Company, released August 6, 1954, 9 RR 816; (2) a Memorandum Opinion and Order in that proceeding denying Enterprise's petition for reconsideration, released January 28, 1955, 9 RR 818u; (3) the Opinion of the United States Court of Appeals for the District of Columbia Circuit, dated December 29, 1955, in The Enterprise Company v. Federal Communications Commission, — U. S. App. D. C. —, 13 RR 2033; (4) a petition for prompt institution of further proceedings filed on March 13, 1956, by The Enterprise Company; (5) opposition to petition for prompt institution of further proceedings filed on March 21, 1956, by Beaumont Broadcasting Corporation; and (6) a reply to the opposition filed on March 27, 1956, by The Enterprise Company.[1]

2. On March 17, 1956, Beaumont filed a petition for writ of certiorari in the Supreme Court of the United States; this was denied on April 30, 1956. Pursuant to the mandate of the Court of Appeals, further hearing and consideration of the applications herein is necessary.

3. The Commission, in its Memorandum Opinion and Order released January 28, 1955, addressed to the petition for reconsideration before it filed by The Enterprise Company on September 7, 1954, affirmed its final decision in favor of Beaumont Broadcasting Corporation. In the Memorandum Opinion and Order the Commission noted that an executory agreement, entered into between Beaumont Broadcasting Corporation and KTRM, Inc., had been filed with it under an "information" rule of the Commission; that the terms thereof, should it become definitive in the future, would require Commission approval under another—and explicit—rule of the Commission; that until that contingency occurred the matter was not before the Commission for consideration; that if the contingency occurred Commission determinations with respect thereto would be made under settled processes of the Commission.

4. The Court of Appeals viewed the matter differently: it remanded the proceeding to the Commission to take into account, in the hearing process, the aforesaid agreement. Although the Court also expressed the opinion that the comparison between the "competing applicants" should be kept active as a requirement of due process, it stated that the grant to Beaumont need not be set aside by the Court or by the Commission prior to reopening of the record and consideration of the new evidence.

5. In the circumstances the Commission is required to return this proceeding to a Hearing Examiner for the completion of comparative proceedings in accordance with the directions contained in the decision of the United States Court of Appeals, notwithstanding a construction permit has been awarded to, and is held by, Beaumont Broadcasting Corporation.

Accordingly, it is ordered, That the record herein is reopened and remanded to the examiner for further hearing and for the preparation of an Initial Decision, said further hearing to be held at the offices of the Commission in Washington, D. C., at a time and date subsequently to be specified;

It is further ordered, That the further hearing be upon the following issues:

(1) To determine the effect upon the comparative qualifications of Beaumont Broadcasting Corporation and The Enterprise Company of that certain agreement dated December 15, 1954, between Beaumont, W. P. Hobby and KTRM. In this connection, the present record in this proceeding shall be supplemented by the receipt of evidence concerning (a) the making of, and the terms and the character of, said agreement as the same shall bear upon the processes of the Commission and the public interest; (b) the effect of said agreement upon the financial status of Beaumont Broadcasting Corporation.

(2) To determine whether or not, in the public interest, convenience and necessity, in the light of the facts adduced under issue (1) and the present hearing record, the permit issued to Beaumont Broadcasting Corporation should be rescinded, or should be awarded to The Enterprise Company.

It is further ordered, That the petition filed on March 21, 1956 by The Enterprise Company is granted insofar as the relief requested is afforded by the foregoing.

Adopted: July 20, 1956.

Released: July 23, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 56-6048; Filed, July 26, 1956; 8:47 a. m.]

[1] KTRM, Inc., was an applicant in the original proceeding. Its application was denied by the Commission's Decision released August 6, 1954. Its petition for reconsideration and related pleadings were withdrawn by a letter of December 17, 1954. Consequently, its application is no longer before the Commission.

[Docket No. 11800; FCC 56-759]

WESTERN UNION TELEGRAPH CO.

ORDER DESIGNATING MATTER FOR HEARING AND INVESTIGATION

In the matter of charges, classifications, regulations and practices for and in connection with certain Interstate and Foreign Telegraph Services of The Western Union Telegraph Company.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 19th day of July 1956;

The Commission, having under consideration Transmittal Letter No. 4366, and:

(1) Revised tariff schedules filed by The Western Union Telegraph Company to become effective July 29, 1956, designated as follows:

THE WESTERN UNION TELEGRAPH COMPANY

Tariff F. C. C. No. 229:
6th Revised Page 9A.
9th Revised Page 25.
11th Revised Page 26.
Tariff F. C. C. No. 232:
8th Revised Page 6.
7th Revised Page 7.
7th Revised Page 8.
10th Revised Page 9.

amending certain schedules contained in its tariffs, entitled Money Order Services and Domestic Telegraph Rates, respectively;

(2) Revised tariff schedules filed by The Western Union Telegraph Company to become effective August 1, 1956, designated as follows:

THE WESTERN UNION TELEGRAPH COMPANY

Tariff F. C. C. No. 185:
50th Revised Page 9.
43d Revised Page 11.
37th Revised Page 12.
41st Revised Page 13.
41st Revised Page 15.
44th Revised Page 17.
48th Revised Page 18.
29th Revised Page 22.
36th Revised Page 23.
57th Revised Page 27.
8th Revised Page 27A.
44th Revised Page 28.
8th Revised Page 28A.
35th Revised Page 29.
52d Revised Page 31.
35th Revised Page 32.
43d Revised Page 33.
58th Revised Page 34.
47th Revised Page 35.
49th Revised Page 36.
21st Revised Page 36A.
44th Revised Page 37.
56th Revised Page 41.
61st Revised Page 42.
45th Revised Page 43.
39th Revised Page 44.
Tariff F. C. C. No. 198:
22d Revised Page 19.

Tariff F. C. C. No. 208:
9th Revised Page 8.
7th Revised Page 9.
7th Revised Page 10.
7th Revised Page 11.
9th Revised Page 12.
16th Revised Page 24.
4th Revised Page 26.

amending certain schedules contained in its tariffs, entitled Baseball-Sports Ticker Service, Quotation Service and Quotation Service by Message, respectively;

(3) A revised tariff schedule filed by The Western Union Telegraph Company to become effective September 1, 1956, designated as follows:

THE WESTERN UNION TELEGRAPH COMPANY

Tariff F. C. C. No. 233:
3d Revised Page 65A, Rule 13.03.

amending a schedule contained in its tariff entitled International Telegraph Service;

(4) Revised tariff schedules filed by The Western Union Telegraph Company to become effective November 1, 1956, designated as follows:

THE WESTERN UNION TELEGRAPH COMPANY

Tariff F. C. C. No. 216:
40th Revised Page 10, matter marked (I) and (T).

amending certain schedules contained in its tariff entitled Baseball-Sports Service by Message and Direct Wire.

It appearing that the above-cited schedules contain new and increased charges for certain interstate and foreign communication services, together with certain new classifications, regulations and practices, and that the Commission is unable to determine from an examination of the above-cited tariff schedules whether the charges, classifications, regulations and practices therein contained will be lawful under the Communications Act of 1934, as amended;

It further appearing that The Western Union Telegraph Company proposes to amend its applicable tariff schedules to effect increases in the charges for interstate press messages;

It further appearing that if the above-cited tariff schedules are permitted to become effective on the dates specified therein, the rights and interests of the public may be adversely affected thereby;

It is ordered, That, pursuant to sections 201, 202, 204, 205 and 403 of the Communications Act of 1934, as amended, the Commission shall enter upon a hearing and investigation concerning the lawfulness of the charges, classifications, regulations and practices set forth in the above-cited tariff schedules;

It is further ordered, That, pursuant to section 204 of the Communications Act of 1934, as amended, the operation of the above-described tariff schedules is hereby suspended, unless otherwise ordered by the Commission; as follows:

(1) The above-described revised tariff schedules filed to become effective July 29, 1956, are suspended until October 29, 1956,

(2) The above-described revised tariff schedules filed to become effective August 1, 1956, are suspended until November 1, 1956,

(3) The above-described revised tariff schedule filed to become effective September 1, 1956, is suspended until December 1, 1956,

(4) The above-described revised tariff schedules filed to become effective November 1, 1956, are suspended until February 1, 1957;

and that during said periods of suspension no changes shall be made in said tariff schedules or in the charges, classifications, regulations or practices sought to be altered thereby, unless authorized by special permission of the Commission;

It is further ordered, That, without in any way limiting the scope of the investigation, it shall include consideration of the following specific matters:

1. The operating revenue and allowable revenue deductions which The Western Union Telegraph Company may reasonably be expected to experience during a reasonable future period from its landline operations and the related rate base for such period;

2. The effect of increased wages, effective June 1, 1956, and January 1, 1957, on Western Union's operating expenses to be allowed in approving rates for the future, and the proper apportionment of such expenses to each of the services and classifications offered by the Company;

3. The lawfulness under the Communications Act of 1934, as amended, of the proposed 20 cents a message discount on all sent-paid messages in excess of 50 such messages filed by tieline in a month by a customer;

4. The increased rates for interstate Press messages which Western Union proposes to file and the lawfulness thereof under the Communications Act of 1934, as amended;

5. The lawfulness under the Communications Act of 1934, as amended of the relationships among the proposed charges in the several rate zones for each of the classes of message telegraph service;

6. Whether the above-mentioned tariff schedules will subject any person or class of persons to unjust or unreasonable discrimination or give any undue or unreasonable preference or advantage to any person, class of persons or locality, or subject any person, class of persons or locality to any undue or unreasonable prejudice or disadvantage within the meaning of section 202 (a) of the Communications Act of 1934, as amended;

7. Whether any of the charges, classifications, regulations or practices contained in the above-mentioned tariff schedules are or will be unjust and unreasonable within the meaning of section 201 (b) of the Communications Act of 1934, as amended;

8. Whether the Commission should prescribe just and reasonable charges, classifications, regulations, and practices or the maximum or minimum or maximum and minimum charges to be hereafter followed with respect to the services governed by the tariffs herein suspended, as well as for Press messages, and, if so, what charges, classifications, regulations and practices should be prescribed.

It is further ordered, That, in the event a decision as to the lawfulness of the charges, classifications, regulations and practices herein suspended has not been made during the aforesaid suspension periods, and said charges, classifications, regulations and practices go into effect, The Western Union Telegraph Company and its connecting and concurring carriers shall, until further order of the Commission, keep accurate accounts of all amounts charged, collected or received by reason of the charges set forth in the above-cited tariff schedules, specifying by whom and in whose behalf such amounts are paid; and shall file with the Commission a report on or before the 10th day of each calendar month, commencing December 10, 1956, showing the amounts accounted for as aforesaid during the previous calendar month;

It is further ordered, That, a copy of this order be filed in the offices of the Commission with said tariff schedules herein suspended; that The Western Union Telegraph Company and all carriers listed in its Tariff F. C. C. No. 211 as concurring carriers with respect to matters contained in said tariff schedules herein suspended are hereby made parties respondent to this proceeding; and that a copy hereof be served upon each such respondent; upon the agency of each State which has regulatory jurisdiction with respect to communication rates and services and the National Association of Railroad and Utilities Commissioners;

It is further ordered, That a hearing be held in this proceeding at the offices of the Commission in Washington, D. C., beginning at 10:00 a. m. on the 11th day of September 1956, before a presiding officer to be designated hereafter who shall certify the record to the Commission for decision without preparing either an Initial Decision or a Recommended Decision.

Released: July 20, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 56-6049; Filed, July 26, 1956; 8:47 a. m.]

[Docket Nos. 11180, 11718; FCC 56M-704]

BILL MATHIS AND KEY CITY BROADCASTERS

ORDER CONTINUING HEARING CONFERENCE

In re applications of Bill Mathis, Abilene, Texas, Docket No. 11180, File No. BP-8917; Howard Barrett and Robert H. Nash, d/b as Key City Broadcasters, Abilene, Texas, Docket No. 11718, File No. BP-10278; for construction permits.

The Chief Hearing Examiner having under consideration the motion of Bill Mathis, filed July 19, 1956, that the prehearing conference in the above-entitled proceeding, which is presently scheduled to be held July 24, 1956, be continued without date;

It appearing that the motion is supported by a showing of good and sufficient cause, and that all interested parties consent to the granting thereof and to a waiver of the provisions of section 1.745 of the rules to permit immediate consideration of the matter;

It is ordered, This 19th day of July 1956, that the motion is granted, and that the hearing conference presently scheduled for July 24, 1956 in the above-entitled proceeding is continued without date.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 56-6050; Filed, July 26, 1956; 8:47 a. m.]

[Docket No. 11801; FCC 56-761]

GLOBE WIRELESS, LTD.

ORDER DESIGNATING MATTER FOR HEARING AND INVESTIGATION

In the matter of Globe Wireless Ltd., revision of Tariff F. C. C. No. 33, to increase charges for registered code addresses.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 19th day of July 1956;

The Commission having under consideration a revised tariff schedule, filed by Globe Wireless, Ltd., to become effective September 1, 1956, designated as follows: Globe Wireless Ltd., Tariff F. C. C. No. 33, 6th Revised Page 53, which amends paragraph 3 of Rule 13.1 to read in part as follows:

(3) A charge of $7.00 is made for the registration of a code address for a twelve-month period. A six-month registration may be effected upon a fee of $4.00 • • •

It appearing that under currently effective tariff schedules the rates are $6.00 for a twelve-month period and $3.50 for a six-month period;

It further appearing that since Globe Wireless Ltd. in contravention of § 61.33 of the Commission's rules, furnished no statement whatever giving reasons for the above-described increases in charges or the facts upon which it relied in justification thereof, the Commission is unable to determine from an examination of the aforesaid amendment whether it will be lawful under the Communications Act of 1934, as amended;

It further appearing that if the aforesaid amendment is permitted to become effective on the date specified in the revised tariff schedule, the rights and interests of the public may be adversely affected thereby;

It is ordered, That pursuant to sections 201, 204, 205, and 403 of the Communications Act of 1934, as amended, the Commission shall enter upon a hearing and investigation concerning the lawfulness of the charges set forth in the aforesaid amendment;

It is further ordered, That pursuant to section 204 of the Communications Act of 1934, as amended, the operation of the aforesaid amendment is hereby suspended until the 1st day of December 1956, unless otherwise ordered by the Commission; and that during said period of suspension no changes shall be made in such suspended amendment unless authorized by special permission of the Commission;

It is further ordered, That, without in any way limiting the scope of the investigation, it shall include consideration of the following issues:

(a) The justification, if any, for the increased rates which would demonstrate that they are lawful under Section 201 of the Communications Act of 1934, as amended;

It is further ordered, That a copy of this Order be filed in the offices of the Commission with the tariff schedule containing the amendment herein suspended; that Globe Wireless Ltd. is hereby made a party respondent to the proceeding, and that a copy hereof be served upon said respondent;

It is further ordered, That this matter is designated for hearing at a time and place to be specified in a subsequent order; and that the presiding officer shall certify the record to the Commission without preparing either a recommended or initial decision.

Released: July 20, 1956.

[Docket No. 11737; FCC 56M-701]

LIVINGSTON BROADCASTING CO.

STATEMENT AND ORDER AFTER PREHEARING CONFERENCE

In re application of M. H. Wirth tr/as Livingston Broadcasting Co., Howell, Michigan, Docket No. 11737, File No. BP-10283; for construction permit.

1. Pursuant to Rules 1.813 and 1.841, a prehearing conference was held on July 18, 1956. It was there noted that the mutually exclusive application of Paul A. Brandt, West Branch, Michigan (Docket No. 11736), which had been consolidated for hearing with the instant application, had, on his petition, been dismissed without prejudice on July 17, 1956, by the Chief Hearing Examiner, who at the same time directed that the Livingston application be retained in hearing status. The transcript of the prehearing conference is incorporated by reference.

2. An informal engineering conference will be held on or before July 25, 1956, for the purpose of attempting to arrive at a mutually satisfactory engineering presentation.

3. All exhibits to be offered in support of their direct cases by applicant and respondent shall be furnished counsel and the Hearing Examiner by August 29, 1956, 5 p. m.

4. The evidentiary hearing, now scheduled for September 12, 1956, is continued to September 19, 1956, at 10 a. m., in the offices of the Commission, Washington, D. C.

So ordered, this 19th day of July 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 56-6052; Filed, July 26, 1956; 8:48 a. m.]

[Docket No. 11738, etc.; FCC 56M-709]

SOUTH DADE BROADCASTING CO., INC., ET AL

ORDER AFTER FIRST PREHEARING CONFERENCE

In re applications of South Dade Broadcasting Co., Inc., Homestead, Florida, Docket No. 11738, File No. BP-10009; J. M. Pace, Homestead, Florida, Docket No. 11739, File No. BP-10198; Redland Broadcasting Company, Homestead, Florida, Docket No. 11740, File No. BP-10424; for construction permits.

Appearances: Mr. William Thomson of Washington, D. C., on behalf of South Dade Broadcasting Co., Inc.; Mr. Philip M. Baker of Washington, D. C., on behalf of J. M. Pace; Mr. John P. Southmayd of Washington, D. C., on behalf of Redland Broadcasting Company; and Mr. Ray R. Paul of Washington, D. C., on behalf of the Chief, Broadcasting Bureau, Federal Communications Commission. The respondent, Paul Brake, licensee of Station WWPB, Miami, Florida, was not present or represented.

1. Pursuant to order dated July 3, 1956, and in accordance with §§ 1.813 and 1.841 of the Commission's rules, a prehearing conference was held on July 5, 1956, in which the parties participated by counsel as indicated in the statement of appearances above. The respondent, Paul Brake, licensee of Station WWPB, Miami, Florida, informally consented by telegram to the holding of the conference upon the short notice provided by the order, and his failure to appear in person or by counsel does not constitute any default or waiver of rights on his behalf. Engineering consultants on behalf of the applicant South Dade and Bureau were present, and the other two applicants were represented by their attorneys. The transcript of the proceedings, being Volume 1, pages 1 through 56, is made a part of the record and the rulings and determinations arrived at in conference are set out in this order.

2. The issues designated for hearing are as follows:

1. To determine the areas and populations which would receive primary service from each of the proposed operations, and the availability of other primary service to such areas and populations.

2. To determine whether any of the proposed operations would cause interference to Station WWPB, Miami, Florida; or any other existing standard broadcast stations, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other primary service to such areas and populations.

3. To determine which of the operations proposed in the above-captioned applications would better serve the public interest in the light of the evidence adduced under the foregoing issues and record made with respect to the significant differences between the applications as to:

(a) The background and experience of each of the above-named applicants to own and operate its proposed station.

(b) The proposals of each of the above-named applicants with respect to the [sic] management and operation of the proposed stations.

(c) The programming service proposed in each of the above-mentioned applications.

4. To determine, in the light of the evidence adduced pursuant to the foregoing issues, which, if any, of the applications should be granted.

The first question that arose involved a definition, for the purposes of this hearing, of primary service as used in Issue No. 1.

3. It was contended, primarily on behalf of South Dade, that the showing to be made under the first issue permits evidence upon the matters set out in § 3.188 of the Commission's rules, particularly the proposed signal strengths over the business, factory and residential areas of the city.[1] It was ruled, as urged by Bureau counsel, that the issues in this proceeding, including the primary service Issue No. 1, do not contemplate or permit the consideration of evidence upon the comparative attributes of the applicants' proposals in relation to the transmitter location factors specified in Section 3.188. No special issue directs such inquiry in this proceeding, and when questions exist under the cited section—such as blanket area population problems—an appropriately specific issue is customarily stated in the Commission's order of designation. The primary service referred to in the first issue pertains essentially to the 0.5 mv/m and 2.0 mv/m contours which are deemed adequate for primary service to rural and urban areas respectively. Accordingly, evidence upon the matters discussed in § 3.188 will not be received in this proceeding.[2]

4. The nature of the engineering evidence to be offered was discussed generally but inconclusively because not all engineering consultants were present. It was ascertained that two applicants and Bureau have consulting engineers available in Washington, D. C., that one applicant's engineer resides in Atlanta, Georgia, and it is not known whether Paul Brake has or expects to be assisted by a consulting engineer. It was not then ascertainable whether or to what extent the various parties would rely upon field intensity measurements or soil conductivity values shown in the Commission's Rules in predicting the service contours and interference potentials of the proposed stations. It was recognized that the hearing evidence should rest primarily upon mutually acceptable engineering data, regardless of whether measurement data or map values are relied upon. To achieve uniformity it was agreed that the parties would encourage and assist their engineering representatives to hold informal conferences, in person and by mail, to resolve as fully as possible questions and disagreements that might arise.

5. It was agreed that the applicants will exchange, on or before August 6, 1956, tentative or draft copies of their exhibits upon engineering matters, and that conferences among the parties thereafter will seek to eliminate conflicts and objections. After such preliminary exchange and conferences the applicants, as contemplated by Section 1.841 of the Commission's Rules, shall exchange exhibits in final form upon all matters at issue on or before September 24, 1956. A second prehearing conference will be convened on October 3, 1956. The hearing of evidence shall be commenced on October 10, 1956. It was recognized that scheduling appearances of the witnesses will be discussed at the second prehearing conference and that some modification of the schedule above stated may be required.

6. The exchange of exhibits hereinabove provided for shall be accomplished as follows:

a. The preliminary or draft exhibits to be exchanged on August 6, 1956, shall be provided in duplicate by each applicant to each of the other parties, including Bureau and the respondent, Paul Brake; no copy is to be supplied to or for the Hearing Examiner;

b. The exhibits in final form to be exchanged on September 24, 1956, shall also be provided in duplicate to all parties with one copy to be supplied to the Hearing Examiner;

c. The final form exhibits, to the extent practicable, shall be separately identified by number, shall include consecutively numbered pages in each exhibit, and shall have consecutively numbered lines on each page. The exhibit numbering shall be as follows:

(1) South Dade: beginning at No. 1;
(2) Pace: beginning at No. 101;
(3) Redlands: beginning at No. 201;
(4) Respondent Brake: beginning at No. 301; and
(5) Bureau: beginning at No. 401.

7. It was agreed that the scheduled hearing date of September 11, 1956, shall be set aside as hereinafter ordered. It was also agreed, and is herein ordered, that the effective date of this order for appeal purposes shall be the release date indicated below.

It is ordered, This 20th day of July 1956, that, unless modified for cause or pursuant to the Commission's rules, the foregoing statements and provisions to the extent of their applicability shall govern the conduct of the hearing in this proceeding.

It is further ordered, That the hearing in this matter now scheduled to be commenced on September 11, 1956, be and it is hereby continued to October 3, 1956, and the hearing of evidence shall be commenced on October 10, 1956.

It is further ordered, That for appeal purposes the effective date of this order shall be the release date indicated below.

Released: July 24, 1956.

[Mexican Change List 193]

MEXICAN BROADCAST STATIONS

LIST OF CHANGES, PROPOSED CHANGES AND CORRECTIONS IN ASSIGNMENTS

Notification under the provisions of Part III, Section 2 of the North American Regional Broadcasting Agreement.

---

[1] Section 3.188 of the Commission's rules is in part as follows:

Location of transmitters. (a) The four primary objectives to be obtained in the selection of a site for a transmitter of a broadcast station are as follows:

(1) To serve adequately the center of population in which the studio is located and to give maximum coverage to adjacent areas.

(2) To cause and experience minimum interference to and from other stations.

(3) To present a minimum hazard to air navigation consistent with objectives (1) and (2).

(4) To fulfill certain other requirements given below.

(b) The site selected should meet the following conditions:

(1) A minimum field intensity of 25 to 50 mv/m will be obtained over the business or factory areas of the city.

(2) A minimum field intensity of 5 to 10 mv/m will be obtained over the most distant residential section.

This section also discusses, through its subsection (m), numerous other considerations, all related to the subject of location of transmitters; for example, subsection (m) emphasizes the importance of a field intensity survey, stating in part that, "• • • it is necessary for a higher power station [than a 100 watt station] to make a field-intensity survey to determine that the site selected will be entirely satisfactory." It does not now appear that any applicant has made, or will offer evidence concerning such a transmitter site survey.

[2] The ruling above is explained in part by these statements made on the record by the Hearing Examiner:

"• • • primary service as used in Issue No. 1 in this proceeding is not properly to be construed as permitting evidence upon, or inquiry about, the transmitter location questions that are discussed and provided for in section 3.188 of the rules. Precedent exists for the proposition that, when either the competing parties or the Commission have concern about the matters there presented, those matters are made the subject of special issues. I am not aware of any precedent for permitting inquiry under this general primary service issue into the transmitter location questions. • • •

List of changes, proposed changes, and corrections in assignments of Mexican Broadcast Stations modifying the Appendix containing assignments of Mexican Broadcast Stations (Mimeograph 47214–6) attached to the recommendations of the North American Regional Broadcasting Agreement Engineering Meeting January 30, 1941.

FEDERAL POWER COMMISSION

[Docket No. G–9758]

ATLANTIC SEABOARD CORP.

NOTICE OF PETITION TO AMEND ORDER ISSUING CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY

JULY 16, 1956.

Take notice that Atlantic Seaboard Corporation, a Delaware corporation and a subsidiary of The Columbia Gas System, Inc., having its principal place of business at 1033 Quarrier Street, Charleston, West Virginia, filed on June 8, 1956, a petition to amend the Commission's Order issued March 30, 1956, granting it a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing it to construct and operate certain additional facilities on its pipeline system in Virginia (and West Virginia,) all as more fully represented in said petition to amend, which is on file with the Commission and open for public inspection.

Petitioner states that the estimated gas requirements for the 1956–57 winter have changed and this necessitates a modification in the proposed construction.

Petitioner alleges that the increased peak day requirements of 7.0 MMcf next winter makes it necessary that Applicant install the modified facilities, so that its system will be capable of meeting the estimated peak requirement of each customer, should they all demand such gas on the same day.

Petitioner requests amendment of the Commission's Order issued March 30, 1956, to authorize the construction and operation of:

A. Approximately thirty-two and seven-tenths (32.7) miles of 26-inch gas transmission pipeline, looping approximately 33.4 miles of Petitioner's existing 26-inch gas transmission pipeline and located as follows:

(1) Approximately 15 miles of 26-inch loop, extending in a northeasterly direction from a point approximately 31.7 miles northeast of United Fuel Gas Company's Cobb Compressor Station.

(2) Approximately 8.6 miles of 26-inch loop, extending in a northeasterly direction from a point approximately 8.6 miles southwest of Petitioner's Files Creek Compressor Station.

(3) Approximately 9.1 miles of 26-inch loop, extending in a northeasterly direction from a point approximately 9.1 miles southwest of Petitioner's Seneca Compressor Station.

B. Approximately forty-nine and four-tenths (49.4) miles of 24-inch gas transmission pipeline extending in a southeasterly direction from Petitioner's Lost River Compressor Station, Hardy County, West Virginia to Petitioner's Bickers Compressor Station, Greene County, Virginia.

Petitioner also proposes to delete the 4 months time limit for the completion of construction set by Ordering Paragraph (C) and substitute therefor a time limit of 7 months.

The revised estimate of capital cost of all the facilities proposed in the subject petition is $7,178,800 as compared to the cost of the originally authorized facilities estimated at $8,521,000. The reduction is due to more refined estimating and reduction in length of the proposed crossover line.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before September 4, 1956.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 56–6061; Filed, July 26, 1956; 8:49 a. m.]

[Project No. 1975]

IDAHO POWER CO.

NOTICE OF LAND WITHDRAWAL

JULY 26, 1956.

Pursuant to the filing of application for license on December 3, 1947, and amendments thereof on February 28, 1950, this Commission by letters dated March 18, 1948 and April 13, 1950, gave notice to the Bureau of Land Management of the withdrawal of 509.73 and 1.06 acres of lands of the United States in connection with Project No. 1975.

The Idaho Power Company, Licensee, pursuant to Commission Order dated October 13, 1949, and in accordance with Article 3 of the license, on June 4, 1956, filed revised exhibit "K" drawings delimiting the land necessary for project purposes.

In accordance with the provisions of section 24, of the Act of June 10, 1920, as amended, notice is hereby given that the hereinafter described lands of the United States are included in the aforesaid power project as licensed. Under said section 24 these lands are, from the date of filing of revised maps, reserved from entry, location or other disposal under the laws of the United States until otherwise directed by the Commission or by Congress.

BOISE MERIDIAN, IDAHO

Those portions of the following subdivisions lying within the project development as shown upon amendatory maps designated Exhibits "K–1" Sheets 1, 2 and 3 (F. P. C. No. 1975–33, 34 and 35) entitled, "Bliss H. E. Development, Detail Map, Idaho Power Company, Boise, Idaho," filed June 4, 1956.

Within Powerhouse area:

T. 6 S., R. 12 E.,
Section 7, Lots 4, 5, SE¼NE¼.
Access road, 50 foot right-of-way:
T. 6 S., R. 12 E.,
Section 7, N½ Lot 4; N½SE¼NE¼, NW¼NE¼, NE¼NW¼;
Section 8, SW¼NW¼.

Within Reservoir area, those lands lying below the 2,660-foot elevation:

T. 6 S., R. 12 E.,
Section 8, Lots 5, 8;
Section 9, Lots 4, 5, 6, 7, SE¼SE¼;
Section 10, Lots 1, 4, 5, 6, 7, 8, SW¼SW¼, SE¼SW¼;
Section 11, Lots 1, 2, 3, 4, 5, 6, 8;
Section 12, Lots 2, 3, 4, 5.

The area reserved is approximately 190.76 acres, all of which, with the exception of the south 20.39 acres of the SE¼NE¼ Section 7, has been heretofore reserved in connection with either earlier withdrawals for this project (No. 1975), Project No. 406 or Power Site Reserve Nos. 77, 238 and 406.

This notice of withdrawal modifies and supersedes, in their entirety, letters of withdrawal notification dated March 18, 1948, and April 13, 1950.

Copies of amendatory map sheets, F. P. C. Nos. 1975–32 to 1975–35 inclusive (Exhibit "J–1" and Exhibit "K–1" in three sheets) have been transmitted to the Bureau of Land Management and Geological Survey.

[SEAL] JOSEPH H. GUTRIDE,
Acting Secretary.

[F. R. Doc. 56–6066; Filed, July 26, 1956; 8:50 a. m.]

[Project No. 2099]

CALIFORNIA OREGON POWER CO.

NOTICE OF APPLICATION FOR LICENSE

JULY 23, 1956.

Public notice is hereby given that application has been filed under the Federal Power Act (16 U. S. C. 791a–825r) by The California Oregon Power Company of Yreka, California, for license for proposed water power Project No. 2099 to be known as the Rinchel Development and located on McCloud River, a tributary of Pit River, which is tributary to Shasta Reservoir, in Shasta and Siskiyou Counties, California, affecting lands of the United States within Shasta National Forest. The proposed Rinchel Development is one of six units contemplated for development of the McCloud River Basin. The proposed project would consist of a rock-fill dam located in SW¼, sec. 22, T 38 N, R 2 W, M. D. M.; a reservoir about 4 miles long with normal water surface at elevation of 2,674 feet and usable storage capacity of 16,000 acre-feet at a 50-foot drawdown; a tunnel intake located about 750 feet upstream from the dam; a 15-foot diameter tunnel about 1¼ miles long extending to the powerhouse; a surge tank, a powerhouse containing two outdoor type generating units, each comprised of a 44,000-horsepower turbine connected to a 32,500-kilowatt generator; a substation; a 125 kilovolt transmission line connected to the applicant's system; and appurtenant facilities.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure of the Commission (18 CFR 1.8 or 1.10). The last day upon which protests or petitions may be filed is September 6, 1956. The application is on file with the Commission for public inspection.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[F. R. Doc. 56–6063; Filed, July 26, 1956; 8:49 a. m.]

[Docket No. G–10098]

PENNSYLVANIA GAS CO.

NOTICE OF POSTPONEMENT OF HEARING

JULY 20, 1956.

Upon consideration of the request, filed July 18, 1956, by Staff Counsel for postponement of the hearing now scheduled for August 1, 1956 in the above-designated matter;

The hearing now scheduled for August 1, 1956 is hereby postponed to a date to be hereafter fixed by further notice.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[F. R. Doc. 56–6064; Filed, July 26, 1956; 8:49 a. m.]

[Docket Nos. G–10492, G–10493]

EQUITABLE GAS CO. AND HOPE NATURAL GAS CO.

NOTICE OF APPLICATION AND DATE OF HEARING

JULY 23, 1956.

Take notice that Equitable Gas Company (Equitable) a Pennsylvania corporation having its principal place of business at Pittsburgh, Pennsylvania, and Hope Natural Gas Company (Hope) a West Virginia corporation having its principal place of business at Clarksburg, West Virginia, filed companion applications on May 28, 1956, for certificates of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing the sale and delivery of natural gas to each other on a short term interruptible basis as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the applications which are on file with the Commission and open to public inspection.

Equitable proposes to sell and deliver to Hope during the period beginning June 1, 1956, and ending October 31, 1956, a quantity of natural gas, not in excess of 1,530,000 Mcf, in daily quantities agreeable to both. Equitable estimates that this volume will be available to it from its southwest suppliers during this period, as surplus gas in excess of that amount it can place into its storage pools.

Hope proposes by its application to sell and deliver to Equitable, during the period November 1, 1956, and ending March 31, 1957, a volume of interruptible gas not in excess of 1,530,000 Mcf.

Equitable states that the sale and delivery of natural gas as proposed by the parties herein will enable it to maintain its storage deliverability at a higher level during the heating season than would be the case if this gas were not received. Equitable further states that some shortage is anticipated on next winter's peak days and the gas received from Hope pursuant to its application will aid Equitable in attempting to meet its requirements and assure maintenance of adequate service to its customers.

Equitable will require no new facilities to make the proposed sale to Hope during the summer months because it will use an existing connecting with Hope at the Haught Farm in Paw Paw District, Marion County, West Virginia.

Hope will make the proposed sale and delivery to Equitable during the winter months at an existing interconnection between the two systems in the Freemans Creek District of Lewis County, West Virginia. The only additional facilities required to render this proposed service will be approximately 20 feet of 4-inch pipe and a 4-inch valve.

These related matters should be heard on a consolidated record and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, hearing will be held on August 23, 1956, at 9:30 a. m., e. d. s. t., in a hearing room of the Federal Power Commission, 441 G Street N.W., Washington, D. C., concerning the matters involved in and the issues presented by such application(s): *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before August 9, 1956. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in, cases where a request therefor is made.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

GENERAL SERVICES ADMINISTRATION

[Project 3–DC–03]

FEDERAL OFFICE BUILDINGS

PROSPECTUS FOR PROPOSED BUILDINGS IN SOUTHWEST REDEVELOPMENT AREA OF DISTRICT OF COLUMBIA

EDITORIAL NOTE: This prospectus of proposed Project Number 3–DC–03 is published pursuant to section 412 (f) of the Public Buildings Purchase Contract Act of 1954 as amended by Public Law 150, 84th Congress, which requires publication in the FEDERAL REGISTER, for a period of ten consecutive days from date of submission to the Committees on Public Works of the Senate and House of Representatives.

[Project Number 3-DC-03 (Revised)]

JUNE 29, 1956.

FORMAL PROSPECTUS FOR PROPOSED BUILDING UNDER TITLE I, PUBLIC LAW 519, 83D CONGRESS, 2D SESSION

FEDERAL OFFICE BUILDING NO. 8, WASHINGTON, D. C.

1. *Brief description of proposed building.* The project contemplates the erection of a Federal Office Building on a site to be acquired. The building will be multi-storied and will provide approximately 263,000 square feet of net assignable space.

2. *Estimated maximum cost and financing.* a. Maximum cost of site and building, $12,190,000.

b. Proposed contract term, 25 years.

c. Maximum rate of interest on purchase contract, 4 percent.

3. *Certificates of need.* There is attached certificate of need signed by the head of the agency which will use the facility. Certification is hereby made as to the need for service space. Upon completion of the facility, assignment and reassignment of space will be made in accordance with existing law.

4. *Non-availability of existing space.* Suitable space owned by the Government is not available and suitable rental space is not available at a price commensurate with that to be afforded through the contract proposed.

5. *Estimated annual managerial, custodial, heat, and utility costs.* (Services to be supplied by Government), $276,100.

6. *Estimated annual tax liability, upkeep and maintenance.* a. Taxes, post construction (contract period), $141,000.

b. Upkeep and maintenance (to be provided by Government), $39,400.

7. *Current housing costs.* Housing costs currently paid by the Government for agencies to be housed in the building to be erected, $208,077.

Determination of need. It has been determined that (1) the needs for space for the permanent activities of the Federal Government in this particular area cannot be satisfied by utilization of any existing suitable property now owned by the Government, and (2) the best interests of the United States will be served by taking action hereunder.

Submitted at Washington, D. C., on July 6, 1956.

Recommended:

F. MORAN MCCONIHE,
Commissioner of Public Buildings Service.

Approved:

FRANKLIN G. FLOETE,
Administrator of General Services.

8. *Statement of Director, Bureau of the Budget.* Reflected in letter (copy attached).

CERTIFICATE OF NEED

PROPOSED FEDERAL OFFICE (FOOD AND DRUG ADMINISTRATION) BUILDING, WASHINGTON, D. C.

Project No. 3-DC-03.

I, the undersigned, the Secretary of Health, Education, and Welfare, in pursuance of the provisions of the Public Buildings Purchase Contract Act of 1954 (Public Law 519, 83d Congress) certify that there is a permanent need in this project for approximately 200,000 square feet of net agency space to accommodate the operations of the Food and Drug Administration.

M. B. FOLSOM,
Secretary of Health, Education, and Welfare.

Certified at Washington, D. C. April 12, 1956.

BUREAU OF THE BUDGET

WASHINGTON 25, D. C.

JULY 13, 1956.

Project #3-DC-03 (Revised June 29, 1956)
Federal Office Building No. 8,
Southwest Washington Area,
Washington, D. C.

MY DEAR MR. FLOETE: Pursuant to section 411 (a) (8) of the Public Buildings Purchase Contract Act of 1954 (Public Law 519), the proposal for a Federal Office Building, received July 9, 1956, has been examined and in my opinion "is necessary and in conformity with the policy of the President." This approval is given with the following understanding:

1. That the stated project cost of $12,190,000 (including cost of a site to be acquired at an estimated cost of $75,000) is a maximum figure.

2. That the site located in the Southwest Washington Area will be developed to its maximum space utilization and that any space in excess of the needs of the Food and Drug Administration at the time the building is completed will be allocated to agencies then housed in temporary buildings. When the allocation of agencies is determined, temporary space of equivalent occupancy will be demolished.

3. That every effort will be made to design and construct space conducive to maximum efficient utilization and to take advantage of any revision of cost downward which may be found possible as the plans develop and negotiations are advanced.

You appreciate, of course, that this project will receive a more detailed review as to cost and space utilization.

Sincerely yours,

PERCIVAL F. BRUNDAGE,
Director.

HON. FRANKLIN G. FLOETE,
Administrator,
General Services Administration,

FEDERAL OFFICE BUILDINGS

PROSPECTUS FOR PROPOSED BUILDINGS IN SOUTHWEST REDEVELOPMENT AREA OF DISTRICT OF COLUMBIA.

EDITORIAL NOTE: This prospectus of proposed Project Number 3-DC-07 is published pursuant to section 412 (f) of the Public Buildings Purchase Contract Act of 1954 as amended by Public Law 150, 84th Congress, which requires publication in the FEDERAL REGISTER, for a period of ten consecutive days from date of submission to the Committees on Public Works of the Senate and House of Representatives.

[Project No. 3-DC-07]

FORMAL PROSPECTUS FOR PROPOSED BUILDING UNDER TITLE I PUBLIC LAW 519, 83D CONGRESS, 2D SESSION

FEDERAL OFFICE BUILDING NO. 10, WASHINGTON, D. C.

1. *Brief description of proposed building.* The project contemplates the erection of a Federal Office Building on a site to be acquired in Southwest Washington. The building will be multistoried and will provide approximately 1,095,000 square feet of net assignable space.

2. *Estimated maximum cost and financing.* a. Maximum cost of the site and building, $40,900,000.

b. Proposed contract term, 25 years.

c. Maximum rate of interest on purchase contract, 4 percent.

3. *Certificates of need.* As the project is intended to provide relocation of numerous Federal agencies now in temporary buildings, no specific allocation of space can be made at this time. Upon completion of the facility, assignment and re-assignment will be made in accordance with existing law. Therefore, requirement for Certificate of Need otherwise required by section 411 (e) of the Public Buildings Purchase Contract Act of 1954 was waived in Public Law 150, 84th Congress. Certification is hereby made as to the need for service space.

4. *Nonavailability of existing space.* Suitable space owned by the Government is not available and suitable rental space is not available at a price commensurate with that to be afforded through the contract proposed.

5. *Estimated annual managerial, custodial, heat, and utility costs.* (Services to be supplied by Government), $1,095,000.

6. *Estimated annual tax liability, upkeep and maintenance.* a. Taxes, post construction (contract period), $546,000.

b. Upkeep and maintenance (to be provided by Government), $164,000.

7. *Current housing costs.* Housing costs currently paid by the Government for agencies to be housed in the building to be erected, $841,261 p. a.

Determination of need. It has been determined that (1) the needs for space for the permanent activities of the Federal Government in this particular area cannot be satisfied by utilization of any existing suitable property now owned by the Government, and (2) the best interests of the United States will be served by taking action hereunder.

Project #3-DC-07,
Federal Office Building, No. 10,
(Two buildings connected by pedestrian tunnel),
Southwest Washington Area,
Washington, D. C.

MY DEAR MR. FLOETE: Pursuant to section 411 (e) (8) of the Public Buildings Purchase Contract Act of 1954 (Public Law 519), the proposal for a Federal Office Building, received July 13, 1956, has been examined and in my opinion "is necessary and in conformity with the policy of the President." This approval is given with the following understanding:

1. That the stated project cost of $40,900,000 (including cost of a site to be acquired at an estimated cost of $1,700,000 is a maximum figure.

2. That the reported annual operating cost of existing temporary buildings to be supplanted, i. e., $1.00 per square foot, represents minimum maintenance in anticipation of demolition and that temporary Government buildings actually cost more to maintain than the proposed new building.

3. That the site to be acquired in the southwest Washington area will be developed to its maximum space utilization; that the proposed building will provide relocation of numerous Federal agencies now in temporary buildings; that no specific allocation of space can be made at this time; when specific allocation of agencies in the proposed building is determined by the General Services Administration, temporary space of equivalent occupancy will be demolished.

4. That every effort will be made to design and construct space conducive to maximum efficient utilization, and to take advantage of any revision of cost downward which may be found possibly as the plans develop and negotiations are advanced.

You appreciate, of course, that this project will receive a more detailed review as to cost and space utilization.

SECURITIES AND EXCHANGE COMMISSION

GILL, POPE CO.

ORDER REVOKING BROKER-DEALER REGISTRATION

JULY 19, 1956.

In the matter of Gill, Pope Co., 25 Broad Street, New York 4, New York.

The Commission having instituted proceedings under section 15 (b) and section 15A of the Securities Exchange Act of 1934 to determine whether to revoke the registration as a broker and dealer of Gill, Pope Co. ("registrant") or to suspend or expel it from membership in the National Association of Securities Dealers, Inc., and to determine whether Jesse S. Gill and Frank I. Pope, partners in registrant firm, should each be found to be a cause of any order of revocation, suspension or expulsion;

A hearing having been held after appropriate notice, and the hearing examiner having filed a recommended decision;

The Commission having this day issued its Findings and Opinion, on the basis of said Findings and Opinion;

It is ordered, That the registration as a broker and dealer of Gill, Pope Co. be, and it hereby is, revoked; that the registrant be, and it hereby is, expelled from the National Association of Securities Dealers, Inc., and that Jesse S. Gill and Frank I. Pope are each a cause of such revocation and expulsion.

By the Commission.

INTERSTATE COMMERCE COMMISSION

FOURTH SECTION APPLICATIONS FOR RELIEF

JULY 23, 1956.

Protests to the granting of an application must be prepared in accordance with Rule 40 of the general rules of practice (49 CFR 1.40) and filed within 15 days from the date of publication of this notice in the FEDERAL REGISTER.

LONG-AND-SHORT HAUL

FSA No. 32397: *Pneumatic tires and parts from Detroit, Mich.* Filed by H. R. Hinsch, Agent, for interested rail carriers. Rates on tires, artificial, guayule, natural, neoprene or synthetic rubber, pneumatic, and parts, straight of mixed carloads from Detroit, Mich., to Columbus and Jessup, Ga., and High Point, N. C.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 32 to Agent Hinsch's tariff I. C. C. 4664.

FSA No. 32398: *Automobile parts and vinyl acetate to southern points.* Filed by H. R. Hinsch, Agent, for interested rail carriers. Rates on automobile parts in carloads from Marion, Ind., and Galion, Ohio, to points in Georgia, and vinyl acetate from West Virginia to Cedartown, Ga.

Grounds for relief: Short-line distance formula and circuitous routes.

AGGREGATE-OF-INTERMEDIATES

FSA No. 32395: *Compartment charges between North and South.* Filed by A. J. Winkler, Agent, for interested rail carriers. Rates on compartments in berth service (passenger) between points on the Pennsylvania R. R., north of Cincinnati, Ohio and Louisville, Ky., to Chicago, Ill., on the one hand, and points

south of Cincinnati, Ohio and Louisville, Ky., on the other.

Grounds for relief: Maintenance of depressed charges, between stations north of and including Cincinnati, Ohio and Louisville, Ky., not applicable in constructing lower combination charges.

Tariffs: Supplement 2 to Agent Winkler's tariff I. C. C. 20 and schedule of Agent M. B. Duggan.

FSA No. 32396: *Passenger fares—Eastern and Western Railroads.* Filed by W. H. Clifford, Agent, and other agents named in the application, for and on behalf of carriers parties to Ex Parte No. 202 and Docket 31992. Rates involving increased passenger fares between points in the United States included in Ex Parte No. 202 and Docket 31992.

Grounds for relief: Maintenance of through fares in excess of the aggregate-of-intermediates fares established pursuant to Ex Parte No. 202 and Docket 31992.

By the Commission.

[SEAL] HAROLD D. McCOY, *Secretary.*

[F. R. Doc. 56-6021; Filed, July 25, 1956; 8:49 a. m.]

FOURTH SECTION APPLICATIONS

JULY 24, 1956.

Protests to the granting of an application must be prepared in accordance with Rule 40 of the General Rules of Practice (49 CFR 1.40) and filed within 15 days from the date of publication of this notice in the FEDERAL REGISTER.

LONG-AND-SHORT HAUL

FSA No. 32399: *Crude rubber from Baton Rouge, La., to Monroe, Mich.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on rubber, artificial, guayule, natural, synthetic or neoprene, loose or in packages, carloads from Baton Rouge and North Baton Rouge, La., to Monroe, Mich.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 187 to Alternate Agent Marque's tariff I. C. C. 417.

FSA No. 32400: *Caustic soda from Baton Rouge, La., to Champaign, Ill.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on caustic soda, liquid, tank-car loads from Baton Rouge and North Baton Rouge, La., to Champaign, Ill.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 187 to Alternate Agent Marque's tariff I. C. C. 417.

FSA No. 32401: *Roofing and building materials to Louisville, Ky.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on roofing and building materials and roofing slate, carloads from specified points in Arkansas, Louisiana, and Texas to Louisville, Ky.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 13 to Agent Kratzmeir's I. C. C. 4148.

FSA No. 32402: *Coal—Alabama to Houston, Tex.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on bituminous coal, including blacksmith coal, carloads from specified points in Alabama to Houston, Tex.

Grounds for relief: Circuitous routes.

Tariff: Supplement 53 to Agent Kratzmeir's I. C. C. 3991.

FSA No. 32403: *Lumber and related articles to Oklahoma.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on lumber and related articles, carloads from specified points in Texas to specified points in Oklahoma.

Grounds for relief: Carrier competition and circuity.

Tariff: Supplement 76 to Agent Kratzmeir's I. C. C. 3850.

FSA No. 32404: *Sugar—New Orleans, La., group to Birmingham, Ala.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on sugar, carloads from New Orleans, Three Oaks, Gramercy, and Reserve, La., to Birmingham, Ala.

Grounds for relief: Circuitous routes.

Tariff: Supplement 315 to Agent Marque's I. C. C. 380.

FSA No. 32405: *Sugar to points in Southern Territory.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on sugar carloads (returned shipments) from specified points in southern, official, southwestern, and western trunk-line territories to specified points in southern territory.

Grounds for relief: Carrier competition and circuity.

Tariffs: Supplement 315 to Agent Marque's I. C. C. 380; supplement 30 to Agent Marque's I. C. C. 434; supplement 4 to Agent Marque's I. C. C. 445.

FSA No. 32406: *Cheese from and to points in Southern Territory.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on cheese, including cheese foods, and oleomargarine, and related articles, carloads, from specified points in southern territory to points in southern territory.

Grounds for relief: Short-line distance formula, truck competition, and circuitous routes.

Tariff: Agent Spaninger's tariff I. C. C. No. 1527.

FSA No. 32407: *Cheese—Between points in Southern Territory.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on cheese, including cheese foods, and related articles, carloads between points in southern territory.

Grounds for relief: Short-line distance formula, truck competition, and circuitous routes.

Tariff: Supplement 9 to Agent Spaninger's I. C. C. 1525.

FSA No. 32408: *All freight—Michigan and Ohio to South.* Filed by H. R. Hinsch, Agent, for interested rail carriers. Rates on merchandise freight, all kinds, mixed carloads from Detroit and Jackson, Mich., Cleveland, and Ravenna, Ohio to specified points in Florida, Georgia, Louisiana and Tennessee.

Grounds for relief: Motor truck competition and circuitous routes.

Tariff: Agent Hinsch's tariff I. C. C. No. 4745.

FSA No. 32409: *Slag—Buffalo, N. Y., to Boston, Mass.* Filed by O. W. Boin, Agent, for interested rail carriers. Rates on slag, unsuitable for further extraction of metal, not granulated, carloads from Buffalo, N. Y., to Boston, Mass.

Grounds for relief: Circuitous routes.

By the Commission.

VOLUME 21 NUMBER 146

Washington, Saturday, July 28, 1956

TITLE 7—AGRICULTURE

Chapter I—Agricultural Marketing Service (Standards, Inspections, Marketing Practices), Department of Agriculture

PART 27—COTTON CLASSIFICATION UNDER COTTON FUTURES LEGISLATION

SUBPART B—STANDARDS

STRICT GOOD MIDDLING AMERICAN UPLAND COTTON STANDARD

On July 11, 1956, a notice of proposed rule making was published in the FEDERAL REGISTER (21 F. R. 5141) regarding the proposed promulgation of a descriptive grade standard for Strict Good Middling (White) American upland cotton, pursuant to authority contained in section 6 of the United States Cotton Standards Act as amended (42 Stat. 1518; 7 U. S. C. 56) and in section 4854 of the Internal Revenue Code of 1954 (68A Stat. 580; 26 U. S. C. 4854).

After consideration of all relevant matters presented pursuant to the notice, the official cotton standards of the United States for the grade of American upland cotton, also referred to as the "Universal Standards for American Cotton," (7 CFR Part 27, Subpart B), are hereby amended, effective August 1, 1957, by inserting a new § 27.150 to read as follows:

§ 27.150 *Strict Good Middling.* Strict Good Middling shall be American upland cotton which in color, leaf, and preparation is better than Good Middling. This standard is effective on and after August 1, 1957.

(Sec. 10, 42 Stat. 1519; 7 U. S. C. 61. Interpret or apply sec. 6, 42 Stat. 1518, as amended, sec. 4854, 68A Stat. 580; 7 U. S. C. 56, 26 U. S. C. 4854)

Done at Washington, D. C., this 25th day of July 1956.

[SEAL] ROY W. LENNARTSON, *Deputy Administrator, Agricultural Marketing Service.*

[F. R. Doc. 56-6098; Filed, July 27, 1956; 8:47 a. m.]

PART 51—FRESH FRUITS, VEGETABLES AND OTHER PRODUCTS (INSPECTION, CERTIFICATION AND STANDARDS)

SUBPART—U. S. STANDARDS FOR SHELLED RUNNER TYPE PEANUTS; REVISION [1]

Pursuant to the Agricultural Marketing Act of 1946 (60 Stat. 1087, as amended; 7 U. S. C. 1621 et seq.) and by virtue of the authority vested in me by the Secretary of Agriculture, the United States Standards for Shelled Runner Type Peanuts (21 F. R. 4850) are revised as hereinafter set forth.

The revisions provide for the U. S. No. 1 Runner grade a 3 percent tolerance for sound peanuts which are split or broken and a 3 percent tolerance for sound whole peanuts which will pass through the prescribed screen in lieu of 2 percent tolerance for these factors.

It is hereby found that it is impracticable, unnecessary, and contrary to the public interest to engage in rule making procedures and to postpone the effective date of these revisions for 30 days after publication in the FEDERAL REGISTER for the reasons that:

(1) The 1956 harvesting and shipping season for peanuts is now beginning;

(2) These revisions relax the grade requirements and therefore additional time is not required in order for the industry to make preparation for compliance with these revisions; and

(3) It is desirable that these changes be made in the revised standards which are to become effective on July 31, 1956, as published in the FEDERAL REGISTER (21 F. R. 4850) on June 30, 1956, upon the effective date of said standards.

The following revisions of said standards are hereby promulgated to become effective on July 31, 1956.

1. Subparagraph (2) of paragraph (a) of § 51.2710 is revised to read:

(2) 3 percent for sound peanuts which are split or broken;

2. Subparagraph (6) of paragraph (a) of § 51.2710 is revised to read:

[1] Packing of the product in conformity with the requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

PART 51—FRESH FRUITS, VEGETABLES AND OTHER PRODUCTS (INSPECTION, CERTIFICATION AND STANDARDS)

SUBPART—U. S. STANDARDS FOR SHELLED VIRGINIA TYPE PEANUTS; REVISION [1]

Pursuant to the Agricultural Marketing Act of 1946 (60 Stat. 1087, as amended; 7 U. S. C. 1621 et seq.) and by virtue of the authority vested in me by the Secretary of Agriculture, the United States Standards for Shelled Virginia Type Peanuts (21 F. R. 4851) are revised as hereinafter set forth.

The revisions provide for the U. S. Extra Large Virginia, U. S. Medium Virginia, and U. S. No. 1 Virginia grades that the tolerance shall be 3 percent for sound peanuts which are split or broken and 3 percent for sound, whole peanuts which will pass through the prescribed screens in lieu of a 2 percent tolerance for these factors. In addition, the revision provides for U. S. No. 2 Virginia grade that a screen having $^{17}/_{64}$ inch round openings shall be used in lieu of a $^{15}/_{64}$ inch screen.

It is hereby found that it is impracticable, unnecessary and contrary to the public interest to engage in rule making procedures and to postpone the effective date of these revisions for 30 days after publication in the FEDERAL REGISTER for the reasons that:

(1) The 1956 harvesting and shipping season for peanuts is now beginning;

(2) These revisions relax the grade requirements and therefore additional time is not required in order for the industry to make preparation for compliance with these revisions; and

(3) It is desirable that these changes be made in the revised standards which are to become effective on July 31, 1956, as published in the FEDERAL REGISTER (21 F. R. 4851) on June 30, 1956, upon the effective date of said standards.

The following revisions of said standards are hereby promulgated to become effective on July 31, 1956:

1. Subparagraph (2) of paragraph (a) of § 51.2750 is revised to read:

(2) 3 percent for sound peanuts which are split or broken;

2. Subparagraph (6) of paragraph (a) of § 51.2750 is revised to read:

(6) 3 percent for sound whole peanuts which will pass through the prescribed screen;

3. Subparagraph (2) of paragraph (a) of § 51.2751 is revised to read:

(2) 3 percent for sound peanuts which are split or broken;

4. Subparagraph (6) of paragraph (a) of § 51.2751 is revised to read:

(6) 3 percent for sound whole peanuts which will pass through the prescribed screen;

5. Subparagraph (2) of paragraph (a) of § 51.2752 is revised to read:

(2) 3 percent for sound peanuts which are split or broken;

6. Subparagraph (6) of paragraph (a) of § 51.2752 is revised to read:

(6) 3 percent for sound whole peanuts which will pass through the prescribed screen;

7. The first sentence of § 51.2754 is revised to read: 'U. S. No. 2 Virginia' consists of shelled Virginia type peanut kernels of similar varietal characteristics which are free from foreign material, damage and minor defects, and which will not pass through a screen having $^{17}/_{64}$ inch round openings."

(Sec. 205, 60 Stat. 1090, as amended; 7 U. S. C. 1624)

Dated: July 25, 1956.

Chapter VIII—Commodity Stabilization Service (Sugar), Department of Agriculture

Subchapter I—Determination of Prices

[Sugar Determinations 877.7, Amdt. 1; 877.8, Amdt. 1]

PART 877—SUGARCANE; PUERTO RICO

1954–55 AND 1955–56 CROPS

Pursuant to the provisions of section 301 (c) (2) of the Sugar Act of 1948, as amended, the determination of fair and reasonable prices for the 1954–55 crop of Puerto Rican sugarcane, issued February 8, 1955 as Part 877, § 877.7 (20 F. R. 877), and the determination of fair and reasonable prices for the 1955–56 crop of Puerto Rican sugarcane, issued January 12, 1956 as Part 877, § 877.8 (21 F. R. 333), are hereby amended by deleting the first sentence of § 877.8 (a) (2) and adding in lieu thereof the following:

(a) *Definitions.* • • •

(2) "Sugar yield period" means the two-week, four-week, semimonthly, monthly, or such other period, as may be agreed upon between the producer and the processor, in which sugarcane is delivered by the producer to the processor.

Statement of bases and considerations. This amendment provides for the use of such sugar yield period as may be agreed upon between the producer and the processor in addition to the four sugar yield periods specified in the determinations applicable to the 1954–55 and 1955–56 crops.

The fair price determinations applicable to these crops provided that the sugar yield period be either a two-week, four-week, semi-monthly or monthly period as agreed upon between the producer and the processor. Such a period is used by a processor to establish the relationship between sugar recovery and the sucrose-brix analysis of all sugarcane ground. The resulting relationship is applied to the sucrose-brix analysis of sugarcane delivered by individual producers to the processor during the sugar yield period to ascertain the quantity of raw sugar upon which payment to the producer is to be based.

Sugarcane is delivered to the mill for grinding throughout the harvesting season in accordance with delivery schedules of the mill to provide a regular supply of cane. The number of days on which a producer delivers sugarcane generally varies in relation to the size of his crop. Large producers may deliver sugarcane during an extended period or throughout the season, while small producers may deliver their entire crop within a few days.

A processor of sugarcane in Puerto Rico reported that he used a four-week sugar yield period during the 1953–54 crop as had been customary and that some of the small producers who delivered cane under favorable weather conditions were dissatisfied because their cane was included in the same yield period with other cane delivered at other times under less favorable conditions. Accordingly, this processor adopted a one-week sugar yield for the 1954–55 crop on the assumption that it would be more equitable generally for small producers and that it was not contrary to the provisions of the fair price determination. Furthermore, information has been received that certain other processors have varied their customary sugar yield period slightly because of the time the mill commenced or ended its processing operations and the interruption in such operations caused by the Easter holiday.

There is little information available for use in determining the most equit-

able sugar yield period. Generally, in the past fair price determinations have adopted the practices as established by producers and processors with respect to the period to be used in determining the yield of raw sugar. It is believed that any period used throughout the entire crop should give reasonably equitable results. It is also recognized that the date of the commencement or ending of the crop or a temporary shutdown of the mill may justify a minor variation of the customary sugar yield period under such circumstances. In view of the questions recently raised with respect to the duration of the sugar yield periods this matter will be brought up at the next public hearing on fair and reasonable prices to be held in Puerto Rico.

Accordingly, I hereby find and conclude that the foregoing amendment to the 1954–55 and 1955–56 crop price determinations will effectuate the price provision of the Sugar Act of 1948.

(Sec. 403, 61 Stat. 932; 7 U. S. C. Sup. 1153. Interprets or applies sec. 301, 61 Stat. 929; 7 U. S. C. Sup. 1131)

Issued this 24th day of July 1956.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Valencia Orange Reg. 79]

PART 922—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

LIMITATION OF HANDLING

§ 922.379 *Valencia Orange Regulation 79*—(a) *Findings.* (1) Pursuant to the marketing agreement and Order No. 22, as amended (7 CFR Part 922; 21 F. R. 4392), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendations and information submitted by the Valencia Orange Administrative Committee, established under the said order, and upon other available information, it is hereby found that the limitation of handling of such Valencia oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The Valencia Orange Administrative Committee held an open meeting on July 26, 1956, after giving due notice thereof, to consider supply and market conditions for Valencia oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Valencia oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed on or before the effective date hereof.

(b) *Order.* (1) The quantity of Valencia oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a. m., P. s. t., July 29, 1956, and ending at 12:01 a. m., P. s. t., August 5, 1956, is hereby fixed as follows:

(i) District 1: Unlimited movement;
(ii) District 2: 785,400 cartons;
(iii) District 3: Unlimited movement.

(2) All Valencia oranges handled during the period specified in this section are subject also to all applicable size restrictions which are in effect pursuant to this part during such period.

(3) As used in this section, "handled," "handler," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in said marketing agreement and order, as amended.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: July 27, 1956.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[F. R. Doc. 56-6163; Filed, July 27, 1956; 11:14 a. m.]

PART 927—MILK IN NEW YORK METROPOLITAN MARKETING AREA

ORDER AMENDING ORDER, AS AMENDED

§ 927.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of each of the previously issued amendments thereto; and all of the said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the New York metropolitan milk marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk produced for sale in the said marketing area as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply of and demand for such milk, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activity specified in, a marketing agreement upon which a hearing has been held.

(b) *Additional findings.* It is necessary, in the public interest, to make this order amending the order, as amended, effective on August 1, 1956. An effective date other than as of the first day of a month is administratively impracticable. The provisions of the said order are well known to handlers, having been included in the decision issued on July 19, 1956, and published in the FEDERAL REGISTER. The changes effected by this order amending the order, as amended, do not require substantial or extensive preparation by persons affected prior to its effective date. In view of the foregoing, it is hereby found and determined that good cause exists for making this order amending the order, as amended, effective August 1, 1956.

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing or shipping milk covered by this order amending the order, as amended, which is marketed within the New York metropolitan milk marketing area) of more than 50 percent of the milk which is marketed within the said marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area, and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order amending the order, as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order amending the order, as amended, is approved or favored by at least two-thirds of the producers who, during the determined representative period (April 1956), were engaged in the production of milk for sale in the said marketing area.

It is therefore ordered, That on and after the effective date hereof, the handling of milk in the New York metropolitan milk marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as heretofore amended and as hereby further amended as follows:

1. Amend paragraph (f) of § 927.40 as follows:

(a) Amend the opening sentence to read as follows: "For Class III milk, the price shall be the sum of the amounts computed or determined pursuant to subparagraphs (1), (2), and (3) of this paragraph, minus 80 cents."

(b) Add a new subparagraph (3) as follows:

(3) Determine the appropriate seasonal adjustment in accordance with the following table:

Month to which the price is applicable:	Amount
July through November	$0.13
December through February	.10
March and April	.08
May and June	.05

2. Amend § 927.43 as follows:

(a) Change the words just prior to the first proviso from "four cents per pound of butterfat in such milk" to "four cents per pound of butterfat in such milk in the months of March through June and three cents per pound of butterfat in such milk in the months of July through February:".

(b) Delete the first proviso.

(c) Amend the second proviso to read: "*Provided,* That for milk received from producers during any of the months of March through July which is classified on the basis of one of the types of cheese named in this section, the amount so credited shall be increased one cent per pound of butterfat for each full five-hundredths by which the ratio of 2.5 is lower than a ratio computed as follows: Add to the New York 92-score butter price for the month announced pursuant to § 927.46 (b) (5) the amount obtained by multiplying by 1.83 the weighted nonfat dry milk solids price for the period ending with the 25th day of the month as announced pursuant to § 927.46 (b) (7); divide this sum by the price of Cheddar cheese for the month as announced pursuant to § 927.46 (b) (8) and round the result to the nearest hundredth."

3. Amend § 927.44 prior to the first colon to read as follows:

§ 927.44 *Fluid skim differential.* For skim milk derived from Class II or Class III milk which skim milk enters the marketing area in the form of milk, fluid skim milk, condensed skim milk, half and half, cream, or cultured milk drinks and there utilized or disposed of in the form of milk, fluid skim milk, half and half, or cultured milk drinks containing 3.0 percent or more but not more than 5.0 percent of butterfat, and for all other skim milk derived from Class II or Class III milk which is not established to have been otherwise utilized or disposed of, the handler shall pay a fluid skim differential per hundredweight computed as follows:

(Sec. 5, 49 Stat. 753, as amended, 7 U. S. C. and Sup. 608c)

Issued at Washington, D. C., this 25th day of July 1956, to be effective August 1, 1956.

[SEAL] EARL L. BUTZ,
Assistant Secretary.

[F. R. Doc. 56-6100; Filed, July 27, 1956; 8:47 a. m.]

PART 940—HANDLING OF PEACHES GROWN IN MESA COUNTY, COLORADO

ORDER AMENDING AMENDED ORDER

§ 940.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations made in connection with the issuance of this order; and all of said previous findings and determinations are hereby ratified and affirmed except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73rd Congress (May 12, 1933), as amended and as re-enacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and the applicable rules of practice and procedure governing proceedings to formulate the marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held at Palisade, Colorado, on March 15, 1956, upon proposed amendments to the Amended Marketing Agreement No. 88 and Amended Order No. 40 (7 CFR Part 940), regulating the handling of peaches grown in the County of Mesa in the State of Colorado. Upon the basis of evidence introduced at such hearing and the record thereof, it is found that:

(1) The said amended order, as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The said amended order, as hereby further amended, regulates the handling of peaches grown in the County of Mesa in the State of Colorado in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activity specified in, the marketing agreement upon which hearings have been held;

(3) The said amended order, as hereby further amended, is limited in its application to the smallest regional production area that is practicable, consistently with carrying out the declared policy of the act; and the issuance of several orders applicable to subdivisions of such production area would not effectively carry out the declared policy of the act; and

(4) There are no differences in the production and marketing of peaches grown in the production area covered by the said amended order, as hereby further amended, that make necessary different terms and provisions applicable to different parts of such area.

(b) *Additional findings.* It is hereby found that it is impracticable and contrary to the public interest to postpone the effective date of this order beyond that hereinafter specified (60 Stat. 237; 5 U. S. C. 1001 et seq.), because shipments of the current crop of peaches shipments County, Colorado, are expected to begin on or about August 1, 1956, and this order should be applicable to all shipments of peaches this season to be of maximum benefit. It is, therefore, necessary that the order be made effective as soon as possible. One of the provisions thereof authorizes the recommendation and establishment of regulations on a varietal basis. After consideration of current crop prospects and the current and prospective marketing situation for Mesa County, Colorado, peaches, the Administrative Committee could well recommend, for example, that a size regulation for the current season for the Gleason Elberta and Early Elberta varieties of peaches specify a different minimum diameter than a regulation for all other varieties of peaches. Another provision of the amendment, closely related to that authorizing the regulation of peaches on a varietal basis, revises the current provisions pertaining to exemption from regulations. Such revised provisions should be made effective at the same time, so that the committee may authorize exemption from regulations by variety. The provisions relating to the nomination and selection of the committee membership become applicable, by their own terms, at a time later than 30 days after publication hereof in the FEDERAL REGISTER. The provisions of this order are well known to handlers. The public hearing in connection therewith was held at Palisade, Colorado, on March 15, 1956, and the recommended decision and the final decision were published in the FEDERAL REGISTER on June 12, 1956 (21 F. R. 4016) and June 28, 1956 (21 F. R. 4759), respectively. Copies of the provisions of this order were made available to all known interested parties, and compliance with such provisions will not require advance preparation on the part of persons subject thereto which cannot be completed prior to the effective date of regulation pursuant hereto.

(c) *Determinations.* It is hereby determined that:

(1) The agreement amending the amended marketing agreement regulating the handling of peaches grown in the County of Mesa in the State of Colorado, upon which the aforesaid public hearing was held, has been executed by han-

dlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping the peaches covered by this order) who, during the period March 1, 1955, through February 29, 1956, handled not less than 50 percent of the volume of peaches covered by the said amended order, as hereby further amended;

(2) The aforesaid agreement, amending the said amended marketing agreement, has been executed by handlers who were signatory parties to said amended marketing agreement, and who, during the preceding fiscal year, shipped not less than sixty-seven (67) percent of the peaches grown in the County of Mesa in the State of Colorado, shipped by all signatory handlers to said amended marketing agreement during such fiscal year;

(3) The issuance of this order, amending the aforesaid amended order, is favored or approved by at least two-thirds of the producers who participated in a referendum on the question of its approval and who, during the determined representative period (March 1, 1955, through February 29, 1956), have been engaged within the County of Mesa in the State of Colorado in the production of peaches for market; and

(4) The issuance of this order, amending the aforesaid amended order, is favored or approved by producers who, during said representative period, have produced for market at least two-thirds of the volume of such peaches produced for market within the County of Mesa in the State of Colorado.

It is, therefore, ordered, That, on and after the effective date hereof, the handling of peaches grown in the County of Mesa in the State of Colorado as is in the current of commerce between the State of Colorado and any point outside thereof shall be in conformity to, and in compliance with, the terms and conditions of the aforesaid amended order, as hereby further amended; and such amended order is hereby further amended to read as follows:

1. Redesignate §§ 940.8, 940.9 and 940.10 as 940.9, 940.10, and 940.11, respectively, and insert the following new section:

§ 940.8 *Varieties.* "Varieties" means and includes all classifications and subdivisions, including customary and trade names thereof, of peaches according to those definitive characteristics now or hereafter recognized by the United States Department of Agriculture or the Colorado State Department of Agriculture, or such groupings of peaches according to such characteristics or types as may be established by the Committee with the approval of the Secretary.

2. Delete §§ 940.20 through 940.23 and substitute therefor the following:

§ 940.20 *Establishment and membership.* An Administrative Committee is hereby established consisting of nine members, each of whom shall have an alternate. Five of the members, one for each district, shall represent producers; three of the members shall represent cooperative associations that are handlers; and one of the members, hereinafter referred to as "independent" member, shall represent producers and handlers other than cooperative associations and members of such associations. The members of the committee and their respective alternates shall be nominated and selected, for the terms of office subsequent to February 28, 1957, in accordance with the provisions of §§ 940.21 through 940.24.

§ 940.21 *Nomination and selection of producer members.* (a) Nomination of producer members and their respective alternates shall be made at meetings of producers for each such district, at such times (on or before February 1 of each year) and places as the Administrative Committee shall designate. At each such meeting, the producers eligible to participate therein shall select a chairman and a secretary therefor. In the election of nominees, each producer shall be entitled to vote in accordance with the provisions of paragraph (b) of this section. The chairman of each meeting shall announce at such meeting the name of each person for whom votes have been cast, and the number of votes cast for each such person; and the chairman or the secretary of the meeting shall forthwith transmit such information to the Secretary.

(b) Only producers shall participate in the nomination of producer members and their alternates, and a producer may participate only in the meeting held for the district in which he produces peaches. No producer shall participate in the nomination of producer members and their alternates for more than one district in any fiscal year. Each producer shall be entitled to cast but one vote on behalf of himself, his agents, partners, and representatives. Proxy voting shall be prohibited.

(c) At least twice as many persons shall be nominated as there are positions to be filled. Such nominees shall be ranked in the order of votes cast for each, and such ranking shall determine their standing in the order of importance of the positions to be filled. Member positions shall be considered of first importance. The Secretary shall select one member and one alternate from the nominees thus elected and ranked.

§ 940.22 *Nomination and selection of independent member.* (a) Nomination of an independent member and his alternate shall be made at a meeting of producers and handlers other than cooperative associations or members of such associations, at such time (on or before February 1 of each year) and place as the Administrative Committee shall designate. At each such meeting, the persons eligible to participate therein shall select a chairman and a secretary therefor.

(b) Only producers and handlers who are not cooperative associations nor members of such associations shall be eligible to participate in the nomination of the independent member and his alternate. Proxy voting shall be prohibited, but independent handlers having permanent facilities in Mesa County for the handling of peaches and having bona fide agents designated for carrying on business activities for such handlers may be represented at such nomination meetings by such agents and such agents may vote and be nominated; and, in a similar manner, such handlers may designate employees who may vote and be nominated. In the election of nominees for the independent member and his alternate, each person eligible to participate therein shall be entitled to cast but one vote on behalf of himself, his agents, partners, affiliates, subsidiaries, and representatives. The Administrative Committee, with the approval of the Secretary, may make rules and regulations defining permanent facilities and what shall constitute bona fide agents and employees for the purposes of this section, and in like manner may change such rules and regulations from time to time.

(c) At least twice as many persons shall be nominated as there are positions to be filled. Such nominees shall be ranked in the order of the votes cast, and such ranking shall determine their standing in the order of importance of the positions to be filled. Member positions shall be considered of first importance. The Secretary shall select a member and an alternate member from the nominees thus elected and ranked.

(d) The chairman of the meeting shall announce at such meeting the name of each person for whom votes have been cast, and the number of votes cast for each such person; and the chairman or the secretary of the meeting shall forthwith transmit such information to the Secretary.

§ 940.23 *Nomination and selection of cooperative handler members.* (a) Each of the two cooperative associations qualifying as a handler during the fiscal year beginning March 1, 1956, shall be entitled to nominate one member and one alternate member of the committee; and, in alternate years, each such association shall make an additional nomination for either a member or alternate member. The cooperative association represented by two cooperative handler members during the fiscal year beginning March 1, 1956, shall nominate one member and two alternates for the next succeeding fiscal year. The cooperative association represented by one cooperative handler member during the fiscal year beginning March 1, 1956, shall nominate two members and one alternate for the next succeeding fiscal year.

(b) Nomination of cooperative handler members and their respective alternates shall be made at a meeting or meetings of the members of such cooperative associations at such times (on or before February 1 of each year) and places as the respective associations shall designate with the concurrence of the Administrative Committee. At each such meeting, the association members eligible to participate therein shall select a chairman and secretary therefor unless such officers regularly serving the association are in attendance. In the election of nominees, each member of a cooperative association shall be entitled to cast but one vote on behalf of himself, his agents, partners, and representatives, for each member nominee to be elected. Proxy voting shall be prohibited.

(c) At least twice as many persons shall be nominated as there are positions to be filled. Such nominees shall be ranked in the order of votes cast for each, and such ranking shall determine their standing in the order of importance of the positions to be filled. Member positions shall be considered of first importance. The Secretary shall select the required number of members and alternates from the nominees thus elected and ranked.

(d) The chairman of each meeting shall announce at such meeting the name of each person for whom votes have been cast, and the number of votes cast for each such person; and the chairman or the secretary of such meeting shall forthwith transmit such information to the Secretary.

(e) The committee, with the approval of the Secretary, may provide for the reapportionment of the cooperative handler membership of the committee so as to more equitably provide representation to present and future cooperative associations engaged in handling Mesa County peaches should the need for such reapportionment of present cooperative handler positions arise. Any such reapportionment should be based, so far as practicable, upon the volume of peaches handled by the respective associations.

3. Delete paragraph (c) of § 940.24 and substitute therefor the following:

(c) The independent member of the Administrative Committee and the alternate for such member to be selected from the nominees of producers and handlers other than cooperative associations and members of such associations must be a producer or handler (including employees and bona fide agents designated for carrying on business activities for such handler) and shall not be a member or an employee of a cooperative association.

4. Delete § 940.30 and substitute therefor the following:

§ 940.30 *Compensation and expenses.* The members and alternate members of the Administrative Committee shall serve without salary but may be compensated for attendance at meetings at a rate not to exceed $5.00 per meeting plus mileage at not to exceed 10 cents per mile. Such members and alternates also may be reimbursed for reasonable expenses necessarily incurred by them in the performance of duties, specifically assigned by the committee, other than attendance at meetings.

5. Redesignate paragraphs (g), (h), (i), and (j) of § 940.32 as paragraphs (h), (i), (j), and (k), respectively, and insert the following new paragraph (g):

(g) To consult, cooperate, and exchange information with committees administering other marketing agreements and orders, with other governmental agencies, and with industry groups in connection with all proper committee activities and objectives under this part.

6. Delete §§ 940.50 and 940.52 and substitute therefor the following:

§ 940.50 *Regulation of shipments.* Whenever the Administrative Committee deems it advisable to regulate, during any period or periods, the shipment of one or more varieties of peaches by grades or sizes, or both, or by minimum standards of quality or maturity, or both, it shall so recommend to the Secretary.

§ 940.52 *Establishment of regulations*—(a) *By grades and sizes.* Whenever the Secretary finds, from any such recommendations and information or other available information, that to limit the shipment of the total quantity of any variety or varieties of peaches to particular grades or sizes, or both, thereof would tend to effectuate the declared policy of the act, he shall so limit the shipment of such variety or varieties during a specified period or periods. The Secretary shall promptly notify the committee of each such regulation; and the committee shall promptly give adequate notice thereof to handlers and producers.

(b) *By minimum standards of quality and maturity.* Whenever the Secretary finds, from any such recommendation and information or other available information, that to establish minimum standards of quality or maturity, or both, and to limit the shipment of any variety or varieties of peaches during any period or periods to those meeting such minimum standards would be in the public interest and would tend to effectuate the declared policy of the act, he shall so limit the shipment of such variety or varieties during a specified period or periods. The Secretary shall promptly notify the committee of each such regulation; and the committee shall promptly give adequate notice thereof to handlers and producers.

7. After deleting the provisions of paragraph (b) of § 940.53 and redesignating paragraphs (c) and (d) of such section as paragraphs (e) and (f), respectively, insert the following:

(b) In the event the Secretary issues a regulation pursuant to § 940.52, the committee shall determine the percentage which each variety of peaches permitted to be shipped under the regulation bears to the total production of such variety; and the committee shall forthwith announce such percentage. The committee shall thereafter issue one or more exemption certificates to any producer who furnishes evidence satisfactory to the committee that, by reason of conditions beyond the control of a prudent grower and beyond his reasonable expectations, he will be prevented because of the regulation issued from shipping or having shipped as large a proportion of a particular variety of his peaches as the average proportion of all such peaches which may be so shipped. Causes regarded as within the control of a prudent grower include, but are not necessarily limited to, failure properly and adequately to prune, irrigate, thin, fertilize, spray, and cultivate according to accepted practices. Causes regarded as beyond the control of a prudent grower and beyond his reasonable expectation include, but are not necessarily limited to, exceptionally late spring and early frosts, ditch breaks, water shortages, general shortage of labor during the growing season, or illness of a kind causing inability to carry out the management of his crop in the manner of a prudent grower.

(c) The committee, with the approval of the Secretary, may include in the rules and regulations adopted pursuant to (a) of this section such refinement of definition as is deemed necessary with respect to causes beyond the control of a prudent grower and beyond a grower's reasonable expectation.

(d) The exemption certificates issued pursuant to this section shall permit the respective grower to whom the certificate is issued to ship or have shipped a percentage of his crop of a particular variety of peaches equal to the percentage determined pursuant to paragraph (b) of this section; but such exemption may be limited to the specific damage by reason of which the exemption is claimed, and the committee may establish special requirements with respect to the minimum grade, quality, size, and maturity which must be met by peaches shipped under such certificates.

8. Add after § 940.55 the following new section, preceded by a main heading entitled "Research and Development:"

§ 940.60 *Marketing Research and Development.* The committee, with the approval of the Secretary, may provide for the establishment of marketing research and development projects designed to assist, improve, or promote the marketing, distribution, and consumption of peaches. In a similar manner any such project may be modified, suspended, or terminated.

9. Immediately preceding the closing of the parenthesis at the end of § 940.2 *Act*, insert the following: "; 68 Stat. 906, 1047."

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Issued at Washington, D. C., this 25th day of July 1956, to become effective upon publication in the FEDERAL REGISTER.

[SEAL] EARL L. BUTZ,
Assistant Secretary.

[F. R. Doc. 56-6099; Filed, July 27, 1956; 8:47 a. m.]

PART 942—MILK IN NEW ORLEANS, LA., MARKETING AREA

ORDER AMENDING ORDER, AS AMENDED

Sec.
942.0 Findings and determinations.

DEFINITIONS

942.1 Act.
942.2 Secretary.
942.3 Department of Agriculture.
942.4 New Orleans marketing area.
942.5 Person.
942.6 Producer.
942.7 Handler.
942.8 Producer-handler.
942.9 Fluid milk plant.
942.10 Producer milk.
942.11 Other source milk.
942.12 Cooperative association.
942.13 Base milk.
942.14 Excess milk.
942.15 Chicago butter price.
942.16 Fluid milk product.

MARKET ADMINISTRATOR

942.20 Designation.

Sec.
942.21 Powers.
942.22 Duties.

REPORTS, RECORDS, AND FACILITIES

942.30 Reports of sources and utilization.
942.31 Other reports.
942.32 Records and facilities.
942.33 Retention of records.

CLASSIFICATION OF MILK

942.40 Skim milk and butterfat to be classified.
942.41 Classes of utilization.
942.42 Responsibility of handlers.
942.43 Transfers.
942.44 Computation of skim milk and butterfat in each class.
942.45 Allocation of skim milk and butterfat classified.

MINIMUM PRICES

942.50 Basic formula price.
942.51 Class prices.
942.52 Butterfat differentials to handlers.
942.53 Location differentials to handlers.
942.54 Use of equivalent prices.

APPLICATION OF PROVISIONS

942.60 Producer-handlers.
942.61 Milk subject to other Federal orders.

DETERMINATION OF PRICES TO PRODUCERS

942.70 Net obligation of handlers.
942.71 Computation of uniform prices for handlers.
942.72 Computation of the uniform prices for base and excess milk for each handler.
942.73 Butterfat differential to producers.
942.74 Location differential to producers.

PAYMENTS

942.80 Time and method of payments to producers.
942.81 Adjustment of accounts.
942.82 Marketing services.
942.83 Expense of administration.
942.84 Termination of obligations.

DETERMINATION OF BASE

942.90 Base-operating period.
942.91 Base-forming period.
942.92 Determination of daily base.
942.93 Base rules.
942.94 Announcement of established bases.

EFFECTIVE TIME, SUSPENSION, OR TERMINATION

942.100 Effective time.
942.101 Suspension or termination.
942.102 Continuing obligations.
942.103 Liquidation.

MISCELLANEOUS PROVISIONS

942.110 Agents.
942.111 Separability of provisions.

AUTHORITY: §§ 942.0 to 942.111 issued under Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c.

§ 942.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and each of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon a proposed tentative marketing agreement and order, as amended, and as hereby further amended, regulating the handling of milk in the New Orleans, Louisiana, marketing area. Upon the basis of the evidence introduced at such hearing, and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply of and demand for milk in the marketing area, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as, and is applicable only to, persons in the respective classes of industrial and commercial activity, specified in a marketing agreement upon which a hearing has been held.

(b) *Additional findings.* It is hereby found and determined that good cause exists for making effective not later than August 1, 1956 this order amending the said order, as amended. This action is necessary in the public interest in order to reflect current marketing conditions and to insure the production of an adequate supply of milk for the New Orleans, Louisiana, marketing area. The provisions of the said amendatory order are well known to handlers, the public hearing having been held in April, 1955, the recommended decision having been published in the FEDERAL REGISTER on February 18, 1956 (21 F. R. 1128), and the final decision having been executed by the Assistant Secretary on July 3, 1956. Reasonable time under the circumstances has been afforded persons affected to prepare for its effective date. Therefore, it would be impracticable and contrary to the public interest to delay the effective date of this amendatory order 30 days after its publication in the FEDERAL REGISTER (see section 4 (c) Administrative Procedure Act, 5 U. S. C. 1003 (c)).

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing or shipping the milk covered by this order amending the order, as amended) of more than 50 percent of the volume of milk covered by the aforesaid order, as amended, and as hereby further amended, which is marketed within the New Orleans, Louisiana, marketing area, refused or failed to sign the marketing agreement regulating the handling of milk in the said marketing area; and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order, amending said order, as amended, is the only practical means pursuant to the declared policy of the act, of advancing the interests of the producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of the order, amending the order, as amended is approved or favored by at least two-thirds of the producers who, during the representative period (May 1956) were engaged in the production of milk for sale in the said marketing area.

Order relative to handling. It is therefore ordered that on and after the effective date hereof, the handling of milk in the New Orleans, Louisiana, marketing area shall be in conformity to and in compliance with the following terms and conditions:

The provisions of §§ 942.1 to 942.111, both inclusive, herein set forth, shall be and are the terms and conditions of this order, as amended, and as hereby further amended.

DEFINITIONS

§ 942.1 *Act.* "Act" means Public Act No. 10, 73d Congress, as amended and as re-enacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

§ 942.2 *Secretary.* "Secretary" means the Secretary of Agriculture or any officer or employee of the United States who is authorized to exercise the powers or to perform the duties of the Secretary of Agriculture.

§ 942.3 *Department of Agriculture.* "Department of Agriculture" means the United States Department of Agriculture or such other Federal agency as may be authorized to perform the price reporting functions specified in this part.

§ 942.4 *New Orleans marketing area.* "New Orleans marketing area" hereinafter called the "marketing area" means all territory included within the boundaries of the parishes of Jefferson, Orleans, Plaquemines and St. Bernard, all in the State of Louisiana.

§ 942.5 *Person.* "Person" means any individual, partnership, corporation, association,or other business unit.

§ 942.6 *Producer.* "Producer" means any person other than a producer-handler who produces milk in compliance with the Grade A inspection requirements of the health authority having jurisdiction within the marketing area, which milk is received during the month at a fluid milk plant.

§ 942.7 *Handler.* "Handler" means any person in his capacity as the operator of a fluid milk plant.

§ 942.8 *Producer-handler.* "Producer-handler" means any person who produces milk and who processes milk from his own production and distributes all or a portion of such milk in the marketing area as Class I milk but who receives no milk from dairy farmers or other producer-handlers in bulk.

§ 942.9 *Fluid milk plant.* "Fluid milk plant" means a milk plant (a) where milk is processed and packaged and from which Class I milk pursuant to § 942.41 (a) is disposed of to retail or wholesale outlets (including plant stores) in the marketing area, or (b) from which milk or cream is transferred to a plant described in paragraph (a) of this section: *Provided,* That any such transferring plant shall not be included in this definition during any month in which there is shipped from such plant only Class II milk as defined in § 942.41 (b), or during any of the months of September, October, November and December, in which shipments of fluid whole milk or fluid skim milk from such plant are made to a plant described in paragraph (a) of this section on less than 20 days or during any other month in which such shipments are made on less than 5 days.

§ 942.10 *Producer milk.* "Producer milk" means any skim milk or butterfat contained in milk received by a handler either directly from producers or from other handlers.

§ 942.11 *Other source milk.* "Other source milk" means all skim milk and butterfat received in any form from a source other than producers or other handlers, except any nonfluid product received and disposed of in the same form.

§ 942.12 *Cooperative association.* "Cooperative association" means any cooperative association of producers which the Secretary determines:

(a) To be qualified under the provisions of the Act of Congress of February 18, 1922, as amended, known as the "Capper-Volstead Act"; and

(b) To have and to be exercising full authority in the sale of milk of its members.

§ 942.13 *Base milk.* "Base milk" means milk received at fluid milk plants from a producer during any of the months of March through August which is not in excess of such producer's daily base computed pursuant to § 942.92 multiplied by the number of days in such month.

§ 942.14 *Excess milk.* "Excess milk" means milk received from a producer during any of the months of March through August which is in excess of the base milk of such producer for such month.

§ 942.15 *Chicago butter price.* "Chicago butter price" means the simple average as computed by the market administrator of the daily wholesale selling prices (using the midpoint of any range as one price) per pound of 92-score bulk creamery butter at Chicago as reported during the month by the Department of Agriculture.

§ 942.16 *Fluid milk product.* "Fluid milk product" means milk (including concentrated and frozen milk), skim milk, buttermilk, flavored milk, flavored milk drinks (including eggnog), yogurt, cream, or any mixture in fluid form of milk, skim milk and cream (except sterilized products packaged in hermetically sealed containers, ice cream, and ice cream mix).

MARKET ADMINISTRATOR

§ 942.20 *Designation.* The agency for the administration of this part shall be a market administrator, selected by the Secretary, who shall be entitled to such compensation as may be determined by, and shall be subject to removal at the discretion of, the Secretary.

§ 942.21 *Powers.* The market administrator shall have the following powers with respect to this part:

(a) To administer its terms and provisions;

(b) To make rules and regulations to effectuate its terms and provisions;

(c) To receive, investigate, and report to the Secretary complaints of violations; and

(d) To recommend amendments to the Secretary.

§ 942.22 *Duties.* The market administrator shall perform all duties necessary to administer the terms and provisions of this part, including, but not limited to the following:

(a) Within 45 days following the date on which he enters upon his duties, or such lesser period as may be prescribed by the Secretary, execute and deliver to the Secretary a bond, effective as of the date on which he enters upon his duties, and conditioned upon the faithful performance of such duties, in an amount and with surety thereon satisfactory to the Secretary;

(b) Employ and fix the compensation of such persons as may be necessary to enable him to administer its terms and provisions;

(c) Obtain a bond in a reasonable amount and with reasonable surety thereon covering each employee who handles funds entrusted to the market administrator;

(d) Pay out of the funds received pursuant to § 942.83: (1) The cost of his bond and of the bonds of his employees, (2) his own compensation, and (3) all other expenses (except those incurred under § 942.82) necessarily incurred by him in the maintenance and functioning of his office and in the performance of his duties;

(e) Keep such books and records as will clearly reflect the transactions provided for in this section, and, upon request by the Secretary, surrender the same to such other persons as the Secretary may designate;

(f) Publicly disclose to handlers and producers, at his discretion, unless otherwise directed by the Secretary, the name of any handler who, after the date on which he is required to perform such acts, has not made reports pursuant to §§ 942.30 and 942.31, or payments pursuant to §§ 942.80 and 942.83;

(g) Submit his books and records to examination by the Secretary and furnish such information and reports as may be requested by the Secretary;

(h) Prepare and make available for the benefit of producers, consumers and handlers, general statistics and information concerning the operation of this order which do not reveal confidential information;

(i) Verify all reports and payments of each handler by audit of the records of such handler or any other handler or person to whom skim milk and butterfat are transferred, or by such other means as are necessary;

(j) From time to time, as conditions in the market warrant, publicly announce the name of each handler whose receipts of skim milk and butterfat in milk received from producers are more than 105 percent and less than 95 percent, respectively, of his total utilization of skim milk and butterfat, respectively, in Class I milk; and

(k) On or before the date specified publicly announce, and mail to each handler at his last known address a notice of the following:

(1) The 5th day of each month, the Class I milk price and the Class I butterfat differential, both for the current month, and the Class II milk price and the Class II butterfat differential, both for the preceding month;

(2) The 11th day of each month during the period October through March, the uniform price for each handler computed pursuant to § 942.71, and the butterfat differential computed pursuant to § 942.73, both for the preceding month; and

(3) The 11th day of each month during the period April through September, the uniform prices for base and excess milk for each handler computed pursuant to § 942.72, and the butterfat differential computed pursuant to § 942.73, both for the preceding month.

REPORTS, RECORDS, AND FACILITIES

§ 942.30 *Reports of sources and utilization.* On or before the 5th day after the end of each month each handler, except a producer-handler, shall report for each of his fluid milk plants for such month to the market administrator in the detail and on forms prescribed by the market administrator as follows:

(a) The quantities of skim milk and butterfat contained in:

(1) Producer milk;

(2) Fluid milk products received from other fluid milk plants;

(3) Other source milk;

(4) Inventories of fluid milk products on hand at the beginning of the month; and

(b) The utilization of all skim milk and butterfat required to be reported pursuant to paragraph (a) of this section, including inventories of fluid milk products on hand at the end of the month.

§ 942.31 *Other reports.* (a) Each producer-handler shall make reports to the market administrator at such time and in such manner as the market administrator may prescribe.

(b) Each handler, except a producer-handler, shall report to the market administrator in the detail and on forms prescribed by the market administrator:

(1) On or before the 5th day of each month during the period April through September the aggregate quantity of base milk received at his fluid milk plant(s) for the preceding month;

(2) On or before the 20th day after the end of the month, for each of his

fluid milk plants, his producer payroll for such month which shall show for each producer: (i) His name and address, (ii) the total pounds of milk received from such producer or cooperative association, including the pounds of base milk, (iii) the days for which milk was received from such producer if less than the entire month, (iv) the average butterfat content of such milk, and (v) the net amount of such handler's payment to the producer or cooperative association, together with the price paid and the amount and nature of any deductions; and

(3) Such other information with respect to his sources and utilization of butterfat and skim milk as the market administrator may prescribe.

§ 942.32 *Records and facilities.* Each handler shall maintain and make available to the market administrator during the usual hours of business such accounts and records of his operations and such facilities as are necessary for the market administrator to verify or establish the correct data for each month with respect to:

(a) The receipt and utilization of all skim milk and butterfat handled in any form;

(b) The weights and tests for butterfat and other content of all products handled;

(c) The pounds of skim milk and butterfat contained in or represented by all items of products on hand at the beginning and end of each month; and

(d) Payments to producers, including any deductions authorized by producers, and disbursement of money so deducted.

§ 942.33 *Retention of records.* All books and records required under this part to be made available to the market administrator shall be retained by the handler for a period of three years to begin at the end of the month to which such books and records pertain: *Provided*, That if, within such three-year period, the market administrator notifies the handler in writing that the retention of such books and records, or of specified books and records, is necessary in connection with a proceeding under section 8c (15) (A) of the act or a court action specified in such notice, the handler shall retain such books and records, or specified books and records, until further written notification from the market administrator. In either case, the market administrator shall give further written notification to the handler promptly upon the termination of the litigation or when the records are no longer necessary in connection therewith.

CLASSIFICATION OF MILK

§ 942.40 *Skim milk and butterfat to be classified.* The skim milk and butterfat to be reported for fluid milk plants pusuant to § 942.30 (a) shall be classified each month by the market administrator, pursuant to the provisions of §§ 942.41 through 942.45.

§ 942.41 *Classes of utilization.* Subject to the conditions set forth in §§ 942.42 through 942.45, the classes of utilization shall be as follows:

(a) *Class I milk.* Class I milk shall be all skim milk and butterfat; (1) disposed of from the plant in the form of fluid milk products, except those classified pursuant to paragraph (b) (3) and (4) of this section, and (2) not specifically accounted for as Class II milk.

(b) *Class II milk.* Class II milk shall be all skim milk and butterfat: (1) Used to produce any product other than a fluid milk product; (2) contained in inventories of fluid milk products on hand at the end of the month; (3) disposed of as dumped skim milk; (4) disposed of as skim milk and used for livestock feed; and (5) in shrinkage not to exceed an amount calculated as follows: (i) 0.5 percent of milk received from producers and disposed of as whole milk, skim milk or cream in bulk tank lots; (ii) 1.5 percent of the skim milk or butterfat received as bulk tank lots of milk and disposed of in a form other than bulk tank lots of milk: *Provided*, That any disposition of milk in bulk tank lots shall be assigned to receipts of milk in such form; and (iii) 2.0 percent of milk received from producers and disposed of in a form other than bulk tank lots of whole milk, skim milk or cream.

§ 942.42 *Responsibility of handlers.* All skim milk and butterfat to be classified pursuant to this part shall be classified as Class I milk, unless the handler who first receives such skim milk and butterfat establishes to the satisfaction of the market administrator that it should be classified as Class II milk.

§ 942.43 *Transfers.* Skim milk or butterfat disposed of by a handler during any month in fluid form as milk, skim milk or cream by transfer to another plant shall be classified as follows:

(a) As Class I milk if transferred to the fluid milk plant of another handler (except a producer-handler), unless utilization in a product specified in § 942.41 (b) is mutually indicated in writing to the market administrator by both handlers on or before the 5th day after the end of the month in which such transfer occurred: *Provided*, That the amount of skim milk or butterfat shall not exceed the total skim milk or butterfat so used during the month by the transferee-handler: *And provided further*, That if either or both handlers have received other source milk, skim milk and butterfat so transferred shall be classified at both plants so as to return the highest available utilization to milk received from producers;

(b) As Class I milk if transferred to a producer-handler;

(c) As Class I milk if transferred to any plant other than a fluid milk plant unless:

(1) The handler claims utilization in a product(s) specified in § 942.41 (b);

(2) The operator of such nonfluid milk plant maintains books and records showing the receipts and utilization of all skim milk and butterfat at such plant which are available if requested by the market administrator for the purpose of verification; and

(3) The utilization of skim milk and butterfat at such nonfluid milk plant in fluid milk products is less than the total pounds of skim milk and butterfat, respectively, received from the transferor-handler(s) and from dairy farmers whom the market administrator determines constitute the regular source of supply for fluid use in such plant, in which case the skim milk and butterfat transferred shall be assigned to the remaining uses of skim milk and butterfat, respectively, during such month, for which producers receive the highest rate of return after the similar assignment of the receipts of skim milk and butterfat from such dairy farmers.

§ 942.44 *Computation of skim milk and butterfat in each class.* For each month, the market administrator shall correct for mathematical and other obvious errors, the reports submitted by each handler pursuant to § 942.30 and compute the total pounds of skim milk and butterfat, respectively, in Class I milk and Class II milk at all of the fluid milk plants of such handler.

§ 942.45 *Allocation of skim milk and butterfat classified.* (a) The pounds of skim milk remaining in each class after making the following computations each month with respect to the fluid milk plant(s) of each handler, shall be the pounds of skim milk in such class allocated to the producer milk of such handler for such month.

(1) Subtract from the total pounds of skim milk in Class II milk the shrinkage of skim milk in producer milk classified as Class II milk pursuant to § 942.41 (b);

(2) Subtract from the pounds of skim milk remaining in Class II milk the remaining pounds of skim milk received in other source milk: *Provided*, That if the pounds of skim milk to be subtracted exceed the remaining pounds of skim milk in Class II milk, the balance shall be subtracted from the pounds of skim milk in Class I milk;

(3) Subtract from the pounds of skim milk remaining in Class II milk the pounds of skim milk contained in inventory of fluid milk products on hand at the beginning of the month: *Provided*, That if the pounds of skim milk in such inventory exceed the remaining pounds of skim milk in Class II milk, the balance shall be subtracted from the pounds of skim milk remaining in Class I milk;

(4) Subtract the pounds of skim milk in fluid milk products received from fluid milk plants of other handlers from the pounds of skim milk remaining in the class to which assigned, pursuant to § 942.43 (a);

(5) Add to the pounds of skim milk remaining in Class II milk the pounds of skim milk subtracted pursuant to subparagragh (1) of this paragraph;

(6) If the pounds of skim milk remaining in all classes exceed the pounds of skim milk in milk received from producers, substract such excess from the pounds of skim milk remaining in the various classes in series beginning with Class II milk. Any amount so subtracted shall be known as "overage".

(b) Determine the pounds of butterfat in each class to be allocated to producer milk in the manner prescribed in paragraph (a) of this section for determining the allocation of skim milk to producer milk.

(c) Add the pounds of skim milk and the pounds of butterfat in each class calculated pursuant to paragraphs (a) and (b) of this section and determine the percentage of butterfat in the producer milk allocated to each class.

MINIMUM PRICES

§ 942.50 *Basic formula price.* The highest of the prices computed pursuant to paragraphs (a), (b) and (c) of this section, rounded to the nearest whole cent, shall be known as the basic formula price.

(a) Divide the average of the basic (or field) prices per hundredweight reported to have been paid or to be paid for milk of 3.5 percent butterfat content received from farmers during the month at the following plants or places for which prices have been reported to the market administrator or to the Department of Agriculture by 3.5 and multiply by 4.0:

Present Operator and Location

Borden Company, Mount Pleasant, Mich.
Borden Company, New London, Wis.
Borden Company, Orfordville, Wis.
Carnation Company, Oconomowoc, Wis.
Carnation Company, Richland Center, Wis.
Carnation Company, Sparta, Mich.
Pet Milk Company, Belleville, Wis.
Pet Milk Company, Coopersville, Mich.
Pet Milk Company, Hudson, Mich.
Pet Milk Company, New Glarus, Wis.
Pet Milk Company, Wayland, Mich.
White House Milk Company, Manitowoc, Wis.
White House Milk Company, West Bend, Wis.

(b) The price computed by adding together any plus values computed pursuant to subparagraphs (1) and (2) of this paragraph:

(1) Multiply the Chicago butter price by 4.8;

(2) Deduct 5 cents from the simple average as computed by the market administrator of the weighted averages of carlot prices per pound of nonfat dry milk solids, spray and roller process, respectively, for human consumption, f. o. b. manufacturing plants in the Chicago area, as published for the period from the 26th day of the preceding month through the 25th day of the current month by the Department of Agriculture, and multiply by 7.5;

(c) The average of the basic (or field) prices reported to have been paid or to be paid per hundredweight for milk of 4.0 percent butterfat content received from farmers during the month at the following plants or places for which prices have been reported to the market administrator or to the Department of Agriculture:

Present Operator and Location

Pet Milk Company, Kosciusko, Miss.
Borden Food Company, Starkville, Miss.
Kraft Foods Company, Newton, Miss.
Wilson and Company, Macon, Miss.

§ 942.51 *Class prices.* Subject to the provisions of §§ 942.52 and 942.53, the class prices per hundredweight of milk containing 4.0 percent butterfat shall be determined for each month as follows:

(a) *Class I milk price.* The Class I milk price shall be the basic formula price for the preceding month, plus $2.20 during the months of March through August, and $2.65 in all other months, plus or minus a supply-demand adjustment calculated for each month as follows: *Provided*, That from the effective date hereof through February 1957, the Class I milk price shall be the basic formula price for the preceding month plus $2.65: *And provided further*, That from the effective date hereof through February 1957, such supply-demand adjustment shall not apply:

(1) Divide the total receipts of producer milk in the two immediately preceding months by the total gross volume of Class I milk (less interhandler transfers) for such months, multiply the result by 100, and round to the nearest whole number. The result shall be known as the "current supply-demand relationship."

(2) Compute a net deviation percentage by subtracting from the "current supply-demand relationship" computed pursuant to subparagraph (1) of this paragraph, the "representative supply-demand index" shown below:

Delivery period for which the Class I price is computed	Delivery periods used to compute relationship	Representative supply-demand index
January	October-November	118
February	November-December	123
March	December-January	128
April	January-February	133
May	February-March	136
June	March-April	138
July	April-May	137
August	May-June	134
September	June-July	131
October	July-August	127
November	August-September	121
December	September-October	113

(3) Determine the amount of the supply-demand adjustment from the following schedule:

Net deviation (percentage points):	Adjustment amount (cents)
−24 or more	+49
−21 or −22	+43
−18 or −19	+37
−15 or −16	+31
−12 or −13	+25
−9 or −10	+19
−6 or −7	+13
−3 or −4	+7
−1, 0, or +1	0
+3 or +4	−7
+6 or +7	−13
+9 or +10	−19
+12 or +13	−25
+15 or +16	−31
+18 or +19	−37
+21 or +22	−43
+24 or more	−49

In case the net deviation percentage does not fall within the tabulated brackets, the adjustment amount shall be determined by the adjacent net deviation bracket which is the same or nearest to the bracket used in the previous month.

(b) *Class II milk price.* The Class II milk price shall be the price determined pursuant to § 942.50 (c) plus 15 cents during the months February through August, and plus 25 cents during all other months: *Provided:* That, in no case shall such price exceed the basic formula price.

§ 942.52 *Butterfat differentials to handlers.* For milk containing more or less than 4.0 percent butterfat, the class prices calculated pursuant to § 942.51 shall be increased or decreased, respectively, for each one-tenth percent butterfat at the appropriate rate determined as follows:

(a) *Class I price.* Multiply the Chicago butter price for the previous month by 0.12;

(b) *Class II price.* Multiply the Chicago butter price for the month by 0.11.

§ 942.53 *Location differentials to handlers.* (a) For that milk which is received from producers at a fluid milk plant situated other than in the zone located 61–70 miles from the City Hall in New Orleans, the price specified in § 942.51 (a) shall be adjusted at the rate set forth in the following schedule according to the location of the fluid milk plant where such milk is received from producers:

Zones measured from the City Hall, New Orleans, La. (miles):	Rate per hundredweight (cents)
Not more than 20	+28.0
More than 20 but not more than 30	+8.0
More than 30 but not more than 40	+6.0
More than 40 but not more than 50	+4.0
More than 50 but not more than 60	+2.0
More than 60 but not more than 70	0.0
More than 70 but not more than 80	−2.0
More than 80 but not more than 90	−4.0
More than 90 but not more than 100	−6.0
More than 100 but not more than 110	−7.0
Each additional 10 miles or fraction thereof	−1.5

(b) The market administrator shall, from time to time, determine and publicly announce the zone location of each plant of each handler, according to the railroad mileage distance between such country plant and the railroad terminal in New Orleans, or according to the highway mileage distance between such plant and the City Hall in New Orleans, whichever is shorter.

(c) For the purpose of this section, the skim milk and butterfat classified as Class I during each month shall be considered to have been first received from producers at such handler's plant located in the 0–20 miles zone, then that skim milk and butterfat which was received from producers at such handler's plant in series beginning with plants located in the zone nearest to New Orleans.

§ 942.54 *Use of equivalent prices.* If, for any reason, a price specified in this part for use in computing class prices or for other purposes is not reported or published in the manner described in this part, the market administrator shall use a price determined by the Secretary to be equivalent to or comparable with the price which is specified.

APPLICATION OF PROVISIONS

§ 942.60 *Producer-handlers.* Sections 942.40 through 942.45, 942.50 through 942.53, and 942.70 through 942.74; 942.80 through 942.84; and 942.90 through 942.94 shall not apply to a producer-handler.

§ 942.61 *Milk subject to another Federal order.* Milk received at the plant of a handler, the handling of which the Secretary determines to be subject to the pricing and payment provisions of any other Federal milk marketing agreement or order issued pursuant to the

Act for any fluid milk marketing area shall not be subject to the pricing and payment provisions of this part.

DETERMINATION OF UNIFORM PRICE

§ 942.70 *Net obligation of handlers.* The net obligation of each handler for producer milk received at his fluid milk plant(s) during each month shall be a sum of money computed by the market administrator as follows:

(a) Multiply the pounds of such milk in each class by the applicable class price;

(b) Add together the resulting amounts;

(c) Add the amounts computed by multiplying the pounds of overage deducted from each class by the applicable class price;

(d) Add or subtract, as the case may be, an amount necessary to correct errors discovered by the market administrator in the verification of reports of such handler of his receipts and utilization of skim milk and butterfat for previous months; and

(e) Add the amount computed by multiplying the difference between the appropriate Class II price for the preceding month and the appropriate Class I price for the current month by the hundredweight of skim milk and butterfat remaining in Class II milk after the calculations pursuant to § 942.45 (a) (4), and (b) for the preceding month, or the hundredweight of skim milk and butterfat subtracted from Class I milk pursuant to § 942.45 (a) (3), and (b) for the current month, whichever is less, respectively.

§ 942.71 *Computation of uniform prices for handlers.* For each of the months of September through February, the market administrator shall compute a uniform price for the producer milk received by each handler as follows:

(a) Adjust the amount computed pursuant to § 942.70 by the total of the location differentials to be made pursuant to § 942.74;

(b) Add or subtract for each one-tenth percent that the average butterfat test of producer milk received by such handler is less or more, respectively, than 4.0 percent an amount computed by multiplying such difference by the butterfat differential to producers and multiplying the result by the total hundredweight of producer milk;

(c) Add the amount represented by any deductions made for eliminating fractions of a cent in computing the uniform price(s) for such handler for the preceding month; and

(d) Divide the resulting amount by the total hundredweight of producer milk received by such handler. The result, less any fraction of a cent per hundredweight, shall be known as the unform price for such handler for milk of 4.0 percent butterfat content, f. o. b. 61–70 mile zone.

§ 942.72 *Computation of the uniform prices for base and excess milk for each handler.* For each of the months of March through August, the market administrator shall compute for each handler with respect to his producer milk a uniform price for base and excess milk as follows:

(a) Adjust the amount computed pursuant to § 942.70 by the total of the location differentials computed pursuant to § 942.74;

(b) Add or subtract for each one-tenth percent that the average butterfat content of producer milk received by such handler is less or more, respectively, than 4.0 percent, an amount computed by multiplying such difference by the butterfat differential to producers and multiplying the result by the total hundreweight of producer milk;

(c) Add the amount represented by any deductions made for eliminating fractions of a cent in computing the uniform price(s) for such handler for the preceding month;

(d) Subject to the conditions set forth in paragraph (e) of this section, compute the value of excess milk received by such handler from producers by multiplying the quantity of such milk by the Class II price;

(e) Compute the value of base milk received by such handler from producers by subtracting the value obtained pursuant to paragraph (c) of this section: *Provided,* That if such resulting value is greater than an amount computed by multiplying the pounds of such base milk by the Class I price, such value in excess thereof shall be added to the value computed pursuant to paragraph (d) of this section to the extent that such excess price shall not exceed the base price as calculated herein. Any additional value remaining shall be prorated on a volume basis between excess and base milk;

(f) Divide the value obtained pursuant to paragraph (e) of this section by the hundredweight of base milk in producer milk. This result, less any fraction of a cent per hundredweight, shall be known as the uniform price for such handler for base milk of 4.0 percent butterfat content, f. o. b. 61–70 mile zone; and

(g) Divide the value obtained pursuant to paragraph (d) of this section by the hundredweight of excess milk in producer milk. This result, less any fraction of a cent per hundredweight, shall be known as the uniform price for such handler for excess milk of 4.0 percent butterfat content.

§ 942.73 *Butterfat differential to producers.* The applicable uniform prices to be paid pursuant to § 942.80 to producers delivering milk to each handler shall be increased or decreased for each one-tenth of one percent which the butterfat content of his milk is above or below 4.0 percent, respectively, at the rate determined by multiplying the pounds of butterfat in the producer milk of such handler allocated to Class I and Class II milk pursuant to § 942.45 (b) by the respective butterfat differential for each class, dividing the sum of such values by the total pounds of such butterfat and rounding the resulting figure to the nearest half cent.

§ 942.74 *Location differential to producers.* Each handler, in making payments pursuant to § 942.80, shall adjust the uniform price of base milk during the months March through August, and of all milk during each of the months September through February for each producer with respect to all such milk received from such producer at a fluid milk plant by the amount per hundredweight pursuant to § 942.53 (a).

PAYMENTS

§ 942.80 *Time and method of payments to producers.* (a) Except as provided in paragraph (b) of this section, each handler shall make payment to each producer from whom milk is received during the month as follows:

(1) On or before the last day of each month to each producer who did not discontinue shipping milk to such handler before the 25th day of the month, an amount equal to not less than the Class II milk price for the preceding month multiplied by the hundredweight of milk received from such producer during the first 15 days of the month, less proper deductions authorized by such producer to be made from payments due pursuant to this paragraph;

(2) On or before the 15th day of the following month, each handler shall make payment to each producer for milk which was received from him during the month at not less than the uniform price computed pursuant to § 942.71 for the months September through February, and at not less than the uniform price for base milk computed pursuant to § 942.72 with respect to base milk received from such producer, and at not less than the uniform price for excess milk computed pursuant to § 942.72 with respect to excess milk received from such producer for the months March through August, subject to the following adjustments: (i) The butterfat differential pursuant to § 942.73, (ii) the location differential pursuant to § 942.74, (iii) less payments made to such producer pursuant to subparagraph (1) of this paragraph, (iv) less marketing services deductions made pursuant to § 942.82, (v) plus or minus adjustments for errors made in previous payments to such producer, and (vi) less proper deductions authorized in writing by such producer.

(b) In the case of a cooperative association which the market administrator determines is authorized by its members to collect payment for their milk, and which has so requested any handler in writing, such handler shall, on or before the 2d day prior to the date on which payments are due individual producers, pay the cooperative association for milk received during the month from the producer members of such association as determined by the market administrator an amount equal to not less than the amount due such producer members as determined pursuant to paragraph (a) of this section.

(c) Each handler shall furnish the person to whom payment is to be made pursuant to this section with the following information:

(1) On or before the 25th day of the month, the pounds of milk received from the producer or from each member of the cooperative association during the first 15 days of such month;

(2) On or before the 7th day of the following month to a cooperative association for its individual members, or on or

before the 15th day of the following month to producers, (i) the pounds of milk received each day and the total for the month, together with the butterfat content of such milk, (ii) the pounds of base milk received, (iii) the amount (or rate) and nature of deductions made from payments, and (iv) the amount and nature of payments due pursuant to § 942.81.

§ 942.81 *Adjustment of accounts.* Whenever audit by the market administrator of any reports, books, records, or accounts or other verification discloses errors resulting in moneys due (a) the market administrator from a handler, (b) a handler from the market administrator, or (c) any producer or cooperative association from a handler, the market administrator shall promptly notify such handler of any amount so due and payment thereof shall be made on or before the next date for making payments set forth in the provisions under which such error occurred.

§ 942.82 *Marketing services.* (a) Except as set forth in paragraph (b) of this section, each handler, in making payments to producers for milk (other than milk of his own production) pursuant to § 942.80, shall deduct 5 cents per hundredweight, or such amount not exceeding 5 cents per hundredweight, as may be prescribed by the Secretary, and shall pay such deductions to the market administrator on or before the 15th day after the end of the month. Such money shall be used by the market administrator to provide market information and to check the accuracy of the testing and weighing of their milk for producers who are not receiving such service from a cooperative association;

(b) In the case of producers who are members of a cooperative association which the Secretary has determined is actually performing the services set forth in paragraph (a) of this section, each handler shall (in lieu of the deduction specified in paragraph (a) of this section), make such deductions from the payments to be made to such producers as may be authorized by the membership agreement or marketing contract between such cooperative association and such producers, and on or before the 13th day after the end of each month, pay such deductions to the cooperative association of which such producers are members, furnishing a statement showing the amount of any such deductions and the amount of milk for which such deduction was computed for each producer.

§ 942.83 *Expense of administration.* As his pro rata share of the expense of administration of this part, each handler shall pay to the market administrator, on or before the 15th day after the end of the month, 4 cents per hundredweight or such lesser amount as the Secretary may, from time to time, prescribe, to be announced by the market administrator on or before the 10th day after the end of such month, with respect to all skim milk and butterfat received by such handler, during such delivery period from producers, including that received from such handler's own farm production.

§ 942.84 *Termination of obligations.* The provisions of this section shall apply to any obligations under this part for the payment of money irrespective of when such obligation arose.

(a) The obligation of any handler to pay money required to be paid under the terms of this part shall, except as provided in paragraphs (b) and (c) of this section, terminate two years after the last day of the calendar month during which the market administrator receives the handler's utilization report on the milk involved in such obligation, unless within such two-year period the market administrator notifies the handler in writing that such money is due and payable. Service of such notice shall be complete upon mailing to the handler's last known address, and it shall contain, but need not be limited to the following information:

(1) The amount of the obligation;

(2) The month(s) during which the milk, with respect to which the obligation exists was received or handled; and

(3) If the obligation is payable to one or more producers or to an association of producers, the name of such producer(s) or association of producers; or if the obligation is payable to the market administrator, the account for which it is to be paid.

(b) If a handler fails or refuses, with respect to any obligation under this part, to make available to the market administrator or his representatives all books and records required by this part to be made available, the market administrator may, within the two-year period provided for in paragraph (a) of this section, notify the handler in writing of such failure or refusal. If the market adminstrator so notifies a handler, the said two-year period with respect to such obligation shall not begin to run until the first day of the calendar month following the month during which all such books and records pertaining to such obligation are made available to the market administrator or his representative.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this section, a handler's obligation under this part to pay money shall not be terminated with respect to any transaction involving fraud or willful concealment of a fact, material to the obligation, on the part of the handler against whom the obligation is sought to be imposed.

(d) Any obligation on the part of the market administrator to pay a handler any money which such handler claims to be due him under the terms of this part shall terminate two years after the end of the calendar month during which the payment (including deduction or setoff by the market administrator) was made by the handler, if a refund on such payment is claimed, unless such handler, within the applicable period of time, files, pursuant to section 8c (15) (A) of the act, a petition claiming such money.

DETERMINATION OF BASE

§ 942.90 *Base-operating period.* The base-operating period shall be the months of March through August.

§ 942.91 *Base-forming period.* The base-forming period for each year shall be the months of October through February immediately preceding the base-operating period.

§ 942.92 *Determination of daily base.* The daily base of each producer shall be an amount calculated by the handler(s) to whom such producer delivered milk during the base-forming period, subject to verification by the market administrator, as follows: Divide the total pounds of milk received from such producer during the base-forming period by the number of days in such period.

§ 942.93 *Base rules.* The following rules shall apply in connection with the establishment and assignment of bases:

(a) Subject to the provisions of paragraph (b) of this section, the market administrator shall assign a base as calculated pursuant to § 942.92 to each person for whose account producer milk was delivered to fluid milk plants during the months of October through February.

(b) An entire base shall be transferred from a person holding such base to any other person effective as of the end of any month during which an application for such transfer is received by the market administrator, such application to be signed by the baseholder, or his heirs, and by the person to whom such base is to be transferred: *Provided,* That if a base is held jointly, the entire base shall be transferable only upon the receipt of such application signed by all joint holders or their heirs, and by the person to whom such base is to be transferred.

§ 942.94 *Announcement of established bases.* On or before March 31 of each year, the market administrator shall notify each producer, and the handler receiving milk from such producer, of the daily base established by such producer.

EFFECTIVE TIME, SUSPENSION, OR TERMINATION

§ 942.100 *Effective time.* The provisions of this part, or any amendment thereto, shall become effective at such time as the Secretary may declare and shall continue in force until suspended or terminated.

§ 942.101 *Suspension or termination.* The Secretary shall, whenever he finds that any or all provisions of this part, or any amendment thereto, obstruct or do not tend to effectuate the declared policy of the Act, terminate or suspend the operation of any or all provisions of this part or any amendment thereto.

§ 942.102 *Continuing obligations.* If, upon the suspension or termination of any or all provisions of this part, or any amendment thereto, there are any obligations thereunder the final accrual or ascertainment of which requires further acts by any person (including the market administrator), such further acts shall be performed notwithstanding such suspension or termination.

§ 942.103 *Liquidation.* Upon the suspension or termination of any or all of the provisions of this part, the market administrator, or such other liquidating agent as the Secretary may designate, shall, if so directed by the Secretary, liquidate the business of the market administrator's office, dispose of all property in his possession or control, including accounts receivable, and execute and

deliver all assignments or other instruments necessary or appropriate to effectuate any such disposition. If a liquidating agent is so designated, all assets, books, and records of the market administrator shall be transferred promptly to such liquidating agent. If, upon such liquidation, the funds on hand exceed the amounts required to pay outstanding obligations of the office of the market administrator and to pay necessary expenses of liquidating and distribution, such excess shall be distributed to contributing handlers and producers in an equitable manner.

MISCELLANEOUS PROVISIONS

§ 942.110 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United States to act as his agent and representative in connection with any of the provisions of this part.

§ 942.111 *Separability of provisions.* If any provision of this part, or its application to any person or circumstances, is held invalid, the application of such provision, and of the remaining provisions of this part, to other persons or circumstances shall not be affected thereby.

Issued at Washington, D. C., this 25th day of July 1956, to be effective on and after August 1, 1956.

[SEAL] EARL L. BUTZ,
Assistant Secretary.

[F. R. Doc. 56-6101; Filed, July 27, 1956; 8:47 a. m.]

[Lemon Reg. 652]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.759 *Lemon Regulation 652*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 20 F. R. 8451; 21 F. R. 4393), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on July 25, 1956, such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., July 29, 1956, and ending at 12:01 a. m., P. s. t., August 5, 1956, is hereby fixed as follows:

(i) District 1: Unlimited movement;
(ii) District 2: 232,500 cartons;
(iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: July 26, 1956.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[F. R. Doc. 56-6157; Filed, July 27, 1956; 8:54 a. m.]

[Amdt. 1]

PART 958—IRISH POTATOES GROWN IN COLORADO

LIMITATION OF SHIPMENTS

§ 958.321 *Limitation of shipments*—(a) *Findings.* (1) Pursuant to Marketing Agreement No. 97 and Order No. 58 (7 CFR Part 958), regulating the handling of Irish potatoes grown in the State of Colorado, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the area committee for Area No. 3, established pursuant to said marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication in the FEDERAL REGISTER (5 U. S. C. 1001 et seq.) in that (i) the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, (ii) more orderly marketing in the public interest, than would otherwise prevail, will be promoted by regulating the shipment of potatoes, in the manner set forth below, on and after the effective date of this section, (iii) compliance with this section will not require any preparation on the part of handlers which cannot be completed by the effective date, (iv) a reasonable time is permitted under the circumstances, for such preparation, (v) this amendment tends to relax regulations, and (vi) information regarding the committee's recommendations has been made available to producers and handlers in the production area.

Order, as amended. The provisions of paragraph (b) of § 958.321 (21 F. R. 5409) are hereby amended to read as follows:

(b) *Order.* (1) During the period from July 23, 1956 through May 31, 1957, no handler shall ship potatoes of any variety grown in Area No. 3, unless such potatoes meet the requirements of the U. S. No. 2 or better grade, and (i) if they are of the round varieties such potatoes are of a size not less than 2 inches minimum diameter, and (ii) if they are of the long varieties such potatoes are of a size not less than 2 inches minimum diameter or 4 ounces minimum weight: *Provided,* That during the period July 30 through September 15, 1956, both dates inclusive, U. S. No. 1, Size B potatoes of any variety may also be shipped.

(2) During the period from July 23, 1956, through May 31, 1957, and subject to the requirements set forth in subparagraph (1) of this paragraph, no handler shall ship any lot of any variety of potatoes grown in Area No. 3 if such potatoes are more than "moderately skinned" as such term is defined in the said United States Standards, which means that not more than 10 percent of such potatoes have more than one-half of the skin missing or "feathered": *Provided,* That not to exceed 100 hundredweight of such potatoes may be handled for any producer without regard to the aforesaid skinning requirements if the handler thereof reports, prior to such handling, the name and address of the producer of such potatoes, and each shipment hereunder is handled as an identifiable entity.

(3) For the purpose of determining who shall be entitled to the exception set forth in subparagraph (2) of this paragraph: (i) "Producer" means any individual, partnership, corporation, association, landlord-tenant relationship, community property ownership, or any other business unit engaged in the production of potatoes for market; and (ii) it is intended that each 100 hundredweight exception to the aforesaid skinning requirement shall apply only to the potatoes grown on each farm of a producer.

(4) The terms used in this section shall have the same meanings as when used in Marketing Agreement No. 97 and Order No. 58 (7 CFR Part 958) and the aforementioned grades and sizes shall have the same meanings assigned these terms in the U. S. Standards for Potatoes (7 CFR 51.366), including the tolerance set forth therein.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: July 26, 1956.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division.

TITLE 6—AGRICULTURAL CREDIT

Chapter IV—Commodity Stabilization Service and Commodity Credit Corporation, Department of Agriculture

Subchapter C—Export Programs

[Announcement CN-EX-3]

PART 482—COTTON PRODUCTS EXPORT PROGRAM

Subchapter C—International Wheat Agreement of Chapter IV, Title 6 is hereby redesignated as Subchapter C—Export Program and a new Part 482—Cotton Products Export Program is added to read as follows:

Sec.
482.1 General statement.
482.2 Definitions.
482.3 Registration of sales.
482.4 Exporter's agreement with the CCC.
482.5 Cancellation of sale or failure to export.
482.6 Determination of base equalization payment rate.
482.7 Classes of cotton products and related equalization payment rates.
482.8 Equalization payment rates and amounts due exporters.
482.9 Export conditions.
482.10 Inspection.
482.11 Satisfactory evidence of exportation.
482.12 Application for payment.
482.13 Cotton products returned to the United States.
482.14 Records and reports.
482.15 Amendment or termination.
482.16 Good faith.
482.17 Persons not eligible.

AUTHORITY: §§ 482.1 to 482.17 issued under sec. 4, 62 Stat. 1070, as amended; 15 U. S. C. 714b. Interpret or apply sec. 5, 62 Stat. 1072; 15 U. S. C. 714c.

§ 482.1 *General statement.* Commodity Credit Corporation (referred to in this subpart as "CCC") will, pursuant to this announcement, carry out a Cotton Products Export Program (referred to in this subpart as "the program") under which equalization payments will be made to exporters in connection with the exportation of cotton products made from upland cotton grown and wholly processed in the United States. The program will be administered through the CSS Cotton Products Export Office, 290 Broadway, New York 7, New York, (referred to in this subpart as the "New York Office"), which is a branch of the New Orleans CSS Commodity Office. This announcement contains the terms and conditions of the program. Information pertaining to the operation of the program may be obtained from the New York office.

§ 482.2 *Definitions*—(a) *Cotton products.* "Cotton products," as used herein, means any cotton textiles or spinnable cotton waste as defined in paragraphs (b) and (c) of this section.

(b) *Cotton textiles.* "Cotton textiles," as used herein, means any product or article which contains not less than 50 percent by weight of American upland cotton (not including cotton linters) and is processed or manufactured from lint cotton, card strips, or comber noil, including slivers, laps, rovings, yarns, fabrics, and manufactured articles processed or manufactured from any processed form thereof. Fabrics must be at least one yard in length. The term, as used herein, includes such products only when exported as the principal product and does not include such products when used as containers, wrappers, packing, protective coverings, or for similar purposes.

(c) *Spinnable cotton waste.* "Spinnable cotton waste," as used herein, means only card strips, comber noil, spinners laps, and roving waste processed from American upland cotton.

§ 482.3 *Registration of sales.* All export sales of cotton products, to be eligible for payments hereunder, shall be registered by the exporter with the New York office by filing, in triplicate, a properly executed Notice of Export Sale, CCC Cotton Form 32. The Notice of Export Sale must be filed not later than five business days after the date of export sale, except that for sales made after May 20, 1956, and prior to August 1, 1956, notice must be given not later than August 6, 1956. An extension of the period for registration may be granted by the Chief of the New York Office if he determines that additional time in which to file the Notice of Export Sale is required by the exporter. Sales entered into prior to May 21, 1956, are not eligible to be registered hereunder. Upon receipt of an acceptable Notice of Export Sale, a Registration Number will be assigned by the New York office, and a copy showing such number will be returned to the exporter. All correspondence relating to a sale previously registered with CCC for which a Registration Number has been assigned by the New York office shall refer to the Registration Number.

§ 482.4 *Exporter's agreement with the CCC.* The submission of a Notice of Export Sale by the exporter and the assignment of a Registration Number by CCC shall constitute an agreement by the exporter to export the quantity of cotton products shown on such notice and to submit satisfactory evidence of such exportation in accordance with this subpart in consideration of the undertaking by CCC to make an equalization payment hereunder.

§ 482.5 *Cancellation of sale or failure to export.* (a) The exporter shall notify the New York office promptly in every case where, after filing Notice of Export Sale as required in § 482.3, a sale is canceled by the exporter or by the importer, stating fully the reason for such cancellation. The exporter shall also notify the New York office promptly when, for any reason, it becomes apparent to him that he will not be able to fulfill his obligation under this subpart by making shipment within the prescribed period.

(b) If CCC determines that the exporter is prevented from exporting cotton products because of Acts of God, Acts of Governments, unavailability of exchange, or other reasons beyond his control, the sales registration may be canceled in whole or in part.

(c) If an exporter files a Notice of Export Sale with the New York office and fails to file satisfactory evidence of exportation of the quantity of cotton products specified in such notice (except to the extent that the sales contract or trade rules under which the sale was made provides for tolerances or as otherwise approved by CCC) and if the sales registration is not canceled by CCC, as provided in paragraph (b) of this section, such exporter and its subsidiaries and affiliates may be denied the right to continue participating in this or any subsequent program for such period as CCC may determine or until the exporter has complied with such terms as the Chief of the New York office may prescribe. Such terms, among other things, may:

(1) Require the refund of payments previously made to the exporter in an amount equivalent to forty (40) percent of the payment applicable to the quantity of cotton products with respect to which the exporter has failed to fulfill his obligation; or

(2) Require the making of future shipments not in excess of such quantity at a payment rate which is reduced by an amount equal to the difference between the rate in effect at the time the sale was registered and the highest rate thereafter prior to the date the exporter gives notice of cancellation of the sale or the final date for export, whichever is earlier; or

(3) Require a combination of subparagraphs (1) and (2) of this paragraph.

§ 482.6 *Determination of base equalization payment rate.* The base equalization payment rate in connection with sales for export made during the period from May 21, 1956, through September 30, 1956, will be 6.58 cents per pound. For each calendar month thereafter, the base equalization payment rate will be determined and announced by CCC prior to the beginning of such month and will be based on the difference, as determined by CCC, between the average price for

Middling 1-inch cotton in the 14 designated spot markets, converted to average location basis, and the average price at which CCC sells its cotton, basis Middling 1-inch at average location, under the Cotton Export Program for that part of the month preceding the announcement of such rate. In addition, CCC will announce the actual rates, in cents per pound rounded to the second decimal point, for each class of cotton products. The rates so announced for each calendar month will be in effect throughout that month.

§ 482.7 *Classes of cotton products and related equalization payment rates.* The classes of cotton products eligible for payment under this subpart and the percentage of the base equalization payment rate applicable to each such class are shown below. This percentage will be used in calculating the rate of payment for each class.

Class	Principal item of export	Percent of equalization payment
A	Card strips, combed noil, spinners laps, and roving waste	90.0
B	Picker laps and cotton batting [1]	106.0
C	Sliver, sliver laps, ribbon laps, roving, and drawing sliver	112.0
D	Gray or unfinished yarn, twine, cordage, and rope	114.0
E	Gray fabrics, absorbent cotton, and dyed, bleached, mercerized, or similar full finished yarn [1] [2]	117.0
F	Knitted articles manufactured from finished yarns [1]	119.0
G	Finished fabrics (printed, dyed, bleached, mercerized, or similar full finish, including fabric woven from colored yarn) [1] [2]	123.0
H	Articles manufactured from fabrics [1]	140.0
I	Coated and rubberized yarns, coated and rubberized fabrics, absorbent cotton, twine, cordage, rope and fabrics consisting of a mixture of fibers, containing not less than 50 percent by weight of cotton [2]	70.0
J	Coated and rubberized articles and articles manufactured from fabrics consisting of a mixture of fibers, containing not less than 50 percent by weight of cotton	83.0
K	Gray or finished fabrics 1 yard or more but less than 10 yards in length [2]	90.0
L	Coated and rubberized fabrics and fabrics consisting of a mixture of fibers containing not less than 50 percent by weight of cotton, 1 yard or more but less than 10 yards in length	53.0

[1] Can contain up to 2 percent noncotton content; i. e., man-made fibers or buttons, etc., if used for ornamental purposes only, or cotton linters.

[2] No payment will be made on any fabric less than 10 yards in length, except as provided in Classes K and L.

If an article contains two or more cotton products, it shall be considered as being within the class of the cotton product constituting the largest portion by weight of such article. No payments will be made in connection with any product containing less than 50 percent by weight of American upland cotton, and except as otherwise provided, all cotton products must be composed entirely of American upland cotton.

§ 482.8 *Equalization payment rates and amounts due exporters.* The equalization payment rates in cents per pound for each class of cotton products will be announced by CCC, and lists containing such rates will be available from the New York office. The amount due the exporter will be determined by multiplying the rate of payment for the applicable class of cotton product in effect on the date of the export sales contract by the net weight of the cotton textiles or by the gross weight of the spinnable cotton waste exported under the sales contract. Payment will not be made for any quantity of cotton products exported in excess of the number of units sold as shown on the Notice of Export Sale except to the extent that the sales contract, or trade rules under which the sale was made provides for tolerances, or as otherwise approved by CCC. No payments will be made on cotton products exported by mail.

§ 482.9 *Export conditions*—(a) *Eligible destinations.* Payments will be made in connection with cotton products exported to a destination, other than Alaska, Hawaii, or Puerto Rico outside the continental United States. No payments will be made in connection with cotton products exported for reentry into the United States, Hawaii, Alaska, or Puerto Rico.

(b) *Time for export.* To be eligible for payment hereunder, cotton products must have been exported after July 31, 1956, and within six months after the date of the export sale. An extension of the period for export may be granted by the Chief of the New York office, before or after the expiration of such period for export, if he determines the exporter has been or will be delayed in exporting the cotton products by a cause beyond the exporter's control. Cotton products shall be deemed to have been "exported" when loaded on board an ocean vessel, or if shipment to destination country is by other than ocean carrier, when the shipment clears United States Customs.

(c) *Evidence of exportation.* The exporter must submit to the New York office satisfactory evidence (as provided in § 482.11) of the exportation of cotton products in accordance with this subpart.

§ 482.10 *Inspection.* CCC reserves the right to examine at any time the contents of each package of cotton products delivered for export under the program. The New York office must receive, at least 24 hours prior to delivery of any such cotton products to carrier, a properly executed Notice of Intended Delivery to Carrier (CCC Cotton Form 33) so that the necessary arrangements for inspection may be made. The exporter shall affix to each package of cotton products exported, except for spinnable cotton waste, a notice in form and size acceptable to CCC and containing substantially the following words:

NOTICE: The contents of this package are being exported under the Cotton Products Export Program (CN–EX–3) and may be inspected by any officer of the United States Customs Service or any authorized agent of CCC. Registration No. _____, Class _____

(CCC Cotton Form 34 may be used for this purpose.)

If the exporter fails to submit a Notice of Intended Delivery to Carrier to CCC within the prescribed period or to affix the above notice to each package of cotton products exported as required, CCC shall have the right to refuse to make payments to the exporter under the program with respect to such cotton products.

§ 482.11 *Satisfactory evidence of exportation.* Evidence of exportation of the cotton products, to be satisfactory hereunder, must meet the following requirements:

(a) Separate documents must be submitted to the New York office for each export shipment, and all documents covering any one shipment must be submitted at the same time. Each document must be identified with the Registration Number assigned by the New York office.

(b) The exporter shall furnish a certified copy of the documents which constitute the sales for export contract. This may be a formal contract, exchange of cables, letters, or such other documents used in making the offer and acceptance, and must show a date prior to the dates on documents submitted as evidence of exportation. (If more than one shipment is made under a sale, the documents constituting the contract need be submitted only on the first shipment.)

(c) The exporter shall furnish one copy of the Shipper's Export Declaration authenticated by the appropriate U. S. Customs official.

(d) For shipments by ocean carrier, there shall be submitted one nonnegotiable copy of either the on-board ocean bill of lading or port or custody bill of lading with on-board endorsement, properly identifying the lot of cotton products being exported, and showing destination of shipment, names of consignor and consignee, name of vessel, and other pertinent data.

(e) For shipments by other than ocean carrier, there shall be submitted:

(1) One certified copy of the railroad, truck, or air bill of lading properly identifying the cotton products being exported, and showing destination of shipment, names of consignor and consignee, and other pertinent data; and

(2) A landing certificate or similar document issued by an official of the government of the country to which the cotton products are exported identifying the cotton products and showing the destination of shipment, the names of the consignor and consignee, and date and place of entry.

(f) The exporter shall also furnish promptly any additional evidence of exportation which may be requested by the Chief of the New York office.

(g) If cotton products are loaded on board a vessel for shipment to a destination, other than Alaska, Hawaii, or Puerto Rico, outside the continental United States and are destroyed or damaged while on board such vessel, and if the cotton products or salvage therefrom does not reenter the United States or does not enter Alaska, Hawaii, or Puerto Rico, for the purposes of fulfilling the export requirements of this announcement, the cotton products shall be regarded as having been exported.

(h) Failure of the exporter to furnish satisfactory evidence of exportation within 30 days after the final date for exportation, determined in accordance with § 482.9, shall constitute prima facie evidence of failure to export.

§ 482.12 *Application for payment*—(a) *Application.* An application for payment on the form prescribed by CCC must be executed by the exporter and must be submitted to the New York office, together with evidence of exportation as prescribed in § 482.11. The application contains a certification under which the exporter certifies that the cotton products exported were eligible under the program for the payment claimed.

(b) *Determination of payee.* Payments will be made to the person or firm registering the sale, and no assignment of amounts due exporters will be permitted. If the shipper or consignor named in the bill of lading or the Shipper's Export Declaration, covering cotton products exported, is other than the exporter named in the Notice of Export Sale, waiver by such shipper or consignor of any interest in the claim in favor of such exporter is required. Such waiver must clearly identify the bill of lading or Shipper's Export Declaration submitted to evidence exportation. If the shipper or consignor is neither the exporter named in the Notice of Export Sale nor the consignee identified with the sales contract, the exporter must submit, in addition to the waiver, a certification by such shipper or consignor that he acted only as a freight forwarder, agent of exporter, or agent of consignee, and not as a seller or purchaser of the cotton products shown on the documents submitted to evidence exportation.

(c) *Minimum claim.* No payments will be made in connection with any one shipment of cotton products unless the exporter is entitled to at least $30 on such shipment.

§ 482.13 *Cotton products returned to the United States.* (a) The exporter shall not be entitled to an equalization payment on any cotton products which have been returned to the United States or which have entered Alaska, Hawaii, or Puerto Rico.

(b) In all cases in which cotton products on which an equalization payment has been made hereunder reenter the United States, or enter Alaska, Hawaii, or Puerto Rico, the exporter shall immediately notify the New York office that the cotton products have been returned to the United States or have entered Alaska, Hawaii, or Puerto Rico giving full details of the reasons for the reentry or entry and shall promptly refund to CCC any amounts paid in connection with the export of such cotton products, unless the exporter ships, within the period specified in § 482.9 and without benefit of an equalization payment, as replacement for such cotton products, an amount of cotton products which would have entitled him to an equalization payment at least equal to the amount of equalization payment made on the cotton products returned to the United States. Full information and documentation as prescribed by CCC shall be furnished the New York office for any cotton products shipped as replacement for cotton products returned to the United States.

(c) If any cotton products on which the exporter has claimed an equalization payment have been returned to the United States or have entered Alaska, Hawaii, or Puerto Rico with the exporter's knowledge or consent, and the exporter has not notified the New York office promptly of such reentry, the exporter shall thereafter not be entitled to any payments under this program until he has presented evidence satisfactory to the Chief of the New York office that such reentry was not made with the intent to defraud CCC or the United States Government and has complied with any requirements established by the Chief of the New York office for reinstatement of eligibility under the program.

§ 482.14 *Records and reports.* The exporter shall make available to CCC from time to time, upon CCC's request, such information and reports, and such of the exporter's and such of his affiliates' and subsidiaries' books, records, and accounts, and other documents and papers, as CCC may deem pertinent to any transaction hereunder. Such records shall be maintained for a period of at least three years after date of last payment under any sales registration. Specific reporting requirements subsequently prescribed shall be subject to approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

§ 482.15 *Amendment or termination.* CCC reserves the right to amend or terminate any and all of the provisions of this announcement at any time by giving public notice thereof: *Provided, however,* That such amendment or termination shall not apply to export sales of cotton products made before the effective date of such amendment or termination.

§ 482.16 *Good faith.* If CCC, after affording the exporter an opportunity to present evidence, determines that such exporter has not acted in good faith in connection with any transaction under the program, such exporter may be denied the right to continue participating in the program or the right to receive payments in connection with sales previously registered, or both. Such exporter may also be required to refund any payment received by him in connection with the transaction in which he is determined not to have acted in good faith. Any such action shall not affect any other right of CCC by way of the premises.

§ 482.17 *Persons not eligible.* No Member or Delegate to Congress, or Resident Commissioner, shall be admitted to any benefit that may arise from the program, but this provision shall not be construed to extend to a payment made to a corporation for its general benefit.

Issued this 24th day of July, 1956.

[SEAL] WALTER C. BERGER,
Acting Executive Vice President,
Commodity Credit Corporation.

APPENDIX

The Department of Commerce, Bureau of Foreign Commerce (BFC), pursuant to regulations under the Export Control Act of 1949, prohibits the exportation or re-exportation of any commodities under this program to the Soviet Bloc except under license issued by BFC. These regualtions further require that persons exporting under General License to friendly countries, commodities which are subsidized, or are to be subsidized, under any Government export program for surplus commodities, file with the Collector of Customs (in addition to any copies required for other purposes) one copy of the shippers' export declaration and send to BFC, Washington 25, D. C., one copy of the onboard bill of lading, for each shipment, regardless of value, involving sales of $100,000 or more.

In the case of commodities purchased from CCC, or commodities being exported as "substitute" for such commodities, the $100,000 figure applies to the sales contract between the CCC and the U. S. purchaser. For commodities being exported under CCC Disposal programs for export which involve no actual purchase of commodities from CCC, the $100,000 figure applies to the sales contract between the U. S. seller and the foreign purchaser. Each of the documents must bear on its face the identifying number assigned by CCC to the contract or transaction. In addition, the notation "FC–2610" must be inserted in the upper right hand corner of each document.

[F. R. Doc. 56–6119; Filed, July 27, 1956; 8:51 a. m.]

Subchapter D—Regulations Under Soil Bank Act

PART 485—SOIL BANK

SUBPART—ACREAGE RESERVE PROGRAM

MISCELLANEOUS AMENDMENTS

The regulations governing the 1956 acreage reserve part of the Soil Bank Program, 21 F. R. 4379, as amended in 21 F. R. 5205, are hereby further amended as follows:

1. Paragraph (a) of § 485.110 is amended to read as follows:

(a) In order for producers on a farm to participate in the program, a Soil Bank Acreage Reserve Agreement 1956, Form CSS–800 (Soil Bank) (hereinafter refered to as "agreement") must be entered into by the operator. In addition, if the operator is a share-tenant, the agreement must be signed by each person who as owner or landlord has control of the land on which the acreage reserve is located or has an interest in the commodity with respect to which the acreage is being reduced: *Provided,* That if the signature of such an owner or landlord cannot be obtained, the county committee may enter into the agreement on behalf of the Secretary, without the signature of such owner or landlord, if it is established to the satisfaction of the county committee that such owner or landlord does not have a right to graze or harvest from the acreage reserve, or otherwise control the farming operation on the acreage reserve. In such case, compensation which would otherwise be payable under the agreement to such an owner or landlord shall not be paid unless such owner or landlord signs a copy of the agreement and delivers it to the county committee not later than August 31, 1956.

2. Paragraph (b) of § 485.110 is amended by deleting the date "July 31, 1956" at the end of such paragraph and

inserting in lieu thereof the date "August 31, 1956."

3. A new paragraph (d) is added to § 485.111 to read as follows:

(d) (1) This paragraph contains specific provisions relating to participation in the acreage reserve program by producers of Durum Wheat (Class II) whose farms are located in counties designated in the States of California, North Dakota, South Dakota, Minnesota, and Montana, where increased allotments have been made available for the purpose of increasing the production of Durum Wheat (Class II) for 1956. (Regulations governing such increased allotments and the list of designated counties are contained in 21 F. R. 1815.) The terms "Durum Wheat (Class II)" and "Other Wheat" when used in this paragraph shall have the same meaning as when used in the regulations contained in 21 F. R. 1815. The term "original allotment" as used in this paragraph means the allotment established for the farm under the provisions of § 728.610 to § 728.624 of the Regulations Pertaining to Farm Acreage Allotments for the 1956 Crop of Wheat, 20 F. R. 1632.

(2) (i) If the acreage of wheat for 1956, including Durum Wheat (Class II), does not exceed the original allotment for the farm, irrespective of whether notice of a conditional increased allotment for the farm was issued by the county committee, the producers on such farm are eligible to participate in the acreage reserve program on the same basis as any other producer; i. e., reduction of acreage may be by underplanting, by plowing the crop under or otherwise physically incorporating it into the soil, or clipping, mowing or cutting it to prevent maturing, or by destruction due to natural causes.

(ii) If the farm receives a final increased allotment for wheat, the producers on such farm may participate in the acreage reserve program by reducing the acreage of other wheat below the original allotment in one or more of the ways specified in subdivision (i) of this subparagraph: *Provided*, That such reduction is in addition to any reduction of the acreage of other wheat required to support the increased allotment (i. e., one-half of the increase in the allotment). Except as limited by the foregoing proviso, the amount of compensation shall be determined as specified in § 485.114.

(iii) The producers on a farm which receives a final increased allotment for wheat may not participate in the acreage reserve program by plowing under Durum Wheat (Class II) or otherwise physically incorporating it into the soil, or clipping, mowing, or cutting it.

(iv) The producers on a farm on which Durum Wheat (Class II) is planted and on which an acreage of wheat is planted in excess of the original allotment, irrespective of whether notice of a conditional increased allotment for the farm was issued by the county committee, may participate in the acreage reserve program by reduction of the acreage of Durum Wheat (Class II) through destruction by natural causes. Such destruction must occur on or before the date determined under paragraph (b) of this section as being the final date for adjusting acreage for purposes of the acreage reserve program. Such producer may participate only to the extent by which the final acreage of all wheat is less than the original allotment.

(3) The term "allotment" as used elsewhere in the regulations in this part shall be deemed to mean the original allotment for the farm, except that if a farm has received a final increased allotment such term as used in § 485.113 shall be deemed to mean such final increased allotment.

4. Sections 485.111 and 485.112 (d) are amended by deleting the date "June 30, 1956" wherever it appears and inserting in lieu thereof the date "July 27, 1956."

5. Paragraph (b) of § 485.119 is amended by adding a new subparagraph (3) reading as follows:

(3) Notwithstanding the foregoing provisions of this paragraph, (i) acreages of corn, rice and wheat may be determined and expressed in whole acres rather than in acres and tenths except that tenths of acres may not be dropped if it would result in compensation to a producer under an agreement in an amount less than the amount to which he would have been entitled had such acreages been determined and expressed in acres and tenths, and (ii) the number of acres in the acreage reserve may be rounded upward to the nearest whole acre if it is determined by the county committee that the acreage reserve was designated in terms of whole acres by the producer as a result of the determination of the 1956 acreage of the commodity in terms of whole acres for marketing quota or price support purposes.

6. Paragraph (c) of § 485.119 is amended by deleting the words "paragraph (a)" and inserting in lieu thereof "paragraph (b)."

(Sec. 124, Public Law 540, 84th Cong.)

Issued at Washington, D. C., this 24th day of July, 1956.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

[F. R. Doc. 56-6102; Filed, July 27, 1956; 8:47 a. m.]

TITLE 12—BANKS AND BANKING

Chapter II—Federal Reserve System

Subchapter A—Board of Governors of the Federal Reserve System

[Reg. Y]

PART 222—BANK HOLDING COMPANIES

1. Effective September 1, 1956, Part 222 is added to read as follows:

Sec.
222.1 Authority and scope.
222.2 Definitions.
222.3 Registration.
222.4 Acquisition of bank shares or assets.
222.5 Interests in nonbanking organizations.
222.6 Borrowing by bank holding company or its subsidiaries.
222.7 Hearings and proceedings.
222.8 Reports and examinations.
222.9 Statutory penalties.

AUTHORITY: §§ 222.1 to 222.9 issued under sec. 5; 70 Stat. 133.

§ 221.1 *Authority and scope.* This part is issued pursuant to the Bank Holding Company Act of 1956.[1] Provisions relating to holding company affiliates, as defined in section 2 (c) of the Banking Act of 1933, are contained in Part 216 of this chapter (Reg. P).[2]

§ 222.2 *Definitions*—(a) *Bank holding company.* Subject to the exceptions stated in paragraph (b) of this section, the term "bank holding company" means any company:

(1) Which directly or indirectly owns, controls, or holds with power to vote either:

(i) 25 per centum or more of the voting shares of each of two or more banks, or

(ii) 25 per centum or more of the voting shares of any other company which is or becomes a bank holding company;

(2) Which controls in any manner the election of a majority of the directors of each of two or more banks;

(3) For the benefit of whose shareholders or members 25 per centum or more of the voting shares of each of two or more banks or of a bank holding company is held by trustees; or

(4) Which is a successor to any company that falls within subparagraphs (1), (2), or (3) of this paragraph, and any such successor shall be deemed to be a bank holding company from the date as of which its predecessor company became a bank holding company.

(b) *Exceptions from definition of "bank holding company".* No company shall be considered a bank holding company:

(1) If it is a bank and it would otherwise be a bank holding company only by virtue of its ownership or control of shares in a fiduciary capacity, provided such shares are not held for the benefit of the shareholders of such bank;

(2) If (i) it is registered under the Investment Company Act of 1940 and was so registered prior to May 15, 1955, or is affiliated with any such registered company in such manner as to constitute it an affiliated company within the meaning of that act, and (ii) it does not directly own 25 per centum or more of the voting shares of each of two or more banks;

(3) If it would otherwise be a bank holding company only by virtue of its ownership or control of shares acquired by it in connection with its underwriting of securities and if such shares are held only for such period of time as will permit the sale thereof upon a reasonable basis;

(4) If it was formed for the sole purpose of participating in a proxy solicitation and would otherwise be a bank holding company only by virtue of its control of voting rights of shares acquired in the course of such solicitation; or

(5) If at least 80 per centum of its total assets are composed of holdings in the field of agriculture, and for this purpose the term "agriculture" includes farming in all its branches, including fruitgrowing, dairying, the raising of livestock, bees, fur-bearing animals, or poultry, forestry or lumbering operations, and the production of naval stores, and operations directly related thereto.

(c) *Company.* The term "company" means any corporation (including a bank), business trust, association, or similar organization, except:

(1) Any corporation the majority of the shares of which are owned by the United States or by any State;

(2) Any corporation or community chest, fund, or foundation, organized and operated exclusively for religious, charitable, or educational purposes, no part of the net earnings of which inures to the benefit of any private shareholder or individual, and no substantial part of the activities of which is carrying on propaganda, or otherwise attempting to influence legislation; and

(3) Any partnership.

(d) *Bank.* The term "bank" means any national banking association or any State bank, savings bank, or trust company, but shall not include any organization operating under section 25 (a) of the Federal Reserve Act, or any organization which does not do any business within the United States.

(e) *State member bank.* The term "State member bank" means any State bank which is a member of the Federal Reserve System.

(f) *District bank.* The term "District bank" means any State bank organized or operating under the Code of Law for the District of Columbia.

(g) *Subsidiary.* The term "subsidiary", as used with respect to a specified bank holding company, means:

(1) Any company 25 per centum or more of whose voting shares (excluding shares owned by the United States or by any company wholly owned by the United States) is owned or controlled by such bank holding company;

(2) Any company the election of a majority of whose directors is controlled in any manner by such bank holding company; or

(3) Any company 25 per centum or more of whose voting shares is held by trustees for the benefit of the shareholders or members of such bank holding company..

(h) *Successor.* The term "successor" includes any company which acquires directly or indirectly from a bank holding company shares of any bank, when and if the relationship between such company and such bank holding company is such that the transaction effects no substantial change in the control of such bank or beneficial ownership of such shares of such bank.

(i) *Board.* The term "Board" means the Board of Governors of the Federal Reserve System.

(j) *The act.* The term "the act" means the Bank Holding Company Act of 1956.

(k) *Federal Reserve Bank.* The term "Federal Reserve Bank" as used in this part with respect to the filing of registration statements, applications, requests, or reports by a bank holding company or other company shall mean the Federal Reserve Bank of the Federal Reserve district in which such company has its principal office.

§ 222.3 *Registration*—(a) *Registration statement.* On or before November 5, 1956, or within 180 days after it becomes a bank holding company, whichever is later, each bank holding company shall register with the Board by filing with the Federal Reserve Bank a registration statement, in duplicate, on forms prescribed by the Board. Upon timely application by any bank holding company and upon a satisfactory showing as to the need therefor, the Board in its discretion may extend the time prescribed herein for the filing of a registration statement by such bank holding company.

(b) *Date of registration.* The date of registration of a bank holding company shall be the date on which its registration statement is received by the Federal Reserve Bank with which such statement is required to be filed.

§ 222.4 *Acquisition of bank shares or assets*—(a) *Transactions requiring Board approval.* Except with the prior approval of the Board or except as provided in paragraph (b) of this section:

(1) No action shall be taken which will result in any company becoming a bank holding company;

(2) No bank holding company shall acquire direct or indirect ownership or control of any voting shares of any bank;

(3) No bank holding company which is not a bank and no nonbanking subsidiary of a bank holding company shall acquire all or substantially all of the assets of a bank; and

(4) No bank holding company shall merge or consolidate with any other bank holding company.

(b) *Excepted transactions.* Prior approval by the Board is not required with respect to any of the following transactions:

(1) The acquisition by a bank holding company of direct or indirect ownership or control of any voting shares of any bank if, after such acquisition, such company will not directly or indirectly own or control more than 5 per centum of the voting shares of such bank;

(2) The acquisition by a bank holding company of additional shares in a bank in which such bank holding company owned or controlled a majority of the voting shares immediately prior to such acquisition; or

(3) The acquisition by a bank (including a bank which is a bank holding company or a subsidiary of a bank holding company) of the voting shares of any bank, if:

(i) Such shares are acquired in good faith in a fiduciary capacity and are not held for the benefit of the shareholders of the acquiring bank, or

(ii) Such shares are acquired in the regular course of securing or collecting a debt previously contracted in good faith: *Provided*, That any shares acquired after the date of the act in securing or collecting any such previously contracted debt shall be disposed of within a period of two years from the date on which they were acquired.

(c) *Applications which will not be approved.* No application will be approved by the Board if such approval would permit a bank holding company or any subsidiary thereof to acquire, directly or indirectly, any voting shares of, interest in, or all or substantially all of the assets of any bank which was not a subsidiary of the bank holding company on the date of enactment of the act and which is located outside the State in which such bank holding company maintains its principal office and place of business or in which it conducts its principal operations, unless the acquisition of such shares or assets of a State bank by an out-of-State bank holding compay is specifically authorized by the statute laws of the State in which such bank is located, by language to that effect and not merely by implication.

(d) *Submission of applications.* Application for approval by the Board of any transaction requiring such approval under paragraph (a) of this section shall be filed, in triplicate, with the Federal Reserve Bank. Any such application shall be filed not less than 60 days before the date on which it is proposed that the transaction requiring approval be consummated.[3] Upon timely request and upon a satisfactory showing as to the need therefor, the Board in its discretion may accept an application although submitted within such period of 60 days. A separate application shall be filed with respect to each bank the voting shares or assets of which are sought to be acquired.

(e) *Procedure on applications.* A Federal Reserve Bank receiving an application under this section will forward two copies thereof to the Board. If either the applicant or the bank the voting shares or assets of which are to be acquired is a national bank or a District bank, the Board will transmit a copy of the application to the Comptroller of the Currency. If either the applicant or the bank the voting shares or assets of which are sought to be acquired is a State bank, the Board will transmit a copy of the application to the appropriate supervisory authority of the State in which such bank is located.

(f) *Hearings on applications.* In any case in which the Board receives written advice of disapproval of the application from the Comptroller of the Currency or the appropriate State supervisory authority, as the case may be, within 30 days from the date of receipt of the application by the notified authority, the Board will so notify the applicant in writing, directing the applicant's attention to the provisions of section 3 (b) of the act. Within three days after the date of the sending of such notice to the applicant, the Board will notify in writ-

[1] The record keeping and reporting requirements contained herein have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

[2] The Bank Holding Company Act of 1956 and this part are in addition to, and do not take the place of, provisions of other laws, such as section 5144 of the Revised Statutes, and Part 216 of this chapter (Reg. P) thereunder, which relate to holding company affiliates as distinguished from bank holding companies.

[3] In some cases it may not be possible for the Board to act upon an application within such period of 60 days and this requirement should not be regarded as suggesting that the Board will act upon all applications within that period of time, although every effort will be made to expedite such action.

ing the applicant and the Comptroller of the Currency or the appropriate State supervisory authority, as the case may be, of the date fixed by the Board for the commencement of a hearing on the application and of the place and time at which such hearing will be held. Any such hearing will be commenced not less than ten days nor more than thirty days after the date on which the Board sent the applicant notice of the disapproval of the Comptroller of the Currency or the appropriate State supervisory authority.

(g) *Action on applications.* In any case in which a hearing is held in accordance with paragraph (f) of this section, the Board, after the conclusion of such hearing, will by order grant or deny the application on the basis of the record made at such hearing. In all other cases, the Board will by order grant or deny the application after receipt by it of advice that the Comptroller of the Currency or the appropriate State supervisory authority, as the case may be, does not disapprove the application, or, if no such advice is received, after the expiration of thirty days from the date of receipt of the copy of the application by the Comptroller of the Currency or such State authority.

(h) *Factors affecting action.* In acting upon any application the Board, as required by the act, will consider the following factors:

(1) The financial history and condition of the applicant and the bank or banks concerned;

(2) The prospects of the applicant and the bank or banks concerned;

(3) The character of the management of the applicant and the bank or banks concerned;

(4) The convenience, needs, and welfare of the communities and the area concerned; and

(5) Whether or not the effect of the proposed transaction for which approval is desired would be to expand the size or extent of the bank holding company system involved beyond limits consistent with adequate and sound banking, the public interest, and the preservation of competition in the field of banking.

§ 222.5 *Interests in nonbanking organizations*—(a) *Period allowed for divestment.* No bank holding company, except as provided in section 4 (c) of the act, shall (1) after the date of enactment of the act acquire direct or indirect ownership or control of any voting shares of any company which is not a bank, or (2) after two years from the date of enactment of the act or from the date as of which it becomes a bank holding company, whichever is later, retain direct or indirect ownership or control of any voting shares of any company which is not a bank or a bank holding company, or engage in any business other than that of banking or of managing or controlling banks or of furnishing services to or performing services for any bank of which it owns or controls 25 per centum or more of the voting shares. Upon timely request and upon a satisfactory showing of the need therefor, the Board in its discretion may extend the two-year period referred to in the preceding sentence, except that, as provided by the act, no such extension of time may be approved by the Board for more than one year at a time or for any period beyond a date five years after the date of enactment of the act or five years after the date as of which the company became a bank holding company, whichever is later.

(b) *Shares of financial, fiduciary, or insurance companies.* Any bank holding company which is of the opinion that a company all the activities of which are of a financial, fiduciary, or insurance nature is so closely related to the business of banking or of managing or controlling banks, as conducted by such bank holding company or its banking subsidiaries, as to be a proper incident thereto and as to make it unnecessary for the prohibitions of section 4 of the act to apply in order to carry out the purposes of the act, may request the Board for such a determination pursuant to section 4 (c) (6) of the act. Any such request shall be filed in duplicate with the Federal Reserve Bank. After receipt of any such request, the Board will notify the bank holding company of the place and time fixed for a hearing on the requested determination; and, after the conclusion of such hearing and on the basis of the record made at the hearing, the Board will by order make or decline to make the requested determination.

(c) *Tax certifications.* Any bank holding company desiring a certification by the Board for purposes of the provisions of Part VIII of Subchapter O of Chapter 1 of the Internal Revenue Code of 1954, as amended by the act, may file an application in duplicate for such certification with the Federal Reserve Bank; and any such application will be forwarded by the Federal Reserve Bank to the Board. Any application for a certification under subsections (a), (b), or (c) of section 1101 of said Part VIII shall be filed not less than sixty days in advance of the distribution, or exchange and distribution, with respect to which such certification is desired.[3] Upon timely request by any bank holding company and upon a satisfactory showing as to the need therefor, the Board in its discretion may accept an application for any such certification although submitted within such 60-day period. On the basis of an application under this paragraph, the Board will either issue a certification or by order deny the application. A duplicate original of each certification will be transmitted to the Internal Revenue Service of the Treasury Department.

§ 222.6 *Borrowing by bank holding company or its subsidiaries.* It is unlawful under the act, with certain exceptions, for any bank which is a subsidiary of a bank holding company to invest in the capital stock, bonds, debentures, or other obligations of such company or of any other subsidiary of such company; to accept as collateral for an advance to any person the capital stock, bonds, debentures, or other obligations of such company or any such other subsidiary; to purchase securities, other assets, or obligations under repurchase agreement from such company or any such other subsidiary; or to make any loan, discount or extension of credit to such company or any such other subsidiary. For statutory provisions on this subject, see section 6 of the act.

§ 222.7 *Hearings and proceedings*—(a) *Hearings.* In addition to hearings required by the act (see § 222.4 (f) and § 222.5 (b)), a hearing may be ordered by the Board in its discretion with respect to any application or request under this part, either upon its own motion or upon the request of any party in interest, if the Board deems such hearing to be in the interests of the parties or the public interest. Notice of any hearing required by the act will be published in the FEDERAL REGISTER a reasonable time in advance of the date fixed for the hearing; and any hearings so required will ordinarily be held before trial examiners appointed in accordance with the provisions of the Administrative Procedure Act. All hearings under this part will be conducted in accordance with Part 263 of this chapter (Rules of Practice for Formal Hearings).

(b) *Record of proceedings.* The record in any proceeding under this part upon which an order of the Board is based shall consist of the application or request filed with the Board in connection with such proceeding; any views and recommendations received by the Board from the Comptroller of the Currency or the appropriate State supervisory authority pursuant to section 3 (b) of the act; the transcript of any hearing held with respect to such application or request and any report and recommendation made by the trial examiner or hearing officer before whom such hearing was held; any other document or writing relied upon by the Board in making disposition of the matter; and any order of the Board granting or denying the application or request.

(c) *Parties.* A Party to any proceeding under this part shall include any person or agency named or admitted as a party or any person who has filed a request in writing to be admitted as a party and who is entitled as of right to be admitted.

§ 222.8 *Reports and examinations.* Each bank holding company shall furnish to the Board in a form to be prescribed by the Board a report of its operations for its fiscal year ending in 1956 or the fiscal year in which it became a bank holding company, whichever is later, and for each fiscal year thereafter until it ceases to be a bank holding company. Each such annual report shall be filed, in duplicate, with the Federal Reserve Bank. Each bank holding company shall furnish to the Board such additional information at such times as the Board may require. The Board may examine any bank holding company or any of its subsidiaries and the cost of any such examination shall be assessed against and paid by such bank holding company. As far as possible the Board will use reports of examinations made by the Comptroller of the Currency, the Federal Deposit Insurance Corporation, or the appropriate State bank supervisory authority for the purposes of this section.

§ 222.9 *Statutory penalties.* Under the act, any company which willfully violates any provision of the act or any regulation or order issued by the Board pursuant thereto shall upon conviction be fined not more than $1,000 for each day during which the violation continues; and any individual who willfully participates in a violation of any provision of the act shall upon conviction be fined not more than $10,000 or imprisoned not more than one year, or both. Every officer, director, agent, and employee of a bank holding company is subject under the act to the same penalties for false entries in any book, report, or statement of such bank holding company as are applicable to officers, directors, agents, and employees of member banks of the Federal Reserve System for false entries in any books, reports, or statements of member banks under section 1005 of Title 18, U. S. Code.

2. This part implements the provisions of the Bank Holding Company Act of 1956, and prescribes procedures for the filing of registration statements by bank holding companies and for the handling of applications for prior approval of the Board with respect to transactions requiring such approval under that act.

BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM,
[SEAL] CLARK L. FAUVER,
Assistant Secretary.

[F. R. Doc. 56-6112; Filed, July 27, 1956; 8:49 a. m.]

[3] In some cases it may not be possible for the Board to act upon an application within such period of 60 days and this requirement should not be regarded as suggesting that the Board will act upon all applications within that period of time, although every effort will be made to expedite such action.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

Subchapter B—Economic Regulations

[Reg. No. ER-211]

PART 223—TARIFFS OF AIR CARRIERS: FREE AND REDUCED-RATE TRANSPORTATION

RECORDS OF PASSES ISSUED AND PROCESSING OF APPLICATIONS

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 23d day of July 1956.

A notice of proposed rule-making was published in the FEDERAL REGISTER on February 17, 1955 (20 F. R. 1023) and circulated to the industry as Economic Regulations Draft Release No. 72, dated February 10, 1955, which embodied certain amendments to Part 223.

The principal purposes of this amendment are to clarify the record-keeping requirements of § 223.5 and to require air carriers filing applications to furnish free or reduced-rate overseas or foreign air transportation, under § 223.8, to obtain express prior Board approval.

At the present time, § 223.5 requires each air carrier to maintain an accessible and convenient record of all passes issued. However, Part 223 does not specifically state where such records shall be maintained and it has been the practice of the carriers to maintain them in several different offices. Furthermore, the word "record" has been interpreted by the carriers as merely requiring the retention of miscellaneous records, which have proved difficult to assemble for examination. Consequently, the Board has clarified the above-quoted requirement of the present rule in the revised Part 223. The amendment sets forth that such records shall be maintained in a register at the general offices of the carrier. Such register shall be a single, consolidated record book. Further details as to the content of these records are set out in this amendment.

The Board is accepting the suggestion of one of the carriers to the effect that such records shall only be maintained with regard to those passes which have been issued by the carrier and actually used for transportation. In this manner, the carriers will not be burdened with the necessity of keeping records of issued but unused passes.

In response to the proposal to amend § 223.8 to provide that no application for authority to carry other persons shall be deemed approved by the Board unless and until notice of approval is received by the carrier, four carriers have expressed opposition. Several of them have offered the counter proposal that the present procedure, providing for automatic approval by the Board within ten days after receipt of the application, shall be continued, except that the Board might extend the time for consideration by notice to the carrier.

The Board does not believe that this objection is meritorious. The proponents of other applications submitted to the Board are not apprised of the time when a decision may be reached, and there does not appear to be any compelling reason to require the Board to limit its consideration of applications for free or reduced-rate transportation to a definite period. It may be noted, further, that the processing of most such applications is completed within three or four days after receipt by the Board. Under the circumstances, § 223.8 is being amended as proposed in Draft Release No. 72.

In addition to the changes proposed in Part 223 pursuant to Draft Release No. 72, it appears desirable for clarification purposes to further amend § 223.2. This section now provides that any carrier may furnish free or reduced-rate transportation to all persons specifically mentioned in section 403 (b) and, in addition, all carriers engaged in overseas or foreign air transportation may furnish free or reduced-rate transportation to certain classes of persons specifically set forth in § 223.2.

A question of interpretation has arisen in connection with this section which should be clarified. The regulation as now drafted has been construed by the Board as permitting a U. S. flag carrier engaged in overseas or foreign air transportation to furnish free or reduced-rate transportation to the classes of persons named in § 223.2. The Board has held, however, that a domestic carrier, which also operates overseas or international routes, may provide free or reduced-rate transportation to classes of persons set forth in § 223.2 only with respect to the overseas or foreign routes operated by the carrier and not over the domestic portion of the carrier's system. Appropriate language has been inserted in the revised § 223.2 to clarify this matter.

Interested persons have been afforded the opportunity to participate in the making of this amendment, and due consideration has been given to all relevant matter presented.

For the aforesaid reasons, the Civil Aeronautics Board hereby amends §§ 223.2, 223.5 and 223.8 of the Economic Regulations (14 CFR Part 223) effective August 27, 1956, to read as follows:

§ 223.2 *Persons to whom free and reduced-rate transportation may be furnished.* Subject to the provisions of the act and the orders, regulations (including this part) and rules of the Board now or hereafter in effect, any carrier may at its option provide free or reduced-rate transportation to any or all classes of persons specifically mentioned in section 403 (b) of the act; and in addition thereto, each carrier engaged in overseas or foreign air transportation may furnish free or reduced-rate overseas or foreign air transportation to:

(a) Directors, officers, and employees and members of their immediate families, of any affiliate of such carrier, the name of which affiliate currently is included in the list of affiliates filed by such carrier pursuant to § 223.7;

(b) Directors, officers, and employees and members of their immediate families, of any person operating as a common carrier by air, or in the carriage of mails by air, or conducting transportation by air, in a foreign country; and

(c) Other persons to whom such carrier is required to furnish free or reduced-rate transportation by law or by a contract or agreement, now or hereafter in effect, between such carrier and the government of any country served by such carrier, but only to the extent so required and only if such contract or agreement is filed with the Board and if the provisions thereof relating to such transportation are not disapproved by the Board as being contrary to the public interest.

§ 223.5 *Carrier's records.* Each carrier shall maintain in its general offices a record of all passes issued by it and used for transportation over its routes. Such record shall be maintained in the form of a register, freely accessible and convenient for examination, and shall contain the following information: the type of pass; dates of issuance and expiration; number; to whom issued, including name, address, and eligibility under the Act and under this part; privileges accorded thereunder; points between which transportation is authorized, or in the case of "annual" and "term" passes, the route number or system or particular points, as may be appropriate; and the name of the official upon whose authorization the pass was issued. Regular tickets or bills of lading, under certain conditions, may be used as trip passes and need not conform to the provisions of § 223.4 as to form. However,

records of such tickets or bills of lading, when used as trip passes for free or reduced-rate transportation, shall be kept in accordance with the above provisions of this section. All correspondence or memorandums relating to free or reduced-rate transportation shall be retained and made a part of the carrier's records. In the case of reduced-rate transportation, the records shall show the amount of the charge assessed or assessable.

§ 223.8 *Application for authority to carry other persons.* Any carrier desiring special authorization under section 403 (b) of the act to furnish free or reduced-rate overseas or foreign air transportation to a person or persons not described in that section or in § 223.2 may apply to the Board, by letter or other writing, for such authorization. The application shall state the identity of the person or persons to whom, and the points between which, such transportation is to be furnished, the time or approximate time of departure, and the carrier's reasons for desiring to furnish such transportation. The application shall contain a definite statement that the carrier is willing and intends to furnish such transportation if authority to do so is granted by the Board. No transportation for which approval is requested therein shall be furnished by the carrier unless and until notice of such approval is received by the carrier.

(Sec. 205 (a), 52 Stat. 984; 49 U. S. C. 425. Interpret or apply secs. 403, 404, 52 Stat. 992, 993; 49 U. S. C. 483, 484)

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

[F. R. Doc. 56-6114; Filed, July 27, 1956; 8:50 a. m.]

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 176]

PART 608—RESTRICTED AREAS

ALTERATION

The restricted area alteration appearing hereinafter has been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee Airspace Panel and is adopted to become effective when indicated in order to promote safety of the flying public. Since a military function of the United States is involved, compliance with the notice, procedure and effective date provisions of section 4 of the Administrative Procedure Act is not required.

Part 608 is amended as follows:

1. In § 608.30, the Sturgeon Bay, Mich., area (R-502), published on May 25, 1956, in 21 F. R. 3496 is amended by changing the "Description by Geographical Coordinates" column to read: "Beginning at latitude 44°48'00", longitude 87°16'00"; thence to latitude 45°23'00", longitude 86°47'00"; thence to latitude 45°18'00", longitude 86°28'00"; thence to latitude 45°10'00", longitude 86°17'00"; thence to latitude 44°39'00", longitude 86°42'00"; thence to latitude 44°23'45", longitude 86°48'45"; thence to latitude 44° 30'30", longitude 87°24'30"; thence to point of beginning."

(Sec. 205, 52 Stat. 984 as amended; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective on August 24, 1956.

[SEAL] C. J. LOWEN,
Administrator of Civil Aeronautics.

[F. R. Doc. 56-6089; Filed, July 27, 1956; 8:45 a. m.]

[Amdt. 6]

PART 610—MINIMUM EN ROUTE IFR ALTITUDES

MISCELLANEOUS AMENDMENTS

The minimum en route IFR altitudes appearing hereinafter have been coordinated with interested members of the industry in the regions concerned insofar as practicable. The altitudes are adopted without delay in order to provide for safety in air commerce. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 610 is amended as follows: (Listed items to be placed in appropriate sequence in the sections indicated).

Section 610.13 *Green civil airway 3* is amended to read in part:

From Oakland, Calif., LFR; to Sacramento, Calif., LFR; MEA 5,000.
From Bay Point, Calif., FM; to Sacramento, Calif., LFR, northeastbound only; MEA 2,000.

Section 610.14 *Green civil airway 4* is amended to read in part:

From *Albuquerque, N. Mex., LFR; to Otto, N. Mex., LFR; MEA 11,000. *10,300—MCA Albuquerque LFR, eastbound. (Deletes MCA at Otto LFR.)

Section 610.101 *Amber civil airway 1* is amended to read in part:

From Sacramento, Calif., LFR; to Williams, Calif., LFR, southbound, MEA 2,000; northbound, MEA 3,000.
From Newhall, Calif., LFR; to Wheeler Ridge INT, Calif.; MEA 10,000.
From Castaic, Calif., FM; to Newhall, Calif., LFR, southbound only; MEA 8,000.
From Wheeler Ridge INT, Calif.; to Bakersfield, Calif., LFR, northbound, MEA 6,000; southbound, MEA 10,000.

Section 610.102 *Amber civil airway 2* is amended to delete:

From Crystal, Nev., FM; to Las Vegas, Nev., LFR, southwestbound only; MEA 6,500.

Section 610.105 *Amber civil airway 5* is amended to delete:

From Nesbitt, Tenn., FM; to Memphis, Tenn., LFR, northbound only; MEA 1,500.

Section 610.107 *Amber civil airway 7* is amended to read in part:

From Washington, D. C., LFR; to Relay INT, Md.; MEA 1,600.

Section 610.109 *Amber civil airway 9* is amended to read in part:

From New Bern, N. C., LF/RBN; to Harrellsville INT, N. C.; MEA 1,200.
From Harrelsville, INT, N. C.; to Norfolk, Va., LFR; MEA 1,400.

Section 610.114 *Amber civil airway 14* is amended to delete:

From Lancaster, Pa., LF/RBN; to Willow Grove, Pa., LFR; MEA 2,500.

Section 610.211 *Red civil airway 11* is amended to read in part:

From Int. 124-304 M brg. Enid (Vance) LF/RBN and NE crs. Gage LFR; to Enid (Vance), Okla., LF/RBN; MEA 2,600.
From Enid (Vance), Okla., LF/RBN; to Mulhall INT, Okla.; MEA 2,600.

Section 610.216 *Red civil airway 16* is amended to read in part:

From Columbia, S. C., LFR; to Coward INT, S. C.; MEA 1,900.
From Coward INT, S. C.; to Florence, S. C., LFR; MEA 1,300.

Section 610.228 *Red civil airway 28* is amended to read in part:

From Lansing, Mich., LFR; to Int. 309-129 M brg. Lansing LFR and W crs. Detroit-Romulus LFR; MEA 2,900.

Section 610.229 *Red civil airway 29* is amended to read in part:

From Harrisburg, Pa., LFR; to Westminister INT, Md.; MEA 2,500.
From Westminister INT, Md.; to Ellicott INT. Md.; MEA 2,000.

Section 610.231 *Red civil air way 31* is amended by adding:

From Stanton, Minn., LF/RBN; to La Crosse, Wis., LFR; MEA 2,600.

Section 610.233 *Red civil airway 33* is amended to read in part:

From Arcola, Va., LFR; to Westminster INT, Md.; MEA 2,500.

From Westminster INT, Md.; to Lancaster INT, Pa.; MEA 2,000.

Section 610.237 *Red civil airway 37* is amended to delete:

From Hainesville INT, Tex.; to INT. N crs Tyler LFR and W crs Shreveport, La, LFR; MEA 1,700.

Section 610.245 *Red civil air way 45* is amended to delete:

From Lancaster, Pa., LF/RBN; to Willow Grove, Pa., LFR; MEA 2,500.

Section 610.259 *Red civil airway 59* is amended to read in part:

From Int. S crs Garden City LFR and NW crs Gage LFR; to Gage, Okla., LFR; MEA 4,200.

Section 610.268 *Red civil airway 68* is amended to delete:

From El Paso, Tex., LFR; to Clint, Tex., LFR; MEA 6,000.
From Clint, Tex., LFR; to Hudspeth, Tex., VAR; MEA 7,500.
From Hudspeth, Tex., VAR; to Culberson, Tex., VAR; MEA 7,500.
From Culberson, Tex., VAR; to Monahans INT, Tex.; MEA 6,100.
From Monahans INT, Tex.; to Midland, Tex., LFR; MEA 4,500.

Section 610.270 *Red civil airway 70* is amended to delete:

From Lubbock, Tex., LFR; to Childress, Tex., VAR; MEA 4,500.
From Childress, Tex., VAR; to Hobart, Okla., VAR; MEA 3,500.

From Hobart, Okla., VAR; to Oklahoma City, Okla., LFR; MEA 3,000.

Section 610.271 *Red civil airway 71* is amended to delete:

From Lubbock, Tex., LFR; to Guthrie, Tex., VAR; MEA 4,500.
From Guthrie, Tex., VAR; to Wichita Falls, Tex., LFR; MEA 3,000.

Section 610.273 *Red civil airway 73* is amended by adding:

From Elmer INT, N. J.; to Newfield INT, N. J., MEA 1,500.

Section 610.304 *Red civil airway 104* is amended to read in part:

From Pittsboro INT, N. C.; to Murray INT, N. C.; MEA 1,600.

Section 610.305 *Red civil airway 105* is amended to read in part:

From Chanute, Kans., LFR; to Int. E crs. Chanute LFR and 336 M rad. Neosho, Mo., VOR; MEA 2,300.

Section 610.605 *Blue civil airway 5* is amended to delete:

From Int. E. crs. Hutchinson and S crs. Salina, Kans., VAR; to Salina, Kans., VAR; MEA 2,800.

Section 610.641 *Blue civil airway 41* is amended to delete:

From Port Chester INT, N. Y.; to Bridgeport, Conn., LFR; MEA 1,500.
From Bridgeport, Conn., LFR; to Hartford, Conn., LFR; MEA 2,000.

Section 610.654 *Blue civil airway 54* is amended by adding:

From Richmond INT, Calif.; to San Rafael (Hamilton), Calif., LF/RBN; MEA 4,000.

Section 610.668 *Blue civil airway 68* is amended by adding:

From Midland INT, Tex.; to Int. NW Midland LFR and E crs Hobbs LFR; MEA 5,000.

Section 610.6002 *VOR civil airway 2* is amended to delete:

From Milwaukee, Wis., VOR via N alter.; to Muskegon, Mich., VOR via N alter.; MEA 1,900.

Section 610.6004 *VOR civil airway 4* is amended to delete:

From Denver, Colo., VOR via S alter.; to Thurman, Colo., VOR via S alter.; MEA 6,900.

Section 610.6004 *VOR civil airway 4* is amended to read in part:

From Charleston, W. Va., VOR; to Ivydale INT, W. Va.; MEA 3,000.

Section 610.6004 *VOR civil airway 4* is amended by adding:

From Mountain Home, Idaho, FM via S alter.; to Boise, Idaho, VOR northwestbound only via S alter.; MEA 7,600.
From Denver, Colo., VOR; to Thurman, Colo., VOR; MEA 6,600.
From Goodland, Kans., VOR; to Hill City, Kans., VOR; MEA 4,700.
From Salina, Kans., VOR; to Topeka, Kans., VOR; MEA 3,000.
From Centralia, Ill., VOR; to Evansville, Ind., VOR; MEA 2,100.

Section 610.6005 *VOR civil airway 5* is amended to read in part:

From Macon, Ga., VOR; to *McDonough INT, Ga.; MEA **3,000. *2,500—MRA. **2,100—MOCA.

Section 610.6006 *VOR civil airway 6* is amended to delete:

From Moline, Ill., VOR via N alter.; to Naperville, Ill.; VOR via N alter.; MEA 2,400.

Section 610.6006 *VOR civil airway 6* is amended to read in part:

From *Cheyenne, Wyo., VOR; to Sidney, Nebr., VOR; MEA 7,300. Via N alter., MEA 7,300. *8,500—MCA Cheyenne VOR, westbound.
From New Brunswick INT, N. J.; to Colts Neck, N. J., VOR; MEA 1,500.

Section 610.6007 *VOR civil airway 7* is amended by adding:

From Cross City, Fla., VOR; to Tallahassee, Fla., VOR; MEA 1,500.

Section 610.6007 *VOR civil airway 7* is amended to read in part:

From Tallahassee, Fla., VOR; to Marianna, Fla., VOR; MEA 1,500.

Section 610.6008 *VOR civil airway 8* is amended to delete:

From Crystal, Nev., FM; to Las Vegas, Nev., VOR, southwestbound only; MEA 6,500.

Section 610.6008 *VOR civil airway 8* is amended by adding:

From Des Moines, Iowa, VOR; to Iowa City, Iowa, VOR; MEA 2,200. Via S alter.; MEA 2,200.
From Iowa City, Iowa, VOR; to Moline, Ill., VOR; MEA 2,000. Via S alter.; MEA 2,100.
From City, INT, Ill., to Chicago Heights, Ill., VOR; MEA 2,000.

Section 610.6010 *VOR civil airway 10* is amended by adding:

From Naperville, Ill., VOR; to South Bend, Ind., VOR; MEA 2,800.
From Selinsgrove, Pa., VOR; to Hazleton INT, Pa., MEA 3,500.
From Hazleton INT, Pa.; to Stroudsburg, Pa., VOR; MEA 4,000.
From Stroudsburg, Pa., VOR; to Somerset INT, N. J.; MEA 2,500.
From Somerset INT, N. J.; to Coney Island INT, N. Y.; MEA 2,000.

Section 610.6010 *VOR civil airway 10* is amended to delete:

From Kansas City, Mo., VOR via N alter.; to Kirksville, Mo., VOR via N alter.; MEA *2,900. *2,500—MOCA.
From Selinsgrove, Pa., VOR; to Allentown, Pa., VOR; MEA 3,500.
From Allentown, Pa., VOR; to Belle Mead INT, N. J.; MEA 2,500.
From Belle Mead INT, N. J.; to New Brunswick INT, N. J.; MEA 2,000.
From New Brunswick INT, N. J.; to Colts Neck, N. J., VOR; MEA 1,500.
From Colts Neck, N. J., VOR; to Woolf INT, N. J.; MEA 1,500.

Section 610.6012 *VOR civil airway 12* is amended by adding:

From Albuquerque, N. Mex., VOR via S alter.; to Otto, N. Mex., VOR via S alter.; MEA 10,000.

Section 610.6012 *VOR civil airway 12* is amended to read in part:

From *Albuquerque, N. Mex., VOR; to **Otto, N. Mex., VOR; MEA 12,000. *10,700—MCA Albuquerque VOR, eastbound. **10,000—MCA Otto VOR, westbound.

Section 610.6015 *VOR civil airway 15* is amended to read in part:

From Aberdeen, S. Dak., VOR; to Danzig INT, N. Dak.; MEA *4,000. *3,300—MOCA.
From Danzig INT, N. Dak.; to Bismarck, N. Dak., VOR; MEA *4,000. *3,500—MOCA.
From Aberdeen, S. Dak., VOR via W alter.; to Bismarck, N. Dak., VOR via W alter.; MEA *4,000. *3,300—MOCA.

Section 610.6017 *VOR civil airway 17* is amended to delete:

From San Antonio, Tex., VOR via E alter.; to Austin, Tex., VOR via E alter.; MEA 2,500.

Section 610.6021 *VOR civil airway 21* is amended to delete:

From Crystal, Nev., FM; to Las Vegas, Nev., VOR southwest bound only; MEA 6,500.

Section 610.6024 *VOR civil airway 24* is amended to read in part:

From Watertown, S. Dak., VOR; to Redwood Falls, Minn., VOR; MEA *3,400. *3,000—MOCA.
From Watertown, S. Dak., VOR via N alter.; to Madison INT, Minn., via N alter.; MEA *3,700. *3,000—MOCA.
From Madison INT, Minn., via N alter.; to Redwood Falls, Minn., VOR via N alter.; MEA *3,700. *2,400—MOCA.

Section 610.6026 *VOR civil airway 26* is amended to read in part:

From *Rapid City, S. Dak., VOR; to Philip, S. Dak., VOR; MEA 4,500. Via N alter.; MEA 4,500. *6,000—MCA Rapid City VOR, westbound.
From Huron, S. Dak., VOR; to Oakwood INT, S. Dak.; MEA *3,900. *2,800—MOCA.
From Oakwood INT, S. Dak.; to Redwood Falls, Minn., VOR; MEA *3,900. *3,000—MOCA.
From Huron, S. Dak., VOR via S alter.; to Redwod Falls, Minn., VOR via S alter.; MEA *4,700. *3,000—MOCA.

Section 610.6030 *VOR civil airway 30* is amended to delete:

From Allentown, Pa., VOR; to Chatham INT, N. J.; MEA 2,500.

Section 610.6035 *VOR civil airway 35* is amended to read in part:

From Charleston, W. Va., VOR; to *Gay INT, W Va.; MEA 2,500. *4,000—MRA.
From Gay INT, W. Va.; to Parkersburg, W. Va., VOR; MEA 2,500.

Section 610.6038 *VOR civil airway 38* is amended by adding:

From Iowa City, Iowa, VOR; to Prairie INT, Iowa; MEA 2,100.
From Prairie INT, Iowa; to *Annawan INT, Ill.; MEA **4,000. *4,000—MRA. **2,100—MOCA.
From Annawan INT, Ill.; to *Triumph INT, Ill.; **6,000. *6,000—MRA. **2,000—MOCA.
From Triumph INT, Ill.; to Joliet, Ill., VOR; MEA 2,000.
From Joliet, Ill., VOR; to Peotone, Ill., VOR; MEA 2,000.

Section 610.6050 *VOR civil airway 50* is amended to read in part:

From Kirksville, Mo., VOR via S. alter.; to Warren INT, Mo., via S. alter.; MEA *2,500. *2,100—MOCA.

Section 610.6051 *VOR civil airway 51* is amended to read in part:

From Macon, Ga., VOR.; to *McDonough INT, Ga.; MEA **3,000. *2,500—MRA. **2,100—MOCA.

Section 610.6058 *VOR civil airway 58* is amended to read:

From Bergholz INT, Pa.; to Ellwood City, Pa., VOR; MEA 2,500.
From Ellwood City, Pa. VOR; to Echo INT, Pa.; MEA 3,000.
From Echo INT, Pa.; to Philipsburg, Pa., VOR; MEA 4,000.
From Philipsburg, Pa., VOR; to Williamsport, Pa., VOR; MEA 4,000.
From Williamsport, Pa., VOR; to Avoca INT, Pa.; MEA 4,500.

From Avoca INT, Pa.; to Wilkes-Barre, Pa., VOR; MEA 3,500.
From Wilkes-Barre, Pa., VOR; to Poughkeepsie, N. Y., VOR; MEA 4,000.
From Poughkeepsie, N. Y., VOR; to Hartford, Conn., VOR; MEA 3,000.
From Hartford, Conn., VOR; to Salem INT, Conn., MEA 2,000.

Section 610.6072 *VOR civil airway 72* is amended to read in part:

From Binghamton, N. Y., VOR; to *Sidney INT, N. Y.; MEA 3,500. *3,500—MRA.

Section 610.6074 *VOR civil airway 74* is amended to read in part:

From Anthony, Kans., VOR; to Ponca City, Okla., VOR; MEA 2,600.

Section 610.6074 *VOR civil airway 74* is amended by adding:

From Dodge City, Kans., VOR; to Anthony, Kans., VOR; MEA *3,100. *2,900—MOCA.

Section 610.6078 *VOR civil airway 78* is amended to read in part:

From Watertown, S. Dak., VOR; to Madison INT, Minn.; MEA *3,700. *3,000—MOCA.
From Madison INT, Minn.; to Litchfield INT, Minn.; MEA *6,600. *2,300—MOCA.
From Litchfield INT, Minn.; to Minneapolis, Minn., VOR; MEA *3,000. *2,300—MOCA.

Section 610.6088 *VOR civil airway 88* is amended to delete:

From Centralia, Ill., VOR; to Cisne INT, Ill.; MEA 2,100.
From Cisne INT, Ill.; to Scotland, Ind., VOR; MEA *3,000. *2,100—MOCA.
From Scotland, Ind., VOR; to Sanders INT, Ind.; MEA 2,000.
From Sanders INT, Ind.; to Dayton, Ohio, VOR; MEA *3,700. *2,500—MOCA.
From Dayton, Ohio, VOR; to Mansfield, Ohio, VOR; MEA 2,500.

Section 610.6106 *VOR civil airway 106* is amended to read in part:

From Walnut Grove INT, W. Va.; to *Clara INT, W. Va.; MEA **4,000. *5,000—MRA. **3,000—MOCA.
From Clara INT, W. Va.; to Benson INT, W. Va.; MEA *4,000. *3,000—MOCA.
From Benson INT, W. Va.; to Morgantown, W. Va., VOR; MEA 4,000.

Section 610.6153 *VOR civil airway 153* is amended by adding:

From Wilkes-Barre, Pa., VOR; to *Sidney INT, N. Y.; MEA 4,000. *4,500—MRA.
From Sidney INT, N. Y.; to Syracuse, N. Y., VOR; MEA *4,500. *3,500—MOCA.

Section 610.6163 *VOR civil airway 163* is amended by adding:

From Brownsville, Tex., VOR; to Alice, Tex., VOR; MEA 1,400.
From Alice, Tex. VOR; to *Elmendorf INT, Tex.; MEA 2,200. *4,000—MRA.
From Elmendorf INT, Tex.; to San Antonio, Tex., VOR; MEA 2,200.

Section 610.6164 *VOR civil airway 164* is amended to delete:

From Stroudsburg, Pa., VOR; to Millington INT, N. J.; MEA 2,700.

Section 610.6174 *VOR civil airway 174* is amended to read in part:

From York, Ky., VOR; to Eureka INT, Ky.; MEA 2,500.
From Eureka INT, Ky.; to *Gay INT, W. Va.; MEA **4,000. *4,000—MRA. **2,500—MOCA.
From Gay INT, W. Va.; to *Clara INT, W. Va.; MEA **4,000. *5,000—MRA. **3,000—MOCA.
From Clara INT, W. Va.; to Elkins, W. Va., VOR; MEA 5,000.

Section 610.6194 *VOR civil airway 194* is amended to read in part:

From Cofield, N. C., VOR; to Corapeake INT, Va.; MEA *1,500. *1,200—MOCA.
From Corapeake INT, Va.; to Norfolk, Va., ILS loc.; MEA 1,500.

Section 610.6208 *VOR civil airway 208* is amended by adding:

From *Los Angeles, Calif., VOR; to Oceanside, Calif., VOR; MEA 4,000. *2,000—MCA Los Angeles VOR, southbound.

Section 610.6217 *VOR civil airway 217* is amended to delete:

From Milwaukee, Wis., ILS loc.; to Cardinal INT, Wis.; MEA 2,700.

Section 610.6217 *VOR civil airway 217* is amended by adding:

From Milwaukee, Wis., ILS loc.; to Maitland INT, Wis.; MEA 2,000.
From Maitland INT, Wis., to Green Bay, Wis., VOR; MEA 2,700.

Section 610.6233 *VOR civil airway 233* is amended to read in part:

From Bradford, Ill, VOR; to *Annawan INT, Ill.; MEA 2,000. *4,000—MRA.
From Annawan INT, Ill.; to Moline, Ill., VOR; MEA 2,000.

Section 610.6244 *VOR civil airway 244* is added to read:

From Crestview, Fla., VOR; to Dothan, Ala., TVOR; MEA 1,500.

Section 610.6246 *VOR civil airway 246* is added to read:

From Dayton, Ohio, VOR; to Mansfield, Ohio, VOR; MEA 2,500.

Section 610.6250 *VOR civil airway 250* is added to read:

From Bergholz INT, Pa.; to Ellwood City, Pa., VOR; MEA 2,500.
From Ellwood City, Pa., VOR; to Fitzgerald, Pa., VOR; MEA 3,500.

Section 610.6404 *Hawaii VOR civil airway 4* is amended to read in part:

From Hula Girl INT, T. H.; to Honolulu, T. H., VOR; MEA 4,000.
From Barbers Point, T. H., FM; to Honolulu, T. H., VOR, northeastbound only; MEA 2,000.
From *Honolulu, T. H., VOR; to Kaneoke INT, T. H.; MEA 6,000. *6,000—MCA Honolulu VOR, northeastbound.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

These rules shall become effective August 23, 1956.

[SEAL] C. J. LOWEN,
Administrator of Civil Aeronautics.

[F. R. Doc. 56-6056; Filed, July 27, 1956; 8:45 a. m.]

TITLE 26—INTERNAL REVENUE

Chapter I—Internal Revenue Service, Department of the Treasury

[T. D. 6193]

Subchapter C—Miscellaneous Excise Taxes

PART 171—MISCELLANEOUS REGULATIONS RELATING TO LIQUOR

NATIONAL EMERGENCY TRANSFER OF DISTILLED SPIRITS; MISCELLANEOUS AMENDMENT

Section 3183 of the Internal Revenue Code of 1939 permitted the use of beverage distilled spirits for industrial purposes and made provision for appropriate safeguards and controls with respect to the withdrawal and movement of such spirits. The provisions of section 3183 of the Internal Revenue Code of 1939 were implemented by Treasury Decision 5864 (16 F. R. 11295) approved November 2, 1951, which added Subpart G "National Emergency Transfers of Distilled Spirits" to 26 CFR (1939) Part 171. The provisions of section 3183 of the Internal Revenue Code of 1939 were reenacted without material change as section 5217 of the Internal Revenue Code of 1954 (68A Stat. 641; 26 U. S. C. 5217). Such regulations are prescribed under and made applicable to section 5217 of the Internal Revenue Code of 1954, which corresponds to section 3183 of the Internal Revenue Code of 1939, insofar as such regulations are not inconsistent with the Internal Revenue Code of 1954, by virtue of section 7807 (a) of the Internal Revenue Code of 1954 and Treasury Decision 6091, approved August 16, 1954.

Public Law 700, 84th Congress, approved July 11, 1956, amends section 5217 of the Internal Revenue Code of 1954 by changing the termination date for such section to July 11, 1958.

In order to reflect in such regulations the new termination date, § 171.280 is amended by striking in the first sentence the words, "five years from the date of enactment of section 3183, I. R. C." and inserting in lieu thereof the following: "July 11, 1958.".

Because these amendments merely extend the termination date of the regulations, it is found impracticable and contrary to the public interest to comply with the public rule making and effective date requirements of section 4 (a) and (c) of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1003).

(Sec. 7805, 68A Stat. 917; 26 U. S. C. 7805. Interprets or applies sec. 5217, 68A Stat. 641; 26 U. S. C. 5217)

[SEAL] RUSSELL C. HARRINGTON,
Commissioner of Internal Revenue.

Approved: July 25, 1956.

DAN THROOP SMITH,
Special Assistant to the Secretary in Charge of Tax Policy.

[F. R. Doc. 56-6107; Filed, July 27, 1956; 8:48 a. m.]

TITLE 32—NATIONAL DEFENSE

Chapter VII—Department of the Air Force

MISCELLANEOUS AMENDMENTS TO CHAPTER

1. In Subchapter A, delete the notes under Parts 801, 802, and 812 referring to Parts 501, 502, and 512 of this title respectively as being applicable to the Department of the Air Force.

2. In Subchapter E, delete the notes under Parts 855 and 857 referring to Parts 555 and 557 of this title respectively as being applicable to the Department of the Air Force and change the heading of Subchapter E to read: Subchapter E—Post Services [Reserved].

3. In Subchapter F, Part 861, §§ 861.101 to 861.107 (Appointment of Officers in the Regular Air Force), §§ 861.151 to 861.156 (Appointment of Regular Nurse, Women Medical Specialists, Veterinary, or Medical Service Officers from the Air Force Reserve), §§ 861.161 to 861.167 (Appointment of Officers in the Regular Air Force (Judge Advocates)), §§ 861.171 to 861.174 (Appointment of Chaplains in the Regular Air Force) are transferred to Subchapter G, Part 887, and are redesignated §§ 887.101 to 887.107, 887.151 to 887.156, 887.161 to 887.167 and 887.171 to 887.174, respectively. In this transfer the headings remain unchanged.

4. In Subchapter I, delete the notes under Parts 931 and 933 referring to Parts 531 and 533 of this title respectively as being applicable to the Department of the Air Force.

5. In Subchapter J—Procurement Procedures, revoke Parts 1000 to 1021 and change the heading of Subchapter J to read: Subchapter J—Procurement Procedures [Reserved].

(R. S. 161; 5 U. S. C. 22)

[SEAL] E. E. TORO,
Colonel, U. S. Air Force,
Air Adjutant General.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter XIV—General Services Administration

[Revision 1, Amdt. 6]

REG. 6—MANGANESE REGULATION: DOMESTIC MANGANESE PURCHASE PROGRAM

PARTICIPATION IN AND DURATION OF THE PROGRAM

Pursuant to the authority vested in me by Executive Order 10480, dated August 14, 1953 (18 F. R. 4939), as amended, this regulation, as revised and amended, is further amended as follows:

1. In section 3, delete the date "June 30, 1958" and in lieu thereof substitute the date "January 1, 1961"; delete the figure "19,000,000" and in lieu thereof substitute the figure "28,000,000".

2. In section 4, delete the date "June 30, 1956" and in lieu thereof substitute the date "June 30, 1958".

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. 2154. Interprets or applies sec. 303, 64 Stat. 801, as amended; 50 U. S. C. App. 2093)

All other provisions of this regulation, as amended, shall remain in full force and effect.

This amendment shall be effective upon publication in the FEDERAL REGISTER.

Dated: July 24, 1956.

FRANKLIN G. FLOETE,
Administrator.

[Amdt. 6]

REG. 8—BERYL REGULATION: PURCHASE PROGRAM FOR DOMESTICALLY PRODUCED BERYL ORE

PARTICIPATION IN AND DURATION OF THE PROGRAM

Pursuant to the authority vested in me by Executive Order 10480, dated August 14, 1953 (18 F. R. 4939), as amended, this regulation, as amended, is further amended as follows:

1. In section 2, delete the date "June 30, 1956" and in lieu thereof substitute the date "June 30, 1958".

2. Delete in its entirety section 3 and in lieu thereof substitute the following: "*Duration of the Program.* This Program shall terminate and be of no further force and effect at the close of business June 30, 1962, or when deliveries under the Program total forty-five hundred (4,500) short dry tons, whichever first occurs".

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. 2154. Interprets or applies sec. 303, 64 Stat. 801, as amended; 50 U. S. C. App. 2093)

All other provisions of this regulation, as amended, shall remain in full force and effect.

This amendment shall be effective upon publication in the FEDERAL REGISTER.

Dated: July 24, 1956.

FRANKLIN G. FLOETE,
Administrator.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 52]

DRIED PRUNES [1]

UNITED STATES STANDARDS FOR GRADES

Notice is hereby given that the United States Department of Agriculture is considering a revision of the United States Standards for Grades of Dried Prunes, pursuant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087 et seq., as amended; 7 U. S. C. 1621 et seq.). This revision, if made effective, will be the fourth issue by the Department of grade standards for this product.

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed revision should file the same with the Chief, Processed Products Standardization and Inspection Branch, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D. C. not later than 60 days after publication hereof in the FEDERAL REGISTER.

The proposed revision is as follows:

PRODUCT DESCRIPTION, VARIETAL TYPES, SIZES, GRADES

Sec.
52.3181 Product description.
52.3182 Varietal types of dried prunes.
52.3183 Sizes of dried prunes.
52.3184 Grades of dried prunes.
MOISTURE, DEFECTS
52.3185 Moisture requirements.
52.3186 Definitions and explanations of defects.
WORK SHEET
52.3187 Work sheet for dried prunes.

AUTHORITY: §§ 52.3181 to 52.3187 issued under sec. 205, 60 Stat. 1090, as amended; 7 U. S. C. 1624.

PRODUCT DESCRIPTION, VARIETAL TYPES, SIZES, GRADES

§ 52.3181 *Product description.* Dried prunes are prepared from sound, properly matured prune plums from which the greater portion of moisture is removed by drying to produce a semi-dry texture; are cleaned; and may be cleaned or treated with water or steam.

§ 52.3182 *Varietal types of dried prunes*—(a) *Type I.* French (also com-

[1] Compliance with the provisions of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

monly known as Petite; horticulturally classified as Agen).

(b) *Type II.* Italian Prune (commonly known as Fellenberg).

(c) *Type III.* Sergeant (commonly known as Robe de Sergeant or Robe); or Imperial (horticulturally classified as Imperial Epineuse); or Sugar.

(d) *Type IV.* Mixtures of any types with Imperial or Sugar.

§ 52.3183 *Sizes of dried prunes*—(a) *Count-sizes.* Except for U. S. Grade A or U. S. Fancy, the sizes of dried prunes are not incorporated in the grades of dried prunes. The sizes of dried prunes in this section are classified according to the count (or number) per pound of dried prunes. The various sizes of dried prunes for the respective varietal types are as follows:

(1) *Type I; Type III; Type IV.* 15/20, 18/24, 20/30, 30/40, 40/50, 50/60, 60/70, 70/80, 80/90, 90/100, 100/120, 120 and over.

(2) *Type II.* 25/35, 35/45, 30/40, 40/50, 50/60, 60/70, 70/80, 80/90, 90/100.

(b) *Ascertaining compliance with counts per pound.* A single size of dried prunes, for example "30/40", means that the number of prunes per pound average in a range from more than 30 to, and including, 40: *Provided,* That within any single size range the blend of sizes is fairly uniform. "Fairly uniform" means that in a sample of 100 ounces:

(1) For "40/50" and larger sizes, the count per pound of 10 ounces of the smallest prunes does not vary from the count per pound of 10 ounces of the largest prunes by more than 25 points; or

(2) For "50/60" and smaller sizes, the count per pound of 10 ounces of the smallest prunes does not vary from the count per pound of 10 ounces of the largest prunes by more than 45 points; and

(3) Except in blends of "80/90" or smaller sizes, no 10-ounce sample may count more than 110 prunes per pound.

(c) *Recommended size nomenclature.* The following size nomenclature is recommended for the respective "count-sizes" of dried prunes:

Extra large: Average 40 to 50 prunes per pound, or larger.
Large: Average 50 to 60 prunes per pound.
Medium: Average 60 to 70 prunes per pound.
Small: Average 70 to 80 prunes per pound or smaller.

§ 52.3184 *Grades of dried prunes.* (a) "U. S. Grade A" or "U. S. Fancy" is the quality of dried prunes that possess similar varietal characteristics; that are fairly uniform in size and average 80 prunes, per pound, or less; that meet the allowances for moisture in Table I of this subpart; and that do not exceed the following total allowances and limitations for defects:

(1) *Total allowance.* Not more than a total of 10 percent, by weight, of the dried prunes may be damaged or affected by: Off-color, poor texture, end cracks, skin or flesh damage, fermentation, scars, heat damage, insect injury, other means, mold, dirt, foreign material, insect infestation, decay.

(2) *Limitations within total allowance.* (i) Not more than 6 percent, by weight, of the dried prunes may be damaged or affected by: Poor texture, end cracks, skin or flesh damage, fermentation, scars, heat damage, insect injury, other means, mold, dirt, foreign material, insect infestation, decay.

(ii) Not more than 2 percent, by weight, of the dried prunes may be affected by: Mold, dirt, foreign material, insect infestation, decay.

(iii) Not more than 1 percent, by weight, of the dried prunes may be affected by: Decay.

(b) "U. S. Grade B" or "U. S. Choice" is the quality of dried prunes that possess similar varietal characteristics; that meet the allowances for moisture in Table I of this subpart; and that do not exceed the following total allowances and limitations for defects:

(1) *Total allowance.* Not more than a total of 15 percent, by weight, of the dried prunes may be damaged or affected by: Off-color, poor texture, end cracks, skin or flesh damage, fermentation, scars, heat damage, insect injury, other means, mold, dirt, foreign material, insect infestation, decay.

(2) *Limitations within total allowance.* (i) Not more than 8 percent, by weight, of the dried prunes may be damaged or affected by: Poor texture, end cracks, skin or flesh damage, fermentation, scars, heat damage, insect injury, other means, mold, dirt, foreign material, insect infestation, decay.

(ii) Not more than 3 percent, by weight, of the dried prunes may be affected by: Mold, dirt, foreign material, insect infestation, decay.

(iii) Not more than 1 percent, by weight, of the dried prunes may be affected by: Decay.

(c) "U. S. Grade C" or "U. S. Standard" is the quality of dried prunes that possess similar varietal characteristics; that meet the allowances for moisture in Table I of this subpart; and that do not exceed the following total allowances and limitations for defects:

(1) *Total allowance.* Not more than a total of 20 percent, by weight, of the dried prunes may be damaged or affected by: Off-color, poor texture, end cracks,[1] skin or flesh damage, fermentation, scars, heat damage, insect injury, other means, mold, dirt, foreign material, insect infestation, decay.

(2) *Limitations within total allowance.* (i) Not more than 10 percent, by weight, of the dried prunes may be damaged or affected by: End cracks,[1] skin or flesh damage, fermentation, scars, heat damage, insect injury, other means, mold, dirt, foreign material, insect infestation, decay.

(ii) Not more than 8 percent, by weight, of the dried prunes may be damaged or affected by: Skin or flesh damage, fermentation, scars, heat damage, insect injury, other means, mold, dirt, foreign material, insect infestation, decay.

(iii) Not more than 5 percent, by weight, of the dried prunes may be damaged or affected by: Mold, dirt, foreign material, insect infestation, decay.

(iv) Not more than 1 percent, by weight, of the dried prunes may be damaged or affected by: Decay.

(d) "Substandard" is the quality of dried prunes that fail to meet the requirements of U. S. Grade C or U. S. Standard.

MOISTURE, DEFECTS

§ 52.3185 *Moisture requirements*—(a) *Moisture limits.* Dried prunes shall not exceed the moisture limits for the grades and groups of packaging as designated in Table I of this section. "Moisture" means the percentage by weight of the finished dried prunes, exclusive of pits, that is moisture when determined by the Dried Fruit Moisture Tester Method or in accordance with methods that give equivalent results.

(b) *Group I.* Group I includes dried prunes packaged in containers which do not completely enclose and seal the dried prunes or in any other kind of packaging of more than 10 pounds. Such containers include, but are not limited to, wood boxes or fiber boxes.

(c) *Group II.* Group IIa includes dried prunes packaged in non-hermetically sealed containers of 10 pounds of prunes or less. Group IIb includes dried prunes packaged in hermetically-sealed containers. Dried prunes in Group II shall be considered "high moisture" prunes, if the moisture exceeds 25 percent.

(d) *Ascertaining compliance with moisture limits.* In ascertaining compliance with the moisture limits in Table I of this subpart, some of the samples which represent a specific lot of dried prunes may possess no more than 1 percent additional moisture, if the average moisture for all samples representing the lot is within the limits stated in Table I of this subpart.

TABLE I—MOISTURE ALLOWANCES FOR DRIED PRUNES

Grades	Maximum moisture limits (by weight)			
	Group I		Group IIa	Group IIb
	Counts averaging 60 or less per pound	Counts averaging 61 or more per pound	Any count size	Any count size
	Percent	*Percent*	*Percent*	*Percent*
U. S. Grade A or U. S. Fancy	25	24	28	30
U. S. Grade B or U. S. Choice				
U. S. Grade C or U. S. Standard				

[1] Except that each 1 percent of end cracks to, and including, 8 percent, by weight, shall be considered as ½ percent damaged by end cracks; and any additional end cracks shall be calculated as true percentage, by weight.

[1] Except that each 1 percent of end cracks to, and including, 8 percent, by weight, shall be considered as ½ percent damaged by end cracks; and any additional end cracks shall be calculated as true percentage, by weight.

§ 52.3186 *Definitions and explanations of defects.* Dried prunes damaged or affected by the following are scorable as defects:

(a) *Off-color.* "Off-color" means a skin color different from characteristic black, blue-black, reddish-purple, or other characteristic skin color for the type.

(b) *Poor texture.* "Poor texture" means porous, woody, or fibrous flesh or immature prunes or prunes possessing flesh interspersed with excessive air pockets in which the texture of the flesh is noticeably different from the flesh of mature prunes which have been properly dried, handled, and processed. "Excessive air pockets" means that the prunes are affected by air pockets to the extent that the eating quality is seriously affected.

(c) *End cracks.* "End cracks" means callous apex-end cracks which, singly or in the aggregate on a prune, are more than ⅜ inch in length but not more than ½ inch in length.

(d) *Skin or flesh damage.* "Skin or flesh damage" means:

(1) Callous growth cracks (other than callous apex-end cracks) which, singly or in the aggregate on a prune, exceed ⅜ inch in length; and callous apex-end cracks which, singly or in the aggregate on a prune, exceed ½ inch in length.

(2) Splits or skin breaks not having callous edges when the flesh is mashed out beyond the protecting skin so as to affect materially the normal apperance of the prune;

(3) Any cracks, splits, or skin breaks open to the pit; or

(4) Any skin damage from multiple short skin breaks giving a very "rough" appearance to the prune such as may result from over-dipping, rain damage, processing, or other causes which affect materially the appearance or edibility of the prune.

(e) *Fermentation.* "Fermentation" means that the prune is fermented as evidenced by a distinct sour taste or odor or by darkening in color characteristic of fermentation or souring.

(f) *Scars.* "Scars" mean:

(1) Tough or thick scab which, singly or in combination on a prune, exceeds the area of a circle ⅜ inch in diameter such as may result from thrip injury, mildew, leaf chafing, limb rubs, or other means; or

(2) Scab which is not tough or thick and which, singly or in combination on a prune, exceeds the area of a circle ¾ inch in diameter and which is inconsequential but unsightly though practically blending in color with the skin on the portion of the prune not affected.

(g) *Heat damage.* "Heat damage" means burning or scorching from the sun or in dehydration so as to damage materially the skin or flesh, or both, of the prune.

(h) *Insect injury.* "Insect injury" means healed or unhealed surface blemishes and healed or unhealed blemishes extending into the flesh which affect materially the appearance, edibility, or keeping quality of the prune but which do not possess evidence of insect infestation.

(i) *Other means.* "Other means" includes damage by any injury or defect or group of defects not specifically mentioned in this section which materially affects the appearance, edibility, or keeping quality of the fruit, but "other means" does not include defects of a nature such as defined in paragraphs (j), (k), (l), (m), or (n) of this section.

(j) *Mold.* "Mold" means a characteristic fungus growth as evidenced by a moldy or smutty condition and which, singly or in the aggregate on a prune, is equal to or exceeds the area of a circle 3/16 inch in diameter.

(k) *Dirt.* "Dirt" means the presence of any quantity of such substance, whether imbedded or adhering to the prune, which gives the prune a dirty, smudgy appearance and which may not be removed readily by washing.

(l) *Foreign material.* "Foreign material" means the presence of any quantity of such substance.

(m) *Insect infestation.* "Insect infestation" means the presence of dead insects, insect fragments, or insect remains. (No live insects are permitted.)

(n) *Decay.* "Decay" means a state of decomposition, wholly or in part, of the prune.

WORK SHEET

§ 52.3187 *Work sheet for dried prunes.*

Size and kind of container _____
Container mark or identification _____
Label or brand _____
Varietal type _____
Size: Count per pound. _____
( ) Extra large. ( ) Large
( ) Medium. ( ) Small
Moisture content _____ percent. ( ) High moisture
Varietal characteristics: ( ) Similar; ( ) Dissimilar

Defects and summary of allowances [1]	Grade A maximum	Grade B maximum	Grade C maximum
Total of all defects, including off-color	10 percent	15 percent	
Total of all defects, including off-color and poor texture			20 percent.
Poor texture, end cracks, skin or flesh damage, fermentation, scars, heat damage, insect injury, other means, mold, dirt, foreign material, insect infestation, decay.	But no more than 6 percent.	But no more than 8 percent.	
End cracks,[2] skin or flesh damage, fermentation, scars, heat damage, insect injury, other means, mold, dirt, foreign material, insect infestation, decay.			10 percent.[2]
Skin or flesh damage, fermentation, scars, heat damage, insect injury, other means, mold, dirt, foreign material, insect infestation decay.			But no more than 8 percent.
Mold, dirt, foreign material, insect infestation, decay.	2 percent	3 percent	5 percent.
Decay	But no more than 1 percent.	But no more than 1 percent.	But no more than 1 percent.

Total _____

[7 CFR Part 972]

[Docket No. AO-177-A17]

HANDLING OF MILK IN THE TRI-STATE MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND TO ORDER, AS AMENDED

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR, Part 900), notice is hereby given of a public hearing to be held at 64 State Street, Gallipolis, Ohio, beginning at 10:00 a. m., e. s. t., August 15, 1956, for the purpose of receiving evidence with respect to proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentative marketing agreement heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the Tri-State marketing area.

A proposal received, relative to enlargement of the marketing area, as currently defined in the Tri-State order, raises the issue as to whether all the provisions of the present order would tend to effectuate the declared policy of the act, if applied to the marketing area as proposed to be extended and, if not, what modifications of the provisions of such order should be made to effectuate the declared policy of the act. The proposed amendments have not received the approval of the Secretary of Agriculture. Amendments to the order as amended, regulating the handling of milk in the Tri-State milk marketing area were proposed as follows:

Proposed by The Southeastern Ohio Cooperative Dairy Sales Association, Inc.:

Proposal No. 1. Add the following subparagraph (3) to § 972.34 (c):

(3) The total pounds of producer milk received at such fluid supply plant, from such supply plant's own producers during the preceding October through January.

Proposal No. 2. Amend the table in § 972.41 (a) as follows:

	April, May, June	February, March, July	All other months
Huntington District plants	$1.40	$1.70	$2.25
Gallipolis-Scioto District plants	1.30	1.60	2.15
Athens District plants	1.20	1.50	2.05

Proposal No. 3. Consider adjustments in the supply-demand formula.

Proposal No. 4. Amend § 972.48 as follows: "Adjust the location adjustment to 2.0 cents per hundredweight for each 10 miles or major fraction thereof for the first 100 miles and 1.0 cents per hundredweight for each additional 10 miles or major fraction thereof."

Proposed by Guyan Creamery et al:

Proposal No. 5. Delete § 972.5 (b) and substitute therefor the following:

(b) "Huntington District of the Marketing Area" means the territory lying within the boundaries of the counties of Boyd, Greenup and Carter in Kentucky; Lawrence County in Ohio; and the counties of Cabell and Wayne in West Virginia.

Proposal No. 5a. Amend § 972.41 (a) so when amended said provision shall read as follows:

(a) Add the following amounts for the months indicated:

	April, May, June and July	February, March, and August	September, October, November, December, and January
Huntington District plants	$1.05	$1.35	$1.90
Gallipolis-Scioto District plants and Athens District plants	.95	1.25	1.80

Proposed by the Huntington Interstate Milk Producers Association:

Proposal No. 6. Amend the table in § 972.41 (a) as follows:

	March through August, inclusive	September through February, inclusive
Huntington District plants	$1.75	$2.25
Gallipolis-Scioto District plants	1.65	2.15
Athens District plants	1.50	2.00

Proposed by The United Dairy Company:

Proposal No. 7. Provide for marketwide pool instead of individual handler pool.

Proposal No. 8. Consider a more accurate method of determining the solids not fat content of skim milk, when the handler operates both a pool plant and a nonpool plant.

Proposed by the Dairy Division, Agricultural Marketing Service:

Proposal No. 9. Make such other changes, amendments or deletions as may be required to make the entire marketing agreement and order conform with any amendment(s) that may result from the hearing.

Copies of this notice of hearing and of the order, as amended, now in effect, may be procured from the Market Administrator, 64 State Street, Gallipolis, Ohio, or from the Hearing Clerk, Room 112, Adminstration Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated: July 25, 1956.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

DEPARTMENT OF THE TREASURY

Internal Revenue Service

[26 CFR (1954) Part 1]

INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

NOTICE OF EXTENSION OF TIME

The proposed regulations under section 174 of the Internal Revenue Code of 1954 were published with a notice of proposed rule making in the FEDERAL REGISTER for June 21, 1956 (21 F. R. 4344). That notice provided that consideration would be given to any data, views, or arguments pertaining thereto which are submitted in writing, in duplicate, to the Commissioner of Internal Revenue, Attention: T:P, Washington 25, D. C., within the period of 30 days from the date of publication of that notice in the FEDERAL REGISTER.

Notice is hereby given that the 30-day period previously allowed is extended, and any data, views, or arguments pertaining to those proposed regulations which are submitted not later than Wednesday, August 8, 1956, will be given consideration.

[SEAL] O. GORDON DELK,
Acting Commissioner of International Revenue.

DEPARTMENT OF LABOR

Division of Public Contracts

[41 CFR Part 202]

DETERMINATION OF PREVAILING MINIMUM WAGES FOR VARIOUS INDUSTRIES

NOTICE OF PROPOSED RULE MAKING

On February 29, 1956, a hearing was held to determine what is the prevailing minimum wage in each of the several named industries and parts of industries for which there is a prevailing minimum wage determination of less than $1.00 per hour under section 1 (b) of the Walsh-Healey Public Contracts Act.

Marketing and competitive factors. Government Exhibit No. 3, a summary of information relating to the areas of competition for Government business as reported by principal Government purchasing agencies, indicates that in all but six of the named industries or parts of industries bids are received from, or negotiations are conducted with, firms located throughout the industry without regard to their geographic location or the destination to which the products are to be delivered. In the paint and varnish industry in the States of Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, and Virginia, and in the industrial and refined basic chemical products branch of the chemical and related products industry in the States of Maryland, Virginia, North Carolina, South Carolina, Tennessee, Arkansas, Mississippi, Alabama, Georgia, Florida, and the District of Columbia, bids are received from, or negotiations conducted with, firms located throughout the areas mentioned. These are the areas in these two industries for which a determination of less than $1.00 presently exists.

In the cement, dimension granite, fertilizer, and the structural clay products industries the record indicates that bids are received and purchases are made from firms located within a radius of several hundred miles from the point of delivery.

It is thus apparent that no geographic limitations are feasible for the industries listed in the notice of hearing except for the five industries and one branch of an industry mentioned above. It is impossible to predict (except in the six industries or parts of industries mentioned above) where any particular contract materials will be manufactured when bids are invited. For each industry and part of an industry mentioned in the notice of hearing, except these six, I find that the locality in which the materials, supplies, articles, or equipment are to be manufactured or furnished under Government contracts extends to all of that area in which the industry has its plants, and that geographic minimum wage differentials cannot be adopted without defeating the purposes of the Public Contracts Act.

As the evidence in the record indicates, for that segment of the paint and varnish industry mentioned in the notice of hearing, bids are received from, and negotiations conducted with, firms located in the States of Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, and Virginia, when the products are to be delivered within these States. At least when bids are invited calling for delivery in this area, it is impossible to predict where any particular contract materials will be manufactured more narrowly than the area itself. For this reason, I find that the locality in which the goods are to be manufactured or furnished in the defined part of the paint and varnish industry extends to all the area encompassed by the States mentioned above.

The industrial and refined basic chemicals products branch of the chemical and related products industry in the States of Maryland, Virginia, North Carolina, South Carolina, Tennessee, Arkansas, Mississippi, Alabama, Georgia, Florida, and the District of Columbia competes in the same way in the States mentioned, and, since the conclusions drawn for the paint and varnish industry are equally applicable here, I find the locality in which the particular contract materials are to be manufactured or furnished when bids are invited extends to all the area encompassed by the States mentioned above.

It appears from Government Exhibit No. 3 that the areas of competition for cement, fertilizer, structural clay products, and dimension granite purchases extend several hundred miles and generally cross State boundaries. In view of the overlapping areas of competition caused by variations in delivery points, it seems clear that wage determinations on less than a statewide basis would not be fully justified in these situations. I therefore find that the localities in which the particular contract materials are to be manufactured or furnished in these industries are no less extensive than each of the States in which each industry has its plants.

Economic analysis. We are here concerned with the minimum wages prevailing among the approximately 1,914,000 production workers employed in the various manufacturing industries and parts of such industries mentioned in the notice of hearing. The evidence relates principally to the effect on their minimum wages of the recent increase in the minimum wage under the Fair Labor Standards Act of 1938. The new $1.00 per hour minimum provided in that act applies to all employees engaged in interstate commerce or in the production of goods for such commerce, including closely related processes and occupations directly essential to such production, except those employees excluded by one of the specific exemptions.

The evidence at the hearing was that of the 16,131,000 persons employed in manufacturing industries generally, 15,448,000, or 96 percent, were entitled to the benefit of the minimum wage provided in the Fair Labor Standards Act.

Evidence of the division between employees entitled to the $1.00 per hour minimum wage and those not so entitled in each of the industries and parts of industries mentioned in the notice of hearing revealed that, except for the evaporated milk industry, 89 percent or more of the employees are entitled to the minimum wage or exempt as employees employed in a bona fide executive, administrative, or professional capacity. The Public Contracts Act does not apply to such executive, administrative or professional employees. Those so exempt are, of course, already earning at least $1.00 per hour.

Even the limited information based on investigation cases closed by the Wage and Hour and Public Contracts Divisions during an eight-month period in 1955, discloses that in most of the industries and parts of industries for which a determination is here made, all of the employees in a majority of the plants employing a majority of the employees were entitled to the Fair Labor Standards Act minimum wage or exempt in the executive, administrative, and professional group.

There is reliable, probative, and substantial evidence that prevailing practice is to pay at least the legal minimum wage where it is due. Government's Exhibit No. 7 shows that during fiscal year 1951, after the legal minimum wage was increased from 40 cents to 75 cents per hour, approximately 2 percent of covered employees in all manufacturing industries were paid less than the minimum required by the act. This figure does not vary significantly for the smaller industrial classifications which include each of the industries and parts of industries here involved. Furthermore, there is evidence that even this figure is exaggerated in that it includes many instances in which the only deviation from the legal minimum arose out of a misunderstanding concerning the proper count of hours of work, the propriety of certain small payroll deductions, etc.

In addition, to this evidence of the application of, and compliance with, the new Fair Labor Standards Act minimum, there is evidence that many employees not legally entitled to the protection of the minimum are, nevertheless, paid at least $1.00 per hour, because (1) they are employed in high wage areas, (2) because they are employed by employers with some covered workers who have a policy not to discriminate against their noncovered workers, and (3) because of the competition for labor with other firms which have raised wages to the new legal minimum. Furthermore, it appears from the record that in many plants the only workers paid less than the minimum are watchmen, groundkeepers, and other workers not subject to the Walsh-Healey Act.

The record contains the opinion evidence of a fully qualified Government expert in this field that by reason of the factors mentioned above and in the light of his personal experience in this work, most of the establishments employing most of the employees in each of the industries and parts of industries listed in the notice of hearing, including the evaporated milk industry, are paying all of their production employees not less than $1.00 per hour, and that, judged on an industrywide basis, each of them has a prevailing minimum wage of not less than $1.00 per hour.

As noted above, however, the competitive factors involved in four of those industries point to a state by state determination of prevailing minimum wages for each of them. No evidence was introduced at the hearing tending in any way to take issue with the facts officially noticed in the notice of hearing "that the Fair Labor Standards Act has general application in the industries and branches for which there are prevailing minimum wage determinations under the Walsh-Healey Public Contracts Act and that the minimum wage requirements of the Fair Labor Standards Act are generally observed". In their industrywide applications these facts officially noticed are fully confirmed by the evidence introduced at the hearing. On a state by state basis the evidence introduced at this hearing tends to confirm the facts officially notice on this point as well.

Thus, there is evidence that in the cement industry less than one-half of one percent of the 34,000 production workers earn less than $1.00 per hour, and that the prevailing minimum wage for this industry in each State is not less than $1.00 per hour. It appears from Government Exhibit No. 8 that in each of the 26 States in which establishments in the fertilizer industry were investigated in a two-year period, Fair Labor Standards Act coverage was prevalent, and it appears from Government Exhibit No. 7 that the ratio of violations is relatively small. Though the state by state information on coverage and compliance in Government Exhibits Nos. 7 and 8 treats the dimension granite and structural clay products industries only as parts of larger industrial groups, so as to be not so valuable for this purpose, this information also tends to support, rather than conflict with, the general condition of coverage and compliance mentioned in the notice of hearing.

The evidence merely establishes that the prevailing minimum wage in the areas and industries or parts of industries discussed above is not less than $1.00 per hour. Such evidence is consistent with the possibility that the prevailing minimum wage may be more than $1.00 per hour in some or all of such areas and industries or parts of industries. The notice of hearing advised interested persons that they might anticipate just such evidence to be introduced in a hearing "to determine what will be the prevailing minimum wages on and after March 1, 1956." They were invited to present pertinent testimony, data, and argument, including particularly facts in addition to those officially noticed. They were further advised of the legal requirement that this determination be made "on the record". No evidence was introduced tending to show that the prevailing minimum wage is more than $1.00 per hour in any of such areas and groups. In this circumstance I must and do find that the prevailing minimum wage is $1.00 per hour in each of the industrial groups in each of the areas mentioned above as appropriate for a prevailing minimum wage determination.

Tolerances. The notice of hearing expressed an intent to exercise the authority under section 6 of the act to permit the employment of learners and apprentices at rates less than $1.00 per hour to the same extent such employment is authorized under section 14 of the Fair Labor Standards Act. For this reason, provision is made for the employment of learners and apprentices at rates less than $1.00 per hour to the same extent such employment is authorized under Section 14 of the Fair Labor Standards Act in each of the wage orders here proposed. The special provisions for handicapped workers in the wage orders here under review are eliminated from the wage orders here proposed, because they are no longer necessary in view of the general tolerance for the employment of handicapped workers now appearing in

41 CFR 201.1102. Other tolerances, such as those for beginners or probationary workers, appear in some of the wage determinations here under consideration. These provisions were made to justify exclusion of such low wage groups from the wage data on which the general prevailing minimum wages were determined. As those groups were not excluded from the basic data here considered, those provisions are eliminated from the wage determinations here proposed.

Accordingly, pursuant to authority vested in me by sections 1 (b) and 6 of the Public Contracts Act (49 Stat. 2036; 41 U. S. C. 35), I propose to amend Part 202 of Title 41, Code of Federal Regulations (41 CFR, Part 202), as follows:

1. In §§ 202.2 (b) Cotton Garments, 202.3 (b) Men's Neckwear, 202.4 (b) Rainwear, 202.5 (b) Knitwear and Woven Underwear, 202.6 (b) Seamless Hosiery, 202.8 (b) Shoe Manufacturing, 202.10 (b) Handkerchiefs, 202.16 (b) Vitrified China, 202.19 (b) Luggage and Leather Goods, 202.20 (b) Fireworks, 202.21 (b) Wool Carpet, 202.22 (b) Tags, 202.26 (b) Tobacco, 202.27 (b) Furniture, 202.29 (b) Specialty Accounting, 202.38 (b) Die Casting, 202.40 (b) Evaporated Milk, 202.42 (b) Leather Manufacturing, 202.45 (b) Aviation Textile, 202.46 (b) Gloves and Mittens, delete the number and words "75 cents per hour" and insert in place thereof the symbol, number and words "$1.00 per hour".

2. Sections 202.2 (c) Cotton Garments, 202.3 (c) Men's Neckwear, 202.4 (c) Rainwear, 202.5 (c) Knitwear and Woven Underwear, 202.6 (c) Seamless Hosiery, 202.8 (c) Shoe Manufacturing, 202.9 (c) Dimension Granite, 202.10 (c) Handkerchiefs, 202.11 (c) Men's Hats, 202.16 (c) Vitrified China, 202.18 (c) Pressed and Blown Glass, 202.19 (c) Luggage and Leather Goods, 202.20 (c) Fireworks, 202.21 (c) Wool Carpet, 202.22 (c) Tags, 202.26 (c) Tobacco, 202.27 (c) Furniture, 202.28 (c) Drugs and Medicine, 202.29 (c) Specialty Accounting, 202.31 (c) Soap, 202.32 (c) Fertilizer, 202.35 (c) Cement, 202.36 (c) Structural Clay, 202.37 (c) Uniform and Clothing, 202.38 (c) Die Casting, 202.39 (c) Dental Goods, 202.40 (c) Evaported Milk, 202.42 (c) Leather Manufacturing, 202.45 (c) Aviation Textile, 202.46 (c) Gloves and Mittens, and 202.48 (c) Surgical Instruments, are amended to read as follows:

(c) *Tolerances.* Learners and apprentices may be employed at wages less than $1.00 an hour upon the same terms and conditions as are prescribed for the employment of learners and apprentices by the regulations of the Administrator of the Wage and Hour Division of the Department of Labor (29 CFR Parts 522 and 521, respectively), under section 14 of the Fair Labor Standards Act. The Administrator of the Public Contracts Division is authorized to issue certificates under the Public Contracts Act for the employment of learners and apprentices in accordance with the standards and procedures prescribed by the applicable regulations issued under the Fair Labor Standards Act.

3. Section 202.11 (b) is amended to read as follows:

(b) *Minimum wage.* The minimum wage for persons employed in the manufacture or furnishing of products of the men's hat and cap industry under contracts subject to the Welsh-Healey Public Contracts Act shall be $1.00 per hour arrived at either on a time or piece-rate basis.

4. Section 202.18 (b) is amended by deleting the number and words "83½ cents per hour" and inserting in place thereof the symbol, number and words "$1.00 per hour".

5. Section 202.28 (b) is amended to read as follows:

(b) *Minimum wage.* The minimum wage for persons employed in the manufacture or furnishing of products of the drug, medicine, and toilet preparations and cosmetics industry under contracts subject to the Walsh-Healey Public Contracts Act shall be $1.00 per hour arrived at either on a time or piece-rate basis.

6. Section 202.31 (b) is amended by deleting the number and words "95 cents per hour" and inserting in place thereof the symbol, number and words "$1.00 per hour".

7. Section 202.33 (b) (2) is amended by deleting the number and words "99 cents an hour" and inserting in place thereof the symbol, number and words "$1.00 per hour".

8. Section 202.33 (c) is amended to read as follows:

(c) *Tolerances.* (1) Beginners (probationary workers) as defined in this paragraph may be employed at hourly wage rates not lower than $1.065 per hour in the paper and pulp industry (other than paper bag branch) arrived at either on a time or piece-rate basis. A beginner or probationary worker for the purpose of this determination is an employee who has less than 160 hours experience in the plant in which he is employed.

(2) Learners and apprentices may be employed in the paper bag branch at wages less than $1.00 an hour upon the same terms and conditions as are prescribed for the employment of learners and apprentices by the regulations of the Administrator of the Wage and Hour Division of the Department of Labor (29 CFR Parts 522 and 521, respectively), under section 14 of the Fair Labor Standards Act. The Administrator of the Public Contracts Division is authorized to issue certificates under the Public Contracts Act for the employment of learners and apprentices in accordance with the standards and procedures prescribed by the applicable regulations issued under the Fair Labor Standards Act.

9. Paragraph 202.37 (b) is amended to read as follows:

(b) *Minimum wages.* The minimum wage for persons employed in the manufacture or furnishing of products of the uniform and clothing industry under contracts subject to the Walsh-Healey Public Contracts Act shall be $1.00 per hour arrived at either on a time or piece-rate basis.

10. Section 202.39 (b) is amended to read as follows:

(b) *Minimum wages.* The minimum wage for persons employed in the manufacture or furnishing of products of the dental goods and equipment manufacturing industry under contracts subject to the Walsh-Healey Public Contracts Act shall be $1.00 per hour arrived at either on a time or piece-rate basis.

11. Section 202.41 (b) is amended to read as follows:

(b) *Minimum wages.* The minimum wage for persons employed in the manufacture or furnishing of products of the paint and varnish industry under contract subject to the Walsh-Healey Public Contracts Act shall be $1.00 an hour arrived at either on a time or piece-rate basis in the States of Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, and Virginia, and the minimum wage shall be $1.05 per hour arrived at either on a time or piece-rate basis in the remaining States of the United States and the District of Columbia.

12. Section 202.41 (c) is amended to read as follows:

(c) *Tolerances.* (1) Where $1.05 per hour is the minimum wage, beginners or probationary workers as defined in this paragraph may be employed for 480 hours at $1.00 per hour arrived at either on a time or piece-rate basis. A beginner or probationary worker for the purpose of this section is a person who has less than 480 hours experience in the plant in which he is employed.

(2) Learners and apprentices may be employed in that part of the paint and varnish industry located in the States of Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, and Virginia at wages less than $1.00 per hour upon the same terms and conditions as are prescribed for the employment of learners and apprentices by the regulations of the Administrator of the Wage and Hour Division, Department of Labor (29 CFR Parts 522 and 521, respectively), under section 14 of the Fair Labor Standards Act. The Administrator of the Public Contracts Division is authorized to issue certificates under the Public Contracts Act for the employment of learners and apprentices in accordance with the standards and procedures prescribed by the applicable regulations issued under the Fair Labor Standards Act.

13. Section 202.43 (b) (2) is amended by deleting the number and words "87 cents an hour" and inserting in place thereof the symbol, number and words "$1.00 per hour".

14. Section 202.43 (c) (1) (ii) is amended to read as follows:

(ii) In the performance of contracts for the products of the cotton, silk, and synthetic textile branch of the textile industry, learners may be paid a subminimum rate of 92 cents per hour, unless experienced workers in the same plant and occupations are paid on a piece-rate basis, in which case learners must be paid the same piece rates paid to experienced workers and earnings, based upon those piece rates, if such earnings are in excess of 92 cents per hour.

15. Section 202.43 (c) (2) is amended to read as follows:

(2) Learners and apprentices may be employed in other than the cotton, silk, and synthetic textile branch of the textile industry at wages less than $1.00 per hour upon the same terms and conditions as are prescribed for the employment of learners and apprentices by the regulations of the Administrator of the Wage and Hour Division of the Department of Labor (29 CFR Parts 522 and 521, respectively), under section 14 of the Fair Labor Standards Act. The Administrator of the Public Contracts Division is authorized to issue certificates under the Public Contracts Act for the employment of learners and apprentices in accordance with the standards and procedures prescribed by the applicable regulations issued under the Fair Labor Standards Act.

16. Section 202.44 (b) (1) is amended to read as follows:

(1) The minimum wage for persons employed in the manufacture or furnishing of products of the industrial and refined basic chemical products branch of the chemical and related products industry under contracts subject to the Walsh-Healey Public Contracts Act shall be $1.00 per hour arrived at either on a time or piece-rate basis in the States of Maryland, Virginia, North Carolina, South Carolina, Tennessee, Arkansas, Mississippi, Alabama, Georgia, Florida, and the District of Columbia, and the minimum wage shall be $1.15 per hour arrived at either on a time or piece-rate basis in the remaining States of the United States.

17. Section 202.44 (b) (2) is amended to read as follows:

(2) The minimum wage for persons employed in the manufacture or furnishing of products of the cleaning and polishing preparations, insecticides and fungicides, and miscellaneous chemical branch of the chemical and related products industry under contracts subject to the Walsh-Healey Public Contracts Act shall be $1.00 per hour arrived at either on a time or piece-rate basis in the 48 States and the District of Columbia.

18. Section 202.44 (c) is amended to read as follows:

(c) *Tolerances.* (1) Where $1.15 or $1.40 per hour is the minimum wage, beginners as defined in this paragraph may be employed for 320 hours at a rate not more than 5 cents an hour below the applicable minimum wages. A beginner for the purpose of this section is a person who has less than 320 hours of experience in the industry. Any previous employment in the industry must be subtracted from the 320-hour period during which beginners may be employed at rates below the minimum.

(2) Where $1.00 per hour is the minimum wage, learners and apprentices may be employed at wages less than $1.00 per hour upon the same terms and conditions as are prescribed for the employment of learners and apprentices by the regulations of the Administrator of the Wage and Hour Division of the Department of Labor (29 CFR Parts 522 and 521, respectively), under section 14 of the Fair Labor Standards Act. The Administrator of the Public Contracts Division is authorized to issue certificates under the Public Contracts Act for the employment of learners and apprentices in accordance with the standards and procedures prescribed by the applicable regulations issued under the Fair Labor Standards Act.

19. Section 202.48 (b) is amended by deleting the number and words "90 cents an hour" and inserting in place thereof the symbol, number and words "$1.00 per hour".

20. Section 202.9 (b) is amended to read as follows:

(b) *Minimum wages.* The minimum wage for persons employed in the manufacture or furnishing of products of the dimension granite industry under contracts subject to the Walsh-Healey Public Contracts Act shall be $1.00 per hour arrived at either on a time or piece-rate basis in each State where the industry has its plants.

21. Section 202.32 (b) is amended to read as follows:

(b) *Minimum wage.* The minimum wage for persons employed in the manufacture or furnishing of products of the fertilizer industry under contracts subject to the Walsh-Healey Public Contracts Act shall be $1.00 per hour arrived at either on a time or piece-rate basis in each State where the industry has its plants.

22. Section 202.35 (b) is amended to read as follows:

(b) *Minimum wage.* The minimum wage for persons employed in the manufacture or furnishing of products of the cement industry under contracts subject to the Walsh-Healey Public Contracts Act shall be $1.00 per hour arrived at either on a time or piece-rate basis in each State where the industry has its plants.

23. Section 202.36 (b) is amended to read as follows:

(b) *Minimum wage.* The minimum wage for persons employed in the manufacture or furnishing of products of the structural clay products industry under contracts subject to the Walsh-Healey Public Contracts Act shall be $1.00 per hour arrived at either on a time or piece-rate basis in each State where the industry has its plants.

Within fifteen days from the date of the publication of this notice in the FEDERAL REGISTER, interested parties may submit written exceptions to the proposed actions above described. Exceptions should be addressed to the Secretary of Labor, United States Department of Labor, Washington 25, D. C.

Signed at Washington, D. C., this 23d day of July 1956.

JAMES P. MITCHELL,
Secretary of Labor.

CIVIL AERONAUTICS BOARD

[14 CFR Part 41]

CERTIFICATION AND OPERATION RULES FOR SCHEDULED AIR CARRIER OPERATIONS OUTSIDE CONTINENTAL LIMITS OF UNITED STATES

NOTICE OF INSTITUTION OF RULE MAKING PROCEEDINGS

On June 21, 1956, the Bureau of Safety Regulation published a notice (21 F. R. 4349) that it was instituting the first step in rule making proceedings by circulating Civil Air Regulations Draft Release No. 56–17 to persons on the Bureau's current distribution list. The draft release proposed a general revision of Part 41 of the Civil Air Regulations and required that comment be submitted on or before September 20, 1956.

The Air Transport Association requested an extension of the date for return of comment so that it could have sufficient time to secure the opinions of all of its members affected by the proposed revision. In view of the fact that such industry opinion is essential to a proper consideration of the issues raised by the proposals, it is considered that an extension of the date for return of comment, as requested, will serve a useful purpose.

Accordingly, the Bureau is extending the time for the submission of comment with respect to Civil Air Regulations Draft Release No. 56–17, and the Bureau will consider written comment submitted not later than November 16, 1956. Comments should be submitted in duplicate and addressed to the Civil Aeronautics Board, attention Bureau of Safety Regulation, Washington 25, D. C.

This notice of extension is being circulated as Civil Air Regulations Draft Release No. 56–17A to persons on the Bureau's current distribution list. Other interested persons may secure a copy of this draft release, as well as a copy of Draft Release No. 56–17, upon request made to the Civil Aeronautics Board, attention Bureau of Safety Regulation, Washington 25, D. C.

(Sec. 205 (a), 52 Stat. 984, 49 U. S. C. 425 (a). Intrepret or apply secs. 601–610, 52 Stat. 1007–1012, as amended, 49 U. S. C. 551–560)

Dated at Washington, D. C., July 24, 1956.

By the Bureau of Safety Regulation.

[SEAL] JOHN M. CHAMBERLAIN,
Director.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 3]

[Docket No. 11747; FCC 56-747]

RADIO BROADCAST SERVICES

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of assignments,* Television Broadcast Stations, (Springfield, Ill.-St. Louis, Mo.).

1. Notice is hereby given of further proposed rule making in the above-entitled matter.

2. On June 25, 1956, the Commission issued a Notice of Proposed Rule Making in the above-entitled matter proposing the following channel changes:

City	Channel No.	
	Present	Proposed
Springfield, Ill	2, 20, *66	20, 39, *66
St. Louis, Mo	4, 5, *9, 11, 30, 36, 42	2, 4, 5, *9, 11, 30, 36, 42
Lincoln, Ill	53	49

(Offset carrier designations for the various channels to be specified in the final Report and Order.)

3. Upon further consideration of this matter, the Commission has concluded that the public interest would be served by assigning an additional UHF channel to Springfield, and is therefore now proposing to assign Channel 26 to that community. In accordance with the policies outlined in the Commission's Order issued in Docket No. 11532, Channel 26 is proposed for Springfield even though the minimum spacing from that city would not be met. However, as noted in the Report and Order, in utilizing Channel 3, the transmitter will have to be located so as to meet the minimum spacing and coverage requirements. The proposed channel changes for Springfield are as follows:

City	Channel No.	
	Present	Proposed
Springfield, Ill	2, 20, *66	20, 26, 39, *66

4. Any interested party who is of the view that the proposed amendments should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before September 10, 1956, a written statement setting forth his comments. Comments supporting the proposed amendments may also be filed on or before the same date. Comments in reply to original comments may be filed within 15 days from the last date for filing said original comments. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional comments is established.

5. Authority for the adoption of the amendments proposed herein is contained in sections 1, 4 (i) and (j), 301, 303 (a), (b), (c), (d), (e), (f), (g), (h) and (r) and 307 (b) of the Communications Act of 1934, as amended, and section 4 of the Administrative Procedure Act.

6. In accordance with the provisions of § 1.764 of the rules, an original and 14 copies of all written comments shall be furnished the Commission.

Adopted: July 19, 1956.

Released: July 25, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[47 CFR Part 3]

[Docket No. 11795; FCC 56-757]

RADIO BROADCAST SERVICES

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606, *Table of assignments,* Television Broadcast Stations, (Prineville-Coos Bay, Oregon).

1. Notice is hereby given that the Commission has received conflicting proposals for rule making in the above-entitled matter.

2. The Commission has before it for consideration the petition filed on January 17, 1956 by Grizzly Television, Inc., requesting an amendment of § 3.606 *Table of assignments,* Television Broadcast Stations, so as to assign Channel 11 to Prineville, Oregon, as follows:

City	Channel No.	
	Present	Proposed
Prineville, Oreg	None	11

3. In support of its petition, Grizzly Mountain, Inc., urges that there is need for a station in the area and that the proposal would conform with the requirements of the rules.

4. The Commission has before it for consideration a conflicting petition filed on April 13, 1956, by Pacific Television, Inc., Coos Bay, Oregon requesting an amendment of § 3.606 *Table of assignments,* Television Broadcast Stations, so as to assign Channel 11 to Coos Bay, Oreg., as follows:

City	Channel No.	
	Present	Proposed
Coos Bay, Oreg	----	11
Yreka City, Calif	11	19

5. In support of its proposal, petitioner submits that there is only one channel assigned to the area, Channel 16 at North Bend, Oregon; that there are two applications pending for this assignment; that the proposed additional assignment would eliminate the need for a comparative hearing and would expedite the commencement of two services to the area; and that the proposal conforms to the rules.

6. The Commission is of the view that rule making procedings should be instituted in this matter in order that interested parties may submit their views and relevant data.

7. Authority for the adoption of the proposed amendment is contained in sections 4 (i), 301, 303 (c), (d), (f) and (r), and 307 (b) of the Communications Act of 1934, as amended.

8. Any interested party who is of the opinion that the proposed amendment should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before August 22, 1956, a written statement or brief setting forth his comments. Comments in support of the proposed amendment may also be filed on or before the same date. Comments or briefs in reply to the original comments may be filed within 10 days from the last date for filing said original comments or briefs. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional comments is established.

9. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: July 19, 1956.

Released: July 25, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 56-6109; Filed, July 27, 1956; 8:49 a. m.]

[47 CFR Part 3]

[Docket No. 11797; FCC 56-745]

RADIO BROADCAST SERVICES

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of assignments,* Television Broadcast Stations (Evansville, Ind.-Owensboro, Ky.-Festus, Mo.-Shelbyville, Tenn.).

1. Notice is hereby given that the Commission has received a proposal for rule making in the above-entitled matter.

2. The Commission has before it for consideration a petition filed on April 30, 1956, by Premier Television, Inc., permittee of Station WFIE, Evansville, Indiana, requesting it to amend § 3.606 *Table of assignments,* Television Broadcast Stations, so as to shift Channel 62 from Evansville, Indiana to Owensboro, Kentucky, and to shift Channel 14 from Owensboro to Evansville as follows:

City	Channel No.	
	Delete	Add
Evansville, Ind	62	14–
Owensboro, Ky	14–	62
Festus, Mo	14+	25–
Shelbyville, Tenn	62–	50

3. Petitioner also requests that the Commission order it to show cause why its outstanding authorization for Station WFIE should not be modified to specify operation on Channel 14 in lieu of Channel 62. Petitioner further requests that the Commission order Aircast, Inc., permittee of Station WKYT, authorized to operate on Channel 14 at Owensboro, Ky., to show cause why its outstanding authorization should not be modified to specify operation on Channel 62 in lieu of Channel 14.

4. In support of its request petitioner urges that the proposal conforms to the rules; that it would result in improved coverage in the Evansville area; and that it would bring a new service to the Owensboro area at an early date.

5. The Commission is of the view that rule making proceedings should be instituted in this matter in order that interested parties may submit their views and relevant data.

6. We do not believe, however, that we should direct the parties in this proceeding to show cause why their outstanding authorizations should not be modified in the manner requested. Such additional show cause proceedings which may be necessary will be instituted at the termination of this rule making proceeding.

7. Authority for the adoption of the amendment herein is contained in sections 4 (i), 301, 303 (c), (d), (f) and (r) and 307 (b) of the Communications Act of 1934, as amended.

8. Any interested party who is of the view that the proposal by petitioner should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before September 10, 1956, a written statement setting forth his comments. Comments supporting the proposed amendments may also be filed on or before the same date. Comments in reply to original comments may be filed within 15 days from the last date for filing said original comments. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional comments is established.

9. In accordance with the provisions of § 1.764 of the rules, an original and 14 copies of all written comments should be furnished the Commission.

Adopted: July 19, 1956.

Released: July 25, 1956.

FEDERAL COMMUNICATIONS COMMISSION,

[Docket No. 11798; FCC 56-750]

RADIO BROADCAST SERVICES

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606, *Table of assignments,* Television Broadcast Stations, (Bozeman-Helena, Montana).

1. Notice is hereby given of rule making in the above-entitled matter.

2. The Commission has before it for consideration the petition filed on April 5, 1956, by Penn Engineering Company, Inc., Bozeman, Montana, requesting an amendment of § 3.606 *Table of assignments,* Television Broadcast Stations, so as to assign Channel 12 to Bozeman by its deletion from Helena, Montana. The petition is opposed by Peoples Forum of the Air in a pleading filed May 25, 1956. The proposal is summarized as follows:

City	Channels	
	Present	Proposed
Bozeman, Mont	*8, 22–	*9, 12, 22–
Helena, Mont	10+, 12	10+

3. In support of its request, petitioner, licensee of Radio Station KBMN, in Bozeman, states that it desires to enter television broadcasting but that there are no VHF channels available in Bozeman for commercial use. It believes that because of the VHF sets already in the city which receive programs supplied via a community antenna system, use of the UHF channel assigned to Bozeman would not be practicable.

4. In its opposition, Peoples Forum of the Air, licensee of Radio Station KXIJ in Helena, Montana, and one of two applicants for use of Channel 10 in that city, states that the two applications for Channel 10 were prepared and filed without knowledge of the other and that it would amend its application to specify Channel 12 were it not for the threat to that assignment posed by the petitioner's request. Peoples Forum submits that were this request granted, Helena would have but one channel with two applicants, while Bozeman would have two commercial channels with but one applicant.

5. An alternative method for making a VHF commercial channel available for Bozeman, Montana, would be shifting the educational reservation in that city from VHF Channel 9 to UHF Channel 22. The Commission believes that consideration should also be given to this proposal.

6. The Commission is of the view that rule making proceedings should be instituted in this matter in order that interested parties may submit their views and relevant data.

7. Authority for the adoption of the amendment herein is contained in sections 4 (i), 301, 303 (c), (d), (f) and (r), and 307 (b) of the Communications Act of 1934, as amended.

8. Any interested party who is of the opinion that the proposed amendment should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before August 22, 1956, a written statement or brief setting forth his comments. Comments in support of the proposed amendment may also be filed on or before the same date. Comments or briefs in reply to the original comments may be filed within 10 days from the last day for filing said original comments. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional comments is established.

9. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: July 19, 1956.

Released: July 25, 1956.

GENERAL SERVICES ADMINISTRATION

[Project 3-DC-03]

FEDERAL OFFICE BUILDINGS

PROSPECTUS FOR PROPOSED BUILDINGS IN SOUTHWEST REDEVELOPMENT AREA OF DISTRICT OF COLUMBIA

EDITORIAL NOTE: This prospectus of proposed Project Number 3-DC-03 is published pursuant to section 412 (f) of the Public Buildings Purchase Contract Act of 1954 as amended by Public Law 150, 84th Congress, which requires publication in the FEDERAL REGISTER, for a period of ten consecutive days from date of submission to the Committees on Public Works of the Senate and House of Representatives.

[Project Number 3-DC-03 (Revised)]

JUNE 29, 1956.

FORMAL PROSPECTUS FOR PROPOSED BUILDING UNDER TITLE I, PUBLIC LAW 519, 83D CONGRESS, 2D SESSION

FEDERAL OFFICE BUILDING NO. 8, WASHINGTON, D. C.

1. *Brief description of proposed building.* The project contemplates the erection of a Federal Office Building on a site to be acquired. The building will be multi-storied and will provide approximately 263,000 square feet of net assignable space.

2. *Estimated maximum cost and financing.* a. Maximum cost of site and building, $12,190,000.

b. Proposed contract term, 25 years.

c. Maximum rate of interest on purchase contract, 4 percent.

3. *Certificates of need.* There is attached certificate of need signed by the head of the agency which will use the facility. Certification is hereby made as to the need for service space. Upon completion of the facility, assignment and reassignment of space will be made in accordance with existing law.

4. *Non-availability of existing space.* Suitable space owned by the Government is not available and suitable rental space is not available at a price commensurate with that to be afforded through the contract proposed.

5. *Estimated annual managerial, custodial, heat, and utility costs.* (Services to be supplied by Government), $276,100.

6. *Estimated annual tax liability, upkeep and maintenance.* a. Taxes, post construction (contract period), $141,000.

b. Upkeep and maintenance (to be provided by Government), $39,400.

7. *Current housing costs.* Housing costs currently paid by the Government for agencies to be housed in the building to be erected, $208,077.

Determination of need. It has been determined that (1) the needs for space for the permanent activities of the Federal Government in this particular area cannot be satisfied by utilization of any existing suitable property now owned by the Government, and (2) the best interests of the United States will be served by taking action hereunder.

Submitted at Washington, D. C., on July 6, 1956.

Recommended:

F. MORAN MCCONIHE,
Commissioner of Public Buildings Service.

Approved:

FRANKLIN G. FLOETE,
Administrator of General Services.

8. *Statement of Director, Bureau of the Budget.* Reflected in letter (copy attached).

CERTIFICATE OF NEED

PROPOSED FEDERAL OFFICE (FOOD AND DRUG ADMINISTRATION) BUILDING, WASHINGTON, D. C.

Project No. 3-DC-03.

I, the undersigned, the Secretary of Health, Education, and Welfare, in pursuance of the provisions of the Public Buildings Purchase Contract Act of 1954 (Public Law 519, 83d Congress) certify that there is a permanent need in this project for approximately 200,000 square feet of net agency space to accommodate the operations of the Food and Drug Administration.

M. B. FOLSOM,
Secretary of Health, Education, and Welfare.

Certified at Washington, D. C. April 12, 1956.

EXECUTIVE OFFICE OF THE PRESIDENT

BUREAU OF THE BUDGET

WASHINGTON 25, D. C.

JULY 13, 1956.

Project #3-DC-03 (Revised June 29, 1956)
Federal Office Building No. 8,
Southwest Washington Area,
Washington, D. C.

MY DEAR MR. FLOETE: Pursuant to section 411 (a) (8) of the Public Buildings Purchase Contract Act of 1954 (Public Law 519), the proposal for a Federal Office Building, received July 9, 1956, has been examined and in my opinion "is necessary and in conformity with the policy of the President." This approval is given with the following understanding:

1. That the stated project cost of $12,190,000 (including cost of a site to be acquired at an estimated cost of $75,000) is a maximum figure.

2. That the site located in the Southwest Washington Area will be developed to its maximum space utilization and that any space in excess of the needs of the Food and Drug Administration at the time the building is completed will be allocated to agencies then housed in temporary buildings. When the allocation of agencies is determined, temporary space of equivalent occupancy will be demolished.

3. That every effort will be made to design and construct space conducive to maximum efficient utilization and to take advantage of any revision of cost downward which may be found possible as the plans develop and negotiations are advanced.

You appreciate, of course, that this project will receive a more detailed review as to cost and space utilization.

Sincerely yours,

PERCIVAL F. BRUNDAGE,
Director.

Hon. FRANKLIN G. FLOETE,
Administrator,
General Services Administration,
Washington 25, D. C.

[Project 3-DC-07]

FEDERAL OFFICE BUILDINGS

PROSPECTUS FOR PROPOSED BUILDINGS IN SOUTHWEST REDEVELOPMENT AREA OF DISTRICT OF COLUMBIA.

EDITORIAL NOTE: This prospectus of proposed Project Number 3-DC-07 is published pursuant to section 412 (f) of the Public Buildings Purchase Contract Act of 1954 as amended by Public Law 150, 84th Congress, which requires publication in the FEDERAL REGISTER, for a period of ten consecutive days from date of submission to the Committees on Public Works of the Senate and House of Representatives.

[Project No. 3-DC-07]

FORMAL PROSPECTUS FOR PROPOSED BUILDING UNDER TITLE I PUBLIC LAW 519, 83D CONGRESS, 2D SESSION

FEDERAL OFFICE BUILDING NO. 10,
WASHINGTON, D. C.

1. *Brief description of proposed building.* The project contemplates the erection of a Federal Office Building on a site to be acquired in Southwest Washington. The building will be multistoried and will provide approximately 1,095,000 square feet of net assignable space.

2. *Estimated maximum cost and financing.* a. Maximum cost of the site and building, $40,900,000.

b. Proposed contract term, 25 years.

c. Maximum rate of interest on purchase contract, 4 percent.

3. *Certificates of need.* As the project is intended to provide relocation of numerous Federal agencies now in temporary buildings, no specific allocation of space can be made at this time. Upon completion of the facility, assignment and re-assignment will be made in accordance with existing law. Therefore, requirement for Certificate of Need otherwise required by section 411 (e) of the Public Buildings Purchase Contract Act of 1954 was waived in Public Law 150, 84th Congress. Certification is hereby made as to the need for service space.

4. *Nonavailability of existing space.* Suitable space owned by the Government is not available and suitable rental space is not available at a price commensurate with that to be afforded through the contract proposed.

5. *Estimated annual managerial, custodial, heat, and utility costs.* (Services to be supplied by Government), $1,095,000.

6. *Estimated annual tax liability, upkeep and maintenance.* a. Taxes, post construction (contract period), $546,000.

b. Upkeep and maintenance (to be provided by Government), $164,000.

7. *Current housing costs.* Housing costs currently paid by the Government for agencies to be housed in the building to be erected, $341,261 p. a.

Determination of need. It has been determined that (1) the needs for space for the permanent activities of the Federal Government in this particular area cannot be satisfied by utilization of any existing suitable property now owned by the Government, and (2) the best interests of the United States will be served by taking action hereunder.

Submitted at Washington, D. C., on July 13, 1956.

Recommended:

F. MORAN MCCONIHE,
Commissioner of Public Buildings Service.

Approved:

FRANKLIN G. FLOETE,
Administrator of General Services.

8. *Statement of Director, Bureau of the Budget.* Reflected in letter (copy attached).

EXECUTIVE OFFICE OF THE PRESIDENT

BUREAU OF THE BUDGET

WASHINGTON 25, D. C.

JULY 18, 1956.

Project #3-DC-07,
Federal Office Building, No. 10,
(Two buildings connected by pedestrian tunnel),
Southwest Washington Area,
Washington, D. C.

MY DEAR MR. FLOETE: Pursuant to section 411 (e) (8) of the Public Buildings Purchase Contract Act of 1954 (Public Law 519), the proposal for a Federal Office Building, received July 13, 1956, has been examined and in my opinion "is necessary and in conformity with the policy of the President." This approval is given with the following understanding:

1. That the stated project cost of $40,900,000 (including cost of a site to be acquired at an estimated cost of $1,700,000 is a maximum figure.

2. That the reported annual operating cost of existing temporary buildings to be supplanted, i. e., $1.00 per square foot, represents minimum maintenance in anticipation of demolition and that temporary Government buildings actually cost more to maintain than the proposed new building.

3. That the site to be acquired in the Southwest Washington area will be developed

to its maximum space utilization; that the proposed building will provide relocation of numerous Federal agencies now in temporary buildings; that no specific allocation of space can be made at this time; when specific allocation of agencies in the proposed building is determined by the General Services Administration, temporary space of equivalent occupancy will be demolished.

4. That every effort will be made to design and construct space conducive to maximum efficient utilization, and to take advantage of any revision of cost downward which may be found possibly as the plans develop and negotiations are advanced.

You appreciate, of course, that this project will receive a more detailed review as to cost and space utilization.

Sincerely yours,

PERCIVAL BRUNDAGE,
Director.

Hon. FRANKLIN G. FLOETE,
Administrator,
General Services Administration,
Washington 25, D. C.

DEPARTMENT OF THE TREASURY

[Treasury Dept. Order 180-4]

COMMISSIONER OF NARCOTICS

DELEGATION OF AUTHORITY RELATIVE TO SURRENDER OF HEROIN AND ITS USE FOR SCIENTIFIC RESEARCH PURPOSES

By virtue of the authority vested in me by Reorganization Plan No. 26 of 1950, there is hereby delegated to the Commissioner of Narcotics, with right to redelegate, authority to perform any function of the Secretary of the Treasury under section 1402 of Title 18 of the United States Code (Public Law 728, 84th Cong. 2d Session) relating to the surrender of heroin and the use of heroin for scientific research purposes.

Dated: July 24, 1956.

[SEAL] DAVID W. KENDALL,
Acting Secretary of the Treasury.

OFFICE OF DEFENSE MOBILIZATION

[ODM (DPA) Request No. 53—DPAV 46 (d)]

ARABIAN AMERICAN OIL CO. ET AL.

REQUEST TO PARTICIPATE IN THE VOLUNTARY AGREEMENT RELATING TO FOREIGN PETROLEUM SUPPLY AS AMENDED

Pursuant to section 708 of the Defense Production Act of 1950, as amended, the request set forth below to participate in a voluntary agreement entitled "Voluntary Agreement Relating to Foreign Petroleum Supply As Amended" was approved by the Attorney General after consultation with respect thereto between the Attorney General, the Chairman of the Federal Trade Commission, and the Director of the Office of Defense Mobilization. The companies listed below have accepted the request to participate in the voluntary agreement as amended.

The requests to participate in the Voluntary Agreement Relating to Foreign Petroleum Supply, dated May 1, 1953, and the April 15, 1954, amendment thereto, and the lists of companies accepting the requests were published on July 22, 1953 (18 F. R. 4262) and on April 20, 1954 (19 F. R. 2278). Subsequent additions to and deletions from the list of companies participating in the voluntary agreement as amended were published on May 22, 1954 (19 F. R. 2992) and on May 24, 1955 (20 F. R. 3646).

This agreement has been again amended to reflect changes in organization and procedures developed as a result of the Attorney General's review of the agreement required by the Defense Production Act Amendments of 1955. This amended agreement has been approved by the Director of the Office of Defense Mobilization and found to be in the public interest as contributing to the national defense.

Contents of request. Pursuant to the Defense Production Act Amendments of 1955, the Attorney General has reviewed the defense need for voluntary agreements existing under section 708. With reference to the Voluntary Agreement Relating to Foreign Petroleum Supply, after consultation with the Office of Defense Mobilization and the Department of the Interior, it has been decided that the attached amended agreement would be desirable.

You are requested to participate in the Voluntary Agreement Relating to Foreign Petroleum Supply, as amended as per copy attached. The Attorney General has approved this request after consultation with respect thereto between his representatives, representatives of the Chairman of the Federal Trade Commission and my representatives, pursuant to section 708 of the Defense Production Act of 1950, as amended.

I approve the voluntary agreement, as amended, and find it to be in the public interest as contributing to the national defense. Immunity from prosecution under the Federal antitrust laws and the Federal Trade Commission Act will continue upon your acceptance of this modified request, provided that your acts relative to such participation are within the limits set forth in the voluntary agreement, as amended.

Your cooperation in this matter will be appreciated.

Sincerely yours,

ARTHUR S. FLEMMING,
Director.

SECURITIES AND EXCHANGE COMMISSION

[File No. 22-1909]

HARPENER BERGBAU-AKTIEN-GESELLSCHAFT

NOTICE OF APPLICATION FOR EXEMPTION

JULY 23, 1956.

Notice is hereby given that Harpener Bergbau-Aktien-Gesellschaft, a corporation organized and existing under the laws of Germany, has filed an application pursuant to section 304 (d) of the Trust Indenture Act of 1939 for an order exempting from the provisions of section 310 (a) (3) of the act the 4½ Percent Debt Adjustment Bonds due January 1, 1970, to be issued by Harpener Bergbau-Aktien-Gesellschaft under an indenture to be dated as of January 1, 1953, between Harpener Bergbau-Aktien-Gesellschaft and The First National City Bank of New York and Deutsche Kreditsicherung Kommanditgesellschaft Dr. Alexander Kreuter, as Trustees, in connection with Harpener Bergbau-Aktien-Gesellschaft's offer of settlement to be made pursuant to Annex II of the London Agreement on German External Debts of February 27, 1953, between the Government of the Federal Republic of Germany, the United States of America and other countries.

Section 304 (d) of the act permits the Commission, on application by the issuer and after opportunity of hearing thereon, to enter an order exempting from any one or more provisions of the act, any security proposed to be issued by a person organized and existing under the laws of a foreign government if and to the extent it finds that compliance with such provision or provisions is not necessary in the public interest and for the protection of investors.

The application states, with respect to the request for exemption from section 310 (a) (3) to permit certain acts to be performed by the Co-Trustee as follows:

(1) Harpener has outstanding an issue of Gold Mortgage 6 percent Bonds, Series of 1929, which has been in default for many years. The London Agreement provides, among other things, for the consensual settlement of foreign currency obligations of German Corporate debtors by the refunding and extension of such obligations. Harpener is, however, liable only for the repayment of bonds which may be validated pursuant to the Validation Law for German Foreign Currency Bonds of August 25, 1952. The terms of the offer negotiated by Harpener for its outstanding obligations provide for the issuance by Harpener of the above described Debt Adjustment Bonds, due January 1, 1970,

in exchange for its outstanding validated bonds.

(2) The coordinate mortgage securing the old and new bonds will be registered in favor of the German Co-Trustee and certain acts with respect to the release of property, insurance moneys, the reduction of the registered amount of liens and the disposition of release moneys are performed only by the Co-Trustee subject, however, to ultimate control by the American institutional trustee. Section 310 (a) (3) of the Trust Indenture Act of 1939 requires that the rights, powers, duties and obligations be conferred upon the American institutional trustee alone or jointly with the Co-Trustee unless under the laws of any jurisdiction in which acts are to be performed the institutional trustee is incompetent or unqualified to act.

(3) While no contention is made that the American institutional trustee is incompetent or unqualified to act it is contended that the vesting of title and related powers in the Co-Trustee is essential to the orderly settlement and payment of the obligations, the rights in the security of both the holders of the new bonds and the old bonds are rights in German property, created under German mortgage law and to a large extent dependent upon the interpretation of the German Implementation Law; and such right in the security should be adjudicated only by German courts. In this connection it is urged that the vesting of these functions in the American institutional trustee would in effect result in the Trustee assuming duties contrary to the wishes of the security holders and would likely result in litigation in this country by holders of the old bonds endeavoring to establish some special rights in the security, and would, in general, tend to defeat the orderly and non-preferential settlements contemplated by the London Agreement.

(4) While the procedure proposed necessarily results in certain acts being performable by the Co-Trustee, the protection intended to be accorded to the bondholders by the Trust Indenture Act of 1939 is in no way impaired. All of the acts which are performable only by the Co-Trustee are in each case, subject to ultimate control by the Trustee.

For a more detailed statement of the matters of fact and law asserted, all persons are referred to such application which is now on file in the office of the Commission in Washington, D. C.

Notice is further given that an order granting the application, and upon such conditions as the Commission may deem necessary or appropriate, may be issued by the Commission at any time on or after July 30, 1956 unless prior thereto a hearing is ordered by the Commission. Any interested person may, not later than July 27, 1956, at 5:30 p. m., e. d. s. t., submit to the Commission in writing his views or any additional facts bearing upon this application or the desirability of a hearing thereon, or request the Commision in writing that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C., and should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request, and the issues of fact or law relied by the application which he desires to controvert.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 56-6092; Filed, July 27, 1956; 8:46 a. m.]

[File No. 70-3490]

JERSEY CENTRAL POWER & LIGHT CO. AND GENERAL PUBLIC UTILITIES CORP.

ORDER GRANTING APPLICATION REGARDING ISSUANCE AND SALE BY SUBSIDIARY OF REGISTERED HOLDING COMPANY OF FIRST MORTGAGE BONDS AT COMPETITIVE BIDDING; AND ISSUANCE AND SALE BY SAID SUBSIDIARY AND ACQUISITION BY ITS PARENT COMPANY OF COMMON STOCK

JULY 23, 1956.

General Public Utilities Corporation ("GPU"), a registered holding company, and its direct subsidiary Jersey Central Power & Light Company ("Jersey Central"), an operating public utility company, having filed with this Commission a joint application, and an amendment thereto, under the Public Utility Holding Company Act of 1935 ("act") pursuant to sections 6 (b) and 10 and Rule U-50 promulgated thereunder regarding certain proposed transactions which are summarized as follows:

Jersey Central proposes to issue and sell, pursuant to the competitive bidding requirements of Rule U-50, $10,000,000 principal amount of First Mortgage Bonds, __ percent Series, due 1986. These bonds will be dated August 1, 1956, and will mature August 1, 1986, and will be issued under Jersey Central's Indenture of Mortgage dated March 1, 1946, as heretofore supplemented and amended and as to be further supplemented and amended by a further supplemental indenture to be dated August 1, 1956. The interest rate on the new bonds (which is to be a multiple of ⅛ of 1 percent) and the price to be received by Jersey Central (which price, exclusive of accrued interest, is to be not less than 100 percent and not more than 102¾ percent of the principle amount) are to be determined at competitive bidding pursuant to the provisions of Rule U-50.

From time to time, but in no event later than the issuance and sale of the above-described bonds, Jersey Central will issue and sell to GPU and GPU will buy from Jersey Central an aggregate of 50,000 additional shares of Jersey Central's common stock, par value $10 per share, for an aggregate purchase price of $500,000.

It is represented in the filing that the proceeds from the sale of these securities (estimated at $10,500,000) will be used as follows: (i) $3,750,000 will be applied to the prepayment of the principal amount of Jersey Central's Notes maturing December 31, 1957; and (ii) the balance of $6,750,000 will be applied to the costs of Jersey Central's 1956 construction program estimated at approximately $14,650,000.

The filing contains a copy of an order of the Board of Public Utility Commissioners of the State of New Jersey expressly authorizing the issuance and sale of the proposed securities by Jersey Central. Jersey Central is organized under the laws of, and engages in the business of generating, transmitting, distributing, and selling electric energy for public use in ten counties in, the State of New Jersey.

Jersey Central proposes to pay the following fees and expenses in connection with the proposed transactions:

	New bonds	Common stock
Securities and Exchange Commission, filing fee	$1,030	
Filing fee, Board of Public Utility Commissioners of State of New Jersey	500	
Federal issue tax	11,000	$550
Printing registration statement, prospectus, indenture, etc	14,000	
Printing and engraving securities	9,250	
Legal fees and expenses:		
Autgerleth & Rochester	5,350	300
Berlack, Israels & Liberman	5,200	150
Blue Sky expenses and recording fees	1,300	
Accounting services	3,100	
Indenture trustee, registrar and transfer agent fees and expenses	5,250	
Miscellaneous	800	200
Total	56,780	1,200

The fees and expenses of GPU, including legal fees, are estimated not to exceed $500.

The fee and expenses of Beekman & Bogue, independent counsel for the underwriters of the bonds, are estimated at $5,000 and $125, respectively, and are to be paid by the successful bidder.

Notice of the filing of this joint application having been duly given in the manner prescribed by Rule U-23 and no hearing having been ordered by or requested of the Commission; and the Commission finding that the applicable provisions of the Act and the Rules thereunder are satisfied; that the fees and expenses set forth above are not unreasonable; and that the joint application as amended should be granted forthwith;

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said joint application as amended be, and the same hereby is, granted forthwith, subject to the terms and conditions contained in Rules U-24 and U-50.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 56-6093; Filed July 27, 1956; 8:46 a. m.]

[File No. 70-3489]

STANDARD SHARES, INC.

ORDER AUTHORIZING EXTENSION OF BANK LOAN FOR ONE YEAR

JULY 24, 1956.

Standard Shares, Inc. ("Standard Shares"), a registered holding company, has filed a declaration, pursuant to sections 6 (a) and 7 of the Public Utility Holding Company Act of 1935 ("act"), regarding a proposal to extend its outstanding bank loan indebtedness to The Hanover Bank of New York, New York.

Standard Shares proposes, pursuant to a loan extension agreement, to extend the payment of its bank loan indebtedness of $1,500,000 to the Hanover Bank for one year from July 30, 1956, with interest at the prime commercial rate on that date. The company will have the right at any time to prepay all or any part of the loan without premium.

In justification of the proposal to extend said bank loan, the company states that it is not practicable, nor is it in the best interests of the stockholders of the company, to pay the loan at its present maturity. It is represented, among other things, that to do so would require the sale of a substantial amount of portfolio securities with resulting loss of dividend income; that such sale of securities would complicate the company's tax situation with respect to its operation as an investment company; that pursuant to an application now pending before the Commission Standard Shares proposes the acquisition of up to 51 percent of the common stock of Pittsburgh Railways Company, a non-utility subsidiary company, which may require an expenditure of $3,300,000 or more of cash to be obtained through the sale of Duquesne Light Company common stock or an additional bank loan, or a combination of both and the sale of assets in order to retire the loan now would unnecessarily prejudice Standard Shares operations; and that Standard Shares' assets and contemplated income are and will be more than sufficient to provide for the payment of the interest and principal of the bank loan within the period contemplated by the proposed extension thereof.

Due notice of the filing of said declaration having been given in the manner prescribed by Rule U-23 under the act, and no hearing having been requested of, or ordered by, the Commission; and the Commission finding that the applicable provisions of the act and the rules promulgated thereunder are satisfied, and that no adverse findings are necessary, and deeming it appropriate in the public interest and the interest of investors and consumers that said declaration should be permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24 promulgated under the act:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said declaration be, and the same hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-3493]

COLUMBIA GAS SYSTEM, INC., AND COLUMBIA GAS SYSTEM SERVICE CORP.

NOTICE OF PROPOSED OPEN-ACCOUNT ADVANCES BY PARENT TO SUBSIDIARY FOR CONSTRUCTION OF OFFICE BUILDING

JULY 24, 1956.

Notice is hereby given that The Columbia Gas System, Inc. ("Columbia"), a registered holding company, and its wholly owned subsidiary service company Columbia Gas System Service Corporation ("Service") have filed a joint declaration pursuant to the Public Utility Holding Company Act of 1935 ("act"), designating section 12 (b) of the act and Rule U-45 thereunder as applicable to the proposed transaction, which is summarized as follows:

It is proposed that Columbia advance to Service, on a short-term basis on open account as required, not to exceed $1,500,000 for the construction of an office building at Marble Cliff, near Columbus, Ohio. Each several advance will bear interest from the date advanced at the present prime commercial rate of 3¾ percent per annum.

The building will be erected for the purpose of consolidating in suitable quarters at one location the departments of Service located in Columbus, Ohio. Upon completion of the building, Service plans either (i) to sell the building to a non-affiliate and lease it back on a long-term basis, or (ii) permanently to finance the building through the sale of securities to Columbia; at which time Service will repay to Columbia the open-account loan proposed herein together with $95,000 heretofore advanced by Columbia for the purchase of the building site. It is stated that, to the extent that the Commission has jurisdiction over the final transaction, applications relating thereto will be filed with the Commission.

The expenses to be incurred herein are estimated at $100 for Columbia and $200 for Service.

It is stated that no State or Federal commission other than this Commission has jurisdiction over the proposed transaction.

Declarants request that the Commission's order become effective upon issuance.

Notice is further given that any interested person may, not later than August 7, 1956, at 5:30 p. m., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, said declaration may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rule U-20 (a) and U-100 thereof.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 24D-1759]

YORK OIL AND URANIUM CO.

NOTICE OF AND ORDER FOR HEARING

JULY 24, 1956.

York Oil and Uranium Company, a Wyoming corporation (hereinafter referred to as "York"), Post Office Box 348, Newcastle, Wyoming, filed with the Commission on June 3, 1955, a notification on Form 1-A and an offering circular, and subsequently filed amendments thereto, relating to a proposed public offering of 10,000,000 shares of its common capital stock, par value 2¢ per share, at 2¢ per share for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3 (b) thereof and Regulation A promulgated thereunder.

The Commission, on May 22, 1956, issued an order pursuant to Rule 223 (a) of the general rules and regulations under the Securities Act of 1933, as amended, temporarily suspending the conditional exemption under Regulation A and afforded to any person having an interest therein an opportunity to request a hearing pursuant to said Rule 223. A written request for a hearing was received by the Commission from York on June 19, 1956, and counsel for York waived the 20-day period specified in Rule 223 (b).

The Commission deeming it necessary and appropriate to determine whether to vacate the temporary suspension order or to enter an order permanently suspending the exemption,

It is hereby ordered, That a hearing under the applicable provisions of the Securities Act of 1933, as amended, and the rules of the Commission be held on August 13, 1956, at 10:00 a. m., m. s. t., at the Salt Lake Branch Office of the Commission, at Room 201, Boston Building, Salt Lake City, Utah, with respect to the following specified matters and questions, without prejudice, however, to the specification of additional issues which may be present in these proceedings:

A. Whether the notification and the offering circular contained untrue statements of material facts and omitted to state material facts necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading, particularly in that

1. Item 3 (a) of the notification and the offering circular under the heading "Capitalization" failed to disclose that on June 1, 1955, the issuer had contracted to issue additional shares of common stock with a par value of

$7,000 to Greenfire Uranium Corporation in consideration for the transfer of certain unpatented mining lode claims; and the offering circular failed to describe these claims as required by Rule 219 (c) (1).

2. Item 3 (a) of the notification and the offering circular under the heading "Material Transactions" were false and misleading in representing that 767,000 shares of stock had been issued to Earl E. Fehr as part payment of the contract of purchase of the Whiskers Draw Claims and the North Barker Dome-Red Mesa area oil and gas lease rights and in failing to disclose that in selling such properties, Fehr was acting for himself and others and part of the stock issued to him was accepted for others; and the offering circular was also false and misleading in failing to disclose that on or about January 3, 1956, said contract was renegotiated whereby 1,000,000 shares of stock of the issuer were acquired instead of the 767,000 shares.

3. Item 3 (b) of the notification and the offering circular under the heading "Material Transactions" were false and misleading in representing that none of the 3,310,000 shares of common stock issued to officers and directors of the issuer has been transferred and that the stock is still held by them, in view of the fact that the officers and directors either sold or agreed to sell a portion of the shares and the cash received was remitted to the issuer in payment for the cash consideration of $8,000 which the issuer represented had already been paid by the officers and directors as part consideration for the issuance of the shares.

4. The offering circular was misleading in failing to disclose under "Use of Proceeds" and in the financial statements included therein that the issuer may have incurred a contingent liability under Section 12 of the Securities Act of 1933, as amended, in connection with the foregoing; and

B. Whether the use of said offering circular would and did operate as a fraud and deceit upon the purchasers.

C. Whether the order dated May 22, 1956, suspending the exemption under Regulation A with respect to York should be vacated or made permanent.

It is further ordered, That Maurice M. Miller or any officer or officers of the Commission designated by it for that purpose shall preside at the hearing, and any officer or officers so designated to preside at any such hearing are hereby authorized to exercise all of the powers granted to the Commission under sections 19 (b), 21 and 22 (c) of the Securities Act of 1933, as amended, and to hearing officers under the Commission's rules of practice.

It is further ordered, That the Secretary of the Commission shall serve a copy of this order, by registered mail, on York Oil and Uranium Company and Empire Securities Corporation, 311 South Main, Salt Lake City, Utah; that notice of the entering of this order shall be given to all other persons by general release of the Commission, and by publication in the FEDERAL REGISTER. Any person who desires to be heard or otherwise wishes to participate in such hearing shall file with the Secretary of the Commission on or before August 10, 1956, a request relative thereto as provided in Rule XVII of the Commission's rules of practice.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 56-6096; Filed, July 27, 1956; 8:46 a. m.]

UNITED STATES TARIFF COMMISSION

TARIFF COMMISSION REPORT TO THE PRESIDENT ON WATCH MOVEMENTS

JULY 25, 1956.

The Tariff Commission today submitted a report to the President on the developments in the trade in watch movements since the modification on July 27, 1954, of the trade-agreement concession thereon granted in the trade agreement with Switzerland signed January 9, 1936. This report was made pursuant to paragraph 1 of Executive Order 10401 of October 14, 1952 (17 F. R. 9125). That order prescribes procedures for the periodic review of escape-clause actions with a view to determining whether a concession that was modified or withdrawn may be restored in whole or in part without causing or threatening serious injury to the domestic industry concerned. The present report is the first report with respect to this matter under Executive Order 10401.

The Commission advised the President that the conditions of competition with respect to imported and domestic watch movements have not so changed during the past two years as to warrant the institution of a formal investigation under the provisions of paragraph 2 of Executive Order 10401.

Copies of the Commission's report are available upon request as long as the limited supply lasts. Requests should be addressed to the United States Tariff Commission, Eighth and E Streets NW., Washington 25, D. C.

INTERSTATE COMMERCE COMMISSION

FOURTH SECTION APPLICATIONS FOR RELIEF

JULY 25, 1956.

Protests to the granting of an application must be prepared in accordance with Rule 40 of the general rules of practice (49 CFR 1.40) and filed within 15 days from the date of publication of this notice in the FEDERAL REGISTER.

LONG-AND-SHORT HAUL

FSA No. 32410: *Starch—Illinois Territory to the South.* Filed by R. G. Raasch, Agent, for interested rail carriers. Rates on starch or dextrine, carloads from specified points in Illinois, Iowa, and Missouri to specified south Atlantic ports in Florida, Georgia, and South Carolina.

Grounds for relief: Market competition with imported tapioca, maintenance of port relations, and circuitous routes.

Tariffs: Supplement 12 to Agent R. G. Raasch's I. C. C. 855; Supplement 293 to Agent C. A. Spaningers I. C. C. 1062.

FSA No. 32411: *Lauan lumber—Memphis, Tenn., to Minnesota and Wisconsin.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on lauan lumber and related articles, carloads from Memphis, Tenn., to Minneapolis, St. Paul, Minn., Oshkosh and Fond du Lac, Wis.

Grounds for relief: Circuitous routes.

Tariff: Supplement 149 to Agent Spaninger's I. C. C. 1101.

FSA No. 32412: *Scrap or waste paper in Southern Territory.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on scrap or waste paper, carloads between points in southern territory.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 8 to Agent Spaninger's I. C. C. 1525.

FSA No. 32413: *Clay from and to points in Southern Territory.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on clay, kaolin, and pyrophyllite, carloads, from specified points in Alabama, Florida, Georgia, North Carolina and South Carolina to Franconia, Va., and Port Tampa, Fla.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 39 to Agent Spaninger's I. C. C. 1491.

FSA No. 32414: *Fuller's earth—Florida to Georgia.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on fuller's earth, carloads from Jamieson, Magnet Cove, and Quincy, Fla., to McIntyre and Warner Robins, Ga.

Grounds for relief: Short-line distance formula and circuitous routes-market competition.

Tariff: Supplement 39 to Agent Spaninger's I. C. C. 1491.

FSA No. 32415: *Fuller's earth—Florida and Georgia to Johnson City, Tenn.* Filed by O. W. South, Jr., Agent for interested rail carriers. Rates on fuller's earth, carloads from Jamieson, Magnet Cove and Quincy, Fla., Attapulgus, Quality, Roddenbery and Faceville, Ga., to Johnson City, Tenn.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 39 to Agent Spaninger's I. C. C. 1491.

FSA No. 32416: *Fuller's earth—Florida to New Orleans, La.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on fuller's earth, carloads, from Jamieson, Magnet Cove, and Quincy, Fla., to New Orleans, La.

Grounds for relief: Circuitous routes.

Tariff: Supplement 39 to Agent Spaninger's I. C. C. 1491.

FSA No. 32417: *Fuller's earth—Florida and Georgia to Ironton, Ohio.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on fuller's earth, carloads, from Jamieson, Magnet Cove, Quincy, Fla., Attapulgus, Faceville, Quality, and Roddenbery, Ga., to Ironton, Ohio.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 39 to Agent Spaninger's I. C. C. 1491.

FSA No. 32418: *Peaches—Allendale, S. C., group to the East.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on peaches, carloads from Allendale, S. C., and points grouped with and taking same rates to specified points in trunk-line and New England territories.

Grounds for relief: Short-line distance formula, market competition and circuitous routes.

Tariff: Supplement 31 to Agent Spaninger's I. C. C. 1277.

FSA No. 32419: *Scrap iron or steel—Louisville, Ky., to Ohio.* Filed by H. R. Hinsch, Agent, for interested rail carriers. Rates on scrap iron or steel (not copper clad), scraps or pieces of iron or steel having value for remelting purposes only, carloads, from Louisville, Ky., to New Boston and Portsmouth, Ohio.

Grounds for relief: Barge competition and circuitous routes.

Tariffs: Supplement 41 to Agent H. R. Hinsch's I. C. C. 4251; Supplement 16 to Chesapeake and Ohio, I. C. C. 13435.

FSA No. 32420: *Canned foodstuffs—Pacific Coast to Alabama.* Filed by W. J. Prueter, Agent, for interested rail carriers. Rates on canned or preserved foodstuffs, carloads from points on or near the Pacific coast taking origin rate basis No. 1 or 4 in Agent Prueter's schedule listed below, to Boyleston, Madison Park, and Montgomery, Ala.

Grounds for relief: Circuitous routes.

Tariff: Supplement 23 to Agent Prueter's tariff I. C. C. 1574.

FSA No. 32421: *Beer—San Antonio, Tex., to Amarillo, Tex.* Filed by J. F. Brown, Agent, for interested rail carriers. Rates on beer, carloads, from San Antonio, Tex., to Amarillo, Tex.

Grounds for relief: Texas intrastate competition and circuitous routes.

Tariff: Supplement 26 to Agent Brown's tariff I. C. C. 865.

FSA No. 32423: *Substituted service—Motor-rail-motor—C. G. W. Railway.* Filed by Middlewest Motor Freight Bureau, Agent, for interested motor carriers and the Chicago Great Western Railway Company. Rates on freight loads in highway trailers transported on railroad flat cars between Chicago, Ill., and Kansas City, Mo., and between Chicago and St. Paul, Minn.

Grounds for relief: Motor-truck competition.

Tariff: Supplement 37 to Middlewest Motor Freight Bureau, Agent, MF-I. C. C. No. 223.

AGGREGATE-OF-INTERMEDIATES

FSA No. 32422: *Beer—San Antonio, Tex., to Amarillo, Tex.* Filed by J. F. Brown, Agent, for interested rail carriers. Rates on beer, carloads from San Antonio, Tex., to Amarillo, Tex.

Grounds for relief: Maintenance of depressed rates between above points restricted not to apply in constructing combination rates.

Tariff: Supplement 26 to Agent Brown's I. C. C. 865.

By the Commission.

[SEAL] HAROLD D. MCCOY, *Secretary.*

[F. R. Doc. 56-6091; Filed, July 27, 1956; 8:45 a. m.]

$7,000 to Greenfire Uranium Corporation in consideration for the transfer of certain unpatented mining lode claims; and the offering circular failed to describe these claims as required by Rule 219 (c) (1).

2. Item 3 (a) of the notification and the offering circular under the heading "Material Transactions" were false and misleading in representing that 767,000 shares of stock had been issued to Earl E. Fehr as part payment of the contract of purchase of the Whiskers Draw Claims and the North Barker Dome-Red Mesa area oil and gas lease rights and in failing to disclose that in selling such properties, Fehr was acting for himself and others and part of the stock issued to him was accepted for others; and the offering circular was also false and misleading in failing to disclose that on or about January 3, 1956, said contract was renegotiated whereby 1,000,000 shares of stock of the issuer were acquired instead of the 767,000 shares.

3. Item 3 (b) of the notification and the offering circular under the heading "Material Transactions" were false and misleading in representing that none of the 3,310,000 shares of common stock issued to officers and directors of the issuer has been transferred and that the stock is still held by them, in view of the fact that the officers and directors either sold or agreed to sell a portion of the shares and the cash received was remitted to the issuer in payment for the cash consideration of $8,000 which the issuer represented had already been paid by the officers and directors as part consideration for the issuance of the shares.

4. The offering circular was misleading in failing to disclose under "Use of Proceeds" and in the financial statements included therein that the issuer may have incurred a contingent liability under Section 12 of the Securities Act of 1933, as amended, in connection with the foregoing; and

B. Whether the use of said offering circular would and did operate as a fraud and deceit upon the purchasers.

C. Whether the order dated May 22, 1956, suspending the exemption under Regulation A with respect to York should be vacated or made permanent.

It is further ordered, That Maurice M. Miller or any officer or officers of the Commission designated by it for that purpose shall preside at the hearing, and any officer or officers so designated to preside at any such hearing are hereby authorized to exercise all of the powers granted to the Commission under sections 19 (b), 21 and 22 (c) of the Securities Act of 1933, as amended, and to hearing officers under the Commission's rules of practice.

It is further ordered, That the Secretary of the Commission shall serve a copy of this order, by registered mail, on York Oil and Uranium Company and Empire Securities Corporation, 311 South Main, Salt Lake City, Utah; that notice of the entering of this order shall be given to all other persons by general release of the Commission, and by publication in the FEDERAL REGISTER. Any person who desires to be heard or otherwise wishes to participate in such hearing shall file with the Secretary of the Commission on or before August 10, 1956, a request relative thereto as provided in Rule XVII of the Commission's rules of practice.

By the Commission.

PART 29—RETIREMENT

EXEMPTING CERTAIN OFFICERS AND EMPLOYEES IN EXECUTIVE BRANCH OF GOVERNMENT FROM AUTOMATIC SEPARATION FROM SERVICE

Whereas in the judgment of the United States Civil Service Commission, the public interest requires that certain officers and employees of the Executive branch of the Government be exempted from automatic separation from the service:

Now, therefore, under authority vested in the President by section 204 of the Act of June 30, 1932, and delegated to the United States Civil Service Commission by Executive Order 10530 dated May 10, 1954, it is hereby ordered that:

All officers and employees in the Executive branch of the Government, except Presidential appointees, subject to the Civil Service Retirement Act who reach the retirement age prescribed for automatic separation from the service between July 1, 1956, and September 30, 1956, both dates inclusive, and are not now exempted therefrom, are hereby exempted from automatic separation from the service until October 31, 1956.

(Sec. 17, 46 Stat. 478, as amended; 5 U. S. C. 709. Interprets or applies sec. 4, 41 Stat. 616, as amended; 5 U. S. C. 709. E. O. 10530, 19 F. R. 2709, 3 CFR, 1954 Supp.)

TITLE 7—AGRICULTURE

Chapter VIII—Commodity Stabilization Service (Sugar), Department of Agriculture

Subchapter B—Sugar Requirements and Quotas

[Sugar Reg. 811, Amdt. 3]

PART 811—CONTINENTAL SUGAR REQUIREMENTS AND AREA QUOTAS

MISCELLANEOUS AMENDMENTS

Basis and purpose. The purpose of Sugar Regulation 811 is to determine, pursuant to section 201 of the Sugar Act of 1948, as amended (hereinafter called the "act"), the amount of sugar needed to meet the requirements of consumers in the continental United States for the calendar year 1956 and to establish, pursuant to sections 202, 204 and 411 of the act, sugar quotas for the supplying areas in terms of short tons of sugar, raw value, equal to the quantity determined by the Secretary of Agriculture to be needed in 1956. This regulation also establishes pursuant to section 207 the quantity of quota that may be filled by direct-consumption sugar and pursuant to section 208, quotas of liquid sugar which may be entered into the continental United States.

The act requires that the Secretary shall revise the determination of sugar requirements at such times during the calendar year as may be necessary. It now appears that an increase in the requirements for the calendar year 1956 is necessary. The purpose of this amendment is to make such determination conform to the requirements indicated on the basis of the factors

specified in section 201 of the act and to establish quotas in accordance with the provisions of the recently amended act, and to give effect to such quotas.

The quotas established herein differ from those in effect under Sugar Regulation 811, Amendment 2 (21 F. R. 4653). To permit areas for which larger quotas or prorations are hereby established to plan to market in an orderly manner the larger quantity of sugar, it is essential that this amendment be made effective immediately. Therefore, it is hereby determined and found that compliance with the notice, procedure and effective date requirements of the Administrative Procedure Act (60 Stat. 237; 5 U. S. C. 1001), is impracticable, unnecessary and contrary to the public interest. The amendments made herein shall become effective upon publication in the FEDERAL REGISTER.

By virtue of the authority vested in the Secretary of Agriculture by the Sugar Act of 1948, as amended (61 Stat. 922, 65 Stat. 318, 7 U. S. C. 1100, Public Law 545, 84th Congress), and the Administrative Procedure Act (60 Stat. 237), §§ 811.80, 811.81, 811.82, 811.84 (a) and 811.85 (b) (1) of Sugar Regulation 811, as amended (20 F. R. 9848; 21 F. R. 2805, 4653, are further amended to read as hereinafter set forth.

1. Section 811.80 is amended to read:

§ 811.80 *Sugar requirements, 1956.* The amount of sugar needed to meet the requirements of consumers in the continental United States for the calendar year 1956 is hereby determined to be 8,625,000 short tons, raw value.

2. Section 811.81 is amended to read:

§ 811.81 *Basic quotas for domestic areas.* There are hereby established, pursuant to subsection (a) of section 202 of the act, for domestic sugar producing areas for the calendar year 1956 the following quotas:

Area:	*Quotas in terms of short tons, raw value*
Domestic beet sugar	1,877,894
Mainland cane sugar	573,356
Hawaii	1,052,000
Puerto Rico	1,080,000
Virgin Islands	12,000

3. Section 811.82 is amended to read:

§ 811.82 *Basic quotas for other areas.* There are hereby established, pursuant to subsections (b) and (c) of section 202 of the act, for foreign countries for the calendar year 1956, the following quotas:

Area:	*Quotas in terms of short tons, raw value*
Republic of the Philippines	980,000
Cuba	2,927,760
Other foreign countries	121,990

4. Paragraph (a) of § 811.84 is amended to read as follows:

§ 811.84 *Proration of quotas for foreign countries other than Cuba and the Republic of the Philippines*—(a) *Prorations.* Pursuant to subsection (c) of section 202 of the act the 1956 quota for foreign countries other than Cuba and the Republic of the Philippines is hereby prorated, as adjusted to the extent required by section 411 of the act, as follows:

Country:	*Prorations as adjusted short tons, raw value*
Dominican Republic	34,441
El Salvador	4,141
Haiti	3,333
Mexico	14,281
Nicaragua	7,823
Peru	51,871
Unspecified countries	6,100
Total	121,990

5. Paragraph (b) (1) of § 811.85 is amended to read as follows:

§ 811.85 *Direct-consumption portion of quotas or prorations.* * * *

(b) *Other areas.* (1) Pursuant to subsections (d), (e) and (h) of section 207 of the act, the quotas established in § 811.82 for the following listed areas may be filled by direct-consumption sugar not in excess of the following amount for each such area:

Area:	*Direct-consumption sugar short tons, raw value*
Republic of the Philippines	59,920
Cuba	375,000
Other foreign countries	41,477

Statement of bases and considerations—Requirements. Under the Sugar Act, as amended, as then in effect, sugar requirements and quotas for 1956 were established in December 1955, totaling 8,350,000 short tons, raw value. This total was increased to 8,450,000 on May 1, 1956. On May 29, 1956, the quota provisions of the act were amended by Public Law 545, 84th Congress. On June 22, 1956, the total of the quotas was increased to 8,575,000 short tons, raw value, and distributed among the various areas and countries as provided for in the newly amended act.

Since June 22, when the consumption requirements (total quotas) were increased to 8,575,000 tons, the New York price of duty paid, raw sugar has risen from 6.02 cents per pound to 6.15 cents per pound. This increase in price reflects a limitation in currently available supplies of raw sugar for Gulf and East Coast refineries.

Sugar distribution for the year through July 14 amounted to 168,000 tons more than that for the corresponding period last year. The increase in total domestic distribution for the year to date approximates the increase of 175,000 tons in the determination of June 22 over the final total quotas for 1955. However, major changes have occurred in the size of the individual quotas, in distribution from the several areas and in remaining quota supplies.

Combined charges against all quotas for the first six months of 1956 amounted to 4,631,000 tons, an increase of 404,000 tons over the corresponding period of last year. The unfilled quota supplies on June 30 this year amounted to 229,000 tons less then quota charges for the second half of 1955.

During the first six months, marketings of beet processors fell 82,000 tons below those of last year despite the larger beet quota. As a result, beet processors on July 1 had an unfilled quota of 149,000 tons more than their actual marketings in the second half of 1955. As a result of the smaller marketings of beet processors, especially in the North Central States, and of the larger total distribution, greater inroads have been made in supplies of cane sugar.

Marketings of mainland cane sugar during the first half of the year were higher than in 1955 by about as much as the increase made in the mainland marketing quota. Receipts of Hawaiian sugar increased during the first half of this year but there was also a replenishment of stocks which were seriously depleted during the strike period a year ago.

The major change in the supply situation has been the reduction in the quantities remaining to be marketed under quotas after July 1 from the foreign and off-shore areas supplying the Gulf and East Coast. As of July 1, 1956, the unfilled quota balance for Cuba was 208,000 tons below final quota charges for the last half of 1955; the unfilled balance for the Philippines was 70,000 tons lower; and the unfilled balance for Puerto Rico was 44,000 tons lower. The only increase in such remaining quota supplies was that of 16,000 tons for the full duty countries.

Disregarding the change in the Hawaiian situation, the unfilled quota balances as of July 1, 1956, for the foreign and off-shore areas supplying the Gulf and East Coast markets totaled 306,000 tons less than actual quota charges from those areas during the second half of 1955.

The new sugar legislation provides for major changes in the source of sugar supplies. This may require a revision in marketing practices in the various areas. Until the new marketing patterns become more apparent and dependable, temporary and local shortages and surpluses may develop regardless of the overall balance between supplies and requirements for the year. Naturally, if an area fails to fill its quota or markets sugar in a manner that will diminish its effectiveness in meeting consumer requirements for the year, it will be necessary to provide additional supplies from other areas.

The present action increasing total quotas by 50,000 tons will increase the supply from foreign areas by 22,500 tons, the supply from the beet area by approximately 14,200 tons and the supply from the mainland cane area approximately 13,300 tons. Presumably all of the foreign sugar and part of the supplies from the mainland cane and beet areas could become available promptly. There will be a tendency, however, for some of the increased quotas for the mainland cane and beet areas to be filled only after new-crop supplies become available.

It is believed that this determination of 8,625,000 tons will provide a supply of sugar that will fairly and equitably protect the interests of the domestic producers and consumers.

Quotas. To give effect to the increase in total sugar requirements made effective by this order, amendments have been made to §§ 811.80, 811.81, 811.82, 811.84 and 811.85 of Sugar Regulaton 811, pursuant to the respective sections of the act referred to in each of the sections of the regulation. These amendments to the regulation make the following changes: (1) The quotas for domestic areas are increased by 27,500 tons to a total of 4,595,250 tons, with the increase divided 51.5 percent to the Domestic Beet Sugar Area and 48.5 percent to the Mainland Cane Sugar Area; (2) the quotas for foreign countries other than the Republic of the Philippines are increased by 22,500 tons to 3,049,750 tons which is distributed among such foreign countries as provided in sections 202 (c) and 411 of the amended act; (3) the total direct-consumption portion of the quota for foreign countries other than Cuba and the Republic of the Philippines is increased by 306 tons.

(Sec. 403, 61 Stat. 932; 7 U. S. C. 1153)

Done at Washington, D. C., this 26th day of July 1956. Witness my hand and the seal of the Department of Agriculture.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Plum Order 24]

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 936.549 *Plum Order 24*—(a) *Findings.* (1) Pursuant to the marketing

agreement, as amended, and Order No. 36, as amended (7 CFR Part 936), regulating the handling of fresh Bartlett pears, plums, and Elberta peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the variety hereinafter set forth, and in the manner herein provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than July 31, 1956. A reasonable determination as to the supply of, and the demand for, such plums must await the development of the crop thereof, and adequate information thereon was not available to the Plum Commodity Committee until July 26, 1956; recommendation as to the need for, and the extent of, regulation of shipments of such plums was made at the meeting of said committee on July 26, 1956, after consideration of all available information relative to the supply and demand conditions for such plums, at which time the recommendation and supporting information were submitted to the Department; shipments of the current crop of such plums are now being made and this regulation, insofar as possible, should be applicable to all such shipments in order to effectuate the declared policy of the act; and compliance with the provisions of this regulation will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., July 31, 1956, and ending at 12:01 a. m., P. s. t., November 1, 1956, no shipper shall ship any package or container of Giant plums unless such plums grade at least U. S. No. 1; and

(i) If the plums are packed in a standard basket, they are of a size not smaller than a size that will pack a 5 x 5 standard pack;

(ii) If the plums are packed in a special plum box, they are of a size not smaller than a size that will pack a 7½-row standard pack;

(iii) If the plums are packed in any container other than a standard basket or special plum box, ninety (90) percent, by count, of the plums measure 1$^{5}/_{16}$ inches in diameter and of the remainder of the plums none measures less than 1$^{5}/_{16}$ inches in diameter: *Provided*, That no lot of plums shall be considered as failing to meet this requirement if one package of such plums contains not more than one (1) percent, by count, of plums that are smaller than 1$^{5}/_{16}$ inches in diameter; and

(iv) The diameters of the smallest and largest plums in the package or container do not vary more than one-fourth inch: *Provided*, That, a total of not more than five (5) percent, by count, of the plums in the package or container may fail to meet this requirement.

(2) Section 936.143 sets forth the requirements with respect to the inspection and certification of shipments of fruit covered by this section. Such section also prescribes the conditions which must be met if any shipment is to be made without prior inspection and certification. Notwithstanding that shipments may be made without inspection and certification, each shipper shall comply with all grade and size regulations applicable to the respective shipment.

(3) As used in this section, "U. S. No. 1," "fairly uniform in size," "diameter," and "standard pack" shall have the same meaning as set forth in the revised United States Standards for plums and prunes (fresh) (§§ 51.1520 to 51.1530 of this title); "standard basket" shall mean the standard basket set forth in paragraph 1 of section 828.1 of the Agricultural Code of California; "special plum box" shall mean the special plum box set forth in section 828.15 of the Agricultural Code of California; "7½-row standard pack" shall mean that the top layer of the pack contains 56 plums which are fairly uniform in size, and the plums in the top layer are not superior in size to those in the remainder of the pack; and, except as otherwise specified, all other terms shall have the same meaning as when used in the amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: July 27, 1956.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 936.551 *Plum Order 26*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 36, as amended (7 CFR Part 936), regulating the handling of fresh Bartlett pears, plums, and Elberta peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the variety hereinafter set forth, and in the manner herein provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than July 31, 1956. A reasonable determination as to the supply of, and the demand for, such plums must await the development of the crop thereof, and adequate information thereon was not available to the Plum Commodity Committee until July 26, 1956, recommendation as to the need for, and the extent of, regulation of shipments of such plums was made at the meeting of said committee on July 26, 1956, after consideration of all available information relative to the supply and demand conditions for such plums, at which time the recommendation and supporting information was submitted to the Department; shipments of the current crop of such plums are expected to begin on or about August 2, 1956; this regulation should be applicable to all such shipments in order to effectuate the declared policy of the act; and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., July 31, 1956, and ending at 12:01 a. m., P. s. t., November 1, 1956, no shipper shall ship any package or container of Late Duarte plums unless such plums grade at least U. S. No. 1; and

(i) If the plums are packed in a standard basket, they are of a size not smaller than a size that will pack a 4 x 5 standard pack;

(ii) If the plums are packed in a special plum box, they are of a size not smaller than a size that will pack a 7-row standard pack;

(iii) If the plums are packed in any container other than a standard basket or special plum box, ninety (90) percent, by count, of the plums measure 1$^{9}/_{16}$ inches in diameter and of the remainder of the plums none measures less than 1$^{7}/_{16}$ inches in diameter; *Provided*, That, no lot of plums shall be considered as failing to meet this requirement if one package of such plums contains not more than one (1) percent, by count, of plums that are smaller than 1$^{7}/_{16}$ inches in diameter; and

(iv) The diameters of the smallest and largest plums in the package or container do not vary more than one-fourth inch: *Provided*, That, a total of not more than five (5) percent, by count, of the plums in the package or container may fail to meet this requirement.

(2) Section 936.143 sets forth the requirements with respect to the inspection and certification of shipments of fruit covered by this section. Such section also prescribes the conditions which must be met if any shipment is to be made without prior inspection and certification. Notwithstanding that shipments may be made without inspection and certification, each shipper shall comply with all grade and size regulations applicable to the respective shipment.

(3) As used in this section, "U. S. No. 1," "fairly uniform in size," "diameter," and "standard pack" shall have the same meaning as set forth in the revised United States Standards for plums and prunes (fresh) (§§ 51.1520 to 51.1530 of this title); "standard basket" shall mean the standard basket set forth in paragraph 1 of section 828.1 of the Agricultural Code of California; "special plum box" shall mean the special plum box set forth in section 828.15 of the Agricultural Code of California; "7-row standard pack" shall mean that the top layer of the pack contains 52 plums which are fairly uniform in size and the plums in the top layer are not superior in size to those in the remainder of the pack; and, except as otherwise specified, all other terms shall have the same meaning as when used in the amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: July 27, 1956.

Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[F. R. Doc. 56-6183; Filed, July 30, 1956; 8:54 a. m.]

PART 943—MILK IN NORTH TEXAS MARKETING AREA

ORDER AMENDING ORDER, AS AMENDED

§ 943.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and each of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the North Texas marketing area. Upon the

basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions of said order, as amended, and as hereby further amended, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk produced for sale in the said marketing area as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply and demand for such milk, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activity specified in, a marketing agreement upon which a hearing has been held.

(b) *Additional findings.* It is necessary in the public interest to make this order amending the order, as amended, effective not later than August 1, 1956. Any delay beyond that date will seriously threaten the orderly marketing of milk in the North Texas marketing area.

The provisions of the said order are known to handlers. The decision of the Assistant Secretary containing all amendment provisions of this order was issued July 23, 1956. The changes effected by this order will not require extensive preparation or substantial alteration in method of operation for handlers. In view of the foregoing, it is hereby found and determined that good cause exists for making this order amending the order, as amended, effective August 1, 1956, and that it would be contrary to the public interest to delay the effective date of this amendment for 30 days after its publication in the FEDERAL REGISTER. (See sec. 4 (c), Administrative Procedure Act, 5 U. S. C. 1001 et seq.).

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing or shipping milk covered by this order, amending the order, as amended, which is marketed within the North Texas marketing area) or more than 50 percent of the milk which is marketed within the said marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area, and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of the order amending the order, as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order amending the order, as amended, is approved or favored by at least two-thirds of the producers who, during the determined representative period (May 1956), were engaged in the production of milk for sale in the said marketing area.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof, the handling of milk in the North Texas marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, as follows:

Delete § 943.51 (a) (3) and substitute therefor the following:

(3) From the effective date hereof through October 1956 the supply-demand adjustment applicable to the price for Class I milk shall be not less than plus 29 cents.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Issued at Washington, D. C., this 26th day of July 1956, to be effective on and after August 1, 1956.

[SEAL] EARL L. BUTZ,
Assistant Secretary.

[F. R. Doc. 56-6158; Filed, July 30, 1956; 8:51 a. m.]

PART 973—MILK IN MINNEAPOLIS-ST. PAUL, MINNESOTA, MARKETING AREA

ORDER AMENDING ORDER, AS AMENDED

§ 973.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of each of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Minneapolis-St. Paul, Minnesota, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the orders, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

(b) *Additional findings.* It is necessary in the public interest to make this order amending the order, as amended, effective not later than August 1, 1956. Since this amendment effects certain changes in the base rules, it is necessary to make this order amending the order, as amended, effective on August 1, 1956, the date on which the base-forming period begins. The changes effected by this order amending the order, as amended, do not require of persons affected substantial or extensive preparation prior to the effective date. In view of the foregoing, it is found that good cause exists for making this order effective August 1, 1956 (see sec. 4 (c) Administrative Procedure Act, 5 U. S. C. 1003 (c)).

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing or shipping milk covered by this order amending the order, as amended, which is marketed within the Minneapolis-St. Paul, Minnesota, marketing area) of more than 50 percent of the milk which is marketed within the said marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area, and it is hereby further determined that

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order amending the order, as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order amending the order, as amended, is approved or favored by at least two-thirds of the producers who, during the determined representative period (May 1956) were engaged in the production of milk for sale in the said marketing area.

Order relative to handling. It is therefore ordered that on and after the effective date hereof the handling of milk in the Minneapolis-St. Paul, Minnesota, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order, as amended, is hereby further amended as follows:

1. Amend § 973.17 by deleting the words "on which the milk was produced" at the end of said section.

2. Amend § 973.75 to read as follows:

§ 973.75 *Determination of base for each producer.* (a) Any producer who delivers milk to a pool plant during the delivery periods of July, August, September and October shall have a daily base computed by the market administrator to be applicable during the following January through June equal to the total pounds of milk delivered in the four-month period divided by the number of days of production represented by such deliveries during such period but not less than 90: *Provided,* That for the year 1956 such base-forming period shall be the delivery periods of August, September and October and the base of a producer shall be determined by dividing his total deliveries during such three-month period by the number of days of production represented by such deliveries but not less than 78, and

(b) Any producer not eligible to receive a base pursuant to the provisions of paragraph (a) of this section shall have a base for each of the months of January through June equal to 30 percent of such producer's deliveries to a pool plant during such month.

3. Delete § 973.76 and substitute therefor the following:

§ 973.76 *Establishing new bases.* Any producer for whom a base has been established pursuant to § 973.75 (a) may relinquish such base for the following base-paying period by notifying the market administrator prior to December 31. The daily base of such producer shall then be determined pursuant to § 973.75 (b).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Issued at Washington, D. C., this 26th day of July 1956, to be effective on and after the 1st day of August 1956.

[SEAL] EARL L. BUTZ,
Assistant Secretary.

[F. R. Doc. 56-6160; Filed, July 30, 1956; 8:52 a. m.]

PART 1002—MILK IN GREATER WHEELING, WEST VIRGINIA, MARKETING AREA

ORDER SUSPENDING CERTAIN PROVISIONS

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), hereinafter referred to as the "act", and of the order, as amended (7 CFR Part 1002), regulating the handling of milk in the Greater Wheeling, West Virginia, marketing area, hereinafter referred to as the "order", it is hereby found and determined that:

(a) The provision "application to the market administrator and a subsequent" of § 1002.61, and the provision "unless a greater volume of Class I milk is disposed of from such plant to retail or wholesale outlets (except pool plants or nonpool plants) in the Greater Wheeling marketing area than in the marketing area regulated pursuant to such order;" of § 1002.61 (a), will not tend to effectuate the declared policy of the act for the period from August 1, 1956, until further notice. These provisions prohibit the determination by the Secretary that a plant regulated under another Federal order shall be considered a nonpool plant under the Greater Wheeling order if a greater volume of Class I milk is disposed of to retail or wholesale outlets in the Greater Wheeling area than in the marketing area pursuant to such other order, or if the handler does not request regulation under the other order. These limitations on the discretion of the Secretary to determine that a plant otherwise subject to both the Greater Wheeling and the Cleveland Federal milk orders shall be regulated under the Cleveland order, will jeopardize the interests of certain dairy farmers who are producers under the Cleveland order. These dairy farmers deliver milk to a plant currently a pool plant under the Cleveland order which is operated by their cooperative association. This plant is the sole supply of another plant which sells Class I milk in both the Cleveland and Greater Wheeling marketing areas, the volume of these sales in the Greater Wheeling marketing area being larger than in the Cleveland marketing area. If the latter plant is regulated as a pool plant under this order, the handler operating it will be relieved of the obligation currently imposed on him under the Cleveland order to pay minimum prices of that order to the cooperative association which supplies him with milk, and the pool plant status of the cooperative plant under the Cleveland order might be lost without such plant qualifying as a Greater Wheeling pool plant. Such a situation would create confusion among the dairy farmers supplying the cooperative plant with respect to their status under the Cleveland order. It is necessary that the above described limitations on the discretion of the Secretary be removed in order to avoid these results. It is found, therefore, that the provisions of the Greater Wheeling order cited herein, specifically the provisions "application to the market administrator and a subsequent" of § 1002.61 and the provision "unless a greater volume of Class I milk is disposed of from such plant to retail or wholesale outlets (except pool plants or nonpool plants) in the Greater Wheeling marketing area than in the marketing area regulated pursuant to such order;" of § 1002.61 (a) should be suspended for the period from August 1, 1956, until further notice.

(b) Notice of proposed rule making, public procedure thereon, and 30 days notice of the effective date hereof, are found to be impracticable, unnecessary, and contrary to the public interest for reasons stated under (a) above and in that:

1. The information upon which this action is based did not become available in time sufficient for such compliance;

2. This suspension order would remove the requirement that the Secretary's determination of which Federal order shall regulate a plant otherwise subject to the Greater Wheeling order and another Federal milk order must be made solely on the basis of the proportion of Class I milk disposed of in the respective markets;

3. This suspension order follows a specific request by the handler who will be immediately affected thereby. The handler requests that action to keep him subject to the Cleveland order rather than to the Greater Wheeling order be made effective as of August 1, 1956; and

4. This action is necessary to facilitate and maintain the orderly marketing of milk between regulated markets.

It is therefore ordered, That the provision "application to the market administrator and a subsequent" of § 1002.61, and the provision "unless a greater volume of Class I milk is disposed of from such plant to retail or wholesale outlets (except pool plants or nonpool plants) in the Greater Wheeling marketing area regulated pursuant to such order;" of § 1002.61 (a) be and hereby are suspended during the period August 1, 1956 until further notice.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Done at Washington, D. C., this 26th day of July 1956, to be effective as of August 1, 1956.

[SEAL] EARL L. BUTZ,
Assistant Secretary.

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 6435]

PART 13—DIGEST OF CEASE AND DESIST ORDERS

RAVEL PERFUME CORP. ET AL.

Subpart—*Advertising falsely or misleadingly:* § 13.15 *Business status, advantages, or connections:* Producer status of dealer or seller: *Manufacturer;* § 13.155 *Prices:* Exaggerated as regular and customary; § 13.235 *Source or origin:* Place: *Domestic product as imported.* Subpart—*Misbranding or mislabeling:* § 13.1280 *Price;* § 13.1325 *Source or origin:* Place: *Domestic product as imported.* Subpart—*Misrepresenting oneself and goods*—Business status, advantages or connections: § 13.1530 *Producer status of dealer;* [*Misrepresenting oneself and goods*]—Prices: § 13.1805 *Exaggerated as regular and customary.*

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Ravel Perfume Corp. (New York City) et al., Docket 6435, July 21, 1956]

In the Matter of Ravel Perfume Corporation, a Corporation; Merchandise Purchasing Corporation, a Corporation; and Harry Swanson and Louis D. Maurer, Individually and as Officers of Said Corporations

This proceeding was heard by a hearing examiner on the complaint of the Commission—charging two corporations

and their common officers, with offices in New York City and Rego Park, Long Island, with ticketing their perfumes, colognes, and toilet waters and containers thereof with fictitious prices, publishing advertisements showing excessive amounts as the usual prices of certain of their products, furnishing facsimiles of newspaper advertisements to dealers which represented falsely that various retail stores were currently selling their products at the prices set out; representing in advertising and on certain products and their cartons that the products were compounded in France and that the essences used in compounding them were imported; and charging one of said corporations and its officers with misleading use of the word "Manufacturers" on advertising circulars and invoices—and an agreement between counsel containing a consent order to cease and desist.

On this basis the hearing examiner made his initial decision, including order to cease and desist, which by order of June 29 became on July 21 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondents Ravel Perfume Corporation, a corporation, Merchandise Purchasing Corporation, a corporation, and their officers, and Harry Swanson and Louis D. Maurer, individually and as officers of said corporations, their agents, representatives and employees, directly or through any corporate or other device, in connection with the sale, offering for sale, sale and distribution of perfumes, colognes, toilet waters and allied products, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Representing on price tags attached to their products, in advertisements or in any other manner that certain amounts are the regular and usual retail prices of their products when such amounts are in excess of the prices at which said products are usually and customarily sold at retail;

2. Representing in any manner or furnishing to their dealers any means or instrumentality by and through which said dealers may represent that their products, or any of them, are currently being displayed or sold by any specified store or class of stores at any designated prices, when such is not the fact;

3. Using the words or terms "The Favorite of Fashionable Paris", "As French as the Champs Elysee", "Design Created in Paris", or any other terms indicative of France, in advertising products not compounded in France; or otherwise representing, directly or by implication, that such products are compounded in or imported from France;

4. Using the words "La Vie en Rose", or any other words indicating French origin, as brand or trade names for perfumes, colognes or toilet water compounded in the United States, without clearly and conspicuously stating, in immediate connection and conjunction therewith, that such products are compounded in the United States;

5. Representing that said products contain imported essences unless it is clearly and conspicuously disclosed in immediate connection therewith that not all of the essences are so imported, when such is the fact.

It is further ordered, That respondent Ravel Perfume Corporation, a corporation, and Harry Swanson and Louis D. Maurer, individually and as officers of said corporation, their agents, representatives and employees, directly or through any corporate or other device, in connection with the sale, offering for sale, sale and distribution of perfumes, colognes and other products, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from: Representing that they manufacture the products sold by them, when such is not the fact.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That respondents Ravel Perfume Corporation, a corporation; Merchandise Purchasing Corporation, a corporation; and Harry Swanson and Louis D. Maurer, individually and as officers of said corporations, shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: June 29, 1956.

By the Commission.

[SEAL] ROBERT M. PARRISH, *Secretary.*

[F. R. Doc. 56-6152; Filed, July 30, 1956; 8:50 a. m.]

[Docket 6517]

PART 13—DIGEST OF CEASE AND DESIST ORDERS

SATTLER'S, INC.

Subpart—*Advertising falsely or misleadingly:* § 13.30 *Composition of goods:* Fur Products Labeling Act; § 13.135 *Nature:* Product or service; § 13.155 *Prices:* Comparative; § 13.285 *Value.* Subpart—*Misbranding or mislabeling:* § 13.1190 *Composition:* Fur Products Labeling Act; § 13.1212 *Formal regulatory and statutory requirements:* Fur Products Labeling Act; § 13.1260 *Nature.* Subpart—*Neglecting, unfairly or deceptively, to make material disclosure:* § 13.1845 *Composition:* Fur Products Labeling Act; § 13.1852 *Formal regulatory and statutory requirements:* Fur Products Labeling Act; § 13.1870 *Nature:* Fur Products Labeling Act.

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; Sec. 8, 65 Stat. 179; 15 U. S. C. 45, 69f) [Cease and desist order, Sattler's, Inc., Buffalo, N. Y., Docket 6517, July 18, 1956]

This proceeding was heard by a hearing examiner on the complaint of the Commission—charging a Buffalo corporation with violating the Fur Products Labeling Act by failing to label the fur products it sold and to include on labels information as required by the act; by advertisements in newspapers which failed to name the animals producing particular furs and which misrepresented savings and values possible to purchasers; and by failing to maintain adequate records on which such purported savings and values were based—and an agreement containing consent order to cease and desist.

On this basis, the hearing examiner made his initial decision, including order to cease and desist, which, by order of June 29, became, on July 18, the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That Respondent, Sattler's, Inc., a corporation, and its officers, representatives, agents and employees, directly or through any corporate or other device, in connection with the introduction into commerce, or the sale, advertising, or offering for sale in commerce, or the transportation or distribution in commerce, of any fur product, or in connection with the sale, advertising, offering for sale, transportation, or distribution of any fur product which has been made in whole or in part of fur which had been shipped and received in commerce, as "commerce", "fur", and "fur product" are defined in the Fur Products Labeling Act, do forthwith cease and desist from:

A. Misbranding fur products by:

1. Falsely or deceptively labeling or otherwise identifying any such product as to the name or names of the animal or animals that produced the fur from which such product was manufactured;

2. Failing to affix labels to fur products showing: (a) The name or names of the animal or animals producing the fur or furs contained in the fur product as set forth in the Fur Products Name Guide and as prescribed under the rules and regulations;

(b) That the fur product contains or is composed of used fur, when such is a fact;

(c) That the fur product contains or is composed of bleached, dyed or otherwise artificially colored fur, when such is a fact;

(d) That the fur product is composed in whole or in substantial part of paws, tails, bellies, or waste fur, when such is a fact;

(e) The name, or other identification issued and registered by the Commission, of one or more persons who manufactured such fur product for introduction into commerce, introduced it into commerce, sold it in commerce, advertised or offered it for sale in commerce, or transported or distributed it in commerce;

(f) The name of the country of origin of any imported furs used in the fur product;

3. Setting forth on labels attached to fur products:

(a) Required information in abbreviated form or in handwriting;

(b) Nonrequired information mingled with required information;

B. Falsely or deceptively advertising fur products, through the use of any advertisement, representation, public announcement, or notice which is intended to aid, promote, or assist, directly or indirectly, in the sale or offering for sale of fur products, and which:

1. Fails to disclose the name or names of the animal or animals producing the fur or furs contained in the fur products as set forth in the Fur Products Name Guide and as prescribed under the rules and regulations;

2. Represents, directly or by implication:

(a) That the regular or usual price of any fur product is any amount which is in excess of the price at which the respondent has usually and customarily sold such products in the recent regular course of its business;

(b) The value of fur products, when such claims and representations are not true in fact;

3. Makes use of comparative prices or percentage savings claims unless such compared prices or claims are based upon the current market value of the fur product or upon a bona fide compared price at a designated time;

4. Makes price claims and representations of the type referred to in subparagraphs 2 (a) and (b) and paragraph 3 above, unless there are maintained by Respondent full and adequate records disclosing the facts upon which such claims or representations are based, as required by Rule 44 (e) of the rules and regulations.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That respondent Sattler's, Inc., a corporation, shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with the order to cease and desist.

Issued: June 29, 1956.

By the Commission.

[SEAL] ROBERT M. PARRISH, *Secretary.*

[F. R. Doc. 56-6153; Filed, July 30, 1956; 8:51 a. m.]

[Docket 6510]

PART 13—DIGEST OF CEASE AND DESIST ORDERS

AMITY MILLS, INC.

Subpart—*Advertising falsely or misleadingly:* § 13.15 *Business status, advantages, or connections:* Exclusive or sole distributor;[1] Unique or special status or advantages; § 13.280 *Unique nature or advantages.* Subpart—*Using misleading name*—Vendor: § 13.2445 *Producer or laboratory status of dealer or seller.*

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Amity Mills, Incorporated, New York, N. Y., Docket 6510, July 21, 1956]

This proceeding was heard by a hearing examiner on the complaint of the Commission—charging a corporation, engaged in New York City in selling cotton and other fabrics, with misleading use of the word "Mills" in its corporate name and with representing falsely in advertising that certain fabrics it imported from Italy were manufactured exclusively for it—and an agreement between the parties containing consent order to cease and desist.

On this basis, the hearing examiner made his initial decision and order to cease and desist which, by order of June 29, became on July 21 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondent, Amity Mills, Incorporated, a corporation, and its officers, representatives, agents, and employees, directly or through any corporate or other device in connection with the offering for sale, sale, and distribution of cotton and other fabrics in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from directly or indirectly:

1. Using the word "Mills" or any other word of similar import or meaning in or as a part of respondent's trade or corporate name, or representing in any other manner that respondent is the manufacturer of the fabrics sold by it unless and until respondent actually owns and operates, or directly and absolutely controls the manufacturing plant wherein said fabrics are woven or made;

2. Using the words "Manufactured for" or "Distributor" separately or in combination one with the other, or any other word or words so as to represent in any manner that it is the exclusive or sole distributor of any fabric sold by it, unless and until such is a fact.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That respondent Amity Mills, Inc., a corporation, shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with the order to cease and desist.

Issued: June 29, 1956.

By the Commission.

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

Subchapter B—Food and Food Products

PART 120—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

TOLERANCES FOR RESIDUES OF DDT

A petition was filed with the Food and Drug Administration requesting the establishment of tolerances for residues of DDT in or on sweetpotatoes and the fat of meat from cattle, hogs, sheep, and goats. The request for tolerances for residues of DDT in the fat of meat was withdrawn without prejudice to a future filing.

The Secretary of Agriculture has certified that this pesticide chemical is useful for the purposes for which a tolerance is being established.

After consideration of the data submitted in the petition and other relevant material which show that the tolerance established in this order will protect the public health, and by virtue of the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 408 (d) (2), 68 Stat. 512; 21 U. S. C. 346a (d) (2)) and delegated to the Commissioner of Food and Drugs by the Secretary (21 CFR 120.7 (g)), the regulations for tolerances for pesticide chemicals in or on raw agricultural commodities (21 CFR Part 120) are amended by adding the following new section:

§ 120.142 *Tolerance for residues of DDT.* A tolerance of 7 parts per million is established for residues of DDT (dichlorodiphenyl-trichloroethane) in or on sweetpotatoes, from postharvest use.

Any person who will be adversely affected by the foregoing order may, at any time prior to the thirtieth day from the effective date thereof, file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D. C., written objections thereto. Objections shall show wherein the person filing will be adversely affected by this order, specify with particularity the provisions of the order deemed objectionable and reasonable grounds for the objections, and request a public hearing upon the objections. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

Effective date. This order shall be effective upon publication in the FEDERAL REGISTER.

(Sec. 701, 52 Stat. 1055, as amended; 21 U. S. C. 371. Interprets or applies sec. 408, 68 Stat. 511; 21 U. S. C. 346a)

Dated: July 26, 1956.

[SEAL] GEO. P. LARRICK, *Commissioner of Food and Drugs.*

[F. R. Doc. 56-6142; Filed, July 30, 1956; 8:49 a. m.]

TITLE 32—NATIONAL DEFENSE

Chapter VI—Department of the Navy

Subchapter C—Personnel

PART 713—NAVAL RESERVE

MISCELLANEOUS AMENDMENTS

1. Sections 713.11, 713.12, 713.13 and 713.14 are amended to read as follows:

§ 713.11 *Purpose and responsibility.* (a) The purpose of the inspection of Naval Reserve activities is to determine the preparedness of the Naval Reserve to

meet the requirements in the event of war or national emergency.

(b) The Chief of Naval Personnel is responsible for the inspection of all activities of the Naval Reserve, except those Naval Reserve aviation activities under the cognizance of the Chief of Naval Air Reserve Training.

(c) Each commandant is responsible to the Chief of Naval Personnel for the inspection of all Naval Reserve activities under his supervision.

(d) Inspections of Naval Reserve aviation activities under the supervision of the Chief of Naval Air Reserve Training are performed in accordance with instructions prescribed by the Deputy Chief of Naval Operations (Air).

§ 713.12 *Composition of and assignment to Naval Reserve inspection boards.* (a) Naval Reserve inspection boards shall include a senior inspection and reviewing board, known as the National Naval Reserve Inspection Board, convened within the Bureau of Naval Personnel; district Naval Reserve inspection boards, convened in each naval district and river command; and such additional inspection boards as the Deputy Chief of Naval Operations (Air) may establish for the inspection of Naval Reserve aviation activities.

(b) The National Naval Reserve Inspection Board shall consist of as many officers, both Regular and Reserve, as are required to perform its functions, and will include sub-boards if necessary. At least three (3) members of this board, including the senior member, shall be officers of the line. Where appropriate, Staff corps and officers administering special programs should be represented on the Board.

(c) The district Naval Reserve inspection boards shall be similar in composition to the National Naval Reserve Inspection Board.

(d) Members of the National Naval Reserve Inspection Board will be assigned to this duty by the Chief of Naval Personnel. Chiefs of bureaus and heads of offices in the Navy Department shall be consulted as to the assignment to this Board of officers to represent bureaus and offices concerned. Members of district Naval Reserve inspection boards shall be assigned by the commandant concerned.

§ 713.13 *Procedure for Naval Reserve inspections.* (a) Inspections of Naval Reserve drilling units shall cover the following applicable areas:

(1) Personnel.
(2) Training.

a. Administration.
b. Instruction.
c. Use of material aids.
d. Effectiveness.

(3) Administration.

a. Organization.
b. Enlisted service records.
c. Classification.
d. Personnel Accounting Records.
e. Competition analysis.
f. Other records and reports.
g. Medical.
h. Supply and reserve clothing.
i. Community relations.
j. Welfare and recreation.

(4) Outlook.

a. Future potentialties.

(b) Inspection of Training Centers and Facilities shall cover the following applicable areas:

(1) Personnel.
(2) Administration.

a. Organization, instructions, emergency plans.
b. Records, files, correspondence.
c. Publications.
d. Security.
e. Fire prevention and safety.
f. Supply and logistic matters.
g. Communications.
h. Welfare and recreation.
i. Community relations.

(3) Material.

a. Office, classroom and shop spaces.
b. Office, classroom and shop equipment.
c. Fire fighting equipment.
d. Ordnance.
e. Automotive equipment.
f. Building and grounds upkeep.
g. Library.
h. Medical spaces.

(c) The following standard grades shall be assigned:

Term	Symbol	Definition
Outstanding	O	No superior in the Program to the knowledge of the Inspector.
Excellent	E	No vital and few minor deficiencies. So markedly above the required minimum to be among the few best.
Good	G	Possibly some deficiencies, but no critical ones. Above the minimum required standards.
Satisfactory	S	At required minimum standards. Capable of performing assigned functions.
Unsatisfactory	U	Below minimum standards in general or vital particulars.

(d) The National Naval Reserve Inspection Board shall prepare and submit annually to the Chief of Naval Personnel a report of its activities, which shall include comments on the state of training and preparedness of the Naval Reserve. The Chief of Naval Personnel will transmit this annual report with appropriate recommendations to the Secretary of the Navy via the Chief of Naval Operations.

(e) The National Naval Reserve Inspection Board will review the reports of inspections conducted by the commandants in accordance with the provisions of § 713.14, and shall make comments and recommendations thereon to the Chief of Naval Personnel.

§ 713.14 *Duties of district Naval Reserve inspection boards.* (a) District Naval Reserve inspection boards shall conduct annual inspections of all organizations of the Naval Reserve except activities located in areas remote from Naval Reserve training centers, and activities whose composition, size, infrequency of meetings, and other characteristics, as determined by commandants, render a formal inspection unwarranted.

(b) A separate report shall be made on each organization inspected and such reports shall be submitted to the commandant concerned. As of June 30, each year, the commandants shall submit to the Chief of Naval Personnel a summary report of the Naval Reserve for the fiscal year in each district. Such summary reports shall include items of merit, items of deficiency, district problems, listings of outstanding organizations, listings of unsatisfactory organizations, recommendations for commendation and recommendations for the overall improvement of the Naval Reserve. The report shall include comments concerning each program.

(c) The commandants shall promulgate such inspection guides and/or instructions deemed necessary to carry out the provisions of § 713.13 (a) and (b). They shall be in sufficient detail to reflect compliance with current policy and instruction.

2. Section 713.42 (d) and (e) are amended and § 713.42 (f) is inserted to read as follows:

(d) *Establishment of non-pay programs.* The Chief of Naval Personnel, with approval of the Chief of Naval Operations, may establish and disestablish non-pay programs as he deems to be in the best interest of the Naval Reserve program.

(e) *Establishment of non-pay units.* Authority to activate and deactivate units within established non-pay programs is the responsibility of the Chief of Naval Personnel who may further delegate this authority to the commandants of the naval districts and river commands under such rules as he may prescribe.

(f) *Organization of non-pay units.* Non-pay units of the Naval Reserve shall be known as companies, platoons or schools as specified in the Tables of Organization.

3. Section 713.211 is amended to read as follows:

§ 713.211 *Mailing address.* (a) Mailing address is defined as the address at which a member of the Naval Reserve can be reached quickly at any time by ordinary mail.

(b) A member of the Naval Reserve shall keep the cognizant naval command informed of his mailing address. When a change in address occurs, it is incumbent upon the individual concerned to notify the custodian of his records of the new mailing address, specifying whether permanent or temporary. If he is attached to a Naval Reserve organization, such notification shall be via the commanding officer of the organization.

(c) In case of a temporary change of residence of six months or less, the member of the Naval Reserve both at the beginning and at the end of the temporary residence shall inform the custodian of his record of his temporary address, if mail cannot be delivered promptly by means of the existing mailing address.

(d) Instructions governing the transfer of the records of a member of the Naval Reserve incident to a change of mailing address are contained in § 713.214 for officers and in Part B, Chapter 2, Section 3 of the Bureau of Naval Personnel Manual for enlisted personnel.

4. Section 713.214 is amended to read as follows:

§ 713.214 *Officer Service Record for inactive officers.* (a) The Officer Service Record (Form NAVPERS–3021) consists of a file folder bearing the name and file number of the individual and is in addition to the record and file maintained in the Bureau of Naval Personnel in accordance with articles B–2201 and B–2202 of the Bureau of Naval Personnel Manual.

(b) The purpose of the Officer Service Record is to provide a ready file of documents from which information required to properly assign and administer officers may be obtained and salient facts relative to naval service may be established. Adverse information shall not be filed in the record.

(c) Instructions contained in the section govern the administration of the Officer Service Record for inactive officers who, for purposes of this section, are defined as officers of the Naval Reserve on inactive duty, retired officers of the Navy and Naval Reserve on inactive duty including officers on the temporary physical disability retired list, and officers of the Naval Fleet Reserve on inactive duty. Instructions printed in the Officer Service Record conflicting with the provisions of this section shall be disregarded. Instructions governing the administration of the Officer Service Record for active officers are contained in article B–2207 of the Bureau of Naval Personnel Manual.

(d) An Officer Service Record shall be maintained for each officer in the Ready Reserve (USNR–R) or Standby Reserve Active (USNR–S1) on inactive duty for those officers on whom one has been opened in accordance with paragraph (e) of this section.

(e) An Officer Service Record shall be opened for each office in the Standby Reserve Inactive (USNR–S2) on whom it has not previously been opened, under the following circumstances: Upon transfer to the Ready Reserve or Standby Reserve Active; upon transfer to another command; or upon being ordered to active duty. An Officer Service Record shall be opened for each retired officer of the Navy and Naval Reserve on inactive duty and for each officer in the Naval Fleet Reserve on inactive duty on whom it has not previously been opened, only upon transfer from one command to another. Where a change of command is involved, the command losing jurisdiction will open the record to insure that only the Officer Service Record is transferred between commands. To open an Officer Service Record in this instance, the Administrative File and the Officer's Qualification Record Jacket shall be drawn and their contents compared with the contents of the Officer Service Record. Where documents contained in the Administrative File or Officer's Qualification Record Jacket are not duplicated in the Officer Service Record, they should be placed in the Officer Service Record provided they contain essential facts pertinent to the officer's service and/or supply necessary mobilization data. All duplicate or nonessential documents shall be destroyed (for example, change of address notification subsequently superseded and copies of Personnel Accounting Cards, Form NAVPERS–500). Copies of the Annual Fitness Report—Naval Reserve Officers on Inactive Duty (Form NAVPERS–937), letters of reference obtained when the officer first applied for commission, investigative material, and other similar pre-commissioning material shall not be included in the Officer Service Record but shall be destroyed. However, care must be exercised not to destroy documents which establish essential facts and service which are not duplicated elsewhere (for example, fully endorsed copies of orders to active duty for training). When an Officer Service Record has been opened in accordance with these provisions, no other record or file shall be maintained except as provided in paragraph (l) of this section.

(f) When an officer of the Naval Reserve is originally appointed, the record will be opened by the activity which administers the acceptance and oath of office and forwarded to the command having responsibility for the administration of the inactive officer, i. e., the commandant, command or Fleet or Force Commander in whose jurisdiction the officer intends to reside. If the officer is ordered to active duty, the record will be given to him for delivery to his new duty station or forwarded by expeditious means. Information concerning the opening of the Officer Service Record in this instance is contained in instruction 341.1 of the Recruiting Service Manual.

(g) For inactive officers (except those officers participating in a training program under the cognizance of the Chief of Naval Air Reserve Training), the Officer Service Record will be maintained by the command having mobilization responsibility, i. e., the commandant, command, or Fleet or Force Commander in whose jurisdiction the officer reports his mailing address. This rule applies regardless of the fact that the officer is attached to or associated with a Pay Unit of the Naval Reserve. For inactive officers participating in a training program under the cognizance of the Chief of Naval Air Reserve Training the Officer Service Record will be maintained by the Commanding Officer of the Naval Air Station or Naval Air Reserve Training Unit having responsibility for the training program.

(h) When an officer is ordered to active duty, except active duty for training, or transfers to another command, the command maintaining the record shall forward the Officer Service Record to the Commanding Officer of the ship or station where the duty is to be performed or to the command gaining jurisdiction. The record may be given to the officer concerned for delivery or may be mailed. A temporary change of mailing address from the jurisdiction of one command to another of six months or less does not constitute a need for transfer of records. The Officer Service Record shall not be forwarded or taken with an officer when he is ordered to active duty for training. When an officer travels or resides abroad for periods in excess of six months the Officer Service Record shall be forwarded to the command gaining jurisdiction in accordance with § 713.211.

(i) Instructions governing the information and documents to be included in the Officer Service Record are contained in paragraph (7) of article B–2207 of the Bureau of Naval Personnel Manual.

(j) When an officer reporting or transferring to a new command does not, for any reason, have his Officer Service Record, it is the responsibility of the command gaining jurisdiction to obtain the missing record from the previous command. Indiscriminate reconstruction of records is prohibited either on a temporary or permanent basis to insure that only one command maintains an Officer Service Record. Every conceivable effort shall be made to locate the record. However, if it cannot be obtained from any source, it is the responsibility of the command gaining jurisdiction to address a letter to the Chief of Naval Personnel requesting authority to reconstruct a record and verification that the officer is in good standing in the Navy. This letter shall contain a statement as to which commands have been contacted in an attempt to obtain the record. When reconstruction is authorized, the personal records of the officer concerned should be utilized insofar as possible. Where documents necessary for adequate reconstruction cannot be obtained from or reconstructed by the officer, they should be requested from the Chief of Naval Personnel. Requests for such documents should be limited to those considered essential for adequate reconstruction. For example, qualification data contained on Forms NAVPERS–3031, 309, 310C, and 319 may be replaced by the officer completing a new Officer's Qualifications Questionnaire (Form NAVPERS–309).

(k) When an officer is discharged, dismissed, resigns his commission, or reverts to enlisted status, his Officer Service Record will be brought up to date and delivered to him. The record shall be reviewed prior to delivery, however, and letters of reference obtained when the officer first applied for commission, investigative material, and similar precommissioning material should be removed and destroyed. On the death of an inactive officer the record will be marked "deceased" and forwarded to the Chief of Naval Personnel.

(l) Commanding Officers of Pay Units and the Chief of Naval Air Reserve Training may establish temporary files necessary for the administration of those officers attached to or associated with their command. However, temporary files shall be destroyed when the officer transfers to another unit, is ordered to active duty, is detached from the unit or the cognizance of the Chief of Naval Air Reserve Training. The Officer Service Record folder (Form NAVPERS–3021) shall not be used as the temporary file. The temporary file shall not be forwarded or taken with the officer when he is ordered to active duty for training.

(m) Instructions governing the release of information from and access to Officer Service Records are contained in paragraph (11) of article B–2207 of the Bureau of Naval Personnel Manual.

5. Section 713.215 is amended to read as follows:

§ 713.215 *Armed Forces Identification Card, DD Form 2N (Inactive).* (a) A red-printed card designated DD Form 2N (Inactive) shall be issued, in accordance with the provisions of this section and paragraphs (1), (7), (8), (10), (11), (13), and (14), of article B–2103 of the Bureau of Naval Personnel Manual, to the following: Members of the U. S. Naval Reserve on inactive duty; retired members of the U. S. Naval Reserve, including those on the Reserve Temporary Disability Retired List; Regular NROTC Midshipmen; and, Merchant Marine Midshipmen, USNR.

(b) Contract NROTC students, who do not hold military status, will not be issued an Armed Forces Identification Card.

(c) The DD Form 2N (Inactive) shall be issued without a photograph. In lieu of a photograph, additional descriptive data such as sex, scars, etc., shall be included in the space provided for the photograph. Lamination of the DD Form 2N (Inactive) is not required.

(d) In issuing a card to retired personnel of the U. S. Naval Reserve enter the official abbreviation for retired (RET) in the space carrying the grade on the front of the card, and enter the word "RETIRED" across the warning on the back of the card.

(e) When the activity issuing the DD Form 2N (Inactive) does not hold the applicant's service record, a written request for the card shall be obtained from the applicant. This request shall include the applicant's full name, grade or rating, file or serial number, home address and, if appropriate, the certification required by paragraph (10) of article B–2103 of the Bureau of Naval Personnel Manual. The issuing activity will then complete a DD Form 2N (Inactive) for the applicant except for signature of issuing officer and date of issue. The partially completed card and the written request obtained from the applicant shall be forwarded to the activity holding the applicant's service record. This activity will verify the applicant's status, validate the card, file the written request in the service record and mail the card directly to the applicant.

(f) The DD Form 2N (Inactive) will be issued by those activities enumerated in paragraph (11) of article B–2103 of BuPers Manual, Professors of Naval Science, Heads of Departments of Naval Science, Commanding Officers of Naval Reserve Training Centers, and Commanding Officers of Pay Units of the Naval Reserve.

(g) Identification Cards, DD Form 2N (Inactive) may be procured by issuing activities, without charge, from the nearest district printing and publications office. The cards are numbered serially and will be accounted for in blocks.

6. Present §§ 713.216 to 713.219 have been renumbered §§ 713.217 to 713.220 to include the following new section:

§ 713.216 *Geneva Conventions Identification Card.* (a) The Geneva Conventions Identification Card, DD Form 528, shall be issued to reserve personnel on active duty, excluding active duty for training, in accordance with the provisions of article B–2104 of BuPers Manual.

7. Section 713.221 has been added as follows:

§ 713.221 *Annual report of retirement and promotion credits earned.* (a) Officers of the Ready and Standby Reserve may obtain an annual report of retirement credits earned and promotion credits earned in grade from the Reserve Officer Performance Recording Activity, Omaha, Nebraska.

(b) This report will not be furnished officers in the Retired Reserve since they cannot earn retirement points while on inactive duty and the report furnished just prior to retirement remains current for all practical purposes.

(c) The annual report will contain the following information: (1) Retirement points earned for previous anniversary year; (2) years of satisfactory Federal service and retirement points earned subsequent to July 1, 1949; (3) total years of satisfactory Federal service; and, (4) promotion points earned in grade.

(d) Retirement points earned prior to July 1, 1949 increase the amount of retired pay; however, they do not affect the computation of years of satisfactory Federal service since all honorable service in an accredited component of the Armed Forces prior to July 1, 1949 is satisfactory Federal service regardless of points earned. Therefore, due to administrative cost, officer records will not be researched to determine total cumulative retirement points earned prior to July 1, 1949 until the officer concerned has completed twenty years of satisfactory Federal service.

(e) The annual report will be furnished only once each year in response to an annual request. Form NAVPERS–534 should be used for requesting this report. This form may be obtained from Naval District Headquarters, Naval Reserve Training Centers, Naval Air Stations, and Naval Air Reserve Training Units. While it is desirable that all requests for the annual report be submitted on Form NAVPERS–534, a letter request will suffice in those cases where it is impractical to obtain the form.

(f) Requests should not be submitted until four months after the termination of the anniversary year as complete participation for that year is not recorded before that date. These requests will be answered as time permits during the reserve officer's ensuing anniversary year and will indicate retirement and promotion points credited as of his last anniversary date. Follow-up requests for this information shall not be made as it will serve only to delay processing requests already received.

(g) If a discrepancy between the personal records of the officer and the annual report exists, the following action will be taken for reconciliation.

(1) For active duty or active duty for training, the officer concerned should submit certified copies of orders with all endorsements to the Reserve Officer Performance Recording Activity.

(2) For drills, the officer concerned should check first with units in which there has been drill attendance during the period in question to resolve discrepancies. If drills are not properly recorded at the Reserve Officer Performance Recording Activity, the appropriate commanding officer should submit a certified copy of Form NAVPERS–1259, Quarterly Naval Reserve Drill Report, clearly marked "SUPPLEMENTAL" or "CORRECTED", showing drills attended. This report should be sent via the District Commandant or the Chief of Naval Air Reserve Training, as appropriate. Upon receipt of this document the Reserve Officer Performance Recording Activity will adjust its records accordingly.

(3) For correspondence courses, if a certificate has been received, the officer concerned should submit a certified copy to the Reserve Officer Performance Recording Activity. If a certificate has not been received, the officer concerned should address an inquiry to U. S. Naval Correspondence Course Center, Brooklyn, New York, for courses administered by that center, or to the cognizant activity administering the correspondence course. (See articles D–4102 and D–4108 of the BuPers Manual.)

8. Section 713.222 is being added to read as follows:

§ 713.222 *U. S. Naval Reserve Retired Privilege Card.* (a) The U. S. Naval Reserve Retired Privilege Card, Form NAVPERS–696, is issued to identify those members of the Naval Reserve who are retired with pay. When presented in conjunction with the Armed Forces Identification Card, DD Form 2N, it will serve to identify the holder as eligible for the privileges of the following, subject to the limitation of available facilities and local regulations of commanding officers: Navy exchanges, small stores, officers' clubs, enlisted clubs, armed services exchanges, commissary stores, and hospitalization (inpatient and outpatient treatment as medical facilities).

(b) The privilege card is authorized for issuance to members of the U. S. Naval Reserve retired with pay, including those members on the Temporary Physical Disability Retired List. Former Naval Reserve personnel receiving compensation in a civilian status under Title 34, United States Code, Section 440i for completion of 20 years' satisfactory Federal service, are not entitled to a privilege card since they are not retired members of the U. S. Naval Reserve.

(c) Privilege cards will be issued to eligible personnel by activities which are authorized and equipped to issue Armed Forces Identification Cards. A supply of blank privilege cards may be obtained, without charge, by issuing activities making letter request to the Chief of Naval Personnel.

(d) Application for the privilege card shall be made at the nearest issuing activity. Naval district headquarters will verify that the applicant has been placed on the retired list with pay through examination of retirement orders and personnel records available in the district. Other issuing activities will request the commandant of the naval district in which the applicant resides to verify that the applicant has been placed on the retired list with pay. All issuing activities will verify the entitlement of officers on the Temporary Physical Disability Retired List through examination of retirement orders produced by the officer.

(e) Photographic and lamination equipment used for issuing Armed Forces Identification Cards shall be used in the preparation of privilege cards. A typewriter shall be used for entering the data on the card. Most entries on the card are self-explanatory; however, the following instructions apply in completing the items given:

(1) *Grade.* Enter official abbreviation of grade or rate, and corps for all staff officers.

(2) *Photograph.* Photographs shall be approximately 1 by $1\frac{5}{16}$ inches, full face, uncovered. File or service number shall appear in photograph together with full name. Since lamination tends to fade them, photographs should be developed somewhat darker than usual.

(3) *Signature of issuing officer.* Any officer specifically designated by the commandant or commanding officer may sign these cards. The signature indicates that the data on the card has been verified at time of preparation.

(f) Commandants and commands shall designate an officer or officers who shall be responsible for performing the following functions, which are designed to insure maximum security and accountability of blank privilege cards:

(1) Approve all requests made to the Chief of Naval Personnel for a supply of blank cards.

(2) Upon receipt of shipment, record the serial numbers of the cards.

(3) Afford cards adequate stowage to meet the requirements of article 0602, OpNav Instruction 5510.1A for one confidential document.

(4) Maintain a log of the final disposition of each card in serial number sequence indicating name and file or service number of individual to whom issued.

(5) Destroy all cards not issued because of spoilage.

(6) When blank cards cannot be accounted for, the circumstances shall be investigated and the Chief of Naval Personnel informed of the serial numbers of the missing cards and of the action taken.

(g) Any person altering, damaging, lending, counterfeiting, or using this card in any unauthorized manner, is subject to the penalties prescribed under Title 18, United States Code, Sections 499, 506, 701, or 1002.

9. Section 713.223 is being added to read as follows:

§ 713.223 *Enlisted Service Record.* (a) The Enlisted Service Record, NavPers 601, shall be opened and maintained for each person enlisted, re-enlisted, or inducted in the Naval Reserve. Complete instructions regarding the enlisted service record are contained in Part B, Chapter 2, Section 3 of the Bureau of Naval Personnel Manual.

10. Section 713.515 (b) (3) is amended to read as follows:

(3 Conducted not more frequently than specified by the Chief of Naval Personnel for each type of organization. Not more than 3 drills may be conducted in any one day or in any one calendar week. Not more than 2 of these drills in any one day may be paid drills. When more than one paid drill is conducted within one calendar day, each such paid drill shall be of at least four hours' duration.

11. Section 713.516 (b) (4) is added to read as follows:

(4) When more than one paid period of equivalent instruction or duty is conducted within one calendar day, each such period shall be of at least four hours' duration.

12. Section 713.325 is amended to read as follows:

§ 713.325 *Qualifications for original appointment.* (a) Except as otherwise approved by the Secretary of the Navy, the limiting ages for original appointments in the Naval Reserve of all officers except physicians and dentists are prescribed as follows:

Grade	Line CEC, SC	Medical Service Corps	Nurse Corps	Chaplain Corps	MC and DC students [1]
LCDR	39½–48½	39½–48½		39½–48½	
LT	33½–39½	33½–39½	33½–40	33½–39½	
LTJG	27½–33½	21 –33½	27½–33½	21 –33½	
ENS	19 –27½	21 –32	21 –27½		
ENS 1995				19 –30	19–29
Warrant	21 –44				

[1] The maximum age limit for men with prior active military service may be adjusted on a month-for-month basis, depending upon the number of months of active military service performed between Dec. 7, 1941–Sept. 2, 1945 and during the combat period of the Korean Emergency, but in no case will an application be accepted from any person who will have passed his 36th birthday when he becomes eligible for superseding appointment in the grade of LTJG.

(b) Except as otherwise approved by the Secretary of the Navy, the limiting ages and experience factors for original appointment of physicians and dentists in the Naval Reserve are prescribed as follows:

Physicians		Grade	Dentists	
Minimum years experience [1]	Maximum age		Minimum years experience	Maximum age
11	48	LCDR	11	48
4	39½	LT	4	39½
0	33½	LTJG	0	33½

[1] Computed from date of graduation from medical or dental school.

The Chief of Naval Personnel is authorized to establish age and experience levels for appointment of physicians and dentists who are required by law to perform active military service. Modifications of the requirements of the table shown above shall be within the limitations established by such legislation.

(c) All persons appointed as midshipmen, warrant officers, or commissioned officers in the Naval Reserve shall be physically qualified in accordance with physical standards contained in the Manual of the Medical Department and as prescribed by the Chief of Naval Personnel.

(1) Minor physical defects which are non-organic and/or non-recurrent in nature may be waived as directed by the Chief of Naval Personnel.

(d) Civilians and enlisted reservists not on active duty who are applicants for appointment will be interviewed personally by not less than two suitable officers. A summation of the individual interviews shall be included in the forwarding report.

(e) Before an application is forwarded to the Chief of Naval Personnel, the procurement activities will conduct an investigation of the candidate's security and of his moral and professional qualifications for appointment in the Naval Reserve as directed by the Chief of Naval Personnel.

(1) If as a result of the personal interviews and investigations there remains any doubt as to the loyal intentions of the candidate or as to the bad effect of any influences to which he may be subject, the forwarding endorsement should so state.

(f) The requirements in the preceding paragraphs of this section may be waived by the Chief of Naval Personnel or his designated representative, for officers of the Regular Navy who apply for appointment and whose resignations are pending and for former officers of the Regular Navy who apply within 3 months after effective date of their resignations.

(g) Appointment in the Naval Reserve, unless otherwise required by law, is limited to men and women who meet any one of the following requirements:

(1) Are citizens of the United States, its territories, or possessions.

(2) Have had prior service in the Armed Forces of the United States or the National Security Training Corps.

(3) Are citizens of the Philippine Islands who were in the United States naval service on July 4, 1946 (or who, having been discharged therefrom on or prior to that date, subsequently re-enlisted in the naval service before the expiration of 3 months following discharge).

(4) Have made declaration of intent to become a citizen of the United States.

(h) The Chief of Naval Personnel shall prescribe citizenship requirements for appointment in the Naval Reserve within the limitations set forth in this section.

13. Section 713.328 has been added to read as follows:

§ 713.328 *Appointment of Merchant Marine officers as officers of the Naval Reserve.* (a) Merchant Marine officers may be appointed to commissioned grades in the line and supply corps of the Naval Reserve. Applications for such appointment shall be made at Offices of Naval Officer Procurement.

(b) In addition to the general requirements for appointment in the Naval Reserve, as set forth in preceding sections of this part and directives to the Recruiting Service, the following additional requirements are prescribed, unless otherwise authorized by the Chief of Naval Personnel:

(1) A candidate for commission in line must be a licensed deck, engineer or radio officer of the American Merchant

Marine and, except as provided in paragraphs (b) (3) and (f) of this section, be serving in a vessel of not less than 1000 gross tons documented under laws of the United States or on other public vessels thereof. Applicants serving on vessels of less than 1000 gross tons may be appointed by special authority of the Chief of Naval Personnel.

(2) A licensed radio officer applying for appointment in the Naval Reserve must, in addition, hold a valid first-class radiotelegraph operator's license issued by the Federal Communications Commission and be licensed as a radio officer by the Coast Guard. He must have a minimum of two years' college education or present evidence of eligibility for acceptance without qualification in the junior academic year at an accredited college or university. Such officers must, in addition, have had two years' experience as a radio officer at sea in vessels of the maritime service, one year of which must have included collateral duties as a shipboard administrative officer.

(3) Applications may be accepted from persons employed in the Merchant Marine Service in a capacity connected with the management, operation, or maintenance of the ships of the Merchant Marine.

(4) A candidate for appointment in the supply corps must be employed on a vessel documented under the laws of the United States. Only chief pursers, pursers, senior assistant and junior assistant pursers (including those assigned to stores duties) who have successfully completed two years of college studies or who have served not less than two years under certificate of registry in one of the purser classifications, will be considered eligible for appointment as commissioned officers in the supply corps.

(c) All Merchant Marine officers appointed in the Naval Reserve must agree to complete Naval Reserve correspondence courses required by appropriate Bureaus of the Navy Department.

(d) The grade in which appointment is made depends on the applicant's age and the total number of years of accumulated sea going licensed service. Unless otherwise authorized by the Chief of Naval Personnel, the maximum age and minimum sea going licensed experience for appointment in the Naval Reserve of Merchant Marine officers are:

Maximum age	Grade	Minimum sea-going licensed experience
48½	LCDR	11 years.
39½	LT	7 years.
33½	LTJG	3 years.
27½	ENS	3 months.[1]

[1] Modified by paragraph (f) of this section.

(e) In order to establish permanency of duties, applicants serving on board ship must have been employed in their present capacity for at least three months immediately preceding appointment.

(f) Students matriculating at the State or Federal Maritime academies may, upon application, be eligible for appointment as Ensigns in the Naval Reserve upon graduation, provided they have completed prescribed courses in Naval Science, hold unlimited officers licenses as deck or engineer officers, and are in all respects qualified. Officers so commissioned will be given appropriate qualification code numbers to indicate their qualifications as deck or engineer officers.

(g) The Chief of Naval Personnel shall prescribe appropriate regulations and processing procedures to implement the foregoing programs.

14. Section 713.533 (b) (3) is amended to read as follows:

(3) Conducted not more frequently than the number of times indicated in the below calendar limitations.

1. *Daily.* Three (3) drills of which not more than two may be paid drills. When more than one paid drill is conducted within one calendar day, each such paid drill shall be of at least four hours' duration.

2. *Weekly.* Three (3) drills except when specifically authorized by the Chief of Naval Air Reserve Training in which cases four (4) drills may be conducted in one calendar week provided all four (4) drills are not conducted in the same calendar month.

3. *Monthly.* Four (4) drills except in months ending on Saturday or when specifically authorized by the Chief of Naval Air Reserve Training in which case the monthly limitation is held in abeyance and a quarterly limitation of thirteen (13) will apply provided drills are scheduled in each month of the quarter.

15. Section 713.534 (a) (7) is added to read as follows:

(7) When more than one paid period of equivalent instruction or duty is conducted within one calendar day, each such period shall be of at least four hours' duration.

16. Section 713.535 (a) (6) is added to read as follows:

(6) Periods of special inactive duty training performed more often than once in any one day, twice in any calendar week, four times in any calendar month and sixteen times in any fiscal year shall not be credited for retirement purposes.

17. Section 713.33 (c) has been added to read as follows:

(c) Members of the Naval Reserve on retired lists are in a retired status.

18. Section 713.336 (a) is amended to read as follows:

(a) Enlisted members of the Naval Reserve serving on active duty may, subject to approval of the commanding officer, be permitted to extend their enlistments for periods of 1, 2, 3, or 4 years. The provisions of article C-1407 of the Bureau of Naval Personnel Manual shall apply relative to extension and cancellation of extension while on active duty except that extension or reextension of one year will be authorized only by the Chief of Naval Personnel in specific cases where:

(1) An enlisted person has an approved application for transfer to duty for which additional obligated service is required, such as to a service school or tour of shore duty, or where additional obligated service is necessary for a foreign cruise or foreign duty;

(2) The applicant requires one year or less of additional service in order to qualify for retirement; or

(3) It is found that other good reasons exist for such extension.

(Sec. 251, 66 Stat. 495; 50 U. S. C. 1002)

By direction of the Secretary of the Navy.

[SEAL] R. LIBBY,
Captain, U. S. Navy, Acting, Judge Advocate General of the Navy.

JULY 24, 1956.

[F. R. Doc. 56-6156; Filed, July 30, 1956; 8:51 a.m.]

PART 719—NAVAL COURTS AND CERTAIN FACT FINDING BODIES

MISCELLANEOUS AMENDMENTS

Scope and purpose. The following amendments bring Part 719 up to date and substantially into accord with the 1955 Naval Supplement to the Manual for Courts-Martial, United States, 1951. The amended sections relate to the attendance of civilian witnesses before naval courts-martial and certain fact-finding bodies.

1. Paragraph (a) of § 719.5 is revised to read as follows:

(a) *Authorization for payment.* The fees and mileage of a civilian witness shall be paid by the disbursing officer of the command of a convening authority or appointing authority or by the disbursing officer at or near the place where the tribunal sits or where a deposition has been taken when such disbursing officer is presented a public voucher for such fees and mileage properly completed, signed by the witness and certified by one of the following:

(1) Trial counsel or assistant trial counsel of the court-martial.

(2) Summary court-martial.

(3) Counsel for the court in a court of inquiry.

(4) Recorder or junior member of a board to redress injuries to property.

(5) Military officer before whom a witness gave his deposition. The public voucher must be accompanied by the subpoena and by a certified copy of the order appointing the court-martial, court of inquiry, or investigation. If, however, a deposition is taken before charges are referred for trial, the fees and mileage of the witness concerned shall be paid by the disbursing officer at or near the place where the deposition is taken upon presentation of a public voucher, properly completed as hereinbefore prescribed, and accompanied by an order from the officer who authorized the taking of the deposition, subscribed by him and directing the disbursing officer to pay to the witness the fees and mileage supported by the public voucher. When the civilian witness testifies outside the continental United States, its Territories and possessions, the public voucher must be accompanied by a certified copy of the order appointing the court-martial, court of inquiry, or investigation and by an order from the convening authority or appointing authority, subscribed by him and directing the disbursing officer to pay to the witness the fees and mileage supported by the public voucher.

2. Paragraph (k) (2) of § 719.5 is revised to read as follows:

(k) *Rates for civilian witnesses prescribed by law.* • • •

(2) *Civilian witnesses in Government employ.* A civilian in the employ of the Government, when summoned as a witness, shall be paid (i) his necessary expenses incident to travel by common carrier, or, if travel is made by privately owned automobile, mileage at the rate of 10 cents per mile, and (ii) a per diem allowance at the rate of $12 in lieu of subsistence within the continental United States, and at the maximum rates prescribed by the Bureau of the Budget pursuant to the Travel Expense Act of 1949, as amended (5 U. S. C. 836) outside the continental United States. Such per diem allowances shall be paid in accordance with the provisions of the Standardized Government Travel Regulations (see Naval Civilian Personnel Instructions 240.11). If the tribunal is in session at the place where the civilian witness in the employ of the Government is stationed, he shall receive no allowance.

3. Section 719.7 is revised to read as follows:

§ 719.7 *Attendance of witnesses before investigations.* An investigation ordered pursuant to Chapter II, III, IV or V of the 1955 Naval Supplement to the Manual for Courts-Martial, United States, 1951, with the exception of when it is acting as a board for redress of injuries to property under Article 139 of the Uniform Code of Military Justice (50 U. S. C. 735), has no statutory power to summon civilian witnesses. Testimony of any witness may, however, be requested, and the investigation is not confined to any federal reservation in its quest for evidence by witnesses.

(R. S. 1547; 34 U. S. C. 591)

By direction of the Secretary of the Navy.

[SEAL] R. LIBBY,
Captain, U. S. Navy, Acting, Judge Advocate General of the Navy.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter II—Corps of Engineers, Department of the Army

PART 203—BRIDGE REGULATIONS

PART 207—NAVIGATION REGULATIONS

LEWIS RIVER, WASH; HAMPTON ROADS AND WILLOUGHBY BAY, VA.

1. Pursuant to the provisions of section 5 of the River and Harbor Act of August 18, 1894 (28 Stat. 362; 33 U. S. C. 499), § 203.765 (b) (1) prescribing special regulations governing the operation of the Northern Pacific Railway Company bridge across Lewis River, Washington, is hereby amended to provide for operation of the draw on advance notice from May 25 to July 20, both dates inclusive, and for the closure of the bridge during the remainder of each year, as follows:

§ 203.765 *Cowlitz and Lewis Rivers, Wash.; bridges.* • • •

(b) *Special regulations—(1) Northern Pacific Railway Company bridge across Lewis River.* (i) The owner of or agency controlling the bridge will not be required to open the draw of the bridge for the passage of vessels from January 1 to May 24, inclusive, and from July 21 to December 31, inclusive, of any year.

(ii) Whenever a vessel unable to pass under the closed bridge desires to pass through the draw from May 25 to July 20, both dates inclusive, at least 6 hours' advance notice of the time the opening is required shall be given to the authorized representative of the owner of or agency controlling the bridge.

(iii) Upon receipt of such notice, the authorized representative of the owner of or agency controlling the bridge, in compliance therewith, shall arrange for the prompt opening of the draw at the time specified in the notice of the passage of the vessel.

(iv) The owner of or agency controlling the bridge shall keep conspicuously posted on both the upstream and downstream sides of the bridge, in a manner that it can be easily read at any time, a copy of the regulations of this section, together with a notice stating exactly how the authorized representative may be reached by telephone or otherwise.

• • • • •

[Regs., 19 July 1956, 823.01 (Lewis River, Wash.)—ENGWO] (Sec. 5, 28 Stat. 362; 33 U. S. C. 499)

2. Pursuant to the provisions of section 7 of the River and Harbor Act of August 8, 1917 (40 Stat. 266; 33 U. S. C. 1), § 207.156 establishing and governing the use and navigation of the waters of Hampton Roads and Willoughby Bay, comprising a seaplane restricted area is hereby amended to provide for a revision of the boundaries of the restricted area and to establish a prohibited area within the restricted area, as follows:

§ 207.156 *Hampton Roads and Willoughby Bay, Norfolk, Va.; seaplane restricted and prohibited areas—(a) The areas—(1) The restricted area.* Beginning on the shore of Willoughby Bay at latitude 36°57'22", longitude 76°18'02.7"; thence to latitude 36°57'29", longitude 76°19'01"; thence to latitude 36°58'41.5", longitude 76°18'42"; thence to latitude 36°58'37.5", longitude 76°18'16"; thence to latitude 36°58'01", longitude 76°18'23"; thence to latitude 36°57'48", longitude 76°18'07.5"; thence to latitude 36°57'45.5", longitude 76°17'58.5"; thence to latitude 36°57'35", longitude 76°17'08"; thence to latitude 36°57'43", longitude 76°16'54"; thence to latitude 36°57'42", longitude 76°16'21.5", and thence conforming to the shore line to the point of beginning.

(2) *The prohibited area.* Beginning on the shore of Willoughby Bay at latitude 36°57'22", longitude 76°18'02.7"; thence to latitude 36°57'47.7", longitude 76°18'57"; thence to latitude 36°57'57.3", longitude 76°18'54"; thence to latitude 36°57'22.7", longitude 76°16'23.8"; thence conforming to the shore line to the point of beginning.

(b) *The regulations.* (1) No vessel shall enter or remain in the prohibited area, except on prior permission granted by the Commanding Officer, Naval Air Station, Norfolk, Virginia.

(2) Vessels shall not moor or anchor within the restricted area. All vessels moving in the restricted area shall immediately proceed from the area on the approach of seaplanes or when warned by a patrol boat or any other means of warning which may be employed.

(3) Fishing, oystering, clamming, crabbing, and other aquatic activities are prohibited within the areas.

(4) The regulations in this section shall be enforced by the Commandant, Fifth Naval District, Norfolk, Virginia, and such agencies as he may designate.

[Regs., 12 July 1956, 800.2121 (Willoughby Bay, Va.)—ENGWO] (Sec. 7, 40 Stat. 266; 33 U. S. C. 1)

[SEAL] JOHN A. KLEIN,
Major General, U. S. Army, The Adjutant General.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 1317]

[1146337]

ALASKA

RESERVING PUBLIC LANDS FOR USE OF FISH AND WILDLIFE SERVICE AS KODIAK ADMINISTRATIVE SITE

By virtue of the authority vested in the President by section 2380 of the Revised Statutes (43 U. S. C. 711) and otherwise, and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. Subject to valid existing rights, the following-described public land in Alaska, which is part of the withdrawal on Kodiak Island for townsite purposes made by Executive Order No. 8442 of June 12, 1940, is hereby reserved for use of the Fish and Wildlife Service, Department of the Interior, as the Kodiak Administrative Site:

That part of U. S. Survey 1707 described as follows:

Beginning at Corner No. 1 of U. S. Survey 1707, in the Town of Kodiak, latitude 57°47'23" N., longitude 152°23'48" W., thence by metes and bounds:

N. 35° 47' W., 115.5 feet to corner No. 2 U. S. Survey 1707;
S. 50° 28' W., 89.0 feet;

S. 35° 47' E., 109.7 feet to a point on the southeast boundary of U. S. Survey 1707; N. 54° 13' E., 89.2 feet along southeast boundary to point of beginning.

The area described contains 0.23 acre.

Executive Order No. 8442 of June 12, 1940, which reserved the above-described tract, together with other lands, for townsite purposes, is hereby modified to the extent necessary to permit the reservation made by section 1 of this order to become effective.

WESLEY A. D'EWART,
Assistant Secretary of the Interior.

JULY 25, 1956.

PROPOSED RULE MAKING

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

[21 CFR Part 120]

TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

NOTICE OF FILING OF PETITION FOR ESTABLISHMENT OF TOLERANCES FOR RESIDUES OF MALATHION

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408 (d) (1), 68 Stat. 512; 21 U. S. C. 346a (d) (1)), the following notice is issued:

A petition has been filed by American Cyanamid Company, 30 Rockefeller Plaza, New York 20, New York, proposing the establishment of a tolerance of 8 parts per million for residues of malathion in or on the following raw agricultural commodities: Asparagus, barley (grain form), blackberries, boysenberries, carrots, collards, corn (grain form and forage), cottonseed, currants, dandelions, dewberries, endive (escarole), figs, garlic, gooseberries, guavas, horseradish, kohlrabi, leeks, loganberries, mushrooms, nectarines, oats, parsley, parsnips, pecans, peppermint, pumpkins, quinces, radishes, raspberries, rice, rye, salsify (including tops), shallots, spearmint, Swiss chard, water cress, walnuts, wheat (grain form); a tolerance of 4 parts per million in or on the following raw agricultural commodities: Meat (of cattle, swine, chickens, ducks, geese, and turkeys) and chicken eggs; and a tolerance of 0.4 part per million in milk.

The analytical method proposed in the petition for determining residues of malathion in fruits and vegetables is the method published in the Journal of Agricultural and Food Chemistry, Vol. II, No. 11, pages 570–573 (1954).

Methods proposed for determining malathion in eggs, milk, and meat are modifications of this procedure, the primary modification with respect to each product being in the preparation of the sample for the extraction.

Dated: July 26, 1956.

[SEAL] GEO. P. LARRICK,
Commissioner of Food and Drugs.

NOTICES

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

MISSISSIPPI

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LAND

JULY 25, 1956.

The Office of the Chief of Engineers, Department of the Army, has filed application, BLM 042717, for the withdrawal of the land described below, from all form of appropriation, including the mining and mineral leasing laws, subject to valid existing rights.

The applicant desires the land for use in connection with Camp Shelby.

For a period of 30 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Eastern States Land Office, Bureau of Land Management, Department of the Interior, Washington 25, D. C.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The land involved in the application is:

FORREST COUNTY, MISSISSIPPI

T. 3 N., R. 12 W., St. Stephens Meridian,
Sec. 19, SW¼SW¼.
Containing 34.76 acres.

H. K. SCHOLL,
Acting Manager.

[F. R. Doc. 56-6132; Filed, July 30, 1956; 8:47 a. m.]

WYOMING

STOCK DRIVEWAY WITHDRAWAL NO. 21, WYOMING NO. 5, ENLARGED

By virtue of the authority contained in section 10 of the act of December 29, 1916 (39 Stat. 865), as amended by the act of January 29, 1929 (45 Stat. 1144; 43 U. S. C. 300), and in section 7 of the act of June 28, 1934 (48 Stat. 1272), as amended by the act of June 26, 1936 (49 Stat. 1976; 43 U. S. C. 315f), and pursuant to the authority delegated by the Director, Bureau of Land Management, by Section 2.5, Order No. 541 of April 21, 1954 (19 F. R. 2473), it is ordered as follows:

The following described public lands in the State of Wyoming are hereby classified as necessary and suitable for stock driveway purposes, and, excepting any mineral deposits therein, are withdrawn from all disposal under the public land laws and reserved, subject to valid existing rights, for the use of the general public, the reservation to be known as Stock Driveway Withdrawal No. 21, Wyoming No. 5, Enlarged:

SIXTH PRINCIPAL MERIDIAN, WYOMING

T. 48 N., R. 89 W.,
Sec. 1: S½.
T. 49 N., R. 87 W.,
Sec. 5: Lot 8;
Sec. 6: Lots 8 and 9;
Sec. 7: Lot 5;
Sec. 8: Lots 2 and 3;
Tract 57: Lots A–E–F–G–H–I–J–N–O–P.

The area described aggregated 925.62 acres.

Any mineral deposits in the lands shall be subject to location and entry only in the manner prescribed by the Secretary of the Interior in accordance with the provisions of the aforesaid act of January 29, 1929, and existing regulations.

Notice for Filing Objections to the Following Entitled Order Published Simultaneously Herewith; Stock Driveway Withdrawal No. 21, Wyoming No. 5, Enlarged

For a period of 30 days from the date of publication of the above entitled order, persons having cause to object to the terms thereof may file their objections in duplicate in the office of the State Supervisor, Room 305, Federal Office Building, Cheyenne, Wyoming. In the case any objection is filed and the nature is such to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where proponents of the order can explain its purpose, intent, and extent. Should any objection be filed, whether or not a hearing is held, notice of the determination as to whether the order should be rescinded, modified or let stand will be given to all interested parties of record and the general public.

LOWELL M. PUCKETT,
State Supervisor.

[F. R. Doc. 56-6133; Filed, July 30, 1956; 8:47 a. m.]

[W-040085]

WYOMING

STOCK DRIVEWAY WITHDRAWAL NO. 128, WYOMING NO. 13, REDUCED

By virtue of the authority contained in section 10 of the act of December 29, 1916 (39 Stat. 865), as amended by the act of January 29, 1929 (45 Stat. 1144; 43 U. S. C. 300), and in section 7 of the act of June 28, 1934 (48 Stat. 1272), as amended by the act of June 26, 1936 (49 Stat. 1976; 43 U. S. C. 315f), and pursuant to the authority delegated by the Director, Bureau of Land Management, by section 2.5, Order No. 541, dated April 21, 1954 (19 F. R. 2473), it is ordered as follows:

Subject to existing valid rights and the provisions of existing withdrawals, Departmental Orders dated March 26, 1920 and April 30, 1938, establishing Stock Driveway No. 128, Wyoming No. 13, under section 10 of the act of December 29, 1916 (39 Stat. 866; 43 U. S. C. 300), are hereby revoked as they affect the following described lands:

SIXTH PRINCIPAL MERIDIAN, WYOMING

T. 43 N., R. 86 W.,
Sec. 21: S½SE¼;
Sec. 28: W½NE¼, SE¼NE¼.
T. 38 N., R. 87 W.,
Sec. 13: SW¼.

The area described totals 360 acres.

This revocation is made in furtherance of an exchange under section 8 of the act of June 28, 1934 (48 Stat. 1272), as amended by section 3 of the act of June 26, 1936 (49 Stat. 1976; 43 U. S. C. 315g), by which the offered land will benefit a Federal land program. This restoration is therefore, not subject to the provisions contained in the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284), as amended, granting preference rights to veterans of World War II and the Korean conflict, and others.

LOWELL M. PUCKETT,
State Supervisor.

FEDERAL POWER COMMISSION

[Docket No. G-4933, etc.]

GREGORY KREBS ET AL.

NOTICE OF APPLICATIONS AND DATE OF HEARING

Take notice that each of the applicants listed below has filed an application for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, authorizing such applicant to continue to sell natural gas subject to the jurisdiction of the Commission, all as more fully represented in the respective applications which are on file with the Commission and open for public inspection. These matters should be consolidated and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on the date and at the place hereinafter stated, concerning the matters involved in and the issues presented by such applications: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) not less than ten days before the date of hearing. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request for waiver is made. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for applicants to appear or be represented at the hearing.

The dockets, applicants and material averments in applications to which reference is made above are as follows:

Docket No.; Name and Address; Filing Date; Gas Field and Purchaser

G-4933; Gregory Krebs, Charleston, W. Va.; 11-17-54; Branchland, Putnam County, W. Va.; United Fuel Gas Company.

G-5149; D. H. Bland, Spencer, W. Va.; 11-19-54; Boothe Lease, Roane County, W. Va.; Smithfield District, Roane County, W. Va.; United Fuel Gas Company.

G-5150; Hunt & Anderson, Spencer, W. Va.; 11-19-54; Mae Cock Lease, Geary District, Roane County, W. Va.; United Fuel Gas Company.

G-5151; W. L. Simmons et al., Spencer, W. Va.; 11-19-54; Spencer District, Roane County, W. Va.; United Fuel Gas Company.

G-5153; Dodd-Heeter-Nichols, Spencer, W. Va.; 11-19-54; Smithfield District, Roane County, W. Va.; United Fuel Gas Company.

G-5944; Foster-McKenzie Company, Pittsburgh, Pa.; 11-19-54; Grant, Wetzel County, W. Va.; Equitable Gas Company.

G-5946; P. C. McKenzie Company, Pittsburgh, Pa.; 11-26-54; Grant, Wetzel County, W. Va.; Equitable Gas Company.

G-5949; P. C. McKenzie Company, Pittsburgh, Pa.; 11-26-54; Middle Fork, Banks and Washington Districts, Randolph County, W. Va.; Equitable Gas Company.

G-6700; Harlan B. Houge, Glenville, W. Va.; 11-30-54; Central District, Doddridge County, W. Va.; Carnegie Natural Gas Company.

G-6690; Murphy Oil Company of Pennsylvania, Philadelphia, Pa.; 11-30-54; Southwest District, Doddridge County, W. Va.; Equitable Gas Company.

G-5955; Eddy Oil & Gas Company, Beatrice, W. Va.; 11-26-54; Murphy District, Ritchie County, W. Va.; Penova Interests.

G-6400; Lincoln Gas Company, Charleston, W. Va.; 11-29-54; Lincoln Lease, Kanawha County, W. Va.; South Penn Natural Gas Company.

G-6402; Winifrede Company, Charleston, W. Va.; 11-29-54; Joes Branch, Boone County, W. Va.; Hope Natural Gas Company.

G-6403; Winifrede Company, Charleston, W. Va.; 11-29-54; Elk District, Kanawha County, W. Va.; South Penn Natural Gas Company.

G-6404; Winifrede Company, Charleston, W. Va.; 11-29-54; Elk District, Kanawha County, W. Va.; South Penn Natural Gas Company.

A public hearing will be held on the 23d day of August, 1956, beginning at 9:30 a. m., e. d. s. t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by the above applications.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

JULY 24, 1956.

[F. R. Doc. 56-6135; Filed, July 30, 1956; 8:47 a. m.]

[Docket No. G-10783]

UNION OIL COMPANY OF CALIFORNIA

ORDER INSTITUTING INVESTIGATION

Union Oil Company of California (respondent) is an independent producer of natural gas and a "natural gas company" within the meaning of the Natural Gas Act, being engaged in the sale and delivery of natural gas in interstate commerce for resale for ultimate public consumption.

Respondent is one of several independent producers under contract to supply natural gas to Texas Gas Transmission Corporation (Texas Gas). A certificate of public convenience and necessity covering the proposed sale to Texas Gas was issued to respondent by order issued December 30, 1955, in Docket No. G-8811. Respondent's FPC Gas Rate Schedule No. 13 covers its sale to Texas Gas in question, and specifies a price of 21 cents per Mcf, with estimated revenue for the first month of $267,561. This proposed rate is among the highest in Louisiana and represents the highest price paid by Texas Gas for field purchases of natural gas.

In addition to the sale of natural gas hereinbefore specifically referred to, it appears from the Commission's files that the Respondent is also engaged in making other sales of natural gas in interstate commerce, subject to the jurisdiction of the Commission.

It further appears that, upon the basis of data available to the Commission, the rates, charges, and classifications for or in connection with the sale or transportation of natural gas by Respondent herein, subject to the jurisdiction of the Commission, and the rules, regulations, practices, and contracts relating thereto may be unjust, unreasonable, unduly discriminatory, or preferential.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that an investigation be instituted by the Commission, upon its own motion, into and concerning all rates, charges or classifications demanded, observed, charged or collected by the respondent in connection with any transportation or sale of natural gas, subject to the jurisdiction of the Commission, and any rules, regulations, practices or contracts affecting such rates, charges or classifications.

The Commission orders:

(A) An investigation of respondent, Union Oil Company of California, be and is hereby instituted under the provisions of the Natural Gas Act for the purpose of enabling the Commission to determine whether, with respect to any transportation or sale of natural gas, subject to the jurisdiction of the Commission, made

or proposed to be made by respondent, any of the rates, charges or classifications demanded, observed, charged, or collected, or any rules, regulations, practices or contracts affecting such rates, charges or classifications are unjust, unreasonable, unduly discriminatory or preferential.

(B) If the Commission, after a hearing has been had, shall find with respect to respondent, that any of its rates, charges, classifications, rules, regulations, practices, or contracts, subject to the jurisdiction of the Commission, are unjust, unreasonable, unduly discriminatory, or preferential, the Commission shall thereupon determine and fix by order or orders just and reasonable rates, charges, classifications, rules, regulations, practices or contracts to be thereafter observed and in force.

(C) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by the Natural Gas Act, particularly sections 5, 14, 15 and 16 thereof, and the Commission's rules of practice and procedure, a public hearing be held upon a date to be fixed by further order of the Commission concerning the matters specified in paragraphs (A) and (B) above.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

Issued: July 24, 1956.

By the Commission.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[F. R. Doc. 56-6136; Filed, July 30, 1956; 8:48 a. m.]

[Docket No. G-10784]

CALIFORNIA CO.

ORDER INSTITUTING INVESTIGATION

The California Company (respondent) is an independent producer of natural gas and a "national gas company" within the meaning of the Natural Gas Act, being engaged in the sale and delivery of natural gas in interstate commerce for resale for ultimate public consumption.

Respondent is one of several independent producers under contract to supply natural gas to Texas Gas Transmission Corporation (Texas Gas). A certificate of public convenience and necessity covering the proposed sale to Texas Gas was issued to respondent by order issued December 30, 1955, in Docket No. G-8810. Respondent's FPC Gas Rate Schedule No. 5 covers its sale to Texas Gas in question, and specifies a price of 21 cents per Mcf with estimated revenue for the first month of $34,256. This proposed rate is among the highest in Louisiana and represents the highest price paid by Texas Gas for field purchases of natural gas.

In addition to the sale of natural gas hereinbefore specifically referred to, it appears from the Commission's files that the respondent is also engaged in making other sales of natural gas in interstate commerce, subject to the jurisdiction of the Commission.

It further appears that, upon the basis of data available to the Commission, the rates, charges, and classifications for or in connection with the sale or transportation of natural gas by respondent herein, subject to the jurisdiction of the Commission, and the rules, regulations, practices, and contracts relating thereto may be unjust, unreasonable, unduly discriminatory, or preferential.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that an investigation be instituted by the Commission, upon its own motion, into and concerning all rates, charges or classifications demanded, observed, charged or collected by the respondent in connection with any transportation or sale of natural gas, subject to the jurisdiction of the Commission, and any rules, regulations, practices or contracts affecting such rates, charges or classifications.

The Commission orders:

(A) An investigation of respondent, The California Company, be and is hereby instituted under the provisions of the Natural Gas Act for the purpose of enabling the Commission to determine whether, with respect to any transportation or sale of natural gas, subject to the jurisdiction of the Commission, made or proposed to be made by respondent, any of the rates, charges or classifications demanded, observed, charged, or collected, or any rules, regulations, practices or contracts affecting such rates, charges or classifications are unjust, unreasonable, unduly discriminatory or preferential.

(B) If the Commission, after a hearing has been had, shall find with respect to respondent, that any of its rates, charges, classifications, rules, regulations, practices, or contracts, subject to the jurisdiction of the Commission, are unjust, unreasonable, unduly discriminatory, or preferential, the Commission shall thereupon determine and fix by order or orders just and reasonable rates, charges, classifications, rules, regulations, practices or contracts to be thereafter observed and in force.

(C) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by the Natural Gas Act, particularly sections 5, 14, 15 and 16 thereof, and the Commission's rules of practice and procedure, a public hearing be held upon a date to be fixed by further order of the Commission concerning the matters specified in paragraphs (A) and (B) above.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

Issued: July 24, 1956.

By the Commission.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

UNION OIL CO. OF CALIFORNIA ET AL.

ORDER FIXING DATE FOR REARGUMENT

In the matters of Union Oil Company of California, Docket No. G-4331; Union Oil Company of California and Louisiana Land and Exploration Company, Docket No. G-4332; Morris Rauch, et al., Docket No. G-4334; Bel Oil Corporation, Docket No. G-4505.

The Commission, having under consideration the record in these consolidated proceedings and having previously heard oral argument on June 28, 1956, on the exceptions to the Presiding Examiner's Decision in these proceedings issued May 2, 1956, orders:

(A) Oral reargument be had before the Commission on September 6, 1956, at 10:00 a. m., e. d. s. t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved and the issues presented by the above-mentioned exceptions to the Presiding Examiner's decision.

(B) Those parties to these consolidated proceedings who intend to participate in the oral argument shall notify the Secretary of the Commission on or before August 20, 1956, of such intention and of the time required for the presentation of their argument.

Issued: July 24, 1956.

By the Commission.

[Docket No. E-6696]

MONTANA POWER CO.

NOTICE OF APPLICATION FOR ORDER AUTHORIZING ISSUANCE OF COMMON STOCK

JULY 26, 1956.

Take notice that on July 19, 1956, an application was filed with the Federal Power Commission pursuant to section 204 of the Federal Power Act by The Montana Power Company ("applicant"), a corporation organized under the laws of the State of New Jersey and doing business in the States of Montana, Idaho and Wyoming, with its principal business office at Butte, Montana, seeking an order authorizing the issuance of not to exceed 100,000 shares of its Common Stock without nominal or par value. Applicant proposes to issue to its officers and other key employees options to purchase said stock at a price to be fixed by the Board of Directors.

Any person desiring to be heard or make any protest with reference to said application should on or before the 15th day of August 1956, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's rules of practice and procedure. The application is on file and available for public inspection.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[F. R. Doc. 56-6144; Filed, July 30, 1956; 8:49 a. m.]

[Docket No. G-9966, etc.]

NATURAL GAS PIPELINE CO. OF AMERICA ET AL.

NOTICE OF APPLICATIONS, ORDER OF CONSOLIDATION HEARING AND PROCEDURE

In the matters of Natural Gas Pipeline Company of America, Docket No. G-9966; Texas Illinois Natural Gas Pipeline Company, Docket No. G-10103; Colorado Interstate Gas Company, Docket No. G-10176; Chicago District Pipeline Company, Docket No. G-10214; Pacific Northwest Pipeline Corporation, Docket No. G-10455.

Natural Gas Pipeline Company of America, G-9966: Take notice that Natural Gas Pipeline Company of America (Natural), a Delaware corporation, address 20 North Wacker Drive, Chicago 6, Illinois, filed on February 14, 1956, an application for a certificate of public convenience and necessity, pursuant to section 7 (c) of the Natural Gas Act, authorizing the construction and operation of facilities for the expansion of the capacity of its existing pipe line system and the sale of natural gas as hereinafter described.

Natural proposes to transport additional volumes of natural gas for resale to existing customers, to the extent of increasing its sales capacity by 435,000 Mcf per day. The facilities to be constructed will consist of 388.71 miles of 36-inch loop pipeline, 91.3 miles of 30-inch loop pipeline, supercharging existing compressor engines and construct a new compressor station and other appurtenant facilities. These facilities are proposed to enable Natural to transport to market 350,000 Mcf per day to be received from Colorado Interstate Gas Company at Beatrice, Nebraska, and 85,000 Mcf per day to be received from other sources south of Beatrice.

Natural also proposes to become the sole seller of all gas to customers now served by Texas Illinois Natural Gas Pipeline Company, its affiliate.

The estimated cost of the proposed facilities is $77,918,000. Natural tentatively proposes to finance this cost by the issuance of debt security and the sale of common stock to The Peoples Gas Light and Coke Company.

To effectuate this proposal, the following applications have been filed:

Texas Illinois Natural Gas Pipeline Company, G-10103: Take notice that Texas Illinois Natural Gas Pipeline Company (Texas Illinois), a Delaware corporation, address 20 North Wacker Drive, Chicago 6, Illinois, filed on March 15, 1956, an application pursuant to sections 7 (b) and 7 (c) of the Natural Gas Act, for permission and approval for the abandonment of the sale of natural gas for resale to all of its existing customers other than Natural Gas Pipeline Company of America (its affiliate), subject to Natural becoming the seller of such gas as applied for in the above Docket No. G-9966; and for a certificate of public convenience and necessity authorizing such sales of natural gas for resale to Natural.

Colorado Interstate Gas Company G-10176: Take notice that Colorado Interstate Gas Company (Colorado), a Delaware corporation, address Colorado Springs National Bank Building, Colorado Springs, Colorado, filed on March 30, 1956, an application, which was amended May 18, 1956, for a certificate of public convenience and necessity, pursuant to section 7 (c) of the Natural Gas Act, authorizing the construction and operation of facilities for the expansion of the capacity of its existing pipeline system and the sale of natural gas, as hereafter described.

Colorado proposes to transport and sell an additional volume of natural gas up to 350,000 Mcf per day to Natural Gas Pipeline Company of America at a delivery point to be established near Beatrice, Nebraska. The facilities to be constructed will consist of new main and loop pipelines of approximately 791 miles ranging in size from 30 inches to 16 inches, additional compressor capacity of approximately 54,800 horsepower by supercharging existing compressor engines, installing additional compressor units in existing stations and constructing new stations, and other facilities.

The estimated cost of the proposed facilities is $76,619,958. Colorado proposes to finance the cost by the issuance of short-term bank loans to be repaid out of the issuance of bonds and stock.

This application is dependent upon the purchase of an additional volume up to 117,500 Mcf per day of natural gas from Pacific Northwest Pipeline Corporation for which application has been filed in Docket No. G-10455.

Chicago District Pipeline Company G-10214: Take notice that Chicago District Pipeline Company (Chicago), an Illinois corporation, address Field Office Building, Troy Road, Joliet, Illinois, filed on April 9, 1956, an application for a certificate of public convenience and necessity, pursuant to section 7 (c) of the Natural Gas Act, authorizing the construction and operation of facilities for the expansion of the capacity of its existing pipeline system and the transportation of natural gas, as hereinafter described.

Chicago proposes to build facilities that could transport an additional volume of 456,000 Mcf of natural gas per day for its customers by means of looping the existing pipeline between Joliet and Chicago, Illinois. The facilities to be constructed will consist of 49.8 miles of 36-inch and 2.3 miles of 30-inch pipeline and other facilities.

The estimated cost of the proposed facilities is $13,000,000. Chicago tentatively proposes to finance this cost by the issuance of stock and borrowing from The Peoples Gas Light and Coke Company.

Pacific Northwest Pipeline Corporation G-10455: Take notice that Pacific Northwest Pipeline Corporation (Pacific), a Delaware corporation, address M & M Building, Houston 2, Texas, filed on May 22, 1956 an application, which was amended June 21, 1956, for a certificate of public convenience and necessity, pursuant to section 7 (c) of the Natural Gas Act, authorizing the construction and operation of facilities for the expansion of the capacity of its existing pipeline system and the sale of natural gas, as hereinafter described.

Pacific proposes to transport additional volumes of natural gas for resale to Colorado Interstate Gas Company, to the extent of increasing its sales capacity by 117,500 Mcf per day, which will result in a maximum daily obligation of 235,000 Mcf for delivery to Colorado. The facilities to be constructed will consist of additional compressors to existing pipelines of approximately 55,500 horsepower by additions to and new compressor stations, and other facilities.

The estimated cost of the proposed facilities is $24,267,545, which will be financed by the issuance of bond, stock and bank loans.

The Commission finds:

(1) The applications filed by Natural, Texas Illinois, Colorado, Chicago, and Pacific in Docket Nos. G-9966, G-10103, G-10176, G-10214 and G-10455, respectively, are all related and should be consolidated for hearing.

(2) It is necessary and appropriate in carrying out the provisions of the Natural Gas Act and in the public interest that the procedure hereinafter prescribed should be followed in the hearing so that said hearing may be conducted with reasonable dispatch and the hearing commence as hereinafter ordered.

The Commission orders:

(A) The aforesaid applications in Docket Nos. G-9966, G-10103, G-10176, G-10214 and G-10455 be and the same hereby are consolidated for hearing.

(B) Pursuant to authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on October 2, 1956, at 10:00 a. m., e. d. s. t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved and the issues presented by such applications.

(C) The procedure at the hearing shall be as follows: Natural, Texas Illinois, Colorado, Chicago and Pacific respectively, shall present their direct evidence as to all matters and issues involved in decision upon the authorizations requested, and other parties, including Staff Counsel, may conduct so much of their cross-examination of the various witnesses as they are thus prepared to undertake; and thereafter the Presiding Examiner shall recess the hearing pending further order of the Commission respecting such cross-examination and the presentation of such other evidence as may be appropriate.

(D) Protests and petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before August 24, 1956. The applications

are on file with the Commission for public inspection.

Issued: July 25, 1956.

By the Commission.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

GENERAL SERVICES ADMINISTRATION

[Project 3-DC-03]

FEDERAL OFFICE BUILDINGS

PROSPECTUS FOR PROPOSED BUILDINGS IN SOUTHWEST REDEVELOPMENT AREA OF DISTRICT OF COLUMBIA

EDITORIAL NOTE: This prospectus of proposed Project Number 3-DC-03 is published pursuant to section 412 (f) of the Public Buildings Purchase Contract Act of 1954 as amended by Public Law 150, 84th Congress, which requires publication in the FEDERAL REGISTER, for a period of ten consecutive days from date of submission to the Committees on Public Works of the Senate and House of Representatives.

[Project Number 3-DC-03 (Revised)]

JUNE 29, 1956.

FORMAL PROSPECTUS FOR PROPOSED BUILDING UNDER TITLE I, PUBLIC LAW 519, 83D CONGRESS, 2D SESSION

FEDERAL OFFICE BUILDING NO. 8, WASHINGTON, D. C.

1. *Brief description of proposed building.* The project contemplates the erection of a Federal Office Building on a site to be acquired. The building will be multi-storied and will provide approximately 263,000 sqdare feet of net assignable space.

2. *Estimated maximum cost and financing.* a. Maximum cost of site and building, $12,190,000.

b. Proposed contract term, 25 years.

c. Maximum rate of interest on purchase contract, 4 percent.

3. *Certificates of need.* There is attached certificate of need signed by the head of the agency which will use the facility. Certification is hereby made as to the need for service space. Upon completion of the facility, assignment and reassignment of space will be made in accordance with existing law.

4. *Non-availability of existing space.* Suitable space owned by the Government is not available and suitable rental space is not available at a price commensurate with that to be afforded through the contract proposed.

5. *Estimated annual managerial, custodial, heat, and utility costs.* (Services to be supplied by Government). $276,100.

6. *Estimated annual tax liability, upkeep and maintenance.* a. Taxes, post construction (contract period), $141,000.

b. Upkeep and maintenance (to be provided by Government), $39,400.

7. *Current housing costs.* Housing costs currently paid by the Government for agencies to be housed in the building to be erected, $208,077.

Determination of need. It has been determined that (1) the needs for space for the permanent activities of the Federal Government in this particular area cannot be satisfied by utilization of any existing suitable property now owned by the Government, and (2) the best interests of the United States will be served by taking action hereunder.

Submitted at Washington, D. C., on July 6, 1956.

Recommended:

F. MORAN MCCONIHE,
Commissioner of Public Buildings Service.

Approved:

FRANKLIN G. FLOETE,
Administrator of General Services.

8. *Statement of Director, Bureau of the Budget.* Reflected in letter (copy attached).

CERTIFICATE OF NEED

PROPOSED FEDERAL OFFICE (FOOD AND DRUG ADMINISTRATION) BUILDING, WASHINGTON, D. C.

Project No. 3-DC-03.

I, the undersigned, the Secretary of Health, Education, and Welfare, in pursuance of the provisions of the Public Buildings Purchase Contract Act of 1954 (Public Law 519, 83d Congress) certify that there is a permanent need in this project for approximately 200,000 square feet of net agency space to accommodate the operations of the Food and Drug Administration.

M. B. FOLSOM,
Secretary of Health, Education, and Welfare.

Certified at Washington, D. C. April 12, 1956.

EXECUTIVE OFFICE OF THE PRESIDENT

BUREAU OF THE BUDGET

WASHINGTON 25, D. C.

JULY 13, 1956.

Project #3-DC-03 (Revised June 29, 1956)
Federal Office Building No. 8,
Southwest Washington Area,
Washington, D. C.

MY DEAR MR. FLOETE: Pursuant to section 411 (e) (8) of the Public Buildings Purchase Contract Act of 1954 (Public Law 519), the proposal for a Federal Office Building, received July 9, 1956, has been examined and in my opinion "is necessary and in conformity with the policy of the President." This approval is given with the following understanding:

1. That the stated project cost of $12,190,000 (including cost of a site to be acquired at an estimated cost of $75,000) is a maximum figure.

2. That the site located in the Southwest Washington Area will be developed to its maximum space utilization and that any space in excess of the needs of the Food and Drug Administration at the time the building is completed will be allocated to agencies then housed in temporary buildings. When the allocation of agencies is determined, temporary space of equivalent occupancy will be demolished.

3. That every effort will be made to design and construct space conducive to maximum efficient utilization and to take advantage of any revision of cost downward which may be found possible as the plans develop and negotiations are advanced.

You appreciate, of course, that this project will receive a more detailed review as to cost and space utilization.

Sincerely yours,

PERCIVAL F. BRUNDAGE,
Director.

Hon. FRANKLIN G. FLOETE,
Administrator,
General Services Administration,
Washington 25, D. C.

[Project 3-DC-07]

FEDERAL OFFICE BUILDINGS

PROSPECTUS FOR PROPOSED BUILDINGS IN SOUTHWEST REDEVELOPMENT AREA OF DISTRICT OF COLUMBIA.

EDITORIAL NOTE: This prospectus of proposed Project Number 3-DC-07 is published pursuant to section 412 (f) of the Public Buildings Purchase Contract Act of 1954 as amended by Public Law 150, 84th Congress, which requires publication in the FEDERAL REGISTER, for a period of ten consecutive days from date of submission to the Committees on Public Works of the Senate and House of Representatives.

[Project No. 3-DC-07]

FORMAL PROSPECTUS FOR PROPOSED BUILDING UNDER TITLE I PUBLIC LAW 519, 83D CONGRESS, 2D SESSION

FEDERAL OFFICE BUILDING NO. 10,
WASHINGTON, D. C.

1. *Brief description of proposed building.* The project contemplates the erection of a Federal Office Building on a site to be acquired in Southwest Washington. The building will be multistoried and will provide approximately 1,095,000 square feet of net assignable space.

2. *Estimated maximum cost and financing.* a. Maximum cost of the site and building, $40,900,000.

b. Proposed contract term, 25 years.

c. Maximum rate of interest on purchase contract, 4 percent.

3. *Certificates of need.* As the project is intended to provide relocation of numerous Federal agencies now in temporary buildings, no specific allocation of space can be made at this time. Upon completion of the facility, assignment and re-assignment will be made in accordance with existing law. Therefore, requirement for Certificate of Need otherwise required by section 411 (e) of the Public Buildings Purchase Contract Act of 1954 was waived in Public Law 150, 84th Congress. Certification is hereby made as to the need for service space.

4. *Nonavailability of existing space.* Suitable space owned by the Government is not available and suitable rental space is not available at a price commensurate with that to be afforded through the contract proposed.

5. *Estimated annual managerial, custodial, heat, and utility costs.* (Services to be supplied by Government), $1,095,000.

6. *Estimated annual tax liability, upkeep and maintenance.* a. Taxes, post construction (contract period), $546,000.

b. Upkeep and maintenance (to be provided by Government), $164,000.

7. *Current housing costs.* Housing costs currently paid by the Government for agencies to be housed in the building to be erected, $841,261 p. a.

Determination of need. It has been determined that (1) the needs for space for the permanent activities of the Federal Government in this particular area cannot be satisfied by utilization of any existing suitable property now owned by the Government, and (2) the best interests of the United States will be served by taking action hereunder.

WASHINGTON 25, D. C.

JULY 18, 1956.

Project #3-DC-07,
Federal Office Building, No. 10,
(Two buildings connected by pedestrian tunnel),
Southwest Washington Area,
Washington, D. C.

MY DEAR MR. FLOETE: Pursuant to section 411 (e) (8) of the Public Buildings Purchase Contract Act of 1954 (Public Law 519), the proposal for a Federal Office Building, received July 13, 1956, has been examined and in my opinion "is necessary and in conformity with the policy of the President." This approval is given with the following understanding:

1. That the stated project cost of $40,900,000 (including cost of a site to be acquired at an estimated cost of $1,700,000 is a maximum figure.

2. That the reported annual operating cost of existing temporary buildings to be supplanted, i. e., $1.00 per square foot, represents minimum maintenance in anticipation of demolition and that temporary Government buildings actually cost more to maintain than the proposed new building.

3. That the site to be acquired in the southwest Washington area will be developed to its maximum space utilization; that the proposed building will provide relocation of numerous Federal agencies now in temporary buildings; that no specific allocation of space can be made at this time; when specific allocation of agencies in the proposed building is determined by the General Services Administration, temporary space of equivalent occupancy will be demolished.

4. That every effort will be made to design and construct space conducive to maximum efficient utilization, and to take advantage of any revision of cost downward which may be found possibly as the plans develop and negotiations are advanced.

You appreciate, of course, that this project will receive a more detailed review as to cost and space utilization.

Sincerely yours,

SECURITIES AND EXCHANGE COMMISSION

[File No. 2-9760]

FLYING TIGER LINE INC.

NOTICE OF APPLICATION AND OPPORTUNITY FOR HEARING

JULY 25, 1956.

Notice is hereby given that The Flying Tiger Line Inc. ("company") has filed an application under section 310 (b) (1) (ii) of the Trust Indenture Act of 1939 for a finding by the Commission that trusteeship of Bankers Trust Company of New York (Bankers Trust) under an indenture dated as of July 1, 1952 (1952 Indenture), which was heretofore qualified under the act, and trusteeship by Bankers Trust under a proposed new indenture to be dated as of September 1, 1956 (1956 Indenture) not to be qualified under the act, is not so likely to involve a material conflict of interest as to make it necessary in the public interest or for the protection of investors to disqualify such trustee from acting as such under the 1952 Indenture and the 1956 Indenture.

Section 310 (b) of the act, which is included in section 10.4 of the 1952 Indenture, provides in part that if an indenture trustee under an indenture qualified under the act has or shall acquire any conflicting interest (as defined in the section), it shall, within 90 days after ascertaining that it has such conflicting interest, either eliminate such conflicting interest or resign. Subsection (1) of this section provides, with certain exceptions stated therein, that a trustee is deemed to have a conflicting interest if it is acting as trustee under a qualified indenture of an issuer and becomes trustee under another indenture of the same issuer. However, pursuant to clause (ii) of subsection (1), an issuer may sustain the burden of proving, on application to the Commission and after opportunity for hearing thereon, that trusteeship under a qualified indenture and another indenture is not so likely to involve a material conflict of interest as to make it necessary in the public interest or for the protection of investors to disqualify such trustee from acting as trustee under one of such indentures.

The Company alleges that:

1. It proposes to issue $1,000,000 aggregate principal amount of Series A 5½ percent Debentures (Subordinate) due 1967 under the 1956 Indenture under which Bankers Trust is named indenture trustee and to sell the new debentures to three institutional trustees which will purchase the debentures for investment and not with a view to distribution, as a result of which such debentures will be exempt from the registration requirements of the Securities Act of 1933 and the 1956 Indenture will be exempt from qualification under the Trust Indenture Act of 1939;

2. It has outstanding $2,746,000 principal amount of 5½ percent Subordinate Debentures due 1967 issued under the 1952 Indenture as of July 1, 1952 under which Bankers Trust also is trustee;

3. The debentures issued under the 1952 Indenture were registered under the Securities Act of 1933 and the 1952 Indenture was qualified under the Trust Indenture Act of 1939;

4. The 1952 Indenture and the 1956 Indenture are wholly unsecured;

5. The 1956 Indenture and the 1952 Indenture have differences as to amounts, dates and redemption and sinking fund provisions. Aside from these differences, most of the provisions of the two indentures are substantially alike;

6. The 1956 Indenture contains provisions conforming to the requirements of the Trust Indenture Act of 1939;

7. The company is not in default under the 1952 Indenture; and

8. The differences between the 1952 Indenture and the 1956 Indenture are not likely to involve a conflict of interest in the trusteeship.

For a more detailed statement of the matters of fact and law asserted, all persons are referred to said application which is on file in the offices of the Commission at 425 Second Street NW., Washington, D. C.

Notice is further given that an order granting the application may be issued by the Commission at any time after August 7, 1956, unless prior thereto a hearing on the application is ordered by the Commission, as provided in clause (ii) of section 310 (b) (1) of the Trust Indenture Act of 1939. Any interested person may not later than August 3, 1956, in writing, submit to the Commission his views or any additional facts bearing on this application or the desirability of a hearing thereon. Any such communication or request should be addressed: Secretary, Securities ad Exchange Commission, 425 Second Street N.W., Washington 25, D. C., and should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request, and the issues of fact and law raised by the application which he desires to controvert.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[F. R. Doc. 56-6146; Filed July 30, 1956; 8:50 a.m.]

[File No. 70-3495]

HOME GAS CO. AND KEYSTONE GAS CO., INC.

NOTICE OF PROPOSED ACQUISITION OF GAS PROPERTIES

JULY 25, 1956.

Notice is hereby given that Home Gas Company ("Home") and The Keystone Gas Company, Inc. ("Keystone"), each a wholly-owned subsidiary of The Columbia Gas System, Inc. ("Columbia"), a registered holding company, have filed an application-declaration pursuant to the Public Utility Holding Company Act of 1935 ("act"), designating sections 9, 10, and 12 thereof as applicable to the proposed transactions, which are summarized as follows:

Home is engaged in the purchase, storage, and transportation of natural gas and the sale at wholesale thereof to various utility companies, including Keystone, which distribute gas at retail in the State of New York. Keystone is principally engaged in the purchase, distribution and sale at retail of natural gas in the City of Olean and various other communities in said State.

Pursuant to an option dated March 14, 1955 given by Harley E. Crandall, Roy S. Crandall, and Lillian A. Wilkinson (doing business as Wayne Gas Company), all non-affiliates of Columbia, to Keystone, and a partial assignment of said option by Keystone to Home dated December 30, 1955, Home and Keystone will acquire certain gas properties of the sellers in the Wayne natural gas field, located in portions of Schuyler, Yates, and Steuben counties, New York, as follows:

Acquiring company	Properties to be acquired	Consideration
Home	(a) Natural gas production plant.	[1] $24,500
	(b) Gas rights, leaseholds, producing wells.	[2] 107,000
Keystone	(c) Natural gas distribution plant.	[3] 16,500

[1] About $360 in excess of estimated net original cost at Mar. 14, 1955. Home will also pay actual cost of subsequent property additions, about $64.

[2] Based on $350 per acre for gas rights, $100 per acre for leaseholds, and $5,500 for each producing well.

[3] About $466 in excess of estimated net original cost at Mar. 14, 1955. Keystone will also pay actual cost of subsequent property additions, about $1,177.

It is stated that the acquisition of the distribution properties by Keystone will merely expand its present service area, and that the new acquisitions by Home will assist it in the further development of its Dundee underground storage field and in meeting its market requirements.

The acquisitions by Home and Keystone, respectively, of the properties designated as (a) and (c) aforesaid have been expressly authorized by the New York Public Service Commission; and the applicants therefore claim exemption pursuant to section 9 (b) (1) of the act with respect to the acquisition of such assets as are "public utility assets" as defined in section 2 (a) (18) of the act.

Both Home and Keystone will finance their several purchases with treasury funds, and they will charge to earned surplus the slight excess of purchase price of the utility properties over estimated net original cost.

The fees and expenses incurred or to be incurred in connection herewith are estimated as follows:

	Home	Keystone
Services of Columbia Gas System Service Corp. primarily in connection with the preparation of the Declaration	$300	$100
Legal fees (Hinman, Howard & Kattell)	7,200	800
Fee to Public Service Commission of New York	2,900	700
Miscellaneous expenses	800	100
Total expenses, estimated	11,200	1,700

It is requested that the Commission's order herein be made effective upon issuance.

Notice is further given that any interested person may, not later than August 9, 1956 at 5:30 p. m., request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said application-declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-25 of the rules and regulations promulgated under the act, or the Commission may grant exemption from its rules as provided in Rules U-20 (a) and U-100, or take such other action as it may deem appropriate.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

SMALL BUSINESS ADMINISTRATION

[Declaration of Disaster Area 108]

OREGON

DECLARATION OF DISASTER AREA

Whereas it has been reported that on or about July 13, 1956, because of the disastrous effects of floods, damage resulted to residences and business property located in certain areas in the State of Oregon:

Whereas the Small Business Administration has investigated and has received other reports of investigations of conditions in the areas affected; and

Whereas after reading and evaluating reports of such conditions, I find that the conditions in such areas constitute a catastrophe within the purview of the Small Business Act of 1953, as amended:

Now, therefore, as Administrator of the Small Business Administration, I hereby determine that:

1. Applications for disaster loans under the provisions of section 207 (b) (1) of the Small Business Act of 1953, as amended, may be received and considered by the office below indicated from persons or firms whose property situated in Wheeler County (including any areas adjacent to said county) suffered damage or other destruction as a result of the catastrophe above referred to:

Small Business Administration Regional Office, Burke Building, 905 Second Avenue, Seattle, Washington.

Small Business Administration Branch Office, Old U. S. Courthouse, 520 SW Morrison Street, Portland 4, Oregon.

2. No special field office will be established at this time.

3. Applications for disaster loans under the authority of this Declaration will not be accepted subsequent to January 31, 1957.

Dated: July 16, 1956.

WENDELL B. BARNES, *Administrator.*

INTERSTATE COMMERCE COMMISSION

FOURTH SECTION APPLICATIONS FOR RELIEF

JULY 26, 1956.

Protests to the granting of an application must be prepared in accordance with Rule 40 of the general rules of practice (49 CFR 1.40) and filed within 15 days from the date of publication of this notice in the FEDERAL REGISTER.

LONG-AND-SHORT HAUL

FSA No. 32424: *Liquefied petroleum gas in Central Territory.* Filed by H. R. Hinsch, Agent, for interested rail carriers. Rates on liquefied petroleum gas, tank-car loads from specified points in Illinois, Indiana, Kentucky, Michigan, New York, Ohio, Pennsylvania, and West Virginia in central territory to specified points in central territory, within 260 miles from each origin, also from West Burlington, Iowa, and specified points in Illinois to points in Illinois territory with 260 miles from each origin.

Grounds for relief: Maintenance of depressed rates not applicable in constructing combination rates.

FSA No. 32425: *Commodities—Central Territory to Illinois and Southern Territories.* Filed by H. R. Hinsch, Agent, for interested rail carriers. Rates on liquefied chlorine gas, tank-car loads and other commodities described in the application from specified points in central territory to specified points in Illinois and southern territories.

Grounds for relief: Carrier competition and circuitous routes.

FSA No. 32426: *Asphalt filler—Chattsworth, Ga., to New Jersey.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on asphalt filler and related articles, carloads from Chattsworth, Ga., to South Bound Brook, N. J.

Grounds for relief: Short-line distance formula and circuitous routes, Market, Truck, Water competition.

Tariff: Supplement 191 to Agent Spaninger's I. C. C. 1324.

FSA No. 32427: *Hides, pelts and skins—Carroll, Fla., to Endicott, N. Y.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on hides, pelts and skins, carloads from Carroll, Fla., to Endicott, N. Y.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 191 to Agent Spaninger's tariff I. C. C. 1324.

FSA No. 32428: *Hides, pelts and skins—Bolivar, Tenn., to Boston, Mass.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on hides, pelts and skins, carloads from Bolivar, Tenn., to Boston, Mass., and points taking Boston rates.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 191 to Agent Spaninger's tariff I. C. C. 1324.

FSA No. 32429: *Hides, pelts and skins—Newnan, Ga., to Belleville, N. J.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on hides, pelts and skins, carloads from Newnan, Ga., to Belleville, N. J.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 191 to Agent Spaninger's I. C. C. 1324.

FSA No. 32430: *Fuller's earth—Georgia and Florida to Western Trunk Line Territory.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on fuller's earth, carloads from Attapulgus, Faceville, Quality, Roddenbery, Ga., Jamieson, Magnet Cove and Quincy, Fla., to specified points in western trunk-line territory.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 39 to Agent Spaninger's I. C. C. 1491.

FSA No. 32431: *Aluminum ingots and pigs to Chicago, Ill.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on aluminum ingots and pigs, carloads from Chalmette, and New Orleans, La., to Chicago, Ill.

Grounds for relief: Barge competition and circuitous routes.

Tariff: Supplement 19 to Agent Spaninger's I. C. C. 1509.

FSA No. 32432: *Magnesite—Carlsbad and Loving, N. Mex., to St. Louis, Mo.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on magnesite, dead burned, carloads from Carlsbad and Loving, N. Mex., to St. Louis, Mo.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 223 to Agent Kratzmeir's I. C. C. 4139.

FSA No. 32433: *Wallboard—Southern to Southwestern Territory.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on wallboard, carloads, as described in the application from points in southern territory to points in southwestern territory.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 16 to Agent Kratzmeir's I. C. C. 4198.

By the Commission.

[SEAL] HAROLD D. MCCOY,
Secretary.

  - Cuba; quotas for. *See* Quotas.
  - Entry of sugar into continental United States; certification required when any quota has been filled to 80 percent or more, Republic of Philippines, 1956 — 6200
  - Hawaii, Territory of; quotas for. *See* Quotas.
  - Mainland. *See* Continental United States.
  - Philippines, Republic of:
    - Certification requirements, 1956 quota filled to 80 percent or more — 6200
    - Quotas for. *See* Quotas.
  - Puerto Rico; consumption requirements and quotas:
    - *See also* Quotas, *below*.
    - Allotment of sugar quotas — 5819, 6275
  - Quotas:
    - *See also* Puerto Rico.
    - Quotas, and proration of quota deficits, for domestic area (Hawaii, Puerto Rico, Virgin Islands, and continental United States), and for Cuba, Republic of Philippines and other foreign countries; 1956 quotas:
      - Direct-consumption portion of quotas or prorations; other areas — 6009
      - Domestic areas, basic quotas for — 6009
      - Foreign countries other than Cuba and Republic of Philippines; proration of quota for — 6009
      - Other areas, basic quotas for — 6009
- Virgin Island. *See* Quotas.

AGRICULTURE DEPARTMENT—Continued — Page

Sugar—Continued
- Normal yields and eligibility for abandonment and crop deficiency payments, determination of; Puerto Rico, 1954–55 crop:
  - Añasco and San Sebastián — 6111
  - Mayagüez — 6111
- Prices; sugarcane:
  - Hawaii, 1956 crop; reopening of hearing respecting — 6572
  - Puerto Rico; 1954–55 and 1955–56 crops — 5789
- Proportionate shares for farms; mainland cane sugar area, 1957 crop — 6218

Swine. *See* Meats and products.
Tobacco:
- Marketing quotas, farm, acreage allotments, etc.:
  - Cigar-filler and binder tobacco, 1956–57 — 6254
  - Maryland tobacco, 1956–57 — 6260
- Soil bank program. *See under* Soil bank.

Vegetables:
- Marketing of certain vegetables. *See* Cauliflower; Peas; *and* Potatoes.
- Standards, for onions. *See* Onions.

Wheat:
- Marketing quotas, farm, acreage allotments, etc.:
  - 1956 crop:
    - County acreage allotments — 5913
    - Dates by which wheat acreage must be utilized as cover crop in State of Oregon — 5733
  - 1957 crop; county acrage allotments — 6000, 6056
  - 1957–58; results of marketing quota referendum — 6403
- Soil bank program. *See under* Soil bank.

Youngberries. *See* Blackberries and similar berries.

AIR FORCE DEPARTMENT:
- Air Force Academy, designation of persons from foreign countries to receive instruction at; authority delegation from Secretary of Defense respecting — 6357
- Aircraft restricted areas over military installations, designation in coordination with Air Force. *See main heading* Civil Aeronautics Administration.
- Appointment without compensation and statements of financial interests, report of; persons appointed under Defense Production Act of 1950 — 6046, 6047
- Authority, delegation of, from Defense Department, Secretary; designation of persons from foreign countries to receive instruction at Air Force Academy — 6357
- Committee, Single Manager, petroleum assignment; administrative committee; representation on. *See main heading* Defense Department.
- Enlistment in Reserve forces. *See* Reserve forces.
- Petroleum, for Armed Services, designation of Single Manager. *See main heading* Defense Department.
- Procurement regulations, armed services. *See main heading* Defense Department.
- Records, non-Federal; retention requirements. *See main heading* Records.
- Reserve forces:
  - Air Force Reserve Officers' Training Corps:
    - Deferment of Air Force Reserve Officers — 6180
    - Institutional phase — 6176
  - Enlistment and re-enlistment, where accomplished; men with prior service — 5795
  - Ready Reserve, welfare, morals, health and safety of members of, while undergoing active duty for training for basic training; Defense Department regulation — 5967
- Single Manager assignment for petroleum; responsibilities, etc. *See main heading* Defense Department.

ALASKA GAME COMMISSION:
- Records, non-Federal; retention requirements. *See main heading* Records.

ALASKA ROAD COMMISSION:
- Transfer of records, property, personnel, funds, etc., from Interior Department to Commerce Department, provision respecting claims and contracts, etc.; memorandum of agreement between Departments in connection with — 6395

ALIEN PROPERTY, OFFICE OF:
- Records, non-Federal; retention requirements. *See main heading* Records.

Design and construction, fire protection:
Approved hand fire extinguishers 5735
Hand fire extinguishers for cabin interiors 5735
Flight, performance; for turbine-powered transport category airplanes of current design, proposed rule making 6091
Operating limitations and information; airplane flight manual, proposed rule making 6091
Certificates, airmen; pilot and instructor certificates; revision 6501
Aircraft and instrument ratings 6507
Applicability and definitions 6503
General provisions; duration of certificate, citizenship, etc 6503
Instructor, flight, certificates 6507
Pilot certificates:
Airplane rating (student, private, commercial) 6504
Glider rating (student, private, commercial) 6506
Rotorcraft rating (student, private, commercial) 6505
Special issuance (for graduates of flying schools, military competence, foreign pilot certificates) 6507
Certification, identification, and marking of aircraft; aircraft nationality and registration marks, use of large markings on fuselage or vertical tail surfaces of fixed-wing aircraft to permit easy military interceptor identification in restricted areas, extension of time in which to meet requirements (SR–412A) 5774
Certification and approval of imported aircraft and related products; turbine-powered transport category airplanes of current design, proposed rule making 6091
Economic regulations, for air carriers:
Accounts, uniform system of, for certificated air carriers:
Amendments to presently effective part; proposed rule making, notice of withdrawal of 6418

CIVIL AERONAUTICS BOARD—Continued Page

Economic regulations, for air carriers—Continued
Accounts, uniform system of, for certificated air carriers—Continued
Prescription of depreciation accounting practices, notice of hearing 6303
Revision (to become effective Jan. 1, 1957); proposed amendments:
General reporting provisions:
Introduction to system of reports:
Conversion to system 6519
Separate entities 6519
National defense elements 6519
Profit and loss classification; objective classification, operating revenues:
Charter and special 6518
Other incidental revenues 6518
Other operating revenues 6518
Certification and exemption of noncertificated cargo carriers, revocation of part 5965
Flight schedules of certificated air carriers; realistic scheduling and on-time performance required, notice of hearing 6303
Foreign air carriers; applications for permits to engage in air transportation across international border between United States and Canada:
Formal requirements 6223
Incorporation by reference 6223
Reports (statistical and flight), filing of, by supplemental air carriers and large irregular air carriers 6564
Explosives and other dangerous articles, transportation of; proposed rule making 6574
Foreign air carriers. *See* Economic regulations.
Hearings, investigations, etc.; companies and cases, list of, *see list at end of this agency.*
Imported aircraft and related products, certification and approval of. *See* Certification and approval of imported aircraft and related products.
Irregular air carrier and off-route rules:
Flight operation rules; pilot responsibilities, admission to flight deck, proposed rule making 6573
Operating limitations for large passenger carrying airplanes:
En route limitations on multiengine aircraft with maximum allowable takeoff weight below 12,500 pounds, proposed rule making 6071
Performance limitations for turbine-powered transport category airplanes of current design, proposed rule making 6091
Ratings. *See* Certificates and ratings.
Records, non-Federal; retention requirements. *See main heading* Records.
Reports (statistical and flight), filing of, by supplemental and large irregular air carriers. *See* Economic regulations.
Scheduled air carriers:
Interstate air carrier certification and operation rules:
Airmen regulations; pilot route and airport qualifications, extension of (SR–414), proposed 6278
Airplane performance operating limitations, transport category; turbine-powered transport category airplanes of current design, proposed rule making 6091
Flight operations; admission to flight deck, proposed rule making 6573
Operations outside continental limits of United States, certification and operation rules; passenger operations:
Airman rules; pilots:
Flight time limitations for pilots not regularly assigned to one type of crew, extension of (SR–386C), proposed 5806
Route and airport qualification requirements, extension of (SR–413), proposed 6278
Airplane performance operating limitations, transport category; turbine-powered transport category airplanes of current design, proposed rule making 6091
Miscellaneous operation rules; admission to flight deck, proposed rule making 6573

PARALLEL TABLES OF STATUTORY AUTHORITIES AND RULES

Following is a list of current additions to the Parallel Tables of Statutory Authorities and Rules appearing in Title 2 of the Code of Federal Regulations. These additions are made as a result of the rules published in the FEDERAL REGISTER during August 1956. In order to determine the FEDERAL REGISTER page numbers of the CFR titles and parts involved, users should consult the Codification Guide.

It should be noted that recent legislation not yet assigned within the U. S. Code is carried by public law number at the end of the list.

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 6—EXCEPTIONS FROM COMPETITIVE SERVICE

TREASURY DEPARTMENT

Effective upon publication in the FEDERAL REGISTER, subparagraph (4) is added to § 6.103 (b) as set out below.

§ 6.103 *Treasury Department.* • • •

(b) *Bureau of Customs.* • • •

(4) Positions of day ("pick-up") laborers whose assignments are to intermittent duties of short duration that must be performed without delay in field establishments where hiring of "pick-up" laborers is authorized by the Bureau of Customs headquarters. Persons appointed under this authority may not be employed in this kind of work in the Bureau of Customs for more than 180 working days a year under this authority or under a combination of this authority and any other authority for excepted appointment that may be appropriate. This authority is not appropriate for job employment.

TITLE 7—AGRICULTURE

Chapter VII—Commodity Stabilization Service (Farm Marketing Quotas and Acreage Allotments), Department of Agriculture

PART 728—WHEAT

SUBPART—WHEAT MARKETING QUOTAS FOR THE 1956 CROP

DATES BY WHICH WHEAT ACREAGE MUST BE UTILIZED AS WHEAT COVER CROP IN OREGON

Basis and purpose. The amendment herein is issued under the wheat marketing quota provisions of the Agricultural Adjustment Act of 1938, as amended, for the purpose of publishing and revising the dates in certain counties by which wheat acreage on a farm must be utilized as wheat cover crop.

Since the only purpose of this amendment is to publish or revise the dates by which wheat must be used as wheat cover crop in certain counties in Oregon and since the farmers involved have already been informed in writing of the dates, it is hereby found that compliance with the notice, procedure, and 30-day effective date provisions of section 4 of the Administrative Procedure Act is impracticable and contrary to the public interest. Therefore, the amendment herein shall become effective upon filing of this document with the Director, Division of the Federal Register.

Section 728.651 (r) insofar as it relates to the counties listed below is amended as follows:

OREGON

WINTER WHEAT

August 1, 1956: Douglas, Jackson, Josephine, Lane.

SPRING WHEAT

August 1, 1956: Benton, Clackamas, Douglas, Jackson, Josephine, Lane, Linn, Marion, Polk, Washington, Yamhill.

(Sec. 375, 52 Stat. 66, as amended; 7 U. S. C. 1375)

Done at Washington, D. C., this 31st day of July 1956.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

[F. R. Doc. 56-6229; Filed, July 31, 1956; 11:30 a. m.]

TITLE 10—ATOMIC ENERGY

Chapter I—Atomic Energy Commission

PART 25—ACCESS TO RESTRICTED DATA

CONTROLLED THERMONUCLEAR PROCESSES

The following amendments to Title 10, CFR, Part 25, Access to Restricted Data, establish special requirements for access to Secret Restricted Data in Category C-20 *Controlled Thermonuclear Processes.* Because these amendments are required in the interests of the common defense and security, the Commission has concluded that they should be effective without a prior period of notice.

1. Add the following sentence at the end of § 25.11 (b) (7): "In addition, if

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15 cents) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended August 5, 1953. The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of books and pocket supplements vary.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER, or the CODE OF FEDERAL REGULATIONS.

CFR SUPPLEMENTS

(As of January 1, 1956)

The following Supplements are now available:

access to Secret Restricted Data in category C–20 *Controlled Thermonuclear Processes* is requested, the application should also include sufficient information to satisfy the requirements of § 25.15 (b) (2).

2. Paragraph (b) of § 25.15 is amended by adding "(1)" after "(b)" and adding the following subparagraph at the end thereof:

(2) An application for access to Secret Restricted Data in category C–20 *Controlled Thermonuclear Processes* will be approved only if the application demonstrates also that the applicant,

(i) Is engaged in a substantial effort to develop, design, build or operate a fission power reactor that is planned for construction; or

(ii) Possesses qualifications demonstrating that he is capable of making a significant contribution to research and development in the controlled thermonuclear field.

Dated at Washington, D. C., this 30th day of July 1956.

(Sec. 161, 68 Stat. 948; 42 U. S. C. 2201)

K. E. FIELDS,
General Manager.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

Subchapter A—Civil Air Regulations

[Supplement 30]

PART 4b—AIRPLANE AIRWORTHINESS—TRANSPORT CATEGORIES

APPROVED HAND FIRE EXTINGUISHERS

Section 4b.380–2 contains CAA standards for approved hand fire extinguishers as required by CAR 4b.380. The location within the cabin interiors for these approved hand fire extinguishers is stated in § 4b.381–1.

1. A new § 4b.380–2 is added to read as follows:

§ 4b.380–2 *Approved hand fire extinguishers (CAA policies which apply to § 4b.380 (a))*—(a) *Standards for approval.* An approved type fire extinguisher includes those approved by the Underwriters Laboratories, Inc., Factory Mutual Laboratories, Underwriters' Laboratories of Canada, or any other agency deemed qualified by the Administrator, or approved by the Administrator in accordance with the provisions of § 4b.18.

(b) *General.* When selecting a hand fire extinguisher for use in aircraft, consideration should be given to the most appropriate extinguishing agent for the type and location of fires[1] likely to be encountered. Consideration should also be given to the agent's ratio of extinguishing ability to quantity required, toxicity,[2] corrosive properties, freezing point, and to the unit's gross weight, ease of operation, and maintenance requirements. Aircraft hand fire extinguishers using agents having a rating in toxicity Group 4 or under should not be installed in airplanes for which an application for a type certificate was made on or after March 5, 1952.[3]

(c) *Types of extinguishers*—(1) *Carbon dioxide extinguishers.*[4] Carbon dioxide extinguishers are acceptable when the principal hazard is a Class B or Class C fire. Carbon dioxide portable installations should not exceed five pounds of agent per unit to insure extinguisher portability and to minimize crew compartment CO_2 concentrations.

(2) *Water extinguishers.*[5] Water extinguishers are acceptable when the principal hazard is a Class A fire and where a fire might smolder if attacked solely by such agents as carbon dioxide or dry chemical.

(3) *Vaporizing liquid extinguishers.*[6] Vaporizing liquid type fire extinguishers are acceptable when the principal hazard is a Class B or Class C fire.

(4) *Dry chemical extinguishers.*[7] Dry chemical extinguishers are acceptable where the principal hazard is a Class B or Class C fire. The extinguisher should not be used in crew compartments because of interference with visibility during discharge and because of the possibility of the nonconductive powders' being discharged on electrical contacts not otherwise involved.

2. A new § 4b.381–1 is added to read as follows:

§ 4b.381–1 *Hand fire extinguishers for cabin interiors (CAA policies which apply to § 4b.381 (e) and (f))*—(a) *Crew compartment.* At least one hand fire extinguisher suitable for Class B and C fires should be installed in the crew compartment. Additional extinguishers may be required as dictated by potential fire hazards, extinguisher accessibility, and agent capacity.

(1) The extinguisher(s) should be readily accessible to crew members and mounted so as to facilitate quick removal from its mounting bracket.

(b) *Passenger compartments.* Fire extinguisher type and capacity should be based on the hazard, e. g., if a unit must protect large accessible baggage compartments, galleys, or electrical equipment racks, portables larger than minimum size should be provided. The size of the extinguisher should not, however, preclude ready portability by a flight attendant or even a passenger.

(1) Each fire extinguisher should be located adjacent to the most prominent hazard such as a baggage compartment, galley, etc.

(i) Where no such obvious hazard exists, or when only one unit is required, the extinguisher should be located at the flight attendant's station or at the entrance door on aircraft with no flight attendant.

(ii) Where two or more extinguishers are required and location is not dictated by special hazards, the units should be located at opposite ends of the passenger cabin.

(2) An extinguisher should be installed in each separate cabin, lounge, or smoking compartment unless the extinguisher in the adjacent compartment is in close proximity and easily accessible.

(3) All extinguishers should be easily accessible and clearly visible to the crew and passengers; however, if they cannot be clearly visible, their location should be indicated by a clearly legible placard or sign visible to the crew and passengers.[8]

This supplement shall become effective September 1, 1956.

(Sec. 205, 52 Stat. 984 as amended, 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1007 as amended, 49 U. S. C. 551)

[SEAL] C. J. LOWEN,
Administrator of Civil Aeronautics.

[F. R. Doc. 56–6220; Filed, July 31, 1956; 9:35 a. m.]

Chapter II—Civil Aeronautics Administration, Department of Commerce

Subchapter A—Procedural Regulations

[Amdt. 8]

PART 406—CERTIFICATION PROCEDURES

AIRCRAFT REGISTRATION AND FEES

Part 406 of the regulations of the Administrator is amended to require (1) applicants for aircraft registration to submit the executed originals of Parts B and C of Form ACA–500 rather than the duplicates and (2) to permit purchasers of aircraft to operate such aircraft with-

[1] Class A fires: Fires in ordinary combustible materials where the quenching and cooling effects of quantities of water, or solutions containing large percentages of water, are of first importance.

Class B fires: Fires in flammable liquids, greases, etc., where a blanketing effect is essential.

Class C fires: Fires in electrical equipment, where the use of a nonconducting extinguishing agent is of first importance.

[2] The toxicity ratings listed by the Underwriters' Laboratories for some of the commonly known fire extinguisher chemicals are as follows:
Bromochloromethane—Group 3.
Bromotrifluoromethane—Group 6.
Carbon dioxide—Group 5.
Carbon tetrachloride—Group 3.
Dibromodifluoromethane—Group 4.
Methyl bromide—Group 2.

[3] Many transport type airplanes, due to their type certification basis, are not required to comply with § 4b.380. For such airplanes, it is recommended that hand fire extinguishers employing agents in toxicity Group 4 or higher be installed when renewing or replacing hand fire extinguishers employing toxic agents.

[4] Carbon dioxide is noncorrosive and will not injure food or fabric. Extinguishers must be winterized if they are to operate at temperatures below −40° F. Approved unit capacity ranges upwards from two pounds. These extinguishers have only limited value for the extinguishment of Class A fires, the action of the agent being to blanket the fire by excluding oxygen.

[5] Certain antifreeze agents may be corrosive. Approved extinguishers are either protected against freezing to −40° F. or must be handled as any other unprotected water on the airplane. Technical Standard Order C19a (14 CFR 514.19a) covers a minimum 1¾ quart capacity approved water extinguisher. Water extinguishers of the kinds currently on the market are not acceptable for flammable liquid or electrical fires.

[6] These agents are not normally corrosive to aircraft structure and approved units will be satisfactorily protected against freezing to at least −40° F. Up to the effective date of this policy, no vaporizing liquid extinguisher with Underwriters' Laboratories toxicity rating higher than Group 4 is commercially available. Approved units have a minimum capacity of one quart. They are of only limited value for the extinguishment of Class A fires, having a cooling effect of about one-tenth that of water.

[7] The powder is nontoxic and noncorrosive and approved units are protected against freezing to at least −40° F. Minimum capacity of approved units is two pounds.

[8] It is recommended that signs indicating location of extinguishers have letters at least ⅜ inch in height mounted on a contrasting background.

out registration for more appropriate periods of time after acquisition rather than the 60-day period presently prescribed.

These proposed rules appeared as a Notice of Proposed Rule Making in 21 F. R. 3631 on May 26, 1956. All interested persons have been afforded an opportunity to submit written views, data, or argument and consideration has been given all relevant data presented.

The following rules are hereby adopted:

1. Section 406.14 (c) is amended to read as follows:

§ 406.14 *Aircraft certificates.* • • •

(c) *Aircraft registration certificate.* • • •

(2) *Application and fee.* An application for this certificate shall be made on a Form ACA–500. This form will contain three parts: Part A, "Certificate of Registration"; Part B, "Application for Registration"; and Part C, "Bill of Sale." An applicant for a certificate of registration shall mail the original and a duplicate of Part A, an original of Part B, an original of Part C or another bill of sale or other form of conveyance described in § 501.4 (b) (2) of this chapter, and a registration fee of $4 to the Administrative and Records Branch of the Administration in Washington, D. C. If a contract of conditional sale is submitted, an additional fee of $4 shall be enclosed to record it. The applicant shall retain the duplicate of Part B in the aircraft as a temporary registration pending receipt of the certificate of registration, Part A of Form ACA–500, and in the event later notification from the CAA authorizes continued temporary operation of the aircraft pending receipt of such certificate of registration, the applicant shall also retain such notification in the aircraft.

(3) *Issuance.* This certificate will be issued on the original "Certificate of Registration," Form ACA–500, Part A.

(4) *Additional requirements.* Further provisions regarding this certificate are contained in Part 501 of this chapter.

NOTE: The reporting requirements contained in this regulation have been approved by the Bureau of the Budget.

This amendment shall become effective August 31, 1956.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 501, 52 Stat. 1005, 49 U. S. C. 521.)

[SEAL] C. J. LOWEN,
Administrator of Civil Aeronautics.

[F. R. Doc. 56–6217; Filed, July 31, 1956; 9:34 a. m.]

[Amdt. 1]

PART 501—AIRCRAFT REGISTRATION CERTIFICATES

AIRCRAFT REGISTRATION REQUIREMENTS

Part 501 of the regulations of the Administrator is amended to require (1) applicants for aircraft registration to submit the executed originals of Parts B and C of Form ACA–500 rather than the duplicates, (2) to permit purchasers of aircraft to operate such aircraft without registration for more appropriate periods of time after acquisition rather than the inflexible 60-day period presently prescribed and (3) to require registered owners of aircraft to fill out the reverse side of the certificate of registration and return the certificate to the Civil Aeronautics Administration upon sale of the aircraft, registration of the aircraft under the laws of any foreign country, or upon the aircraft becoming permanently inoperative.

These proposed rules appeared as a Notice of Proposed Rule Making in 21 F. R. 3631 on May 26, 1956. All interested persons have been afforded an opportunity to submit written views, data, or argument and consideration has been given all relevant data presented.

The following rules are hereby adopted:

1. Section 501.3 (a) is amended to read as follows:

§ 501.3 *Application*—(a) *Form.* • • •

(1) An original and a duplicate of Part A;

(2) Signed original of Part B;

(3) A signed and executed original of Part C [2] or another bill of sale or other form of conveyance specified in § 501.4 (b) (2);

(4) A registration fee of $4.00 in the form of a check or money order made payable to CAA, Department of Commerce.

The name of the purchaser shall be identical on Parts A, B, and C. If a contract of conditional sale is submitted, an additional fee of $4.00 shall be enclosed to record it. The applicant shall retain the duplicate of Part B in the aircraft as a temporary registration pending receipt of the certificate of registration, Part A of Form ACA–500, and in the event a later notification from the Civil Aeronautics Administration authorizes continued operation of the aircraft pending receipt of such certificate of registration, the applicant shall also retain such notification in the aircraft.

2. Section 501.7 is amended to read as follows:

§ 501.7 *Duration.* Upon application for registration made upon the prescribed form, and submission of the required proof of ownership, an aircraft may be operated for the period pending registration, or for the period designated in a notice mailed to the applicant at the address shown on the application, whichever is shorter. The certificate of registration issued by the Administrator of Civil Aeronautics pursuant thereto shall remain in effect indefinitely unless suspended or revoked: *Provided,* That such registration and certificate shall immediately expire on the date,

(a) The aircraft is registered under the laws of any foreign country; or

(b) The registration of the aircraft is cancelled at the written request of the owner; or

(c) The aircraft is totally destroyed or scrapped; or

(d) The ownership of the aircraft is transferred.

3. Section 501.11 is amended to read as follows:

§ 501.11 *Notice of change of address, ownership or registration.* The registered owner of any aircraft shall notify the Civil Aeronautics Administration, Administrative and Records Branch, W–240, Washington 25, D. C., immediately of any change of permanent mailing address. Upon sale, destruction, scrapping or permanent retirement of the aircraft or registration of the aircraft under the laws of any foreign country, the reverse side of the certificate of registration, Part A of Form ACA–500, shall be appropriately completed and returned immediately to the Civil Aeronautics Administration, Administrative and Records Branch, W–240, Washington 25, D. C.

NOTE: The reporting requirements contained in this regulation have been approved by the Bureau of the Budget.

This amendment shall become effective August 31, 1956.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 501, 52 Stat. 1005, as amended; 49 U. S. C. 521)

[SEAL] C. J. LOWEN,
Administrator of Civil Aeronautics.

[F. R. Doc. 56–6218; Filed, July 31, 1956; 9:35 a. m.]

[Amdt. 1]

PART 503—RECORDATION OF AIRCRAFT OWNERSHIP

RECORDATION OF AIRCRAFT CONVEYANCES

Part 503 of the regulations of the Administrator is amended to permit recordation by the Administrator of any conveyance or instrument affecting title to United States registered aircraft even if unaccompanied by a duly executed application for registration. Such conveyance includes instruments transferring ownership of United States registered aircraft to foreign nationals. A recordation fee of $4.00 is charged for each aircraft covered by the conveyance submitted for recordation. A separate registration fee of $4.00 is charged when the application for registration is submitted later. The Administrator will continue the practices of (1) charging only $4.00 as a combined recordation and registration fee when proof of ownership, except a contract of conditional sale, and the application for registration are submitted together; (2) recording without charge releases, cancellations, or other discharges of instruments executed for security purposes; and (3) charging a $4.00 recordation fee for each aircraft covered by a conveyance executed for security purposes, including contracts of conditional sale. A minor revision is made in § 503.3 (a) (2) to require listing in a conveyance the model of the aircraft in addition to the identification details now required. This addition provides information required for certificates of registration by Annex 7 to the Convention on International Civil Aviation.

These proposed rules appeared as a Notice of Proposed Rule Making in 21 F. R. 3632 on May 26, 1956. All interested persons have been afforded an opportunity to submit written views, data, or argument and consideration has been given all relevant data presented.

The following rules are hereby adopted:

1. Section 503.3 (a) is amended to read as follows:

§ 503.3 *Eligibility of conveyance.* (a) A conveyance shall be eligible for recordation only if:

(1) It is executed upon the form prescribed by the Administrator of Civil Aeronautics for such type of conveyance, or upon a form deemed appropriate by the Administrator, and is submitted to the Civil Aeronautics Administration, Administrative and Records Branch, W–240, Washington 25, D. C.;

(2) It describes the aircraft by make and model, manufacturer's serial number and Civil Aeronautics registration number, or by other detail sufficient to enable identification;

(3) It is the original document or an executed duplicate thereof, with all signatures in ink; [2]

(4) It affects an aircraft registered under the Civil Aeronautics Act of 1938, as amended, or is a bill of sale or contract of conditional sale to the holder of a dealer's aircraft registration certificate; [3]

(5) It is acknowledged by the signer or signers before a notary public or other officer authorized by the law of the United States, or of a State, Territory or possession thereof, or the District of Columbia, to take acknowledgment of deeds; and

(6) It is accompanied by the required recordation fee of $4.00 in the form of a check or money order made payable to CAA, Department of Commerce, for each aircraft covered by the conveyance: *Provided,* That this paragraph shall apply only to bills of sale unaccompanied by a duly executed application for registration and registration fee of $4.00 or conveyances executed for security purposes such as contracts of conditional sale or chattel mortgages.

NOTE: No fee is charged for the recordation of any bill of sale or bills of sale accompanied by a duly executed application for registration and registration fee of $4.00 or for the recordation of any release, cancellation, invalidation, discharge, or satisfaction of any conveyance executed for security purposes.

NOTE: The reporting requirements contained in this regulation have been approved by the Bureau of the Budget.

This amendment shall become effective August 31, 1956.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 503, 52 Stat. 1006, as amended; 49 U. S. C. 523)

[SEAL] C. J. LOWEN,
Administrator of Civil Aeronautics.

[F. R. Doc. 56–6219; Filed, July 31, 1956; 9:35 a. m.]

[2] A separate Part C (Bill of Sale) to Form ACA–500 has been provided for use when an additional bill of sale is required to complete the chain of ownership, or the execution of a new bill of sale is required to replace that submitted which did not meet the recording requirements of the Act or the Regulations of the Administrator. This form will also serve the aircraft manufacturers, dealers, distributors, and purchasers, who buy for immediate resale.

[2] When return of the original conveyance to the sender is desired, a certified true copy thereof shall be submitted with the original document. After recording, the certified true copy will be retained and the original will be returned to the sender stamped with the date and hour of recordation. A certified true copy of an original document is a document which is a complete copy of the original in all respects, including the dates, signatures, and acknowledgments and to which is attached a certificate of a notary public stating that such officer has compared the copy with the original document and that it is a true and correct copy in all respects.

[3] Documents of this nature are recorded under the numbers assigned to aircraft by their manufacturers. No particular dealers' aircraft registration certificate is associated with a particular aircraft. This action of recordation provides information to those consulting the records as to the ownership of the aircraft. The question of whether the full benefits of the recording provisions of the Civil Aeronautics Act are thus acquired has not yet been the subject of judicial review.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[FCC 56–696]

PART 3—RADIO BROADCAST SERVICES

UHF CONSTRUCTION PERMITS EXTENDED TO OCTOBER 16, 1956

JULY 19, 1956.

Extensions of time to construct UHF television stations are being limited to three months by the Commission where the permittees of these stations indicate that construction or operation is being put off because of economic uncertainties facing UHF television stations. The Commission is granting this extension to allow such permittees an opportunity to reevaluate their plans in the light of the Commission's Report and Order of June 25, 1956, in Docket 11532. The Commission is fixing October 16, 1956, as the termination date for all such UHF construction permits and will examine further requests to extend beyond that date for a clear indication of intent to proceed with construction or operation.

NOTE: This affects § 3.626.

Adopted: July 18, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 56–6187; Filed, July 31, 1956; 8:50 a. m.]

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

Subchapter B—Hunting and Possession of Wildlife

PART 6—MIGRATORY BIRDS AND CERTAIN GAME MAMMALS

OPEN SEASONS, BAG LIMITS, AND POSSESSION OF CERTAIN MIGRATORY GAME BIRDS

Basis and purpose. Section 3 of the Migratory Bird Treaty Act of July 3, 1918, as amended (40 Stat. 755; 16 U. S. C. 704), authorizes and directs the Secretary of the Interior, from time to time, having due regard for the zones of temperature and to the distribution, abundance, economic value, breeding habits, and times and lines of flight of migratory birds, to determine when, to what extent, and by what means, such birds or any part, nest or egg thereof, may be taken, captured, killed, possessed, sold, purchased, shipped, carried, or transported.

By notice of proposed rule making published on June 2, 1956 (21 F. R. 7399), the public was invited to submit views, data, or arguments in writing to the Director, Fish and Wildlife Service, Washington, D. C., within the period of thirty days from the date of such publication and thus participate in the preparation of amendments to Part 6, Title 50, Code of Federal Regulations, to be proposed for the purpose of specifying open seasons, certain closed seasons, means of hunting, shooting hours, and bag limits for migratory game birds.

Subsequently, after due consideration of data obtained through investigations conducted by personnel of the Fish and Wildlife Service, State game departments, and from other sources, the several State game departments were informed concerning the season lengths and daily bag and possession limits proposed to be prescribed for the 1956–57 seasons on rails, gallinules, woodcock, and mourning and white-winged doves. The State game departments were also invited to submit recommendations for hunting seasons in the respective States on applicable members of these species; such hunting seasons to conform to the season lengths, and to fall within a framework of opening and closing dates, as established by this Department.

No written data, views, or arguments have been received in direct response to the notice of proposed rule making but each State game department has furnished information concerning the hunting seasons desired for its State on those species of migratory game birds for which open seasons are now to be prescribed. Accordingly, the schedules designated as subparagraphs (1) *Atlantic Flyway States,* (2) *Mississippi Flyway States,* (3) *Central Flyway States,* and (4a) *Mourning (turtle) doves* of § 6.4 (e), Title 50, CFR, are amended to read as follows:

(1) *Atlantic Flyway States.*

	Rails and gallinules		Woodcock
	Sora	All others (singly or in aggregate)	
Daily bag limit	25	10	4
Possession limit	25	20	8
Seasons in—			
Connecticut [1]	Sept. 1–Oct. 20		Oct. 27–Dec. 5.
Delaware	Sept. 1–Nov. 9		Nov. 17–Dec. 24.
District of Columbia	No open season		No open season.
Florida	Sept. 1–Nov. 9		Nov. 20–Dec. 29.
Georgia	Sept. 20–Nov. 28		Dec. 11–Jan. 19.
Maine [1]	Sept. 20–Nov. 28		Oct. 1–Nov. 9.
Maryland	Sept. 1–Oct. 20		Nov. 15–Dec. 24.
Massachusetts [1]	Oct. 20–Dec. 28		Oct. 20–Nov. 20.
New Hampshire [1]	Sept. 1–Nov. 9		Oct. 1–Nov. 9.
New Jersey	Sept. 1–Nov. 9		Oct. 29–Nov. 28.
New York [1]	Sept. 1–Nov. 9		See footnote 2.
North Carolina	Sept. 1–Nov. 9		Nov. 22–Dec. 31.
Pennsylvania	Sept. 1–Nov. 9		Oct. 8–Nov. 16.
Rhode Island [1]	Oct. 1–Dec. 9		Nov. 1–Nov. 30.
South Carolina	Oct. 1–Dec. 9		Dec. 14–Jan. 19.
Vermont	Sept. 1–Nov. 9		Oct. 1–Nov. 9.
Virginia	Sept. 15–Oct. 31		Nov. 19–Dec. 28.
West Virginia	Oct. 12–Dec. 20		Oct. 12–Nov. 20.
Puerto Rico	Dec. 15–Feb. 12		No open season.

[1] Scoter, eider, and old-squaw ducks may be taken in open coastal waters only, beyond outer harbor lines, in Maine, New Hampshire, and Rhode Island from Sept. 16 Dec. 31; in such waters in Massachusetts from Sept. 15–Dec. 30; and in such waters in Connecticut and New York from Oct. 1–Dec. 31. In areas other than those beyond outer harbor lines in such States, such birds may be taken only during the open season for other ducks. In the States mentioned only, the daily bag limit is 7 scoter, eider, or old-squaw ducks singly or in the aggregate and not exceeding 14 in possession singly or in the aggregate of all kinds.

[2] New York: The seasons for hunting woodcock are as follows: In the counties of Erie, Genesee, Livingston, Monroe, Niagara, Ontario, Orleans, Seneca, Wayne, Wyoming, Yates, and Chautauqua (Area 1)—Oct. 22–Nov. 23; in the counties of Nassau and Suffolk (Area 2)—Nov. 1–Nov. 23; in the remainder of the State (Area 3)—Oct. 15 Nov. 23.

The shooting hours during which woodcock may be taken in each of the three areas described shall be from 9 a. m. to 5 p. m., e. s. t., on the first day of the respective seasons and from 7 a. m. to 5 p. m., e. s. t., on each day thereafter.

(2) *Mississippi Flyway States.*

	Rails and gallinules		Woodcock
	Sora	All others (singly or in aggregate)	
Daily bag limit	25	15	4
Possession limit	25	15	8
Seasons in—			
Alabama	See footnote 1		Dec. 12–Jan. 20.
Arkansas	Sept. 1–Nov. 9		Nov. 15–Dec. 24.
Illinois	No open season		Nov. 17–Dec. 17.
Indiana	Sept. 1–Nov. 9		Oct. 20–Nov. 28.
Iowa	No open season		No open season.
Kentucky	Nov. 19–Jan. 10		Nov. 19–Dec. 28.
Louisiana	Oct. 1–Dec. 9		Dec. 12–Jan. 20.
Michigan	See footnote 1		See footnote 2.
Minnesota	Sept. 15–Nov. 23		Oct. 6–Nov. 14.
Mississippi	Oct. 6–Dec. 14		Dec. 16–Jan. 18.
Missouri	Sept. 1–Nov. 9		Nov. 10–Dec. 19.
Ohio	Sept. 1–Nov. 9		Oct. 1–Nov. 9.
Tennessee	Nov. 2–Jan. 20		Nov. 22–Dec. 31.
Wisconsin	Oct. 1–Dec. 9		Oct. 1–Nov. 9.

[1] The seasons for hunting rails and gallinules in Alabama and Michigan will be prescribed at a later date.

[2] Michigan: The seasons for hunting woodcock in three zones as defined by State law, orders or regulations of the Michigan Department of Conservation, are as follows: Zone 1, Oct. 1–Nov. 14; Zone 2, Oct. 1–Nov. 9, and Zone 3, Oct. 20–Nov. 9.

(3) *Central Flyway States.*

	Rails and gallinules		Woodcock
	Sora	All others (singly or in aggregate)	
Daily bag limit	25	15	4
Possession limit	25	15	8
Seasons in—			
Colorado	Sept. 1–Nov. 9		No open season.
Kansas	Sept. 1–Nov. 9		No open season.
Montana	No open season		No open season.
Nebraska	No open season		No open season.
New Mexico	Nov. 2–Jan. 10		No open season.
North Dakota	See footnote 1		See footnote 1.
Oklahoma	Oct. 1–Dec. 9		Nov. 23–Jan. 1.
South Dakota	No open season		No open season.
Texas	Sept. 1–Nov. 9		Dec. 8–Jan. 16.
Wyoming	No open season		No open season.

[1] The seasons for hunting rails, gallinules, and woodcock in North Dakota will be prescribed at a later date.

(4a) *Mourning (turtle) doves.*

Daily bag and possession limit	8
Seasons in—	
Alabama [1]	Oct. 1–Oct. 25. Dec. 12–Jan. 10.
Arkansas [1]	Sept. 1–Oct. 10. Dec. 1–Dec. 15.
Connecticut	No open season.
Delaware [1]	Sept. 20–Oct. 31. Nov. 15–Nov. 27.
District of Columbia	No open season.
Florida [1]	Oct. 13–Oct. 31. Dec. 1–Jan. 5.
Georgia	Sept. 15–Sept. 29. Dec. 17–Jan. 10.
Indiana	No open season.
Illinois	Sept. 1–Oct. 10.
Kentucky [1]	Sept. 1–Oct. 25.
Louisiana [1]	Sept. 21–Oct. 5. Dec. 1–Jan. 9.
Maine	No open season.
Maryland [1]	Sept. 15–Nov. 8.
Massachusetts	No open season.
Michigan	No open season.
Mississippi [1]	Sept. 15–Oct. 5. Nov. 10–Dec. 13.
New Hampshire	No open season.
New Jersey	No open season.
New York	No open season.
North Carolina [1]	Sept. 10–Oct. 6. Dec. 14—Jan. 10.
Ohio	No open season.
Pennsylvania	Sept. 10–Oct. 19.
Rhode Island	No open season.
South Carolina [1]	Sept. 15–Oct. 4. Dec. 7—Jan. 10.
Tennessee [1]	Sept. 1–Sept. 10. Oct. 1–Nov. 14.
Vermont	No open season.
Virginia [1]	Sept. 15–Oct. 27. Dec. 25–Jan. 5.
West Virginia	Oct. 12–Nov. 20.
Wisconsin	No open season.
Puerto Rico	No open season.

Daily bag and possession limit	10
Seasons in—	
Arizona [2]	Sept. 1–Oct. 4. Dec. 8–Dec. 23.
California [1]	Sept. 1–Sept. 30.
Colorado	Sept. 1–Oct. 20.
Idaho	Sept. 1–Sept. 15.
Iowa	No open season.
Kansas	Sept. 1–Oct. 20.
Minnesota	No open season.
Missouri	Sept. 1–Oct. 10. Nov. 10–Nov. 19
Montana	No open season.
Nebraska	No open season.
Nevada	Sept. 1–Oct. 20.
New Mexico	Sept. 1–Sept. 25. Oct. 1–Oct. 25.
North Dakota	No open season.
Oklahoma	Sept. 1–Oct. 20
Oregon	Sept. 1–Sept. 30.
South Dakota	No open season.
Texas [3]	See footnote 3
Utah	Sept. 1–Sept. 30.
Washington	Sept. 1–Sept. 30.
Wyoming	Sept. 1–Sept. 10.

[1] Shooting hours in States indicated, 12 o'clock noon (standard time) until sunset.

[2] The white-winged dove seasons in Arizona and in Imperial, Riverside, and San Bernardino counties in California conform with the mourning (turtle) dove seasons in these States. In California, the daily bag and possession limit for white-winged and mourning doves is not more than 10 singly or in the aggregate of both kinds. In Arizona, the daily bag and possession limit on mourning and white winged doves is 15, provided such limit contains not more than 10 mourning doves.

[3] Texas: Mourning doves in Val Verde, Kinney, Uvalde, Medina, Bexar, Comal, Hays, Travis, Williamson, Milam, Robertson, Leon, Houston, Cherokee, Nacogdoches, and Shelby counties and all counties north and west thereof, Sept. 1–Oct. 17. In remainder of State, Oct. 12–Nov. 28.

(Sec. 3, 40 Stat. 755, as amended; 16 U. S. C. 704. Interprets or applies E. O. 10250, 16 F. R. 5385, 3 CFR, 1951 Supp.)

The foregoing amendments shall become effective 30 days after publication in the FEDERAL REGISTER.

Issued at Washington, D. C., and dated July 30, 1956.

FRED A. SEATON,
Secretary of the Interior.

[F. R. Doc. 56-6208; Filed, July 31, 1956; 9:34 a. m.]

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 230—GENERAL RULES AND REGULATIONS, SECURITIES ACT OF 1933

REGULATION A: GENERAL EXEMPTIONS

Purpose of revision and consolidation. Regulation A as heretofore in effect has provided an exemption from registration under the Securities Act of 1933 for small issues of securities of domestic residents for domestic businesses not exceeding $300,000 in amount upon compliance with certain terms and conditions. Regulation D as heretofore in effect has provided a similar exemption from registration for small issues of securities of Canadian businesses. Notice was first given of a proposed revision of Regulation A and the consolidation therein of Regulation D on July 18, 1955. A public hearing on the proposed revision was held on November 15, 1955. Further revisions were proposed for public comment on December 27, 1955 and February 14, 1956. The comments and testimony received from the public on the various proposals have been considered and the Securities and Exchange Commission has determined that Regulation A and Regulation D should be consolidated and revised in accordance with some of the proposals heretofore made with certain modifications. A copy of the revised and consolidated regulation is set forth below.

The principal changes effected by the revision and consolidation are as follows:

1. Canadian issues will be treated the same as domestic issues insofar as the terms and conditions for the exemption are concerned except that Canadian issues by companies without a net earnings record will have to be qualified for offering in the Canadian Province in which the company has its principal office or principal place of business.

2. Heretofore no exemption has been available if any of the directors, officers, affiliates, predecessors, promoters or principal underwriter of the issuer had been convicted of a crime involving securities transactions or had been enjoined in connection with securities transactions. Under the revised regulation if any such conviction or injunction exists as to any underwriter of the issuer or any partner, director or officer of such underwriter, the exemption is not available. In addition the exemption will not now be available if the Commission, a national securities dealers association or a securities exchange has issued a disciplinary order against any underwriter of the issuer (or any partner, director or officer of any such underwriter). Furthermore, no exemption will now be available if any underwriter of the issuer (or any partner, officer or director of such underwriter) was the underwriter of any other issue which is the subject of a pending stop order or suspension order proceeding or is the subject of an outstanding stop order or suspension order issued by the Commission within the past five years.

3. Offerings by companies newly organized and those without a net income for at least one of the last two fiscal years are subject to special requirements insofar as the exemption is concerned. Only the issuer itself in such a case may use the exemption which means that an offering by a securities holder of his own securities in such a company cannot be made under the regulation. An offering circular must be used by such a company even if the amount of the offering is less than $50,000 whereas other issuers need not use an offering circular for any offering up to that amount. In computing the maximum amount of $300,000 under the exemption such a company would have to include all securities theretofore issued for assets or services and all securities issued or proposed to be issued to directors, officers, promoters, or underwriters unless such securities are effectively kept off the market (by escrow or otherwise) for one year after the commencement of the offering under the regulation.

4. The notification to be filed by an issuer on Form 1–A (§ 239.90) with the appropriate regional office of the Commission has been revised to require certain additional information which will assist the Commission staff in its determination as to the availability of the exemption and in its review of the offering circular for the detection of false and misleading statements. In addition to the filing of any underwriting contract and the consent of the underwriters to be named in the offering circular, there will now be required to be filed as exhibits copies of the document (or portions thereof) describing the rights of holders of the securities being offered and consents by engineers, geologists, appraisers, accountants and other experts to be named in the notification or offering circular where reference to them as experts or to their opinions is made.

5. The offering circular to be filed and used in connection with an exemptive offering under the regulation will not have to conform with the informational requirements set forth in Schedule I which is appended to the regulation. In general this schedule does not enlarge upon the information heretofore required in an offering circular but attempts to give more complete instructions to the issuer as to how the required information is to be presented in such a way as not to be false or misleading. The more complete instructions in large measure set forth the administrative practice of the Commission in processing filings under the previous regulations.

6. Unless the offering terminates sooner, the offering circular henceforth will have to be revised every nine months except that offering circulars for employee purchase plans must be revised every 12 months. Rule 256 (e) further specifies that in no event shall an offering circular be used if it is false and misleading under the circumstances then existing.

7. A report of sales on Form 2–A (§ 239.91) hereafter must be made within 30 days after the end of each six-month period following the date of the original offering circular until the offering has been terminated. Heretofore such report was due on a date computed with reference to the commencement of the offering which date was not known in advance to the Commission staff. Form 2–A has been revised to call for additional information which will assist the Commission staff in its enforcement program under the regulation.

8. There has been added as a ground for suspension of the exemption any failure by the issuer or any of its promoters, officers, directors or underwriters to cooperate in any investigation by the Commission of an offering under the regulation.

Statutory basis. The revised Regulation A is adopted pursuant to the Securities Act of 1933, particularly sections 3 (b) and 19 (a) thereof, the Commission finding that registration of the class of securities specified in the revised regulation, when sold in conformity with the terms and conditions prescribed therein, is not necessary in the public interest or for the protection of investors by reason of the small amounts involved and finding that the adoption of such rule is necessary and appropriate in the public interest, for the protection of investors and to carry out the provisions of the act.

Effective date. Regulation A, as revised, shall become effective July 23, 1956, superseding on that date Regulation A and Regulation D as heretofore in effect, provided that such prior regulations may, at the option of the person or persons on whose behalf the offering is to be made, apply to any filing made with the Commission prior to August 27, 1956.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

JULY 23, 1956.

Sec.

230.251 Definitions of terms used in §§ 230.251 to 230.262.
230.252 Securities exempted.
230.253 Special requirements for certain offerings.
230.254 Amount of securities exempted.
230.255 Filing of notification on Form 1–A.
230.256 Filing and use of the offering circular.
230.257 Offerings not in excess of $50,000.
230.258 Sales material to be filed.
230.259 Prohibition of certain statements.
230.260 Reports of sales hereunder.
230.261 Suspension of exemption.
230.262 Consent to service of process.

AUTHORITY: §§ 230.251 to 230.262 issued under sec. 19, 48 Stat. 85, as amended; 15 U. S. C. 77s. Interpret or apply sec. 3, 48 Stat. 75, as amended, 15 U. S. C. 77c.

§ 230.251 *Definitions of terms used in §§ 230.251 to 230.262.* As used in §§ 230.251 to 230.262, the following terms shall have the meaning indicated:

Affiliate. An "affiliate" of an issuer is a person controlling, controlled by or under common control with such issuer. An individual who controls an issuer is also an affiliate of such issuer.

Predecessor. A "predecessor" of an issuer is (a) a person the major portion of whose assets have been acquired directly or indirectly by the issuer, or (b) a person from which the issuer acquired directly or indirectly the major portion of its assets.

Promoter. The term "promoter" includes—(a) Any person who, acting alone or in conjunction with one or more other persons, directly or indirectly takes the initiative in founding and organizing the business or enterprise of an issuer;

(b) Any person who, in connection with the founding or organizing of the business or enterprise of an issuer, directly or indirectly receives in consideration of services or property, or both services and property, 10 percent or more of any class of securities of the issuer or 10 percent or more of the proceeds from the sale of any class of securities. However, a person who receives such securities or proceeds either solely as underwriting commissions or solely in consideration of property shall not be deemed a promoter within the meaning of this paragraph if such person does not otherwise take part in founding and organizing the enterprise.

Province. A "Province" is any Province or Territory of Canada.

Resident. A "resident" of a specified country is an individual resident of such country or a corporation or other organization which is incorporated or organized under the laws of such country or any of its political subdivisions.

State. A "State" is any State, Territory or insular possession of the United States, or the District of Columbia.

Underwriter. The term "underwriter" shall have the meaning given in section 2 (11) of the act.

§ 230.252 *Securities exempted.* (a) Except as hereinafter provided in §§ 230.251 to 230.262, securities issued by any of the following persons shall be exempt from registration under the act if offered in accordance with the terms and conditions of §§ 230.251 to 230.262:

(1) Any corporation, unincorporated association or trust (i) which is incorporated or organized under the laws of the United States or Canada or any State or Province thereof and (ii) which has or proposes to have its principal business operations in the United States or Canada; or

(2) Any individual who is a resident of, and has or proposes to have his principal business operations in, any State or Province; or

(3) In the case of an offering to existing security holders on a pro rata basis pursuant to warrants or rights, any direct or indirect majority-owned subsidiary of any issuer specified in subparagraph (1) of this paragraph which has securities registered on a national securities exchange pursuant to the provisions of the Securities Exchange Act of 1934.

(b) No exemption under §§ 230.251 to 230.262 shall be available for any of the following securities:

(1) Fractional undivided interests in oil or gas rights as defined in § 230.300, or similar interests in other mineral rights;

(2) Certificates of interest as defined in § 230.360;

(3) Assessable securities;

(4) Securities of any investment company registered or required to be registered under the Investment Company Act of 1940.

(c) No exemption under §§ 230.251 to 230.262 shall be available for the securities of any issuer if such issuer, any of its predecessors or any affiliated issuer—

(1) Has filed a registration statement which is the subject of any proceeding or examination under section 8 of the act, or is the subject of any refusal order or stop order entered thereunder within five years prior to the filing of the notification required by § 230.255;

(2) Is subject to any pending proceedings under § 230.261 or any similar rule adopted under section 3 (b) of the act, or to an order entered thereunder within five years prior to the filing of such notification;

(3) Has been convicted within five years prior to the filing of such notification of any crime or offense involving the purchase or sale of securities;

(4) Is subject to any order, judgment or decree of any court of competent jurisdiction, entered within five years prior to the filing of such notification, temporarily or permanently restraining or enjoining such person from engaging in or continuing any conduct or practice in connection with the purchase or sale of securities; or

(5) Is subject to a United States Post Office fraud order.

(d) No exemption under §§ 230.251 to 230.262 shall be available for the securities of any issuer, if any of its directors, officers or principal security holders, any of its promoters presently connected with it in any capacity, any underwriter of the securities to be offered, or any partner, director or officer of any such underwriter—

(1) Has been convicted within ten years prior to the filing of the notification required by § 230.255 of any crime or offense involving the purchase or sale of any security or arising out of such person's conduct as an underwriter, broker, dealer or investment adviser;

(2) Is subject to any order, judgment or decree of any court of competent jurisdiction temporarily or permanently enjoining or restraining such person from engaging in or continuing any conduct or practice in connection with the purchase or sale of any security or arising out of such person's conduct as an underwriter, broker, dealer or investment adviser;

(3) Is subject to an order of the Commission entered pursuant to section 15 (b) of the Securities Exchange Act of 1934; has been found by the Commission to be a cause of any such order which is still in effect; or is subject to an order of the Commission entered pursuant to section 203 (d) or (e) of the Investment Company Act of 1940;

(4) Has been and is suspended or expelled from membership in a national or provincial security dealers association or a national securities exchange or a Canadian securities exchange for conduct inconsistent with just and equitable principles of trade; or

(5) Is subject to a United States Post Office fraud order.

(e) No exemption under §§ 230.251 to 230.262 shall be available for the securities of any issuer if any underwriter of such securities, or any director, officer or partner of any such underwriter was, or was named as, an underwriter of any securities:

(1) Covered by any registration statement which is the subject of any proceeding or examination under section 8 of the act, or is the subject of any refusal order or stop order entered thereunder within five years prior to the filing of the notification required by § 230.255; or

(2) Covered by any filing which is subject to pending proceedings under § 230.261 or any similar rule adopted under section 3 (b) of the act, or to an order entered thereunder within five years prior to the filing of such notification.

(f) Paragraph (c), (d) or (e) of this section shall not apply to the securities of any issuer if the Commission determines, upon a showing of good cause, that it is not necessary or appropriate in the public interest or for the protection of investors that the exemption be denied.

§ 230.253 *Special requirements for certain offerings.* (a) The following provisions of this section shall apply to any offering under §§ 230.251 to 230.262 of securities of any issuer which—

(1) Was incorporated or organized within one year prior to the date of filing the notification required by § 230.255 and has not had a net income from operations; or

(2) Was incorporated or organized more than one year prior to such date and has not had a net income from operations, of the character in which the issuer intends to engage, for at least one of the last two fiscal years.

(b) If the issuer conducts or proposes to conduct its principal business operations in Canada, the securities to be offered hereunder shall be qualified or made eligible for offering in the Province in which such operations are or will be conducted. The securities of any other issuer incorporated or organized under the laws of Canada or any Province thereof shall be qualified or made eligible for offering in the Province in which the issuer has its principal office or principal place of business in Canada. All securities subject to this paragraph shall be offered in the Province in which they are qualified or made eligible for offering, concurrently with the offering in the United States. Issuers engaged in extractive or manufacturing enterprises shall be deemed to have their principal business operations in the Province in which their principal plants or other properties are located.

(c) In computing the amount of securities which may be offered hereunder, there shall be included, in addition to the securities specified in § 230.254—

(1) All securities issued prior to the filing of the notification, or proposed to be issued, for a consideration consisting in whole or in part of assets or services and held by the person to whom issued; and

(2) All securities issued to and held by or proposed to be issued, pursuant to options or otherwise, to any director, officer or promoter of the issuer, or to any underwriter, dealer or security salesman:

Provided, That such securities need not be included to the extent that effective

provision is made, by escrow arrangements or otherwise, to assure that none of such securities or any interest therein will be reoffered to the public within one year after the commencement of the offering hereunder and that any reoffering of such securities will be made in accordance with the applicable provisions of the act.

(d) None of the securities to be offered hereunder shall be offered for the account of any person other than the issuer of such securities.

(e) Section 230.257 shall not apply to any offering of securities under §§ 230.251 to 230.262 by any issuer which is subject to this section.

§ 230.254 *Amount of securities exempted.* (a) The aggregate offering price of all of the following securities of (i) the issuer, (ii) its predecessors and (iii) all of its affiliates which were incorporated or organized, or became affiliates of the issuer, within the past two years, shall not exceed $300,000:

(1) All securities of such persons presently being offered under §§ 230.251 to 230.262, or under any other regulation adopted pursuant to section 3 (b) of the act, or specified in the notification required by § 230.255 as proposed to be so offered;

(2) All securities of such persons previously sold pursuant to an offering under §§ 230.251 to 230.262, or under any other regulation adopted pursuant to section 3 (b) of the act, commenced within one year prior to the commencement of the proposed offering; and

(3) All securities of such persons sold in violation of section 5 (a) of the act within one year prior to the commencement of the proposed offering.

Notwithstanding the foregoing, the aggregate offering price of all securities of such persons so offered or sold on behalf of any one person other than the issuer or issuers of such securities shall not exceed $100,000, except that this limitation shall not apply if the securities are to be offered on behalf of the estate of a deceased person within two years after the death of such person.

(b) The aggregate offering price of securities which have a determinable market value shall be computed upon the basis of such market value as determined from transactions or quotations on a specified date within 15 days prior to the date of filing the letter of notification, or the offering price to the public, whichever is higher; provided, that the aggregate gross proceeds actually received from the public shall not exceed the maximum aggregate offering price permitted, in the particular case, by paragraph (a) of this section.

(c) Where securities which have no determinable market value are offered in exchange for outstanding securities, claims, property, or services, the aggregate offering price thereof shall be computed at the public offering price of securities of the same class for cash, or if no cash offering is to be made, then upon the basis of the value of the securities, claims, property or services to be received in exchange, as established by bona fide sales made within a reasonable time, or in the absence of such sales, upon the basis of the fair value of the securities, claims, property or services to be received in exchange, as determined by some accepted standard.

(d) The following securities need not be included in computing the amount of securities which may be offered under §§ 230.251 to 230.262: (1) Unsold securities the offering of which has been withdrawn with the consent of the Commission by amending the pertinent notification to reduce the amount stated therein as proposed to be offered; or (2) securities acquired or to be acquired, otherwise than for distribution, by a single holder of the majority of the outstanding voting stock of the issuer in connection with a pro rata offering to stockholders; (3) in the case of an offering by an issuer to existing security holders on a pro rata basis pursuant to warrants or rights, that portion of the offering made outside of the United States and Canada; or (4) in the case of an offering of interests in an unincorporated theatrical production, interests in any affiliated unincorporated theatrical production.

§ 230.255 *Filing of notification on Form 1–A.* (a) At least 10 days (Saturdays, Sundays and holidays excluded) prior to the date on which the initial offering of any securities is to be made under §§ 230.251 to 230.262, there shall be filed with the Regional Office of the Commission specified below four copies of a notification on Form 1–A. The Commission may, however, in its discretion, authorize the commencement of the offering prior to the expiration of such 10-day period upon a written request for such authorization.

(b) The notification shall be signed by the issuer and each person, other than the issuer, for whose account any of the securities are to be offered. If the notification is signed by any person on behalf of any other person, evidence of authority to sign on behalf of such other person shall be filed with the notification, except where an officer of the issuer signs on behalf of the issuer.

(c) The notification shall be filed with the Regional Office for the region in which the issuer's principal business operations are conducted or proposed to be conducted in the United States. The notification of an issuer having or proposing to have its principal business operations in Canada shall be filed with the Regional Office nearest the place where the issuer's principal business operations are conducted or proposed to be conducted, unless the offering is to be made through a principal underwriter located in the United States, in which case the notification shall be filed with the Regional Office for the region in which such underwriter has its principal office.

(d) Any amendment to the notification shall be signed in the same manner and filed in the same Regional Office as the notification.

§ 230.256 *Filing and use of the offering circular.* (a) Except as provided in paragraph (c) of this section and in § 230.257—

(1) No written offer of securities of any issuer shall be made under §§ 230.251 to 230.262 unless an offering circular containing the information specified in Schedule I of Form 1–A is concurrently given or has previously been given to the person to whom the offer is made, or has been sent to such person under such circumstances that it would normally have been received by him at or prior to the time of such written offer; and

(2) No securities of such issuer shall be sold under §§ 230.251 to 230.262 unless such an offering circular is given to the person to whom the securities were sold, or is sent to such person under such circumstances that it would normally be received by him, with or prior to any confirmation of the sale, or prior to the payment by him of all or any part of the purchase price of the securities, whichever first occurs.

(b) In the case of transactions effected on a securities exchange, delivery of the offering circular shall be deemed to have been made if prior to such transactions a reasonable number of copies of the offering circular have been furnished to the exchange for delivery to any person or persons requesting copies thereof.

(c) Any written advertisement or other written communication, or any radio or television broadcast, which states from whom an offering circular containing the information specified in Schedule I of Form 1–A may be obtained and in addition contains no more than the following information may be published, distributed or broadcast at or after the commencement of the public offering to any person prior to sending or giving such person a copy of such circular:

(1) The name of the issuer of such security;

(2) The title of the security, the amount being offered, and the per-unit offering price to the public;

(3) The identity of the general type of business of the issuer; and

(4) A brief statement as to the general character and location of its property.

(d) The offering circular may be printed, mimeographed, lithographed or typewritten, or prepared by any similar process which will result in clearly legible copies. If printed, it shall be set in roman type at least as large as ten-point modern type, except that financial statements and other statistical or tabular matter may be set in roman type at least as large as eight-point modern type. All type shall be leaded at least two points.

(e) If the offering is not completed within nine months from the date of the offering circular, a revised offering circular shall be prepared, filed and used in accordance with these rules as for an original offering circular, except that in the case of offerings under stock purchase, savings, stock option or other similar plans for the benefit of employees, if the offering is not completed within 12 months from the date of the offering circular, a revised offering circular shall be prepared, filed and used in accordance with these rules as for an original offering circular. In no event shall an offer-

ing circular be used which is false or misleading in light of the circumstances then existing.

(f) Four copies of the offering circular required by this section, which is to be used at the commencement of the offering, shall be filed with the notification required by § 230.255 at the time such notification is filed and shall be deemed a part thereof. If the offering circular is thereafter revised or amended, four copies of such revised or amended circular shall be filed as an amendment to the notification with the appropriate Regional Office of the Commission at least 10 days prior to its use, or such shorter period as the Commission may, in its discretion, authorize upon a written request for such authorization.

§ 230.257 *Offerings not in excess of $50,000.* Except as to issues of the character specified in paragraph (a) of § 230.253, the offering circular specified in § 230.256 need not be filed or used in connection with an offering of securities under §§ 230.251 to 230.262 if the aggregate offering price of all securities of the issuer, its predecessors and affiliates offered or sold without the use of such an offering circular does not exceed $50,000, computed in accordance with § 230.254, provided the following conditions are met:

(a) There shall be filed as an exhibit to the notification four copies of a statement setting forth the information (other than financial statements) required by Schedule I of Form 1–A to be set forth in an offering circular.

(b) No advertisement, article or other communication published in any newspaper, magazine or other periodical and no radio or television broadcast in regard to the offering shall contain more than the following information:

(1) The name of the issuer of such security;

(2) The title of the security, amount offered, and the per-unit offering price to the public;

(3) The identity of the general type of business of the issuer;

(4) A brief statement as to the general character and location of its property; and

(5) By whom orders will be filled or from whom further information may be obtained.

§ 230.258 *Sales material to be filed.* Four copies of each of the following communications prepared or authorized by the issuer or anyone associated with the issuer, any of its affiliates or any principal underwriter for use in connection with the offering of any securities under §§ 230.251 to 230.262 shall be filed, with the office of the Commission with which the notification is filed, at least five days (exclusive of Saturdays, Sundays and holidays) prior to any use thereof, or such shorter period as the Commission, in its discretion, may authorize:

(a) Every advertisement, article or other communication proposed to be published in any newspaper, magazine or other periodical;

(b) The script of every radio or television broadcast; and

(c) Every letter, circular or other written communication proposed to be sent, given or otherwise communicated to more than ten persons, except offering circulars filed pursuant to § 230.256 (f).

§ 230.259 *Prohibition of certain statements.* No offering circular or other written or oral communication used in connection with any offering under §§ 230.251 to 230.262 shall contain any language stating or implying that the Commission has in any way passed upon the merits of, or given approval to, the securities offered or the terms of the offering or has determined that the securities are exempt from registration, or has made any finding that the statements in any such offering circular or other communication are accurate or complete.

§ 230.260 *Reports of sales hereunder.* Within 30 days after the end of each six-month period following the date of the original offering circular required by § 230.256, or of the statement required by § 230.257, the issuer or other person for whose account the securities are offered shall file with the Regional Office of the Commission with which the notification was filed four copies of a report on Form 2–A containing the information called for by that form. A final report shall be made upon completion or termination of the offering and may be made prior to the end of the six-month period in which the last sale is made.

§ 230.261 *Suspension of exemption.* (a) The Commission may, at any time after the filing of a notification, enter an order temporarily suspending the exemption, if it has reason to believe that—

(1) No exemption is available under §§ 230.251 to 230.262 for the securities purported to be offered hereunder or any of the terms or conditions of §§ 230.251 to 230.262 have not been complied with, including failure to file any report as required by § 230.260,

(2) The notification, the offering circular or any other sales literature contains any untrue statement of a material fact or omits to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading;

(3) The offering is being made or would be made in violation of section 17 of the act;

(4) Any event has occurred after the filing of the notification which would have rendered the exemption hereunder unavailable if it had occurred prior to such filing;

(5) Any person specified in paragraph (c) of § 230.252 has been indicted for any crime or offense of the character specified in subparagraph (3) thereof, or any proceeding has been initiated for the purpose of enjoining any such person from engaging in or continuing any conduct or practice of the character specified in subparagraph (4) of such paragraph;

(6) Any person specified in paragraph (d) of § 230.252 has been indicted for any crime or offense of the character specified in subparagraph (1) thereof, or any proceeding has been initiated for the purpose of enjoining any such person from engaging in or continuing any conduct or practice of the character specified in subparagraph (2) of such paragraph; or

(7) The issuer or any promoter, officer, director or underwriter has failed to cooperate, or has obstructed or refused to permit the making of an investigation by the Commission in connection with any offering made or proposed to be made hereunder.

(b) Upon the entry of an order under paragraph (a) of this section, the Commission will promptly give notice to the persons on whose behalf the notification was filed (1) that such order has been entered, together with a brief statement of the reasons for the entry of the order, and (2) that the Commission, upon receipt of a written request within 30 days after the entry of such order, will, within 20 days after the receipt of such request, set the matter down for hearing at a place to be designated by the Commission. If no hearing is requested and none is ordered by the Commission, the order shall become permanent on the thirtieth day after its entry and shall remain in effect unless or until it is modified or vacated by the Commission. Where a hearing is requested or is ordered by the Commission, the Commission will, after notice of and opportunity for such hearing, either vacate the order or enter an order permanently suspending the exemption.

(c) The Commission may at any time after notice of and opportunity for hearing, enter an order permanently suspending the exemption for any reason upon which it could have entered a temporary suspension order under paragraph (a) of this section. Any such order shall remain in effect until vacated by the Commission.

(d) All notices required by this section shall be given to the person or persons on whose behalf the notification was filed by personal service, registered mail or confirmed telegraphic notice at the addresses of such persons given in the notification.

(e) The withdrawal of a notification after the entry of an order pursuant to this section shall not operate to make an exemption hereunder available for any securities for which no exemption would be available in the absence of such withdrawal.

§ 230.262 *Consent to service of process.* (a) If the issuer, any of its directors or officers, any person for whose account any of the securities are to be offered, or any underwriter of the securities to be offered, is not a resident of the United States, each such non-resident person shall, at the time of filing the notification required by § 230.255, furnish to the Commission in a form prescribed by or acceptable to it, a written irrevocable consent and power of attorney which—

(1) Designates the Securities and Exchange Commission as an agent upon whom may be served any process, pleadings, or other papers in any civil suit or action brought against the person executing the consent and power of attorney or to which he has been joined as defendant or respondent, in any appropriate court in any place subject to the jurisdiction of the United States, where the cause of action (i) accrues on or after the effective date of this section, and (ii) arises out of any offering made or purported to be made under §§ 230.251 to 230.262 or any purchase or sale of any security in connection therewith; and

(2) Stipulates and agrees that any such civil suit or action may be commenced by the service of process upon the Commission and the forwarding of a copy thereof as provided in paragraph (b) of this section, and that the service as aforesaid of any such process, pleadings, or other papers upon the Commission shall be taken and held in all courts to be as valid and binding as if due personal service thereof had been made.

(b) Service of any process, pleadings or other papers on the Commission under this section shall be made by delivering the requisite number of copies thereof to the Secretary of the Commission or to such other person as the Commission may authorize to act in its behalf. Whenever any process, pleadings or other papers as aforesaid are served upon the Commission, it shall promptly forward a copy thereof by registered mail to the appropriate defendants at their last address of record filed with the Commission. The Commission shall be furnished a sufficient number of copies for such purpose, and one copy for its files.

[F. R. Doc. 56-6173; Filed, July 31, 1956; 8:47 a. m.]

PART 239—FORMS PRESCRIBED UNDER THE SECURITIES ACT OF 1933

SUBPART B—FORMS PERTAINING TO EXEMPTIONS

The following forms and rules pertaining to such forms have been adopted by the Commission as a part of the revised Regulation A:

Sec.

239.90 Form 1–A, notification under Regulation A.
239.91 Form 2–A, report pursuant to Rule 260 of Regulation A.
239.92 Form 3–A, irrevocable appointment by individual of agent for service of process, pleadings, and other papers.
239.93 Form 4–A, irrevocable appointment by corporation of agent for service of process, pleadings, and other papers.
239.94 Form 5–A, certificate of resolution authorizing irrevocable appointment by corporation of agent for service of process, pleadings, and other papers.
239.95 Form 6–A, irrevocable appointment by partnership of agent for service of process, pleadings, and other papers.

AUTHORITY: §§ 239.90 to 239.95 issued under sec. 19, 48 Stat. 85, as amended; 15 U. S. C. 77s.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

JULY 23, 1956.

§ 239.90 *Form 1–A, notification under Regulation A.*[1]

Item 1. The issuer. Furnish the following information as to the issuer of the securities proposed to be offered hereunder:

(a) Exact name of issuer;

(b) Date of incorporation or organization and name of State or Province or other jurisdiction under the laws of which it was incorporated or organized;

(c) Name of State or Province or other jurisdiction in which issuer's principal business operations are conducted or proposed to be conducted;

(d) If the issuer is subject to Rule 253 (b), names of all States and Provinces in which the issuer owns or leases, or proposes to own or lease, any mine, plant or other physical property, indicating all such properties held or to be held in each such State or Province. Furnish similar information as to any such properties held or to be held in any country other than the United States or Canada.

Item 2. Predecessors, affiliates and principal security holders of issuer. List the full name and complete address of each of the following persons:

(a) Each predecessor of the issuer. If any such predecessor is no longer in existence, so state and give its last address prior to its dissolution.

(b) Each affiliate of the issuer, indicating the nature of the affiliation.

(c) Each person who owns of record, or is known to own beneficially, ten percent or more of the outstanding securities of any class of the issuer, stating the title and amount owned by each such person.

Item 3. Directors, officers, and promoters. List the full name and complete residence address of each of the following persons:

(a) Each director of the issuer;

(b) Each officer of the issuer, indicating all positions and offices held with the issuer;

(c) If the issuer was incorporated or organized within the past three years, each promoter of the issuer.

Item 4. Counsel for issuer and underwriters. Give the name and address of counsel for the issuer in connection with the proposed offering. Furnish similar information as to any counsel for the underwriters.

Item 5. Actions against the issuer or its predecessors or affiliated issuers. State whether the issuer or any of its predecessors or affiliated issuers—

(a) Has been convicted of any crime or offense specified in paragraph (c) (3) of Rule 252;

(b) Is subject to any order, judgment or decree specified in paragraph (c) (4) of that rule; or

(c) Is subject to a United States Post Office fraud order.

Instructions. If the answer to any of the foregoing sub-items is in the affirmative, explain fully, giving the pertinent names, dates and other details.

Item 6. Actions against directors, officers, and others. State whether any person specified in paragraph (d) of Rule 252—

(a) Has been convicted of any crime or offense specified in subparagraph (1) thereof;

(b) Is subject to any order, judgment or decree specified in subparagraph (2) thereof;

(c) Has been and is suspended or expelled from membership in any national or provincial securities dealers association or national securities exchange or Canadian securities exchange;

(d) Is subject to a United States Post Office fraud order.

Instruction. If the answer to any of the foregoing sub-items is in the affirmative, explain fully, giving the pertinent names, dates, and other details.

Item 7. Connection of underwriters with other offerings. State whether or not any underwriter or other person specified in paragraph (e) of Rule 252 was, or was named as, an underwriter of any securities covered by a registration statement or other filing of the character specified in subparagraph (1) or (2) of that paragraph.

Instruction. If the answer to the foregoing item is in the affirmative, explain fully, giving the pertinent names, dates, and other details.

Item 8. Jurisdictions in which securities are to be offered. (a) If the issued is subject to Rule 253 (b), state the Province in which the securities covered by this notification have been or will be qualified or made eligible for offering.

(b) List the names of the States, Provinces, and other jurisdictions in which the securities covered by this notification are proposed to be offered through underwriters, dealers, or salesmen in such jurisdictions.

(c) If the offering is to be made by advertisements, mail, telephone, or otherwise in States, Provinces, or other jurisdictions other than those listed under (b) above, describe the methods proposed to be employed in making the offering therein and list such States, Provinces, or other jurisdictions to the extent that they are known.

(d) If the offering or any part thereof is to be made by use of the facilities of any securities exchange, name the exchange.

NOTE: No securities shall be offered or sold in any other State, Province or other jurisdiction or by use of the facilities of any other exchange until an amendment to the notification has been filed listing the names of the additional jurisdictions or exchanges.

Item 9. Unregistered securities issued or sold within one year. (a) As to any unregistered securities issued by the issuer or any of its predecessors or affiliated issuers within one year prior to the filing of this notification, state (i) the name of such issuer; (ii) the title and amount of securities issued; (iii) the aggregate offering price or other consideration for which they were issued and the basis for computing the amount thereof; and (iv) the names of the persons or the identity of the class of persons to whom the securities were issued.

(b) As to any unregistered securities of the issuer or any of its predecessors or affiliated issuers which were sold within one year prior to the filing of this notification by or for the account of any person who at the time was a director, officer, promoter or principal security holder of the issuer of such securities, or was an underwriter of any securities of such issuer, furnish the information specified in (i) through (iv) of paragraph (a).

(c) Indicate the section of the Act or rule or regulation of the Commission under which exemption from the registration was claimed with respect to such securities and state briefly the facts relied upon for the exemption.

Item 10. Other present or proposed offerings. State whether or not the issuer or any of its affiliated issuers is presently offering or presently contemplates the offering of any securities, in the United States or Canada, in addition to those covered by this notification. If so, describe fully the present or proposed offering.

Item 11. Exhibits. Four copies of each of the documents specified below shall be filed as exhibits to the notification. List under this item all such documents filed.

[1] The notification shall contain the item numbers and captions of all items, but the text of the items may be omitted if all of the information required by each item is clearly set forth under the respective item number and caption.

(a) Any indenture or other instruments defining the rights of holders of debt securities to be offered hereunder. If equity securities are to be offered, furnish copies of the provisions of the governing instruments defining the rights of holders of such securities.

(b) All underwriting contracts relating to the securities to be offered hereunder.

(c) A written statement signed by each underwriter of the securities proposed to be offered hereunder consenting to being named in the offering circular as an underwriter of such securities. All underwriters may sign the same consent, or separate consents may be signed by any underwriter or group of underwriters. At least one copy of each consent shall be signed manually.

(d) If any of the securities proposed to be offered hereunder are to be offered for the account of any person other than the issuer, a written statement signed by the issuer representing that the proposed offering will not interfere with any needed financing by the issuer under this regulation.

(e) Each consent to service of process required by Rule 262. Each such consent shall be prepared and executed in conformity with the appropriate form prescribed therefor. At least one copy of each such consent shall be signed manually. Any copies not manually signed shall bear typed or printed signatures.

(f) The offering circular required by Rule 256, or if the offering is to be made pursuant to Rule 257, the statement required by paragraph (a) of that rule and any offering circular to be used in connection with such offering.

(g) If any accountant, engineer, geologist, or appraiser, or any person whose profession gives authority to a statement made by him, is named as having prepared or certified any part of the notification required by Rule 255, the offering circular required by Rule 256 or the statement required by Rule 257, or is named as having prepared or certified a report or valuation, whether or not for use in connection with the notification, offering circular or statement, the written consent of such person shall be filed unless the Commission dispenses with such filing as impracticable or as involving undue hardship.

SCHEDULE I—INFORMATION REQUIRED TO BE INCLUDED IN THE OFFERING CIRCULAR REQUIRED BY RULE 256

The offering circular required by Rule 256, or statement required by Rule 257, shall be dated and shall contain the following information:

1. The following statement shall be set forth on the outside front cover page of the offering circular in capital letters in type as large as that used generally in the body of the circular:

These securities are offered pursuant to an exemption from registration with the United States Securities and Exchange Commission. The Commission does not pass upon the merits of any securities nor does it pass upon the accuracy or completeness of any offering circular or other selling literature.

[2] The notification shall be signed in accordance with Rule 255. At least one copy shall be signed manually by or on behalf of the issuer and each selling security holder. Any copies not manually signed shall bear typed or printed signatures.

2. State the exact name and address of the issuer, the name of the State or other jurisdiction under the laws of which it was incorporated or organized and the date of its incorporation or organization.

3. (a) Give the following information, in the tabular form indicated, on the outside front cover page of the offering circular on a per-share or other unit basis.

Offering price to public	Underwriting discounts or commissions	Proceeds to issuer or other persons

(b) If any of the securities are to be offered for the account of any person other than the issuer, give the name and address of each such security holder, the total amount he owns and the amount to be offered hereunder for his account.

4. (a) State the amount of securities to be offered pursuant to this regulation, the aggregate offering price to the public, the aggregate underwriting discounts or commissions, the amount of expenses of the issuer and the amount of expenses of the underwriters to be borne by the issuer, and the aggregate proceeds to the issuer or security holders for whose account the securities are to be offered.

(b) If the securities are not to be offered for cash, state the basis upon which the offering is to be made.

5. Describe briefly the method by which the securities are to be offered and if the offering is to be made by or through underwriters, the name and address of each underwriter and the amount of the participation of each such underwriter, indicating the nature of any material relationship between the issuer and such underwriter.

6. (a) Furnish a reasonably itemized statement of the purposes for which the net cash proceeds to the issuer from the sale of the securities are to be used and the amount to be used for each such purpose, indicating in what order of priority the proceeds will be used for the respective purposes.

(b) Describe any arrangements for the return of funds to subscribers if all of the securities to be offered are not sold; if there are no such arrangements, so state.

7. Give a brief description of the securities to be offered pursuant to this regulation. Include the following information:

(a) In the case of shares, the par or stated value, if any; the rate of dividends, if fixed, and whether cumulative or noncumulative; a brief indication of the preference, if any; and if convertible, the conversion rate.

(b) In the case of debt securities, the rate of interest; the date of maturity, or if the issue matures serially, a brief indication of the serial maturities, such as "maturing serially from 1965 to 1975"; if the payment of principal or interest is contingent, an appropriate indication of such contingency; a brief indication of the priority of the issue; and if convertible, the conversion rate.

(c) In the case of any other kind of securities, appropriate information of a comparable character.

8A. *Mining business.* If the issuer is engaged or proposes to engage in mining or exploratory mining operations, briefly describe the business or proposed business of the issuer in accordance with the following instructions:

(a) Give the location and means of access to the mining properties now held or intended to be acquired and the nature of the title under which such properties are held or intended to be held. Indicate any known risks to which such title may be subject.

(b) Identify the principal metallic or other constituents of the deposits to be explored or developed and describe the characteristics of such deposits. No claim shall be made as to the existence of a body of ore unless it has been sufficiently tested to be properly classified as "proven" or "probable" ore, as defined below. If the work done has not established the existence of proven or probable ore, a statement shall be made that no body of commercial ore is known to exist on the property.

(c) The term "proven ore" means a body of ore so extensively surrounded by sampled faces that a risk of failure in continuity is reduced to a minimum. The term "probable ore" means ore as to which the risk of failure in continuity is greater than for proven ore, but as to which there is sufficient warrant for assuming continuity of the ore.

(d) If statements are made as to the existence of proven or probable ore, furnish separately for the information of the Commission copies of the pertinent maps and other supporting data, including calculations, with respect to such ore. Geologists' and engineers' reports, if used in an offering circular, shall be written in a clear and concise form.

(e) If the properties are known to have been previously explored, developed or mined by anyone and that fact or the results of such previous work is material, furnish information as to such work insofar as it is known and material.

8B. *Oil or gas business.* If the issuer is engaged or proposes to engage in the oil or gas business, briefly describe the business or proposed business of the issuer in accordance with the following instructions:

(a) State the area and location of the various properties proposed to be developed or exploited by the issuer and the nature of the issuer's interest therein.

(b) State the development which has occurred to date on or near the properties held. If no such development has occurred, a statement to that effect shall be made.

(c) State (in tabular form), for all productive properties, net production of oil and gas to issuer's interest from each of the properties by years for the past four years prior to the latest year, and by months for the latest year, as well as the number of net producing wells owned by the issuer which contributed to the production during each of the time periods involved.

(d) State the estimated future reserves net to issuer's interest in such properties which are proved.

(e) If statements concerning geology or engineering are made, furnish separately for the information of the Commission copies of the pertinent reports and other supporting data. Geologists' and engineers' reports, if used in an offering circular, shall be written in a clear and concise form.

8C. *Other business.* If the issuer is engaged or proposes to engage in any business other than those specified in Items 8A and 8B, briefly describe the business or proposed business of the issuer in accordance with the following instructions:

(a) State the nature of issuer's present or proposed products or services, the principal market therefor and the length of time issuer has been in commercial production.

(b) State the location and general character of the plants or other physical properties now held or presently intended to be acquired and the nature of the title under which such properties are held or proposed to be held.

(c) If the issuer intends to exploit or develop any new invention or process, state how such invention or process is to be applied commercially and whether or not it is covered by any patent, issued or pending. Identify by serial number and date any applicable patents or patent applications.

(d) Engineers' and other technical reports, if used in the offering circular, shall be written in a clear and concise form.

9. (a) Give the full names and complete residence addresses of all directors and officers of the issuer and of any person or persons controlling the issuer. If the issuer was incorporated or organized within the last three years, furnish similar information as to all promoters of the issuer.

(b) State the aggregate annual remuneration of all directors and officers of the issuer as a group and the annual remuneration of each of the three highest-paid officers of the issuer.

(c) Describe all direct and indirect interests (by security holdings or otherwise) of each person named in answer to (a) above (i) in the issuer or its affiliates and (ii) in any material transactions within the past two years or in any material proposed transactions to which the issuer or any of its predecessors or affiliates was or is to be a party. Include the cost to such persons of any property or services for which any payment by or for the account of the issuer has been or is to be made.

(d) If the issuer was incorporated or organized within the last three years, state the percentage of outstanding securities of the issuer which will be held by directors, officers and promoters, as a group, and the percentage of such securities which will be held by the public, if all of the securities to be offered under this regulation are sold, and the respective amounts of cash (including cash expended for property transferred to the issuer) paid therefor by such group and by the public.

10. A brief description of all options or warrants presently outstanding or proposed to be granted to purchase securities of the issuer, including the names of the principal holders of such options or warrants, the cost of the options or warrants to them, the terms and conditions upon which they may be exercised and the price at which the securities may be acquired pursuant to such options or warrants.

11. Furnish appropriate financial statements of the issuer, or of the issuer and its predecessors, as required below. Such statements shall be prepared in accordance with generally accepted accounting principles and practices but need not be certified.

(a) If the issuer is a commercial, industrial or extractive company in the promotional, exploratory or development stage, the following statements shall be furnished:

(1) Separate statements of (i) assets, (ii) liabilities, and (iii) capital shares, as of a date within 90 days prior to the filing of the notification, or such longer period of time, not exceeding six months, as the Commission may permit at the written request of the issuer upon a showing of good cause therefor.

(2) A statement of cash receipts and disbursements for each of at least two full fiscal years prior to the date of the statements furnished pursuant to paragraph (1) above, and for the period, if any, between the close of the last full fiscal year and the date of such statements, or for the period of the issuer's existence if less than the period specified above.

In such statements, dollar amounts shall be extended only for cash transactions and transactions involving amounts receivable or payable in cash. Amounts due to or from, or paid to or received from, underwriters, promoters, directors, officers, employees and principal stockholders, shall be stated separately for each such class of persons, if significant in amount. The statement of assets shall include as a separate item unrecovered promotional, exploratory and development costs. The statement of cash receipts and disbursements shall be itemized as appropriate to the nature of the enterprise.

(b) If paragraph (a) does not apply to the issuer, there shall be furnished a balance sheet of the issuer as of the date specified in subparagraph (a) (1) and profit and loss statements and analyses of surplus for the periods specified in subparagraph (a) (2). Even though paragraph (a) may apply to the issuer, a balance sheet in conventional form may nevertheless be furnished in lieu of the statements specified in subparagraph (a) (1) if the assets reflected therein which were acquired in exchange for capital stock are not carried at an amount in excess of identifiable cash cost to promoters, predecessor companies or other transferors.

§ 239.91 *Form 2–A, report pursuant to Rule 260 of Regulation A.*

1. Name of issuer ----------
2. Name of underwriter ----------
3. Date of this report ----------
4. (a) Date offering commenced ----------
   (b) Date offering completed, if completed ----------
   (c) If offering has not commenced, state reasons briefly ----------
5. (a) Total number of shares or other units offered hereunder ----------
   (b) Number of such shares or other units sold from commencement of offering to date ----------
   (c) Number of such shares or other units still being offered ----------
6. (a) Total amount received from public from commencement of offering to date ---------- $----------
   (b) Underwriting discount allowed ---------- $----------
   (c) Expenses paid to or for the account of the underwriters ---------- $----------
   (d) Other expenses paid to date by or for the account of the issuer:
      (1) Legal (including organization) ---------- $----------
      (2) Accounting ---------- $----------
      (3) Engineers' fees incurred prior to offering ---------- $----------
      (4) Printing and advertising ---------- $----------
      (5) Other ---------- $----------
   (e) Total costs and expenses ((b), (c) and (d)) ---------- $----------
   (f) Proceeds to issuer after above deductions ((a) minus (e)) ---------- $----------
7. Use of net proceeds from commencement of offering to date:

	Payments to officers, directors and affiliates	Payments to others
(a) Salaries and fees	$----------	$----------
(b) Purchase of real estate	$----------	$----------
(c) Purchase and installation of machinery and equipment	$----------	$----------
(d) Construction of plant building and facilities	$----------	$----------
(e) Development expense (product development, research, patent costs, etc.)	$----------	$----------
(f) Purchase of raw materials, inventories, supplies, etc	$----------	$----------
(g) Selling, advertising, and other sales promotion	$----------	$----------
(h) Other disbursements	$----------	$----------
(i) Totals	$----------	$----------
(j) Balance of cash proceeds on hand	$----------	

Instructions. 1. If the issuer is a mining company, substitute for captions (e), (f) and (g) the following captions: "Road building," "Exploration expense (other than drilling)," "Exploratory drilling" and "Mine Development."

2. If the issuer is an oil or gas company, substitute for captions (e), (f) and (g) the following caption: "Exploratory and other drilling."

8. State briefly the nature and extent of each type of the issuer's principal activities to date.

Instruction. Mining companies shall include exploratory activity, showing the aggregate footage of exploratory drilling and number of holes drilled. Oil and gas companies shall include the number of wells drilled and their depth. Other companies shall include information as to plant construction, development, production and sales.

9. State whether the offering has been discontinued, and if so, state the date and describe briefly the reasons for such discontinuance.
10. List the names and addresses of all brokers and dealers who have, to the knowledge of the issuer or underwriters, participated in the distribution of the securities offered during the period covered by this report.

Instruction. In reports made subsequent to the initial report, the information need be given only with respect to persons not previously reported.

11. State the number of shares held by each promoter, director, officer or controlling person of the issuer, if different from the amount stated in the offering circular.

§ 239.92 *Form 3–A, irrevocable appointment by individual of agent for service of process, pleadings and other papers.*

1. I, ---------- (Name) of ---------- (Address), hereby designate and appoint, without power of revocation, the United States Securities and Exchange Commission as my agent upon

whom may be served all process, pleadings and other papers in any civil suit or action brought against me arising out of any offering made or purported to be made under Regulation A, adopted by the United States Securities and Exchange Commission under the Securities Act of 1933, or any purchase or sale of any securities in connection therewith, in any court of competent jurisdiction, Federal, State or Territorial, located in the United States or in its territories.

2. I hereby consent, stipulate and agree, without power of revocation—

(a) That any civil suit or action brought against me arising out of any offering made or purported to be made under Regulation A, adopted by the United States Securities and Exchange Commission under the Securities Act of 1933, or any purchase or sale of any securities in connection therewith, may be commenced against me in any court of competent jurisdiction, Federal, State, or Territorial, located in the United States or in its territories as defined by the Securities Act of 1933, by service of process upon the United States Securities and Exchange Commission;

(b) That service of process, pleadings or other papers upon the United States Securities and Exchange Commission, as aforesaid, shall be taken and held in all courts to be as valid and as binding upon me as if due personal service had been made upon me; and

(c) That service upon the United States Securities and Exchange Commission may be effected by delivering copies of said process, pleadings, or other papers to the Secretary of the said Commission or any other person designated by it for such purpose, and that the certificate of the Secretary of the United States Securities and Exchange Commission or of such other person reciting that said process, pleadings or other papers were received by the United States Securities and Exchange Commission and that a copy of each such process, pleading, or other paper was forwarded to me at the last address supplied by me shall constitute evidence of such service upon me.

In witness whereof, I have executed this irrevocable power of attorney, consent, stipulation and agreement at ---------- this ---------- day of ----------, A. D. 19--.

---------- [SEAL]

State (or Province) of ----------}
County of ----------} ss.

I, ----------, ----------
(Name) (Official position)*

in and for said County in the State (or Province) aforesaid, do hereby certify that ----------
(Name of individual appointing agent for service)

personally appeared before me this day and signed and sealed the above instrument as his free and voluntary act for the uses and purposes therein set forth.

Given under my hand and seal this ---------- day of ----------, A. D. ----------.

My commission (or office) expires ----------.

NOTE: The person (or persons) executing this irrevocable power of attorney, consent, stipulation and agreement should appear before a person authorized to administer acknowledgements in the jurisdiction in which it is executed and acknowledge that he (or they) executed it as his (or their) free and voluntary act. The acknowledgment should be in the form prescribed by the law of the jurisdiction in which it is executed. The form of acknowledgement suggested should be used only if it is consistent with the requirements of the law of such jurisdiction.

The failure of any acknowledgement to meet applicable requirements shall not affect the validity or effect of the foregoing irrevocable power of attorney, consent, stipulation and agreement.

*In the case of an association or other form of organization, appropriate revisions should be made.

**Notary Public or other official authorized by law to administer oaths.

§ 239.94 *Form 5-A, Certificate of resolution authorizing irrevocable appointment by corporation* of agent for service of process, pleadings and other papers.*

At a duly constituted meeting of the Board of Directors of ----------, a
(Name of corporation)

corporation organized and existing by virtue of the laws of ----------,
(Name of State or Province)

held at the office of said corporation at ---------- on the ---------- day of ----------, A. D. 19--, the following resolution was adopted:

Be it resolved that the president and secretary of this corporation, ----------,
(Name of corporation)

be and hereby are authorized and directed to to execute in legal form, and to deliver to the United States Securities and Exchange Commission, on behalf of this corporation, in such wording as may be prescribed by or acceptable to the United States Securities and Exchange Commission,

(1) A power of attorney designating and appointing, without power of revocation, the United States Securities and Exchange Commission as the agent of this corporation upon whom may be served all process, pleadings and other papers in any civil suit or action brought against this corporation arising out of any offering made or purported to be made under Regulation A, adopted by the United States Securities and Exchange Commission under the Securities Act of 1933, or any purchase or sale of any securities in connection therewith, in any court of competent jurisdiction, Federal, State, or Territorial, located in the United States or in its territories as defined by the Securities Act of 1933;

(2) A stipulation, consent and agreement, likewise without power of revocation, that any civil suit or action brought against this corporation arising out of any offering made or purported to be made under Regulation A, adopted by the United States Securities and Exchange Commission under the Securities Act of 1933, or any purchase or sale of any securities in connection therewith, may be commenced against this corporation in any court of competent jurisdiction, Federal, State, or Territorial, located in the United States or in its territories as defined by the Securities Act of 1933, by service of process upon the United States Securities and Exchange Commission; and

(3) A stipulation, consent and agreement that service upon the United States Securities and Exchange Commission may be effected by delivering copies of said process, pleadings or other papers to the Secretary of the United States Securities and Exchange Commission or any other person designated by it for such purpose, that the certificate of the Secretary of the United States Securities and Exchange Commission or of such other person reciting that said process, pleadings or other papers were received by the United States Securities and Exchange Commission and that a copy of each such process, pleading or other paper was forwarded to this corporation at the last address supplied by it shall constitute evidence of such service upon this corporation, and that service of process, pleadings and other papers upon the United States Securities and Exchange Commission, as aforesaid, shall be taken and held in all courts to be as valid and binding upon this corporation as if due personal service thereof had been duly made.

State (or Province) of ----------}
County of ----------} ss.

I, ----------, being duly sworn, depose and say that I am secretary of ----------, and that the foregoing is a true and correct copy of a resolution adopted by the Board of Directors of said corporation on the ---------- day of ----------, A. D. 19--, as the same appears on the records of said corporation now in my custody and control.
(Name of corporation)

In witness whereof, I have hereunto set my hand and affixed the seal of said corporation.

[CORPORATE SEAL] ----------
(Secretary)

Subscribed and sworn to before me this ---------- day of ---------- A. D. 19--.

[SEAL] ----------
(Official position)**

My commission (or office) expires ----------.

NOTE: This certificate of resolution should be executed and verified before a person authorized to administer oaths in the jurisdiction in which it is executed. The verification should be in the form prescribed by the law of the jurisdiction in which it is executed. The form of acknowledgment suggested should be used only if it is consistent with the requirements of the law of such jurisdiction.

The failure of any verification to meet applicable requirements shall not affect the validity or effect of the foregoing certificate of resolution.

*In the case of an association or other form of organization, appropriate revisions should be made.

**Notary Public or other official authorized by law to administer oaths.

members of a partnership doing business as ----------, having its principal
(Firm name)

place of business at ----------, hereby designate and appoint, without power of revocation, the United States Securities and Exchange Commission as the agent of the partnership, and as the agent of each of them individually, upon whom may be served all process, pleadings, and other papers in any civil suit or action brought against said partnership firm, or against said persons, jointly or severally, arising out of any offering made or purported to be made under Regulation A, adopted by the United States Securities and Exchange Commission under the Securities Act of 1933, or any purchase or sale of any securities in connection therewith, in any court of competent jurisdiction, Federal, State, or Territorial, located in the United States or in its territories as defined by the Securities Act of 1933.

2. The undersigned, jointly and severally, and as members of a partnership doing business as ----------, hereby consent, stipulate and agree, without power of revocation—
(Firm name)

(a) That any civil suit or action arising out of any offering made or purported to be made under Regulation A, adopted by the United States Securities and Exchange Commission under the Securities Act of 1933, or any purchase or sale of any securities in connection therewith, may be commenced against said partnership firm, or against said persons, jointly or severally, in any court of competent jurisdiction located in the United States or in its Territories as defined by the Securities Act of 1933, by service of process upon the United States Securities and Exchange Commission,

(b) That service of process, pleadings and other papers upon the United States Securities and Exchange Commission, as aforesaid, shall be taken and held in all courts to be as valid and as binding on said partnership firm, and on said persons, jointly and severally, as if due personal service had been duly made, and

(c) That service upon the United States Securities and Exchange Commission may be effected by delivering copies of said process, pleadings, or other papers to the Secretary of the said Commission or any other person designated by it for such purpose, and that the certificate of the Secretary of the United States Securities and Exchange Commission or such other person reciting that said process, pleadings or other papers were received by the United States Securities and Exchange Commission and that a copy of each such process, pleading, or other paper was forwarded to said partnership firm and to each said person at the last address supplied by said partnership firm and by each such person shall constitute evidence of such service upon said partnership firm and each said person.

In witness whereof, the undersigned, individually and as members of said partnership doing business as ----------,
(Firm name)

have executed this irrevocable power of attorney and consent, stipulation and agreement for the purposes herein set forth at ---------- this ---- day of ----------, A. D. 19--.

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

Subchapter B—Food and Food Products

PART 19—CHEESES; PROCESSED CHEESES; CHEESE FOODS; CHEESE SPREADS; AND RELATED FOODS; DEFINITIONS AND STANDARDS OF IDENTITY

ORDER ACTING ON PROPOSALS TO ADOPT DEFINITIONS AND STANDARDS OF IDENTITY FOR MOZZARELLA CHEESE, SCARMOZE CHEEESE; PART-SKIM MOZZARELLA CHEESE, PART-SKIM SCARMOZE CHEESE; RICOTTA CHEESE; PART-SKIM RICOTTA CHEESE

In the matter of adopting definitions and standards of identity for mozzarella cheese, scarmoze cheese, part-skim mozzarella cheese, part-skim scarmoze cheese, ricotta cheese, part-skim ricotta cheese:

A notice of proposed rule making was published in the FEDERAL REGISTER of March 15, 1956 (21 F. R. 1657), setting forth proposals to adopt definitions and

standards of identity for mozzarella cheese, scarmoze cheese, part-skim mozzarella cheese, part-skim scarmoze cheese, ricotta cheese, and part-skim ricotta cheese. The notice invited all interested persons to submit their views and comments on the proposals.

Upon consideration of the views and comments submitted, the information furnished by the petitioner, and other relevant information, it is concluded that it will promote honesty and fair dealing in the interest of consumers to adopt, with slight modifications, the definitions and standards of identity proposed for ricotta cheese and part-skim ricotta cheese; but in view of the comments received with respect to the standards proposed for mozzarella cheese, scarmoze cheese, part-skim mozzarella cheese, and part-skim scarmoze cheese, it is concluded that standards for such cheeses based on the proposals published in the FEDERAL REGISTER of March 15, 1956 (supra), should not be adopted.

Now, therefore, pursuant to the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 401, 52 Stat. 1046, 68 Stat. 54, 55; 21 U. S. C. 341) and delegated to the Commissioner of Food and Drugs by the Secretary (20 F. R. 1996), *It is ordered:*

1. That no standards be adopted for mozzarella cheese, scarmoze cheese, part-skim mozzarella cheese, and part-skim scarmoze cheese; and

2. That Part 19 be amended by adding thereto the following new sections:

§ 19.532 *Ricotta cheese; identity.* (a) Ricotta cheese is the food prepared from heated milk and other ingredients specified in this section, by the procedure set forth in paragraph (b) of this section, or by another procedure which produces a finished cheese having the same physical and chemical properties as the cheese produced when the procedure set forth in paragraph (b) of this section is used. It contains not more than 80 percent of moisture and not less than 11 percent of milk fat, as determined by the methods prescribed in § 19.500 (c).

(b) Milk, which may be warmed or pasteurized or both, and which may be clarified or homogenized or both, is mixed with an acidifying agent prescribed by paragraph (d) of this section. Salt may also be added. Sufficient rennet (with or without purified calcium chloride in a quantity of not more than 0.02 percent, calculated as anhydrous calcium chloride, of the weight of the milk) may be added to set the milk. The mixture is heated until a temperature of about 180° F. is reached, and it is held near that temperature until the curd separates. The curd is removed by skimming, or the whey is drained or siphoned off. The curd is placed in perforated containers to permit further drainage. The containers may be placed in cold water for cooling, and they are then removed from the water for further drainage. Additional curd may be obtained from the whey by the further addition of an acidifying agent prescribed by paragraph (d) of this section, or by further heating or both. The curd may be whipped or beaten to obtain a finer texture.

(c) For the purposes of this section:

(1) The word "milk" means cow's milk, which may be adjusted by separating part of the fat therefrom or by adding thereto one or more of the following: Cream, skim milk, concentrated skim milk, nonfat dry milk, water in a sufficient quantity to reconstitute any concentrated skim milk or nonfat dry milk used.

(2) Ricotta cheese shall be deemed to have been prepared from heated milk if during its preparation the milk or the mixture of milk and other ingredients specified in this section have been held at a temperature of not less than 143° F. for a period of not less than 30 minutes of for a time and at a temperature equivalent thereto in phosphatase destruction. Ricotta cheese shall be deemed not to have been prepared from properly heated milk if 0.25 gram shows a phenol equivalent of more than 3 micrograms, when tested by the method prescribed in § 19.500 (f), moist cottage cheese modification.

(d) The acidifying agents prescribed in paragraph (b) of this section are one or a mixture of two or more of the following: Culture of harmless lactic-acid-producing bacteria, a vinegar, fermented whey, lactic acid, and citric acid.

§ 19.533 *Part-skim ricotta cheese; identity.* Part-skim ricotta cheese conforms to the definition and standard of identity prescribed by § 19.532 for ricotta cheese, except that it contains less than 11 percent of milk fat, but not less than 6 percent.

Any person who will be adversely affected by the foregoing order may at any time prior to the thirtieth day from the date of publication of this order in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D. C., written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order, shall specify with particularity the provisions of the order deemed objectionable and the grounds for the objections, and shall request a public hearing upon the objections. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

Effective date. This order shall become effective six months from the date of its publication in the FEDERAL REGISTER, except as to any of its provisions that may be stayed by the filing of objections thereto. Notice of the filing of objections, or lack thereof, will be announced by publication in the FEDERAL REGISTER.

(Sec. 701, 52 Stat. 1055, as amended; 21 U. S. C. 371. Interprets or applies 68 Stat. 54; 21 U. S. C. 341)

Dated: July 26, 1956.

[SEAL] GEO. P. LARRICK,
Commissioner of Food and Drugs.

[F. R. Doc. 56-6176; Filed, July 31, 1956; 8:48 a. m.]

TITLE 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

PART 785—HOURS WORKED

TRAVEL TIME

Pursuant to General Order No. 45-A (15 F. R. 3290), and under its authority, § 785.3 (1) (5) (ii) of Part 785 of Title 29, Code of Federal Regulations is amended to read as follows:

§ 785.3 *Application of the principles.* • • •

(1) *Travel time.* • • •

(5) • • •

(ii) Normal travel from home to work is not worktime. However, there may be instances when travel from home to work is worktime. For example, if an employee who has gone home after completing his day's work is subsequently called out at night to travel a substantial distance to perform an emergency job for one of his employer's customers, all time spent on such travel is working time. The Divisions are taking no position on whether travel to the job and back home by an employee who receives an emergency call outside of his regular hours to report back to his regular place of business to do a job is working time.

This amendment shall become effective upon publication in the FEDERAL REGISTER.

(52 Stat. 1060, as amended; 29 U. S. C. 201–219)

Signed at Washington, D. C., this 26th day of July 1956.

NEWELL BROWN,
Administrator.

[F. R. Doc. 56-6165; Filed July 31, 1956; 8:45 a.m.]

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter I—Coast Guard, Department of the Treasury

Subchapter D—Navigation Requirements for Certain Inland Waters

[CGFR 56-34]

PART 82—BOUNDARY LINES OF INLAND WATERS

GULF COAST; EDITORIAL CHANGES

In the description of the boundary lines of inland waters from Mobile Bay, Alabama, to Sabine Pass, Texas, in 33 CFR 82.95 and 82.103, Pass a Loutre Lighted Whistle Buoy 4 is used as a reference point. This buoy is being relocated because of shoaling in Pass a Loutre.

Other buoys used as reference points in 33 CFR 82.95 and 82.103 are also subject to relocation, from time to time, for similar reasons.

In order to prevent confusion as to the location of the boundary lines established and published in the FEDERAL REGISTER of December 8, 1953 (18 F. R. 7893), it is necessary to correct editorially the description of reference points in 33 CFR 82.95 and 82.103 by substituting fixed geographical points for floating aids to navigation which are subject to change.

The amendments to 33 CFR 82.95 and 82.103 are editorial changes for the sole purpose of redescribing the location of such boundary lines. Although new reference points are used in lieu of Pass a Loutre Lighted Whistle Buoy 4 and other floating aids to navigation, these changes do not change the location of the boundary lines established and published in the FEDERAL REGISTER of December 8, 1953.

Because the amendments in this document are editorial in nature, it is hereby found that compliance with the Administrative Procedure Act respecting notice of proposed rule making, public rule making procedures thereon, and effective date requirements thereof, is impracticable and unnecessary.

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Order No. 120, dated July 31, 1950 (15 F. R. 6521), to promulgate rules and regulations in accordance with the statutes cited with the regulations below, the following amendments to the regulations are prescribed and shall become effective upon date of publication of this document in the FEDERAL REGISTER:

§ 82.95 *Mobile Bay, Ala., to Mississippi Passes, La.* Starting from a point which is located 1 mile, 90° true, from Mobile Point Lighthouse, a line drawn to a point 5.9 miles, 210.5° true, from Mobile Point Lighthouse; thence to Ship Island Lighthouse; thence to Chandeleur Lighthouse; thence in a curved line following the general trend of the seaward, high-water shore lines of the Chandeleur Islands to the southwestern-most extremity of Errol Shoal (lat. 29°35.8' N., long. 89°00.8' W.); thence to a point 5.1 miles, 106° true, from Pass a Loutre Abandoned Lighthouse.

§ 82.103 *Mississippi Passes, La., to Sabine Pass, Tex.* A line drawn from a point 5.1 miles, 106° true, from Pass a Loutre Abandoned Lighthouse to a point 1.7 miles, 113° true, from South Pass West Jetty Light; thence to a point 1.8 miles, 189° true, from South West Pass Entrance Light; thence to Ship Shoal Lighthouse; thence to a point 10.2 miles, 172° true, from Calcasieu Pass Entrance Range Front Light; thence to a point 2.5 miles, 163° true, from Sabine Pass East Jetty Light.

(Sec. 2, 28 Stat. 672, as amended, 33 U. S. C. 151)

Dated: July 25, 1956.

[SEAL] A. C. RICHMOND,
Vice Admiral, U. S. Coast Guard, Commandant.

[F. R. Doc. 56-6170; Filed, July 31, 1956; 8:46 a. m.]

TITLE 49—TRANSPORTATION

Chapter I—Interstate Commerce Commission

PART 1—GENERAL RULES OF PRACTICE

MISCELLANEOUS AMENDMENTS

At a general session of the Interstate Commerce Commission, held at its office in Washington, D. C., on the 16th day of July A. D. 1956.

The matter of special rules governing notice of filing of applications by motor carriers of property or passengers and by brokers under sections 5 (2), 206, 209, 210a (b), and 211 of the Interstate Commerce Act and certain other procedural matters with respect thereto being under consideration, and

It appearing that a notice, dated May 11, 1955, in No. MC–C–1811, to the effect that certain amendments of the said rules and regulations were to be given consideration, was published in the FEDERAL REGISTER on May 18, 1955 (20 F. R. 3476), pursuant to the provisions of section 4 of the Administrative Procedure Act; that pursuant to said notice interested parties were given an opportunity to submit written data, views, or arguments with respect to said proposed amendments; and that all written arguments, opinions, or statements of facts submitted concerning the matter having been considered, and no oral hearing being deemed necessary, amendment of the said rules and regulations is deemed justified and necessary:

It is ordered, That § 1.240(a) be amended to read as follows:

§ 1.240 *Special rules governing notice of filing of applications by motor carriers of property or passengers under sections 5 (2) and 210a (b) of the Interstate Commerce Act and certain other procedural matters with respect thereto*—(a) *Scope of special rules.* These special rules govern the filing and handling of (1) applications under section 5 (2) of the Interstate Commerce Act respecting control, lease, and unification of operating rights and properties of motor carriers of property or passengers, and (2) applications for temporary authority respecting the transportation of property or passengers under section 210a (b) of the act. Except as otherwise herein provided, the general rules of practice shall apply. Amendments to applications which broaden the scope of proposed operations are deemed to be "applications" for the purpose of this part. Such amendments will not be allowed if tendered after an application has been assigned for oral hearing.

It is further ordered, That § 1.241 be amended so as to read as follows:

§ 1.241 *Special rules governing notice of filing of applications by motor carriers of property or passengers and by brokers under sections 206, 209, and 211 of the Interstate Commerce Act and certain other procedural matters with respect thereto*—(a) *Scope of special rules.* These special rules govern the filing and handling of applications for certificates, permits, and licenses respecting the transportation of property or passengers under sections 206, 209, and 211 of the Interstate Commerce Act. Except as otherwise herein provided, the general rules of practice shall apply. Amendments to applications which broaden the scope of proposed operations will not be allowed if tendered after notice of the filing of an application has been published in the FEDERAL REGISTER.

(b) *Notice to interested persons.* (1) Notice to interested persons of the filing of such applications shall be given by publication in the FEDERAL REGISTER of a summary, prepared by the Commission, of the authority sought.

(2) If an oral hearing or a prehearing conference is to be held, the date, hour, and place of the hearing or prehearing conference, together with the name of the examiner or number of the joint board before whom the matter is assigned, shall be made a part of the notice. Notice of a change in the time or place of hearing will be given as provided in paragraph (e) of this section, and may or may not be published in the FEDERAL REGISTER.

(3) If the Commission, acting upon request of an applicant for handling without oral hearing or upon its own motion, determines that an oral hearing is not necessary, that fact shall be made a part of the notice. Such a proceeding is hereinafter referred to as a "no oral hearing proceeding."

No other notice by applicants to interested persons of the filing of the applications is required, except that applicants are not relieved from the obligation to file copies of applications with Governors, State Boards, and District Directors of the Commission's Bureau of Motor Carriers, as required by the instructions which are a part of the prescribed form of application.

(c) *Protests to applications assigned for hearing.* (1) Any person opposed to an application assigned for oral hearing need not file a formal protest, but may become a party protestant at the oral hearing provided he has notified the applicant and the Commission of his intention to protest the application. Such notification shall be made by letter or telegram dispatched so as to reach applicant's representative (or applicant, if no practitioner representing him is named in the notice of filing) at least 10 days prior to the date of hearing. Two dated copies of such notification simultaneously shall be mailed to the Commission.

(2) No person who fails to notify the applicant of his intention to protest will be permitted to intervene in a proceeding except upon a showing of substantial reasons in a petition submitted in accordance with Rule 72 of the general rules of practice.

(3) Any person opposed to an application assigned for prehearing conference may become a party protestant at the prehearing conference.

(4) Rule 73 of the general rules of practice relating to participation without intervention is inapplicable to proceedings subject to this paragraph.

(d) *Handling of applications without oral hearing.* (1) An applicant who believes his application is susceptible of handling without oral hearing may request such handling when the application is filed. If such a request is made, the applicant shall submit with his application verified statements of the facts to which his witnesses would testify at an oral hearing if one were held. Applicant shall furnish copies of his verified statements to interested persons upon request from such interested persons.

(2) Protests to the granting of an application in a no oral hearing proceeding shall be filed with the Commission within 30 days after the date notice of the filing of the application is published in the FEDERAL REGISTER.

(3) Failure seasonably to file a protest in a no oral hearing proceeding will be construed as a waiver of opposition and participation in the proceeding except as hereinafter provided in paragraph (d) (6) of this section.

(4) A protest in a no oral hearing proceeding shall include a request for an oral hearing, if one is desired, and shall specify with particularity the facts, matters, and things relied upon, but shall not include issues or allegations phrased generally. Protests containing general allegations may be rejected.

(5) The Commission will determine whether an assignment for oral hearing should be made.

(6) If it is determined that an oral hearing should be assigned, notice thereof (except as otherwise provided in paragraph (d) (8) of this section respecting hearings limited to cross-examination) will be published in the FEDERAL REGISTER. Subsequent participation in such proceeding will be governed by the provisions of paragraph (c) of this section.

(7) If the Commission determines that assignment of an application for oral hearing is unnecessary, thereafter the procedure shall be in accordance with Rules 45 (b), 46 (b), 47, 48, 49, 50, 51, 52, 53, and 54 of the general rules of practice.

(e) *Notice of changes in time or place of hearing.* Those who file notice of opposition to an application and any person who requests notice of changes in the time or place of hearing will be informed of such changes if notice is given by mail. If telegraphic notice becomes necessary, notice of such changes will be given by telegram only to those who request telegraphic notice at their expense.

It is further ordered, That this order shall be effective on October 1, 1956.

And it is further ordered, That notice of this order shall be given to the general public by depositing a copy thereof in the office of the Secretary of the Commission, Washington, D. C., and by filing a copy with the Director, Division of the Federal Register.

(Secs. 12, 17, 24 Stat. 383, as amended 385, as amended, 49 Stat. 546, as amended, 548, as amended, sec. 201, 54 Stat. 933, sec. 1, 56 Stat. 285; 49 U. S. C. 12, 17, 304, 305, 904, 1003)

By the Commission.

[SEAL] HAROLD D. MCCOY, *Secretary.*

[F. R. Doc. 56-6180; Filed, July 31, 1956; 8:49 a. m.]

PROPOSED RULE MAKING

INTERSTATE COMMERCE COMMISSION

[49 CFR Part 182]

EMPLOYEES' WELFARE EXPENSES; MOTOR CARRIERS OF PROPERTY

NOTICE OF PROPOSED RULE MAKING

JULY 20, 1956.

Having given further consideration to the matter of modifying the present account 4645, Employees' Welfare Expenses, which previously was covered by a notice dated October 11, 1955, published in the FEDERAL REGISTER issue of October 26, 1955 (20 F. R. 8052), notice is hereby given pursuant to provisions of section 4 (a) of the Administrative Procedure Act that the Commission under provisions of sections 204 and 220 of the Interstate Commerce Act (49 U. S. C. 304 and 320) proposes, in lieu of that account, the insertion of a new and additional primary expense account entitled "Employees' Welfare Expenses," under (1) Equipment Maintenance, (2) Transportation, (3) Terminal, (4) Traffic, (5) Insurance and Safety, and (6) Administrative and General, respectively, in which to segregate and record the following classes of employees' welfare expenses:

1. Contributions to health and welfare funds (whether under contract arrangements with the labor organizations or otherwise).

2. Salaries and expenses incurred in conducting relief, benefit, and general medical departments, other than claims covered by Workmen's Compensation Acts.

3. Premium on group insurance policies for benefit of employees.

4. Payments to trustees under profit sharing and pension plans for the benefit of employees in active service.

5. Payments for pensions directly to retired employees or other beneficiaries when no trust fund exists.

The new primary accounts will specify that where the expenses are applicable to employees who engage in work in more than one department, such expenses shall be apportioned to the several new accounts in the same ratio as their pay is distributed to the departmental accounts, or on other equitable basis. Small amounts applicable to time spent on incidental or occasional duties may be included in the account appropriate according to the regular duty or the predominate work assignment of the employee.

Any interested person may on or before August 31, 1956, file with the Commission's Secretary written views or arguments to be considered in this connection. After consideration of representations so received, and giving effect to any changes necessary because of them, it is contemplated that the revision will become effective January 1, 1957.

[SEAL] HAROLD D. MCCOY, *Secretary.*

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

[21 CFR Part 120]

TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

NOTICE OF FILING OF PETITION FOR ESTABLISHMENT OF TOLERANCES FOR RESIDUES OF 3-(3,4-DICHLOROPHENYL)-1,1-DIMETHYLUREA

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408 (d) (1), 68 Stat. 512; 21 U. S. C. 346a (d) (1)), the following notice is issued:

A petition has been refiled by E. I. du Pont de Nemours and Company, Inc., Wilmington, Delaware, proposing the establishment of a tolerance of 2 parts per million for residues of 3-(3,4-dichlorophenyl)-1,1-dimethylurea in or on the following raw agricultural commodities: Alfalfa and grass crops (grass hay).

The original notice of filing was published in the FEDERAL REGISTER of October 22, 1955. The petition was later withdrawn.

The analytical method proposed in the petition for determining residues of 3-(3,4-dichlorophenyl)-1,1-dimethylurea is the method described in the notice of filing published in the FEDERAL REGISTER of October 22, 1955 (20 F. R. 7967).

Dated: July 26, 1956.

[SEAL] GEO. P. LARRICK, *Commissioner of Food and Drugs.*

SECURITIES AND EXCHANGE COMMISSION

[17 CFR Part 230]

GENERAL RULES AND REGULATIONS, SECURITIES ACT OF 1933

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that the Securities and Exchange Commission has under consideration further amendments of its Regulation A in addition to those contained in the revised Regulation A adopted today by Securities Act Release No. 3663. The further amendments under consideration would have the effect of making the general exemption from registration under the Securities Act of 1933 which is afforded by Regulation A available only to issuers and offerings meeting specified standards based either upon the existence of a record of net earnings on the part of the issuer or upon a limitation of the number of securities which might be issued pursuant to the exemption. Alternative standards are under consideration which would be based upon satisfying one of these criteria, or upon satisfying the other, or upon satisfying both, or upon satisfying either of them.

These proposals were developed in the course of the Commission's intensive consideration of proposed revisions of Regulation A during the past year. In the course of that consideration proposed revisions were announced for public comment on July 18, 1955 (Securities Act Release No. 3555), and again on February 14, 1956 (Securities Act Release No. 3613), and a public hearing with respect thereto was held on November 15, 1955. The proposed revisions so announced together with the revised and consolidated regulation today adopted, contain provisions imposing additional terms and conditions upon the general exemption afforded by the regulation in order to provide additional protection for investors and to facilitate enforcement by the Commission of the anti-fraud and other provisions of the Securities Act of 1933 in connection with such offerings. The regulation as adopted also clarifies the requirements of the regulation and makes other changes and improvements in its provisions.

In its consideration of these proposals, the Commission received and considered a great deal of information with respect to offerings exempted under Regulation A, including that developed by the Committee on Interstate and Foreign Commerce of the House of Representatives in the course of that Committee's consideration of H. R. 5701 and H. R. 9319 both of which bills related to offerings exempted under regulations adopted by the Commission pursuant to section 3 (b) of the Securities Act of 1933. Information so received, together with the Report of the Interstate and Foreign Commerce Committee of June 28, 1956 (House of Representatives Report No. 2513, 84th Congress, 2d Session), including the minority report which particularly discussed H. R. 11308 lead the Commission to believe that further consideration should be given to revisions of the regulation which would make the exemption afforded thereby available only to issuers and offerings meeting specified standards based either upon earnings or upon the limitation of the number of securities to be offered as distinct from the aggregate offering price of the securities to be offered. Since the determination as to whether such standards should be adopted as well as the selection of a proper standard will require intensive study and opportunity for public comment, the Commission has determined to adopt the revised and improved regulation while at the same time announcing its intention to give further consideration to the question of making the availability of the general exemption depend upon the satisfaction of such standards.

As indicated above, four alternative proposals are under consideration by the Commission. Under the first alternative, the exemption afforded by the regulation would be available only if the issuer had a net income for at least one out of the last five fiscal years. Under the second alternative, the amount of securities which could be offered pursuant to the exemption would be limited to 100,000 units except in the case of debt securities as to which the aggregate number of units would be limited to 3,000. The third alternative would make the exemption available only to issuers satisfying the above earnings tests and then only for offerings of the limited amounts of securities proposed in the second alternative, while under the fourth alternative, the limitation on the amount of securities which might be offered under the regulation would be applicable only to issuers which could not satisfy the earnings requirement, and issuers which could satisfy such requirement could offer any amount of securities under the regulation, provided that the statutory limitations upon the aggregate offering price were complied with.

The limitation of the aggregate number of shares which might be offered under the regulation to 100,000 would mean that in the case of an issuer making an offering in the full aggregate amount of $300,000 permitted by the regulation, the shares could not be offered at a price of less than $3 per share since not more than 100,000 shares could be offered. If the offering price of the individual shares was reduced, the aggregate dollar amount of the offering to the public would have to be correspondingly reduced, that is, for example, if the aggregate permissible amount of 100,000 shares were offered at $1 per share, the aggregate offering price would be $100,000.

Under any of the alternatives proposed, the exemption from the registration requirements afforded by Regulation A would not be available for offerings of large numbers of low-priced shares by issuers having no record of earnings. The Regulation A exemption has heretofore been used by a large number of such issuers. Under the first and the fourth alternatives, large numbers of low-priced shares could still be offered by those issuers which had a record of earnings, while under the first and third alternatives the regulation could not be utilized by any issuer without an earnings record and under the second and fourth alternatives the regulation could be used by issuers without an earnings record but only for offerings of limited amounts of securities.

The alternative proposed amendments referred to above are set forth below:

First alternative. Paragraph (a) of § 230.252 (Rule 252) would be amended to read as follows:

(a) Except as hereinafter provided in this section, securities issued by any of the following persons shall be exempt from registration under the act if offered in accordance with the terms and conditions of this section:

(1) Any corporation, unincorporated association or trust (i) which is incorporated or organized under the laws of the United States or Canada or any State or Province thereof, (ii) which has or proposes to have its principal business operations in the United States or Canada; or any individual who is a resident of, and proposes to have his principal business operations in any State or Province, if such corporation, unincorporated association, trust or individual has had a net income, computed in accordance with generally accepted accounting principles, from operations of the character in which the issuer intends to engage, for any one full fiscal year within the period of five years immediately preceding the date of filing the notification required by § 230.255.

The net income of one or more predecessors will be deemed to be the net income of the issuer for the purpose of this rule if the issuer acquired the major portion of its assets by the acquisition of substantially all of the assets of one or more predecessors, provided such net income is computed on a basis consistent with that of the issuer.

(2) In the case of an offering to existing security holders on a pro rata basis pursuant to warrants or rights, any direct or indirect majority-owned subsidiary of any issuer specified in subparagraph (1) of this paragraph which has securities registered on a national securities exchange pursuant to the provisions of the Securities Exchange Act of 1934.

Second alternative. Paragraph (a) of § 230.254 (Rule 254) would be amended to read as follows:

(a) The aggregate offering price of all of the following securities of (i) the issuer, (ii) its predecessors and (iii) all of its affiliates which were incorporated or organized, or became affiliates of the issuer, within the past two years, shall not exceed $300,000; and the aggregate number of all of such securities offered shall not exceed 3,000 units in the case of any bond, debenture or other evidence of indebtedness or 100,000 units in the case of any other security. The term "unit" as used in this paragraph, shall mean the smallest unit of any security which may be separately sold and transferred as a unit and in the case of a stock shall mean one share:

(1) All securities of such persons presently being offered under this regulation, or under any other regulation adopted pursuant to section 3 (b) of the act, or specified in the notification required by Rule 255 as proposed to be so offered;

(2) All securities of such persons previously sold pursuant to an offering under this regulation, or under any other regulation adopted pursuant to section 3 (b) of the act, commenced within one year prior to the commencement of the proposed offering; and

(3) All securities of such persons sold in violation of section 5 (a) of the act within one year prior to the commencement of the proposed offering.

Notwithstanding the foregoing, the aggregate offering price of all securities of such persons so offered or sold on behalf of any one person other than the issuers of such securities shall not exceed $100,000, and the aggregate number of such securities shall not exceed 1,000 units in the case of any bond, debenture

or other evidence of indebtedness or 33,333 units in the case of any other security; except that this limitation shall not apply if the securities are to be offered on behalf of the estate of a deceased person within two years after the death of such person.

Third alternative. Paragraph (a) of § 230.252 (Rule 252) would be amended to read as set forth in the first alternative above and paragraph (a) of § 230.254 would be amended to read as set forth in the second alternative above.

Fourth alternative. There would be added to § 230.254 (Rule 254) a new paragraph (d) reading as set forth below and existing paragraph (d) would be redesignated paragraph (e):

(d) In the case of any issuer which has not had a net income computed in accordance with generally accepted accounting principles from operations of the character in which the issuer intends to engage for any one full fiscal year within the period of five years immediately preceding the date of filing the notification required by § 230.255, the aggregate amount of all of the following securities of (i) the issuer, (ii) its predecessors and (iii) all of its affiliates which were incorporated or organized, or became affiliates of the issuer within the past two years shall not exceed 3,000 units in the case of any bond, debenture or other evidence of indebtedness or 100,000 units in the case of any other security. The term "units" as used in this paragraph shall mean the smallest unit of any security which may be separately sold and transferred as a unit and in the case of a stock shall mean one share:

(1) All securities of such persons presently being offered under this regulation, or under any other regulation adopted pursuant to section 3 (b) of the act, or specified in the notification required by § 230.255 as proposed to be so offered;

(2) All securities of such persons previously sold pursuant to an offering under this regulation, or under any other regulation adopted pursuant to section 3 (b) of the act, commenced within one year prior to the commencement of the proposed offering; and

(3) All securities of such persons sold in violation of section 5 (a) of the act within one year prior to the commencement of the proposed offering.

The net income of one or more predecessors will be deemed to be the net income of the issuer for the purpose of this rule if the issuer acquired the major portion of its assets by the acquisition of substantially all of the assets of one or more predecessors, provided such net income is computed on a basis consistent with that of the issuer.

Notwithstanding the foregoing, the aggregate number of all securities of such persons so offered or sold on behalf of any one person other than the issuer or issuers of such securities shall not exceed 1,000 units in the case of any bond, debenture or other evidence of indebtedness or 33,333 units in the case of any other security; except that this limitation shall not apply if the securities are to be offered on behalf of the estate of a deceased person within two years after the death of such person.

Notice is also given that the Commission still has under consideration the proposed amendment to Regulation A announced by Securities Act Release No. 3600 dated December 27, 1955, which amendment would provide that the financial statements required to be contained in offering circulars used under Regulation A be certified by independent public or certified public accountants and would also require that the certifying accountant consent to the use of his name on the certificate.

The proposed amendments to Regulation A would be adopted pursuant to the Securities Act of 1933, particularly sections 3 (b) and 19 (a) thereof.

All interested persons are invited to submit data, views and comments on the proposed amendments in writing to the Securities and Exchange Commission, Washington 25, D. C., on or before September 15, 1956. Except in cases where it is requested that such communications be kept confidential, they will be considered available for public inspection.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

NOTICES

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Serial No. Idaho 06682]

IDAHO

ORDER PROVIDING FOR OPENING OF PUBLIC LANDS

JULY 24, 1956.

The State of Idaho has certified that the hereinafter-described lands patented to the State under the provisions of section 4 of the Act of August 18, 1894 (28 Stat. 422, 43 U. S. C. Sec. 641), as amended, commonly known as the Carey Act, have not been reclaimed as required by the Carey Act and that water is not available for the irrigation of these tracts. The State of Idaho therefore, has reconveyed the lands to the United States:

BOISE MERIDIAN, IDAHO

T. 9 S., R. 16 E.,
Sec. 25, SE¼NW¼, NW¼NW¼.

The area described totals 80 acres of public lands.

The lands described are located in Idaho Grazing District No. 2, and for the most part lie in the gorge of Rock Creek about one mile south of where Rock Creek enters the Snake River some six miles northwest of Twin Falls, Idaho. About three acres of the SE¼NW¼ slope gently to the canyon rim and are suitable for cultivation under adequate irrigation. The remaining area of the two tracts are rough, steep slopes and entirely unsuited for cultivation. The vegetation is a sparse cover of big sagebrush and cheat grass. No source of irrigation water is known to exist, and rainfall is insufficient for dry land cultivation.

No application for these lands will be allowed under the homestead, desert-land, small-tract, or any other nonmineral public-land law, unless the lands have already been classified as valuable, or suitable for such type of application, or shall be so classified upon consideration of an application. Any application that is filed will be considered on its merits. The lands will not be subject to occupancy or disposition until they have been classified.

Subject to any existing valid rights and the requirements of applicable law, the lands described in paragraph 2 hereof, are hereby opened to filing of applications, selections, and locations in accordance with the following:

a. Applications and selections under the nonmineral public land laws and applications and offers under the mineral leasing laws may be presented to the Manager mentioned below, beginning on the date of this order. Such applications, selections, and offers will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

(1) Applications by persons having prior existing valid settlement rights, preference rights conferred by existing laws, or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

(2) All valid applications under the Homestead, Desert Land, and Small Tract Laws by qualified veterans of World War II or of the Korean Conflict, and by others entitled to preference rights under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284 as amended), presented prior to 10:00 a. m. on August 29, 1956, will be considered as simultaneously filed at that hour. Rights under such preference right applications filed after that hour and before 10:00 a. m. on November 28, 1956, will be governed by the time of filing.

(3) All valid applications and selections under the nonmineral public land laws, other than those coming under paragraphs (1) and (2) above, and applications and offers under the mineral leasing laws, presented prior to 10:00 a. m. on November 28, 1956, will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after that hour will be governed by the time of filing.

b. The lands will be open to location under the United States mining laws, beginning 10:00 a. m., on November 28, 1956.

Persons claiming veteran's preference rights under paragraph a (2) above must enclose with their applications proper evidence of military or naval service, preferably a complete photostatic copy of the certificate of honorable discharge. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enclose properly corroborated statements in support of their applications, setting forth all facts relevant to their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

Inquiries concerning these lands shall be addressed to the Manager, Land Office, Bureau of Land Management, P. O. Box 2237, Boise, Idaho.

NOLAN F. KEIL, *Acting State Supervisor.*

GULF AMERICAN FIRE AND CASUALTY CO.

SURETY COMPANIES ACCEPTABLE ON FEDERAL BONDS

JULY 26, 1956.

A Certificate of Authority has been issued by the Secretary of the Treasury to the following company under the Act of Congress approved July 30, 1947, 6 U. S. C. secs. 6–13, as an acceptable surety on Federal bonds. An underwriting limitation of $70,000.00 has been established for the company. Further details as to the extent and localities with respect to which the company is acceptable as surety on Federal bonds will appear in the next issue of Treasury Department Form 356, copies of which, when issued, may be obtained from the Treasury Department, Bureau of Accounts, Surety Bonds Branch, Washington 25, D. C.

Name of company, location of principal executive office and State in which incorporated: Gulf American Fire and Casualty Company, Montgomery, Alabama.

FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 11786 etc.; FCC 56-699]

WEST SHORE BROADCASTING CO. ET AL.

ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of Samuel Babbitt, Saul Dresner, Leonard Wechsler, Alfred Dresner, Fred Schottland and Robert Gessner d/b as West Shore Broadcasting Company, Beacon, New York, Docket No. 11786, File No. BP-9821; The Westport Broadcasting Company, Westport, Connecticut, Docket No. 11787, File No. BP-9972; James W. Miller, Milford, Connecticut, Docket No. 11788, File No. BP-10500; for construction permits.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 18th day of July 1956;

The Commission having under consideration the above-captioned applications for construction permits for new standard broadcast stations to operate on 1260 kilocycles, daytime only, by Samuel Babbit, Saul Dresner, Leonard Wechsler, Alfred Dresner, Fred Schottland and Robert Gessner d/b as West Shore Broadcasting Company at Beacon, New York, with a power of one kilowatt, directional antenna; by The Westport Broadcasting Company at Westport, Connecticut, with a power of 500 watts, directional antenna; and by James W. Miller at Milford, Connecticut, with a power of 500 watts;

It appearing that each of the applicants is legally, technically and otherwise qualified, except as may appear from the issues specified below, and West Shore Broadcasting Company and The Westport Broadcasting Company are financially qualified, to construct and operate their proposed stations, but that the proposed operations would result in mutually prohibitive interference; that the aerial site photograph submitted by the West Shore Broadcasting Company does not show sufficient detail within the proposed 1000 mv/m contour upon which to determine that the proposed transmitter site will be satisfactory; that the proposed operation of James W. Miller would cause interference to Station WBUD, Trenton, New Jersey (1260 kc, 1 kw, 5 kw-LS, DA-2, U), would not provide a minimum field intensity of 25 mv/m over the entire business and industrial areas of Milford, Connecticut, nor a minimum field intensity of 5 mv/m over all the residential area of Milford as required by § 3.188 (b) of the Commission's Rules; and that insufficient information has been submitted by James W. Miller to establish his financial qualifications; and

It further appearing that, pursuant to section 309 (b) of the Communications Act of 1934, as amended, the subject applicants were advised by letter dated May 21, 1956, of the aforementioned deficiencies and that the Commission was unable to conclude that a grant of any of these applications would be in the public interest; and

It further appearing that on June 14, 1956, the West Shore Broadcasting Company submitted a new site photograph, but that the new photograph still fails to show clearly the detail within the proposed 1000 mv/m contour; and

It further appearing that a timely reply was received from The Westport Broadcasting Company; and

It further appearing that, though James W. Miller, replied to the Commission's letter by letters dated May 28 and June 20, 1956, and contended that the area not included within his proposed 5 mv/m contour is the Town of Devon, some portion of the Town of Milford is not within the proposed station's 5 mv/m contour; that, though James W. Miller submitted additional financial data, an obligation incurred by the applicant as a result of a grant of his application for a new standard broadcast station in Milford, Massachusetts, on June 20, 1956 (BP-9879), was not included in the data submitted; and

It further appearing that by letter dated June 13, 1956, Station WBUD requested that the application of James W. Miller be designated for hearing; and

It further appearing that Station WAVZ, New Haven, Connecticut, is presently licensed to operate on 1260 kilocycles, but has been granted a construction permit to change frequency to 1300 kilocycles which is now the subject of an appeal in the United States Court of Appeals for the District of Columbia; and that in the event of favorable action on any of the above-captioned applications in the hearing provided for below, the grant of any of these applications shall not be made effective until after all legal proceedings involving WAVZ applications to operate on some frequency other than 1260 kilocycles have been terminated; and

It further appearing that, in view of the foregoing, the Commission is of the opinion that a hearing on the above-captioned applications is necessary;

It is ordered, That, pursuant to section 309 (b) of the Communications Act of 1934, as amended, the said applications are designated for hearing in a consolidated proceeding, at a time and place to be specified in a subsequent order, upon the following issues:

1. To determine the areas and populations which would receive primary service from each of the proposed operations, and the availability of other primary service to such areas and populations.

2. To determine whether the proposed operation of James W. Miller would cause interference to Station WBUD, Trenton, New Jersey, or any other existing standard broadcast stations, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other primary service to such areas and populations.

3. To determine whether the installation and operation proposed by the West Shore Broadcasting Company would be in compliance with the Commission's rules and technical standards with particular reference to the suitability of the proposed transmitter site.

4. To determine whether the proposed operation of James W. Miller would be in accordance with § 3.188 (b) of the Commission's rules with regard to adequate coverage to the city sought to be served.

5. To determine whether James W. Miller is financially qualified to construct and operate his proposed station.

6. To determine in the light of section 307 (b) of the Communications Act of 1934, as amended, which of the operations proposed in the above-captioned applications would best provide a fair,

efficient and equitable distribution of radio service.

7. To determine, in the light of the evidence adduced pursuant to the foregoing issues, which, if any, of the applications should be granted.

It is further ordered, That Morrisville Broadcasting Company and The WAVZ Broadcasting Corporation, licensees of Stations WBUD and WAVZ, respectively, are made parties to the proceeding.

It is further ordered, That, in the event of favorable action on any of the above-captioned applications in the hearing provided for herein, the grant of the application shall be subject to the outcome of all legal proceedings involving WAVZ applications to operate on some frequency other than 1260 kilocycles.

Released: July 27, 1956.

Secretary.

[F. R. Doc. 56-6184; Filed, July 31, 1956; 8:50 a.m.]

[Docket No. 11789, 11790; FCC 56-700]

TRADEWINDS BROADCASTING CO. (WCBQ)

ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of M. R. Lankford, tr/as The Tradewinds Broadcasting Company (WCBQ), Sarasota, Florida, Docket No. 11789, File No. BP-10370; for construction permit to replace expired construction permit and Docket No. 11790, File No. BMP-6920; for modification of construction permit.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 18th day of July 1956;

The Commission having under consideration the above-captioned applications of M. R. Lankford, tr/as The Tradewinds Broadcasting Company, (1) for a construction permit, File No. BP-10370, to replace expired construction permit BP-9543 for a new standard broadcast station at Sarasota, Florida, to operate on 1220 kilocycles with a power of 250 watts, directional antenna, daytime only, granted on February 23, 1955; and (2) for a modification of construction permit BP-9543 to increase power to 1 kilowatt and change studio-antenna-transmitter location, File No. BMP-6920;

It appearing that before construction was begun on Station WCBQ under construction permit BP-9543 M. R. Lankford filed, on July 22, 1955, the above-captioned application for modification of construction permit to increase power and specify a new site; and that the WCBQ construction permit, BP-9543, expired on October 23, 1955, since no application for extension of completion date or license to cover construction permit had been filed;

It further appearing that the Commission was unable to determine, on the basis of the information before it, whether the applicant was financially qualified to construct and operate Station WCBQ as proposed in the above-captioned application for modification of construction permit; and that Station WSPB, Sarasota, Florida, has submitted photographs and a newspaper article indicating that construction of Station WCEQ has been undertaken at the site specified in the above-captioned application for modification of permit; and

It further appearing, that, pursuant to section 309 (b) of the Communications Act of 1934, as amended, the subject applicant was advised by letter dated January 31, 1956, of the aforementioned matters and that the Commission was unable to conclude that a grant of its application for modification of permit would serve the public interest; and

It further appearing that on February 15, 1956, M. R. Lankford filed the above-captioned application for construction permit to replace expired construction permit, BP-9543; and that pursuant to section 309 (b) of the Act, the applicant was advised by letter dated April 13, 1956, that the deficiencies pointed out in the Commission's above-referenced letter of January 31, 1956, also obtained with respect to the application for construction permit to replace expired construction permit; and

It further appearing that in a reply filed on March 1, 1956, the applicant submitted a new balance sheet and comments on the matters raised in the Commission's letter of January 31, 1956; and

It further appearing that since information before the Commission indicates that the applicant may be responsible for payments of $62,580 for the construction of Station WRAY-TV, Princeton, Indiana, and will need approximately $53,241 for construction of Station WCBQ, or a total of $115,821, and shows current liquid assets of only $5,232.45, it cannot be found that the applicant is financially qualified to construct and operate the proposed station; and

It further appearing that in his March 1, 1956, reply, the applicant states that construction of the building on the site specified in the instant application for modification of permit was started in anticipation of the enactment of a zoning ordinance that would have hindered construction of any commercial type building and that the building is of a "multi-purpose commercial" type; that "although said building will be suitable in connection with broadcast facilities, in event of a grant of the applicant's application, it was in no way designed specifically for that purpose"; that the building is now being rented on a monthly basis to Mosby Engineering Associates, Inc. as a field office for its surveying business; that he had no prior knowledge of the aforementioned newspaper article and that its contents were not obtained from him; and that he has not authorized anyone to photograph "said building" and "therefore doubts and denies its authenticity"; and

It further appearing that the Commission, after consideration of the above matters, is of the opinion that a hearing is necessary on the above-captioned applications;

It is ordered, That, pursuant to section 309 (b) of the Communications Act of 1934, as amended, the said applications are designated for hearing, at a time and place to be specified in a subsequent order, upon the following issues:

1. To determine whether M. R. Lankford is financially qualified to construct and operate Station WCBQ as proposed.

2. To determine whether construction of Station WCBQ was begun at the site specified in the above-captioned application for modification of permit without prior Commission authorization so as to preclude the issuance of a license to cover permit pursuant to section 319 (a) of the Communications Act of 1934, as amended.

3. To determine, in light of the evidence adduced pursuant to the foregoing issues, whether a grant of either of the above-captioned applications would serve the public interest, convenience and necessity.

It is further ordered, That WSPB, Incorporated, licensee of Station WSPB, Sarasota, Florida, is made a party to the proceeding.

Released: July 27, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 56-6185; Filed, July 31, 1956; 8:50 a.m.]

[Docket No. 11791; FCC 56-705]

RADIO MOUNT KISCO, INC.

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In re application of Radio Mount Kisco, Inc., Mt. Kisco, New York, Docket No. 11791, Filed No. BP-10344; for construction permit.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 18th day of July 1956;

The Commission having under consideration the above-captioned application of Radio Mount Kisco, Inc., for a construction permit for a new standard broadcast station to operate on 1310 kilocycles with a power of 1 kilowatt, daytime only, at Mt. Kisco, New York;

It appearing that the application is legally, technically, financially, and otherwise qualified, except as may appear from the issues specified below, to operate its proposed station, but that the station as proposed would involve interference with Stations WJLK, Asbury Park, New Jersey (1310 kc, 250 w, U); and WEVD, New York City, New York (1330 kc, 5 kw, DA-2, U); and

It further appearing that pursuant to section 309 (b) of the Communications Act of 1934, as amended, the subject applicant was advised by letter dated May 21, 1956, of the aforementioned deficiency; that in a letter dated April 4, 1956, the licensee of WJLK requested that this application be designated for hearing; that § 3.29 of the Commission's rules provides that Class IV stations operating on regional channels will not be protected against interference from Class III stations; and that the Commission was unable to conclude that a grant of the application would be in the public interest; and

It further appearing that replies were received from Station WEVD and from the applicant stating that they would appear at a hearing on the subject application, and the applicant contended that WJLK was not entitled to participate in the proceeding because of the provision of § 3.29 of the Commission's rules; and

It further appearing that in a letter dated June 22, 1956, WJLK contends that, because WJLK formerly operated as WCAP with a power of 500 watts and shared time with two other stations on 1300 kilocycles and was later assigned to operate with 250 watts on 1310 kilocycles by the Commission as the result of extensive hearings, it would be arbitrary and confiscatory to apply the provisions of § 3.29 to WJLK; and

It further appearing that the Commission, after consideration of the above, is of the opinion that a hearing on the subject application is necessary;

It is ordered, That, pursuant to section 309 (b) of the Communications Act of 1934, as amended, the said application is designated for hearing, at a time and place to be specified in a subsequent order, upon the following issues:

1. To determine the areas and populations which would receive primary service from the operation proposed by Radio Mount Kisco, Inc., and the availability of other primary service to such areas and populations.

2. To determine whether the operation proposed by Radio Mount Kisco, Inc. would involve objectionable interference with Stations WEVD, New York City, New York, and WJLK, Asbury Park, New Jersey; or any other existing station, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other primary service to such areas and populations.

3. To determine, in the event the proposed Mt. Kisco operation would cause objectionable interference to WJLK, whether, in view of the facts and circumstances leading up to the existing assignment of WJLK on 1310 kilocycles with 250 watts, unlimited time, the provisions of § 3.29 of the Commission's rules are applicable as to require WJLK to accept such interference.

4. To determine, in light of the evidence adduced pursuant to the foregoing issues, whether a grant of the application of Radio Mount Kisco, Inc., would serve the public interest, convenience, and necessity.

It is further ordered, That Debs Memorial Radio Fund, Inc., licensee of Station WEVD, New York City, New York; and Asbury Park Press, Inc., licensee of Station WJLK, Asbury Park, New Jersey, are made parties to the proceeding.

Released: July 27, 1956.

GENERAL SERVICES ADMINISTRATION

[Project 3-DC-07]

FEDERAL OFFICE BUILDINGS

PROSPECTUS FOR PROPOSED BUILDINGS IN SOUTHWEST REDEVELOPMENT AREA OF DISTRICT OF COLUMBIA.

EDITORIAL NOTE: This prospectus of proposed Project Number 3-DC-07 is published pursuant to section 412 (f) of the Public Buildings Purchase Contract Act of 1954 as amended by Public Law 150, 84th Congress, which requires publication in the FEDERAL REGISTER, for a period of ten consecutive days from date of submission to the Committees on Public Works of the Senate and House of Representatives.

[Project No. 3-DC-07]

FORMAL PROSPECTUS FOR PROPOSED BUILDING UNDER TITLE I PUBLIC LAW 519, 83D CONGRESS, 2D SESSION

FEDERAL OFFICE BUILDING NO. 10, WASHINGTON, D. C.

1. *Brief description of proposed building.* The project contemplates the erection of a Federal Office Building on a site to be acquired in Southwest Washington. The building will be multistoried and will provide approximately 1,095,000 square feet of net assignable space.

2. *Estimated maximum cost and financing.* a. Maximum cost of the site and building, $40,900,000.

b. Proposed contract term, 25 years.

c. Maximum rate of interest on purchase contract, 4 percent.

3. *Certificates of need* As the project is intended to provide relocation of numerous Federal agencies now in temporary buildings, no specific allocation of space can be made at this time. Upon completion of the facility, assignment and re-assignment will be made in accordance with existing law. Therefore, requirement for Certificate of Need otherwise required by section 411 (e) of the Public Buildings Purchase Contract Act of 1954 was waived in Public Law 150, 84th Congress. Certification is hereby made as to the need for service space.

4. *Nonavailability of existing space.* Suitable space owned by the Government is not available and suitable rental space is not available at a price commensurate with that to be afforded through the contract proposed.

5. *Estimated annual managerial, custodial, heat, and utility costs.* (Services to be supplied by Government), $1,095,000.

6. *Estimated annual tax liability, upkeep and maintenance.* a. Taxes, post construction (contract period), $546,000.

b. Upkeep and maintenance (to be provided by Government), $164,000.

7. *Current housing costs.* Housing costs currently paid by the Government for agencies to be housed in the building to be erected, $841,261 p. a.

Determination of need. It has been determined that (1) the needs for space for the permanent activities of the Federal Government in this particular area cannot be satisfied by utilization of any existing suitable property now owned by the Government, and (2) the best interests of the United States will be served by taking action hereunder.

Submitted at Washington, D. C., on July 13, 1956.

EXECUTIVE OFFICE OF THE PRESIDENT
BUREAU OF THE BUDGET
WASHINGTON 25, D. C.

JULY 18, 1956.

Project #3-DC-07,
Federal Office Building, No. 10,
(Two buildings connected by pedestrian tunnel),
Southwest Washington Area,
Washington, D. C.

MY DEAR MR. FLOETE: Pursuant to section 411 (e) (8) of the Public Buildings Purchase Contract Act of 1954 (Public Law 519), the proposal for a Federal Office Building, received July 13, 1956, has been examined and in my opinion "is necessary and in conformity with the policy of the President." This approval is given with the following understanding:

1. That the stated project cost of $40,900,000 (including cost of a site to be acquired at an estimated cost of $1,700,000 is a maximum figure.

2. That the reported annual operating cost of existing temporary buildings to be supplanted, i. e., $1.00 per square foot, represents minimum maintenance in anticipation of demolition and that temporary Government buildings actually cost more to maintain than the proposed new building.

3. That the site to be acquired in the southwest Washington area will be developed to its maximum space utilization; that the proposed building will provide relocation of numerous Federal agencies now in temporary buildings; that no specific allocation of space can be made at this time; when specific allocation of agencies in the proposed building is determined by the General Services Administration, temporary space of equivalent occupancy will be demolished.

4. That every effort will be made to design and construct space conducive to maximum efficient utilization, and to take advantage of any revision of cost downward which may be found possibly as the plans develop and negotiations are advanced.

You appreciate, of course, that this project will receive a more detailed review as to cost and space utilization.

Sincerely yours,

PERCIVAL BRUNDAGE,
Director.

HON. FRANKLIN G. FLOETE,
Administrator,
General Services Administration,
Washington 25, D. C.

FEDERAL POWER COMMISSION

[Docket Nos. G-10413, G-10649]

STANDARD OIL CO. OF TEXAS AND JAKE L. HAMON

NOTICE OF APPLICATIONS AND DATE OF HEARING

JULY 26, 1956.

Take notice that each of the above applicants has filed an application for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing applicants to render services as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the applications which are on file with the Commission and open for public inspection.

Applicants listed herein produce and propose to sell natural gas from the fields listed below to Texas Eastern Transmission Corporation for transportation in interstate commerce for resale.

Docket No. G– and Location of Field

10413; Chevron Field, Kleberg County, Tex.
10649; North Riverside Field, San Patricio County, Tex.

These related matters should be heard on a consolidated record and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on August 29, 1956, at 9:30 a. m., e. d. s. t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such applications: *Provided, however,* That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for applicants to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before August 14, 1956. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[Docket No. G–10793, etc.]

PHILLIPS PETROLEUM CO.

ORDER SUSPENDING PROPOSED CHANGES IN RATES AND CONSOLIDATING PROCEEDINGS

In the matter of Phillips Petroleum Company, Docket No. G–10793. In the matters of Phillips Petroleum Company, Docket No. G–1148; Phillips Petroleum Company, Docket Nos. G–3175, G–4333, G–6621, G–7773, G–8623, G–8695, G–8883, G–10359.

Phillips Petroleum Company (applicant), on June 25, 1956, tendered for filing proposed changes in presently effective rate schedules for sales subject to the jurisdiction of the Commission. The proposed changes, which constitute increased rates and charges, are contained in the following designated filings which are proposed to become effective on the date shown:

Description; Purchaser; Rate Schedule Designation; and Effective Date [1]

Notice of change, dated June 22, 1956; Michigan-Wisconsin Pipe Line Company; Supplement No. 19 to Applicant's FPC Gas Rate Schedule No. 4; July 26, 1956.

The increased rates and charges proposed in the aforesaid filings have not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds:

(1) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed changes, and that the above-designated supplement be suspended and the use thereof deferred as hereinafter ordered.

(2) It is appropriate and in the public interest in carrying out the provisions of the Natural Gas Act and good cause exists to consolidate Docket No. G–10793 with the proceedings in Dockets Nos. G–1148, G–3175, G–4333, G–6621, G–7773, G–8623, G–8695, G–8883 and G–10359 previously consolidated for the purpose of hearing.

The Commission orders:

(A) Pursuant to the authority contained in sections 4 and 15 of the Natural Gas Act and the Commission's general rules and regulations (18 CFR, Chapter I), the above-designated Supplement No. 19 to Applicant's FPC Gas Rate Schedule No. 4 be and the same hereby is suspended and the use thereof deferred until December 26, 1956, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(B) Docket No. G–10793 be and the same hereby is consolidated with Dockets Nos. G–1148, G–3175, G–4333, G–6621, G–7773, G–8623, G–8695, G–8883 and G–10359 for the purpose of hearing.[2]

(C) Neither the supplement hereby suspended, nor the rate schedule sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(D) Interested State commissions may participate as provided by Sections 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

By the Commission.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[F. R. Doc. 56–6167; Filed, July 31, 1956; 8:45 a. m.]

[1] The stated effective date is the first day after expiration of the required thirty days' notice, or the effective date proposed by applicant if later.

[2] The hearing in these consolidated proceedings is now scheduled to resume on October 1, 1956.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70–3492]

FLAT TOP POWER CO. ET AL.

ORDER REGARDING ISSUANCE OF COMMON STOCK BY SUBSIDIARY UTILITY COMPANY IN EXCHANGE FOR ASSETS OF ASSOCIATE UTILITY COMPANY, LIQUIDATION AND DISSOLUTION OF ASSOCIATE COMPANY AND ACQUISITION BY PARENT OF COMMON STOCK OF SUBSIDIARY UTILITY COMPANY

JULY 26, 1956.

In the matter of Flat Top Power Company, Appalachian Electric Power Company, and American Gas and Electric Company, File No. 70–3492.

American Gas and Electric Company ("American"), a registered holding company, and two of its subsidiaries, Appalachian Electric Power Company ("Appalachian") and Flat Top Power Company ("Flat Top"), have filed a joint application-declaration and an amendment thereto, pursuant to sections 6 (b), 7, 10, 12 (d) and 12 (f) of the Public Utility Holding Company Act of 1935 ("act"), and Rules U-43 and U-44 thereunder regarding proposed transactions, which relate to the acquisition by Appalachian of the assets of Flat Top and the subsequent liquidation and dissolution of Flat Top and involve (1) the transfer by Flat Top and the acquisition by Appalachian of all of Flat Top's assets which amounted to $133,844 at March 31, 1956, and the rendering of service by Appalachian in the area theretofore served by Flat Top, (2) the issuance by Appalachian, and the acquisition by Flat Top, of 10,000 shares of Appalachian's common stock, without par value, and the assumption by Appalachian of all of Flat Top's liabilities which amounted to $8,140 at March 31, 1956, and (3) the liquidation and dissolution of Flat Top and the transfer to American of the 10,000 shares of Appalachian common stock theretofore received by Flat Top.

The Virginia State Corporation Commission, the Public Service Commission of West Virginia and the Tennessee Public Service Commission have issued orders approving certain of the proposed transactions.

According to the filing the estimated miscellaneous expenses and legal fees will not exceed $1,000 and $250 respectively, and such fees and expenses are to be paid by Appalachian.

Notice of filing of said application-declaration having been duly given in the manner prescribed by Rule U-23 and no hearing having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the act and of the rules thereunder are satisfied, that the expenses set forth above are not unreasonable, and that the application-declaration, as amended, should be granted and permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said application-declaration, as amended, be and the same hereby is granted and permitted to become effective forthwith, subject to the terms and conditions set forth in Rule U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

INTERSTATE COMMERCE COMMISSION

[Notice 123]

MOTOR CARRIER APPLICATIONS

JULY 27, 1956.

Protests consisting of an original and two copies to the granting of an application must be filed with the Commission within 30 days from the date of publication of this notice in the FEDERAL REGISTER and a copy of such protest served on the applicant. Each protest must clearly state the name and street number, city and street address of each protestant on behalf of whom the protest is filed (49 CFR 1.240 and 1.241). Failure to seasonably file a protest will be construed as a waiver of opposition and participation in the proceeding unless an oral hearing is held. In addition to other requirements of Rule 40 of the general rules of practice of the Commission (39 CFR 1.40), protests shall include a request for a public hearing, if one is desired, and shall notify with particularity the facts, matters, and things relied upon, but shall not include issues or allegations phrased generally. Protests containing general allegations may be rejected. Requests for an oral hearing must be supported by an explanation as to why the evidence cannot be submitted in forms of affidavits. Any interested person not a protestant, desiring to receive notice of the time and place of any hearing, pre-hearing conference, taking of depositions, or other proceeding shall notify the Commission by letter or telegram within 30 days of publication of this notice in the FEDERAL REGISTER. Except when circumstances require immediate action, an application for approval, under section 210a (b) of the act, of the temporary operations of Motor Carrier properties sought to be acquired in an application under section 5 (2) will not be disposed of sooner than 10 days from the date of publication of this notice in the FEDERAL REGISTER. If a protest is received prior to action being taken, it will be considered.

APPLICATIONS OF MOTOR CARRIERS OF PROPERTY

No. MC 873 Sub 25, filed July 18, 1956, SOONER FREIGHT LINES, a Corporation, P. O. Box 2488 Exchange Branch, Oklahoma City, Okla. Applicant's representative: Sidney P. Upsher, 3000 West Reno, Oklahoma City, Okla. For authority to operate as a *common carrier*, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, between Comanche, Okla., and Wichita Falls, Tex. from Comanche over U. S. Highway 81 to junction with U. S. Highway 70, thence over U. S. Highway 70 to junction with Oklahoma Highway 79, and thence over Oklahoma and Texas Highways 79 to Wichita Falls, and return over the same route, serving no intermediate points, as an alternate route for operating convenience only in connection with applicant's authorized regular route operations between (1) Oklahoma City, Okla., and Wichita Falls, Tex., and (2) between Oklahoma City, Okla., and Frederick, Okla., in Certificate MC 873, dated March 7, 1947. Applicant is authorized to conduct operations in Oklahoma and Texas.

No MC 1124 Sub 131, filed June 29, 1956, HERRIN TRANSPORTATION COMPANY, a corporation, 2301 McKinney Avenue, Houston, Tex. Applicant's representative: Leroy Hallman, First National Bank Building, Dallas 2, Tex. For authority to operate as a *common carrier*, over regular routes, transporting: *General commodities*, including *Class A and B explosives*, but excluding articles of unusual value, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, (1) between Leesville, La., and Ville Platte, La., from Leesville over Louisiana Highway 118 to junction Louisiana Highway 10, thence over Lousiana Highway 10 via Oakdale, La., to Ville Platte, and return over the same route, serving no intermediate points, as an alternate route for operating convenience only in connection with applicant's regular route operation; and (2) between Shreveport, La., and junction U. S. Highways 190 and 71, bear Krotz Springs, La., over U. S. Highway 71, serving no intermediate points, as an alternate route for operating convenience only in connection with applicant's regular route operations. Applicant is authorized to conduct operations in Arkansas, Louisiana, Mississippi, Tennessee, and Texas.

No. MC 2900 Sub 84, filed July 9, 1956, GREAT SOUTHERN TRUCKING COMPANY, 1863 Clarkson Street, P. O. Box 2408, Jacksonville 3, Fla. Applicant's representative: Allen Post, 1220 First National Bank Building, Atlanta 3, Ga. For authority to operate as a *common carrier*, over regular and irregular routes, transporting: *General commodities*, including *Class A and B explosives*, but excluding those of unusual value, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment (1) between junction of U. S. Highway 341 and Georgia Highway 247 (1 mile north of Clinchfield, Ga.) and junction of Georgia Highway 247 and Georgia Highway 127, from junction of U. S. Highway 341 and Georgia Highway 247, over Georgia Highway 247 to junction of Georgia Highway 247 and Georgia Highway 127, and return over the same route, serving all intermediate points; (2) between points in Baldwin, Washington, Twiggs, Wilkinson, Johnson, Emanual, Bleckley, Laurens, Treutlen, Pulaski, Dodge, Wheeler, Montgomery, Toombs and Telfair Counties, and that part of Jefferson County on and south of Georgia Highway 24, and that part of Wilcox County on and east of U. S. Highway 129, all within the State of Georgia. Applicant is authorized to conduct operations in Alabama, Georgia, North Carolina, South Carolina, Florida, and Tennessee.

NOTE: This application will be processed concurrently with MC–F 6314.

No. MC 2900 Sub 85, filed July 16, 1956, GREAT SOUTHERN TRUCKING COMPANY, 1863 Clarkson Street, P. O. Box 2408, Jacksonville 3, Fla. For authority to operate as a *common carrier*, over regular routes, transporting: *General commodities, including Class A and B explosives*, but excepting those of unusual value, household goods as defined by the Commission, commodities in bulk, and commodities requiring special equipment, between Clearwater, Fla., and St. Petersburg, Fla., over U. S. Highway 19 (relocated) serving all intermediate points and off-route points within three (3) miles of the route specified. Applicant is authorized to conduct operations in Florida, Alabama, Georgia, South Carolina, North Carolina, and Tennessee.

NOTE: Applicant states that its authority over Alternate U. S. Highway 19, formerly known as U. S. Highway 19 between these points, together with the commercial zone areas of Clearwater and St. Petersburg, covers all of the segment of U. S. Highway 19 applied for with the exception of a portion approximately 1.6 miles in length between Florida Highways 686 and 688.

No. MC 6380 Sub 3, filed July 10, 1956, R. F. TRUESDELL, 1616 West Fourth Street, Ashtabula, Ohio. Applicant's representative: Edwin C. Reminger, Standard Building, Cleveland, 13, Ohio. For authority to operate as a *contract carrier*, over irregular routes, transporting: (1) *Pulpboard; corrugated or solid fibreboard boxes*, plain or wood cleated, *paper or paper products*, (not including printing or fine papers), *miscellaneous cartons and receptacles*, in finished or semifinished or raw state of production, (a) from Ashtabula, Ohio, to points in Delaware, and those in Florida on and north of Florida State Highway Route 60, Georgia, Maryland, New Jersey, and those in New York on and east of a line beginning at Windsor Beach, N. Y., and extending in a southerly direction to Rochester, N. Y., thence over New York Highway 96 through Waterloo and Ithaca, N. Y., to Owego, N. Y., thence south to the New York-Pennsylvania State line, North Carolina, and points in Pennsylvania on and east of U. S. Highway 219, South Carolina, Virginia, and points in West Virginia on and south of a line extending from a point on the West Virginia-Pennsylvania State line directly east of Bellton, W. Va., through Bellton to the West Virginia-Ohio State line, with no return except as shown in paragraph (2) below. (b) From Erie, Pa., to points in Delaware, and those in Florida on and north of Florida State Highway route 60, Georgia, Maryland, New Jersey, and those in New York east of a line beginning at Windsor Beach, N. Y., and extending in a southerly direction to Rochester, N. Y., thence over New York Highway 96 through Waterloo and Ithaca, N. Y., to Owego, N. Y. thence

south to the New York-Pennsylvania State line, North Carolina, South Carolina, Virginia, and points in West Virginia on and south of a line extending from a point on the West Virginia-Pennsylvania State line directly east of Bellton, W. Va., through Bellton to the West Virginia-Ohio State line, with no return except as shown in paragraph (2) below. (c) From Biglerville, Pa., to points in Delaware, and those in Florida on and north of Florida State Highway Route 60, Georgia, Maryland, New Jersey, New York, North Carolina, Ohio, South Carolina, Virginia, and West Virginia, with no return except as shown in paragraph (2) below. (2) *Pulpboard; refused and rejected shipments* of the above-named commodities, from points in the above-specified destination territories to Ashtabula, Ohio, Erie and Biglerville, Pa.

No. MC 19201 Sub 92, filed July 12, 1956, PENNSYLVANIA TRUCK LINES, INC., 110 South Main Street W. E., Pittsburgh, Pa. Applicant's representative: Robert H. Griswold, Commerce Building, Harrisburg, Pa. (P. O. Box 432). For authority to operate as a *common carrier*, over regular routes, transporting: *General commodities, including commodities in bulk, commodities of unusual value,* and *those requiring special equipment*, but excluding Class A and B explosives, and household goods as defined by the Commission, (1) between junction U. S. Highway 322 and unnumbered highway (formerly Pennsylvania Highway 983) south of Milroy, Pa., and Bellefonte, Pa., from junction U. S. Highway 322 and unnumbered highway, thence over U. S. Highway 322 to State College, Pa., thence over Pennsylvania Highway 545 to Bellefonte, and return over the same route. (2) Between Milroy, Pa., and junction unnumbered highway and U. S. Highway 322, northwest of Milroy, from Milroy over unnumbered highway to junction U. S. Highway 322, and return over the same route. (3) Between Lemont, Pa., and junction unnumbered highway and Pennsylvania Highway 545 west of Lemont, from Lemont over unnumbered highway to junction Pennsylvania Highway 545, and return over the same route. Serving intermediate points which are stations on the rail lines of The Pennsylvania Railroad Company or points served by Railway Express Agency. ALTERNATE ROUTES FOR OPERATING CONVENIENCE ONLY, (1) Between Centre Hall, Pa., and Potters Mills, Pa., from Centre Hall over Pennsylvania Highway 53 to Potters Mills, and return over the same route, (2) Between Tyrone, Pa., and Water Street, Pa., from Tyrone over Pennsylvania Highway 350 to Water Street, serving no intermediate points.

NOTE: Service to be performed by auxiliary to, or supplemental of, rail service of The Pennsylvania Railroad Company and of express service of Railway Express Agency.

No. MC 19201 Sub 93, filed July 12, 1956, PENNSYLVANIA TRUCK LINES, INC., 110 South Main Street W. E., Pittsburgh, Pa. Applicant's representatives: Robert H. Griswold, Commerce Building, P. O. Box 432, Harrisburg, Pa. For authority to operate as a *common carrier*, over regular routes, transporting: *General commodities, including those of unusual value, commodities in bulk,* and *those requiring special equipment*, and excluding Class A and B explosives, and household goods, as defined by the Commission, in service auxiliary to, or supplemental of, rail service of the Pennsylvania Railroad Company, and of express service of Railway Express Agency, (1) between Greensburg, Pa., and New Alexandria, Pa., from Greensburg over U. S. Highway 30 to junction Pennsylvania Highway 981, thence over Pennsylvania Highway 981 to New Alexandria, Pa., and return over the same route, and (2) between Cresson, Pa., and Altoona, Pa., from Cresson over U. S. Highway 22 to junction Pennsylvania Highway 764, thence over Pennsylvania Highway 764 to Altoona, and return over the same route. Serving all intermediate points which are stations on the rail line of The Pennsylvania Railroad Company on routes (1) and (2) above.

No. MC 23942 Sub 7, filed July 2, 1956, ATLANTIC COAST LINE RAILROAD COMPANY, A Corporation, Box 461, Wilmington, N. C. Applicant's representative: Albert B. Russ, Jr., Law Department, Atlantic Coast Line Railroad Company (same address as applicant). For authority to operate as a *common carrier*, over regular routes, transporting: *General commodities, including commodities of unusual value, Class A and B explosives,* and *household goods*, but excluding commodities in bulk, and those requiring special equipment, A (1) between Blackshear, Ga., and Racepond, Ga., over Georgia Highway 121, serving no intermediate points, as an alternate route, for operating convenience only, in connection with carrier's regular route operations between (a) New Bern, N. C., and Waycross, Ga., and (b) Waycross, Ga., and Everglades, Fla.; (2) between Tifton, Ga., and Fitzgerald, Ga., from Tifton over Georgia Highway 125 to junction Georgia Highway 107, thence over Georgia Highway 107 to Fitzgerald, and return over the same route, serving no intermediate points, as an alternate route, for operating convenience only, in connection with carrier's regular route operations between (a) Ocilla and Thomasville, Ga., (b) Waycross and Thomasville, Ga., and (c) Waycross, Ga., and Birmingham, Ala.; (3) between junction Georgia Highway 206 and unidentified County road and junction unidentified County road and Georgia Highway 32, from junction Georgia Highway 206 and unidentified County road over unidentified County road, through Osierfield, Wray and Ambrose, Ga., to junction Georgia Highway 32, and return over the same route, serving the intermediate points of Osierfield and Wray, Ga., and serving junction of unidentified County road and Georgia Highway 32 for joinder purposes only; and (4) between Junction City, Ga., and junction Georgia Highways 90 and 3 (U. S. Highway 19), at a point near Rupert, Ga., from Junction City over Georgia Highway 90, through Mauk and Charing, Ga., to junction Georgia Highways 90 and 3 (U. S. Highway 19), at a point near Rupert, Ga., and return over the same route, serving the intermediate point of Mauk, Ga., and serving junction of Georgia Highways 90 and 3 for joinder purposes only. B Request for the elimination of the key point of Manchester, Ga., which key point restriction is imposed at Manchester, Ga., in the third condition under RESTRICTIONS in Certificate No. MC 23942 Sub 3, which condition presently reads: No shipments shall be transported by said carrier between any of the following points, or through, or to, or from more than one of said points: Rocky Mount, Fayetteville, New Bern, and Wilmington, N. C., Florence-Darlington-Bennettsville, S. C. (considered as a single key point), Sumter, Orangeburg, Columbia, and Charleston, S. C., Savannah, Waycross-Patterson-Nahunta-Brunswick-Dupont, Ga. (considered as a single key point), Cordele, Manchester, Atlanta, Albany, and Thomasville, Ga., Roanoke, Birmingham, Montgomery, Troy, and Dothan, Ala., Jacksonville, Palatka, Gainsville-Newberry-Wilcox (considered as a single key point), Leesburg, Sanford-Orlando (considered as a single key point), St. Petersburg, Fort Myers, Clewiston, Tampa, and Lakeland-Haines City (considered as a single key point), Fla., except that said carrier may transport shipments from New Bern to Wilmington, N. C., and between Tampa, Fla., on the one hand, and, Lakeland-Haines City, Fla., on the other, provided such shipments have an immediately prior or immediately subsequent haul by rail. Service to be performed will be limited to coordinated rail-motor service. RESTRICTIONS: Proposed operations under A and B above, are to be subject to the same restrictive conditions imposed in applicant's Certificate No. MC 23942 Subs 1, 3, 4, and 5, except as provided for in this application.

NOTE: Applicant states the Manchester key point restriction adversely affects the operations of its existing service, inasmuch as it restricts the handling of traffic in over-the-road truck service between Manchester and Cordele, Ga. Applicant further states that if the Manchester key point restriction were removed, the remaining restrictions would be adequate to insure that applicant will be limited in its operations to a purely auxiliary and supplementary rail service.

No. MC 25567 Sub 37, filed July 11, 1956, HANCOCK-TRUCKING, INCORPORATED (SHELDON A. KEY, TRUSTEE), 1917 West Maryland Street, Evansville, Ind. Applicant's representative: Ferdinand Born, Chamber of Commerce Building, Indianapolis 4, Ind. For authority to operate as a *common carrier*, over regular routes, transporting: *General commodities*, except those of unusual value, Class A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, serving the site of the plants of the Aluminum Company of America located on Indiana Highway 66 east of the intersection of Indiana Highway 66 and Darlington Road, in Warrick County, Ind., as an off-route point in connection with carrier's regular route operations between (1) Evansville, Ind., and Chicago, Ill., over U. S. Highway 41, (2) Evansville and Henderson, Ind., over U. S. Highway 41, and (3) Evansville, Ind., and Louisville, Ky., over Indiana Highway 62.

No. MC 28439 Sub 66, filed July 6, 1956, DAILY MOTOR EXPRESS, INC., Pitt and Penn Sts., Carlisle, Pa. Applicant's representative: James E. Wilson, Continental Building, Fourteenth at K NW., Washington 5, D. C. For authority to operate as a *common carrier*, over irregular routes, transporting: *Truck bodies; communication shelters; trailers*, in truckaway, driveaway or towaway service; and *tractors*, in secondary driveaway service when drawing trailers in driveaway or towaway service, as described above, from Camp Hill, Pa., Hanover, Pa., and Pikesville, Md., to points in the United States.

No. MC 29955 Sub 10, filed June 25, 1956, ENGLAND BROS. TRUCK LINE, A Corporation, 300–322 North Second Street, Forth Smith, Ark. Applicant's representative: Lee Reeder, 10th Floor 1012 Baltimore Building, Kansas City 5, Mo. For authority to operate as a *common carrier*, over regular routes, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, and commodities requiring special equipment, between Dallas, Tex., and Little Rock, Ark., from Dallas over U. S. Highway 67 to Little Rock, and return over the same route, serving no intermediate points, as an alternate route for operating convenience only, in connection with carrier's regular route operations between (1) Fort Smith, Ark., and Memphis, Tenn., and (2) Fort Smith, Ark., and Hugo, Okla. Applicant is authorized to conduct regular route operations in Arkansas, Missouri, Oklahoma, Tennessee, Texas, and irregular route operations in Oklahoma and Texas.

No. MC 29988 Sub 60, filed July 13, 1956, DENVER CHICAGO TRUCKING COMPANY, INC., 2501 Blake Street, Denver Colo. Applicant's representative: Jack Goodman, 39 South LaSalle Street, Chicago 3, Ill. For authority to operate as a *common carrier*, transporting: *General commodities*, except Class A and B explosives, livestock, grain, petroleum products in bulk, household goods as defined by the Commission, and commodities requiring special equipment, serving the site of the Chrysler Corporation Stamping Plant located near Twinsburg, Ohio, as an off-route point in connection with carrier's regular route operations between Chicago, Ill., and New York, N. Y., over U. S. Highway 20.

No. MC 30091 Sub 35, filed June 29, 1955, L. F. MILLER AND F. D. MILLER, doing business as MILLER & MILLER MOTOR FREIGHT LINES, 501 Indiana Street, Wichita Falls, Tex. Applicant's representative: Herbert L. Smith, 401 Perry-Brooks Building, Austin, Tex. For authority to operate as a *common carrier*, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, (1) between junction U. S. Highway 281 and Farm-To-Market Road 61, at a point south of Windthorst, Tex., and Graham, Tex., from junction U. S. Highway 281 and Farm-To-Market Road 61 to Graham, and return over the same route, serving no intermediate points, and serving the junction of Farm-To-Market Road 61 and Texas Highway 199 for joinder purposes only, as an alternate route, for operating convenience only, in connection with carrier's regular route operations between (a) Amarillo and Dallas, Tex., (b) Graham and Breckenridge, Tex., (c) Olney and Graham, Tex., (d) Graham and Wichita Falls, Tex., (e) Jacksboro, Tex., and the Texas-Oklahoma State line, and (f) the applied-for route below; (2) between Jacksboro, Tex., and Graham, Tex., from Jacksboro over Texas Highway 24 to Graham, and return over the same route, serving no intermediate points, and serving Jacksboro for purpose of joinder only, as an alternate route, for operating convenience only, in connection with carrier's regular route operations between (a) Amarillo and Dallas, Tex., (b) Jacksboro, Tex., and the Texas-Oklahoma State line, (c) Graham and Breckenridge, Tex., (d) Olney and Graham, Tex., (e) Graham and Wichita Falls, Tex., and (f) the applied-for route above.

NOTE: Routes (1) and (2) in the application are designated (1) herein; route (3) in the application is designated (2) herein.

No. MC 30124 Sub 3, filed July 9, 1956, PAUL A. KOERTH, doing business as KOERTH TRANSFER, 4001 Drexel Avenue, Madison, Wis. Applicant's representative: E. A. Solie, 715 First National Bank Building, Madison 3, Wis. For authority to operate as a *common carrier*, over irregular routes, transporting: *Household goods*, as defined by the Commission between points in Wisconsin located within 50 miles of Madison, Wis., including Madison, Wis. Applicant is authorized to conduct operations in Wisconsin, Illinois, Iowa, Minnesota, Michigan, Ohio, Florida, South Dakota, New York, New Jersey, Maryland, Missouri, Texas, and Nebraska.

No. MC 31600 Sub 411, filed June 28, 1956 (amended July 20, 1956), published July 18, 1956, page 5387, P. B. MUTRIE MOTOR TRANSPORTATION, INC., Calvary Street, Waltham 54, Mass. For authority to operate as a *common carrier*, over irregular routes, transporting: *Liquid chocolate, liquid chocolate products* and *cocoa butter*, in bulk, in tank vehicles, from Boston, Mass., to points in New York, Ohio, Pennsylvania and Chicago, Ill.; and from New York, N. Y., to Chicago, Ill. Applicant is authorized to conduct operations in Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, New York, Rhode Island, and Vermont.

No. MC 35628 Sub 199, filed July 9, 1956, INTERSTATE MOTOR FREIGHT SYSTEM, A Corporation, 134 Grandville SW., Grand Rapids, Mich. Applicant's representative: Leonard D. Verdier, Jr., 300 Michigan Trust Building, Grand Rapids 2, Mich. For authority to operate as a *common carrier*, over irregular routes, transporting: *General commodities*, except Class A and B explosives, dangerous inflammables, household goods as defined by the Commission, and commodities in bulk, serving the site of the Aluminum Company of America plant located on the Ohio River near Yankeetown, Ind., as an off-route point in connection with carrier's regular route operations between Evansville, Ind., and Owensboro, Ky., over Indiana Highway 66.

No. MC 47171 Sub 77, (Amended), filed July 3, 1956, published in the July 18, 1956 issue, page 5387, COOPER MOTOR LINES, INC., P. O. Box 2030, 301 Hammet Street Extension, Greenville, S. C. Applicant's representative: Eugene T. Liipfert, 2001 Massachusetts Avenue NW., Washington 6, D. C. For authority to operate as a *common carrier*, over regular and irregular routes, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and commodities requiring special equipment, (1) between the Virginia-North Carolina State Line and Columbus, Ga., from the Virginia-North Carolina State Line over U. S. Highway 1 to Raleigh, N. C., thence over U. S. Highway 64 to junction U. S. Highway 64 and North Carolina Highway 49 near Asheboro, N. C., thence over North Carolina Highway 49 to junction North Carolina Highway 49 and U. S. Highway 29, thence over U. S. Highway 29 to Charlotte, N. C., (also, from the Virginia-North Carolina State Line over U. S. Highway 29 to junction U. S. Highway 29 and Alternate U. S. Highway 29 near China Grove, N. C., thence over Alternate U. S. Highway 29 to junction Alternate U. S. Highway 29 and U. S. Highway 29 near Concord, N. C., thence over U. S. Highway 29 to junction U. S. Highway 29 and North Carolina Highway 49), thence over U. S. Highway 29 to Greenville, S. C., (also, from junction U. S. Highway 29 and Alternate U. S. Highway 29 near the North Carolina-South Carolina State Line over Alternate U. S. Highway 29 to Lyman, S. C.), from Greenville, S. C. over U. S. Highway 123 to Cornelia, Ga., thence over U. S. Highway 23 to Atlanta, Ga. (also, from Greenville, S. C., over U. S. Highway 29 to Athens, Ga., and thence over U. S. Highway 78 to Atlanta, Ga.); (also, from Athens, Ga., over U. S. Highway 78 to Atlanta, Ga.); (also, from junction U. S. Highway 78 and Georgia Highway 154 near Stone Mountain, Ga., over Georgia Highway 154 to Atlanta, Ga.); (also, from Charlotte, N. C., over U. S. Highway 21 to Rock Hill, S. C., thence over South Carolina Highway 72 to the South Carolina-Georgia State Line, thence over Georgia Highway 72 to junction Georgia Highway 72 and U. S. Highway 29 near Athens, Ga.); (also, from Anderson, S. C., over South Carolina Highway 81 to Iva, S. C., thence over South Carolina Highway 184 to the South Carolina-Georgia State Line, thence over Georgia Highway 82 to junction Georgia Highway 82 and Georgia Highway 77, thence over Georgia Highway 77 to Elberton, Ga.), (also, from Anderson, S. C., over South Carolina Highway 243 to junction South Carolina Highway 243 and South Carolina Highway 80, thence over South Carolina Highway 80 to Fair Play, S. C., thence over South Carolina Highway 59 to the South Carolina-Georgia State Line, thence over Georgia Highway 59 to Commerce, Ga., thence

over Georgia Highway 15 to Jefferson, Ga., thence over Georgia Highway 11 to Winder, Ga., and thence over U. S. Highway 29 to Atlanta, Ga.); (also, from junction U. S. Highway 78 and U. S. Highway 29 near Athens, Ga., over U. S. Highway 29 to Winder, Ga.); (also, from Monroe, Ga., over Georgia Highway 11 to Winder, Ga.); and thence from Atlanta, Ga., over Georgia Highway 85 to Columbus, Ga., (also, from Atlanta, Ga., over U. S. Highway 29 to La Grange, Ga., thence over Georgia Highway 219 to junction Georgia Highway 219 and Georgia Highway 103, thence over Georgia Highway 103 to Columbus, Ga.), (also, from Atlanta, Ga., over U. S. Highway 41 to Barnesville, Ga., thence over U. S. Highway 341 to junction U. S. Highway 341 and Georgia Highway 74 near Culloden, Ga.); (also, from Griffin, Ga., over U. S. Highway 19 to Thomaston, Ga.); (also, from Forsyth, Ga., over U. S. Highway 41 to Barnesville, Ga.), and return over the same routes, serving the intermediate points of Greensboro, Salisbury, Kannapolis, Concord, Charlotte, Gastonia, and the off-route points of Marion, Morganton, and Durham, N. C., restricted to traffic originating north of the Virginia-North Carolina State Line; and to and from all termini and intermediate points on the above-described routes in South Carolina and Georgia and to and from all points in that part of South Carolina north of South Carolina Highway 72 as off-route points, restricted to traffic originating or terminating at points located north of the Virginia-North Carolina State Line, (2) between the Virginia-North Carolina State Line and Macon, Ga.; from the Virginia-North Carolina State Line over U. S. Highway 1 to junction U. S. Highway 64 and U. S. Highway 1 west of Raleigh, N. C., thence over U. S. Highway 1 to Columbia, S. C., (also, from Rock Hill, S. C., over U. S. Highway 21 to Columbia, S. C.), (also, from Bishopville, S. C., over South Carolina Highway 34 to junction South Carolina Highway 34 and U. S. Highway 1 near Camden, S. C., and thence over U. S. Highway 1 to Columbia, S. C.) thence over U. S. Highway 1 to Aiken, S. C., (also, from Columbia, S. C., over South Carolina Highway 215 to junction South Carolina Highway 215 and U. S. Highway 78, thence over U. S. Highway 78 to Aiken, S. C.); (also, from Whitmire, S. C., over South Carolina Highway 19 to junction South Carolina Highway 19 and U. S. Highway 25, thence over U. S. Highway 25 to Augusta, Ga.); (also, from Columbia, S. C., over U. S. Highway 321 to Hardeeville, S. C.); (also, from Lugoff, S. C., over U. S. Highway 601 to Orangeburg, S. C., thence over U. S. Highway 30, to Statesboro, Ga.); (also, from junction U. S. Highway 321 and South Carolina Highway 3 near Swansea, S. C., over South Carolina Highway 3 to Barnwell, S. C., thence over South Carolina Highway 28 to Fairfax, S. C.); from Aiken, S. C., over U. S. Highway 1 to Augusta, Ga., thence over U. S. Highway 78 to Thomson, Ga., thence over Georgia Highway 12 to Warrenton, Ga., thence over Georgia Highway 16 to Sparta, Ga., thence over Georgia Highway 22 to Gray, Ga., thence over U. S. Highway 129 to Macon, Ga.; (also, from Edgefield, S. C., over South Carolina Highway 23 to junction South Carolina Highway 23 and U. S. Highway 221, thence over U. S. Highway 221 to junction U. S. Highway 221 and Georgia Highway 150, thence over Georgia Highway 150 to Thomson, Ga.); (also, from Athens, Ga., over U. S. Highway 129 to Gray, Ga.); (also, from Gray, Ga., over Georgia Highway 18 to junction Georgia Highway 18 and Georgia Highway 57 near Gordon, Ga.); (also, from junction U. S. Highway 25 and Georgia Highway 88 over Georgia Highway 88 to Wrens, Ga., thence over U. S. Highway 1 to Wadley, Ga.); (also, from Macon, Ga., over U. S. Highway 41 to junction U. S. Highway 41 and Georgia Highway 49, thence over Georgia Highway 49 to Fort Valley, Ga., thence over Georgia Highway 96 to Geneva, Ga., thence over U. S. Highway 80 to Columbus, Ga.), and return over the same routes, serving the intermediate point of Rockingham, N. C., restricted to southbound traffic only, and to and from the termini and intermediate points in South Carolina and Georgia and the off-route point of Winnsboro, S. C., restricted to traffic originating or terminating at points north of the Virginia-North Carolina State Line or at authorized regular route or irregular route points in Charleston, Georgetown, Horry, Berkeley, Dorchester, Colleton, Beaufort and Jasper Counties, S. C.; (3) between the Virginia-North Carolina State Line and Savannah, Ga., from the Virginia-North Carolina State Line over U. S. Highway 301 to Rocky Mount, N. C.; (also, from the Virginia-North Carolina State Line over U. S. Highway 258 to junction U. S. Highway 258 and North Carolina Highway 95, thence over North Carolina Highway 95 to junction North Carolina Highway 95 and U. S. Highway 301 near Rocky Mount, N. C.); thence over U. S. Highway 301 to Fayetteville, N. C.; (also, from Rocky Mount, N. C., over U. S. Highway 64 to Raleigh, N. C., thence over Alternate U. S. Highway 15 to Fayetteville, N. C.); thence over U. S. Highway 301 to Lumberton, N. C.; (also, from Fayetteville, N. C., over Alternate U. S. Highway 15 to Laurinburg, N. C., thence over U. S. Highway 15 to Bishopville, S. C., thence from Bishopville, S. C., over U. S. Highway 15 to Summerton, S. C.); from Lumberton, N. C., over North Carolina Highway 41 to the North Carolina-South Carolina State Line, thence over South Carolina Highway 41 to junction South Carolina Highway 41 and U. S. Highway 17, thence over U. S. Highway 17 to Charleston, S. C., (also, from Lumberton, N. C., over U. S. Highway 301 to Summerton, S. C.); (also, from junction U. S. Highway 15 and U. S. Highway 52 near Society Hill, S. C., over U. S. Highway 52 to Florence, S. C.); (also, from Effingham, S. C., over U. S. Highway 52 to junction U. S. Highway 52 and U. S. Highway 176); (also, from Florence, S. C., over U. S. Highway 76 to Columbia, S. C.); (also, from Darlington, S. C., over Alternate U. S. Highway 15 to Sumter, S. C.); from Charleston, S. C., over U. S. Highway 17 to junction U. S. Highway 17 and Alternate U. S. Highway 17 near Pocotaligo, S. C.; (also, from Summerton, S. C., over U. S. Highway 15 to Walterboro, S. C., thence over Alternate U. S. Highway 17 to junction Alternate U. S. Highway 17 and U. S. Highway 17 near Pocotaligo, S. C.), thence from junction U. S. Highway 17 and Alternate U. S. Highway 17 near Pocotaligo, S. C. over U. S. Highway 17 to Savannah, Ga.; (also, from junction U. S. Highway 17 and Alternate U. S. Highway 17 north of Savannah, Ga., over U. S. Highway 17A to Savannah, Ga.); and return over the same routes, serving the intermediate points of Rich Square, Rocky Mount, Fuquay-Varina, Lillington, Dunn and Fayetteville, N. C., and the off-route points of Roanoke Rapids, Greenville, Snow Hill, Kinston, Smithfield, Warsaw and Clinton, N. C., restricted to traffic originating north of the Virginia-North Carolina State Line and to and from the termini and all intermediate points on the above-described routes in South Carolina and Georgia, restricted to traffic originating or terminating north of the Virginia-North Carolina State Line or originating or terminating in Charleston, Georgetown, Horry, Berkeley, Dorchester, Colleton, Beaufort and Jasper Counties, S. C.; (4) between junction Alternate U. S. Highway 29 and South Carolina Highway 5 (near Blackburg, S. C.) and Rock Hill, S. C., from junction Alternate U. S. Highway 29 and South Carolina Highway 5 over South Carolina Highway 5 to Rock Hill, S. C., (5) between Spartanburg, S. C., and Darlington, S. C., from Spartanburg, S. C., over U. S. Highway 176 to junction U. S. Highway 176 and South Carolina Highway 9 near Jonesville, S. C., thence over South Carolina Highway 9 to Lancaster, S. C., thence over South Carolina Highway 903 to junction South Carolina Highway 903 and South Carolina Highway 151, thence over South Carolina Highway 151, to Darlington, S. C. (6) between junction U. S. Highway 176 and South Carolina Highway 9 near Jonesville, S. C., and Columbia, S. C., from junction U. S. Highway 176 and South Carolina Highway 9 over U. S. Highway 176 to Union, S. C., thence over South Carolina Highway 215 to Columbia, S. C.; (7) between Greenville, S. C., and Charleston, S. C., from Greenville, S. C., over U. S. Highway 276 to Laurens, S. C., thence over U. S. Highway 76 to Columbia, S. C., thence over U. S. Highway 21 to junction U. S. Highway 21 and U. S. Highway 176, thence over U. S. Highway 176 to junction U. S. Highway 176 and U. S. Highway 52, thence over U. S. Highway 52 to Charleston, S. C.; (8) between Greenville, S. C., and Savannah, Ga.; from Greenville, S. C., over U. S. Highway 25 to junction U. S. Highway 25 and U. S. Highway 80, thence over U. S. Highway 80 to Savannah, Ga.; (9) between Athens, Ga., and Columbia, S. C., from Athens, Ga., over U. S. Highway 78 to junction U. S. Highway 78 and U. S. Highway 378, thence over U. S. Highway 378 to Columbia, S. C.; (also, from junction U. S. Highway 378 and U. S. Highway 78 near Washington, Ga., over U. S. Highway 78 to Thomson, Ga.); (10) between Atlanta, Ga., and junction U. S. Highway 78 and U. S. Highway 52, from Atlanta, Ga., over U. S. Highway 278 to Augusta, Ga., thence over South Carolina Highway 28 to junction South Carolina Highway 28 and South Carolina Highway 781, thence over South Carolina Highway 781 to junction South Carolina Highway 781 and U. S. Highway 78, thence over U. S. Highway 78 to junction U. S. Highway 78 and U. S. Highway 52; (also, from junction South Carolina Highway 28 and South Carolina Highway 781 over South Carolina Highway 28 to Barnwell, S. C., thence over South Carolina Highway 64 to Jacksonboro, S. C.); (also, from junction U. S. Highway 29 and Georgia Highway 16 near Newnan, Ga., over Georgia Highway 16 to Jackson, Ga., thence over Georgia Highway 36 to junction Georgia Highway 36 and Georgia Highway 162, thence over Georgia Highway 162 to junction Georgia Highway 162 and Georgia Highway 81, thence over Georgia Highway 81 to Covington, Ga.); (11) between Atlanta, Ga. and junction U. S. Highway 80 and U. S. Highway 25 near Statesboro, Ga.; from Atlanta, Ga., over U. S. Highway 23 to Forsyth, Ga., thence over Georgia Highway 18 to junction Georgia Highway 18 and Georgia Highway 148, thence over Georgia Highway 148 to junction Georgia Highway 148 and Georgia Highway 87, thence over Georgia Highway 87 to Macon, Ga., thence over Georgia Highway 57 to Swainsboro, Ga., thence over U. S. Highway 80 to junction U. S. Highway 80 and U. S. Highway 25 near Statesboro, Ga.; (also, from Sylvania, Ga., over Georgia Highway 21 to Millen, Ga., thence over Georgia Highway 17 to Midville, Ga., thence over Georgia Highway 78 to Bartow, Ga., thence over Georgia Highway 242 to Sandersville, Ga., thence over Georgia Highway 24 to junction Georgia Highway 24 and Georgia Highway 22 near Milledgeville, Ga.); (also, from Milledgeville over Georgia Highway 49 to Macon, Ga.); (also, from La Grange, Ga., over Georgia Highway 109 to Greenville, Ga., thence over Georgia Highway 18 to Woodbury, Ga., thence over Georgia Highway 74 to junction Georgia Highway 74 and U. S. Highway 80, thence over U. S. Highway 80 to Macon, Ga., thence over Georgia Highway 57 to Swainsboro, Ga.), and return over the same routes, serving the termini and intermediate points, restricted to traffic originating and terminating north of the Virginia-North Carolina State Line or in Charleston, Georgetown, Horry, Berkeley, Dorchester, Colleton, Beaufort and Jasper Counties, S. C. (12) between New York, N. Y., and the Virginia-North Carolina State Line, from New York, N. Y., over U. S. Highway 1 to Philadelphia, Pa., (also, from Trenton, N. J., over U. S. Highway 13 to Philadelphia); (also, from junction U. S. Highway 1 and U. S. Highway 130 over U. S. Highway 130 to junction U. S. Highway 130 and U. S. Highway 40); (also, from junction U. S. Highway 130 and U. S. Highway 30 over U. S. Highway 30 to Philadelphia, Pa.); (also, from New York, N. Y., over U. S. Highway 46 to junction U. S. Highway 46 and the New Jersey Turnpike, thence over the New Jersey Turnpike to the junction of the New Jersey Turnpike and U. S. Highway 40, thence over U. S. Highway 40 to junction U. S. Highway 40 and U. S. Highway 13 near New Castle, Del.); (also, from Philadelphia, Pa., over U. S. Highway 13 to junction U. S. Highway 13 and U. S. Highway 40 near New Castle, Del.); (also, from junction U. S. Highway 13 and Alternate U. S. Highway 13 over Alternate U. S. Highway 13 to Wilmington, Del.); from junction U. S. Highway 13 and U. S. Highway 40 near New Castle, Del. over U. S. Highway 40 to Baltimore, Md.; (also, from Philadelphia, Pa., over U. S. Highway 1 to Baltimore, Md., thence over U. S. Highway 1 to Richmond, Va., thence over U. S. Highway 1 to Petersburg, Va., and thence over U. S. Highway 1 to the Virginia-North Carolina State Line), (also, from the junction U. S. Highway 13 and U. S. Highway 40 near New Castle, Del. over U. S. Highway 13 to junction U. S. Highway 13 and U. S. Highway 58 near Norfolk, Va.); (also, from junction U. S. Highway 13 and U. S. Highway 58 over U. S. Highway 58 to Norfolk, Va.); (also, from Fredericksburg, Va. over U. S. Highway 17 to Norfolk, Va.); (also, from Richmond, Va., over U. S. Highway 60 to junction U. S. Highway 60 and Virginia Highway 168, thence over Virginia Highway 168 to junction Virginia Highway 168 and U. S. Highway 17, near Newport News, Va.); from Norfolk, Va., over U. S. Highway 58 to Franklin, Va., and thence over U. S. Highway 258 to the Virginia-North Carolina State Line; (also, from Petersburg, Va., over U. S. Highway 301 to the Virginia-North Carolina State Line); (also, from Richmond, Va., over U. S. Highway 360 to junction U. S. Highway 360 and Virginia Highway 304, thence over Virginia Highway 304 to South Boston, Va., thence over U. S. Highway 58 to Danville, Va., thence over U. S. Highway 29 to the Virginia-North Carolina State Line), and return over the same routes, serving the intermediate points of Trenton and Camden, N. J., Philadelphia and Bristol, Pa., Wilmington and Cheswold, Del., Baltimore, Md., Washington, D. C., Richmond, Norfolk, Suffolk, Fredericksburg, Petersburg, Franklin, South Boston and Danville, Va., and to and from Biglerville and York, Pa., Cumberland, Md., Roanoke, Victoria, Lynchburg, Farmville, Lester Manor, Warrenton, Madison Heights, Culpeper and Windsor, Va., points in New Jersey and New York within 25 miles of New York, N. Y., and points in Pennsylvania on and south of U. S. Highway 30 within 25 miles of Philadelphia, as off-route points, restricted to traffic moving to and from authorized points in South Carolina or Georgia, and from the above-described points only to authorized points in North Carolina. IRREGULAR ROUTES: (13) between points in that part of Georgia south of a line drawn along U. S. Highway 80 from the Alabama-Georgia State Line to Geneva, Ga., thence along U. S. Highway 96 to Fort Valley, Ga., thence along Georgia Highway 49 to junction Georgia Highway 49 and U. S. Highway 11, thence along U. S. Highway 41 to Macon, Ga., thence along U. S. Highway 80 to Savannah Beach, Ga., on the one hand, and, on the other, Columbus, Macon and Savannah, Ga., (14) between points in that part of Georgia north and west of U. S. Highways 123 and 23 from the South Carolina-Georgia State Line to Gainesville, Ga., U. S. Highway 23 from Gainesville, Ga., to Atlanta, Ga., and U. S. Highway 29 from Atlanta, Ga., to the Georgia-Alabama State Line, on the one hand, and, on the other, Atlanta, Ga., (15) between points in that part of South Carolina south and east of a line beginning at the North Carolina-South Carolina State Line and drawn south along South Carolina Highway 41 to its junction with U. S. Highway 17, and thence along U. S. Highway 17 to its junction with Alternate U. S. Highway 17A north of Savannah, Ga., and thence along Alternate U. S. Highway 17A to the South Carolina-Georgia State Line, on the one hand, and, on the other, points located on the described regular routes in South Carolina.

NOTE: Applicant states that by this application it seeks to convert the major portion of its authority to a regular-route operation. This application will be processed concurrently with No. MC-F 6330, published in the July 18, 1956 issue.

No. MC 52629 Sub 37, filed July 16, 1956, HUBER & HUBER MOTOR EXPRESS, INC., 970 South Eighth Street, Louisville 3, Ky. For authority to operate as a *common carrier*, transporting: *General commodities*, including *commodities in bulk*, but excluding those of unusual value, Class A and B explosives, livestock, household goods as defined by the Commission, and those requiring special equipment, (1) serving the off-route point of Tennga, Ga., in connection with applicant's regular route operations between Knoxville, Tenn., and Atlanta, Ga., (2) serving the intermediate point of Tennga, Ga., in connection with applicant's regular route operations between Knoxville, Tenn., and Cartersville, Ga. Applicant is authorized to conduct operations in Illinois, Kentucky, Indiana, Tennessee, and Georgia.

No. MC 52920 Sub 23, filed July 16, 1956, PACIFIC HIGHWAY TRANSPORT, INC., Sixth Avenue South and Holgate, Seattle 4, Wash. For authority to operate as a *common carrier*, over regular routes, transporting: *General commodities*, except Class A and B explosives, household goods as defined by the Commission, petroleum products in tank trucks, and commodities requiring special equipment (other than such equipment for use in transporting machinery, tanks, and other commodities requiring the use of flat-bed trucks), between Vancouver, Wash. and Tumwater, Wash. over relocated U. S. Highway 99, serving all intermediate points. Applicant is authorized to conduct operations in Washington and Oregon and in MC 52920 holds authority, in part, between Portland, Oreg. and Bellingham, Wash., from Portland over U. S. Highway 99 to Olympia, serving all intermediate points, and the off-route point of Paine Field, Wash., except that no service is authorized between Portland, on the one hand, and, on the other, Vancouver and Camas, Wash. and intermediate points between Portland, Vancouver, and Camas.

No. MC 52949 Sub 21, filed July 9, 1956, JAMES A. HANNAH, INC., P. O. Box 89, Lemont, Ill. Applicant's representative: George S. Mullins, 4704 West Irving Park Road, Chicago 41, Ill. For authority to operate as a *contract carrier*, over irregular routes, transporting: *Petroleum* and *petroleum products*, in bulk, in tank vehicles, (1) from Blooming Grove, Wis. (near Madison), to points in Illinois on and west and north of a line beginning at the Wisconsin-Illinois State line and extending along U. S. Highway 14 to junction Illinois Highway 23, thence along Illinois Highway 23 to junction Illinois Highway 64, thence along Illinois Highway 64 to the Mississippi River; and (2) from Rockford, Ill., to points in Wisconsin on and south of Wisconsin Highway 60; *mineral solvents*, in bulk, in tank vehicles, from Lemont, Ill., and points within five (5) miles thereof, to points in Iowa on and west of U. S. Highway 69; *anhydrous ammonia, aqua ammonia*, and *nitrate fortified fertilizer solution*, in bulk, in tank vehicles, from Lockport, Ill., and points within five (5) miles thereof, to points in Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Dakota, and Wisconsin; and *petroleum* and *petroleum products*, in bulk, in tank vehicles, from points in the Chicago, Ill., Commercial Zone, as defined by the Commission, to points in Illinois on and north of U. S. Highway 50, points in Iowa on and east of U. S. Highway 69, points in Indiana on and north of a line beginning at Vincennes, Ind., and extending along Indiana Highway 67 to junction Indiana Highway 54, thence along Indiana Highway 54 to junction Indiana Highway 45, thence along Indiana Highway 45 to Bloomington, and thence along Indiana Highway 46 to the Indiana-Ohio State line, points in Michigan on and south of a line beginning at Lake Michigan and extending along an unnumbered highway via North Muskegon to junction U. S. Highway 31 thence along U. S. Highway 31 to Muskegon, thence along Michigan Highway 46 to Saint Louis, Mich., and on and west of a line beginning at Saint Louis and extending along U. S. Highway 27 to Lansing, Mich., thence along U. S. Highway 127 to junction U. S. Highway 223, thence along U. S. Highway 223 to the Michigan-Ohio State line, and those in Wisconsin on and east of a line beginning at the Wisconsin-Illinois State line and extending along Wisconsin Highway 69 to junction U. S. Highway 151, thence along U. S. Highway 151 through Madison to Fond du Lac, and on and south of Wisconsin Highway 23, and *returned shipments* of the above-described commodities on return. Applicant is authorized to conduct operations in Illinois, Indiana, Michigan, and Wisconsin.

NOTE: Duplicating authority to be eliminated.

No. MC 57770 Sub 7, filed July 5, 1956, FORREST MILTON DURRETT, doing business as DURRETT TRANSFER COMPANY, North Highway 41, Springfield, Tenn. Applicant's representative: A. O. Buck, Nashville Trust Building, Nashville 3, Tenn. For authority to operate as a *common carrier*, over a regular route, transporting: *General commodities*, except Class A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, between Owensboro, Ky., and Evansville, Ind., from Owensboro over Indiana Highway 75 to junction Indiana Highway 66, thence over Indiana Highway 66 to Evansville, and return over the same route, serving the intermediate point of Yankeetown, Ind., and the off-route points of the sites of the Warrick Works of the Aluminum Company of American and Culley Station of the Indiana Power and Light Company, both off-route points located near Yankeetown, Ind. Applicant is authorized to conduct operations in Indiana, Kentucky and Tennessee. RESTRICTION: Subject to the restriction that such route is not to be used for the transportation of any shipments moving from Owensboro, Ky., to Evansville, Ind., or from Evansville, Ind., to Owensboro, Ky.

No. MC 57927 Sub 4, filed 17, 1956, ROBERT J. GOOLEY, doing business as LONGYEAR'S EXPRESS, Hunter, N. Y. Applicant's representative: John J. Fromer, Tannersville, N. Y. For authority to operate as a *common carrier*, over irregular routes, transporting: (1) *telephone, radio and television supplies; telephone, radio and television equipment;* and *telephone, radio and television parts*, from Kearney, N. J., to points in Franklin, Clinton, Essex, Warren, Saratoga, Washington, Schenectady, Montgomery, Albany, Greene, Ulster, Orange, Rensselaer, Columbia, Dutchess, Sullivan, Delaware, St. Lawrence, Lewis, Oneida, Herkimer, Oswego, Wayne, Cayuga, Onondaga, Cortland, Tompkins, Chemung, Broome, Steuben, Yates, Alleghany, Cattaraugus, Schuyler, Chenango, Schoharie, Otsego, Fulton, Seneca, Madison, Jefferson, Tioga and Hamilton Counties, N. Y.; (2) *Salvaged telephone installation materials*, from points in the above named counties to Tottenville, Staten Island, N. Y. Applicant is authorized to conduct operations in New York.

No. MC 60076 Sub 15, filed July 20, 1956, VERN F. WARNER, CLIFFORD V. WARNER, and KEITH D. WARNER, doing business as V. F. WARNER and SONS, 104 West Charles Street, Champaign, Ill. Applicant's representative: Mack Stephenson, 208 East Adams Street, Springfield, Ill. For authority to operate as a *common carrier*, over irregular routes, transporting: *Bulk concrete mixing equipment*, (new) and *related commodities*, requiring flat-bed equipment, except such commodities which because of size or weight requires special equipment or special handling, from Champaign, Ill., to all points in the United States and the District of Columbia.

No. MC 62104 Sub 9, filed July 2, 1956, FRED W. YEAGLE and ROSCOE C. YEAGLE, doing business as YEAGLE BROTHERS, Muncy, Pa. Applicant's representative: John M. Musselman, State Street Building, Harrisburg, Pa. For authority to operate as a *common carrier*, over irregular routes, transporting: *Passenger automobiles*, (new) including *ambulances, hearses* and *taxis*, and *automobile chassis*, in initial movements by the truckaway method, from Newark, Del., to points in Connecticut, Delaware, Florida, Georgia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Vermont, Virginia, West Virginia, and the District of Columbia, and *damaged vehicles* on return. Applicant is authorized to conduct operations in Michigan, Pennsylvania, Ohio, New York, New Jersey, and Delaware.

No. MC 66277 Sub 1, filed July 13, 1956, ARROW FREIGHT LINES, INC., 312 Bay Street, Springfield, Mass. Applicant's representative: Patrick A. Doyle, Court Square Building, 31 Elm Street, Springfield 3, Mass. For authority to operate as a *contract carrier*, over irregular routes, transporting: *New household furnishings and new furniture*, uncrated, between West Springfield, Mass. and points in Massachusetts within 10 miles of West Springfield, on the one hand, and, on the other, points in Rhode Island and Maine. Applicant is authorized, through transfer and consummation June 20, 1956, MC–FC 58992 (permit not issued), to conduct operations in Massachusetts, New Hampshire, Vermont, Connecticut, New York, and New Jersey.

No. MC 66562 Sub 1292, filed June 2, 1956, RAILWAY EXPRESS AGENCY, INCORPORATED, 219 East 42d Street, New York 17, N. Y. Applicant's representative: James E. Thomas, Suite 1220, The Citizens & Southern National Bank Building, Atlanta 3, Ga. For authority to operate as a *common carrier*, over regular routes, transporting: *General commodities, including Class A and B explosives*, moving in express service, between Laurens, S. C., and Simpsonville, S. C., serving the intermediate point of Fountain Inn, S. C., by extending existing authority under MC 66562 Sub 1198. Applicant desires to extend service on said route by adding thereto the additional points of Fountain Inn and Simpsonville, S. C., operating from Laurens, S. C., over U. S. Highway 276 to Simpsonville, S. C. RESTRICTION: The service authorized herein is subject to the following conditions: The service to be performed by carrier shall be limited to service which is auxiliary to, or supplemental of, air-or railway express service. Shipments transported by carrier shall be limited to those moving on through bills of lading or express receipts, covering, in addition to the motor-carrier movement by carrier, immediately prior or immediately subsequent movements by air or rail. Such further specific conditions as the Commission in the future may find it necessary to impose in order to restrict carrier's operation to service, which is auxiliary to, or supplemental of, air-or railway express service.

No. MC 70451 Sub 185, filed July 11, 1956, WATSON BROS. TRANSPORTATION CO., INC., 802 South 14th Street, Omaha, Nebr. Applicant's representative: W. H. Thickett, General Traffic Manager (same address as applicant). For authority to operate as a *common carrier*, over regular routes, transporting: *General commodities*, except household goods as defined by the Commission,

(1) serving the Glen Canyon Dam Site, located on the Colorado River, approximately 15 miles upstream from Marble Canyon, Ariz., near the Arizona-Utah State line, as an off-route point in connection with carrier's regular route operations between Durango, Colo., and Los Angeles, Calif., over U. S. Highways 66 and 666, and (2) between Glen Canyon Dam Site and junction U. S. Highways 89 and 66, over access roads, serving all intermediate points, and serving all off-route points in Arizona and Utah within 25 miles of the Glen Canyon Dam Site.

No. MC 79034 Sub 3, filed July 12, 1956, WILLIAM DENNISON HEATH, Halfway, Oreg. Applicant's representative: Norman E. Sutherland, 1100 Jackson Tower, Portland 5, Oreg. For authority to operate as a *common carrier*, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, (1) serving the Ox Bow, Brownlee, and Hells Canyon Dam Sites in Oregon and Idaho, as off-route points in connection with carrier's regular route operations between Halfway and Baker, Oreg. (2) IRREGULAR ROUTES: Between Halfway, Oreg., and the Ox Bow, Brownlee, and Hells Canyon Dam Sites in Oregon and Idaho. Applicant is authorized to conduct operations in Oregon.

No. MC 87379 Sub 2, filed July 11, 1956, C. H. HOOKER TRUCKING CO., A Corporation, R. F. D. No. 2, Uhrichsville, Ohio. Applicant's representative: Herbert Baker, 50 West Broad Street, Columbus, Ohio. For authority to operate as a *common carrier*, over irregular routes, transporting: (1) *Products and articles manufactured of clay*, except earthenware and pottery, from Junction City, Ohio, and points in Tuscarawas County, Ohio, to points in Connecticut, Delaware, Massachusetts, Virginia, Wisconsin, New Jersey, and the District of Columbia, and *empty containers* and *sallets* or *other such incidental facilities (not specified)*, used in transporting the commodities specified on return. (2) *Empty containers* and *pallets* or *other such incidental facilities (not specified)* used in transporting products and articles manufactured of clay, except earthenware and pottery, from points in Illinois, Indiana, Kentucky, Maryland, Michigan, New York, Pennsylvania and West Virginia, to Junction City, Ohio, and points in Tuscarawas County, Ohio. Applicant is authorized to conduct operations in Illinois, Indiana, Kentucky, Maryland, Michigan, New York, Ohio, Pennsylvania, and West Virginia.

NOTE: Applicant states the applied for authority is under (2) on return from trips under its present authority.

No. MC 89778 Sub 67, filed July 17, 1956, BAGGETT TRANSPORTATION COMPANY, a corporation, 2 South 32d Street, Birmingham 5, Ala. Applicant's representative: Harold G. Hernly, 1624 Eye Street NW., Washington 6, D. C. For authority to operate as a *contract carrier*, over regular routes, transporting: *Class A and B explosives, blasting supplies, materials, and agents, and component parts thereof*, between Seneca, Ill. and points within 15 miles of Seneca, on the one hand, and, on the other, points in Missouri, Nebraska, Kansas, and Oklahoma.

NOTE: Applicant is presently authorized in Docket No. MC 89778 Subs 1, 35 and 47, to provide service on explosives and blasting supplies, between Seneca, Ill., and points and places within 15 miles thereof on the one hand, and, on the other, points and places in the States of Tennessee, Louisiana, Georgia, Florida, Mississippi, Texas, Arkansas, New Mexico, Colorado, Wyoming, Montana, and Birmingham, Ala., and points and places within 15 miles of Birmingham.

No. MC 92983 Sub 172, filed July 20, 1956, ELDON MILLER, INC., 330 East Washington Street, Iowa City, Iowa. For authority to operate as a *common carrier*, over irregular routes, transporting: *Fats and oils* and *blends and products thereof*, (other than petroleum derivatives), in bulk, in tank vehicles, between Dubuque, Iowa, on the one hand, and, on the other, points in the United States. Applicant is authorized to conduct operations in Iowa, Illinois, Ohio, Kansas, Missouri, New York, Minnesota, Tennessee, Texas, North Dakota, South Dakota, Nebraska, Massachusetts, Indiana, Michigan, Wisconsin, Pennsylvania, Arkansas, Georgia, Mississippi, Kentucky, and Alabama.

No. MC 93980 Sub 25, filed July 20, 1956, VANCE TRUCKING COMPANY, INCORPORATED, Dabney Drive, Box 336, Henderson, N. C. Applicant's representative: James E. Wilson, Continental Building, Fourteenth at K Northwest, Washington 5, D. C. For authority to operate as a *common carrier*, over irregular routes, transporting: *Lumber*, from Henderson, N. C., and points in North Carolina within 100 miles of Henderson, to points in Delaware, New Jersey, Pennsylvania, and those in the New York, N. Y., Commercial Zone, as defined by the Commission, and points in New York within 25 miles of the New York, N. Y., Commercial Zone. *Damaged shipments of lumber*, from the above-specified destination points to the above-designated origin points. Applicant is authorized to conduct operations in Maryland, North Carolina, Pennslyvania, Virginia, and the District of Columbia.

No. MC 95212 Sub 25, filed July 16, 1956, HELEN R. HENDERSON, doing business as H. R. HENDERSON, P. O. Box 327, Seneca, Ill. Applicant's representative: Joseph M. Scanlan, 111 West Washington Street, Chicago 2, Ill. For authority to operate as a *contract carrier*, over irregular routes, transporting: *Class A and B explosives, blasting supplies, materials and agents* and *the component parts thereof*, between points in La Salle and Grundy Counties, Ill., and points in Nebraska, Arkansas, Kansas, Oklahoma, Texas, and New Mexico.

No. MC 101126 Sub 54, filed June 21, 1956, STILLPASS TRANSIT COMPANY, INC., 4967 Spring Grove Avenue, Cincinnati 32, Ohio. For authority to operate as a *contract carrier*, over irregular routes, transporting: *Organic and inorganic liquid commodities*, both edible and inedible (exclusive of petroleum products), in bulk, in tank vehicles, as more fully described in the application, and *empty containers* or *other such incidental facilities* (not specified) used in transporting the commodities specified in this application, between points in Hamilton County, Ohio, on the one hand, and, on the other, points in Illinois, Kentucky, Indiana, Michigan, Wisconsin, Pennsylvania, and New York. Applicant is authorized to conduct operations in Arkansas, Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, Ohio, Tennessee, and Wisconsin.

No. MC 103378 Sub 73, filed July 16, 1956, PETROLEUM CARRIER CORPORATION, 369 Margaret Street, Jacksonville, Fla. Applicant's representative: Martin Sack, Atlantic National Bank Building, Jacksonville 2, Fla. For authority to operate as a *common carrier*, over irregular routes, transporting: *Hydrofluosilicic acid*, in bulk, in tank vehicles, from Montgomery, Ala., to Pensacola, Fla. Applicant is authorized to transport nitric acid in bulk in tank vehicles from plant of E. I. DuPont de Nemours at or near Mineral Springs, Ala., to points in Florida.

No. MC 104683 Sub 20, filed June 22, 1956, L. L. MAJURE AND JO M. MAJURE, doing business as L. L. MAJURE, 1600 "B" Street, P. O. Box 1028, Meridian, Miss. For authority to operate as a *common carrier*, over irregular routes, transporting: *Petroleum* and *petroleum products*, in bulk, in tank vehicles, from Crupp and Rogers-Lacy, Miss., located on U. S. Highway 11 approximately one mile north of Sandersville, Miss. (site of the Southland Refinery), to points in Alabama, Georgia, Louisiana, Tennessee, and that portion of Florida west of the Apalachicola River. Applicant is authorized to conduct operations in Alabama, Arkansas, Louisiana, and Mississippi.

No. MC 106002 Sub 2, filed June 18, 1956, JOHN HARRIS, doing business as HOGAN'S TRANSFER, 7 Third Street, Elkins, W. Va. Applicant's representative: Bonn Brown, Elkins, W. Va. For authority to operate as a *common carrier*, over irregular routes, transporting: *Household goods*, as defined by the Commission, and *empty containers or other such incidental facilities* (not specified) used in transporting the commodities specified, between Elkins, W. Va., and points within 20 miles of Elkins, on the one hand, and, on the other, points in Tennessee, Kentucky, Florida, Alabama, Connecticut, Georgia, Illinois, Maine, Massachusetts, New Hampshire, Rhode Island, Vermont, Indiana, Mississippi, and Wisconsin. Applicant is authorized to conduct operations in Delaware, Maryland, Michigan, New Jersey, New York, North Carolina, Ohio, Pennsylvania, South Carolina, Virginia, West Virginia, and the District of Columbia.

No. MC 106373 Sub 22, filed July 17, 1956, THE SERVICE TRANSPORT CO., 11910 Harvard Avenue, Cleveland, Ohio. Applicant's representative: Herbert Baker, 50 West Broad Street, Columbus 15, Ohio. For authority to operate as a *common carrier*, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and

commodities requiring special equipment, serving the site of Chevrolet Division Plant of General Motors Corporation in Lordstown Township, Trumbull County, Ohio, as an off-route point in connection with applicant's authorized regular route operations between Youngstown, Ohio and Cleveland, Ohio over U. S. Highway 422. Applicant is authorized to conduct operations in Ohio, Michigan, Pennsylvania, and New York.

No. MC 107029 Sub 4, filed June 25, 1956, OSWALD DE CORTE, Brooklyn, Iowa. Applicant's representative: Paul Toomey, Brooklyn, Iowa. For authority to operate as a *common carrier*, over regular routes, transporting: *Feed* and *Petroleum products*, in containers, from Omaha, Nebr. to Brooklyn, Iowa, over U. S. Highway 6; *empty containers or other such incidental facilities* (not specified) on return.

NOTE: Applicant holds authority to transport the above-named commodities from Omaha, Nebr. to Grinnell, Iowa and contends that the point of Brooklyn has always been served by him and his predecessor. He states that he has no bills to sustain his contention and expects to establish the contention by oral testimony.

No. MC 107064 Sub 13, filed July 13, 1956, FERGUSON-STEERE MOTOR COMPANY, a corporation, P. O. Box 285, Albuquerque, N. Mex. Applicant's representative: Rollo E. Kidwell, 305 Empire Bank Building, Dallas 1, Tex. For authority to operate as a *common carrier*, over irregular routes, transporting: *Petroleum products*, in bulk, in tank vehicles, from Lueders, Tex., to points in New Mexico south of U. S. Highway 66.

No. MC 107840 Sub 5, filed July 13, 1956, FOREST GENSLER AND ARDEN GENSLER, partnership, doing business as GENSLER BROS., Water Street, Shullsburg, Wis. Applicant's representative: Edward Solie, 1 South Pinckney Street, Madison 3, Wis. For authority to operate as a *common carrier*, over irregular routes, transporting: *Fertilizer*, from Dubuque, Iowa, to Shullsburg, Wis.

No. MC 108446 Sub 15, filed July 19, 1956, FISCHBACH TRUCKING CO., a corporation, 921 Sherman Street, Akron, Ohio. Applicant's representative: Dale C. Dillon, Suite 944, Washington Building, Washington 5, D. C. For authority to operate as a *contract carrier*, over irregular routes, transporting: *Such commodities*, as are manufactured, processed, or dealt in by rubber and rubber products manufacturers, and *supplies* used in the conduct of such businesses, between Akron, Ohio, and West Helena, Ark. Applicant is authorized to conduct operations in Tennessee, Ohio, Massachusetts, Connecticut, New Jersey, Rhode Island, New York, Pennsylvania, Illinois, and Indiana.

No. MC 108473 Sub 13, filed July 12, 1956, ST. JOHNSBURY TRUCKING COMPANY, INC., 38 Main Street, St. Johnsbury, Vt. For authority to operate as a *common carrier*, over a regular route, transporting: General commodities, except those of unusual value, Class A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, between Manchester, N. H., and Worcester, Mass., as follows: from Manchester over New Hampshire Highway 101 to Milford, N. H., thence over New Hampshire Highway 13 to the New Hampshire-Massachusetts State line, thence over Massachusetts Highway 13 to Leominster, Mass., thence over Massachusetts Highway 12 to Worcester, Mass., and return over the same route, serving no intermediate points, as an alternate route for operating convenience only in connection with applicant's regular route operations between Manchester, N. H., and Worcester, Mass., over U. S. Highway 3 to Boston, Mass., and Massachusetts Highway 9 to Worcester, Mass. Applicant is authorized to conduct regular route operations in Connecticut, Maine, Massachusetts, New Hampshire, New York, Rhode Island, and Vermont, and irregular route operations in Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, New York, Rhode Island, and Vermont.

No. MC 108461 Sub 47, filed July 16, 1956, WHITFIELD TRANSPORTATION, INC., 200 West Amador, P. O. Box 1350, Las Cruces, N. Mex. Applicant's representative: Frank Owen, III, and Truman A. Stockton, Jr., 13th Floor Bassett Tower, El Paso, Tex. For authority to operate as a *common carrier*, over irregular routes, transporting: *Commodities in bulk*, except those in liquid form, in tank or hopper type vehicles, between points in Texas, Arizona, New Mexico and Colorado. Applicant is authorized to conduct operations in Arizona, California, Colorado, New Mexico, Texas, and Utah.

No. MC 109095 Sub 6, filed July 16, 1956, ANDERSON MOTOR SERVICE, INC., 1516 North 14th Street, St. Louis, Mo. Applicant's representative: B. W. LaTourette, Suite 1230, Boatmen's Bank Building, St. Louis 2, Mo. For authority to operate as a *common carrier*, over a regular route, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, between St. Louis, Mo., and Weldon Springs, Mo. and points in Missouri within 10 miles of Weldon Springs, restricted against any service between St. Louis and points in the St. Louis, Mo.-East St. Louis, Ill. Commercial Zone as defined by the Commission, on the one hand, and, on the other, Weldon Springs and points within 10 miles thereof: From St. Louis over U. S. Highway 40–61 to Weldon Springs and points within 10 miles thereof, and return over the same route, serving no intermediate points. Applicant is authorized to conduct operations in Indiana, Ohio, Illinois, and Missouri.

No. MC 109422 Sub 1, filed June 29, 1956, CHARLES O'NEAL, Philip, S. Dak. For authority to operate as a *common carrier*, over irregular routes, transporting: (1) *Farm machinery* and *implements*, and *building materials*, from St. Paul, Minn., to Philip, S. Dak., (2) *building materials*, from Fort Dodge, Iowa, to Philip, S. Dak., (3) *livestock feeds*, from Sioux City, Iowa, to Philip, S. Dak., and *livestock* and *grain* from the above-named destination points to the named origin points.

No. MC 109494 Sub 6, filed July 12, 1956, HERBERT BUSKIRK, 3333 Freemansburg Avenue, Easton, Pa. Applicant's representative: A. E. Enoch, 556 Main Street, Bethlehem, Pa. For authority to operate as a *common carrier*, over irregular routes, transporting: *Textile machines*, assembled, not knocked down, and *incidental parts thereof*, and *equipment therefor*, when transported in the same vehicle, requiring the use of cradles, mono-rails or special equipment, between points in Alabama, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Maryland, Massachusetts, the Lower Peninsula of Michigan, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Ohio, Oregon, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, Vermont, Virginia, and Wisconsin.

No. MC 109677 Sub 9, filed July 18, 1956, FORT EDWARD EXPRESS CO., INC., Route 9, Saratoga Road, Fort Edward, N. Y. Applicant's representative: Harold G. Hernly, 1624 Eye Street NW., Washington 6, D. C. For authority to operate as a *common carrier*, over irregular routes, transporting: *Liquid bichromate of soda*, in bulk, in tank vehicles, from Glens Falls, N. Y., to port of entry on the International Boundary line between the United States and Canada at Rouses Point, N. Y.

No. MC 110270 Sub 5, filed July 18, 1956, BEVERAGE TRANSPORT, INC., Route 5 and 20, P. O. Box 88, East Bloomfield, N. Y. Applicant's representative: Samuel V. Gianniny, 25 Exchange Street, Rochester 14, N. Y. For authority to operate as a *contract carrier*, over irregular routes, transporting: *Malt beverages*, in containers, from Newark, N. J., to points in Monroe, Genesee, Niagara, Ontario, Livingston, and Erie Counties, N. Y., and *empty containers or other such incidental facilities* (not specified) used in transporting the commodities specified in this application. Applicant is authorized to conduct operations in New Jersey and New York.

NOTE: Applicant requests that duplicating authority be eliminated.

No. MC 110325 Sub 11, filed June 27, 1956 (amended July 13, 1956), published July 11, 1956, page 5153, TRANSCON LINES, a Corporation, 1206 South Maple Boulevard, Los Angeles, Calif. Applicant's representative: Lee Reeder, 1012 Baltimore Building, Kansas City 5, Mo. For authority to operate as a *common carrier*, over regular routes, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk and those requiring special equipment, and *government owned compressed gas trailers*, loaded with compressed gas (other than liquefied petroleum gas) and *empty government owned compressed gas trailers*, (1) between Wichita, Kans., and Albuquerque, N. Mex., from Wichita over U. S. Highway 54 to Tucumcari, N. Mex., thence over U. S. Highway 66 to Albuquerque, and return over the same route, serving no intermediate points, as an alternate route for operating convenience only, in connection with applicant's authorized regular route operations between Kansas City, Mo., and Oklahoma City, Okla., and between Oklahoma City and Los Angeles, Calif.; and (2) between Wichita, Kans., and the Junction of U. S. Highway 60 and Arizona Highway 71 near Aguila, Ariz., from Wichita to Albuquerque, N. Mex., over the highways specified in (1) above, thence over U. S. Highway 66 to junction with Alternate U. S. Highway 89 or U. S. Highway 89 near Flagstaff or Ashfork, Ariz., thence over Alternate U. S. Highway 89 or U. S. Highway 89 to junction of U. S. Highway 89 and Alternate U. S. Highway 89, thence over U. S. Highway 89 to Congress Junction, Ariz., thence over Arizona Highway 71 to its junction with U. S. Highway 60 near Aguila, Ariz., and return over the same route, serving no intermediate points and serving the junction of U. S. Highway 60 and Arizona Highway 71 for purpose of joinder only, as an alternate route for operating convenience only, in connection with applicant's authorized regular route operations between Kansas City, Mo., and Oklahoma City, Okla., and between Oklahoma City and Los Angeles, Calif. RESTRICTION: Applied-for authority to be limited in point of time to a period ending with the termination of carrier's presently held lease with Cain's Truck Lines (the expiration date of which is April 1, 1961) for any other reason than the exercise by carrier of its option to purchase the rights now leased from the above-named lessor. Applicant is authorized to conduct operations in Arizona, California, Illinois, Indiana, Kansas, Missouri, New Mexico, and Oklahoma.

No. MC 110698 Sub 76, filed July 2, 1956, MILLER MOTOR LINE OF NORTH CAROLINA, INCORPORATED, P. O. Box 457, Greensboro, N. C. Applicant's representative: Frank B. Hand, Jr., Transportation Building, Washington 6, D. C. Operating rights sought to be transferred: *General commodities*, without exception, as a *common carrier* over regular routes between the boundary of the United States and Mexico at Brownsville, Tex., and Port Brownsville, Tex., between the boundary of the United States and Mexico at Hidalgo, Tex., and McAllen, Tex., serving no intermediate points; *general commodities*, without exception, over irregular routes, between the boundary of the United States and Mexico at Brownsville, Tex., on the one hand, and, on the other, Brownsville, Tex., and the Brownsville Airport. Vendee is authorized to operate as a *common carrier* in Texas. Application has not been filed for temporary authority under section 210a (b).

No. MC–F 6350. Authority sought for purchase by CHESTER CARRIERS, INC., East Petersburg, Pa., of the operating rights of DAVID S. VENGER (JAMES P. COHO, TRUSTEE), doing business as DEPENDABLE TRANSPORTATION CO., 131 East Main Street, Brownstown, Pa. Applicants' representative: John M. Musselman, State Street Building, Harrisburg, Pa. Operating rights sought to be transferred: *Agricultural pulverized limestone*, as a *common carrier* over irregular routes, from points in Lancaster County, Pa., to points in Delaware and Maryland, except incorporated communities; and *sand*, from points in New Castle County, Del., and Cecil County, Md., to points in Lancaster County, Pa. Vendee is authorized to operate as a *common carrier* in Delaware, Pennsylvania and New Jersey. Application has not been filed for temporary authority under section 210a (b).

No. MC–F 6351. Authority sought for purchase by DARLING TRANSFER, INC., 1020 "J" Street, Auburn, Nebr., of the operating rights and property of CHARLES W. DARLING (FLORENCE DARLING, ADMINISTRATRIX), doing business as DARLING TRANSFER, 1020 "J" Street, Auburn, Nebr., and for acquisition by JOE W. DARLING, Falls City, Nebr., PAUL W. DARLING, Nebraska City, Nebr., and RALPH E. DARLING, Auburn, Nebr., of control of such rights and property through the purchase. Applicants' representative: Joe W. Darling, President, Darling Transfer, Inc., 1020 "J" Street, Auburn, Nebr. Operating rights sought to be transferred: *General commodities*, with certain exceptions including household goods, as a *common carrier* over regular routes between Auburn, Nebr., and Lincoln, Beatrice, Shubert, Peru, and Lorton, Nebr., between Lincoln, Nebr., and Nebraska City, Nebr., between Falls City, Nebr., and Omaha, Nebr., and between Falls City, Nebr., and St. Joseph, Mo., serving certain intermediate and off-route points; *general commodities*, with certain exceptions not including household goods, between Horton, Kans., and South St. Joseph and Kansas City, Mo., serving certain intermediate and off-route points; *household goods*, as defined by the Commission, between Horton, Kans., and South St. Joseph and Kansas City, Mo., serving certain intermediate and off-route points; *household goods*, as defined by the Commission, and *emigrant movables*, over irregular routes, between Auburn and Falls City, Nebr., and points in Nebraska within 25 miles of Auburn, on the one hand, and, on the other, points in Missouri, Kansas, and Iowa; *livestock, contractors' equipment, machinery, and supplies, feed*, and *lubricating oil and grease in containers*, from, to and between points and areas, varying with the commodity transported, in Nebraska, Missouri, Kansas, and Iowa. DARLING TRANSFER, INC., is not a motor carrier but is affiliated with RALPH E. DARLING, doing business as DARLING TRANSPORT SERVICE, a *common carrier*, which is authorized to operate in Kansas, Nebraska, and Iowa. Application has not been filed for temporary authority under section 210a (b).

No. MC-F 6352. Authority sought for purchase by RED BALL MOTOR FREIGHT, INC., 1210 South Lamar Street (P. O. Box 3148), Dallas, Texas, of the operating rights of JOE A. HARRIS, doing business as HARRIS TRUCK LINE, 805 South 2nd Street, Raton, N. Mex., and for acquisition by H. E. ENGLISH and O. B. ENGLISH, both of Dallas, of control of such rights through the purchase. Applicants' representative: Reagan Sayers, Century Life Building, Fort Worth, Tex. Operating rights sought to be transferred: *General commodities*, with certain exceptions not including household goods, as a *common carrier* over regular routes between Denver, Colo., and Clayton, N. Mex., between Trinidad, Colo., and Tucumcari, N. Mex., and between junction New Mexico Highway 18 and unnumbered highway near Hayden, N. Mex., and junction New Mexico Highway 65 and New Mexico Highway 18, serving certain intermediate and off-route points; and *general commodities*, with certain exceptions including household goods, between Springer, N. Mex., and Tucumcari, N. Mex., between Wagon Mound, N. Mex., and Roy, N. Mex., and between Abbott, N. Mex., and Gladstone, N. Mex., serving certain intermediate points and the off-route point of Farley, N. Mex. Vendee is authorized to operate as a *common carrier* in Texas, Louisiana, and Arkansas. Application has not been filed for temporary authority under section 210a (b).

By the Commission.

[SEAL] HAROLD D. MCCOY, *Secretary.*

[F. R. Doc. 56-6168; Filed, July 31, 1956; 8:46 a. m.]

FOURTH SECTION APPLICATIONS FOR RELIEF

JULY 27, 1956.

Protests to the granting of an application must be prepared in accordance with Rule 40 of the general rules of practice (49 CFR 1.40) and filed within 15 days from the date of publication of this notice in the FEDERAL REGISTER.

LONG-AND-SHORT HAUL

FSA No. 32434: *Wallboard—Minnesota and Wisconsin to Southwest.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on wallboard, carloads, as described in the application from specified points in Minnesota and Wisconsin to points in Arkansas, Louisiana, Missouri, New Mexico, and Texas.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 16 to Agent Kratzmeir's I. C. C. 4198.

FSA No. 32435: *Mouldings or fasteners, from, to and between points in the Southwest.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on wallboard mouldings, or fasteners, aluminum, and iron or steel, in mixed carloads with wallboard from Rio Grande Crossings in Texas, on traffic from Mexico to specified points in Missouri, Illinois, Arkansas, Kansas, Louisiana, Oklahoma and Tennessee, also points in southern territory.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 30 to Agent Kratzmeir's I. C. C. 4159.

FSA No. 32436: *Brewer's rice—New Orleans, La., and Memphis, Tenn., to Detroit, Mich.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on brewer's rice, in bags or in bulk, in paper lined cars, carloads, from New Orleans, La., and Memphis, Tenn., to Detroit, Mich.

Grounds for relief: Circuitous route in part west of the Mississippi River.

FSA No. 32437: *Automobile parts—Michigan and Pennsylvania to Missouri.* Filed by H. R. Hinsch, Agent, for interested rail carriers. Rates on automobile parts, carloads from Warren, Mich., Bessemer, Pa., and other specified points in Pennsylvania to Swope Park, Mo., and Kansas City, Mo.–Kans.

Grounds for relief: Carrier competition and circuity.

FSA No. 32438: *Silica—Elco, Ill., to Savannah and Port Wentworth, Ga.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on silica, ground or pulverized, carloads from Elco, Ill., to Savannah and Port Wentworth, Ga.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 71 to Agent Spaninger's I. C. C. 1469;

FSA No. 32439: *Silica—Tamms and Olive Branch, Ill., to the South.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on silica, ground or pulverized, carloads from Tamms and Olive Branch, Ill., to specified points in Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina and Tennessee.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 71 to Agent Spaninger's I. C. C. 1469.

FSA No. 32440: *Sulphate of ammonia—Alabama to Illinois.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on sulphate of ammonia, carloads from Alabama City and Gadsden, Ala., to Chicago, East St. Louis and Atlanta, Ill.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 75 to Agent Spaninger's I. C. C. 1366.

FSA No. 32441: *Fertilizer compounds to Western Trunk-Line Territory.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on fertilizer compounds (manufactured fertilizer), carloads from specified points in Arkansas, Louisiana, Missouri, Oklahoma and Texas to specified points in Colorado, Idaho, Utah and Wyoming.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 74 to Agent Kratzmeir's I. C. C. 4136.

FSA No. 32442: *Grain and products—Colorado, Kansas, and Oklahoma to Texas.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on grain, grain products and related articles, also seeds, carloads from specified points in Colorado, Kansas and Oklahoma to specified points in Texas.

Grounds for relief: Grouping and circuitous routes via specified transit points.

Tariff: Supplement 128 to Agent Kratzmeir's I. C. C. 3941.

FSA No. 32443: *Benezene—Charleston and Natrium, W. Va., to New Orleans, La.* Filed by H. R. Hinsch, Agent, for interested rail carriers. Rates on benezene, hexachloride, carloads from Charleston and Natrium, W. Va., to New Orleans, La.

Grounds for relief: Barge and market competition and circuitous routes.

Tariff: Supplement 83 to Agent Hinsch's I. C. C. 4367.

FSA No. 32444: *Coal, to Malone, N. Y.* Filed by C. W. Boin, Agent, for interested rail carriers. Rates on coal, bituminous and cannel, and coal briquettes, carloads from points on the Baltimore and Ohio Railroad Company, and other carriers named in the application in coal regions in Maryland, Ohio, Pennsylvania, West Virginia and other states in the eastern coal fields to Malone, N. Y.

Grounds for relief: Carrier competition and circuitous routes, maintenance of origin group relations.

By the Commission.

[SEAL] HAROLD D. MCCOY, *Secretary.*

TITLE 7—AGRICULTURE

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Peach Order 1]

PART 940—PEACHES GROWN IN THE COUNTY OF MESA, COLO.

REGULATION BY GRADES AND SIZES

§ 940.308 *Peach Order 1*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 40, as amended (7 CFR Part 940; 21 F. R. 5673), regulating the handling of peaches grown in the County of Mesa in the State of Colorado, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendations of the Administrative Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of such peaches, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than August 3, 1956. A reasonable determination as to the supply of, and the demand for, such peaches must await the development of the crop and adequate information thereon was not available to the Administrative Committee until July 26, 1956; recommendations as to the need for, and the extent of, regulation of shipments of such peaches were made by said committee on July 26, 1956, after consideration of all information then available relative to the supply and demand conditions for such peaches, at which time the recommendations and supporting information were submitted to the Department, and made available to growers and handlers; necessary supplemental information was not available to the Department until July 30, 1956; shipments of some of the early varieties of the current crop of peaches have begun in light volume, and shipments in heavy volume are expected to begin shortly, and this regulation should be applicable, insofar as practicable, to all shipments of such peaches in order to effectuate the declared policy of the act; and compliance with this regulation will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., m. s. t., August 3, 1956, and ending at 12:01 a. m., m. s. t., October 15, 1956, no handler shall ship:

(i) Any peaches of any variety which do not grade at least U. S. No. 1;

(ii) Any peaches of the Early Elberta or Gleason Elberta varieties which are of a size smaller than 2 inches in diameter: *Provided,* That any lot of peaches shall be deemed to be of a size not smaller than 2 inches in diameter (*a*) if not more than 10 percent, by count, of the peaches in such lot are smaller than 2 inches in diameter; and (*b*) if not more than 15 percent, by count, of the peaches contained in any individual container in such lot are smaller than 2 inches in diameter; or

(iii) Any varieties of peaches other than the Early Elberta and Gleason Elberta varieties which are of a size smaller than 2⅛ inches in diameter: *Provided,* That any lot of peaches shall be deemed to be of a size not smaller than 2⅛ inches in diameter (*a*) if not more than 10 percent, by count, of the peaches in such lot are smaller than 2⅛ inches in diameter; and (*b*) if not more than 15 percent, by count, of the peaches contained in any individual container in such lot are smaller than 2⅛ inches in diameter.

(3) *Definitions.* As used herein, "peaches," "handler," "ship," and "varieties" shall have the same meaning as when used in the aforesaid amended marketing agreement and order; "U. S. No. 1," "diameter," and "count" shall have the same meaning as when used in

TITLE 29—LABOR

Subtitle A—Office of the Secretary of Labor

[Order 13]

PART 4—CHILD LABOR REGULATIONS, ORDERS AND STATEMENTS OF INTERPRETATION

OCCUPATIONS INVOLVED IN THE MANUFACTURE OF BRICK, TILE, AND KINDRED PRODUCTS

Finding and order. Pursuant to notice published in the FEDERAL REGISTER on April 10, 1956 (21 F. R. 2301), a hearing was held on May 22, 1956, on a proposed finding and order issued April 2, 1956, that certain occupations in the manufacture of brick, tile and kindred products were particularly hazardous for the employment of minors between 16 and 18 years of age or detrimental to their health or well-being and thus constitute oppressive child labor as defined in section 3 (l) of the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended; 29 U. S. C. 201 et seq.).

Opportunity was given for interested persons to be present at the hearing or to submit their views prior to the hearing. The only objection raised at the hearing was that the data on silica brick plants were outmoded and that the proposed order referring to these plants was, therefore, not valid. After consideration of all the relevant matters presented it is found that the proposed order was based on a current investigation.

The evidence introduced at the hearing forms a sound basis for the issuance of this order. Among the many injuries occasioned in the maunfacture of clay construction products the following are most common: Overexertion; strains; sprains; burns; heat exhaustion; injuries from falling objects; injuries from vehicles; injuries to eyes from flying particles, dust, bits of clay, and chips from broken products; injuries from machines; and injuries from falls. There is also danger to the health from the excessive dust in parts of the plant. Both the injury frequency rates and the severity rates in this industry, as shown by the evidence, have been well above the average of all manufacturing industries from 1948 through 1954. The above dangers are also present in plants manufacturing silica refractories and in addition the danger of acquiring silicosis in these plants presents a detriment to health.

The inquisitiveness, lack of stamina, inexperience at the work, tendency toward inattention, immaturity and impulsive nature of minors between 16 and 18 years of age make the dangers in the occupations in these plants particularly hazardous for their employment and detrimental to their health and well-being.

Work in the following departments of establishments manufacturing clay construction products is not accompanied by the high degree of danger that exists in the rest of the plant: Storage and shipping, offices, laboratories, storerooms, and drying departments of plants manufauctring sewer pipe. Similarly, work in offices in establishments manufacturing silica refractories is not accompanied by the high degree of danger that exists throughout the rest of the plant.

It is, therefore, the purpose of this order to protect the health and well-being of minors between 16 and 18 years of age who are or may be employed in plants manufacturing brick, tile and kindred products, which are engaged in commerce or in the production of goods for commerce, by prohibiting their employment in all the occupations in such plants which are particularly hazardous for their employment and detrimental to their health and well-being.

Accordingly, pursuant to the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended; 29 U. S. C. 201 et seq.) and Reorganization Plan No. 2 of 1946 (60 Stat. 1095) and in accordance with the procedure governing determinations of hazardous occupations (29 CFR Part 4, Subpart D) the following finding and order is hereby designated as Hazardous Occupations Order No. 13:

§ 4.64 *Occupations involved in the manufacture of brick, tile, and kindred products*—(a) *Findings and declaration of fact.* The following occupations involved in the mahufacture of clay construction products and of silica refractory products are particularly hazardous for the employment of minors between 16 and 18 years of age, and detrimental to their health and well-being.

(1) All work in or about establishments in which clay construction products are manufactured, except (i) work in storage and shipping; (ii) work in offices, laboratories, and storerooms; and (iii) work in the drying departments of plants manufacturing sewer pipe.

(2) All work in or about establishments in which silica brick or other silica refractories are manufactured, except work in offices.

(3) Nothing in this section shall be construed as permitting employment of minors in any occupation prohibited by any other hazardous occupations order issued by the Secretary of Labor.

(b) *Definitions.* (1) The term "clay construction products" shall mean the following clay products: Brick, hollow structural tile, sewer pipe and kindred products, refractories, and other clay products such as architectural terra cotta, glazed structural tile, roofing tile, stove lining, chimney pipes and tops, wall coping, and drain tile. The term shall not include the following non-structural-bearing clay products: Ceramic floor and wall tile, mosaic tile, glazed and enameled tile, faience, and similar tile, nor shall the term include non-clay construction products such as sand-lime brick, glass brick, or non-clay refractories.

(2) The term "silica brick or other silica refractories" shall mean refractory products produced from raw materials containing free silica as their main constituent.

(c) *Higher standards.* This section shall not justify non-compliance with a Federal or State law or municipal ordinance establishing a higher standard than the standard established herein.

This order will become effective September 1, 1956.

(Secs. 3, 11, 52 Stat. 1060, as amended; 29 U. S. C. 203, 211)

Signed at Washington, D. C., this 25th day of July 1956.

JAMES P. MITCHELL,
Secretary of Labor.

[F. R. Doc. 56-6196; Filed, Aug. 1, 1956; 8:46 a. m.]

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

Subchapter B—Food and Food Products

PART 19—CHEESES; PROCESSED CHEESES; CHEESE FOODS; CHEESE SPREADS; AND RELATED FOODS; DEFINITIONS AND STANDARDS OF IDENTITY

EFFECTIVE DATE OF ORDER PROMULGATING DEFINITION AND STANDARD OF IDENTITY FOR NUWORLD CHEESE AND AMENDING CERTAIN STANDARDS TO PERMIT NUWORLD CHEESE AS OPTIONAL INGREDIENT

In the matter of establishing a definition and standard of identity for nuworld cheese and amending the definitions and standards of identity for pasteurized process cheese, pasteurized process cheese food, pasteurized process cheese spread, cold-pack cheese, club cheese, and cold-pack cheese food:

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 401, 52 Stat. 1046, 68 Stat. 54; 21 U. S. C. 341) and in accordance with the authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (20 F. R. 1996), notice is hereby given that no objections were filed to the order published in the FEDERAL REGISTER on June 22, 1956 (21 F. R. 4402, 5046), establishing a definition and standard of identity for nuworld cheese and amending other cheese and cheese-food standards to permit the use of nuworld cheese as an optional ingredient therein. The amendments promulgated by that order will become effective September 20, 1956.

(Sec. 1, 68 Stat. 54; 21 U. S. C. 341)

Dated: July 27, 1956.

[SEAL] GEO. P. LARRICK,
Commissioner of Food and Drugs.

[F. R. Doc. 56-6202; Filed, Aug. 1, 1956; 8:48 a. m.]

Subchapter C—Drugs

PART 141a—PENICILLIN AND PENICILLIN-CONTAINING DRUGS; TESTS AND METHODS OF ASSAY

PART 141b—STREPTOMYCIN (OR DIHYDROSTREPTOMYCIN) AND STREPTOMYCIN-(OR DIHYDROSTREPTOMYCIN-) CONTAINING DRUGS: TESTS AND METHODS OF ASSAY

PART 146—GENERAL REGULATIONS FOR THE CERTIFICATION OF ANTIBIOTIC AND ANTIBIOTIC-CONTAINING DRUGS

PART 146a—CERTIFICATION OF PENICILLIN AND PENICILLIN-CONTAINING DRUGS

MISCELLANEOUS AMENDMENTS

By virtue of the authority vested in the Secretary of Health, Education, and Welfare by the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 507, 59 Stat. 463, 61 Stat. 11, 63 Stat. 409, 67 Stat. 389; sec. 701, 52 Stat. 1055; 21 U. S. C. 357, 371) and delegated to the Commissioner of Food and Drugs by the Secretary (20 F. R. 1996), the regulations for tests and methods of assay for antibiotic and antibiotic-containing drugs (21 CFR Parts 141a, 141b) and certification of antibiotic and antibiotic-containing drugs (21 CFR Parts 146, 146a) are amended as indicated below:

1. Section 141a.38 *Procaine penicillin and streptomycin in oil* • • • is amended as follows:

a. In paragraph (a) (2) the reference "§ 141a.35 (a) (2)" is changed to read "§ 141a.35 (a) (4)".

b. In paragraph (a) (3) the reference "§ 141a.35 (a) (3)" is changed to read "§ 141a.35 (a) (5)".

2. Section 141a.65 *Procaine penicillin-streptomycin-neomycin in oil* • • • is amended as follows:

a. The section headnote is changed to read: "§ 141a.65 *Penicillin-streptomycin-neomycin in oil; penicillin-dihydrostreptomycin-neomycin in oil; penicillin-streptomycin-neomycin ointment; penicillin - dihydrostreptomycin - neomycin ointment*".

b. Paragraph (a) (1) is changed to read as follows:

(a) *Potency*—(1) *Penicillin content.* Proceed as directed in § 141a.35 (a) (1), (2), and (3). Its content of penicillin is satisfactory if it contains not less than 85 percent of the number of units that it is represented to contain.

c. In paragraph (a), subparagraph (2) is renumbered (4) and new subparagraphs (2) and (3), reading as follows, are inserted between subparagraph (1) and renumbered subparagraph (4):

(2) *Streptomycin content.* Proceed as directed in § 141a.35 (a) (4). Its content of streptomycin is satisfactory if it contains not less than 85 percent of the number of milligrams that it is represented to contain.

(3) *Dihydrostreptomycin content.* Proceed as directed in § 141a.35 (a) (5). Its content of dihydrostreptomycin is satisfactory if it contains not less than 85 percent of the number of milligrams that it is represented to contain.

3. Section 141b.127 *Streptomycin-chlortetracycline-chloramphenicol-bacitracin dental cement* • • • is amended by changing paragraph (a) (4) to read as follows:

(a) *Potency.* • • •

(4) *Bacitracin content.* Weigh 2 grams of the dental cement and transfer to a sintered-glass funnel of medium porosity. Wash the cement five times by shaking with 5-milliliter portions of acetone, using a filter flask and vacuum. Allow the vacuum to dry the residue. Discard the washings. Wash the residue five times by shaking with 5-milliliter portions of 1-percent phosphate buffer, pH 6.0, withdrawing each portion under vacuum. Combine the washings and add sufficient buffer to give a bacitracin concentration of 2 units per milliliter (estimated). Use a chromatographic column made by blowing a glass tube, measuring approximately 85 millimeters by 7 millimeters, into the bottom of a glass test tube measuring 100 millimeters by 15 millimeters. Draw the end of the column to a tip and place a plug of glass wool in the tip. Fill the column with a slurry of 6.5 grams of acid-washed alumina (chromatographic grade) and 1-percent phosphate buffer, pH 6.0. Allow the alumina to settle in the tube and the excess buffer to drain off. When the liquid level nearly reaches the top of the column of alumina, add the sample solution (containing 2 units per milliliter) dropwise from a dropping funnel at the same rate that the buffer is being released from the tip. Discard the first 30 milliliters of effluent. Collect the remainder of the sample, dilute an aliquot with buffer to give a final bacitracin concentration of 1 unit per milliliter (estimated), and assay by the method prescribed in § 141a.49 of this chapter, using the dihydrostreptomycin-resistant strain of M. flavus (PCI 16 R. D.). Its content of bacitracin is satisfactory if it contains not less than 85 percent of the number of units that it is represented to contain.

4. Section 146.26 *Animal feed containing penicillin* • • • is amended as follows:

a. Paragraph (b) (21) is amended by renumbering subdivision (iv) as (v) and inserting a new subdivision (iv), reading as follows, between subdivision (iii) and renumbered subdivision (v):

(iv) It is also intended for use in the prevention of outbreaks of histomoniasis (blackhead) in turkey flocks, it contains dienestrol diacetate in the amounts and under the conditions set forth in subdivision (i) of this paragraph, and it contains one, but only one, of the ingredients prescribed by subparagraph (3) of this paragraph and in the amounts specified in that subparagraph.

b. In paragraph (b) (21) renumbered subdivision (v) is amended by changing the words "and (iii)" to read "(iii), and (iv)".

5. In § 146a.89 the section headnote and the introductory paragraph are changed to read:

§ 146a.89 *Penicillin-streptomycin-neomycin in oil; penicillin-dihydrostreptomycin-neomycin in oil; penicillin-streptomycin-neomycin ointment; penicillin - dihydrostreptomycin - neomycin ointment.* Penicillin-streptomycin-neomycin in oil and penicillin-dihydrostreptomycin-neomycin in oil conform to all requirements and are subject to all procedures prescribed by § 146a.57 for procaine penicillin and streptomycin in oil and procaine penicillin and dihydrostreptomycin in oil. Penicillin-streptomycin-neomycin ointment and penicillin - dihydrostreptomycin - neomycin ointment conform to all requirements and are subject to all procedures prescribed by § 146a.54 for penicillin-streptomycin ointment and penicillin-dihydrostreptomycin ointment, except that:

• • • • •

Notice and public procedure are not necessary prerequisites to the promulgation of this order, and I so find, since it was drawn in collaboration with interested members of the affected industry, since it relaxes existing requirements, and since it would be against public interest to delay providing for the amendments set forth above.

I further find that animal feeds containing antibiotic drugs need not comply with the requirements of sections 502 (1) and 507 of the Federal Food, Drug, and Cosmetic Act in order to insure their safety and efficacy provided they comply with the conditions specified in amendment 4 of this order.

This order shall become effective upon publication in the FEDERAL REGISTER, since both the public and the affected industry will benefit by the earliest effective date, and I so find.

(Sec. 701, 52 Stat. 1055; 21 U. S. C. 371. Interprets or applies sec. 507, 59 Stat. 463, as amended; 21 U. S. C. 357)

Dated: July 27, 1956.

[SEAL] GEO. P. LARRICK,
Commissioner of Food and Drugs.

[F. R. Doc. 56-6203; Filed, Aug. 1, 1956; 8:48 a. m.]

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Reg. SR-412A]

PART 1—CERTIFICATION, IDENTIFICATION, AND MARKING OF AIRCRAFT AND RELATED PRODUCTS

SPECIAL CIVIL AIR REGULATION; EXTENSION OF JULY 27, 1956 DATE FOR IDENTIFICATION OF AIRCRAFT IN ACCORDANCE WITH SPECIAL CIVIL AIR REGULATION SR-412

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 27th day of July 1956.

Special Civil Air Regulation No. SR-412, effective July 27, 1955, permits until July 27, 1956, aircraft identification marks to be affixed to the vertical tail or fuselage side surfaces in lieu of the markings required by Part 1.

Information available indicates that many persons have availed themselves of the provisions of SR-412 and have had very favorable operational experience using the method of marking permitted by that regulation. However, the Board has been advised that if SR-412 is amended to allow an extension beyond the present date of July 27, 1956, for affixing the markings, other persons, including at least one scheduled air carrier, will take advantage of the alternate method.

In view of the foregoing, the Board is of the opinion that an extension of the July 27, 1956, date is warranted, since it will enable more persons to take advantage of, and to obtain actual operational experience with, the new method of marking which has been permitted by SR-412. Furthermore, this in turn will make available to the Board additional information which will be of value in making a final determination with respect to identification marking requirements.

Persons who choose to display identification markings in accordance with this amended regulation will be required to affix the markings to their aircraft before July 27, 1958. Since this regulation will remain in effect for a period of 4 years from its effective date, unless sooner superseded or rescinded, those who affix identification markings in accordance with this regulation can be assured of being able to continue to display such markings for a period of at least 2 years.

It would be of value to the Board if those persons who display identification markings on their aircraft in accordance with this regulation submit to the Board photographs or sketches of their aircraft displaying such markings, and also their comments as to the effect such markings have on ground-to-air and air-to-air identification. All such information should be addressed to the Civil Aeronautics Board, attention of Bureau of Safety Regulation, Washington 25, D. C.

Interested persons have been afforded an opportunity to participate in the making of this Special Civil Air Regulation and due consideration has been given to all relevant matter presented. Since this regulation imposes no additional burden on any person, it may be made effective on less than 30 days' notice.

In consideration of the foregoing, the Civil Aeronautics Board hereby makes and promulgates the following Special Civil Air Regulation, effective July 27, 1956:

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

[F. R. Doc. 56-6207; Filed, Aug. 1, 1956; 8:48 a. m.]

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 206]

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

PROCEDURE ALTERATIONS

The standard instrument approach procedure alterations appearing hereinafter are adopted in order to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 609 is amended as follows:

NOTE: Where the general classification (LFR, VAR, ADF, ILS, GCA, or VOR), location, and procedure number (if any) of any procedure in the amendments which follow, are identical with an existing procedure, that procedure is to be substituted for the existing one, as of the effective date given, to the extent that it differs from the existing procedure; where a procedure is cancelled, the existing procedure is revoked; new procedures are to be placed in appropriate alphabetical sequence within the section amended.

1. The very high frequency omnirange (VOR) procedures prescribed in § 609.9 are amended to read in part:

VOR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses, and radials are magnetic. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation.

If a VOR instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of Civil Aeronautics. Initial approaches shall be made over specified routes. Minimum altitude(s) shall correspond with those established for en route operation in the particular area or as set forth below:

City and State; airport name, elevation; facility; class and identification; procedure No.; effective date	Initial approach to facility from—	Course and distance	Minimum altitude (ft.)	Procedure turn (—) side of final approach course (outbound and inbound); altitudes; limiting distances	Ceiling and visibility minimums			If visual contact not established at authorized minimums after passing facility within distance specified or if landing not accomplished
					Condition	2 engines or less: 65 knots or less	2 engines or less: More than 65 knots	More than 2 engines; more than 65 knots

Climb to 2,000' on 225° course before turning. Highland Hill 1.5 miles E. of airport. AIR CARRIER NOTES: 300-1 required for takeoff runways 1-10. No reduction in landing minima authorized by application of sliding scale. No reduction in takeoff or landing minima authorized for cargo or ferry flights.

2. The instrument landing system procedures prescribed in § 609.11 are amended to read in part:

ILS STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, and courses are magnetic. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation.

Initial ILS instrument approach is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted with a different procedure for such airport authorized by the Administrator of Civil Aeronautics. Initial approaches shall be made over specified routes. Minimum altitude(s) shall correspond with those established for en route operation in the particular area or as set forth below:

City and State; airport name, elevation, facility class and identification; procedure No.; effective date	Transition to ILS				Ceiling and visibility minimums						Procedure turn (—) side of final approach course (outbound and inbound); altitudes; limiting distances	Minimum altitudes (ft.)	If visual contact not established before reaching authorized landing initiation point, or if landing not accomplished—

TITLE 22—FOREIGN RELATIONS

Chapter I—Department of State

[Dept. Reg. 108.292]

PART 46—CONTROL OF ALIENS DEPARTING FROM THE UNITED STATES

ALIENS WHOSE DEPARTURE IS DEEMED PREJUDICIAL TO THE INTERESTS OF THE UNITED STATES

Part 46, Chapter I, Title 22 of the Code of Federal Regulations, is hereby amended in the following respect:

Paragraph (c) of § 46.3 *Aliens whose departure is deemed prejudicial to the interests of the United States*, is amended to read as follows:

(c) Any alien who is subject to registration for training and service in the Armed Forces of the United States and who fails to present a Registration Certificate (SSS Form No. 2) showing that he has complied with his obligation to register under the Universal Military Training and Service Act, as amended.

(Sec. 104, 66 Stat. 174; 8 U. S. C. 1104)

This order shall become effective upon publication in the FEDERAL REGISTER. The provisions of section 4 of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1003) relative to notice of proposed rule making and delayed effective date are inapplicable to this order because the provisions thereof involve foreign affairs functions of the United States.

Dated: July 3, 1956.

HERBERT HOOVER, Jr.,
Acting Secretary of State.

Concurred in:

HERBERT BROWNELL, Jr.,
Attorney General.

Dated: July 17, 1956.

TITLE 31—MONEY AND FINANCE: TREASURY

Chapter V—Foreign Assets Control, Department of the Treasury

PART 510—EGYPTIAN ASSETS CONTROL REGULATIONS

EXTENSION OF CONTROL TO ASSETS OF AND TRANSACTIONS WITH EGYPT AND THE SUEZ CANAL COMPANY

The following regulations are hereby adopted controlling all assets of and transactions with Egypt and the Suez Canal Company:

§ 510.201 *Transactions involving Egypt or the Suez Canal Company.* (a) All of the following transactions are prohibited, except as specifically authorized by the Secretary of the Treasury (or any person, agency, or instrumentality designated by him) by means of regulations, rulings, instructions, licenses, or otherwise, if either such transactions are by, or on behalf of, or pursuant to the direction of Egypt, or the Suez Canal Company (Cie. Universelle du Canal Maritime de Suez), or such transactions involves property in which Egypt, or the Suez Canal Company, has at any time on or since the effective date of this section had any interest of any nature whatsoever, direct or indirect:

(1) All transfers of credit and all payments between, by, through, or to any banking institution or banking institutions wheresoever located, with respect to any property subject to the jurisdiction of the United States or by any person (including a banking institution) subject to the jurisdiction of the United States;

(2) All transactions in foreign exchange by any person within the United States; and

(3) The exportation or withdrawal from the United States of gold or silver coin or bullion, currency or securities, or the earmarking of any such property, by any person within the United States.

(b) All of the following transactions are prohibited, except as specifically authorized by the Secretary of the Treasury (or any person, agency, or instrumentality designated by him) by means of regulations, rulings, instructions, licenses, or otherwise, if such transactions involve property in which Egypt or the Suez Canal Company has at any time on or since the effective date of this section had any interest of any nature whatsoever, direct or indirect;

(1) All dealings in, including, without limitation, transfers, withdrawals, or exportations of, any property or evidences of indebtedness or evidences of ownership of property by any person subject to the jurisdiction of the United States; and

All transfers outside the United States with regard to any property or property interest subject to the jurisdiction of the United States.

(c) Any transaction for the purpose or which has the effect of evading or avoiding any of the prohibitions set forth in paragraphs (a) or (b) of this section is hereby prohibited.

(d) The term Egypt as used herein shall mean

(1) The state and the government of Egypt as well as any political subdivision, agency, or instrumentality thereof or any territory, dependency, colony, protectorate, mandate, dominion, possession or place subject to the jurisdiction thereof; and

(2) Any person to the extent that such person is, or has been, or to the extent that there is reasonable cause to believe that such person is, or has been, since the "effective date", acting or purporting to act directly or indirectly for the benefit or on behalf of any of the foregoing; and

(3) Any territory which on or since the "effective date" is controlled or occupied by the military, naval or police forces or other authority of Egypt.

This section shall be effective as of 1:40 p. m., eastern standard time, July 31, 1956.

(Sec. 5, 40 Stat. 415, as amended; 50 U. S. C., App. 5. E. O. 9193, 7 F. R. 5205; 3 CFR 1943 Cum. Supp., E. O. 9989, 13 F. R. 4891; 3 CFR 1948 Supp.)

[SEAL] G. M. HUMPHREY,
Secretary of the Treasury.

[F. R. Doc. 56-6238; Filed, July 31, 1956; 3:40 p. m.]

PART 510—EGYPTIAN ASSETS CONTROL REGULATIONS

ADDITIONAL PROVISIONS RELATING TO THE EXTENSION OF CONTROL TO ASSETS OF AND TRANSACTIONS WITH EGYPT AND SUEZ CANAL CO.

The following additional regulations are hereby adopted in connection with § 510.201 controlling all assets of and transactions with Egypt and the Suez Canal Company:

§ 510.301 *Definitions and interpretations.* (a) The definitions and interpretations contained in §§ 500.301 to 500.409 of this chapter shall be applicable under the regulations in this part.

(b) Wherever the term "designated foreign country" is used in Part 500 of this chapter it shall be deemed to include Egypt for every purpose of this part.

§ 510.501 *Licenses.* Transactions otherwise prohibited by § 510.201 are hereby licensed provided that such transactions would be licensed by §§ 500.501 to 500.539 of this chapter if they were subject to § 500.201 thereof.

§ 510.701 *Penalties.* The provisions of § 500.701 of this chapter shall be applicable to the regulations in this part.

§ 510.801 *Procedures.* The provisions of §§ 500.801 to 500.807 of this chapter shall be applicable under the regulations in this part.

(Sec. 5, 40 Stat. 415, as amended; 50 U. S. C., App. 5. E. O. 9193, 7 F. R. 5205; 3 CFR, 1943 Cum. Supp., E. O. 9989, 13 F. R. 4891; 3 CFR, 1948 Supp.)

[SEAL] A. N. OVERBY,
Acting Secretary of the Treasury.

TITLE 36—PARKS, FORESTS, AND MEMORIALS

Chapter I—National Park Service, Department of the Interior

PART 2—GENERAL RULES AND REGULATIONS; NATIONAL RECREATION AREAS

MISCELLANEOUS AMENDMENTS

1. Paragraph (a) (4) of § 2.1 *General provisions*, is amended to read as follows:

(4) Shadow Mountain National Recreation Area, Colorado, administered by the National Park Service, Department of the Interior, in cooperation with the Bureau of Reclamation and the Bureau of Land Management, Department of the Interior, as detailed in a memorandum of agreement between the three agencies approved August 3, 1955.

2. Paragraph (a) (4) of § 2.2 *Definitions*, is amended to read as follows:

(4) The term "Shadow Mountain National Recreation Area" means the property owned by the United States, including the water surface of Granby Reservoir and Shadow Mountain Lake, within that portion of the Colorado-Big Thompson Project which is administered by the National Park Service pursuant to a memorandum of understanding between the National Park Service, Bureau of Land Management and the Bureau of Reclamation, as shown by Drawing No. RS/SMGR-7100C, dated September 27, 1954, attached to the memorandum of understanding as "Exhibit A," a copy of which shall be filed with the regulations in this part with the Division of the Federal Register, and a copy of which shall be kept in the office of the Superintendent for public inspection.

3. Section 2.11 *Sanitation*, is amended to read as follows:

§ 2.11 *Sanitation.* (a) No garbage, papers, cans, bottles, or rubbish of any kind shall be thrown or dumped in the waters of the areas or along the roads, in picnicking or camping sites, or beaches, or on any other lands of the areas, but shall be burned or buried, or disposed of at points or places designated for the disposal thereof.

(b) Contamination of watersheds or of any water used for drinking purposes is prohibited.

(c) All comfort stations shall be used in a clean, sanitary and orderly manner.

(d) Saddle, pack, or draft animals shall not be kept in, or within 300 feet of any campgrounds.

(e) Toilets on water-borne craft must not be emptied in the waters of the areas when such craft are at dock or when within one mile of public ports or public beach areas.

(f) The drainage or dumping of refuse from any trailer, except in places or receptacles provided for such purposes, is prohibited.

(g) The cleaning of fish on public docks and walkways, or at campground hydrants, or at any other place in the areas where such activities would create an unsanitary condition, is prohibited.

4. A new section is added to Part 2, to read as follows:

§ 2.30 *Abandonment of property.* The abandonment of personal property in national recreation areas is prohibited.

5. A new section is added to Part 2, to read as follows:

§ 2.31 *Lost articles.* Persons finding lost articles should deposit them at the Office of the Superintendent, or at the nearest ranger station, leaving their names and addresses, so that if the articles are not claimed by the owners within 60 days, they may be returned to those who found them.

6. A new section is added to Part 2, to read as follows:

§ 2.32 *Relics.* Relics, artifacts, and other articles of historic or archeologic interest found on the Government land are Government property and must, if removed from the place where they are found, be deposited with the Superintendent or at the nearest ranger station.

(Sec. 3, 39 Stat. 535, as amended; 16 U. S. C., 3)

FRED A. SEATON,
Secretary of the Interior.

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

PART 152—INDEMNITY PAYMENTS

PART 172—COMPLIANCE WITH COMMERCE DEPARTMENT REGULATIONS (COMMODITIES AND TECHNICAL DATA)

MISCELLANEOUS AMENDMENTS

1. Paragraph (c) of § 152.1 *Registered postal union articles*, as amended (21 F. R. 5090), is amended to read as follows:

(c) *Great Britain and Northern Ireland and Switzerland.* You may be paid any amount claimed not exceeding $8.17 for loss (contents and wrapper), regardless of value, and, on the basis of actual value, irrespective of country or origin or country responsible, for rifling or total damage of an article in a registered packet, but not exceeding $8.17. If United States responsibility, payment may also be made not exceeding $8.17 for partial damage.

(R. S. 161, 396, 398, as amended; 5 U. S. C. 22, 369, 372)

2. Paragraph (b) of § 172.2 *General licenses*, as amended (21 F. R. 5091), is amended to read as follows:

(b) *Restricted destinations.* The Commerce Department imposes particular restrictions on exports to Hong Kong, Macao, and the following Soviet bloc countries: Albania, Bulgaria, China (mainland including Manchuria), Czechoslovakia, Estonia, Germany (Soviet Zone including Soviet sector of Berlin), Hungary, Laos (Communist-controlled areas), Latvia, Lithuania, Poland, Rumania, Tibet, U. S. S. R., and Viet-Nam (Communist-controlled areas). Packages for those countries may not bear any general-license symbol other than GIFT (not permitted to mainland China); GUS, G-Pub; GTDP; GTDS; GHK and GHS (for Hong Kong), or GLSA (for the destinations named in paragraph (g) of this section).

(R. S. 161, 396, 398, as amended; 5 U. S. C. 22, 369, 372)

[SEAL] ABE MCGREGOR GOFF,
The Solicitor.

[F. R. Doc. 56-6198; Filed, Aug. 1, 1956; 8:47 a. m.]

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Docket No. 11515]

PART 3—RADIO BROADCAST SERVICES

MISCELLANEOUS AMENDMENTS

In the matter of amendment of § 3.606 *Table of assignments*, rules governing television broadcast stations. (Bryan-College Station, Texas.)

The Commission's Report and Order in the above-entitled matter, adopted July 19, 1956, and released July 23, 1956 (FCC 56-740, Mimeo 34183), is corrected in the following particulars:

1. The second sentence of paragraph 2 is amended to read as follows: "Oppositions to the proposal were filed by Texas Agricultural and Technical College, College Station, Texas; the Broadcasting and Film Commission of the National Council of the Churches of Christ in the USA; and the Joint Council on Educational Television."

2. The following new paragraph, designated paragraph 5a, is inserted between paragraphs 5 and 6:

5a. The National Council of Churches of Christ in the USA asserts that only by maintaining the integrity of educational channels can education be assured of its rightful share of this medium; that commercial broadcasters will not concern themselves with the special needs of education. It contends that it is not true that reserved channels are being wasted because educators have not yet been able to make use of these channels and points to the 15 educational stations in operation and others under construction. It maintains it is in the smaller and more isolated communities that the need for educational television is the greatest.

Released: July 26, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] DEE W. PINCOCK,
Acting Secretary.

PROPOSED RULE MAKING

DEPARTMENT OF THE TREASURY

Bureau of Narcotics

[21 CFR Part 306]

SURRENDER OF HEROIN

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given, pursuant to the Administrative Procedure Act, approved June 11, 1946, that the regulations set forth below in tentative form are proposed to be prescribed by the Commissioner of Narcotics. Prior to final adoption of such regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing in duplicate to the Commissioner of Narcotics, Washington 25, D. C., within the period of 30 days from the date of publication of this notice in the FEDERAL REGISTER. The proposed regulations are to be issued under the authority contained in section 1402 of title 18 of the United States Code (Public Law 728, 84th Congress, 2d Session).

[SEAL] H. J. ANSLINGER,
Commissioner of Narcotics.

The following regulations relating to the surrender of heroin are hereby prescribed under 18 U. S. C. 1402 (Public Law 728, 84th Congress, 2d Session).

Sec.
306.1 Compensation for surrendered heroin.
306.2 Inventory.
306.3 Forfeiture of heroin.
306.4 Disposition of surrendered heroin.
306.5 Heroin for scientific research purposes.

§ 306.1 *Compensation for surrendered heroin.* Within 120 days from the 19th day of July 1956, all heroin (diacetylmorphine) and compounds containing heroin in the lawful possession of a registrant shall be surrendered to the Commissioner of Narcotics. Shipment, charges prepaid, (other than by mail) may be made to the narcotic district supervisor of the district in which the heroin is located. Compensation for the heroin or compounds containing heroin, if surrendered within the prescribed period will be made at the rate per ounce for the heroin content as will equal the acquisition cost of the person surrendering it as established by competent proof, such as in invoice, bill of sale or other business record, or at the rate of $100.00 per ounce for the heroin whichever is greater. In the event of lack of proof of cost the latter figure will be used.

§ 306.2 *Inventory.* If the person surrendering the heroin has paid tax in a class under which returns are required to be rendered and the heroin is a part of the stock for such class, an inventory of the heroin shipped shall be prepared in quadruplicate on the form used for detailed reporting of dispositions. The original inventory shall be filed with the return for such class for the month in which the disposition takes place, the duplicate copy made a part of the retained copy of the return, the triplicate copy forwarded with the heroin when shipped for disposition, and the quadruplicate forwarded to the narcotic district supervisor together with a properly executed voucher, Standard Form 1034. If the person surrendering the heroin is a registrant in a class for which returns are not required, an inventory shall be prepared in quadruplicate on Form 142, the triplicate of which shall be forwarded with the heroin when shipped, the duplicate retained on file by the registrant for a period of 2 years, and the original and quadruplicate forwarded to the narcotic district supervisor together with a properly executed voucher, Standard Form 1034.

§ 306.3 *Forfeiture of heroin.* All heroin heretofore lawfully possessed by any registrant and not surrendered in accordance with §§ 306.1 and 306.2, shall after the 16th day of November 1956, be seized and forfeited to the United States without compensation.

§ 306.4 *Disposition of surrendered and forfeited heroin.* All heroin acquired by the United States pursuant to section 1402 of title 18 of the United States Code shall be disposed of in accordance with the provisions of 4733 of the Internal Revenue Code of 1954.

§ 306.5 *Heroin for scientific research purposes.* Any heroin acquired under the provisions of section 1402 of title 18 of the United States Code, shall be available, in the discretion of the Commissioner of Narcotics, for scientific research purposes in accordance with the provisions of section 4733 of the Internal Revenue Code of 1954.

[F. R. Doc. 56-6204; Filed, Aug. 1, 1956; 8:48 a. m.]

[21 CFR Ch. II]

α-1-METHYL-3-ETHYL-4-PHENYL-4-PROPIONOXYPIPERIDINE

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given, pursuant to the provisions of section 1 of the act of March 8, 1946 (60 Stat. 38; 26 U. S. C. 4731), section 4 of the Administraitve Procedure Act (60 Stat. 238; 5 U. S. C. 1003), and by virtue of the authority vested in me by the Secretary of the Treasury (12 F. R. 1480), that a determination is proposed to be made that the following-named new drug has an addiction-forming or addiction-sustaining liability similar to morphine and is an opiate:

α - 1 - methyl - 3 - ethyl - 4 - phenyl - 4 - propionoxypiperidine.

Consideration will be given to any written data, views or arguments, pertaining to the addiction-forming or addiction-sustaining liability of the above named drug, which are received by the Commissioner of Narcotics prior to August 23, 1956. Any person desiring to be heard on the addiction-forming or addiction-sustaining liability of the above-named drug will be accorded the opportunity at a hearing in the office of the Commissioner of Narcotics, 1300 E Street NW., Washington 25, D. C., at 10:00 a. m., September 4, 1956, provided that each person furnishes written notice of his desire to be heard, to the Commissioner of Narcotics, Washington 25, D. C., not later than 20 days from the publication of this notice in the FEDERAL REGISTER. If no written notice of a desire to be heard shall be received within 20 days from the date of publication of this notice in the FEDERAL REGISTER, no hearing shall be held, but the Commissioner of Narcotics shall proceed to make a recommendation to the Secretary of the Treasury for a finding under section 1 of the act of March 8, 1946.

(60 Stat. 38; 26 U. S. C. 4731)

[SEAL] G. W. CUNNINGHAM,
Acting Commissioner of Narcotics.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[43 CFR Part 196]

PHOSPHATE LEASES AND USE PERMITS

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that pursuant to the authority vested in the Secretary of the Interior under sections 9 to 12, inclusive, of the act of February 25, 1920 (41 Stat. 440, 441, 30 U. S. C. 211-214), as amended, it is proposed to amend certain sections of the phosphate regulations approved January 14, 1949, as amended. The proposed amendment of the sections is set forth below.

Interested persons may submit, in triplicate, written comments, suggestions, or objections with respect to the proposed amendment of the sections to the Bureau of Land Management, Washington 25, D. C., within 30 days from date of publication of this notice in the FEDERAL REGISTER.

WESLEY A. D'EWART,
Assistant Secretary of the Interior.

JULY 27, 1956.

1. Section 196.4 is amended to read as follows:

§ 196.4 *Lease bond.* A compliance bond, in no event less than $5,000, with approved corporate surety (Form 4-1113), or the lessee's personal bond in similar amount (Form 4-1114), will be required prior to the issuance of a lease. Personal bonds must be accompanied by negotiable Federal securities in the amount of the bond. The right is reserved at any time before or after issuance of the lease to require an increase of the amount of the bond, whether a corporate or personal bond, in any case where the Bureau of Land Management deems it proper to do so.

2. The text of § 196.9 is redesignated as paragraph (a) of that section and a new paragraph (b) is added thereto, to read as follows:

§ 196.9 *Issuance of noncompetitive lease.* * * *

(b) If the applicant dies before the lease is issued, the lease will be issued to the executor or administrator of the estate if probate of the estate has not been completed; if probate has been completed, or is not required, to the heirs or devisees; and if there are minor heirs or devisees, to their legal guardian or trustee in his name, provided there is filed in all cases the following information:

(1) Where probate of the estate has not been completed:

(i) Evidence that the person, who as executor or administrator submits forms of lease and bond, has authority to act in that capacity and to sign such forms.

(ii) Evidence that the heirs or devisees are the heirs or devisees of the deceased applicant and are the only heirs or devisees of the deceased.

(iii) A statement over the signature of each heir or devisee concerning citizenship and holdings similar to that required by § 196.7 (b) and (c).

(2) Where the executor or administrator has been discharged or no probate proceedings are required:

(i) A certified copy of the will or decree of distribution, if any, and if not, a statement signed by the heirs that they are the only heirs of the applicant and citing the provisions of the law of the deceased's last domicile showing no probate is required.

(ii) A statement over the signature of each of the heirs or devisees with reference to citizenship and holdings similar to that required by § 196.7 (b) and (c), except that if the heir or devisee is a minor, the statement must be over the signature of the guardian or trustee.

(3) Where there is a legal guardian or trustee:

(i) A certified copy of the court order authorizing the guardian or trustee to act as such and to fulfill in behalf of the minor or minors all obligations of the lease or arising thereunder; statements by the guardian or trustee as to the citizenship and holdings of each of the minors and as to his own citizenship and holdings, including his holdings for the benefit of other minors similar to that required by § 196.7 (b) and (c).

3. Section 196.12 is amended to read as follows:

§ 196.12 *Action by successful bidder.* (a) The successful bidder at a sale by public auction must on the day of sale deposit with the Manager of the proper land office, or other officer conducting the sale and each bidder at a sale by sealed bids must submit with his bid the following: Certified check, cashier's check, bank draft, money order, or cash for one-fifth of the amount bid by him and a statement over the bidder's own signature with respect to citizenship and interests held, similar to that required by § 196.7 (b) and (c).

(b) Upon receipt of the high bid at, and at the close of, an oral auction, or the opening of the sealed bids, the authorized officer, subject to his right to reject any and all bids, will award the lease to the successful bidder, who will be notified accordingly. If the land is surveyed four copies of the lease will be sent to the successful bidder, who will be required within 30 days from receipt thereof to execute them, pay the balance of the bonus bid, the first year's rental and the cost of publication of the notice of lease offer as specified in § 196.11, and file a bond as required by § 196.4. The lease will be dated as of the first day of the month following its issuance unless the successful bidder requests that it be dated as of the first day of the month of issuance. If the land is unsurveyed, the successful bidder will not be required to comply with the requirements of this subsection until the land has been surveyed and the plat of such survey accepted and officially filed. Such survey will be at the expense of the Government. If the bidder after being awarded a lease, fails to execute it or otherwise comply with the applicable regulations, his deposit will be forfeited and disposed of as other receipts under the Mineral Leasing Act. If the lease awarded to the successful bidder is executed by an attorney acting in behalf of the bidder, the lease must be accompanied by evidence that the bidder authorized the attorney to execute the lease. If the bidder dies before the lease is issued, there must be furnished satisfactory evidence, such as specified in § 196.9 (b), in order that the Manager of the proper land office may determine to whom the lease may be issued.

4. Section 196.13 is amended by adding thereto new paragraphs (e) and (f) as follows:

§ 196.13 *Assignments of leases; subleases.* • • •

(e) No transfer will be approved if the transferee is not qualified to take and hold a lease or if his bond is insufficient. A minor, except a minor heir or devisee of a lessee, is not qualified to hold a lease and a transfer to a minor will not be approved.

(f) In order for the heirs or devisees of a deceased holder of a lease, an operating agreement, or a royalty interest in a lease, to be recognized by the Secretary as the holder of the lease, agreement or interest, there must be furnished the appropriate showing required under § 196.9 (b).

5. Section 196.15 is amended to read as follows:

§ 196.15 *Relinquishment of lease.* Upon a satisfactory showing that the public interest will not be impaired, the lessee may surrender the entire lease or any legal subdivision thereof. A relinquishment must be filed in duplicate in the appropriate land office. Upon its acceptance it shall be effective as of the date it is filed, subject to the continued obligation of the lessee and his surety to make payment of all accrued rentals and royalties and to provide for the preservation of any mines or productive works or permanent improvements on the leased lands in accordance with the regulations and terms of the lease.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 1001]

HANDLING OF LIMES GROWN IN FLORIDA

NOTICE OF PROPOSED AMENDMENT OF RULES AND REGULATIONS

Notice is hereby given that the Department is considering the proposed amendment, as hereinafter set forth, of the rules and regulations (7 CFR 1001.110 et seq.; Subpart–Rules and Regulations; 20 F. R. 6017; 21 F. R. 3413) currently in effect pursuant to the marketing agreement and Order No. 101 (7 CFR Part 1001; 20 F. R. 4179), regulating the handling of limes grown in Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 68 Stat. 906, 1047).

All persons who desire to submit written data, views, or arguments for consideration in connection with such proposed amendment should do so by forwarding the same to the Director, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, Room 2077, South Building, Washington 25, D. C., not later than the fifth day after the publication of this notice in the FEDERAL REGISTER.

The proposed amendment of the rules and regulations, which has been recommended by the Florida Lime Administrative Committee, the agency established under the marketing agreement and order to administer the provisions thereof, is as follows:

Revise paragraph (a) § 1001.130 *Limes not subject to regulation* to read as follows:

(a) Any handler may handle limes totaling not more than one bushel to any one person during any one day exempt from the provisions of §§ 1001.41, 1001.52, and 1001.55: *Provided*, That the total quantity of limes so handled by a handler shall not exceed 10 bushels during any week.

Dated: July 30, 1956.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.

Commodity Exchange Authority

[17 CFR Part 1]

REGULATIONS UNDER COMMODITY EXCHANGE ACT

NOTICE OF HEARING CONCERNING PROPOSED REGULATIONS APPLICABLE TO HEDGING ANTICIPATED REQUIREMENTS OF PROCESSORS AND MANUFACTURERS

Section 4a of the Commodity Exchange Act (7 U. S. C. 1952 ed. section 6a), as amended by Public Law 778, 84th Congress, 2d session, approved July 24, 1956, effective September 22, 1956, provides that there shall be included in the amount of any commodity which may be hedged by any person "an amount of such commodity the purchase of which for future delivery shall not exceed such person's unfilled anticipated requirements for processing or manufacturing during a specified operating period not in excess of one year: *Provided*, That such purchase is made and liquidated in an orderly manner and in accordance with sound commercial practice in conformity with such regulations as the Secretary of Agriculture may prescribe."

Notice is hereby given that the Secretary of Agriculture is considering the issuance of regulations pursuant to section 4a of the Commodity Exchange Act, as amended July 24, 1956. A hearing will be held beginning at 10:00 a. m., e. d. t., on August 9, 1956, in Room 149–W, Department of Agriculture, Washington, D. C., at which interested persons may present data, views, or arguments relating to the form and manner in which persons purchasing commodities for future delivery, pursuant to the provisions of section 4a of the Commodity Exchange Act referred to above, shall inform the Commodity Exchange Authority respecting their unfilled anticipated requirements for processing or manufacturing, including the method of computation by which such requirements are determined, and the formulation of regulations designed to assure that purchases will be made and liquidated "in an orderly manner and in accordance with sound commercial practice."

Written statements with reference to the subject matter of this hearing may be submitted by any interested person and may be in addition to or in lieu of oral presentation at such hearing. Written statements should be filed with the Administrator, Commodity Exchange Authority, United States Department of Agriculture, Washington 25, D. C., not later than August 15, 1956.

Issued this 30th day of July 1956.

[SEAL] RODGER R. KAUFFMAN,
Administrator, Commodity Exchange Authority.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Doc. 136]

ARIZONA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

JULY 26, 1956.

The Bureau of Indian Affairs has filed an application, Serial No. AR-011761, for the withdrawal of the lands described below, from all forms of appropriation including the mining and mineral leasing laws. The applicant desires the land for a construction site for permanent dormitory and play ground facilities for Navajo Indian Children attending public schools in the City of Flagstaff.

For a period of 30 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, 233A Main Post Office Building, Phoenix, Arizona.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

GILA AND SALT RIVER MERIDIAN

T. 21 N., R. 7 E.,
Sec. 9: S½SE¼SW¼;
Sec. 16: N½NE¼NE¼NW¼.

The area described totals 25 acres in Coconino National Forest.

E. R. TRAGITT,
State Lands and Minerals Staff Officer.

[F. R. Doc. 56-6190; Filed, Aug. 1, 1956; 8:45 a. m.]

ALASKA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

The Department of the Air Force has filed an application, Serial No. Fairbanks 013103, for the withdrawal of the lands described below, from all forms of appropriation under the public land laws including the mining and mineral leasing laws. The applicant desires the land for use as a Tacan Site to aid air navigation.

For a period of 60 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, Box 480, Anchorage, Alaska.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

A parcel of land situated approximately one-half mile north of the Townsite of Bethel, Fourth Judicial Division, Territory of Alaska and being more particularly described as follows:

Commencing at Corner No. 1 of U. S. Survey No. 3230A (Townsite of Bethel); thence N. 25° 36' 50" W. 3,067.41 feet to a point; thence North 1,000 feet to the True Point of Beginning; thence East 1,000 feet; thence South 2,000 feet; thence West 2,000 feet; thence North 2,000 feet; thence East 1,000 feet to the Point of Beginning and containing 91.83 acres of land, more or less.

ROGER R. ROBINSON,
Operations Supervisor.

ARIZONA

SMALL TRACT CLASSIFICATION 51

JULY 26, 1956.

1. Pursuant to authority delegated by Document No. 43, Arizona, effective May 19, 1955 (20 F. R. 3514-15), I hereby classify the following described public lands, totalling 611.76 acres in Pima County, Arizona, as suitable for lease and sale for residence purposes under the Small Tract Act of June 1, 1938 (52 Stat. 609; 43 U. S. C. 682a), as amended.

GILA AND SALT RIVER MERIDIAN

T. 14 S., R. 12 E.,
Sec. 29: N½;
Sec. 30: lots 9-72 inclusive.

2. Classification of the above-described lands by this order segregates them from all appropriations, including locations under the mining laws, except as to applications under the mineral leasing laws.

3. The lands classified by this order shall not become subject to application under the Small Tract Act of June 1, 1938 (52 Stat. 609; 43 U. S. C. 682a), as amended, until it is so provided by an order to be issued by an authorized officer, opening the lands to application or bid with a preference right to veterans of World War II and of the Korean conflict and other qualified persons entitled to preference under the act of September 27, 1944 (58 Stat. 497; 43 U. S. C. 279-284), as amended.

4. All valid applications filed prior to May 14, 1952, will be granted, as soon as possible, the preference right provided for by 43 CFR 257.5 (a).

E. R. TRAGITT,
State Lands and Minerals Staff Officer.

[F. R. Doc. 56-6191; Filed, Aug. 1, 1956; 8:45 a. m.]

SALVAGE TIMBER

NOTICE OF WAIVER OF O & C MARKETING REQUIREMENTS

JULY 27, 1956.

Pursuant to the authority contained in 43 CFR 115.39 (f) notice is hereby given that the O & C marketing requirements are waived to the extent that windthrown, insect damaged or fire-killed timber or other salvage material together with such minimum amounts of intermingled or adjacent green timber as are necessary for economic operations may be manufactured in any O & C marketing area which has been established by the Secretary of the Interior, or the Director, Bureau of Land Management.

Those lands involved in this notice include all lands administered by the Bureau of Land Management and situated within the boundaries of any O & C marketing area, including the Revested Oregon and California Railroad and Reconveyed Coos Bay Wagon Road Grant Lands, other lands administered pursuant to the Act of August 28, 1937 (50 Stat. 874) and public lands.

EDWARD WOOZLEY,
Director.

[F. R. Doc. 56-6193; Filed, Aug. 1, 1956; 8:46 a. m.]

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

HILL CITY SALE CO. ET AL.

POSTING OF STOCKYARDS

The Secretary of Agriculture has information that the livestock markets named below are stockyards as defined in section 302 of the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 202), and should be made subject to the provisions of that act.

Hill City Sale Company, Hill City, Kansas.
Leoti Livestock Sales Company, Leoti, Kansas.
Oberlin Livestock Exchange, Oberlin, Kansas.

Therefore, notice is hereby given that the Secretary of Agriculture proposes to issue a rule designating the stockyards named above as posted stockyards subject to the provisions of the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 181 et seq.), as is provided in section 302 of that act. Any interested person who desires to do so may submit, within 15 days of the publication of this notice, any data, views or arguments, in writing, on the proposed rule to the Director, Livestock Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D. C.

Done at Washington, D. C., this 27th day of July 1956.

[SEAL] H. E. REED,
Director, Livestock Division, Agricultural Marketing Service.

FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 8730 etc.; FCC 56-730]

WWSW, INC., ET AL.

ORDER REOPENING RECORD

In re applications[1] of WWSW, Inc., Pittsburgh, Pennsylvania, Docket No. 8730, File No. BPCT-254; Pittsburgh Radio Supply House, Inc., Pittsburgh, Pennsylvania, Docket No. 8840, File No. BPCT-345; for television construction permits; and WWSW, Inc. (WIIC), Pittsburgh, Pennsylvania, Docket No. 11644, File No. BMPCT-3486; for modification of construction permit.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 18th day of July 1956;

The Commission having under consideration the Chief Hearing Examiner's Order of April 17, 1956, denying a petition to intervene herein by WSTV, Inc.; a petition for review filed by WSTV, Inc., on May 1, 1956; an opposition filed by WWSW, Inc., on May 10, 1956; and a reply filed on May 17, 1956, by WSTV, Inc.;

It appearing that petitioner has alleged sufficient facts of economic injury which it would suffer from a grant of the modification application to constitute petitioner a party in interest under the provisions of section 309 (b) of the Communications Act of 1934, as amended;

It further appearing that the provisions of § 1.388 (b) of the Commission's rules do not provide a basis for denying intervention to a party in interest under section 309 (b) of the act, Elm City Broadcasting Corp. v. U. S. and F. C. C., —— U. S. App. D. C. ——;

It further appearing that release of an Initial Decision herein on July 3, 1956 makes it necessary that the Commission reopen the record for further proceedings in which WSTV will participate;

It is ordered, That the petition for review filed by WSTV, Inc., is granted; that WSTV's petition to intervene is granted; and that the record herein is reopened and remanded to the Examiner for further proceedings.

Released: July 25, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 56-6212; Filed, Aug. 1, 1956; 8:49 a. m.]

[1] By Memorandum Opinion and Order (Mimeo No. 22964) released July 26, 1955, the application of Pittsburgh Radio Supply House, Inc., was dismissed.

[Docket No. 8730 etc.; FCC 56M-717]

WWSW, INC., ET AL.

NOTICE OF HEARING CONFERENCE

In re applications[1] of WWSW, Inc., Pittsburgh, Pennsylvania, Docket No. 8730, File No. BPCT-254; Pittsburgh Radio Supply House, Inc., Pittsburgh, Pennsylvania, Docket No. 8840, File No. BPCT-345; for television construction permits; and WWSW, Inc. (WIIC), Pittsburgh, Pennsylvania, Docket No. 11644, File No. BMPCT-3486; for modification of construction permit.

Notice is hereby given this 25th day of July 1956, that a hearing conference in the above-entitled proceeding is scheduled to be held in the offices of this Commission, Washington, D. C., at 10:00 o'clock a. m., on Friday, July 27, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] DEE W. PINCOCK,
Acting Secretary.

[F. R. Doc. 56-6213; Filed, Aug. 1, 1956; 8:50 a. m.]

[Docket Nos. 11076, 11620; FCC 56-732]

SOUTHERN INDIANA BROADCASTERS, INC., AND LAWRENCEVILLE BROADCASTING CO.

MEMORANDUM OPINION AND ORDER AMENDING ISSUES

In re applications of Southern Indiana Broadcasters, Inc., Newburgh, Indiana, Docket No. 11076, File No. BP-9063; Ray J. Lankford, George R. Lankford and Stuart K. Lankford, d/b as Lawrenceville Broadcasting Company, Lawrenceville, Illinois, Docket No. 11620, File No. BP-9583; for construction permits.

1. The Commission has under consideration (1) its Order of February 1, 1956, designating the above-entitled applications for hearing; (2) a petition to enlarge the issues filed by Southern Indiana Broadcasters, Inc., on February 23, 1956; (3) oppositions thereto filed by Lawrenceville Broadcasting Company on March 5, 1956 and by the Broadcast Bureau on March 9, 1956; (4) a reply to the oppositions filed by Southern Indiana Broadcasters, Inc. on March 12, 1956; (5) a petition to modify and enlarge the issues filed by Lawrenceville Broadcasting Company on February 23, 1956; (6) oppositions thereto filed by Southern Indiana Broadcasters, Inc., and the Broadcast Bureau on March 5, 1956.

2. Southern Indiana Broadcasters, Inc. and Lawrenceville Broadcasting Company have filed mutually exclusive applications for broadcast facilities. Southern seeks a construction permit for a standard broadcast station to operate on a frequency of 910 kilocycles with a power of 1 kilowatt, directional antenna, daytime only at Newburgh, Indiana. Lawrenceville has applied for a construction permit for a standard broadcast station to operate on 910 kilocycles with a power of 500 watts, daytime only, directional antenna, at Lawrenceville, Illinois. By an order of February 1, 1956, the Commission designated the appli-

cations for hearing on the following issues:

1. To determine the areas and populations which would receive primary service from each of the proposed operations, and the availability of other primary service to such areas and populations.

2. To determine whether the operation proposed by the Lawrenceville Broadcasting Company would receive interference from Stations KLCN, Blytheville, Arkansas, and WPFB, Middletown, Ohio, or any other existing broadcast station, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other primary service to such areas and populations.

3. To determine, whether, as a result of the interference received, the operation proposed by the Lawrenceville Broadcasting Company would comply with § 3.28 (c) of the Commission's rules; and if compliance with § 3.28 (c) is not achieved, whether there is a sufficient need for the proposed service to warrant a waiver of said section of the rules.

4. To determine, which of the operations proposed by the above-entitled applicants would, in light of section 307 (b) of the Communications Act of 1934, as amended, better provide a fair, efficient and equitable distribution of radio service.

5. To determine, in light of the evidence adduced pursuant to the foregoing issues, which if either of the applications should be granted.

3. In a petition filed on February 23, 1956, Lawrenceville Broadcasting Company requested that issue 2 be enlarged to include a determination of the interference to be received by Southern's facility as well as its own; that issue 3 be deleted; and that an additional issue be inserted to determine whether program service proposed by each of the applicants meets the needs of the area to be served.

4. Lawrenceville contends that issue 2 as it stands is a one-sided issue and that since Southern's application shows that some interference will be received by the facility it seeks, the issue should apply as well to that applicant. Southern does not oppose this request. The Broadcast Bureau asserts that issue 1, which applies to both applicants, would include the information called for under issue 2, so that the relief requested could be granted by the deletion of issue 2. In view of the positions taken by the applicants and the Broadcast Bureau, the Commission is disposed to grant the relief requested by deleting issue 2 from the proceeding.

5. Petitioner advances as grounds for the deletion of issue 3 the contention that by specifying this issue, § 3.28 (c) of the Commission's rules "is made a paramount consideration" over section 307 (b) of the Communications Act of 1934, as amended. The Commission has found this contention to be without merit. Section 3.28 (c) is designed to accomplish one of the purposes of section 307 (b) of the act, in that it seeks to provide an "efficient * * * distribution of radio service." Moreover, as the issue specifies, a waiver of the rule may be obtained on a showing of good cause.

6. Petitioner requests the inclusion of an issue to determine the manner in which the program services proposed will meet the needs of the areas to be served. It is petitioner's contention that no true comparative showing can be made by the applicants without the inclusion of such an issue. Prior to the time the applications were designated for hearing, the program proposals as well as other proposals contained in the applications were considered by the Commission on a noncomparative basis and found satisfactory. When two mutually exclusive applicants propose to serve different communities, the Commission, pursuant to section 307 (b) of the Communications Act of 1934, as amended, seeks first to determine which community has a greater need for the proposed service. We fail to see how a comparison of the applicants programming proposals will assist in this determination. The request by Lawrenceville for the inclusion of a comparative issue relating to program proposals must therefore be denied. See FCC v. Allentown Broadcasting Corporation, 75 S. Ct. 855; Courier Times, Inc., FCC 56-535, Mimeo No. 32406.

7. The petition of Southern Indiana Broadcasters, Inc., requests the inclusion of an issue to determine whether a grant to Lawrenceville would be in contravention of § 3.35 of the Commission's rules. In addition it seeks an interpretation of issues 3 and 4 which would allow a showing as to the existence of an auxiliary studio in Lawrenceville, Illinois or, in the alternative, insertion of an additional issue to permit such a showing. Lawrenceville Broadcasting Company opposes both requests, stating that no facts exist which would give rise to the question of multiple ownerships and evidence as to the existence of an auxiliary studio in Lawrenceville is immaterial to a determination of the services now available to the area since an auxiliary studio may be moved at any time without the Commission's consent. The Broadcast Bureau opposes the inclusion of a multiple ownership issue and urges that evidence regarding an auxiliary studio may be submitted under issue 4.

8. In support of its request for inclusion of a multiple ownership issue, petitioner alleges facts to show that the primary service area of the facility sought by Lawrenceville Broadcasting Company will present a 60 percent overlap with the primary service area of Radio Station WRAY, Princeton, Indiana, a facility owned by M. R. Lankford, father of the individuals who comprise the Lawrenceville applicant. In addition, the following facts are alleged, purporting to show the existence of a business relationship between the parties; the sons are presently employed at their father's radio station; individually, the sons own lots in the father's real estate development; the sons are associated with the father in Southern Indiana Telecasters, Inc. (permittee of WRAY-TV, Princeton, Indiana) holding a total of somewhat more than two percent of the stock, with the father being the corporation's majority stockholder. We do not believe the facts alleged are sufficient to warrant the insertion of a multiple ownership issue. In the context of this case the existence of a family relationship by itself does not give rise to a question as to the degree of control which the father will exercise over a radio station owned by his sons. The age of the sons, the fact that they have broadcasting experience (albeit gained while in the employ of their father) and the separate communities involved give assurance, that the enterprise will be independent from that of the father. The sons, although now employed at Station WRAY, would sever this relationship in the event of a grant. It appears that the sons' ownership of lots in the father's real estate development is the result of private transactions involving in no way a continuing business relationship. The nature and extent of the sons' participation in the television permittee make these factors of no significance as bearing on the degree of control which M. R. Lankford would exert over a radio station owned by his sons. In short, the sons have no ownership in Station WRAY, the facility with which the overlap would occur, and no facts have been alleged to show that the father has an interest, financial or otherwise, in the Lawrenceville station that could result in his controlling that facility.

9. No ruling is necessary on petitioner's request for inclusion of an issue relating to the existence of an auxiliary studio since the Hearing Examiner ruled during the course of a prehearing conference that issues 3 and 4 were sufficiently broad to permit a showing with respect to auxiliary studio facilities.

10. On the basis of the foregoing: *It is ordered*, This 18th day of July 1956 that issue 2 in our Order of Designation in the above-entitled proceeding, dated February 1, 1956, is deleted; that the petition of Lawrenceville Broadcasting Company is denied except insofar as the relief requested is afforded by the deletion of issue 2; and that the petition of Southern Indiana Broadcasters, Inc., is denied.

Released: July 27, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 56-6214; Filed, Aug. 1, 1956; 8:50 a. m.]

[Docket Nos. 11180, 11718; FCC 56M-720]

BILL MATHIS AND KEY CITY BROADCASTERS

ORDER CONTINUING HEARING

In re applications of Bill Mathis, Abilene, Texas, Docket No. 11180, File No. BP-8917; Howard Barrett and Robert H. Nash d/b as Key City Broadcasters, Abilene, Texas, Docket No. 11718; File No. BP-10278; for construction permits.

The Hearing Examiner having under further consideration the Motion for Continuance of Bill Mathis filed July 19, 1956;

It appearing that applicant intends to amend his application to specify another frequency, namely 910 kilocycles, and that good and sufficient cause is shown why the hearing scheduled herein for July 31, 1956, should be continued without date;

It is therefore ordered, This 26th day of July 1956, that the hearing presently scheduled for July 31, 1956 in the above-entitled proceeding be, and the same is hereby, continued without date.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] DEE W. PINCOCK,
Acting Secretary.

[Docket No. 11735; FCC 56M-715]

NEVADA TELECASTING CORP. (KAKJ)

ORDER CONTINUING HEARING

In the matter of Revocation of Television Construction Permit of Nevada Telecasting Corporation (KAKJ) Reno, Nevada; Docket No. 11735.

The Hearing Examiner having under consideration a petition for extension of time, filed by counsel for Nevada Telecasting Corporation on July 20, 1956, requesting not less than 60 days continuance of the prehearing conference now scheduled for July 31, 1956, and the hearing now scheduled for September 6, 1956, on the grounds (1) that counsel "has just recently been retained by the respondent to represent its interest herein and has not had an opportunity to familiarize himself with the factual background, and due to a planned vacation schedule will not have an opportunity to familiarize himself with the problems herein prior to the day of the * * * scheduled prehearing conference date"; and (2) that respondent proposes to file a petition for reconsideration of the order to show cause, favorable action upon which would obviate the necessity for hearing;

It appearing that counsel for the Broadcast Bureau has no objection to the requested extension of time;

It is ordered, This 24th day of July 1956, that the petition is granted, and the prehearing conference now scheduled for July 31, 1956, is continued to October 1, 1956, at 10 a. m., in the offices of the Commission, Washington, D. C., and the hearing now scheduled for September 6, 1956, is continued indefinitely, pending rescheduling after the prehearing conference.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] DEE W. PINCOCK,
Acting Secretary.

GENERAL SERVICES ADMINISTRATION

[Project 3-DC-07]

FEDERAL OFFICE BUILDINGS

PROSPECTUS FOR PROPOSED BUILDINGS IN SOUTHWEST REDEVELOPMENT AREA OF DISTRICT OF COLUMBIA.

EDITORIAL NOTE: This prospectus of proposed Project Number 3-DC-07 is published pursuant to section 412 (f) of the Public Buildings Purchase Contract Act of 1954 as amended by Public Law 150, 84th Congress, which requires publication in the FEDERAL REGISTER, for a period of ten consecutive days from date of submission to the Committees on Public Works of the Senate and House of Representatives.

[Project No. 3-DC-07]

FORMAL PROSPECTUS FOR PROPOSED BUILDING UNDER TITLE I PUBLIC LAW 519, 83D CONGRESS, 2D SESSION

FEDERAL OFFICE BUILDING NO. 10,
WASHINGTON, D. C.

1. *Brief description of proposed building.* The project contemplates the erection of a Federal Office Building on a site to be acquired in Southwest Washington. The building will be multistoried and will provide approximately 1,095,000 square feet of net assignable space.

2. *Estimated maximum cost and financing.* a. Maximum cost of the site and building, $40,900,000.

b. Proposed contract term, 25 years.

c. Maximum rate of interest on purchase contract, 4 percent.

3. *Certificates of need.* As the project is intended to provide relocation of numerous Federal agencies now in temporary buildings, no specific allocation of space can be made at this time. Upon completion of the facility, assignment and re-assignment will be made in accordance with existing law. Therefore, requirement for Certificate of Need otherwise required by section 411 (e) of the Public Buildings Purchase Contract Act of 1954 was waived in Public Law 150, 84th Congress. Certification is hereby made as to the need for service space.

4. *Nonavailability of existing space.* Suitable space owned by the Government is not available and suitable rental space is not available at a price commensurate with that to be afforded through the contract proposed.

5. *Estimated annual managerial, custodial, heat, and utility costs.* (Services to be supplied by Government), $1,095,000.

6. *Estimated annual tax liability, upkeep and maintenance.* a. Taxes, post construction (contract period), $546,000.

b. Upkeep and maintenance (to be provided by Government), $164,000.

7. *Current housing costs.* Housing costs currently paid by the Government for agencies to be housed in the building to be erected, $841,261 p. a.

Determination of need. It has been determined that (1) the needs for space for the permanent activities of the Federal Government in this particular area cannot be satisfied by utilization of any existing suitable property now owned by the Government, and (2) the best interests of the United States will be served by taking action hereunder.

Submitted at Washington, D. C., on July 13, 1956.

Recommended:

F. MORAN MCCONIHE,
Commissioner of Public Buildings Service.

Approved:

FRANKLIN G. FLOETE,
Administrator of General Services.

8. *Statement of Director, Bureau of the Budget.* Reflected in letter (copy attached).

EXECUTIVE OFFICE OF THE PRESIDENT

BUREAU OF THE BUDGET

WASHINGTON 25, D. C.

JULY 18, 1956.

Project #3-DC-07,
Federal Office Building, No. 10,
(Two buildings connected by pedestrian tunnel),
Southwest Washington Area,
Washington, D. C.

MY DEAR MR. FLOETE: Pursuant to section 411 (e) (8) of the Public Buildings Purchase Contract Act of 1954 (Public Law 519), the proposal for a Federal Office Building, received July 13, 1956, has been examined and in my opinion "is necessary and in conformity with the policy of the President." This approval is given with the following understanding:

1. That the stated project cost of $40,900,000 (including cost of a site to be acquired at an estimated cost of $1,700,000 is a maximum figure.

2. That the reported annual operating cost of existing temporary buildings to be supplanted, i. e., $1.00 per square foot, represents minimum maintenance in anticipation of demolition and that temporary Government buildings actually cost more to maintain than the proposed new building.

3. That the site to be acquired in the southwest Washington area will be developed to its maximum space utilization; that the proposed building will provide relocation of numerous Federal agencies now in temporary buildings; that no specific allocation of space can be made at this time; when specific allocation of agencies in the proposed building is determined by the General Services Administration, temporary space of equivalent occupancy will be demolished.

4. That every effort will be made to design and construct space conducive to maximum efficient utilization, and to take advantage of any revision of cost downward which may be found possibly as the plans develop and negotiations are advanced.

You appreciate, of course, that this project will receive a more detailed review as to cost and space utilization.

Sincerely yours,

PERCIVAL BRUNDAGE,
Director.

Hon. FRANKLIN G. FLOETE,
Administrator,
General Services Administration,

FEDERAL POWER COMMISSION

[Docket No. G-10029, etc.]

COLORADO INTERSTATE GAS CO. ET AL

NOTICE OF APPLICATIONS AND DATE OF HEARING

JULY 27, 1956.

In the matters of Colorado Interstate Gas Company, Docket No. G-10029; Pacific Northwest Pipeline Corporation, Docket No. G-10038; El Paso Natural Gas Company, Docket No. G-10088.

Take notice that: Colorado Interstate Gas Company (Colorado Interstate), a Delaware corporation with principal place of business at Colorado Springs National Bank Building, Colorado Springs, Colorado, filed in Docket No. G-10029, on March 1, 1956, as supplemented April 18, 1956, an application for a certificate of public convenience and necessity, pursuant to section 7 (c) of the Natural Gas Act (act), authorizing Colorado Interstate to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Pacific Northwest Pipeline Corporation (Pacific), a Delaware corporation with principal place of business at M & M Building, Houston 2, Texas, filed in Docket No. G-10038, on March 2, 1956, an application for a certificate of public convenience and necessity, pursuant to section 7 (c) of the act, authorizing Pacific Northwest to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully

represented in the application which is on file with the Commission and open for public inspection.

El Paso Natural Gas Company (El Paso), a Delaware corporation with principal place of business at El Paso Natural Gas Company Building, El Paso, Texas, filed in Docket No. G–10088, on March 12, 1956, an application for a certificate of public convenience and necessity, pursuant to section 7 (c) of the act, authorizing El Paso to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

In Docket No. G–10029, Colorado Interstate, pursuant to letter agreements dated September 8, 1955, and January 23, 1956, proposes to sell at the discharge side of Pacific's Compressor station No. 1 at Ignacio, Colorado, to El Paso: (a) Between October 1, 1956, and December 31, 1956, a minimum volume of 6,900,000 Mcf of natural gas (up to 90,000 Mcf per day) and (b) between January 1, 1957, and December 31, 1956, a minimum volume of 21,900,000 Mcf of natural gas (up to 80,000 Mcf per day).

In Docket No. G–10088, El Paso, pursuant to the aforesaid letter agreements, proposes to sell at the discharge side of Pacific's Compresser Station No. 1 at Ignacio, Colorado, to Colorado Interstate between January 1, 1958, and December 31, 1961, a quantity of natural gas equal to that purchased by El Paso from Colorado Interstate between October 1, 1956, and December 31, 1957 as proposed in Docket No. G–10029.

In Docket No. G–10038, Pacific, pursuant to the aforesaid letter agreements, proposes to deliver the volumes of natural gas to El Paso as proposed in Docket No. G–10029 at the discharge side of Pacific's Compressor Station No. 1 at Ignacio, Colorado, between October 1, 1956, and December 31, 1957, and further, Pacific proposes, between January 1, 1958, and December 31, 1961, to accept delivery from El Paso at Pacific's Compressor Station No. 1 at Ignacio, Colorado, of quantities of natural gas (up to 50,000 Mcf per day) equivalent to those previously delivered by Pacific to El Paso between October 1, 1956, and December 31, 1957, as proposed in Docket No. G–10029 for redelivery by Pacific to Colorado Interstate at Rock Springs, Wyoming.

Applicants Colorado Interstate, El Paso and Pacific state that no additional facilities will be required to effectuate the aforesaid proposals; that El Paso will use the natural gas received by it in meeting its general market requirements; that El Paso has a present market for the gas; that El Paso will not be adversely affected by the return of the gas between 1958 and 1961; that the proposals will grant Colorado Interstate substantial relief from the problems caused by the excess supply of gas in 1956 and 1957; that the price to be paid by both Colorado Interstate and El Paso is 15 cents per Mcf which was arrived at by negotiation; that Colorado Interstate will pay Pacific the full contract price under Pacific's Rate Schedule PL–1 for all gas delivered under the proposal to El Paso but will not be charged any additional amount for transportation when the exchange volumes are redelivered by El Paso.

These related matters should be heard on a consolidated record and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on Tuesday, August 21, 1956 at 9:30 a. m., e. d. s. t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such applications: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for applicants to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before August 16, 1956. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

SECURITIES AND EXCHANGE COMMISSION

JUSTIN STEPPLER, INC.

ORDER REVOKING BROKER-DEALER REGISTRATION AND EXPELLING FROM NATIONAL SECURITIES ASSOCIATION

JULY 27, 1956.

In the matter of Justin Steppler, Inc., 25 Broad St., New York 5, N. Y.

Proceedings having been instituted pursuant to sections 15 (b) and 15A of the Securities Exchange Act of 1934 to determine whether to revoke the registration as a broker and dealer of Justin Steppler, Inc., or to suspend or expel registrant from membership in the National Association of Securities Dealers, Inc., and whether Beverly I. Steppler is the cause of any order of revocation, suspension or expulsion that should be entered against the registrant;

Registrant and Beverly I. Steppler having filed a "Stipulation and Consent to Revocation" in which they acknowledged adequate notice of this proceeding, waived opportunity for hearing, and consented to revocation of registration and expulsion from the National Association of Securities Dealers, Inc.;

The Commission having this day issued its Findings and Opinion; on the basis of said Findings and Opinion

It is ordered, That the registration of Justin Steppler, Inc. be, and it hereby is, revoked; that registrant be, and it hereby is, expelled from membership in the National Association of Securities Dealers, Inc., and it is found that Beverly I. Steppler is a cause of such revocation and expulsion.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

Washington, Friday, August 3, 1956

TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 10674

EXEMPTING CERTAIN OFFICERS AND EMPLOYEES IN THE EXECUTIVE BRANCH OF THE GOVERNMENT FROM AUTOMATIC SEPARATION FROM THE SERVICE

WHEREAS, in my judgment, the public interest requires that certain officers and employees of the executive branch of the Government be exempted from automatic separation from the service as provided below:

NOW, THEREFORE, by virtue of the authority vested in me by section 204 of the act of June 30, 1932, 47 Stat. 404 (5 U. S. C. 715a), it is hereby ordered as follows:

All officers and employees in the executive branch of the Government appointed by the President who are subject to the Civil Service Retirement Act, as amended, and who reach the retirement age prescribed for automatic separation from the service between July 1, 1956, and September 30, 1956, both dates inclusive, and are not now exempted therefrom, are hereby exempted from automatic separation from the service until October 31, 1956.

DWIGHT D. EISENHOWER

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 25—FEDERAL EMPLOYEES' PAY REGULATIONS

PERIODIC STEP INCREASES; WAITING PERIOD

Subparagraph (e) of § 25.11 is amended as set out below.

§ 25.11 *Definitions* * * *

(e) "Waiting period" is the minimum time requirement of creditable service without an equivalent increase in compensation in order to be eligible for consideration for a periodic step increase. The waiting period for either full-time or regular part-time employees is 52 calendar weeks for grades with step increases of less than $200, and 78 calendar weeks for grades with step increases of $200 or more. For intermittent part-time or w. a. e. employees, the waiting period shall be 2080 or 3120 hours in a pay status during the applicable time period of not less than 52 or 78 calendar weeks. (A calendar week is a total of any 7 calendar days before, beginning with, or after a specified day.) The waiting period shall not be interrupted where the employee's services are terminated on the last day of his regularly scheduled administrative workweek and his next appointment is made effective on the first day of the next regularly scheduled administrative workweek for his new position. Creditable service, in the computation of waiting periods, includes:

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15 cents) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended August 5, 1953. The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of books and pocket supplements vary.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER, or the CODE OF FEDERAL REGULATIONS.

CFR SUPPLEMENTS

(As of January 1, 1956)

The following Supplements are now available:

Title 26 (1954) Part 221 to end (Rev., 1955) ($2.25)

Title 38 ($2.00)

Titles 44–45 ($1.00)

Title 50 ($0.60)

Previously announced: Title 3, 1955 Supp. ($2.00); Titles 4 and 5 ($1.00); Title 6 ($1.75); Title 7: Parts 1–209 ($1.25), Parts 210–899 (Rev., 1955) with Supplement ($4.50), Parts 900–959 (Rev., 1955) ($6.00), Part 960 to end (Rev., 1955) with Supplement ($5.85); Title 8 ($0.50); Title 9 ($0.70); Titles 10–13 ($0.70); Title 14: Parts 1–399 ($2.50), Part 400 to end ($1.00); Title 15 ($1.00); Title 16 ($1.25); Title 17 ($0.60); Title 18 ($0.50); Title 19 ($0.50); Title 20 ($1.00); Title 21 (Rev., 1955) ($5.50); Titles 22 and 23 ($1.00); Title 24 ($0.75); Title 25 ($0.50); Title 26 (1954) Parts 1–220 (Rev., 1955) ($2.00); Title 26: Parts 1–79 ($0.35), Parts 80–169 ($0.50), Parts 170–182 ($0.30), Parts 183–299 ($0.35), Part 300 to end, Ch. 1, and Title 27 ($1.00); Titles 28 and 29 ($1.25); Titles 30 and 31 ($1.25); Title 32: Parts 1–399 ($0.60), Parts 400–699 ($0.65), Parts 700–799 ($0.35), Parts 800–1099 ($0.40), Part 1100 to end ($0.35); Title 32A (Rev., 1955) ($1.25); Title 33 ($1.50); Titles 35–37 ($1.00); Title 39 (Rev., 1955) ($4.25); Titles 40–42 ($0.65); Title 43 ($0.50); Title 46: Parts 1–145 ($0.60), Part 146 to end ($1.25); Titles 47 and 48 ($2.25); Title 49: Parts 1–70 ($0.60), Parts 71–90 ($1.00), Parts 91–164 ($0.50), Part 165 to end ($0.65)

PART 877—SUGARCANE; PUERTO RICO

1954–55 AND 1955–56 CROPS

Correction

In Federal Register Document 56-6103, appearing at page 5671 of the issue for Saturday, July 28, 1956, the amending language in the last three lines of the first paragraph should read: "are hereby amended by deleting the first sentence of § 877.7 (a) (2) and of § 877.8 (a) (2) and adding in lieu thereof the following:".

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

PART 940—HANDLING OF PEACHES GROWN IN MESA COUNTY, COLORADO

ORDER AMENDING AMENDED ORDER

Correction

In F. R. Doc. 56-6099, appearing at page 5673 of the issue for Saturday, July 28, 1956, the seventh and eighth lines of § 940.0 (b) should read: "of the current crop of peaches from Mesa County, Colorado, are expected to begin."

PART 978—MILK IN NASHVILLE, TENN., MARKETING AREA

ORDER SUSPENDING CERTAIN PROVISIONS

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), hereinafter referred to as the "act", and of the order, as amended (7 CFR, Part 978), regulating the handling of milk in the Nashville, Tennessee, marketing area, hereinafter referred to as the "order", it is hereby found and determined that:

(a) A public hearing was held in Nashville, Tennessee, July 24, 1956, pursuant to a notice issued July 13, 1956, and published in the FEDERAL REGISTER on July 18, 1956 (21 F. R. 5378). A proposal was made at the hearing that the Class I price differential, which is added to the basic formula price pursuant to § 978.51 (a) should be $1.40 per hundredweight for the month of August 1956.

(b) The provision "during the months of September through February, and plus $1.10 during all other months" of § 978.51 (a) will not tend to effectuate the declared policy of the act for the month of August 1956. This provision, if effective, would result in a pattern of price changes which would be inappropriate, considering existing and prospective conditions in the market, as indicated in the record of said public hearing. If this provision were effective for the month of August 1956, the Class I price differential would be 26 cents less than the differential for the month of July, preceding. The normal seasonal variation of sales of Class I milk by Nashville handlers is characterized by an increase in sales in September and other fall months over August. Supplies of producer milk normally decline in the late summer period, and are at the lowest level in fall months. In recent years, producer deliveries in the month of August have been at about the same level as in September and October. At the same time, the relationship of the supply of producer milk to Class I sales in August has declined. It appears, on the basis of the record of the hearing, that August is properly part of the period in which the seasonally higher Class I price differential should regularly apply. Appropriate seasonally adjusted prices for months after August 1956, may be established through ordinary procedure for amending the order. For August 1956, the time is insufficient for such procedure, and the effectuation of the appropriate price by this suspension order is necessary.

(c) Notice of proposed rule making, public procedure thereon, and 30 days notice of the effective date hereof, are found to be impracticable, unnecessary, and contrary to the public interest for reasons stated under (b) above and in that:

1. The information upon which this action is based did not become available in time sufficient for such compliance;

2. This suspension order has been requested by a producer association which represents more than two-thirds of the producers supplying the market; and

3. This action is necessary to facilitate and maintain the orderly marketing of milk in this market.

It is therefore ordered, That the provision "during the months of September through February, and plus $1.10 during all other months" of § 978.51 (a) be and hereby is suspended during the month of August 1956.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Done at Washington, D. C., this 31st day of July 1956, to be effective as of August 1, 1956.

[SEAL] EARL L. BUTZ,
Assistant Secretary.

[F. R. Doc. 56-6252; Filed, Aug. 2, 1956; 8:50 a.m.]

Chapter XI—Agricultural Conservation Program Service, Department of Agriculture

PART 1104—AGRICULTURAL CONSERVATION; ALASKA

SUBPART—1957

Through the Agricultural Conservation Program, all people share in the cost of protecting the most vital of our natural resources—our farm and ranch lands. This program is one of the many forms of public assistance essential to this protection. Research, education, technical services, and cost-sharing all are designed to help preserve or restore the physical characteristics of our agricultural lands so that a stable agriculture will be assured. The need for achievements beyond those which come just from wise use of the land for crop production is very great. Full utilization of the 1957 Agricultural Conservation Program should be made in every county.

1104.650 Practice 10: Constructing or sealing dams, pits, or ponds for livestock and/or grassland irrigation water.
1104.651 Practice 11: Streambank protection to prevent erosion of farmland.

AUTHORITY: §§ 1104.600 to 1104.651 issued under sec. 4, 49 Stat. 164; 16 U. S. C. 590d. Interpret or apply secs. 7–17, 49 Stat. 1148, as amended, 70 Stat. 233; 16 U. S. C. 590g–590q.

INTRODUCTION

§ 1104.600 *Introduction.* (a) Through the 1957 Agricultural Conservation Program (referred to in this subpart as the "1957 program") administered by the Department of Agriculture, the Federal Government will share with Alaskan farmers the cost of carrying out approved conservation practices in accordance with the provisions of this subpart and such modifications as may be made.

(b) The program contained in this subpart is approved pursuant to the authority vested in the Secretary of Agriculture under sections 7–17 of the Soil Conservation and Domestic Allotment Act, as amended (49 Stat. 1148; 16 U. S. C. 590g–590q), and the Department of Agriculture and Farm Credit Administration Appropriation Act, 1957.

(c) Information about the practices and the exact specifications and rates of cost-sharing may be obtained from the county committees.

(d) The State Committee will allocate the funds available for conservation practices among the counties within Alaska, taking into consideration, to the extent practicable, the conservation needs in the various counties. A total of $42,000 will be available for program purposes, exclusive of the amount set aside for administrative expenses, and the amount required for increases in small Federal cost-shares in § 1104.629.

(e) A person may not receive more than $1,500 in Federal cost-shares under the 1957 program for approved practices not under pooling agreements. He may not receive more than $10,000 for all approved practices, including those under pooling agreements. This includes all farms, ranching units, and turpentine places owned or operated by him in Alaska, the continental United States, Hawaii, Puerto Rico, and the Virgin Islands.

GENERAL PROGRAM PRINCIPLES

§ 1104.601 *General program principles.* The 1957 Agricultural Conservation Program for Alaska has been developed and is to be carried out on the basis of the following general principles:

(a) The program contains broad authorities to help meet the varied soil and water conservation problems. County committees and participating agencies shall design a program for each county. Such programs should include any additional limitations and restrictions necessary for the maximum conservation accomplishment in the area. The programs should be confined to the soil and water conservation practices on which Federal cost-sharing is most needed in order to achieve the maximum conservation benefit in the county.

(b) The county programs should be designed to encourage those soil and water conservation practices which provide the most enduring conservation benefits practicably attainable in 1957 on the lands where they are to be applied.

(c) Costs will be shared with a farmer only on satisfactorily performed soil and water conservation practices for which Federal cost-sharing was requested by the farmer before the conservation work was begun.

(d) Costs should be shared only on soil and water conservation practices which it is believed farmers would not carry out to the needed extent without program assistance. In no event should costs be shared on practices except those which are over and above those farmers would be compelled to perform in order to secure a crop.

(e) The rates of cost-sharing in a county are to be the minimum required to result in substantially increased performance of needed soil and water conservation practices within the limits prescribed in the State program.

(f) The purpose of the program is to help achieve additional conservation on the land. Such of the available funds that cannot be wisely utilized for this purpose will be returned to the public treasury.

(g) If the Federal Government shares the cost of the initial application of soil and water conservation practices which farmers otherwise would not perform but which are essential to sound soil and water conservation, the farmers should assume responsibility for the upkeep and maintenance of those practices through their life span. The county programs shall specify the life span of eligible practices.

COUNTY AGRICULTURAL CONSERVATION PROGRAMS

§ 1104.602 *Developing the county program.* (a) County programs are to be developed in accordance with the provisions of the State program and such modifications thereof as may be made. The county program should include any additional limitations and restrictions necessary for the maximum conservation accomplishment in the area. It should be designed to encourage those conservation practices which provide the most enduring conservation benefits practicably attainable in 1957 on the lands where they are to be applied.

(b) The county committee (including the County Agricultural Extension Agent), together with the local Soil Conservation Service technician, the governing bodies of local Soil Conservation Subdistricts, the Federal Forest Service representative, and the local Farmers Home Administration Supervisor, shall develop recommendations for the county program in each county.

(c) The county committee, the local Soil Conservation Service technician, and the Forest Service representative will then draw up the county program, keeping in mind the overall conservation problems in the county and the work plans of the Soil Conservation Subdistricts and other agencies.

§ 1104.603 *Selection of practices.* Practices to be included in the county program shall be only those practices set forth in this subpart for which cost-sharing is essential to permit the desired volume of needed conservation work. Costs should be shared only on practices which it is believed farmers would not carry out to the needed extent without program assistance. Generally, practices that have become a part of regular farming operations in a particular county should not be eligible for cost-sharing.

§ 1104.604 *Adaptation of practices.* The practices in the county program must meet all conditions and requirements of the State program. Additional conditions and requirements may be included where necessary for effective use in meeting the conservation problems in the county. The rates of cost-sharing in a county are to be the minimum required to result in substantially increased performance of needed practices within the limits prescribed in the State program. The rates of cost-sharing for practices included in the county program may be lower than the rates of cost-sharing in this subpart.

§ 1104.605 *County program approval.* The county committee, the Soil Conservation Service technician, and the Forest Service representative will recommend their county program for approval to the State Committee, the Soil Conservation Service State Conservationist, and the Regional Forester of the United States Forest Service. When this program is approved, it becomes the 1957 program for the county.

§ 1104.606 *Responsibility for technical phases of practices.* (a) The Soil Conservation Service is responsible for the technical phases of practices 1, 2, 3, 5, 6, 9, 10, and 11 (§§ 1104.641 to 1104.643, 1104.645, 1104.646, and 1104.649 to 1104.651). This responsibility shall include (1) a finding that the practices are needed and practicable on the farm, (2) necessary site selection, other preliminary work, and layout work of the practice, (3) necessary supervision of the installation, and (4) certification of performance. In addition, upon agreement of the State Committee and the Soil Conservation Service State Conservationist, responsibility for all or part of the technical phases of other practices may be assigned to the Soil Conservation Service for any or all counties. The Soil Conservation Service may utilize assistance from private, State, or Federal agencies in carrying out these assigned responsibilities.

(b) The Forest Service is responsible for the technical phases of practice 8 (§ 1104.648). This responsibility shall include (1) providing necessary specialized technical assistance, (2) development of specifications for the practice, and (3) working through State and county committees, determining performance in meeting these specifications. The Forest Service may utilize assistance from private, State, or Federal agencies in carrying out these assigned responsibilities.

SPECIAL PROVISIONS

§ 1104.607 *Pooling agreements.* Farmers in any local area may agree in writing, with the approval of the county committee, to work together to perform practices which, by conserving or improving the agricultural resources of the community, will solve a mutual conservation problem on the farms of the participants. For purposes of eligibility for cost-sharing, practices carried out under such an approved written agreement will be regarded as having been carried out on the farms of the persons who performed the practices. Additional information about pooling agreements is available in Instruction ACP–5 (Alaska).

§ 1104.608 *Purchase orders*—(a) *Availability.* Part or all of the Federal cost-share for an approved practice may be in the form of a purchase order for materials or services to be furnished through the program for use in carrying out the practice. Materials or services may not be furnished to persons who are indebted to the Federal Government, as indicated by the register of indebtedness maintained in the office of the county committee, except in those cases where the agency to which the debt is owed waives its rights to setoff in order to permit the furnishing of materials or services. Title to any material furnished through the program shall vest in the Federal Government until the material is applied or planted, or all charges for the material are satisfied.

(b) *Cost to farmer.* The farmer will pay that part of the cost of the material or service which is in excess of the Federal cost-share attributable to the use of the material or service, except that for practice 5 (§ 1104.645) the county committee may advance to the farmer the total cost-shares he will earn at the time the heavy clearing is accomplished. However, the farmer must complete the practice by breaking the land to earn the payment. If the farmer fails to complete the practice, the money advanced becomes a debt to the Government.

(c) *Discharge of responsibility for materials and services.* The person to whom a material or service is furnished by purchase order under the 1957 program will be relieved of responsibility for the material or service when the county committee determines that (1) the material or service was used for the purpose for which it was furnished, and (2) the practice is completed so that it is eligible for payment. If a person uses any material or service for any purpose other than that for which it was furnished, he shall be indebted to the Federal Government for that part of the cost borne by the Federal Government and shall pay such amount to the Treasurer of the United States direct or by withholdings from Federal cost-shares otherwise due him under the program. Any person to whom materials are furnished shall be responsible for any damage to the materials, unless he shows that the damage was caused by circumstances beyond his control. If materials are abandoned or not used during the program year, they may be transferred to another person or otherwise disposed of at the expense of the person who abandoned or failed to use the material, or be retained by the person for use in a subsequent program year.

APPLICATIONS AND APPROVALS

§ 1104.611 *Eligibility.* (a) The program is applicable to (1) privately owned lands; (2) lands owned by Alaska or a political subdivision or agency thereof; (3) lands owned by corporations which are partly owned by the United States; (4) lands temporarily owned by the United States or a corporation wholly owned by it which were not acquired or reserved for conservation purposes, including lands administered by the Farmers Home Administration; (5) any cropland farmed by private persons which is owned by the United States or a corporation wholly owned by it; and (6) noncropland owned by the United States for performance by private persons of conservation practices which directly conserve or benefit nearby or adjoining privately owned lands of such persons. These persons must maintain and use such federally owned noncropland under agreement with the Federal agency having jurisdiction thereof.

(b) The program is not applicable to (1) any department or bureau of the United States Government or any corporation wholly owned by the United States; (2) noncropland owned by the United States which was acquired or reserved for conservation purposes, or which is to be retained permanently under Government ownership, including, but not limited to (i) grazing lands administered by the Forest Service of the United States Department of Agriculture, (ii) grazing lands administered by the Bureau of Land Management of the United States Department of the Interior, and (iii) lands administered by the Fish and Wildlife Service of the United States Department of the Interior, except as indicated in paragraph (a). (6) of this section; and (3) nonprivate persons for performance on any land owned by the United States or a corporation wholly owned by it.

§ 1104.612 *Application.* Each farm operator shall be given an opportunity to request Federal cost-sharing for those practices on which he considers he needs such assistance to perform them in adequate volume on his farm. Individual farmers should be encouraged to utilize cost-sharing for only those practices which have not become a part of regular farming operations on their farm. Costs will be shared only for those practices, or components of practices, for which cost-sharing is requested before performance is started. A request for cost-sharing under the 1956 program may be regarded as meeting this requirement of the 1957 program if (a) approval was given under the 1956 program, (b) performance was started but not completed during the 1956 program year, and (c) the county committee believes the extension of the approval to the 1957 program is justified under the 1957 program regulations and provisions.

§ 1104.613 *Approvals.* Each request for cost-sharing will be considered by the county committee in the light of (a) the program principles in § 1104.601, (b) the conservation problems in the county, (c) the conservation work considered most needed in 1957 by the county committee, (d) the conservation problem of the individual farm, (e) any conservation plan developed by the farmer and any State or Federal agency, and (f) the county allocation of program funds. The county committee will issue notices of approval showing, for each practice, the units approved and the cost-share for performing those units. Notices of practices approved should be issued before the farmer begins the practice.

§ 1104.614 *Limitations of the program*—(a) *Initial establishment or installation of practices.* Cost-sharing may be authorized under the 1957 program only for the initial establishment or installation of the practices contained in this subpart. The initial establishment or installation of a practice, for the purposes of the 1957 program, shall be deemed to include the replacement, enlargement, or restoration of practices for which cost-sharing was allowed under a previous program, if all of the following conditions exist:

(1) Replacement, enlargement, or restoration of the practice is needed to meet the conservation problem.

(2) The failure of the original practice was not due to the lack of proper maintenance by the current operator.

(3) The county committee believes the replacement, enlargement, or restoration of the practice merits consideration under the program to an equal extent with similar practices for which cost-sharing for initial establishment is requested.

(b) *Repair, upkeep, and maintenance of practices.* Federal cost-sharing is not authorized for repairs or for normal upkeep or maintenance of any practice.

PRACTICE COMPLETION REQUIREMENTS

§ 1104.617 *Completion of practices.* The farmer must complete each practice in accordance with all applicable specifications and program provisions to earn payment. Purchase orders represent an advance to the farmer before he completes the practice, but he must complete the practice to earn the money advanced. Except as provided in §§ 1104.618, 1104.619, and 1104.620, the farmer must complete the practice during the program year in order to be eligible for a payment.

§ 1104.618 *Practices substantially completed during the program year.* Approved practices may be deemed, for purposes of payment of cost-shares, to have been carried out during the 1957 program year if the county committee determines that they are substantially completed by the end of the program year. However, no cost-shares for such practices shall be paid until they have been completed in accordance with all applicable specifications and program provisions.

§ 1104.619 *Practices requiring more than one program year for completion.* (a) Cost-sharing may be approved under the 1957 program for a component of a practice completed during the program year in accordance with all applicable specifications and program provisions, provided:

(1) The farmer agrees in writing to complete all remaining components of the practice in accordance with all applicable specifications and program provisions within the time prescribed by the county committee, if cost-sharing is offered to him therefor under a subsequent program; and

(2) The county committee determines that under the circumstances prevailing on the farm in 1957, completion of that component is a reasonable attainment in 1957 toward the ultimate completion of all components of the practice.

(b) Any advance cost-share so paid shall be refunded if the remaining components of the practice are not completed in accordance with all specifications and program provisions within the time prescribed by the county committee, provided the farmer is offered cost-sharing under a subsequent program for completing such components. The extension of the period for completion of the remaining components of the practice will not constitute a commitment to approve cost-sharing therefor under a subsequent program. Approval of cost-sharing for other practices under subsequent programs may be denied until the remaining components are completed.

§ 1104.620 *Practices involving the establishment or improvement of vegetative cover.* Costs for practice 2 (§ 1104.642) and practice 4 (§ 1104.644) may be shared even though a good stand is not established, if the county committee determines, in accordance with standards approved by the State Committee, that the practice was carried out in a manner which would normally result in the establishment of a good stand, and that failure to establish a good stand was due to weather or other conditions beyond the control of the farm operator. The county committee may require as a condition of cost-sharing in such cases that the area be reseeded or that other needed protective measures be carried out. Cost-sharing in such cases may be approved also for repeat applications of measures previously carried out or for additional eligible measures. Cost-sharing for such measures shall be approved to the extent such measures are needed to assure a good stand even though less than that required by the applicable practice wording for initial approvals.

PAYMENTS

§ 1104.623 *Availability of funds.* (a) The provisions of the 1957 program are necessarily subject to such legislation as the Congress of the United States may hereafter enact. Paying of the Federal cost-shares provided in this subpart is contingent upon such appropriation as the Congress may hereafter provide for such purpose. The amounts of such Federal cost-shares will necessarily be within the limits finally determined by such appropriation.

(b) The funds provided for the 1957 program will not be available for paying Federal cost-shares for which applications are filed in the county office after December 31, 1958.

§ 1104.624 *Eligibility for payment.* Any person who, as landlord, tenant, or sharecropper on a farm, bore a part of the cost of an approved conservation practice is eligible to file an application for payment of the Federal cost-share due him.

§ 1104.625 *Death, incompetency, or disappearance.* In case of death, incompetency, or disappearance of any person, any Federal share of the cost due him shall be paid to his successor, determined in accordance with the provisions of the regulations in ACP–122, as amended (Part 1108 of this chapter).

§ 1104.626 *Division of payments.* Cost-shares attributable to the use of conservation materials and services shall be credited to the person to whom the materials or services are furnished. Cost-shares shall be credited to the person who carried out the practices by which they were earned. If more than one person contributed, the cost-share shall be divided among such persons in the proportion that the county committee determines they contributed to carrying out the practices. In making this determination, the county committee shall take into consideration the value of the labor, equipment, or material contributed by each person toward carrying out the practice and shall assume that each contributed equally unless it is established to their satisfaction that the contributions were not in equal proportion. Furnishing land or the right to use water is not a contribution to carrying out any practice.

§ 1104.627 *Filing applications for payment.* (a) Each person participating in the program is responsible for submitting the forms and information needed to establish the extent of performance of approved practices and compliance with applicable program provisions.

(b) The county committee will establish time limits for submission of performance reports and allied information for efficient administration of the program. The county committee will notify each farmer, in his notice of approval, of the time by which he must report performance. Exceptions to time limits may be made in cases where failure to submit the required forms and information within the applicable time limit is due to reasons beyond the control of the farmer.

(c) Payment of Federal cost-shares will be made only upon application submitted on Form ACP–245 by December 31, 1958, or such earlier date as may be prescribed. Any application may be rejected if any form or information required of the applicant is not submitted to the county office within the applicable time limit.

§ 1104.628 *Appeals.* Any person may request the county committee to reconsider its recommendation or determination in any matter affecting the right to or amount of his Federal cost-shares. This appeal must be in writing and must be made within 15 days after the notice of the action he wishes to appeal is forwarded to or made available to him. The county committee shall notify him of its decision in writing within 15 days after receipt of the written request for reconsideration. If the person is dissatisfied with the decision of the county committee, he may appeal to the State Committee. Again, the appeal must be in writing and within 15 days after the decision is forwarded to or made available to him. The State Committee shall notify him of its decision in writing within 30 days after the submission of the appeal. Written notice of any decision rendered under this section by the county or State committee shall also be issued to each other landlord, tenant, or sharecropper on the farm who may be adversely affected by the decision. If he is dissatisfied with the decision of the State Committee, he may request the Administrator, ACPS, to review the decision of the State Committee. Again, he must make this request in writing within 15 days after the State Committee decision is forwarded to or made available to him.

§ 1104.629 *Increase in small Federal cost-shares.* The Federal cost-share computed for any person with respect to any farm shall be increased as follows: *Provided, however,* That in the event legislation is enacted which repeals or amends the authority for making such increases, the Secretary may, in such manner and at such time as is consistent with such legislation, discontinue such increases:

(a) Any Federal cost-share amounting to $0.71 or less shall be increased to $1.00.

(b) Any Federal cost-share amounting to more than $0.71, but less than $1.00, shall be increased by 40 percent.

(c) Any Federal cost-share amounting to $1.00 or more shall be increased in accordance with the following schedule:

Amount of cost-share computed	*Increase in cost-share*
$1.00 to $1.99	$0.40
$2.00 to $2.99	.80
$3.00 to $3.99	1.20
$4.00 to $4.99	1.60
$5.00 to $5.99	2.00
$6.00 to $6.99	2.40
$7.00 to $7.99	2.80
$8.00 to $8.99	3.20
$9.00 to $9.99	3.60
$10.00 to $10.99	4.00
$11.00 to $11.99	4.40
$12.00 to $12.99	4.80
$13.00 to $13.99	5.20
$14.00 to $14.99	5.60
$15.00 to $15.99	6.00
$16.00 to $16.99	6.40
$17.00 to $17.99	6.80
$18.00 to $18.99	7.20
$19.00 to $19.99	7.60
$20.00 to $20.99	8.00
$21.00 to $21.99	8.20
$22.00 to $22.99	8.40
$23.00 to $23.99	8.60
$24.00 to $24.99	8.80
$25.00 to $25.99	9.00
$26.00 to $26.99	9.20
$27.00 to $27.99	9.40
$28.00 to $28.99	9.60
$29.00 to $29.99	9.80
$30.00 to $30.99	10.00
$31.00 to $31.99	10.20
$32.00 to $32.99	10.40
$33.00 to $33.99	10.60
$34.00 to $34.99	10.80
$35.00 to $35.99	11.00
$36.00 to $36.99	11.20
$37.00 to $37.99	11.40
$38.00 to $38.99	11.60
$39.00 to $39.99	11.80
$40.00 to $40.99	12.00
$41.00 to $41.99	12.10
$42.00 to $42.99	12.20
$43.00 to $43.99	12.30
$44.00 to $44.99	12.40
$45.00 to $45.99	12.50
$46.00 to $46.99	12.60
$47.00 to $47.99	12.70
$48.00 to $48.99	12.80
$49.00 to $49.99	12.90
$50.00 to $50.99	13.00
$51.00 to $51.99	13.10
$52.00 to $52.99	13.20
$53.00 to $53.99	13.30
$54.00 to $54.99	13.40
$55.00 to $55.99	13.50
$56.00 to $56.99	13.60
$57.00 to $57.99	13.70
$58.00 to $58.99	13.80
$59.00 to $59.99	13.90
$60.00 to $185.99	14.00
$186.00 to $199.99	(1)
$200.00 and over	(2)

[1] Increase to $200.00.
[2] No increase.

§ 1104.630 *Practices carried out with State or Federal aid.* The total extent of any practice performed shall be reduced for the purpose of computing cost-shares by the percentage of the total cost of the items of performance on which costs are shared which the county committee determines was furnished by a State or Federal agency. Materials or services furnished through the program, materials or services furnished by any agency of a State to another agency of the same State, or materials or services furnished or used by a State or Federal agency for the performance of practices on its land shall not be regarded as State or Federal aid for the purposes of this section.

GENERAL PROVISIONS RELATING TO PAYMENTS

§ 1104.631 *Compliance with regulatory measures.* Persons who carry out conservation practices under the 1957 program shall be responsible for obtaining the authorities, rights, easements, or other approvals necessary to the performance and maintenance of the practices in keeping with applicable laws and regulations. The person with whom the cost of the practice is shared shall be responsible to the Federal Government for any losses it may sustain because he infringes on the rights of others or fails to comply with applicable laws and regulations.

§ 1104.632 *Maintenance of practices.* The sharing of costs, by the Federal Government, for the performance of approved conservation practices on any farm under the 1957 program will be subject to the condition that the person with whom the costs are shared will maintain such practices throughout their normal life span in accordance with good farming practices as long as the land on which they are carried out is under his control.

§ 1104.633 *Forbidden actions on practices*—(a) *Practices defeating purposes of programs.* If the county committee finds, with the concurernce of the State Committee, that any person has adopted or participated in any practice which tends to defeat the purposes of the 1957 or any previous program, including, but not limited to, failure to maintain, in accordance with good farming practices, practices carried out under a previous program, it may withhold, or require to be refunded, all or any part of the Federal cost-share which otherwise would be due him under the 1957 program.

(b) *Depriving others of Federal cost-share.* If the State Committee finds that any person has employed any scheme or device (including coercion, fraud, or misrepresentation), the effect of which would be or has been to deprive any other person of the Federal cost-share due that person under the program, it may withhold, in whole or in part, from the person participating in or employing such a scheme or device, or require him to refund in whole or in part, the Federal cost-share which otherwise would be due him under the 1957 program.

(c) *Filing of false claims.* If the State Committee finds that any person has knowingly filed claim for payment of the Federal cost-share under the program for practices not carried out, or for practices carried out in such a manner that they do not meet the required specifications therefor, such person shall not be eligible for any Federal cost-share under the 1957 program and shall refund all amounts that may have been paid to him under the 1957 program. The withholding or refunding of Federal cost-shares will be in addition to and not in substitution of any other penalty or liability which might otherwise be imposed.

(d) *Misuse of purchase orders.* If the State Committee finds that any person has knowingly used a purchase order issued to him for conservation materials or services for a purpose other than that for which it was issued, and that such misuse of the purchase order tends to defeat the purpose for which it was issued, such person shall not be eligible for any Federal cost-share under the 1957 program and shall refund all amounts that may have been paid to him under the 1957 program. The withholding or refunding of Federal cost-shares will be in addition to and not in substitution of any other penalty or liability which might otherwise be imposed.

(e) *Evasion of maximum cost-share limitation.* All or any part of any Federal cost-share which otherwise would be due any person under the 1957 program may be withheld, or required to be refunded, if he has adopted, or participated in adopting, any scheme or device, including the dissolution, reorganization, revival, formation, or use of any corporation, partnership, estate, trust, or any other means, designed to evade, or which has the effect of evading, the provisions of § 1104.600 (e).

§ 1104.634 *Federal cost-shares not subject to claims.* Any Federal cost-share, or portion thereof, due any person shall be determined and allowed (a) without regard to questions of title under State law; (b) without deduction of claims for advances (except as provided in § 1104.635, and except for indebtedness to the United States subject to set-off under orders issued by the Secretary (Part 1109 of this chapter)); and (c) without regard to any claim or lien against any crop, or proceeds thereof, in favor of the owner or any other creditor.

§ 1104.635 *Assignments.* Any person who may be entitled to any Federal cost-share under the 1957 program may assign his right thereto, in whole or in part, as security for cash loaned or advances made for the purpose of financing the making of a crop in 1957, including the carrying out of soil and water conservation practices. No assignment will be recognized unless it is made in writing on Form ACP–69 and in accordance with the regulations issued by the Secretary (Part 1110 of this chapter).

DEFINITIONS

§ 1104.638 *Definitions.* For the purposes of the 1957 program:

(a) "Secretary" means the Secretary of Agriculture of the United States or any officer or employee of the Department to whom authority has been delegated, or to whom authority may hereafter be delegated, to act in his stead.

(b) "Administrator, ACPS," means the Administrator of the Agricultural Conservation Program Service.

(c) "State" means Alaska.

(d) "State Committee" means the persons designated by the Secretary as the Agricultural Stabilization and Conservation State Committee.

(e) "County" refers to any of the three areas designated as "counties" by the State Committee. Fairbanks County is the Second and Fourth Judicial Districts. Homer County is the Kenai Peninsula and Kodiak Island. Palmer County is the First and Third Judicial Districts exclusive of Homer County.

(f) "County committee" means the persons elected within a county as the county committee pursuant to regula-

tions governing the selection and functions of Agricultural Stabilization and Conservation county committees.

(g) "Person" means an individual, partnership, association, corporation, estate, or trust, or other business enterprise, or other legal entity (and, wherever applicable, a State, a political subdivision of a State, or any agency thereof) that, as landlord, tenant, or sharecropper, participates in the operation of a farm.

(h) "Farm" means all adjacent or nearby farm or range land under the same ownership which is operated by one person, including also (1) any other adjacent or nearby farm or range land which the county committee, in accordance with instructions issued by the Administrator, ACPS, determines is operated by the same person as part of the same unit in producing range livestock or with respect to the rotation of crops, and with work stock, machinery, and labor substantially separate from that for any other land; and (2) any field-rented tract (whether operated by the same or another person) which, together with any other land included in the farm, constitutes a unit with respect to the rotation of crops. A farm shall be regarded as located in the county in which the principal dwelling is situated or, if there is no dwelling thereon, it shall be regarded as located in the county in which the major portion of the farm is located.

(i) "Cropland" means farmland which in 1956 was tilled or was in regular crop rotation, including also land which was established in permanent vegetative cover, other than trees, since 1953 and which was classified as cropland at the time of seeding, but excluding (1) bearing orchards and vineyards (except the acreage of cropland therein), (2) plowable noncrop open pasture, and (3) any land which constitutes, or will constitute if tillage is continued, an erosion hazard to the community.

(j) "Program year" means the period September 1, 1956, through December 31, 1957.

CONSERVATION PRACTICES AND MAXIMUM RATES OF COST-SHARING

§ 1104.641 *Practice 1: Diversion ditches to divert excess water to protected outlets*—(a) *Purpose.* These ditches are for the purpose of removing excess water from snow melting in the spring, or from seeps, springs, or other ground water, to protect cropland or potential cropland below.

(b) *Requirements.* In all cases the ditches must be staked by a qualified technician. Capacities will depend on the area draining to each ditch. Diversion ditches must be provided with a proper outlet such as a sodded waterway (see practice 2 (§ 1104.642)).

(c) *Additional recommendations.* They should be constructed on a grade ranging from 0 at the upper end to not in excess of 1 percent at the lower end. Grades should be either uniform or gradually increasing from the upper end. Side slopes normally should not be steeper than 1 foot vertical to 3 feet horizontal.

Maximum Federal cost-share. 50 percent of the cost.

§ 1104.642 *Practice 2: Establishing permanent sod waterways to dispose of excess water without causing erosion*—(a) *Purpose.* Sod waterways are essential to adequate water disposal on steep land. The waterway may be either an excavated ditch or a natural drainageway. In either case more than natural runoff is carried in the outlet channel; therefore, protection is needed to avoid the formation of gullies.

(b) *Requirements.* In all cases the outlet channels will be selected by a qualified technician. New channels must be staked and constructed according to lines and grades. Sod must be established. They must be seeded long enough in advance to develop a protective cover in the channel before water is diverted into them. Seedings in established permanent sod waterways shall be at a rate of at least 15 pounds per acre and will contain not less than 50 percent of adapted sod-forming perennial grasses with the balance in other grasses. The seeding must be properly fertilized. The minimum application of commercial fertilizer on which cost-sharing is authorized shall, in each case, be determined on the basis of a current soil test or experiment station recommendations.

(c) *Additional recommendations.* A cereal nurse crop in conjunction with grass seeding should be used where desirable. Sod stripping may be used.

Maximum Federal cost-share. (1) 50 percent of the cost of earth moving; and

(2) 50 percent of the cost of grass seed, or sodding, and the minimum required application of commercial fertilizer.

§ 1104.643 *Practice 3: Constructing permanent open drainage systems to dispose of excess water*—(a) *Purpose.* Drainage systems are one or more drainage ditches for the purpose of removing excess water from agricultural land.

(b) *Requirements.* In all cases the system must be staked by a qualified technician. Cost-sharing is limited to construction or enlargement of permanent ditches and the structural work necessary to the proper functioning of the ditches. No cost-sharing will be allowed for cleaning or maintaining a ditch or for structures installed for crossings or the convenience of the operator. Due consideration shall be given to the maintenance of wildlife habitat.

(c) *Additional recommendations.* Cost-sharing may be authorized for clearing the necessary minimum width right-of-way and, where necessary for the effective operation of the drainage system, for the spreading of spoil banks. Ditching with dynamite is a satisfactory method in very wet areas.

Maximum Federal cost-share. (1) 50 percent of the cost of necessary land clearing.

(2) 50 percent of the cost of earth moving.

(3) 50 percent of the cost of materials used in the permanent structure, excluding forms.

§ 1104.644 *Practice 4: Initial establishment or improvement of permanent grass or grass-legume cover for soil or watershed protection*—(a) *Purpose.* Costs will be shared for the initial establishment or the initial improvement of a protective vegetative cover by seeding adapted varieties of perennial grasses and legumes on areas, including steep slopes, which will remain in such cover.

(b) *Requirements.* The seed must be adapted to local conditions and must be properly distributed over the area sown. A sufficient amount must be used to insure a good stand at maturity. Seeding on steep slopes must be at a rate of one and one-half times that for normal land conditions. Each county committee will establish seeding rates, mixtures, and varieties in line with experiment station recommendations for that area. Adequate fertilizer must be applied. The minimum application of commercial fertilizer on which cost-sharing is authorized shall, in each case, be determined on the basis of a current soil test or experiment station recommendations.

(c) *Additional recommendations.* The county committee may approve this practice as a "package practice" in that they can approve seeding and fertilizing the first year and will later approve a spring application of fertilizer early in the second year to insure establishment of a good turf. The requirements of § 1104.619 must be met. Farmers are urged to control weeds to obtain successful seedings.

Maximum Federal cost-share. 50 percent of the cost of seed and the minimum required application of commercial fertilizer.

§ 1104.645 *Practice 5: Clearing land to permit land-use adjustments needed in establishing soil conserving cropping systems*—(a) *Purpose.* The conservation value of this practice is in getting sufficient cleared land on the farm so that good land management practices can be carried out on all parts of the farm. Preparing land for cultivation involves several distinctly different types of operations. "Clearing" includes those operations which require the use of special equipment not normally required in farming operations for crop and livestock production. "Breaking" includes burning, removing roots, and preparing land for tillage.

(b) *Requirements.* To be eligible for land clearing, the farmer must own or be buying the farm, lease or rent the farm, or be homesteading. If he is homesteading, he must have completed the homestead cultivation requirements except in Homer County. In all cases the land to be cleared must be approved by a qualified technician. Clearing areas which will result in increased erosion will not qualify for cost-sharing. Methods of clearing which result in destruction of needed organic material disqualify the clearing for cost-sharing. Removal of mineral soil will be considered evidence of excessive removal of organic material. Needed conservation practices must be applied to land cleared under previous programs in order to qualify an applicant for cost-sharing for additional land clearing under this program.

(c) *Additional recommendations.* A farmer may spread the clearing and breaking operations over a period of years to take advantage of methods of progressively clearing, grubbing, and burning, if he complies with the requirements of § 1104.619. If both clearing and breaking will be accomplished during one program year, the Government will advance the full 50 percent up to $40.00 per acre at the time the bulldozing or other heavy clearing operation is completed. The farmer actually earns this payment when he also completes the breaking operation and the land is ready for tillage.

Maximum Federal cost-share. (1) 50 percent of the cost, but not in excess of $40.00 per acre, when all operations—clearing and breaking—are accomplished during one program year; or

(2) 50 percent of the cost of each completed operation, but not in excess of $40.00 per acre for all operations, when the clearing and breaking are not all accomplished within one program year but spread over a period of years.

§ 1104.646 *Practice 6: Installation of facilities for sprinkler irrigation to provide vegetative cover for soil protection on rolling land*—(a) *Purpose.* This practice is applicable where primary use is for permanent pasture on long slopes, steep slopes, or rolling land.

(b) *Requirements.* The installation must be in accordance with written plans approved by the Soil Conservation Service technician and the county committee. The power unit must be of capacity adequate to supply uniform distribution. Nozzle openings shall be of a size to hold application rate within intake capacity of soils to be irrigated.

(c) *Additional recommendations.* None.

Maximum Federal cost-share. (1) 50 percent of the average cost in the county of permanently installed pipe and fittings.

(2) 50 percent of the average cost in the county of portable pipe and fittings.

§ 1104.647 *Practice 7: Constructing or deepening wells for livestock water*—(a) *Purpose.* This practice is to help provide soil protection through the adoption or maintenance of livestock farming systems and increased acreages of permanent vegetative cover.

(b) *Requirements.* To be eligible for a livestock well, the farmer must own or be buying the farm, lease or rent the farm, or be homesteading. If he is homesteading, he must have completed the homestead cultivation requirements. The farmer must show that the well is necessary for establishing or maintaining livestock on the farm. Standards and requirements shall be established by the county committee. Even though the well may be constructed at the headquarters to prevent freezing during the winter months, it is not to be used primarily for household utility. The well and pumping equipment must be large enough to provide the minimum amount of water for the particular livestock enterprise. Adequate storage facilities must be provided and pumping equipment installed except for artesian wells.

(c) *Additional recommendations.* None.

Maximum Federal cost-share. 50 percent of the cost of drilling or deepening the well, and casing, including installation of the casing.

§ 1104.648 *Practice 8: Planting or interplanting forest trees or shrubs or improvement of a stand of forest trees for erosion control, shelterbelt, watershed protection, or forestry purposes*—(a) *Purpose.* This practice includes (1) thinning, (2) pruning crop trees, (3) removing or killing competing or undesirable vegetation, and (4) planting or interplanting desirable trees or shrubs.

(b) *Requirements.* Technical assistance shall be utilized as available. The area must be protected from fire. Seedlings must be protected from grazing and should be protected from browsing.

(c) *Additional recommendations.* None.

Maximum Federal cost-share. 50 percent of the cost, including land preparation.

§ 1104.649 *Practice 9: Developing springs or seeps for livestock water to encourage better grassland management*—(a) *Purpose.* This practice is to encourage better grassland management through providing water supplies for livestock.

(b) *Requirements.* Site selection must be approved by a qualified technician and plans must be approved by the Soil Conservation Service. The spring or developed seep must be protected from livestock. Cutoff walls must be of impervious material. Water developed must be piped to a suitable utilization or storage structure. Appreciable use of this water for other than livestock shall be considered as defeating the purpose of this practice.

(c) *Additional recommendations.* None.

Maximum Federal cost-share. (1) 50 percent of the cost of excavating earth, rock, and gravel.

(2) 50 percent of the cost of materials used in the permanent structure, excluding forms.

§ 1104.650 *Practice 10: Constructing or sealing dams, pits, or ponds for livestock and/or grassland irrigation water*—(a) *Purpose.* These dams, pits, or ponds are to store water to encourage better grassland management by (1) providing water for livestock, and/or (2) providing water for grassland irrigation (see practice 6 (§ 1104.646)).

(b) *Requirements.* Design and construction must conform to Soil Conservation Service specifications and be supervised by a qualified technician. Earth fills must be thoroughly compacted and core walls extend to semi-impervious material. Downstream slopes shall be not less than 3 feet horizontal to 1 foot vertical. Upstream slopes shall not be less than 4 feet horizontal to 1 foot vertical. Necessary fencing and seeding or sodding to protect the dam and pond must be accomplished. Dams shall have a spillway capacity adequate to carry off surplus water. The spillway must be designed by a qualified engineer. If used for livestock water, a suitable water trough must be installed with pipe from pond to trough. Appreciable use of this water source for other than livestock or grassland irrigation shall be considered as defeating the purpose of this practice.

(c) *Additional recommendations.* None.

Maximum Federal cost-share. (1) 50 percent of the cost of earth moving.

(2) 50 percent of the cost of materials in the permanent structure, excluding forms.

§ 1104.651 *Practice 11: Streambank protection to prevent erosion of farmland*—(a) *Purpose.* This practice is to control streambank erosion to protect farmland.

(b) *Requirements.* Plans for each installation must be designed by a qualified technician and approved by the Soil Conservation Service and county committee. The Soil Conservation Service is responsible for laying out and supervising the installation. This practice shall not be approved in cases where there is a likelihood that it will create an erosion or flood hazard to other adjacent land.

(c) *Additional recommendations.* None.

Maximum Federal cost-share. 25 percent of the cost.

Done at Washington, D. C., this 31st day of July 1956.

[SEAL] TRUE D. MORSE,
Acting Secretary.

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 207]

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

PROCEDURE ALTERATIONS

The standard instrument approach procedure alterations appearing hereinafter are adopted to become effective when indicated in order to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 609 is amended as follows:

NOTE: Where the general classification (LFR, VAR, ADF, ILS, GCA, or VOR), location, and procedure number (if any) of any procedure in the amendments which follow, are identical with an existing procedure, that procedure is to be substituted for the existing one, as of the effective date given, to the extent that it differs from the existing procedure; where a procedure is canceled, the existing procedure is revoked; new procedures are to be placed in appropriate alphabetical sequence within the section amended.

1. The automatic direction finding procedures prescribed in § 609.8 are amended to read in part:

ADF STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, and courses are magnetic. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation.

If an ADF instrument approach is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of Civil Aeronautics. Initial approaches shall be made over specified routes. Minimum altitude(s) shall correspond with those established for en route operation in the particular area or as set forth below.

City and State; airport name, elevation; facility; class and identification; procedure No.; effective date	Initial approach to facility from—	Course and distance	Minimum altitude (ft.)	Procedure turn (—) side of final approach course (outbound and inbound); altitudes; limiting distances	Minimum altitude over facility on final approach course (ft.)	Course and distance, facility to airport	Ceiling and visibility minimums				If visual contact not established at authorized landing minimums after passing facility within distance specified, or if landing not accomplished
							Condition	2 engines or less		More than 2 engines (more than 65 knots)	
								65 knots or less	More than 65 knots		
1	2	3	4	5	6	7	8	9	10	11	12
BELLINGHAM, WASH. Bellingham, 153'. MH-BGH. Procedure No. 1. Amendment, original. Effective date: September 1, 1956. TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 6163]

PART 13—DIGEST OF CEASE AND DESIST ORDERS

ROGERS-UNITED CORP. ET AL.

Subpart—*Advertising falsely or misleadingly:* § 13.15 *Business status, advantages, or connections: NATURE;* [1] § 13.130 *Manufacture or preparation; United Corp. et al., New York, N. Y., Docket 6163, July 18, 1956]*

In the Matter of Rogers-United Corp., a Corporation, and Richard M. Edelman, Individually

This proceeding was heard by a hearing examiner on the complaint of the Commission, charging a corporation and its controlling officer in New York City, engaged in conducting a "Family Puzzle Contest" and for the purpose of causing participants to remit for the entire set of puzzles—in connection with which some 140,000, were induced to transmit the total entry fee of $11.25 which aggregated some $1,475,000, exclusive of sums contributed by non-persisting contestants—with representing falsely that they were distributors of watches and that their puzzle contest was part of a nationwide program to advertise "Cressine" watches; that said "Cressine" watches to be distributed in the contest were dependable, distinctive, fine, precision made, made to give years of service, shock resistant, and dustproof; and that the watches would be distributed to participants immediately upon submission of all the puzzles and required fees; when in fact there was no "Cressine" watch in existence at the time they started their puzzle contest and they were not distributors of any watches; distribution of watches was part of the contest program and intended to secure additional entries; the watches which they contracted to purchase for distribution to participants were of a cheap type and possessed none of the desirable qualities as above claimed; and respondents had not awarded any of the watches to participants although a large number had submitted all of the puzzles and fees.

Following hearings in due course during which respondents' motions to dismiss were denied, the hearing examiner made his initial decision, including findings of fact,[2] conclusions,[2] and order to cease and desist which, by order of July 18, became the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That the respondent Rogers-United Corp., a corporation, and its officers, and respondent Richard M. Edelman, individually, and respondents' agents, representatives, and employees, directly or through any corporate or other device, in connection with the operation of a puzzle contest and the offering of watches or other merchandise in connection therewith in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from representing, directly or by implication:

1. That either respondent is engaged in any business other than operating a puzzle contest unless such is the fact;

2. That the puzzle contest is part of a nation-wide program to advertise watches or other merchandise or that the purpose of the contest is to introduce "Cressine" watches or any other merchandise;

3. That the quality of the merchandise offered is superior to what it is in fact;

4. That Cressine watches are:

(a) Dependable,

(b) Distinctive,

(c) Precision made,

(d) Fine watches made to give years of service,

(e) Dust proof;

5. That merchandise will be distributed to the participants immediately after submission of all the puzzles and required fees unless such is the fact.

By "Decision of the Commission," report of compliance was required as follows:

It is ordered, That the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: July 18, 1956.

By the Commission.

PART 13—DIGEST OF CEASE AND DESIST ORDERS

DURLACHER AND CO., INC., ET AL.

Subpart—*Furnishing false guaranties:* [1] § 13.1053 *Furnishing false guaranties:* [1] Flammable Fabrics Act.[1] Subpart—*Importing, selling, or transporting flammable wear:* § 13.1057 *Importing, selling, or transporting flammable wear.* Subpart—*Offering unfair, improper and deceptive inducements to purchase or deal:* § 13.1982 *Guarantee—statutory:* Flammable Fabrics Act.[1]

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended, 67 Stat. 111; 15 U. S. C. 45, 1191) [Cease and desist order, Durlacher and Company, Inc. et al., New York, N. Y., Docket 6355, July 24, 1956.]

In the Matter of Durlacher and Company, Inc., a Corporation, and Lester Toplitt and Israel Otnow, Individually and as Officers of Said Corporation

This proceeding was heard by a hearing examiner on the complaint of the Commission—charging a corporation and its officers, with place of business in New York City, with violating the Flammable Fabrics Act through importing into the United States and selling or transporting in commerce silk scarves manufactured in Japan which were so highly inflammable as to be dangerous when worn; and with furnishing customers guaranties falsely representing that tests made under the procedures provided by the act showed that the scarves were not dangerously flammable—and an agreement between the parties providing for the entry of a consent order.

On this basis, the hearing examiner made his initial decision and order to cease and desist which, by order of June 29, became, on July 24, the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That the respondent Durlacher and Company, Inc., a corporation, and its officers, and respondents Lester Toplitt and Israel Otnow, individually and as officers of said corporation, and respondents' representatives, agents, and employees, directly or through any corporate or other device, do forthwith cease and desist from:

1. (a) Importing into the United States; or

(b) Selling, offering for sale, introducing, delivering for introduction, transporting or causing to be transported, in commerce, as "commerce" is defined in the Flammable Fabrics Act; or

(c) Transporting or causing to be transported, for the purpose of sale or delivery after sale in commerce;

any article of wearing apparel, which, under the provisions of section 4 of the said Flammable Fabrics Act, as amended, is so highly flammable as to be dangerous when worn by individuals.

2. Furnishing to any person a guaranty with respect to any article of wearing apparel which respondents, or any of them, have reason to believe may be introduced, sold, or transported in commerce, which guaranty represents, contrary to fact, that reasonable and representative tests made under the procedures provided in section 4 of the Flammable Fabrics Act, as amended, and the rules and regulations promulgated thereunder, show or will show that the article of wearing apparel, or the fabrics used or contained therein, covered by the guaranty, is not, in the form delivered or to be delivered by the guarantor, so highly flammable under the provisions of the Flammable Fabrics Act as to be dangerous when worn by individuals: *Provided, however*, That this prohibition shall not be applicable to a guaranty furnished on the basis of, and in reliance upon, a guaranty to the same effect received by respondents in good faith signed by and containing the name and address of the person by whom the wearing apparel was manufactured or from whom it was received.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: June 29, 1956.

By the Commission.

[SEAL] ROBERT M. PARRISH, *Secretary.*

[F. R. Doc. 56-6244; Filed, Aug. 2, 1956; 8:49 a. m.]

[1] New.

[Docket 6388]

PART 13—DIGEST OF CEASE AND DESIST ORDERS

FARM JOURNAL, INC.

Subpart—*Acquiring stock, or assets, etc., of competitor:* § 13.5 *Acquiring stock, or assets, etc., of competitor.*

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 7, 38 Stat. 731; 15 U. S. C. 18) [Cease and desist order, Farm Journal, Inc, Philadelphia, Pa., Docket 6388, July 17, 1956]

This proceeding was heard by a hearing examiner on the complaint of the Commission, charging the publisher of "Farm Journal," the country's largest agricultural magazine, with acquisition of the assets of its leading rival "Better Farming," until recently "Country Gentleman," the oldest and second largest magazine in the field, including the right to use of the names "Better Farming" and "Country Gentleman" and lists of subscribers and advertisers; with result that Farm Journal's net paid circulation would be approximately 51 percent of the total among the six largest competitors in the farm magazine field and approximately 24 percent of the total net paid national circulation; and that there was a substantial lessening of competition and tendency to create a monopoly in the relevant lines of commerce in violation of section 7 of the Clayton Act as amended.

Following respondent's answer, pretrial conferences, hearings, submission by both counsel of proposed findings of fact and conclusions, the hearing examiner made his initial decision including extensive findings of fact,[1] conclusions of law,[1] and order to cease and desist, which, on July 17, was adopted as the decision of the Commission.

Said order to cease and desist is as follows:

It is ordered, That respondent Farm Journal, Inc., a corporation, and its officers, directors, agents, representatives, and employees shall, within a time to be fixed by the Commission, divest itself of all of its right, title, and interest in and to:

(a) The names "Better Farming" and "Country Gentleman,"

(b) The list of all domestic subscriptions to the publication known as Country Gentleman or Better Farming as furnished to it by the Curtis Publishing Company, and

(c) The list of all advertisers who, on June 6, 1955, had placed orders for advertising space in issues of Country Gentleman after the August 1955 issue, furnished to respondent by the Curtis Publishing Company.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That the date by which respondent, Farm Journal, Inc.; shall comply with the order contained in said initial decision be, and it hereby is, fixed as January 1, 1957.

It is further ordered, That the respondent shall, on or before January 1, 1957, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with said order.

Issued: July 17, 1956.

By the Commission.

PART 13—DIGEST OF CEASE AND DESIST ORDERS

NIGBOR FURS, INC., ET AL.

Subpart—*Advertising falsely or misleadingly:* § 13.155 *Prices:* Usual as reduced, special, etc. Subpart—*Concealing or obliterating law required and informative marking:* § 13.516 *Fur products tags or identification.*[1] Subpart—*Neglecting, unfairly or deceptively, to make material disclosure:* § 13.1845 *Composition:* Fur Products Labeling Act; § 13.1852 *Formal regulatory and statutory requirements:* Fur Products Labeling Act; § 13.1865 *Manufacture or preparation;* § 13.1900 *Source or origin:* Fur Products Labeling Act: *Place.*

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 stat. 719 as amended; Sec. 8, 65 Stat. 179; 15 U. S. C. 45, 69f) [Cease and desist order, Nigbor Furs, Inc., et al., Stevens Point, Wis., Docket 6516, July 24, 1956]

In the Matter of Nigbor Furs, Inc., a Corporation; and Bernard E. Nigbor, Individually and as President of Said Corporation; and Chester P. Nigbor, Individually and as Vice President and Treasurer of Said Corporation

This proceeding was heard by a hearing examiner on the complaint of the Commission—charging a corporation and its officers, in Stevens Point, Wis., with violating the Fur Products Labeling Act by removing labels from fur products prior to their ultimate sale; by failing to label fur products with information, and set forth as, required by the act; and by advertisements in newspapers which failed to disclose the names of animals producing the furs and the country of origin or that certain products were artificially colored, or which represented regular prices as reduced without maintaining adequate records upon which such pricing claims were based—and an agreement between the parties containing a consent order to cease and desist.

On this basis, the hearing examiner made his initial decision and order to cease and desist which, by order of June 28, became, on July 24, the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondents Nigbor Furs, Inc., a corporation, and its officers, Bernard E. Nigbor and Chester P. Nigbor, individually and as officers of said corporation, and their agents, representatives and employees, directly or through any corporate or other device, in connection with the introduction, or the sale, advertisement, offering for sale, transportation or distribution of fur products in commerce, or in connection with the sale, advertising, offering for sale, transportation or distribution of fur products which have been made in whole or in part of fur which had been shipped and received in commerce, as "commerce", "fur" and "fur products" are defined in the Fur Products Labeling Act, do forthwith cease and desist from:

A. Removing, or causing the removal or participating in the removal of, labels required to be affixed to fur products, prior to the time fur products are sold and delivered to the ultimate purchaser of such products.

B. Misbranding fur products by:

1. Failing to affix labels to fur products showing:

(A) The name or names of the animal or animals producing the fur or furs contained in the fur products, as set forth in the Fur Products Name Guide and as prescribed under the rules and regulations;

(B) The name of the country of origin of any imported furs used in the fur product;

(C) That the fur product contains or is composed of bleached, dyed, or otherwise artificially colored fur, when such is a fact;

(D) The information required by Rule 36 of rules and regulations promulgated under the Fur Products Labeling Act, when the fur product is composed of two or more sections containing different animal furs.

2. Setting forth on labels attached to fur products non-required information mingled with required information.

C. Falsely or deceptively advertising fur products through the use of any advertisement, representation, public announcement or notice, which is intended to aid, promote or assist, directly or indirectly, in the sale or offering for sale of fur products, and which:

1. Fails to disclose the name or names of the animal or animals producing the fur or furs contained in the fur products as set forth in the Fur Products Name Guide and as prescribed under the rules and regulations;

2. Fails to disclose that the fur products contain or are composed of bleached, dyed, or otherwise artificially colored fur, when such is the fact;

3. Fails to disclose the name of the country of origin of the imported furs contained in the fur products;

4. Sets forth required information in abbreviated form;

5. Represents directly or by implication:

(A) That any of such products are manufactured by respondents when in truth and fact said fur products are not so manufactured;

(B) That the regular or usual price of any fur product is any amount which is in excess of the price at which respondents have usually and customarily sold such products in the recent regular course of their business.

6. Makes comparative or percentage pricing claims, unless there are maintained by respondents full and adequate records disclosing facts upon which claims and representations are based, as required by Rule 44 (e) of the rules and regulations.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That the respondents herein shall within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: June 28, 1956.

By the Commission.

[SEAL] ROBERT M. PARRISH,
Secretary.

[Docket 6533]

PART 13—DIGEST OF CEASE AND DESIST ORDERS

GREENGLASS DISTRIBUTING CORP. ET AL.

Subpart—*Advertising falsely or misleadingly:* § 13.155 *Prices:* Exaggerated as regular and customary; § 13.235 *Source or origin:* Place: *Domestic product as imported.* Subpart—*Misbranding or mislabeling:* § 13.1325 *Source or origin:* Place: *Domestic product as imported.* Subpart—*Using misleading name*—Goods: § 13.2345 *Source or origin:* Place: *Domestic product as imported.*

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Greenglass Distributing Corporation et al., Jackson Heights, N. Y., Docket 6533, July 18, 1956]

In the Matter of Greenglass Distributing Croporation, a Corporation; and Hyman Greenglass, Individually and as an Officer of Said Corporation and Also Trading as Greenglass Sales Company

This proceeding was heard by a hearing examiner on the complaint of the Commission charging a corporation and its controlling officer, engaged in their place of business in Jackson Heights, N. Y., in the sale of perfumes, toilet waters, and colognes, with representing falsely in advertisements in newspapers and circulars that excessive and fictitious prices were their customary retail and nationally advertised prices; and that certain cosmetics were compounded in France, further enhancing such representations by use of French-appearing brand names and the word "Paris" in pictorial depictions.

Respondents, failing to file answers or to appear at the initial hearing, were declared in default; and the hearing examiner thereupon made his initial decision, including order to cease and desist, which became, on July 18, the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondents Greenglass Distributing Corporation, a corporation; and Hyman Greenglass, individually and as an officer of said corporation and trading as Greenglass Sales Company, or trading under any other name; their agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of perfumes, colognes, toilet waters, and allied products, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Disseminating or causing to be disseminated any advertisement, by means of the United States mails or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly, indirectly or by implication:

(a) That the prices at which said products are offered for sale or sold are in excess of the prices customarily and usually charged for said products.

(b) That the prices at which said products are offered for sale or sold are nationally advertised prices.

(c) That products offered for sale or sold are compounded or manufactured in France or in any other foreign country.

2. Disseminating or causing to be disseminated any advertisement, by any means, for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase of respondents' cosmetic preparations or allied products in commerce, as "commerce" is defined in the Federal Trade Commission Act, any advertisement which contains any of the representations prohibited in paragraph 1 of this order.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That the respondents herein shall within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: July 18, 1956.

By the Commission.

[SEAL] ROBERT M. PARRISH,
Secretary.

[F. R. Doc. 56-6245; Filed, Aug. 2, 1956; 8:49 a. m.]

TITLE 29—LABOR

Subtitle A—Office of the Secretary of Labor

PART 1—PROCEDURE FOR THE PREDETERMINATION OF WAGE RATES

Pursuant to the requirements of section 3 of the Administrative Procedure Act (5 U. S. C. 1002) and under the authority contained in R. S. 161 (5 U. S. C. 22), Part 1 of Title 29, Code of Federal Regulations, is hereby amended to read as follows:

Sec.
1.1 Purpose and scope.
1.2 Definitions.
1.3 Obtaining and compiling wage rate information.
1.4 Determination of wage rates.
1.5 Scope of consideration.
1.6 Field survey.
1.7 Hearings.
1.8 Pre-hearing conferences.
1.9 Hearing Examiner's proposed decision.
1.10 Submission of Hearing Examiner's proposed decision to interested parties.
1.11 Comments of interested parties.
1.12 Final decision.

AUTHORITY: §§ 1.1 to 1.12 issued under R. S. 161; 5 U. S. C. 22. Interpret or apply 49 Stat. 1011, as amended; 40 U. S. C. 276a—276a-6.

§ 1.1 *Purpose and scope.* The regulations contained in this part set forth the procedure for the determination of wage rates pursuant to each of the following acts: Davis-Bacon Act, as amended, 46 Stat. 1494, 49 Stat. 1011, 54 Stat. 399, 55 Stat. 53; 40 U. S. C. 276a et seq.; National Housing Act, as amended, 53 Stat. 804; 12 U. S. C. 1703 et seq.; Hospital Survey and Construction Act, as amended, 60 Stat. 1040; 42 U. S. C. 291 et seq.; Federal Airport Act, as amended, 60 Stat. 170; 49 U. S. C. 1101 et seq.; Housing Act of 1949, as amended, 63 Stat. 413; 42 U. S. C. 1401 et seq.; School Survey and Construction Act of 1950, as amended, 64 Stat. 967 et seq.; 20 U. S. C. 251 et seq.; Defense Housing and Community Facilities and Services Act of 1951, 65 Stat. 293, as amended by 66 Stat. 602; 42 U. S. C. 1591 et seq.; Federal-Aid Highway Act of 1956, Public Law 627, 84th Cong. 2d sess., 70 Stat. 374.

§ 1.2 *Definitions.*[1] (a) The term "prevailing wage rate" for each classification of laborers and mechanics which the Solicitor shall regard as prevailing in an area shall mean:

(1) The rate of wages paid in the area in which the work is to be performed, to the majority of those employed in that classification in construction in the area similar to the proposed undertaking;

(2) In the event that there is not a majority paid at the same rate, then the rate paid to the greater number: *Provided*, Such greater number constitutes 30 percent of those employed; or

(3) In the event that less than 30 percent of those so employed receive the same rate, then the average rate.

(b) The term "area" in determining wage rates under the Davis-Bacon Act, as amended, and the labor standards provisions of the National Housing Act, as amended, the Hospital Survey and Construction Act, as amended, the Federal Airport Act, as amended, the Housing Act of 1949, as amended, the School Survey and Construction Act of 1950, as amended, and the Defense Housing and Community Facilities and Services Act of 1951, as amended, shall mean the city, town, village or other civil subdivision of the State in which the work is to be performed. In determining wage rates pursuant to section 115 of the Federal-Aid Highway Act of 1956, the term "area" shall mean immediate locality of the proposed project.

(c) The term "average rate" for each classification in an area shall mean the rate obtained by adding the hourly rates paid to all workers in the classification and dividing by the total number of such workers.

(d) The term "Solicitor" shall mean the Solicitor of Labor.

§ 1.3 *Obtaining and compiling wage rate information.* For the purpose of making wage rate determinations, the Solicitor shall conduct a continuing pro-

[1] These definitions are not intended to restrict the meaning of any of the terms as used in the applicable statutes.

gram for the obtaining and compiling of wage rate information.

(a) The Solicitor shall encourage the voluntary submission of wage rate data by contractors, contractors' associations, labor organizations, public officials, and other interested parties, reflecting wage rates paid to laborers and mechanics on various types of construction in the area. Rates must be determined, among others, for such varying types of projects as buildings, bridges, dams, highways, tunnels, sewers, power lines, railways, airports (buildings and runways), apartment houses, wharves, levees, canals, dredging, land-clearing and excavating. Accordingly, the information submitted should reflect not only that the specified wage rate or rates are paid to a particular craft in an area, but also the type or types of construction on which such rate or rates are paid.

(b) The following types of information will be considered in making wage rate determinations:

(1) Statements showing wage rates paid on projects. (Such statements should indicate the names and addresses of contractors, including subcontractors, the locations, approximate costs, dates of construction and types of projects, the number of workers employed in each classification on each project, and the respective wage rates paid such workers.);

(2) Signed collective bargaining agreements. (The Solicitor may request the parties to an agreement to submit statements certifying to its scope and application.);

(3) Wage rates determined for public construction by state and local officials pursuant to prevailing wage legislation;

(4) Information furnished by State agencies. (In making wage rate determinations pursuant to section 115 of the Federal-Aid Highway Act of 1956, the Solicitor shall consult with the highway department of the State in which a project in the Interstate System is to be performed. Before making a determination of wage rates for such a project he shall give due regard to the information thus obtained.);

(5) Any other information pertinent to the determination of prevailing wage rates.

(c) The Solicitor shall supplement such information obtained on a voluntary basis by such means and from whatever sources he deems necessary.

§ 1.4 *Determination of wage rates.* In the event that such data is sufficient to determine the prevailing wage rates the Solicitor shall make a determination as to the wage rates prevailing in the area.

§ 1.5 *Scope of consideration (exclusive of wage rate determinations made pursuant to the Federal-Aid Highway Act of 1956, which shall be made in accordance with §1.3 (b) (4) of this part).* (a) In making a wage rate determination projects completed more than one year prior to the date of request for the determination may, but need not be considered.

(b) If there has been no similar construction within the area in the past year, wage rates paid on the nearest similar construction may be considered.

§ 1.6 *Field survey.* Whenever the Solicitor deems that the data at hand are insufficient to make a determination with respect to all the crafts necessary to perform the proposed construction work, he may have a field survey conducted in the area of the proposed project for the purpose of obtaining sufficient information upon which to make a determination of wage rates.

§ 1.7 *Hearings.* Whenever he deems it necessary the Solicitor may direct a hearing to be held. He shall designate a hearing examiner who shall, after notice to all interested parties, proceed to the project area and make such investigations and conduct such hearings as may be necessary to make a determination of wage rates for the project.

§ 1.8 *Pre-hearing conferences.* When it appears that a pre-hearing conference will expedite proceedings, the examiner prior to the hearing may request representatives of the parties to attend a conference to consider such matters as may expedite the hearing.

§ 1.9 *Hearing examiner's proposed decision.* The hearing examiner shall make a written proposed decision in which he shall:

(a) State the procedure that he has followed;

(b) Summarize briefly the evidence and information that he has received;

(c) Analyze the evidence and information;

(d) Draft a proposed decision for the Secretary of Labor's consideration.

§ 1.10 *Submission of hearing examiner's proposed decision to interested parties.* A copy of the hearing examiner's proposed decision shall be mailed to each party of record and to any other persons who have expressed an interest in the proceedings.

§ 1.11 *Comments of interested parties.* Any interested party may within 5 days after receipt of the hearing examiner's proposed decision file his comments thereon. Such comments shall be filed with the Chief Hearing Examiner, U. S. Department of Labor, Washington 25, D. C., for transmission to the Secretary of Labor.

§ 1.12 *Final decision.* The Secretary of Labor's decision shall be final.

This amendment shall take effect upon publication in the FEDERAL REGISTER.

Signed at Washington, D. C., this 30th day of July, 1956.

JAMES P. MITCHELL,
Secretary of Labor.

PROPOSED RULE MAKING

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[43 CFR Part 198]

SULPHUR PERMITS AND LEASES

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that pursuant to the authority vested in the Secretary of the Interior by the Act of April 17, 1926 (44 Stat. 301), as amended July 16, 1932 (47 Stat. 701, 30 U. S. C. 271–276), it is proposed to revise the sulphur regulations approved August 16, 1932. The proposed regulations and forms of permit and lease are set forth as appendices to this notice.

Interested persons may submit, in triplicate, written comments, suggestions, or objections with respect to the proposed regulations or forms to the Bureau of Land Management, Washington 25, D. C., within 30 days from date of publication of this notice in the FEDERAL REGISTER.

Dated: July 27, 1956.

WESLEY A. D'EWART,
Assistant Secretary of the Interior.

Part 198, Title 43 of the Code of Federal Regulations is revised as follows:

GENERAL

Sec.
198.1 Statutory authority.
198.2 Definitions.
198.3 Area and limitation on holdings.
198.4 Qualifications of applicant.
198.5 Permits and leases for lands disposed of with reservation of sulphur.
198.6 Requirements when lands are within a withdrawal.
198.7 Protection of pre-existing mining claims.

SULPHUR PROSPECTING PERMITS

Sec.
198.8 Application for permit.
198.9 Rights conferred.
198.10 Permit bond.
198.11 Cancelled permits.
198.12 Reward for discovery.
198.13 Expiration of permit.

SULPHUR LEASES

198.14 Form of lease.
198.15 Lease bond.
198.16 Royalty.
198.17 Rental.
198.18 Minimum production.
198.19 Application for lease by competitive bidding.
198.20 Notice of lease offer.
198.21 Bid deposits.
198.22 Award of lease.
198.23 Renewal leases.
198.24 Relinquishment of lease.
198.25 Cancellation of lease.

TRANSFER OF PERMITS AND LEASES

Sec.
198.26 Transfers, including subleases.
198.27 Overriding royalties.

AUTHORITY: §§ 198.1 to 198.27, inclusive, issued under sec. 32, 41 Stat. 450; 30 U. S. C. 189. Interpret or apply secs. 1 to 7, 44 Stat. 301, as amended 47 Stat. 701; 30 U. S. C. 271–276.

GENERAL

§ 198.1 *Statutory authority.* (a) Sections 1 to 7 of the Act of April 17, 1932 (44 Stat. 301), as amended July 16, 1932 (47 Stat. 701, 30 U. S. C. 271–276), authorize the Secretary of the Interior to:

(a) Issue permits to prospect for sulphur in public lands or in public lands disposed of with a reservation of such deposits to the United States located in the States of Louisiana and New Mexico.

(b) Lease such lands containing valuable deposits of sulphur.

§ 198.2 *Definitions.* The following terms, as used in this part or in any lease or permit approved under the regulations in this part, shall have the meanings here given:

(a) *Land Office, or appropriate land office.* The Land Office, Bureau of Land Management, Santa Fe, New Mexico, for lands covered by a permit, lease, or application therefor, situated in the State of New Mexico, and the Eastern States Land Office, Bureau of Land Management, Washington 25, D. C., for lands covered by a permit, lease, or application therefor, situated in the State of Louisiana.

(b) *Manager.* The Manager of the appropriate land offices as defined in paragraph (a) of this section.

(c) *Appropriate State Supervisor.* State Supervisor, Bureau of Land Management, Santa Fe, New Mexico, when the lands covered by a permit, lease or application therefor are situated in the State of New Mexico, and Eastern States Supervisor, Bureau of Land Management, Washington 25, D. C., when the lands covered by a permit, lease or application therefor are situated in the State of Louisiana.

§ 198.3 *Area and limitations on holdings.* Except where the rule of approximation applies, a sulphur permit or lease may not include over 640 acres in reasonably compact form entirely within a 6-mile square. No person, association or corporation may hold more than three sulphur permits or leases in any one State during the life of such permits or leases.

§ 198.4 *Qualifications of applicant.* (a) As used in this section, "applicant" means an applicant for a permit under § 198.8, for a lease under § 198.12, the successful bidder to whom a lease is awarded under § 198.22, or an assignee or transferee under § 198.26.

(b) Permits and leases may be issued to citizens of the United States, association of citizens, and corporations organized under the laws of the United States or of any State or Territory thereof.

(c) All applicants must file with the Manager statements and evidence as follows (unless previously filed, in which event a reference by serial number to the record and the land office in which filed, together with a statement as to any amendment, will be accepted):

(1) As to citizenship, whether native born or naturalized.

(2) If applicant is an association (including a partnership), it must submit a certified copy of the articles of association and the same showing as to the citizenship and holdings of its members as required of an individual.

(3) A corporation must submit a statement showing:

(i) The State in which it is incorporated.

(ii) That it is authorized to hold permits and leases for sulphur deposits and that the person executing an instrument on behalf of the corporation is authorized to act in such matters.

(iii) The percentage of voting stock, of all the stock owned by aliens and of all the stock owned by those having addresses outside of the United States. When the stock owned by aliens is over 10 percent, additional information may be required.

(iv) The name, address, citizenship, and acreage holdings of any stockholder owning or controlling 20 percent or more of the stock of any class, of the corporation.

(4) That holdings of sulphur permits or leases do not exceed the number specified in § 198.3.

§ 198.5 *Permits and leases for lands disposed of with reservation of sulphur.* Where lands included in a permit or lease have been disposed of with reservation of sulphur deposits, a permittee or lessee must make full compliance with the law under which such reservation was made. See the Acts of March 4, 1933 (47 Stat. 1570; 30 U. S. C. 124); December 29, 1916 (39 Stat. 862; 43 U. S. C. 291–301); June 17, 1949 (63 Stat. 201); June 21, 1949 (63 Stat. 215; 30 U. S. C. 54) and August 13, 1954 (68 Stat. 708), and other laws authorizing such reservations.

§ 198.6 *Requirements when lands are within a withdrawal.* Where any part of the lands embraced in an application for sulphur permit or lease is within a withdrawal which does not preclude disposition of the sulphur deposits, the head of the Government agency having control will be called upon for a report as to whether there is any objection to the granting of a sulphur permit or lease. Where he recommends that a special stipulation be required to protect the interests of the United States, an appropriate stipulation may be included in the lease or permit.

§ 198.7 *Protection of pre-existing mining claims.* Mining claims for sulphur deposits on lands such as specified in § 198.1 (a) situated in Louisiana which were valid on April 17, 1926, or on such lands in New Mexico, on July 16, 1932, if duly maintained, may be patented under the law under which they were initiated. Otherwise, such deposits may be secured only under the Act of April 17, 1926 (44 Stat. 301), as amended July 16, 1932 (47 Stat. 701, 30 U. S. C. 271–276).

SULPHUR PROSPECTING PERMITS

§ 198.8 *Application for permit.* An application for a permit must be filed in duplicate in the appropriate land office. A filing fee of $10, which will be retained as a service charge in any event, must accompany the application. No specific form of application is required, but the application should include the information and evidence called for in §§ 198.4 and 198.19 (a) (1) and (2).

§ 198.9 *Rights conferred.* Two-year permits issued and Form 4–701 [1] grant the permittee the exclusive right to prospect and explore the lands described therein to determine the existence of, or workability of, the sulphur deposits. Only such material may be removed from the land as is necessary to experimental work or the demonstration of the existence of such deposits in commercial quantities.

§ 198.10 *Permit bond.* Prior to the issuance of a permit for lands entered or patented with a reservation of the sulphur deposits to the United States, or lands within a reclamation project, the applicant must furnish an approved corporate surety bond of at least $1,000 (Form 4–1130) or a personal bond in similar amount (Form 4–1131) secured by negotiable Federal securities in the amount of the bond. The right is reserved to require the applicant, in any case where deemed necessary, to furnish a permit bond.

§ 198.11 *Cancelled permits.* Upon cancellation of a sulphur permit for any reason, the land will not be open to sulphur permit applications until the cancellation is noted on the records of the land office.

§ 198.12 *Reward for discovery.* (a) Upon a satisfactory showing that valuable deposits of sulphur have been discovered by a permittee within the area covered by his permit before the permit expires, and that the land is chiefly valuable therefor, the permittee shall be entitled to a preference right lease for all or part of the land embraced in his permit in a reasonably compact form. An application for a preference right lease by a sulphur permittee must be filed not later than 30 days after his permit expires. The application must be filed in the appropriate land office and describe the land desired, show the date valuable sulphur deposits were discovered, specify fully the extent and mode of occurrence of the deposits as disclosed by prospecting work, and show any change in the information contained in the application for sulphur permit. The application must be accompanied by the first year's lease rental at the rate of 50 cents per acre or fraction thereof. The lease will be on Form 4–1313 and will be dated the first day of the month following the date of the decision notifying the appli-

[1] A copy of this, as well as of every other form mentioned in this part, may be obtained from the Land Office, Santa Fe, New Mexico, or from the Director, Bureau of Land Management, Washington 25, D. C. Copies of Forms 4–701 and 4–1313 were filed with the Federal Register Division as part of the original document.

cant that he is entitled to a preference right sulphur lease, unless otherwise specified therein. If the sulphur permit expires and the application for sulphur lease is finally rejected, royalty for the sulphur mined will be charged at the sulphur permit rate and such mining will not constitute a trespass.

(b) If the lands are unsurveyed, the sulphur permittee, prior to the issuance of a lease, will be required to deposit with the appropriate State Supervisor the estimated cost of making a survey of the lands as officially determined by the Bureau of Land Management. This survey will be an extension of the public land surveys over the lands applied for, and the lands to be included in the sulphur lease will be conformed to the subdivision of such survey.

(c) If the sulphur permittee dies before the lease is issued, the lease will be issued to the executor or administrator of the estate if probate of the estate has not been completed; if probate has been completed, or is not required, to the heirs or devisees; and if there are minor heirs or devisees, to their legal guardian or trustee in his name, provided there is filed in all cases the following information:

(1) Where probate of the estate has not been completed:

(i) Evidence that the person, who as executor or administrator submits forms of lease and bond, has authority to act in that capacity and to sign such forms.

(ii) Evidence that the heirs or devisees are the heirs or devisees of the deceased permittee or lessee and are the only heirs or devisees of the deceased.

(iii) A statement over the signature of each heir or devisee concerning citizenship and holdings similar to that required by § 198.4 (c) (1) and (4).

(2) Where the executor or administrator has been discharged or no probate proceedings are required:

(i) A certified copy of the will or decree of distribution, if any, and if not, a statement signed by the heirs that they are the only heirs of the permittee or lessee and citing the provisions of the law of the deceased's last domicile showing no probate is required.

(ii) A statement over the signature of each of the heirs or devisees with reference to citizenship and holdings similar to that required by § 198.4 (c) (1) and (4), except that if the heir or devisee is a minor, the statement must be over the signature of the guardian or trustee.

(3) Where there is a legal guardian or trustee:

(i) A certified copy of the court order authorizing the guardian or trustee to act as such and to fulfill in behalf of the minor or minors all obligations of the lease or arising thereunder; statements by the guardian or trustee as to the citizenship and holdings of each of the minors and as to his own citizenship and holdings, including his holdings for the benefit of other minors similar to that required by § 198.4 (c) (1) and (4).

§ 198.13 *Expiration of permit.* Unless a lease application is filed pursuant to § 198.12 the permit will expire at the end of its period without notice to the permittee. No extension of the term will be granted.

SULPHUR LEASES

§ 198.14 *Form of lease.* Leases shall be issued on Form 4–1313.

§ 198.15 *Lease bond.* A compliance bond, in no event less than $5,000, with approved corporate surety (Form 4–1113), or the lessee's personal bond in similar amount (Form 4–1114), will be required prior to the issuance of a lease. Personal bonds must be secured by negotiable Federal securities in the amount of the bond.

§ 198.16 *Royalty.* Leases based upon discovery of valuable sulphur deposits under a sulphur permit shall provide for a royalty of 5 percent of the quantity or gross value of the output of sulphur at the point of shipment to market. Leases for lands known to contain valuable deposits of sulphur and not covered by sulphur permits or leases shall provide for such royalty as will be determined prior to the issuance of the lease, but in no case shall the royalty be less than 5 percent of the quantity or gross value of the output of sulphur at the point of shipment to market.

§ 198.17 *Rental.* Leases shall provide for the payment, in advance, of an annual rental of 50 cents for each acre or part thereof covered by the lease, beginning with date of the lease, such rental for any year to be credited against the first royalties as they accrue under the lease during the year for which the rental was paid.

§ 198.18 *Minimum production.* Leases will require the payment of a royalty on a minimum annual production beginning with the sixth year of the lease, unless operations are interrupted by strikes, the elements, or casualties not attributable to the lessee, or unless, on application and showing made, lease operations are suspended by the Department of the Interior for the reasons specified in section 39 of the Mineral Leasing Act of February 25, 1920, as amended, (30 U. S. C. 209).[1]

§ 198.19 *Application for lease by competitive bidding.* (a) An application for a lease must be filed in duplicate in the appropriate land office. A filing fee of $10, which will be retained as a service charge in any event, must accompany the application. No specific form is required, but the application should include the following:

(1) The applicant's name and address.

(2) If the requested lands are surveyed, they should be described by legal subdivisions, showing meridian, State, township, range, and section; if not surveyed, by metes and bounds connected by courses and distance with some corner of the public land survey. When possible, the approximate legal subdivisions of unsurveyed lands should be stated.

(3) Evidence that the land is valuable for its sulfur content, with a statement as to the character, extent, and mode of occurrence of the sulfur deposits.

[1] See showing required under § 191.26 of this title, as amended.

(b) The application must be signed by applicant, or by his attorney in fact, supported by the power of attorney.

(c) If it be found that the area applied for is not available for leasing, the applicant will be so informed.

§ 198.20 *Notice of lease offer.* Notice of offer of lands or deposits for lease will be by publication once a week for four consecutive weeks or for such other period as may be determined, in a newspaper of general circulation in the county or parish in which the lands or deposits are situated. The notice will state the time and place of sale, whether the sale will be at public auction or by sealed bids, the description of the lands and the place where a detailed statement of the terms and conditions of the lease offer and the obligations of the successful bidder to pay for publication of that notice may be obtained. A copy of the notice will be posted in the appropriate land office during the period of publication. The detailed statement will set forth the terms and conditions of the sale, including the manner in which bids may be submitted, and statements that the successful bidder will be required, prior to the issuance of a lease, to pay his proportionate share of the total cost of publication of the notice of lease offer, and that the successful bidder's share shall be that proportion of the total advertising cost, that the number of parcels of land awarded to him bears to the number of parcels for which high bidders are declared. The right is reserved to reject any and all bids, and should a bid be rejected, the deposit made by the bidder will be returned. The commission of any act of intimidation of bidders, or the combination of bidders to hinder or prevent bidding, is unlawful. (See 18 U. S. C. 1860).

§ 198.21 *Bid deposits.* The successful bidder at a sale by public auction must deposit with the Manager of the Land Office, or the officer conducting the sale, on the date of the sale, and each bidder at a sale by sealed bids, must submit with his bid, certified check, cashier's check, bank draft, money order, or cash for one-fifth of the amount of the bid, and evidence of qualifications as required by § 198.4.

§ 198.22 *Award of lease.* Upon receipt of the high bid at, and at the close of, an oral auction, or the opening of the sealed bids, the Manager, subject to his right to reject any and all bids, will award the lease to the successful bidder, who will be notified accordingly. Four lease forms will be sent to the successful bidder, who will be required within 30 days from receipt thereof to execute them, pay the balance of the bonus bid, the first year's rental, and the cost of publication of the notice of lease offer as specified in § 198.20 and file a bond as required by § 198.15. If a bidder, after being awarded a lease, fails to execute it or otherwise comply with the applicable regulations, his deposit will be forfeited and disposed of as other receipts under the Mineral Leasing Act. If the lease awarded to the successful bidder is executed by an attorney acting in behalf of the bidder, the lease must be accompanied by evidence that the bidder authorized the attorney to execute the lease. If the bidder dies before the lease is issued, there must be furnished satisfactory evidence such as specified in § 198.12 (c), in order that the Manager of the appropriate land office may determine to whom the lease may be issued.

§ 198.23 *Renewal leases.* An application for a renewal lease must be filed in the appropriate land office within 90 days prior to the expiration of the lease term. Thereafter, the lessee will be notified of the terms and conditions to be prescribed in the renewal lease. Unless the lessee files written objections to the proposed terms, or files a relinquishment of the lease within 30 days after receipt of such notice, he will be deemed to have agreed to such terms and to the renewal of the lease. Prior to the issuance of a renewal lease, the lessee will be required to submit a new bond as prescribed in § 198.15. Each application for renewal must be accompanied by a filing fee of $10, which will not be returnable.

§ 198.24 *Relinquishment of lease.* Upon a satisfactory showing that the public interest will not be impaired, the lessee may surrender the entire lease or any legal subdivision thereof. A relinquishment must be filed in duplicate in the appropriate land office. Upon its acceptance it shall be effective as of the date it is filed, subject to the continued obligation of the lessee and his surety to make payment of all accrued rentals and royalties and to provide for the preservation of any mines or productive works or permanent improvements on the leased lands in accordance with the regulations and terms of the lease.

§ 198.25 *Cancellation of lease.* If the lessee fails to comply with the general regulations in force at the date of the lease, or defaults with respect to any of the terms, covenants, or stipulations of the lease, and such failure or default continues for 30 days after service of written notice thereof by the lessor, then the lessor may bring appropriate court proceedings to forfeit and cancel the lease as provided in section 31 of the Mineral Leasing Act (30 U. S. C. 188). A waiver of any particular cause of forfeiture shall not prevent the cancellation and forfeiture of the lease for any other cause, or for the same cause occurring at any other time.

TRANSFERS OF PERMITS AND LEASES

§ 198.26 *Transfers, including subleases.* (a) Permits and leases may be transferred in whole or in part. The approval of a transfer of part of the lands in a permit or lease will create a new permit or lease for the transferred portion. A discovery made before or after the partial assignment, either on the retained or the assigned portions will not inure to the benefit of the other, nor will approval of a transfer extend the life of the permit or the renewal periods of the lease. Transfers, whether by direct assignments, operating agreements, subleases, working or royalty interests, or otherwise, must be filed for approval in duplicate at the appropriate land office within 90 days after execution. Evidence of the qualifications of the assignee or transferee to hold the permit or lease, as required by § 198.4 must be submitted simultaneously. Before a transfer of a permit or lease will be approved, the consent of the surety to the substitution of the transferee as principal, or a new bond with the transferee as principal, must be submitted if the original permit or lease required the maintenance of a bond. If the transfer is for part of the land only, it must be for a legal subdivision and (1) the consent of the surety to the transfer and its agreement to remain bound as to the interest retained by the permittee or lessee must be submitted, as well as (2) a new bond with the transferee as principal covering the portion of the lands transferred. The account under the permit or lease must be in good standing before approval of transfer will be given. A transfer will take effect the first day of the month following its approval, or if the transferee requests, the first day of the month of the approval.

(b) An application for approval of any instrument transferring a lease or permit, or interest therein, must be accompanied by a service fee of $10. An application not accompanied by such a fee will not be accepted. The fee will not be returned even though the application is later withdrawn or rejected.

(c) No transfer will be approved if the transferee is not qualified to take and hold a permit or lease or if his bond is insufficient. A minor, except a minor heir or devisee of a permittee or leasee, is not qualified to hold a permit or lease and a transfer to a minor will not be approved.

(d) In order for the heirs or devisees of a deceased holder of a permit or lease, an operating agreement, or a royalty interest in a permit or lease, to be recognized by the Department as the holder of the permit or lease, agreement or interest, there must be furnished the appropriate showing required under § 198.12 (c).

(e) The assignor or sublessor and his surety will continue to be responsible for the performance of any obligation under the permit or lease until the assignment or sublease is approved. If the assignment or transfer is not approved, their obligations to the United States shall continue as though no such assignment or transfer had been filed for approval. After approval the assignee or sublessee and his surety will be responsible for the performance of all permit or lease obligations notwithstanding any terms in the assignment or sublease to the contrary.

§ 198.27 *Overriding royalties.* (a) An overriding royalty interest may be created by assignment or otherwise: *Provided, however,* That if the total of the overriding royalty interests at any time exceeds one percent of the gross value of the output at the point of shipment to market, they shall be subject to reduction or suspension by the Secretary to a total of not less than one percent of such gross value, whenever, in the interest of conservation, it appears necessary to do so in order (1) to prevent premature abandonment, or (2) to make possible the economic mining of marginal or low grade deposits. Where there is more than one overriding royalty interest, any such suspension or reduction shall be applied to the respective interests in the manner agreed upon by the holders thereof or, in the absence of such agreement, in the inverse order of the dates of creation of such interests.

(b) Any assignment, sublease, or other transfer or agreement which creates an overriding royalty interest will not be approved unless the owner of that interest files his agreement in writing that such interest is subject to suspension or reduction as provided in paragraph (a) of this section. No overriding royalties shall be paid at a rate in excess of the rate to which they have been so reduced until otherwise authorized by the Secretary.

CIVIL AERONAUTICS BOARD

[14 CFR Part 41]

[Draft Release No. 56–19]

FLIGHT TIME LIMITATIONS FOR PILOTS NOT REGULARLY ASSIGNED TO ONE TYPE OF CREW

NOTICE OF PROPOSED RULE MAKING

Pursuant to authority delegated by the Civil Aeronautics Board to the Bureau of Safety Regulation, notice is hereby given that the Bureau will propose to the Board the issuance of a Special Civil Air Regulation to extend the authority contained in Special Civil Air Regulation No. SR–386C as hereinafter set forth.

Interested persons may participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should be submitted in duplicate to the Civil Aeronautics Board, attention Bureau of Safety Regulation, Washington 25, D. C. In order to insure their consideration by the Board before taking further action on the proposed rule, communications must be received by September 10, 1956. Copies of such communications will be available after September 12, 1956, for examination by interested persons at the Docket Section of the Board, Room 5412, Department of Commerce Building, Washington, D. C.

Special Civil Air Regulation SR–386C which terminates September 30, 1956, provides authority whereby a pilot may serve in more than one type of flight crew without incurring any penalty in terms of maximum permissive flight duty. This authority has heretofore been provided for an experimental period with a view to the establishment of permanent rules for such crew assignments.

The Civil Aeronautics Administration has advised the Board that the regulation has not been abused and favors its continuation. The proposed revision of Part 41 of the Civil Air Regulations, recently released for discussion purposes, does not contain any provisions concerning flight time limitations because of the necessity for seeking the resolution of certain outstanding questions in a separate rule making action. It is expected

that this separate rule making will be completed in the near future and thereafter amendments to existing regulations will be made where appropriate. Pending the resolution of outstanding questions relating to flight time limitations, the Bureau considers that it is advisable to extend the authority granted by SR-386C for another year rather than to incorporate this authority in currently effective Part 41.

This regulation will not allow evasion of the stricter limitations applicable to smaller crew combinations, but will allow assignment of a pilot in any given month to another type of crew combination without additional flight time limitation if he flies not more than 20 hours in the type of crew to which the more restrictive flight time limitations apply and if such assignment is not interrupted more than once during such month.

In view of the foregoing, notice is hereby given that it is proposed to promulgate a Special Civil Air Regulation to read as follows:

1. Contrary provisions of § 41.57 of the Civil Air Regulations notwithstanding, the following rules shall apply to the monthly and quarterly flight time limitations of pilots assigned in combinations of two-pilot crews, tw pilot and additional flight crew member crews, or three-pilot and additional flight crew member crews.

2. A pilot who is assigned to duty aloft for more than 20 hours in two-pilot crews in a given month, or whose assignment in such crews is interrupted more than once in the month by assignment to a crew consisting of two or more pilots and an additional flight crew member, shall be governed by the provisions of § 41.54.

3. Except for a pilot coming within the provisions of paragraph 2, a pilot who is assigned to duty aloft for more than 20 hours in two-pilot and additional flight crew member crews in a given month, or whose assignment in such crews is interrupted more than once in the month by assignment to a crew consisting of three pilots and an additional flight crew member, shall be governed by the provisions of § 41.55.

4. A pilot to whom the provisions of paragraphs 2 and 3 are not applicable, assigned to duty aloft for a total of 20 hours or less within a given month in two-pilot crews with or without additional flight crew members, shall be governed by the provisions of § 41.56.

5. A pilot assigned to each of two-pilot, two-pilot and additional flight crew member, and three-pilot and additional flight crew member crews in a given month, who is not governed by the provisions of paragraphs 2, 3, or 4, shall be governed by the provisions of § 41.55.

It is proposed that this regulation shall supersede Special Civil Air Regulation No. SR-386C and shall be effective for a period of one year.

This regulation is proposed under the authority of Title VI of the Civil Aeranautics Act of 1938, as amended. The proposal may be changed in the light of comment received in response to this notice of proposed rule making.

(Sec. 205 (a), 52 Stat. 984; 49 U. S. C. 425 (a). Interpret or apply secs. 601–610, 52 Stat. 1007–1012, as amended; 49 U. S. C. 551–560)

Dated at Washington, D. C., July 24, 1956.

By the Bureau of Safety Regulation.

[SEAL] JOHN M. CHAMBERLAIN, *Director.*

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 52]

PROCESSED FRUITS AND VEGETABLES, PROCESSED PRODUCTS THEREOF, AND CERTAIN PROCESSED FOOD PRODUCTS

UNITED STATES STANDARDS FOR GRADES OF CANNED BLACKBERRIES AND OTHER SIMILAR BERRIES SUCH AS BOYSENBERRIES, DEWBERRIES, AND LOGANBERRIES [1]

Notice is hereby given that the U. S. Department of Agriculture is considering amendments to the United States Standards (18 F. R. 7940) for Grades of Canned Blackberries and Other Similar Berries such as Boysenberries, Dewberries, and Loganberries pursuant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087 et seq., as amended; 7 U. S. C. 1621 et seq.). The amendments as hereinafter set forth provide for changes in the recommended minimum drained weight requirements of canned berries, and to make other minor changes.

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed amendments should file the same with the Chief, Processed Products Standardization and Inspection Branch, Fruit and Vegetable Division, Agricultural Marketing Service, U. S. Department of Agriculture, Washington 25, D. C., not later than 60 days after publication hereof in the FEDERAL REGISTER.

The proposed amendments are as follows:

1. In § 52.556 change Table No. 1, *Recommended Minimum Drained Weight, in Ounces, of Canned Berries;* to read:

TABLE NO. I—RECOMMENDED MINIMUM DRAINED WEIGHT IN OUNCES OF CANNED BERRIES

Can size	Can dimensions (in inches)		Maximum capacity in water at 68° F. (in ounces)	Blackberries		Other Berries	
	Diameter	Height		Extra heavy and heavy sirup	Light sirup and water	Extra heavy and heavy sirup	Light sirup and water
8 ounce	$2^{13}/_{16}$	$3^{4}/_{16}$	8.65	$4^{1}/_{2}$	$4^{3}/_{4}$	$4^{3}/_{4}$	$4^{3}/_{4}$
No. 303	$3^{3}/_{16}$	$4^{1}/_{16}$	16.85	$8^{1}/_{2}$	$9^{1}/_{4}$	$7^{3}/_{4}$	$8^{1}/_{4}$
No. 2	$3^{7}/_{16}$	$4^{1}/_{16}$	20.50	11	12	$9^{1}/_{2}$	10
No. 10	$6^{1}/_{16}$	7	109.45	62	66	55	60
No. 10 (heavy pack) [1]	$6^{1}/_{16}$	7	109.45	----------	74	----------	70

[1] Canned berries in No. 10 containers (in water) may be certified with the additional statement "heavy pack," provided they meet a minimum drained weight requirement specified.

2. Change § 52.557 to read:

§ 52.557 *Ascertaining the grade*—(a) *General.* In addition to considering other requirements outlined in the standards the following factors are evaluated:

(1) *Factors not rated by score points.*

(i) Varietal characteristics.

(ii) Flavor.

(2) *Factors rated by score points.* The relative importance of each factor which is scored is expressed numerically on the scale of 100. The maximum number of points that may be given such factors are:

Factors:	Points
Color	20
Uniformity of size	20
Absence of defects	30
Character of fruit	30
Total score	100

(b) "Normal flavor and odor" means that the product is free from objectionable odors and objectionable flavors of any kind.

3. Change paragraph (d) of § 52.561, *Absence of defects,* to read:

(d) *(C) classification.* Canned berries that are fairly free from defects may be given a score of 21 to 23 points. Canned berries that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard regardless of the total score for the product (this is a limiting rule). "Fairly free from defects" means that harmless extraneous vegetable material may be present that does not seriously affect the appearance or edibility of the product; and that not more than 15 percent, by count, of the canned berries may be damaged.

4. Change § 52.563 to read:

§ 52.563 *Tolerances for certification of officially drawn samples.* (a) When certifying samples that have been officially drawn and which represent a specific lot of canned blackberries and other similar berries such as boysenberries, dewberries, and loganberries the grade for such lot will be determined by averaging the total scores of the containers comprising the sample, if, (1) such containers meet all of the applicable grade requirements of the factors of quality that are not rated by score points; (2) all containers comprising the sample meet all applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification; and (3) with respect to those factors which are rated by score points:

(i) Not more than one-sixth of the containers fails to meet the grade indicated by the average of such total scores;

(ii) None of the containers falls more than four points below the minimum score for the grade indicated by the average of such total scores;

(iii) None of the containers falls more than one grade below the grade indicated by the average of such total scores; and

(iv) The average score of all containers for any factor subject to a limiting rule is within the score range of that factor for the grade indicated by the average of the total scores of the containers comprising the sample.

Dated: July 31, 1956.

[SEAL] ROY W. LENNARTSON, *Deputy Administrator, Marketing Services.*

[F. R. Doc. 56-6226; Filed, Aug. 2, 1956; 8:46 a. m.]

[1] Compliance with these standards does not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

[7 CFR Part 919]

[Docket No. AO-249-A2]

MILK IN SOUTHWEST KANSAS MARKETING AREA

NOTICE OF HEARING ON PROPOSED EMERGENCY AMENDMENT TO TENTATIVE MARKETING AGREEMENT AND TO THE ORDER, AS AMENDED

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and in accordance with the applicable rules of practice and procedure, as amended (7 CFR Part 900), notice is hereby given of a public hearing to be held in the Jade Room, Lora Locke Hotel, Dodge City, Kansas, beginning at 10:00 a. m. local time, August 8, 1956.

Subjects and issues involved in the hearing. This public hearing is for the purpose of receiving evidence with respect to economic and emergency conditions which relate to the handling of milk in the Southwest Kansas milk marketing area. More specifically consideration will be given to the pricing of Class I milk to determine (1) the extent to which drought conditions, shortage of hay and feeds, and increasing prices of available supplies of hay and feeds, constitute a threat to the adequacy of supplies of pure and wholesome milk, and (2) whether temporary emergency price relief is necessary to promote orderly marketing.

This request for emergency action has been received from the Southwest Kansas Milk Producers Association whose members constitute a majority of the producers supplying milk to the Southwest Kansas marketing area. This association proposes that the price of Class I milk be increased 40 cents per hundredweight for the months of September, October, and November 1956. This proposal has not received the approval of the Secretary of Agriculture.

Copies of this notice of hearing may be procured from the Market Administrator, Room 228, 616–18 North Second Avenue, Dodge City, Kansas, or from the Hearing Clerk, Room 112, Administration Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated: July 31, 1956.

[SEAL] ROY W. LENNARTSON, *Deputy Administrator.*

FEDERAL TRADE COMMISSION

[16 CFR Part 136]

[File 21-332]

PAINT AND VARNISH BRUSH MFG. INDUSTRY

ADDITION TO TRADE PRACTICE RULES

In the matter of proposed addition of industry committee provision to trade practice rules for the Paint and Varnish Brush Manufacturing Industry.

Trade practice rules for the paint and varnish brush manufacturing industry (CFR Part 136) were promulgated by the Federal Trade Commission on January 14, 1939. Subsequently, on September 15, 1955, the Commission approved a new standard industry committee provision (20 F. R. 7249, Sept. 29, 1955) which the American Brush Manufacturers' Association has requested be added to existing rules for this industry. The committee provision is hereinafter set forth, together with notice of scheduled hearing on the subject as follows:

Notice of hearing and of opportunity to present views, suggestions, or objections. Opportunity is hereby extended by the Federal Trade Commission to any and all persons, firms, corporations, and organizations engaged in the manufacture, sale, offering for sale, or distribution in commerce of the products of the Paint and Varnish Brush Manufacturing Industry, and other parties who may be affected by or have an interest in the trade practice rules for the industry, to present to the Commission their views concerning the proposed addition of an industry committee provision, as hereinafter set forth, to the trade practice rules hertofore promulgated by the Commission for the industry. For this purpose industry members, and other interested or affected parties, may obtain copies of the proposed committee provision upon request to the Commission. Such views, information, suggestions, or objections may be submitted by letter, memorandum, brief, or other communication to be filed with the Commission not later than August 22, 1956.

Opportunity for all concerned to be heard orally will be afforded at the hearing beginning at 11 a. m., d. s. t., August 22, 1956, in Room 332, Federal Trade Commission Building, Pennsylvania Avenue at Sixth Street NW., Washington, D. C.

Committee on Trade Practices

§ ------ *Industry committee.* The industry may, at its option, form a trade practice committee, which shall be fairly representative of the industry, to cooperate with the Federal Trade Commission in the following respects:

(a) To assist in keeping the rules of the industry active by periodically bringing to the attention of industry members the provisions thereof;

(b) To publicize and disseminate among all members of the industry Commission stipulations, orders, and opinions or administrative interpretations relating to practices covered by the rules;

(c) To meet periodically with Commission personnel for the purpose of discussing the rules, the need for their revision, and the administration thereof, the committee's function in connection with such meetings being informative only, with decisions as to any action to be taken being left solely in the hands of government officials. All such meetings shall be:

(1) Called and chairmanned by a full-time Commission official; and

(2) Limited to a discussion of matters outlined in an agenda prepared by a full-time Commission official.

Full and complete minutes of each such meeting shall be prepared and filed with the Commission.

(d) It is not the function of the committee to:

(1) Interpret the rules;

(2) Attempt to correct alleged rule violations;

(3) Make determinations or express opinions as to whether practices are violative of the rules;

(4) Receive or screen complaints of violations of the rules; or

(5) Perform any other act or acts within the authority of the Federal Trade Commission or any other governmental Agency or Department.

(e) All complaints of industry members and other parties respecting rule violations should be made directly to the Commission. In the event any complaint is received by the committee, or any information is brought to its attention, indicating a probable violation of a rule, all relevant information with respect thereto shall be promptly transmitted by the committee to the Commission without the committee contacting the party or parties alleged to have violated the rule.

(f) Immediately after its formation the committee shall inform the Commission of the identity of the members thereof, the names and addresses of the companies or concerns represented by such members, and shall supply the Commission with information showing that the membership of the committee is fairly representative of the industry. Changes in composition of the committee shall be reported to the Commission as soon as they may occur.

(g) Full and complete minutes of all meetings of the committee, identifying the members in attendance and informative of the matters discussed and actions taken, shall be kept. The minutes of the meetings falling under paragraph (c) of this section shall be filed with the Commission, and the minutes of all other meetings shall be kept by the Committee and be made available to the Commission on request.

Issued: July 31, 1956.

By direction of the Commission.

INTERSTATE COMMERCE COMMISSION

[49 CFR Part 182]

CLASSIFICATION OF MOTOR CARRIERS

EXTENSION OF TIME FOR FILING RESPONSES

JULY 31, 1956.

On June 29, 1956, the Commission issued a notice of proposed rule making covering reclassification of motor carriers of property for accounting and reporting purposes. The notice was published in the FEDERAL REGISTER issue of July 18, 1956 (21 F. R. 5378) and provided that views or arguments to be considered in that connection could be filed on or before August 1, 1956.

Notice is hereby given that the period within which such views or arguments may be filed for consideration has been extended to and including August 31, 1956.

NOTICE OF APPLICATION

JULY 30, 1956.

Take notice that on July 25, 1956, an application was filed with the Federal Power Commission, pursuant to section 204 of the Federal Power Act, by Gulf States Utilities Company ("Applicant"), a corporation organized under the laws of the State of Texas, and doing business in the States of Texas and Louisiana, with its principal business office at Beaumont, Texas, seeking an order authorizing the issuance, by competitive bidding, of $15,000,000 principal amount of First Mortgage Bonds, __ percent Series due 1986, and 100,000 additional shares of Common Stock. Said bonds will be dated as of September 1, 1956, will be issued on or about September 18, 1956, and will be due on September 1, 1986. Said Common Stock is proposed to be issued on or about September 18, 1956. The proceeds from the sale of said bonds and Common Stock will be used to reimburse Applicant's treasury in part for construction expenditures heretofore made and to pay certain outstanding short-term borrowings and to carry on its plans for future construction of facilities.

Any person desiring to be heard or to make any protest with reference to said application should on or before the 16th day of August 1956, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's Rules of Practice and Procedure. The application is on file and available for public inspection.

[SEAL] J. H. GUTRIDE, *Acting Secretary.*

[F. R. Doc. 56-6230; Filed, Aug. 2, 1956; 8:47 a. m.]

[Docket No. 4441 etc.]

GRUBB AND HAWKINS ET AL.

NOTICE OF APPLICATIONS AND DATE OF HEARING

Take notice that each of the Applicants listed below has filed an application for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, authorizing such Applicant to continue to sell natural gas subject to the jurisdiction of the Commission, all as more fully represented in the respective applications which are on file with the Commission and open for public inspection. These matters should be consolidated and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on the date and at the place hereinafter stated, concerning the matters involved in and the issues presented by such applications: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) not less than ten days before the date of hearing. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request for waiver is made. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

The dockets, Applicants and material averments in applications to which reference is made above are as follows:

Docket No.; Name and Address; Filing Date; Gas Field and Purchaser

G-4441; Grubb and Hawkins, a partnership Estate of M. T. Grubb, Naomi S. Grubb, Jackie Grubb Ankenman, Henry Dreyfus, Harold T. White, Estate of Frances M. Weld, W. J. Hafenbrak; J. M. Pille, Mrs. Edward Wagner, C. L. Love, Mrs. J. B. Lester; Barton, Pille, Jones & Wermuth, George Cotros; 10-18-54; LaFourche Crossing, LaFourche Parish, La.; United Gas Pipe Line Company.

[Docket No. G-6742 etc.]

BURNETT & CORNELIUS AND NAVAJO NATURAL GAS CO.

NOTICE OF APPLICATIONS AND DATE OF HEARING

Take notice that each of the Applicants listed below has filed an application for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, authorizing such Applicant to continue to sell natural gas subject to the jurisdiction of the Commission, all as more fully represented in the respective applications which are on file with the Commission and open for public inspection. These matters should be consolidated and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on the date and at the place hereinafter stated, concerning the matters involved in and the issues presented by such applications: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) not less than ten days before the date of hearing. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request for waiver is made. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

The dockets, Applicants and material averments in applications to which reference is made above are as follows:

Docket No.; Name and Address; Filing Date; Gas Field and Purchaser

G-6742; Burnett & Cornelius, Amarillo, Tex.; 11-30-54; West Panhandle, Carson County, Tex.; Panhandle Eastern Pipe Line Company.

G-6746; Burnett & Cornelius, Amarillo, Tex.; 11-30-54; West Panhandle, Carson County, Tex.; Panhandle Eastern Pipe Line Company.

G-6747; Burnett & Cornelius, Amarillo, Tex.; 11-30-54; West Panhandle, Carson County, Tex.; Panhandle Eastern Pipe Line Company.

G-6748; Burnett & Cornelius, Amarillo, Tex.; 11-30-54; West Panhandle, Carson County, Tex.; Panhandle Eastern Pipe Line Company.

G-6901; Burnett & Cornelius, Amarillo, Tex.; 11-30-54; West Panhandle, Carson County, Tex.; Natural Gas Pipeline Company of America.

G-6743; Navajo Natural Gas Company, Amarillo, Tex.; 11-30-54; West Panhandle, Carson County, Tex.; Panhandle Eastern Pipe Line Company.

A public hearing will be held on the 27th day of August 1956, beginning at 9:30 a. m., e. d. s. t., in the hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matter involved in and the issues presented by the above applications.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[Docket No. G-10251]

SCRANTON-SPRING BROOK WATER SERVICE CO.

NOTICE OF APPLICATION

JULY 30, 1956.

Take notice that Scranton-Spring Brook Water Service Company (Applicant), a Pennsylvania Corporation, with its principal place of business in Wilkes-Barre, Pennsylvania, filed an application on April 12, 1956, as supplemented on June 13, 1956, for an order pursuant to section 7 (a) of the Natural Gas Act, directing Tennessee Gas Transmission Company (Tennessee) to establish physical connection of its transportation facilities with the proposed facilities of Applicant and to sell and deliver natural gas to Applicant for resale and distribution in its Scranton and Wilkes-Barre gas divisions in Wyoming, Lackawanna and Luzerne Counties, Pennsylvania as hereinafter described, all as more fully represented in the application which is on file with the Commission and open to public inspection.

Applicant states that it is engaged in supplying and distributing water in Susquehanna, Wayne, Lackawanna and Luzerne Counties, manufactured gas in Lackawanna, Wyoming, and Luzerne Counties and natural gas in Columbia, Northumberland, Snyder, Montour and Lycoming Counties, all in Pennsylvania. The natural gas is purchased from The Manufacturers Light & Heat Company.

Applicant proposes in its application to obtain a natural gas supply from Tennessee to convert the present manufactured gas service in Lackawanna, Wyoming and Luzerne Counties, Pennsylvania (referred to as the Scranton and the Wilkes-Barre Divisions of Applicant) to straight natural gas service.

Applicant avers that its manufactured gas capacity is insufficient to enable it to meet its expected future requirements and that it would be economically beneficial to both the company and its customers to convert to natural gas service.

Applicant's annual and peak day for the first five years with natural gas is estimated as follows:

	1	2	3	4	5
Peak day demand, Mcf:					
Scranton Division	5,531	7,459	7,872	8,286	8,700
Wilkes-Barre Division	1,360	1,811	2,011	2,211	2,411
Total	6,891	9,270	9,883	10,497	11,111
Annual demand, Mcf:					
Scranton Division	1,296,442	1,731,141	1,787,821	1,844,653	1,901,636
Wilkes-Barre Division	348,770	443,972	476,212	508,604	541,148
Total	1,645,212	2,175,113	2,264,033	2,353,257	2,442,784

Applicant proposes to interconnect with the Hebron-Greenwich facilities of Tennessee and to install and operate approximately 13.45 miles of 12-inch pipeline to connect to Applicant's Scranton Division. Applicant also proposes to install and operate approximately 24 miles of 12-inch pipeline interconnecting the Scranton and Wilkes-Barre Divisions. Also 7 regulating and 2 metering stations are to be installed. The estimated capital cost of these facilities is $1,603,000, to be financed by means of medium and long term bank loans.

Protests or petitions to intervene may be filed with the Commission in accordance with §§ 1.8 and 1.10 of its rules of practice and procedure (18 CFR 1.8 and 1.10) on or before August 14, 1956.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[F. R. Doc. 56-6235; Filed, Aug. 2, 1956; 8:48 a. m.]

[Project No. 1773]

MOON LAKE ELECTRIC ASSN., INC.

NOTICE OF APPLICATION FOR AMENDMENT OF LICENSE

JULY 30, 1956.

Public notice is hereby given that application has been filed under the Federal Power Act (16 U. S. C. 791a-825r) by Moone Lake Electric Association, Inc., of Altamont, Utah, licensee, for amendment of its license for a hydroelectric development on the East Fork of Lake Fork of Duchesne River in Duchesne County, Utah. Licensee proposes to replace the 12.5 kilovolt transmission line with a 69 kilovolt transmission line crossing the Uintah and Ouray Indian Reservation.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure of the Commission (18 CFR 1.8 or 1.10). The last day upon which protests or petitions may be filed is September 5, 1956. The application is on file with the Commission for public inspection.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[F. R. Doc. 56-6231; Filed, Aug. 2, 1956; 8:47 a. m.]

[Docket No. G-10341]

MICHIGAN GAS STORAGE CO.

NOTICE OF APPLICATION AND DATE OF HEARING

JULY 30, 1956.

Take notice that Michigan Gas Storage Company (Applicant), a Michigan corporation with principal place of business at 212 West Michigan Avenue, Jackson, Michigan, filed, on May 2, 1956, an application for a certificate of public convenience and necessity, pursuant to section 7 (c) of the Natural Gas Act, authorizing Applicant to construct and operate certain natural gas facilities as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

The facilities proposed to be constructed and operated by Applicant consist of:

(1) Approximately 8,525 feet of 6-inch gathering line in Applicant's Cranberry Lake Storage Field, Clare County, Michigan, at an estimated cost of $24,000, together with such branch lines as are necessary to connect this proposed line with Applicant's existing gathering system in this field.

The purpose of this line is to reduce an existing 25 to 30 pounds differential in pressure between the southeastern portion of this field and the remainder of the field during both injection and withdrawal cycles.

(2) Approximately 1,400 feet of 12-inch gathering line in Applicant's Winterfield Storage Field, Clare County, Michigan, at an estimated cost of $8,700.

The purpose of this line is to provide facilities so that the shut-in field pressure at the spill point located north of Meter Station No. 53 can be controlled in the event the pressure at this spill point should rise above the original field pressure (550 psig).

(3) Twenty-two 4-inch well lines in Winterfield and Cranberry Lake Storage Fields paralleling certain of Applicant's existing 2-inch well lines as either replacements therefor or supplements thereto at an estimated cost of $30,000.

The purpose of the proposed well lines is to improve deliverability by reducing the pressure losses in the existing 2-inch well lines.

(4) Approximately 2,800 feet of 10-inch transmission line to replace, adjacent to rather than under a proposed road pavement, Applicant's existing 4-inch line which extends from an existing delivery point on Panhandle Eastern Pipe Line Company's "North Line" in Section 34, Burton Township, Genesee County, to Applicant's existing Flint No. 2 Meter Station. The estimated cost of the proposed 10-inch line is $16,000.

The existing 4-inch line may or may not be removed and salvaged but, in either event, it will be severed from the system as a result of a change in the load characteristics of the Flint market and a proposed widening and paving of an existing road which will cover in part Applicant's existing 4-inch line.

The estimated total cost of the foregoing projects is $78,700 which will be financed from cash on hand and funds from operations. Applicant states that the operating improvements to the storage fields, described above as (1), (2) and (3), will enable Applicant to operate the storage fields more efficiently and with greater flexibility; that it is estimated that peak day deliverability will be increased approximately 5,000,000 cubic feet as a result of the proposed well lines when operated in conjunction with existing facilities; and that the proposed facilities, described above as (4), will accommodate the needs of Applicant's sole customer, the Consumers Power Company.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on Wednesday, August 22, 1956, at 9:30 a. m., e. d. s. t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before August 17, 1956. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[F. R. Doc. 56-6232; Filed, Aug. 2, 1956; 8:47 a. m.]

INTERSTATE COMMERCE COMMISSION

[No. 31954]

RAILROAD PASSENGER TRAIN DEFICIT

PRE-HEARING CONFERENCE

JULY 31, 1956.

A pre-hearing conference in the above-entitled proceeding will be held at the offices of the Commission in Washington, D. C., on September 5, 1956, at 9 a. m., U. S. standard time (10 a. m. District of Columbia daylight saving time), before Examiner Vandiver.

The purpose of the conference is to consider the information and data that should be developed in this proceeding. The conference also will consider the procedure to be followed, whether by submission of verified statements and exhibits by persons interested and by representatives of committees of groups of parties or by oral hearings, or both; and if oral hearings are to be held, the times and places thereof, with such special rules of practice as may be appropriate.

As bases for discussion at such conference, a list of subjects for consideration, and suggested groups of parties to be represented by committees, if that method is adopted, are set forth in the Appendix to this notice. All interested parties are invited to give their views at the conference as to these suggested subjects and committees. It is desired that any additional proposals of matters for discussion at the conference be submitted in writing to the Commission at least two weeks prior to the date of the conference.

Notice of this conference is given to the respondent common carriers by railroad by service of this notice on such respondents. Notice to the general public is given by depositing a copy of this notice in the office of the Secretary of the Commission in Washington, D. C., and by filing a copy with the Director of the Division of the Federal Register.

By the Commission, Division 3.

[SEAL] HAROLD D. McCOY,
Secretary.

APPENDIX

Suggested subjects for consideration at a prehearing conference in No. 31954, Railroad Passenger Train Deficit, to determine what information and data should be obtained and whether special studies of costs, operations and other matters should be made.

1. Historical development of the Commission's present rules governing separation of operating expenses between freight and passenger-train service; investigation of "direct charges" and allocation of common expenses required by such rules; whether, and in what manner and extent, such rules should be changed.

2. A cost study to determine what part of the passenger deficit is attributable to the various kinds of passenger-train service, viz., parlor and sleeping-car operation, coach, commutation, headend service, such as mail, express, etc. (To be furnished by carriers.) The extent of the cost studies will be considered at the prehearing conference.

3. A survey of the number of trains operated and the number of passengers carried on each train during a representative period. (To be furnished by carriers.)

4. A review of the present and past rate structures to determine what has been the effect on gross and let passenger train revenue of any changed rate levels—either increased or decreased.

5. Determination of the factors which affect the rate structures of airlines and buslines which are advantageous to these carriers as contrasted with the rail passenger rate structure.

6. An overall determination of the factors, other than rate levels, which tend to make passenger train operations profitable or unprofitable, in relation to motor bus and air passenger operations.

7. The effect of suburban development and the private automobile on the passenger deficit.

8. Studies of the political and economic forces exerted upon the railroads to maintain commutation service and of the corresponding obligation of the public with respect to such service.

9. Study of the extent, amount and effect of federal, state, and local taxation on passenger-train service, equipment, and facilities, including excise taxes.

10. Cost of constructing, maintaining and operating railroad passenger terminal facilities and the influence thereof on the passenger-train service deficit.

11. The extent and competitive effect of:

(a) Direct and indirect federal, state, and local aid.

(b) Governmental policies with respect to passenger and headend traffic.

12. An analysis of the difficulties encountered by carriers in discontinuing trains and in the abandonment of lines, stations and agencies.

13. Railroad passenger train service and facilities in relation to the needs and requirements of the national defense.

14. A study of equipment depreciation schedules in relation to obsolescense and modernization of passenger train equipment.

15. Studies of what railroad management has done and plans to do in the way of improvement of equipment and service and the effect thereof on volume of passenger traffic.

COMMITTEES

Establishment of committees to represent the following groups are suggested.

1. Respondent railroads.
2. State regulatory agencies.
3. Railroad labor organizations.
4. Associations of users of passenger services.
5. Shippers and receivers of freight interested in the subject of the passenger train deficit.
6. Other parties.

FOURTH SECTION APPLICATIONS FOR RELIEF

JULY 31, 1956.

Protests to the granting of an application must be prepared in accordance with Rule 40 of the general rules of practice (49 CFR 1.40) and filed within 15 days

from the date of publication of this notice in the FEDERAL REGISTER.

LONG-AND-SHORT HAUL

FSA No. 32445: *Chlorine gas—Evans City, Ala., to Chattanooga and Calhoun, Tenn.* Filed by R. E. Boyle, Jr., Agent, for and on behalf of the Southern Railway Company. Rates on liquefied chlorine gas, tank-car loads from Evans City, Ala., to Chattanooga, North Chattanooga, Boyce, and Calhoun, Tenn.

Grounds for relief: Barge competition.

Tariff: Supplement 164 to Agent Spaninger's I. C. C. 1295.

FSA No. 32446: *Logs—Virginia to North Carolina.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on logs, native wood, carloads from Amoco, Oriana, Oyster Point, and Reservoir, Va., to Cleveland, High Point, Lenoir, Liberty, Statesville, and Thomasville, N. C.

Grounds for relief: Truck competition.

Tariff: Supplement 126 to Agent Spaninger's I. C. C. 1297.

FSA No. 32447: *Substituted service—Motor-rail-motor — Pennsylvania Railroad.* Filed by Motor Carriers Tariff Bureau, Inc., for interested motor carriers and the Pennsylvania Railroad Company. Rates on freight loaded in or on highway trailers transported on railroad flat cars between Chicago, Ill., and Pittsburgh, Pa.

Ground for relief: Motor truck competition.

FSA No. 32448: *Roofing material—Arkansas and Louisiana to Oklahoma.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on roofing material and sheathing, straight or mixed carloads from Camden, Ark., New Orleans and Shreveport, La., to Oklahoma City and Tulsa, Okla.

Grounds for relief: Truck competition and circuitous routes.

Tariffs: Supplement 153 to Agent Kratzmeir's tariff I. C. C. 4109. Supplement 13 to Agent Kratzmeir's tariff I. C. C. 4179.

FSA No. 32449: *Iron and steel articles—Illinois Territory to Louisiana.* Filed by R. G. Raasch, Agent, for interested rail carriers. Rates on iron and steel articles, carloads from Points in Illinois territory to Baton Rouge, North Baton Rouge and New Orleans, La.

Grounds for relief: Circuitous routes.

Tariffs: Supplement 2 to Agent Raasch's I. C. C. 854. Supplement 11 to Agent Raasch's I. C. C. 847.

FSA No. 32450: *Tin and terne plate—Chicago, Ill., to Tampa, Fla.* Filed by R. G. Raasch, Agent, for interested rail carriers. Rates on tin or terne plate, carloads from Chicago, Ill., to Tampa, Fla.

Grounds for relief: Water competition and circuitous routes.

Tariff: Supplement 2 to Agent Raasch's I. C. C. 854.

FSA No. 32451: *Paper and paper articles—South to Minneapolis, Minn.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on paper and paper articles, carloads from specified points in southern territory to Minneapolis, Minn.

Grounds for relief: Circuitous routes.

Tariff: Supplement 36 to Agent Spaninger's I. C. C. 1378; Supplement 52 to Agent Spaninger's I. C. C. 1466.

FSA No. 32452: *Window glass—Arkansas, Louisiana, and Oklahoma to Florida.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on window glass (other than plate), carloads, from Fort Smith, Ark., Henryetta, Okmulgee, Okla., and Shreveport, La., to Fort Lauderdale, North Miami, North Miami Beach, Ojus and Port Everglades Junction, Fla.

Grounds for relief: Foreign market competition and circuitous routes.

Tariff: Supplement 26 to Agent Kratzmeir's I. C. C. 4100.

By the Commission.

DEPARTMENT OF JUSTICE

Office of Alien Property

[Vesting Order 17477, Amdt.]

A. DRIESSEN

In re bonds owned by A. Driessen, also known as Andre Simon Driessen; F-28-31281.

Vesting Order 17477, dated March 1, 1951, is hereby amended to read as follows:

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That A. Driessen, also known as Andre Simon Driessen, whose last known address is 101 Adrian Stoopstrasse, Bad Wiessee, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows:

a. Those certain debts or other obligations, matured or unmatured, evidenced by two (2) The Atchison, Topeka and Santa Fe Railway Company 4 percent General Mortgage One Hundred Year Bonds, due 1995, of $1,000 face value each, bearing the numbers 125364 and 16346 and evidenced by coupons attached to or detached from said bonds and due on or after April 1, 1951, and any and all rights to demand, enforce and collect the aforesaid debts or other obligations, together with any and all rights in, to and under the said bonds and coupons,

b. Twenty-two (22) coupons, each of $20.00 face value, detached from two (2) The Atchison, Topeka and Santa Fe Railway Company 4 percent General Mortgage One Hundred Year Bonds, due 1995, each of $1,000 face value, bearing the numbers 125364 and 16346, said coupons presently in the custody of The Chase National Bank of the City of New York, 18 Pine Street, New York, New York, together with any and all rights thereunder and thereto.

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, A. Driessen, also known as Andre Simon Driessen, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 30, 1956.

For the Attorney General.

[SEAL] PAUL V. MYRON, *Deputy Director, Office of Alien Property.*

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 24—FORMAL EDUCATION REQUIREMENTS FOR APPOINTMENT TO CERTAIN SCIENTIFIC, TECHNICAL, AND PROFESSIONAL POSITIONS

SOIL SCIENTIST

Subparagraph (1) (i) and (ii) of § 24.87 (a) is amended as set out below.

§ 24.87 *Soil Scientist, GS-470-5-15—*(a) *Educational requirement.* (1) Applicants must have successfully completed one of the following:

(i) A full 4-year course of study in an accredited college or university leading to a bachelor's or higher degree with major study in soil science or a closely related subject-matter field. This course of study must have included at least 10 semester hours of course-work in soil science.

(ii) A total of at least 30 semester hours of course-work in plant science, soil science and closely related subject-matter fields of agriculture with major study in soil science or a closely related subject-matter field, including at least 10 semester hours in soil science, plus enough additional experience, or education of an appropriate nature to total 4 years of experience and education or 4 years of education. The quality of this additional experience or education must have been such that, when combined with the required 30 semester hours in plant science, soil science or a closely related subject-matter field of agriculture, it gives the applicant a technical knowledge comparable to that normally acquired through the successful completion of the full 4-year course of study described in subdivision (i) of this subparagraph.

(Sec. 11, 58 Stat. 390; 5 U. S. C. 860)

TITLE 6—AGRICULTURAL CREDIT

Chapter IV—Commodity Stabilization Service and Commodity Credit Corporation, Department of Agriculture

Subchapter B—Loans, Purchases, and Other Operations

[1956 C. C. C. Grain Price Support Bulletin 1, Supp. 1, Rice]

PART 421—GRAINS AND RELATED COMMODITIES

SUBPART—1956-CROP RICE LOAN AND PURCHASE AGREEMENT PROGRAM

A price support program has been announced for the 1956 crop of rice. The 1956 C. C. C. Grain Price Support Bulletin 1 (21 F. R. 3997) issued by the Commodity Credit Corporation and containing the regulations of a general nature with respect to price support operations for certain grains and other commodities produced in 1956, is supplemented as follows:

Sec.
421.1936 Purpose.
421.1937 Availability of price support.
421.1938 Eligible rice.
421.1939 Bagged and bulk rice.
421.1940 Warehouse receipts.
421.1941 Determination of quantity.
421.1942 Determination of quality.
421.1943 Maturity of loans.
421.1944 Support rates.
421.1945 Warehouse charges.
421.1946 Settlement.

AUTHORITY: §§ 421.1936 to 421.1946 issued under sec. 4, 62 Stat. 1070 as amended; 15 U. S. C. 714b. Interpret or apply sec. 5, 62 Stat. 1072, secs. 101, 401, 63 Stat. 1051, 1054; 15 U. S. C. 714c, 7 U. S. C. 1421, 1441.

§ 421.1936 *Purpose.* Sections 421.1936 to 421.1946 state additional specific requirements which, together with the general requirements contained in the 1956 C. C. C. Grain Price Support Bulletin 1 (21 F. R. 3997) comprise the regulations governing loans and purchase agreements under the 1956-crop Rice Price Support Program.

§ 421.1937 *Availability of price support—*(a) *Method of support.* Price support will be made available through

farm-storage and warehouse-storage loans and through purchase agreements.

(b) *Area.* Farm-storage and warehouse-storage loans and purchase agreements will be available to eligible producers on eligible rice produced in the States of Arizona, Arkansas, California, Florida, Illinois, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee and Texas.

(c) *Where to apply.* Application for rice price support must be made at the office of the county committee which keeps the farm program records for the farm. In the case of eligible cooperative marketing associations of producers, application for price support shall be made in the county where the main office of the cooperative marketing association of producers is located or in such other county as the State Committee determines the application can be more expeditiously handled.

(d) *When to apply.* Loans and purchase agreements will be available from time of harvest through January 31, 1957, and the applicable documents must be signed by the producer and delivered to the county committee not later than such date. Applicable documents include the Producer's Note and Loan Agreement for warehouse-storage loans, the Producer's Note and Supplemental Loan Agreement and the Commodity Chattel Mortgage for farm-storage loans and the Purchase Agreement for purchase agreements.

(e) *Eligible producer.* An eligible producer shall be any individual, partnership, association, corporation, or other legal entity producing rice in 1956 as landowner, landlord, tenant, or sharecropper, including a person owning and operating his own farm, a tenant operating a farm renter for cash, a tenant operating a farm under a crop-share lease, contract, or agreement, a landlord leasing to share tenants, and an irrigation company furnishing water for a share of the crop: *Provided*, That a producer shall not be an eligible producer unless he satisfies the compliance requirements of the regulations pertaining to acreage allotments for the 1956 crop as provided in 1956 C. C. C. Rice Bulletin A and any amendments thereto.

(f) *Cooperative associations.* A cooperative marketing association of producers which satisfies the following conditions shall be deemed an eligible producer and shall be eligible for warehouse-storage loans and purchase agreements:

(1) The terms and conditions under which producer members' rice is marketed through the association must be set out in a uniform marketing agreement and must be applicable to all rice delivered to the association by producer members.

(2) The major part of the rice marketed by the association must be produced by members who are eligible producers.

(3) The members must share proportionately in the proceeds from marketings according to the quantity and quality of rice each delivers to the association. This provision shall not be construed to prohibit the association from establishing separate pools.

(4) The association must have authority to obtain a loan on the security of the rice and to give a lien thereon as well as authority to sell such rice.

(5) The association must maintain a record by varieties, grade and milling yields of the total quantity of rough rice acquired by or delivered to the association from all sources and must maintain a separate record of all such rice which is ineligible for price support. The association must keep in inventory at all times a quantity of rough rice of the varieties, average grade and milling yield equal to its outstanding warehouse receipts for commingled rice, plus a quantity of rough rice of the varieties, average grade and milling yield equal to the quantity of rice represented by outstanding warehouse receipts (including receipts held by CCC) for rice stored modified commingled and identity preserved. Rice stored modified commingled or identity preserved must be stored separately by lot and so kept in storage so long as receipts for such rice are outstanding.

(6) Not later than December 1, 1956, the association must have set aside in segregated storage, quantities of rough rice by varieties, grade and milling yield, equivalent to the quantities by varieties, grade and milling yield of rough rice which does not meet the eligibility requirements of § 421.1938, hereinafter referred to as "ineligible" rough rice (except rough rice in inventory on July 31, 1956, and rough rice received from CCC and placed in inventory subsequent to July 31, 1956) received by the association from all sources up to such date. All ineligible rough rice received by the association on or after the date of such segregation must also be set aside in segregated storage together with other rough rice required to be set aside in segregated storage. The association must keep a detailed record of the disposition made of the rough rice required to be so set aside. In addition, all rough rice in inventory on July 31, 1956, and all rough rice received from CCC and placed in inventory subsequent to July 31, 1956, must be physically segregated in storage from other rice and a separate record kept of the disposition of such rice. Price support may be obtained only on that rough rice not required to be segregated in storage by this paragraph. The association shall not be entitled to obtain price support until such ineligible rice has been segregated in accordance with this paragraph.

(7) In making settlement with producer members the association shall make settlement with respect to the ineligible rice separately from the settlement made on eligible rice in accordance with the quantity and quality and sales proceeds from each.

(8) Rough rice held by the association must be made available for inspection by CCC at all reasonable times so long as the association has rice under price support and the books and records of the association must be made available to CCC for inspection at all reasonable times through May 1, 1962.

§ 421.1938 *Eligible rice.* To be eligible for price support, rice must meet the following requirements:

(a) The rice must have been produced in 1956 by an eligible producer on a farm on which the rice acreage allotment was not exceeded in the States of Arizona, Arkansas, California, Florida, Illinois, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, or Texas.

(b) The beneficial interest in the rice must be in the eligible producer tendering the rice for loan or for purchase under a purchase agreement and must always have been in him, or must have been in him and a former producer whom he succeeded before the rice was harvested. In the case of cooperative marketing associations, the beneficial interest in the rice must have been in the producer members who delivered the rice to the association and must always have been in them or in them and former producers whom they succeeded before the rice was harvested.

(c) The rice must be of one of the classes within the Official Standards of the United States for Rough Rice other than "mixed rough rice."

(d) The rice, at the time it is placed under loan or purchased under a purchase agreement, must (1) grade U. S. No. 5 or better (rice of special grades shall not be eligible rice); (2) contain not more than 14 percent moisture; and (3) must not contain mercurial compounds or other substances poisonous to man or animals.

(e) If offered as security for a farm-storage loan, the rice must have been stored in the granary at least 30 days prior to its inspection for measurement, sampling, and sealing, unless otherwise approved by the ASC State Committee.

§ 421.1939 *Bagged and bulk rice.* Rice may be either in bags or in bulk when a loan is obtained or when rice is purchased under a purchase agreement.

(a) *Farm storage.* (1) Loans on farm-stored rice will be made on a bagged or bulk basis in accordance with the manner in which the rice is stored.

(2) Settlement with respect to farm-stored rice acquired by CCC in bulk under loan or purchase agreement shall be on the basis of the net weight of the bulk rice acquired by CCC.

(3) Settlement with respect to farm-stored rice acquired by CCC in bags under loan or purchase agreement shall be on the basis of the combined weight of the rice and bags acquired by CCC, and

title to the bags shall pass with the rice, CCC shall not otherwise pay any amounts representing the value of the bags.

(b) *Approved warehouse storage.* (1) In the case of rice in approved warehouse storage, loans will be made and rice under purchase agreements will be acquired on a bagged or bulk basis in accordance with the manner in which the rice is to be loaded out by the warehouseman as indicated on the warehouse receipt. Therefore, if a loan is made on the basis of loading out the rice in bags, the rice must be in bags at the time of load out by the warehouseman and, if a loan is made on the basis of loading out the rice in bulk, the rice must be in bulk at the time of load out by the warehouseman.

(2) Settlement with respect to rice in approved warehouse storage which the warehouseman is required to load out in bulk shall be on the basis of the net weight of bulk rice acquired by CCC under loan or purchase agreements.

(3) Settlement with respect to rice in approved warehouse storage acquired by CCC under loans or purchase agreements which the warehouseman is required to load out in bags shall be on the basis of the combined weight of the rice and bags, and title to the bags shall pass with the rice, except that, if the rice is not in bags at the time of acquisition by CCC title to the bags shall pass to CCC at the time of load out. CCC shall not otherwise pay any amounts representing the value of the bags. In the event any person should successfully dispute the passing of title to the bags, the producer shall indemnify CCC for any loss sustained by reason thereof.

§ 421.1940 *Warehouse receipts.* Warehouse receipts representing rice in approved warehouse storage to be placed under loan or to be delivered to CCC under a purchase agreement, must meet the requirements of this section.

(a) Warehouse receipts must be issued in the name of the producer, or cooperative marketing association, must be properly endorsed in blank so as to vest title in any holder, and must be issued by a warehouse approved under the Uniform Rice Storage Agreement (CCC Form 26). The receipts must be negotiable, must cover eligible rice actually in store in the warehouse and must clearly indicate whether the rice is stored in bulk or in bags (sacks), and whether the rice is to be delivered in bulk or in bags (sacks). Under the Uniform Rice Storage Agreement, the warehouseman guarantees the quantity and quality of the rice unless the warehouse receipts or accompanying supplemental certificates state that the rice is stored "identity-preserved" or "modified commingled." In the case of rice stored identity-preserved, the warehouseman is not a guarantor but is required to load out the identical rice on which the warehouse receipt was issued. In the case of bulk rice stored modified commingled, the warehouseman guarantees quantity but not quality and the rice of two or more owners is stored together in one lot, the identity of which the warehouseman is required to maintain.

(b) In order to be acceptable as security for a warehouse-storage loan, each warehouse receipt, or the accompanying supplemental certificate, must contain a statement that the rice is insured in accordance with CCC Form 26, "Uniform Rice Storage Agreement," and if such insurance was not effective as of the date of deposit of the rice in the warehouse, the warehouseman must certify as to the effective date of the insurance and that the rice is in the warehouse and undamaged. The insurance on rice with respect to which the warehouseman guarantees quality and quantity (hereinafter called commingled rice) must be obtained by the warehouseman. Insurance on modified commingled rice must be obtained by the warehouseman. Insurance on identity-preserved rice must be obtained by either the producer or the warehouseman. If the insurance on identity-preserved rice is obtained by the producer, it must be assigned to the warehouseman, with the consent of the insurance company, before a loan will be made and the warehouseman must also certify that the insurance has been assigned to him with the consent of the insurance company. Insurance is not required in order for rice represented by warehouse receipts to be purchased under the purchase agreement program.

(c) A supplemental certificate will be required to be executed in duplicate when all of the following information is not contained in the warehouse receipt or inspection certificate: Variety, grade, grade factors, milling yield, moisture, gross and net weight, method of storage, manner in which the rice will be delivered (bulk or bagged), and manner by which the rice was received. When required, the supplemental certificate (completed for all items) shall be executed by the warehouseman for commingled rice, by the warehouseman and producer for modified commingled rice and by the producer for identity-preserved rice.

(d) When the warehouse receipt represents identity-preserved rice, the producer's responsibility will be the same as stated in § 421.1615 of the 1956 C. C. C. Grain Price Support Bulletin 1 for farm-stored rice. The producer's responsibility for modified commingled rice shall be the same as stated in § 421.1615 of 1956 C. C. C. Grain Price Support Bulletin 1 for farm-stored rice except that he shall not be responsible for the quantity.

(e) A separate warehouse receipt must be submitted for each class or variety, grade, and milling yield of rice.

(f) Warehouse receipts must carry an endorsement by the warehouseman in substantially the following form:

Warehouse charges through (insert the applicable maturity date for loans for the State where stored), including, but not limited to, receiving and loading out charges accrued or to accrue, and all other charges incident to the acquisition of the rice by CCC, on the rice represented by this warehouse receipt have been paid or otherwise provided for and a lien for such charges will not be claimed by the warehouseman from CCC or any subsequent holder of the warehouse receipt. If the rice represented by this warehouse receipt is to be loaded out in bags (sacks), the warehouseman agrees that any and all right, title, and interest which he has in such bags (sacks) shall pass with the rice when such rice is acquired under the price support program or shall pass at the time the rice is loaded out, if the rice is not in bags at the time of acquisition by CCC.

(g) The warehouse receipt shall not contain any statement indicating that the quantity is subject to a shrinkage factor.

§ 421.1941 *Determination of quantity.* (a) Loans and purchase agreements shall be made on the basis of rough rice expressed in units of 100 pounds, and fractional units of less than 100 pounds shall be disregarded except in the case of loans made on the basis of commingled warehouse receipts the exact weight shown on the warehouse receipt shall be used. The quantity of rice placed under farm-storage loan may be determined either by weight or by measurement. The quantity of rice placed under a warehouse-storage loan shall be determined on the basis of weight. Determination of the quantity of rice delivered under a farm-storage loan, or for making settlement on an identity-preserved warehouse-storage loan or under a purchase agreement shall be on the basis of weight.

(b) In determining the quantity of bagged rice by weight, the gross weight, including bags, shall be used. When necessary to convert bagged rice to a bulk basis or bulk rice to a bagged basis, an adjustment of ¾ pound for 100 pounds of gross weight shall be made as allowance for the weight of the bag.

(c) When the quantity of rice is determined by measurement, a cubic foot of rice testing 45 pounds per bushel, shall be 36 pounds. The quantity determined will be the following percentages of 36 pounds:

For rice testing:	Percent
45 pounds or over	100
44 pounds or over, but less than 45 pounds	98
43 pounds or over, but less than 44 pounds	96
42 pounds or over, but less than 43 pounds	93
41 pounds or over, but less than 42 pounds	91
40 pounds or over, but less than 41 pounds	89

Proportionately lower for rice testing below 40 pounds.

(d) In the case of commingled rice, loans will be made and settlement with the producer will be made on 100 percent of the quantity of rice determined in accordance with this section, based on the quantity shown on the warehouse receipt or the supplemental certificate. In all other cases, loans will be made on 95 percent of the quantity of rice determined in accordance with this section, and the determination of quantity for settlement purposes will be made on the basis of the actual quantity acquired by CCC, except that in the case of bulk rice stored modified commingled, settlement with the producer will be made on the basis of 100 percent of the quantity shown on the warehouse receipt or the supplemental certificate.

(e) In the case of rice under purchase agreement, the producer shall, at the time he notifies the County Committee of his intention to sell rice to CCC, specify the quantity of each class or variety of rice included in the total quantity to be sold.

§ 421.1942 *Determination of quality.* (a) The class, grade, grade factors, milling yield and all quality factors for price support purposes shall be determined in accordance with the methods set forth in the Official United States Standards for Rough Rice.

(b) In the case of commingled rice, loans will be made and settlement with the producer, either on loans or purchase agreements, will be on the basis of the quality shown on the warehouse receipt or supplemental certificate. In all other cases, loans will be made on the basis of quality shown on the official (Federal or Federal-State) sample inspection certificate, based on a representative sample drawn by the County Committee for each lot of rice at the time application is made for the loan, and settlement with the producer, both with respect to loans and purchase agreements, will be on the basis of quality determined by a Federal or Federal-State lot inspection certificate dated not earlier than 30 days prior to the applicable maturity date for loans, and submitted by the producer in accordance with the settlement provisions of this bulletin. Sample inspection fees incurred by the county committee in connection with the making of loans will be for the account of CCC. Lot inspection fees incurred in connection with the acquisition of rice by CCC will be for the account of the producer.

§ 421.1943 *Maturity of loans.* Unless demand is made earlier, loans on rice stored in California and Arizona will mature on April 30, 1957 and loans on rice stored in other States will mature on March 18, 1957.

§ 421.1944 *Support rates.* Loans and purchases under purchase agreement will be made at the support rates set forth in this section.

(a) *Basic rates.* The basic support rate per 100 pounds of rough rice in approved storage and with all accrued charges paid through the applicable maturity date for loans, including all receiving and loading out charges, accrued or to accrue, shall be computed as follows: Multiply the yield (in pounds per hundredweight) of head rice by the applicable value factor for head rice (as shown in the table below according to class or variety). Similarly, multiply the difference between the total yield and head rice yield (in pounds per hundredweight) by the applicable value factor for broken rice. Add the results of these two computations to obtain the basic loan or purchase rate per 100 pounds of rough rice and express such rate in dollars and cents, rounded to the nearest whole cent.

VALUE FACTORS FOR HEAD AND BROKEN RICE

Group	Rough rice class or variety	Head rice	Broken rice
I	Patna (except the variety Century Patna), and Rexore (except the variety Rexark).	$0.0968	$0.035
II	Blue Bonnet, Nira and Rexark	.0918	.035
III	Century Patna, Fortuna, R. N., and Edith	.0852	.035
IV	Blue Rose (including the varieties Improved Blue Rose, Greater Blue Rose, Kamrose and Arkrose), Magnolia, Zenith, Prelude and Lady Wright.	.0730	.035
V	Pearl, Calrose, Early Prolific, Calady, and other varieties	.0677	.035

(b) *Premiums and discounts.* The basic support rates, determined under paragraph (a) of this section, per 100 pounds of rough rice shall be adjusted by the following premium or discount for the grade applicable to an individual lot of rough rice:

Grade U. S. No. 1: Premium of 20 cents per 100 pounds.
Grade U. S. No. 2: Premium of 10 cents per 100 pounds.
Grade U. S. No. 3: Discount of 5 cents per 100 pound s.
Grade U. S. No . 4: Discount of 20 cents per 100 pounds.
Grade U. S. No. 5: Discount of 40 cents per 100 pounds.

(c) *Location differentials.* For rice produced in the following areas, discounts for location (to adjust for transportation costs of moving the rice to an area where competitive milling facilities are available) shall be applied to the basic support rate determined under paragraph (a) of this section and shall be in addition to any adjustment in accordance with paragraph (b) of this section: *Provided, however,* That such location differentials shall not apply to rice produced in these areas if the rice is transported to a rice producing area where no location differential is applicable and is there placed under loan or delivered to CCC under a purchase agreement:

Area	Discount per 100 pounds
State of Florida	$0.84
States of South Carolina and North Carolina	.80
Counties of Lafayette, Little River and Miller in Arkansas; Bowie in Texas; McCurtain in Oklahoma; and Bossier Parish in Louisiana	.37
Imperial County, California and adjacent counties in Arizona and California	.99
Counties of Holt, Lincoln, Marion, Pike, and St. Charles in Missouri, and Adams in Illinois	.46

§ 421.1945 *Warehouse charges.* On rice stored in an approved warehouse prior to acquisition by CCC and acquired by CCC in such approved storage, with receiving and loading out charges paid by the producer, CCC will refund to the producer an amount computed at the rate of 8 cents per hundred pounds as compensation for any receiving and loading out charges paid by the producer. Inspection and weighing fees and any special charges assessed by the warehouseman, such as for unpiling and repiling required in order to obtain weights or grade samples in connection with acquisition of the rice by CCC from the producer, shall be for the account of the producer.

§ 421.1946 *Settlement*—(a) *Farm storage loans.* (1) For settlement on loans on farm-stored rice the producer shall, at his own expense at the time of delivery of the rice, furnish to the county committee official weight certificates and Federal or Federal-State lot inspection certificates dated not earlier than 30 days prior to the applicable maturity date, covering the rice. Settlement on such loans will be made at the applicable support rate for the grade and quality of the quantity of rice as shown by such weight certificates and inspection certificates. However, notwithstanding the foregoing provisions of this subparagraph, if, at the time of delivery to CCC of the rice, the warehouseman, with the agreement of the producer, issues a commingled warehouse receipt covering the rice, inspection and weight certificates will not be required and settlement with the producer will be made at the applicable support rate for the quantity and quality of rice shown on the commingled warehouse receipt.

(2) If the inspection certificate for the rice under farm-storage loan, or, where applicable, the commingled receipt for rice originally covered by a farm-storage loan, shows that the rice is of a grade for which no support rate has been established, the settlement value shall be the support rate established for the grade and milling yield of the rice placed under loan, less the difference, if any, on the date that the inspection and weight certificates, or the commingled receipts, are delivered to the county committee, between the market price for the grade and milling yield placed under loan and the market price of the rice described in the inspection certificate or commingled warehouse receipts, as determined by CCC: *Provided, however,* That if the rice is sold by CCC in order to determine its market price, the settlement value shall not be less than such sales price.

(3) If rice, placed under farm-storage loan in an area where a location differential is in effect, is delivered to CCC by the producer in satisfaction of the loan in a rice producing area where no location differential is applicable, settlement will be made on the basis of the applicable support rate for the area where the rice is delivered.

(b) *Identity-preserved warehouse-storage loans.* (1) For settlement on loans on identity-preserved warehouse stored rice not repaid by maturity, the producer shall, at his own expense and within 10 days after maturity, furnish to the county committee official weight certificates and Federal or Federal-State lot inspection certificates dated not earlier than 30 days prior to the applicable maturity date, covering the rice. Settlement on such loans will be made at the applicable support rate for the grade and quality of the quantity of rice as shown by such weight certificates and inspection certificates. However, notwithstanding the foregoing provisions of this subparagraph, if, at the time of acquisition by CCC of rice covered by an

identity-preserved warehouse-storage loan, the warehouseman, with the agreement of the producer, issues a commingled warehouse receipt covering the rice, inspection and weight certificates will not be required and settlement with the producer will be made at the applicable support rate for the quantity and quality of rice shown on the commingled warehouse receipt. Notwithstanding the foregoing provisions of this subparagraph, if CCC determines that the warehouseman failed to maintain the identity of rice covered by an identity-preserved warehouse-storage loan, the producer will not be required to furnish lot inspection and weight certificates, and settlement with the producer will be made at the applicable support rate for the quantity and quality of rice shown on the warehouse receipt and supporting documents.

(2) If the inspection certificate for the rice under identity-preserved warehouse-storage loan, or, where applicable, the commingled receipt for rice originally stored identity-preserved, shows that the rice is of a grade for which no support rate has been established, the settlement value shall be the support rate established for the grade and milling yield of the rice placed under loan, less the difference, if any, on the date that the inspection and weight certificates, or the commingled receipts, are delivered to the county committee, between the market price for the grade and milling yield placed under loan and the market price of the rice described in the inspection certificate or commingled receipt, as determined by CCC: *Provided, however,* That if the rice is sold by CCC in order to determine its market price, the settlement value shall not be less than such sales price.

(c) *Modified commingled warehouse-storage loans.* (1) For settlement on loans on modified commingled warehouse-stored rice not repaid by maturity, the producer shall at his own expense and within 10 days after maturity, furnish to the County Committee a Federal or Federal-State lot inspection certificate dated not earlier than 30 days prior to the applicable maturity date, covering the lot of rice acquired by CCC which must have been taken from the modified commingled lot against which the warehouse receipt representing the rice under loan was issued. Settlement on such loans shall be made at the applicable support rate for the grade and quality of the rice as shown on the inspection certificate and for the quantity shown on the warehouse receipt. However, notwithstanding the foregoing provisions of this subparagraph, if, at the time of acquisition of the rice by CCC, the warehouseman, with the agreement of the producer, issues a commingled warehouse receipt covering the rice, inspection certificates will not be required and settlement with the producer will be made at the applicable support rate for the quantity and quality of rice shown on the commingled warehouse receipt. Notwithstanding the foregoing provisions of this subparagraph, if CCC determines that the warehouseman failed to maintain the identity of any lot of rice covered by a modified commingled warehouse-storage loan, the producer will not be required to furnish lot inspection certificates, and settlement with the producer will be made at the applicable support rate for the quantity and quality of rice shown on the warehouse receipt and supporting documents.

(2) If the inspection certificate for the rice under modified commingled warehouse-storage loan, or, where applicable, the commingled warehouse receipt for rice originally stored modified commingled, shows that the rice is of a grade for which no support rate has been established, the settlement value shall be the support rate established for the grade and milling yield of the rice placed under loan, less the difference, if any, on the date that the inspection cartificate, or commingled receipt, is delivered to the County Committee, between the market price for the grade and milling yield placed under loan and the market price of the rice described in the inspection certificate or commingled warehouse receipt, as determined by CCC: *Provided, however,* That if the rice is sold by CCC in order to determine its market price, the settlement value shall not be less than such sales price.

(d) *Commingled warehouse-storage loans.* Settlement will be made with the producer at the applicable support rate for the quantity and quality of rice shown on the warehouse receipt and accompanying documents.

(e) *Purchase agreements.* (1) The producer who signs a purchase agreement (Commodity Purchase Form 1) will not be obligated to sell any quantity of the rice to CCC. However, he may sell to CCC any quantity of eligible rice not in excess of the quantity stated in the purchase agreement. If the producer who signs a purchase agreement wishes to sell the rice to CCC, he will have a 30-day period during which he must notify the county committee in writing of his intentions to sell. Such period shall end on the applicable loan maturity date specified in § 421.1943 or such earlier date as may be prescribed by the Executive Vice President, CCC.

(2) In the case of eligible rice stored commingled in an approved warehouse, the producer must, not later than the day following the final date of such 30-day period, or during such period of time thereafter as may be specified by the county committee, submit to the county committee warehouse receipts under which the warehouseman guarantees quality and quantity, for the quantity of rice he elects to sell to CCC. In the case of eligible rice stored in other than approved warehouse storage, or stored identity-preserved or modified commingled in approved warehouse storage, the county committee will, on or after the final date of such 30-day period, issue delivery instructions to the producer. The producer must then complete delivery within a 15-day period immediately following the date the county committee issues delivery instructions, unless the county committee determines that more time is needed for delivery.

(3) The producer may be required to retain rice stored in other than approved warehouse storage for a period of 60 days after the applicable loan maturity date without any cost to CCC. CCC will not assume any loss in quantity or quality of rice covered by a purchase agreement occurring prior to delivery to CCC, except for quality deterioration under the following circumstances. If a producer has properly requested delivery instructions and CCC cannot accept delivery within the 60-day period following the applicable loan maturity date, the producer may notify the county committee at any time after such 60-day period that the rice is going out of condition or is in danger of going out of condition. Such notice must be confirmed in writing. If the county committee determines that the rice is going out of condition or is in danger of going out of condition and that the rice cannot be satisfactorily conditioned by the producer, and delivery cannot be accepted within a reasonable length of time, the county committee shall obtain an inspection and grade and quality determination. When delivery is completed, settlement shall be made on the basis of such grade and quality determination or on the basis of the grade and quality determination made at the time of delivery, whichever is higher, and on the basis of quantity actually delivered.

(4) Eligible rice sold to CCC under a purchase agreement will be purchased at the applicable support rate for the grade and quality of the rice sold. CCC will accept modified commingled warehouse receipts under the purchase agreement program only when the entire quantity of rice in the modified commingled lot against which the warehouse receipt was issued, is delivered to CCC in a single unit. Otherwise, rice so stored must be removed from such storage and, if the producer desires to deliver warehouse receipts to CCC under the sale, new warehouse receipts representing the lot to be sold must be obtained from an approved warehouse. Where the rice sold to CCC is represented by modified commingled warehouse receipts, the producers shall, at their expense, furnish to the County Committee at the time of sale Federal or Federal-State lot inspection certificates covering the entire quantity of rice in the modified commingled lot issued on a single date not earlier than 30 days prior to the applicable maturity date for loans and settlement with the producer will be made at the applicable support rate for the quality of rice shown on such inspection certificates and the quantity of rice shown on the warehouse receipt. Where the rice sold is represented by an identity-preserved warehouse receipt or is physically delivered to CCC, the producer shall, at his expense, furnish to the County Committee at the time of sale official weight certificates and Federal or Federal-State lot inspection certificates dated not earlier than 30 days prior to the applicable maturity date for loans and settlement with the producer will be made at the applicable support rate for the quantity and quality of rice shown on such weight and inspection certificates. Where the rice sold is represented by commingled warehouse receipts, inspection and weight certificates will not be required and settlement with the producer will be made at the applicable

support rate for the quantity and quality of rice shown on the commingled warehouse receipt. When delivery is completed, payment will be made by sight draft drawn on CCC by the county office. The producer shall direct on Commodity Purchase Form 4 to whom payment of the proceeds shall be made.

(f) *Storage payment where CCC is unable to take delivery of rice stored in other than an approved warehouse under loan or purchase agreement.* The producer may be required to retain rice stored in other than an approved warehouse under loan or purchase agreement for a period of 60 days after the applicable maturity date without any cost to CCC. However, if CCC is unable to take delivery of such rice within the 60-day period after maturity, the producer shall be paid a storage payment upon delivery of the rice to CCC: *Provided, however,* That a storage payment shall be paid a producer whose rice is stored in other than an approved warehouse under purchase agreement only if he has properly given notice of his intention to sell the rice to CCC and delivery cannot be accepted within the 60-day period after maturity. The period for earning such storage payment shall begin the day following the expiration of the 60-day period after maturity and extend through the final date of delivery, or the final date for delivery as specified in the delivery instructions issued to the producer by the county office, whichever is earlier. The storage payment shall be computed at the rate of 2½ cents per cwt. for each 30 days or fraction thereof for the eligible rice accepted for delivery by CCC.

(g) *Weight or inspection certificates.* In any instance where the producer fails to furnish to CCC weight or inspection certificates required for settlement on loans, CCC may obtain such certificates. The cost incurred by CCC in obtaining such certificates and any other fees or expenses incurred in connection with settlement on loans shall be for the account of the producer.

Issued this 31st day of July 1956.

[SEAL] EARL M. HUGHES,
Executive Vice President,
Commodity Credit Corporation.

[F. R. Doc. 56-6275; Filed, Aug. 3, 1956; 8:48 a. m.]

TITLE 7—AGRICULTURE

Chapter VIII—Commodity Stabilization Service (Sugar), Department of Agriculture

[Sugar Reg. 814.15, Amdt. 1]

PART 814—ALLOTMENT OF SUGAR QUOTAS

PUERTO RICO, 1956

Basis and purpose. This amendment is issued under section 205 (a) of the Sugar Act of 1948, as amended (hereinafter called the "act"), for the purpose of revising Sugar Regulation 814.15 (20 F. R. 9901; 21 F. R. 105) which allots the 1956 sugar quota for Puerto Rico for consumption in the continental United States (including raw sugar transferred for further processing and shipment within the direct-consumption portion of such quota) and the 1956 sugar quota for local consumption in Puerto Rico among persons who process Puerto Rican sugarcane into sugar (1) to be brought into the continental United States and (2) to be marketed for local consumption in Puerto Rico.

The sugar quota for Puerto Rico for consumption in the continental United States is referred to herein as "mainland quota" and allotments thereof are referred to as "mainland allotments". The sugar quota for consumption in Puerto Rico and allotments thereof are referred to as "local quota" and "local allotments," respectively.

Revision of Sugar Regulation 814.15 is necessary to substitute in the determination of allotments the final data on processings of sugar from 1955–56 crop cane, 1955 marketings and January 1, 1956, inventories of sugar.

The allotments established by the initial order were based upon 1954–55 crop processings as estimates of 1955–56 crop processings; 1955 allotments as estimates of 1955 marketings; and January 1, 1955; inventories plus 1954–55 crop processings less 1955 allotments as estimates of January 1, 1956, inventories. To prevent any allottee from marketing sugar in excess of the allotment established therefor on the basis of the final data, marketings were limited to 80 percent of the allotments. Final data on 1955–56 crop processings, 1955 marketings and January 1, 1956, inventories of sugar are now available and are reflected in the following table together with the measures of the three factors, "processings * * * from proportionate shares * * *," "past marketings," and "ability to market":

Processor	Production of sugar from 1955–56-crop sugarcane		Average annual marketings 1951 through 1955		Jan. 1, 1956, stocks plus production from 1955–56-crop sugarcane		1955 Local marketings	
	Short tons, raw value	Percent of total	Short tons, raw value	Percent of total	Short tons, raw value	Percent of total	Short tons, raw value	Percent of allottee's total 1955 marketings

Total	1,151,749	100.000	1,128,344	100.000	1,284,276	100.000	99,958	

The record of the public hearing provides for the revision of the order to give effect to final 1955–56 crop production, 1955 marketings and January 1, 1956, carryover data, and the concurrence of each allottee under § 814.15 is included in the transcript or has been received in writing. This agreement was conditioned upon the use of the same allotment formula as was used in the initial order. The revised allotments are based on the same formula used in the initial order. This amendment allots the full amount of both quotas.

Since a number of allottees have already brought in or marketed a large portion of their initial allotments, it is imperative that this amendment become effective at the earliest possible date in order to permit continued orderly marketing of sugar. Accordingly, it is hereby found that compliance with the 30-day effective date requirement of the Administrative Procedure Act (60 Stat. 237) is impracticable and contrary to the public interest and consequently this order shall be effective when published in the FEDERAL REGISTER.

Pursuant to the authority vested in the Secretary of Agriculture by section 205 (a) of the act, paragraphs (a) and (c) (1) of § 814.15 are hereby amended to read as follows:

§ 814.15 *Allotment of 1955 sugar quotas for Puerto Rico—(a) Allotments.* The 1956 sugar quota for Puerto Rico for consumption in the continental United States as established in Part 811 of this chapter (21 F. R. 4653), (including raw sugar to be further processed and marketed within the direct-consumption portion of such quota) and the 1956 sugar quota for local consumption in Puerto Rico established in § 812.15 of this chapter (20 F. R. 9850) are hereby allotted to the following processors in quantities which appear in columns (1) and (2) opposite their respective names:

[Short tons, raw value]

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Valencia Orange Reg. 80]

PART 922—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

LIMITATION OF HANDLING

§ 922.380 *Valencia Orange Regulation 80*—(a) *Findings.* (1) Pursuant to the marketing agreement and Order No. 22, as amended (7 CFR Part 922; 21 F. R. 4392), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendations and information submitted by the Valencia Orange Administrative Committee, established under the said order, and upon other available information, it is hereby found that the limitation of handling of such Valencia oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The Valencia Orange Administrative Committee held an open meeting on August 2, 1956, after giving due notice thereof, to consider supply and market conditions for Valencia oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Valencia oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed on or before the effective date hereof.

(b) *Order.* (1) The quantity of Valencia oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a. m., P. s. t., August 5, 1956, and ending at 12:01 a. m., P. s. t., August 12, 1956, is hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 785,400 cartons;

(iii) District 3: Unlimited movement.

(2) All Valencia oranges handled during the period specified in this section are subject also to all applicable size restrictions which are in effect pursuant to this part during such period.

(3) As used in this section, "handled," "handler," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in said marketing agreement and order, as amended.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: August 3, 1956.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[F. R. Doc. 56-6383; Filed, Aug. 3, 1956; 11:37 a. m.]

PART 940—PEACHES GROWN IN THE COUNTY OF MESA, COLO.

DETERMINATION RELATIVE TO EXPENSES AND FIXING OF RATE OF ASSESSMENT FOR 1956-57 FISCAL YEAR

Pursuant to the marketing agreement, as amended, and Order No. 40, as amended (7 CFR Part 940), regulating the handling of peaches grown in the County of Mesa in the State of Colorado, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the proposals submitted by the Administrative Committee (established pursuant to said amended marketing agreement and order), it is hereby found and determined that:

§ 940.208 *Expenses and rate of assessment for the 1956-57 fiscal year*—(a) *Expenses.* Expenses that are reasonable and likely to be incurred by the Administrative Committee, established pursuant to the provisions of the amended marketing agreement and order (§§ 940.1 to 940.95), for the maintenance and functioning of such committee, in accordance with the provisions thereof, during the fiscal year beginning March 1, 1956, and ending February 28, 1957, will amount to $13,000.00.

(b) *Rate of assessment.* The rate of assessment, which each handler who first handles peaches shall pay as his pro rata share of the aforesaid expenses in accordance with the applicable provisions of said amended marketing agreement and order, is hereby fixed at $0.012 per bushel basket of peaches, or its equivalent of peaches in other containers or in bulk, shipped by such handler during said fiscal year.

It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective time hereof until 30 days after publication in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that (1) said Administrative Committee at a meeting held on June 28, 1956, proposed an itemized budget of expenses and a rate of assessment based upon information then available as to production of peaches during the 1956 season and anticipated expenses; (2) necessary supplemental information supporting the proposed budget and rate of assessment was not made available to the Department until July 23, 1956; (3) shipments of the current crop of peaches from Mesa County, Colorado, are expected to begin on or about August 1, 1956; (4) the rate of assessment is, in accordance with the amended marketing agreement and order, applicable to all fresh peaches shipped during the 1956-57 fiscal year; and (5) it is essential that the specification of the assessment be issued immediately so that the aforesaid assessments may be collected, and thereby enable said Administrative Committee to perform its duties and functions in accordance with said amended marketing agreement and order.

As used herein, the terms "handler," "ship," "peaches," and "fiscal year" shall have the same meaning as when used in said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Issued this 1st day of August 1956, to become effective on the date of publication hereof in the FEDERAL REGISTER.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

[F. R. Doc. 56-6269; Filed, Aug. 3, 1956; 8:48 a. m.]

[Lemon Reg. 653]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.760 *Lemon Regulation 653*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 20 F. R. 8451; 21 F. R. 4393), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on August 1, 1956, such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., August 5, 1956, and ending at 12:01 a. m., P. s. t., August 12, 1956, is hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 279,000 cartons;

(iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: August 2, 1956.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[F. R. Doc. 56-6325; Filed, Aug. 3, 1956; 8:55 a. m.]

[Lime Order 3, Amdt. 1]

PART 1001—LIMES GROWN IN FLORIDA

QUALITY AND SIZE REGULATION

Findings. (1) Pursuant to the marketing agreement and Order No. 101 (7 CFR Part 1001; 20 F. R. 4179) regulating the handling of limes grown in Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq., 68 Stat. 906, 1047), and upon the basis of the recommendations of the Florida Lime Administrative Committee, established under the aforesaid marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of limes, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than August 6, 1956. Shipments of designated varieties of Florida limes are currently subject to quality and size regulation pursuant to Lime Order 3 (§ 1001.303; 21 F. R. 5033), and, unless sooner modified or terminated, will continue to be so regulated until May 1, 1957; determinations as to the need for, and extent of, continued regulation of Florida lime shipments must await the development of the crop and the availability of information on the demand for such fruit; the recommendation and supportnig information for regulation of lime shipments subsequent to August 5, 1956, and in the manner herein provided, were promptly submitted to the Department after an open meeting of the Florida Lime Administrative Committee on July 24; such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were given an opportunity to submit their views at this meeting; the provisions of this amendment are identical with the aforesaid recommendation of the committee, and information concerning such provisions has been disseminated among handlers of Florida limes; it is necessary, in order to effectuate the declared policy of the act, to make this amendment effective at the time hereinafter set forth; and compliance with this amendment will not require any special preparation on the part of the persons subject thereto which cannot be completed by the effective time hereof.

It is, therefore, ordered: That the provisions in subparagraph (2) (ii) of paragraph (b) of § 1001.303 (Lime Order 3; 21 F. R. 5033) are hereby amended to read as follows:

(ii) Any container of limes, grown in the State of Florida, except the area west of the Suwannee River, of the group known as large fruited or persian limes (including Tahiti, Bearss, and similar varieties) unless the limes in such container grade at least U. S. Combination Turning, and are of a size not smaller than 1⅝ inches in diameter, nor larger than 2¼ inches in diameter: *Provided*, That, not to exceed 5 percent, by count, of the limes in any container may fail to meet such diameter requirements; or

Effective time. The provisions of this amendment shall become effective at 12:01 a. m., e. s. t., August 6, 1956.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: August 1, 1956.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.

TITLE 26—INTERNAL REVENUE, 1954

Chapter I—Internal Revenue Service, Department of the Treasury

Subchapter E—Alcohol, Tobacco, and Other Excise Taxes

[T. D. 6194]

PART 175—TRAFFIC IN CONTAINERS OF DISTILLED SPIRITS

LIQUOR BOTTLES

In order (a) to liberalize the requirement that the penalty clause may be placed only on the shoulder of a regular liquor bottle, and (b) to delete the requirement that consignees must furnish consignors with a notice of receipt each time a shipment of liquor bottles is received, 26 CFR Part 175 is amended as follows:

PARAGRAPH 1. Section 175.34 is amended by striking therefrom the phrase "on the shoulder", and inserting in lieu thereof the phrase "on the neck, shoulder, or side".

PAR. 2. Section 175.71 is amended as follows:

(A) By amending the headnote to read, "Report of shipment by manufacturer".

(B) By inserting at the end of the section the following new sentence, "The consignee shall note on the report the date the shipment was received and any shortage."

PAR. 3. Section 175.72 is revoked and a new § 175.72 is added as follows:

§ 175.72 *Report of return shipment by bottler.* When a bottler returns unused bottles to a manufacturer, he shall furnish the manufacturer a report showing the date of the bottler's order, the date the return shipment was made, the shipping or delivery destination, the method of shipment, the number of packages, and the size, quantity, and description of the liquor bottles returned. The manufacturer shall note on the report the date the shipment was received and any shortage.

PAR. 4. Section 175.73 and the headnote thereto is amended to read as follows:

§ 175.73 *Records of orders for, and reports of shipment of, liquor bottles.* The person placing the order shall keep in his place of business a copy of each order and the original report of shipment or delivery. The manufacturer-consignor shall keep in his place of business the original order and a copy of the report of shipment or delivery. Where stocks of liquor bottles bearing the same indicia authorized under §175.60 are ordered by a parent company for shipment direct to a wholly owned subsidiary, the parent company shall furnish such subsidiary with a copy of the order. Where such bottles are ordered and received by the parent company and subsequently transferred to a wholly owned subsidiary, the parent company shall furnish the subsidiary with a notice of such shipment. Where such liquor bottles are transferred between the wholly owned subisidiaries, the transferor shall furnish the transferee with a notice of shipment. The records prescribed by this part shall be maintained for a period of two years, available for inspection by internal revenue officers.

PAR. 5. Section 175.87 is amended by striking from the third sentence, which begins "There shall be", the phrase "in the shoulder" and inserting in lieu thereof the phrase "on the neck, shoulder, or side".

PAR. 6. Section 175.94 is amended by striking therefrom the phrase "in the shoulder" and inserting in lieu thereof the phrase "on the neck, shoulder, or side".

Because this Treasury decision is liberalizing in effect and noncontroversial in character, it is hereby found unnecessary to issue the Treasury decision with notice and public procedure thereon under section 4 (a), or subject to the effective date limitation of section 4 (c), of the Administrative Procedure Act, approved June 11, 1946. Accordingly, this Treasury decision shall be effective on the date of publication in the FEDERAL REGISTER.

(Sec. 7805, 68A Stat. 917; 26 U. S. C. 7805)

[SEAL] O. GORDON DELK,
Acting Commissioner of Internal Revenue.

Approved: August 1, 1956.

DAN THROOP SMITH,
Special Assistant to the Secretary in Charge of Tax Policy.

[F. R. Doc. 56-6285; Filed, Aug. 3, 1956; 8:50 a. m.]

Subchapter H—Internal Revenue Practice

PART 601—STATEMENT OF PROCEDURAL RULES

This part, as filed with the FEDERAL REGISTER on June 29, 1955, and as amended on October 13, 1955, is further amended as follows:

PARAGRAPH 1. Section 601.103 (c) (1), *General*, is amended by striking out the second sentence and inserting in lieu thereof the following: "Following review of the protest, the case will be referred to the Appellate Division of the region (if that Division has jurisdiction, see § 601.106 (a) (3)), and the taxpayer may also be accorded a conference in the Appellate Division."

PAR. 2. Section 601.105 (c) (2), *Scope of informal conference procedure*, is amended by striking out in the second sentence after the colon "chapter 35 (relating to wagering)" and by inserting in lieu thereof "subchapter B of chapter 35 (relating to the occupational tax on wagering)".

PAR. 3. Section 601.203 (a), *General*, is amended by striking out all of subparagraph (1) and inserting in lieu thereof the following:

(1) The Commissioner may compromise, in accordance with the provisions of section 7122 of the Code, any civil or criminal case raising under the internal revenue laws prior to reference to the Department of Justice for prosecution or defense. Certain functions of the Commissioner with respect to compromises of civil cases involving liability under $5,000, and of certain specific penalties involving only the regulatory provisions of the Code and related statutes, have been delegated to district directors of internal revenue. In civil cases involving liability of $500 or over and in criminal cases the functions of the General Counsel are performed by the Chief Counsel for the Internal Revenue Service. In certain cases these functions are performed in the National Office and in other cases by Regional Counsel. (See also paragraph (c) of this section.)

PAR. 4. Section 601.203 (c), *Consideration of offer*, is amended as follows:

(A) By striking out the third sentence, and that portion of the fourth sentence which precedes (*a*) of subparagraph (1) and inserting in lieu thereof the following:

If the district director has jurisdiction over the processing of the offer he will—

(i) Reject the offer, or

(ii) Accept the offer if it involves a civil liability under $500, or

(iii) Accept the offer if it involves a civil liability of $500 or more, but less than $5,000, or involves a specific penalty (including in the case of narcotics, smoking opium, and marihuana taxes only those specific penalties which involve delinquency in registration or delinquency in payment), and the Regional Counsel concurs in the acceptance of the offer, or

(iv) Recommend to the National Office the acceptance of the offer if it involves a civil liability of $5,000 or over.

(2) (i) If the district director does not have jurisdiction over the entire processing of the offer, the offer is transmitted to the appropriate Regional Counsel if the case is one in which:

(B) By redesignating (*1*), (2), (*3*), and (*4*) of subparagraph (2) (i) (*h*) (as redesignated) as subdivisions (ii), (iii), (iv), and (v).

(C) By amending subdivisions (ii), (iii), and (iv) of subparagraph (2) (as redesignated) by striking out "this subparagraph" each place it appears and inserting in lieu thereof "subdivision (i) of this subparagraph".

(D) By amending subdivision (v) of subparagraph (2) (as redesignated) to read as follows:

(v) An offer under the processing jurisdiction of the Regional Counsel which is considered acceptable is either referred to the district director or to the Office of the Chief Counsel in Washington for approval, depending upon whether the amount of civil liability involved is less than $5,000 or is $5,000 or more.

(E) By redesignating subparagraphs (2) and (3) as subparagraphs (3) and (4).

PAR. 5. Section 601.203 (d), *Conferences*, is amended by adding immediately preceding the last sentence thereof the following: The procedure outlined in the preceding sentence will not be followed if the offer relates to a tax as to which the Appellate Division does not have authority to function. See § 601.106 (a) (3)."

PAR. 6. Section 601.301 (c), *Regulations*, is amended as follows:

(A) By striking out all of subparagraph (30) *Inducements furnished to retailers*, and inserting in lieu thereof the following:

(30) *Inducements furnished to retailers.* Regulations No. 6 (27 CFR Part 6), issued under the Federal Alcohol Administration Act, as amended, contain the requirements relative to the furnishing, giving, renting, lending, or selling of equipment, fixtures, signs, supplies, money, services, or other things of value to retailers of distilled spirits, wine, and malt beverages, by other members of the liquor industry (principally vendors), including the furnishing of samples and advertising cuts.

(B) By adding at the end thereof a new subparagraph to read as follows:

(34) *Miscellaneous regulations relating to liquors.* Part 170 of this chapter contains miscellaneous regulations governing the restamping of packages of distilled spirits, redemption of strip stamps and stamps denoting payment of tax that were purchased prior to January 1, 1955, and the refund of tax and duty paid on distilled spirits and wines lost as a result of the hurricanes of 1954.

PAR. 7. Section 601.304 *Preparation and filing of claims*, is amended by striking out the heading of paragraph (h) and inserting in lieu thereof the following: "(h) *Drawback of tax on distilled spirits, wines, and beer.*"

PAR. 8. Section 601.305 (a), *Liability under Internal Revenue Code*, is amended by striking out the fourth and fifth sentences and inserting in lieu thereof the following: "Such offers are forwarded by the district director to the assistant regional commissioner (alcohol and tobacco tax) for consideration and appropriate action. When the offer is acted upon, the district director and the proponent are notified of the acceptance or rejection of the offer."

PAR. 9. Section 601.322 *Seizures of vessels, vehicles, and aircraft in connection with contraband firearms*, is redesignated as § 601.326.

PAR. 10. Immediately preceding § 601.326 (as redesignated) *Seizures of vessels, vehicles, and aircraft in connection with contraband firearms*, the following new sections are added:

§ 601.322 *Rulings.* Any person who is in doubt as to any matter arising in connection with the taxes relating to machine guns and certain other firearms imposed by chapter 53 of the Internal Revenue Code, the licensing of manufacturers of, and dealers in, firearms or ammunition under sections 901 through 909 of title 15 of the United States Code, the registration by importers and manufacturers of, and dealers in, firearms, and the registration of firearms may request a ruling thereon by addressing a letter to the Director, Alcohol and Tobacco Tax Division, Internal Revenue Service, Washington 25, D. C. Routine requests for information should be addressed to the assistant regional commissioner (alcohol and tobacco tax) of the region in which the inquirer is located.

§ 601.323 *Assessments.* Where the evidence disclosed by investigation establishes that additional or delinquent tax liability has been incurred and not paid, the Director, Alcohol and Tobacco Tax Division, will notify the district director to list the tax as an assessment. Notification and demand for payment of assessed taxes will be issued the taxpayer by the district director.

§ 601.324 *Redemption of or allowance for stamps or refunds.* The procedure to be followed in the filing of claims for redemption of or allowance for stamps unused or destroyed, mutilated, or rendered useless after purchase, and before liability has been incurred; for refund of taxes assessed and paid; and for refund of taxes paid on firearms exported; are prescribed in Part 179 of this chapter.

§ 601.325 *Offers in compromise.* The procedure in the case of offers in compromise of liability under chapter 53 of the Internal Revenue Code of 1954 is the same as that set forth in § 601.305 (a).

PAR. 11. Section 601.601 (a) (1), relating to the formulation of rules and regulations, is amended as follows:

(A) By striking out the second sentence and inserting in lieu thereof the following: "The most important rules are issued as regulations and Treasury decisions, prescribed by the Commissioner and approved by the Secretary or his delegate."

(B) By striking out the last sentence and inserting in lieu thereof the following: "After approval by the Commissioner, regulations and Treasury decisions are forwarded to the Secretary or his delegate for further consideration and final approval."

(R. S. 161; 5 U. S. C. 22)

[SEAL] O. GORDON DELK,
Acting Commissioner of Internal Revenue.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 1299]

[BLM-041500]

ARKANSAS AND MISSOURI

WITHDRAWING PUBLIC LANDS FOR USE OF DEPARTMENT OF THE ARMY IN CONNECTION WITH CONSTRUCTION, OPERATION, AND MAINTENANCE OF BULL SHOALS DAM AND RESERVOIR PROJECT

Correction

In Federal Register Document 56-5931, appearing at page 5535, issue of July 24, 1956, the land description in sec. 24 of "T. 20N., R15W., Left Bank of White River" should read: "Sec. 24, S½NW¼, Frac'l. W½SW¼."

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Rules Amdt. 12-21]

PART 12—AMATEUR RADIO SERVICE

OPERATOR EXAMINATION POINTS

In the matter of amendment of Appendix I, Part 12 regarding commercial and amateur Radio Operator examination points.

The Commission having under consideration a modification of its amateur and commercial radio operator license examination points; and

It appearing that the number of examinations given does not warrant continued holding of quarterly examinations at Jackson, Mississippi, and that such examinations should instead be given semi-annually; and

It further appearing that for the same reason Butte, Montana, should be changed from a semi-annual to an annual examination point and Tallahassee, Florida, should be eliminated as an annual examination point; and

It further appearing that the amendment herein ordered is not substantive in nature and therefore compliance with the public rule making procedures required by Section 4 (a) and (b) of the Administrative Procedure Act is not required and the amendment may be made effective September 10, 1956.

It is ordered, Pursuant to authority contained in section 0.341, under authority delegated to the Secretary after having secured approval of the Bureau responsible for the particular part or section of the rules involved, and to authority contained in sections 4 (i) and 303 (r) of the Communications Act of 1934, as amended, and section 3 (a) of the Administrative Procedure Act, that Appendix I of Part 12 of the Commission's rules be amended as set forth below, effective September 10, 1956.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Adopted: July 31, 1956.

Released: July 31, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] DEE W. PINCOCK,
Acting Secretary.

1. Amend Appendix I, Part 12, by removing Jackson, Mississippi, from the "quarterly" listing, adding that city in alphabetical sequence to the "semi-annual" listing within this subsection.

2. Amend Appendix I, Part 12, by removing from the "semi-annual" listing the city of Butte, Montana, adding this city in alphabetical sequence to the "annual" listing within this subsection.

3. Amend Appendix I, Part 12, by removing from the "annual" listing the city of Tallahassee, Florida.

[F. R. Doc. 56-6259; Filed, Aug. 3, 1956; 8:46 a. m.]

TITLE 49—TRANSPORTATION

Chapter I—Interstate Commerce Commission

PART 1—GENERAL RULES OF PRACTICE

TYPOGRAPHICAL SPECIFICATIONS GENERALLY

At a General Session of the Interstate Commerce Commission, held at its office in Washington, D. C., on the 13th day of July A. D. 1956.

There being under consideration Rule 15 of the general rules of practice (§ 1.15):

It is ordered, That § 1.15 be, and the same is hereby, amended so as to read as follows:

§ 1.15 *Typographical specifications generally.* Except as otherwise provided respecting applications (§ 1.38 (a)), exhibits (§ 1.84 (a)), and informal complaints (§ 1.24 (a)), all pleadings, documents, and papers to be filed under these rules shall be on opaque, unglazed, durable paper not exceeding 8½ by 11 inches. To permit binding in covers of uniform size, margins of at least 1½ and 1 inch, respectively, shall be allowed on the left and right margins. Binding shall be on the left margin. Reproduction may be by printing, printing by off-set press, multigraphing, or mimeographing, or by any other process, provided the copies are clear and permanently legible. White-line blueprints which cannot be reproduced by photography are not acceptable. If directly typewritten, or if in facsimile reproduction of typewriting, the impression must be on one side of the paper and must be double-spaced, except that long quotations shall be single-spaced and indented. Nothing less than Pica type shall be used, except that Elite type may be used in footnotes. If printed, adequate leading and nothing less than 10-point type shall be used, except that 8-point type may be employed in footnotes and in tabular matter where printing limitations so require. A pleading or brief in excess of 50 pages (except a pleading under modified or shortened procedure), including cover pages, indexes, and appendixes, must be printed. Printing by off-set press will be accepted, provided that the type used is the same size as that required for typewritten documents and that where the pleading or brief exceeds 50 pages, the impression is on both sides of the paper.

It is further ordered, That this order shall become effective on October 1, 1956.

And it is further ordered, That notice of this order shall be given to the general public by depositing a copy thereof in the Office of the Secretary of the Commission, Washington, D. C., and by filing a copy with the Director, Division of the Federal Register.

(Secs. 12, 17, 24 Stat. 383, as amended, 385, as amended, 49 Stat. 546, as amended, 548, as amended, sec. 201, 54 Stat. 933, sec. 1, 56 Stat. 285; 49 U. S. C. 12, 17, 304, 305, 904, 1003)

[SEAL] HAROLD D. MCCOY, *Secretary.*

[F. R. Doc. 56-6282; Filed, Aug. 3, 1956; 8:50 a. m.]

PART 1—GENERAL RULES OF PRACTICE

PETITIONS FOR REHEARING, REARGUMENT, OR RECONSIDERATION

At a General Session of the Interstate Commerce Commission, held at its office in Washington, D. C., on the 19th day of July A. D. 1956.

There being under consideration Rule 101 of the general rules of practice (§ 1.101 *Petitions for rehearing, reargument, or reconsideration*):

It is ordered, That Rule 101 of the general rules of practice (§ 1.101) be, and the same is hereby, amended by deleting the words "paragraph (d)" from paragraph (f) *Successive petitions on same grounds, not entertained* of § 1.101. As amended, paragraph (f) will read as follows:

(f) *Successive petitions on same grounds, not entertained.* A successive petition under this section submitted by the same party or parties, and upon substantially the same grounds as a former petition, which has been considered and denied by the entire Commission will not be entertained.

It is further ordered, That the effective date of this order shall be October 1, 1956;

And it is further ordered, That notice of this order shall be given to the general public by depositing a copy thereof in the Office of the Secretary of the Commission, Washington, D. C., and by filing a copy with the Director, Division of the Federal Register.

(Secs. 12, 17, 24 Stat. 383, as amended, 385, as amended, 49 Stat. 546, as amended, 548, as amended, sec. 201, 54 Stat. 933, sec. 1, 56 Stat. 285; 49 U. S. C. 12, 17, 304, 305, 904, 1003)

By the Commission.

[SEAL] HAROLD D. MCCOY, *Secretary.*

[F. R. Doc. 56-6283; Filed, Aug. 3, 1956; 8:50 a. m.]

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

Subchapter F—Alaska Commercial Fisheries

PART 117—SOUTHEASTERN ALASKA AREA, ICY STRAIT DISTRICT, SALMON FISHERIES

CURTAILMENT OF OPEN SEASON

Basis and purpose. On the basis of a poor showing of pink salmon in the Icy Strait district of Southeastern Alaska, it has been determined that the season in that district should be curtailed.

Therefore, effective immediately upon publication in the FEDERAL REGISTER, § 117.3 is amended in text in paragraph (b) by deleting "6 o'clock postmeridian August 7", and substituting in lieu thereof "6 o'clock antemeridian August 6, 1956."

Since immediate action is necessary, notice and public procedure on this amendment are impracticable (60 Stat. 237; 5 U. S. C. 1001 et seq.).

(Sec. 1, 43 Stat. 464, as amended; 48 U. S. C. 221)

JOHN L. FARLEY, *Director.*

HANDLING OF MILK IN THE APPALACHIAN, TRI-STATE, AND BLUEFIELD MARKETING AREAS

NOTICE OF RECOMMENDED DECISION AND OPPORTUNITY TO FILE WRITTEN EXCEPTIONS THERETO WITH RESPECT TO PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND ORDER FOR THE APPALACHIAN MARKETING AREA, AND PROPOSED MARKETING AGREEMENT AND ORDER FOR BLUEFIELD MARKETING AREA

Pursuant to the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders (7 CFR Part 900) notice is hereby given of the filing with the Hearing Clerk of this recommended decision of the Deputy Administrator, Agricultural Marketing Service, United States Department of Agriculture, with respect to (1) proposed amendments to the tentative marketing agreement and order regulating the handling of milk in the Appalachian marketing area, and (2) a proposed marketing agreement and order regulating the handling of milk in the Bluefield marketing area, to be made effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

Interested parties may file exceptions to this recommended decision with the Hearing Clerk, Room 112, Administration Building, United States Department of Agriculture, Washington 25, D. C., not later than the close of business on the 15th day after the publication of this recommended decision in the FEDERAL REGISTER. Exceptions should be filed in quadruplicate.

Preliminary statement. A public hearing on the record of which the recommended regulatory provisions set forth below with respect to the Appalachian and Bluefield marketing areas were formulated was called by the Agricultural Marketing Service, United States Department of Agriculture, following receipt of a petition filed by the Tri-State Milk Producers Association, Inc. The hearing was held at Bluefield, West Virginia, February 6-10, 1956, pursuant to notice duly published in the FEDERAL REGISTER on January 21, 1956 (21 F. R. 499). The period until March 24, 1956, was reserved to interested parties for the filing of briefs on the record.

The hearing gave consideration, among other things, to the alternative possibilities of (1) expanding the present Appalachian marketing area to regulate the handling of milk in all or part of certain counties in Virginia, West Virginia, and Kentucky referred to as the "Bluefield market"; (2) expanding the present Tri-State marketing area (Huntington district) to regulate the handling of milk in all or part of such counties; or (3) issuing one or more separate orders to regulate the handling of milk in all or part of such counties.

In view of the findings and conclusions set forth below with respect to the need for regulation in the proposed Bluefield marketing area and to the location and organization of such market, it is concluded that the marketing of milk in such marketing area and that in the Tri-State marketing area do not warrant regulation on common terms. It is concluded, therefore, that the record of this hearing does not support expansion of the Tri-State marketing area or need for amendment of any other provision of the order for the latter marketing area. The extent of the relationship existing between the Appalachian and Bluefield markets is discussed below.

At the opening of the hearing, certain distributors of milk serving the proposed Bluefield marketing area moved that consideration be given on this hearing only to the evidence concerning the proper marketing area to be regulated, and that any decision on the handling of milk in the Bluefield market made as the result of the hearing be limited to a determination as to what counties or areas should be made subject to regulation. It was further moved that following a decision on the extent of the area to be regulated, the hearing should be reopened to receive evidence as to the specific regulatory terms and provisions which should be applied. These motions were renewed after the receipt of evidence on the marketing area proposals and again in the brief filed on behalf of such handlers.

Careful consideration has been given to the motions. It is concluded, however, in light of the findings and conclusions which follow, that the record provides a basis for appropriate regulation of the Bluefield marketing area as proposed herein. The motions (1) to limit the current decision to a determination of the area to be regulated, and (2) to reopen the hearing for further evidence on other issues following such a determination, are hereby denied.

Proposed amendments to the Appalachian order—Statement of issues. The material issues of record concerning proposals to amend the provisions of the order regulating the handling of milk in the Appalachian marketing area related to:

1. Whether the Appalachian marketing area should be extended so as to regulate a number of additional counties, including those proposed herein for regulation under a separate order for the Bluefield marketing area.

2. Revision of the definition of "fluid milk plant."

3. Modification of the rules relating to inter-plant transfers of milk.

4. Revision of the computation of uniform prices for base milk and excess milk.

5. Inclusion of a provision for "advance" payments to producers who are members of a cooperative association.

6. Revisions concerning the classification of milk, with particular reference to the computation of shrinkage, the allocation of other source milk, and the classification of skim milk and butterfat utilized as livestock feed or dumped.

7. Modification of the price formula for Class II milk.

8. Revision of the base-forming and base-operating periods and of rules governing base transfers.

9. The introduction of a "supply-demand adjustor" in the Class I price formula; also establishment of an appropriate price for Class I milk in the proposed expanded segment of the marketing area, and

10. Review of all other regulatory provisions and possible changes for administrative purposes.

Findings and conclusions. Upon the evidence adduced at the hearing and the record thereof, the following findings and conclusions are hereby made with respect to the proposed amendments to the Appalachian marketing order:

1. *Appalachian marketing area.* Producers proposed that the counties of Dickenson and Russell in Virginia be included within the Appalachian marketing area.

They testified that scheduled power plant construction and improvement in the demand for coal in Russell and Dickenson counties, Virginia, would increase the demand for dairy products in these counties. Also, that an increase in demand for dairy products may encourage unregulated handlers to distribute dairy products in these counties.

One handler testified that the principal competitors for sales in these two counties are regulated currently. He testified further that because of the rural population there is relatively little milk sold in these counties at this time.

These two counties are only sparsely populated and are not a problem area for producers. There are no milk distributing plants located in such counties. Competition between Appalachian handlers and milk distributors from the proposed Bluefield market for sales in these counties may not be considered sufficient, or to have such adverse effect on the distribution of milk by Appalachian handlers, to require regulation of the Bluefield distributors under the Appalachian order. Moreover, in the event an order for the Bluefield marketing area is made effective, distributors from such market operating routes in Russell and Dickenson counties will be subject to price regulation on terms highly comparable to those applicable under the Appalachian order. It is concluded that the Appalachian marketing area should not be expanded, as proposed by producers, to include Dickenson and Russell counties, Virginia.

There is need for clarification of the marketing area definition. In the Virginia section of the marketing area the corporate municipalities are separate from the counties in which they are located. For example, the city of Bristol, Virginia, geographically located in Washington County, Virginia, is a separate corporate municipality and a question arose at the hearing concerning whether the marketing area definition clearly includes such city. In order that the definition of the Appalachian marketing area may be completely clear as to the entire area included, it should be restated to specify that all territory geographically located within the perimeters of the counties of Sullivan, Washington, and Greene in Tennessee; Washington and Wise in Virginia; and Harlan in Kentucky is included in the marketing area.

2. *Fluid milk plant.* Producers proposed that plants which furnish supplemental supplies of milk to the market be included in the definition of "fluid milk plant" when any such plant supplies a monthly total in excess of 70,000 pounds of milk in any of the months of August through January, inclusive. Producers contended that such plants are a threat to the stability of the market because they are able to deliver large quantities of milk during the low production months from sources without being subject to minimum price regulation under this order.

Handlers objected to this proposal, on the basis that they would be denied the opportunity of procuring supplemental supplies from unregulated sources.

One handler receives supplemental supplies of approximately 400,000 pounds of milk per month from other regulated markets. This handler's supplemental supply of milk represents a substantial portion of the total quantity of all milk received from sources other than producers. He testified that he had not encountered difficulty in obtaining supplemental supplies of milk from regulated sources. Other handlers also receive milk from other regulated markets as well as from unregulated sources.

Three methods of defining a "fluid milk plant" in terms of its association with the market through delivery performance are possible:

(1) Exemption from regulation regardless of quantities delivered,

(2) Full regulation regardless of quantities delivered (except plants already under regulation by another order), or

(3) Partial exemption on the basis of a minimum delivery requirement.

If handlers were permitted to receive milk from outside the order in unlimited quantities a significant percentage of the market supply of milk in the fall months would not be subject in any way to the pricing and payment provisions of the Appalachian order or of any similar regulation. This could result in (1) a portion of the market supply being procured on a "flat price" basis without regard to the use of milk as distinguished from the classified-price plan provided in the order, (2) limiting the effectiveness of the pricing and payment provisions of the order as a means of encouraging farmers to produce a year-round supply

of pure and wholesome milk for the Appalachian market, and (3) an incentive to handlers to use milk from sources outside regulation in preference to seeking an adequate supply of producer milk in all months. These factors would create a constant threat to the classified price plan and would not be consonant with the ends sought by the regulation.

Under the second method all plants supplying supplemental supplies of milk, even in small quantities (except those already under regulation by another order) would be regulated. Factors limiting the advisability of this method are as follows:

(1) The Appalachian order might be imposed upon plants with primary attachment to another market.

(2) Plants shipping only small, or incidental, amounts of milk would be brought under regulation, resulting in extra expense to the plant operator and increasing administrative expense without necessity in terms of attaining stabilized marketing conditions for producers' milk.

(3) Local producers of Grade A milk might be forced to share a greater proportion of their Class I market with producers shipping milk not meeting equivalent health requirements.

(4) Administrative problems would be incurred in administering the order with respect to plants located at considerable distances from the market.

In view of the above a partial exemption provision is appropriate. After consideration of the size of the plant operations in the market, the supplemental sources available, the extent to which other source milk must be relied upon to satisfy Class I requirements and the necessity for maintaining an adequate reserve of milk, it is concluded that an exemption allowance of 70,000 pounds of milk (approximately two full tank loads) is reasonable. In this connection official notice is taken of the partial exemption provision of the Tri-State order (§ 972.8) under which a supply plant is regulated if it supplies only 25,000 pounds or more (or an amount of skim milk or butterfat from which 25,000 pounds or more of Class I milk are derived) to the Tri-State market. This limitation has been operative in the Tri-State market since May 1, 1954. It is concluded that any plant should be regulated as a fluid milk plant when it furnishes milk, skim milk, or cream in fluid form in excess of 70,000 pounds for the month during the period August through January, inclusive.

3. *Transfers and diversions of milk.* A revision of the conditions on which milk may be transferred to nonfluid milk plants as Class II milk was proposed by producers. They would extend the distance within which a Class II classification may apply from the present radius of 50 miles to a radius of 100 miles from the marketing area. It was stated that such change would permit movements of milk for Class II use to a nonfluid milk plant 70 miles from Bluefield, West Virginia, that has been used at times as a surplus milk outlet for the Bluefield market and is accessible to the Appalachian market.

Handlers first proposed that a mileage limitation be omitted as a condition necessary to the transfer of milk to nonfluid milk plants for use as Class II milk. After further consideration specific suggestions for mileage limitations of 250 miles and 350 miles from the transferor-plant were offered. Any milk moved beyond the particular distance fixed would become Class I milk automatically. One handler reported an offer to have surplus milk hauled to a company manufacturing plant at Columbia, Tennessee, about 350 miles from Bristol, at rates which, it was stated, would make it feasible for such handler to so move the milk for manufacturing purposes.

The order provides that producer milk will be paid for in accordance with the form in which, or the purpose for which, it is used. Classification based only on the purpose for which producer milk is used would require verification of the receipts and final utilization of milk at nonfluid milk plants regardless of the distance or number of nonfluid milk plants involved. Consideration should be given to the increased administrative cost when it is necessary to verify the final use of milk, skim milk, or cream transferred to plants not under regulation.

When the market in its entirety is considered, the volume of surplus milk, even in the peak production months, is not sufficient to require milk to be moved 350 miles for manufacturing. One handler finds it necessary to import a substantial volume of other source milk for Class I use throughout the entire year. In addition, at least four nonfluid milk plants within a distance of approximately 150 miles of Kingsport, Tennessee, are available as outlets for surplus milk. In view of the administrative necessity for limiting the area within which milk may be moved for Class II purposes the interplant transfer provisions should be changed so that milk moved to a nonfluid milk plant less than 150 miles from Kingsport, Tennessee, by the shortest hard-surfaced highway distance, may be classified as Class II milk under certain conditions.

4. *Base and excess price computations.* Producers proposed revisions in the methods of computing the uniform prices for "base milk" and "excess milk" to prevent the uniform price of excess milk from exceeding that of base milk. They claimed that an excess price that exceeds the base price is not in accord with the principle, involved in the base-excess plan, of providing returns to producers which are related directly to a producer's ability to deliver additional supplies of milk in the fall and winter months and relatively smaller supplies of milk during the flush production months.

The order presently provides that uniform prices for base and excess milk shall be computed for each handler for certain months of the year. When the total Class I milk of the handler does not exceed his total base milk receipts, the value of excess milk is determined by multiplying the amount of such milk by the Class II price. The value of base milk is then computed by deducting such value of excess milk from the net obligation of the handler. The order further provides that if the value of base milk computed in this manner exceeds an amount computed by multiplying the pounds of base milk by the Class I milk price, such additional amount is added to the value of excess milk.

Handlers with a high percentage of Class I utilization frequently have experienced a shortage of producer milk in relation to Class I sales in this market. In addition, audit adjustments, inventory reclassifications, and overages may increase the total value of producer milk in a given month. As a result, it is possible for the price of excess milk of a handler to increase, under present order provisions, above the level of base milk (at the Class I price level). No particular purpose is served in terms of moderating the seasonality of milk deliveries when the excess price exceeds the base price. It is concluded therefore that whenever the excess price would exceed the base price the base and excess prices should be recomputed so that they are equal to each other.

5. *Advance payments.* It was proposed that handlers, upon request of a cooperative association, be required to make "advance" payments to the association with respect to member milk in addition to the regular monthly payments. The advance payments would be made on the 23rd day of each month on milk received from those member producers who have requested an advance from the cooperative association for their deliveries of milk during the first fifteen days of such month. The rate of payment would not be less than the Class II price per hundredweight for the preceding month. It was testified that an advance payment for milk would assist producers in defraying production costs more promptly.

Handlers suggested that if advance payments are provided for they be made available to all producers, members or nonmembers of an association, on or before the last day of each month, for milk received during the first fifteen days of such month, at a rate not less than the Class II price per hundredweight for the preceding month. One handler testified that in past years his company had made advance payments for the milk received from farmers during the first fifteen days of the month.

Advance payments are customarily made on a voluntary basis in this market. There is no evidence that handlers have refused to make advance payments to producers when requested. There was no request for an advance payment provision which would apply to all producers. It is concluded that an advance payment provision is not necessary at this time.

6. *Classification of milk.* The definition of Class II milk should be revised.

Milk returned to plants from handlers' routes in this market frequently cannot be processed for resale as other dairy products. Some milk and milk products are either dumped or disposed of as animal feed. There is need, for administrative purposes, to specify additional categories of Class II milk since administrative difficulty has been encountered in determining the proper classification of products disposed of as animal feed on the basis of the wording of present class definitions. In some cases where small quantities are involved dumping is the only practical outlet. This may be particularly necessary during April, May, June and July.

It is concluded that skim milk which is dumped during the months of April, May, June, and July, and skim milk disposed of as animal feed, should be included in Class II milk. Because dumping can be verified only at the time the action is taken, the handler should be required to give six hours' advance notice to the market administrator so that the market administrator may arrange for an inspection of the dumping if he believes it advisable.

Handlers proposed that actual shrinkage not in excess of 2 percent of total producer receipts of skim milk and butterfat be allocated to Class II milk. Also, that actual shrinkage of all other source milk be allocated to such class. However, when producer milk was utilized as milk, skim milk, or cream in conjunction with other source milk, the shrinkage of skim milk and butterfat allocated to producer milk and other source milk would be computed pro rata according to the proportions of skim milk and butterfat received from such sources, respectively, to their total. It was contended that under a classified-price plan shrinkage should be in the lowest-priced class since it has no actual value in usage.

One handler suggested a modified proposal under which (1) actual shrinkage not in excess of 2 percent of total producer receipts (other than receipts from the pool plant of another handler) of skim milk and butterfat would be allocated to Class II milk, and (2) shrinkage of skim and butterfat classified as Class II milk would be prorated between producer and other source milk. Reasons given by the latter handler for the above shrinkage computation and allocation were as follows: (1) Skim milk and butterfat allocated to Class I should include only milk actually used in making sales, (2) the weights of fluid milk received compared with the fluid milk sold as computed from conversion factors (used in changing units such as quarts, etc. to pounds of fluid milk, and "make" factors used in converting manufactured milk products to their equivalent pounds of fluid milk) leave little need for the computation of shrinkage by formula, (3) a reduction in the loss of milk can be achieved only at the sacrifice of other efficiencies in the fluid milk plant operation, (4) health regulations prevent the full use of milk at the beginning or end of a fluid milk operation, and (5) handlers receive no return from shrinkage but producers would receive the Class II price if allocated to Class II milk.

In opposing, producers testified that the allocation of a maximum of 2 percent of all producer receipts to Class II as shrinkage and the proration of this shrinkage between other source milk and producer receipts of milk would reduce returns to producers for their milk deliveries. It was claimed such a provision would permit handlers selling all producer milk in Class I to pay for a portion of their milk at the Class II price even though no shrinkage could be attributed to the manufacture of a Class II product. Producers contended that if the proposal were adopted they could be penalized for the inefficiencies of a plant's operation and for inaccuracies in the handler's accounting procedures. It was suggested that the percentage of skim milk and butterfat in shrinkage allocated to Class II continue to be not greater than that which the actual quantity of producer milk utilized by the handler in Class II bears to his total receipts of producer milk.

The present provisions for the assignment of shrinkage (2 percent maximum) to Class II milk were developed in conjunction with the class price structure currently in effect in the Appalachian market. Any change in the shrinkage allowances in Class II milk would involve correlative adjustments in the class prices if producer returns are not to be affected.

Since handlers experienced approximately 1 percent shrinkage (annual average) of total receipts for 1955 the effect of the proposal, together with appropriate price adjustments, would be so minor that no significant change in the relationship of handler costs one to another would result. In view of the above, the proposal is denied.

One handler proposed that accounting periods of less than a full month be permitted under certain circumstances. It was testified that seasonal changes in supplies and sales necessitate importations of other source milk. Reference was made to the seasonal pattern of local milk production under which considerable quantities of milk are produced in the spring and summer months and substantially less in the fall and winter; also, that the opening and closing of schools causes rather drastic changes in Class I sales twice a year. In December, there is a characteristic decrease in Class I sales in the closing days of the month.

The primary purpose of the proponent in making this proposal was to provide that when producer milk became short within a period less than a month, and outside supplies were necessary, such supplies could be acquired and assigned to Class I. It was further stated that there are about three months in particular when other source milk is actually used in fulfilling Class I sales but is allocated to Class II milk under the monthly reporting and accounting system. This handler presented percentages to show that at times he needed additional milk during a given month while at other times during the same month he had an excess of producer milk. As a result, it was contended that the producer milk received by such plant was virtually all paid for at the Class I price even though some producer milk was physically disposed of in Class II products. Although supplemental purchases were restricted to a minimum, there was some surplus producer milk in the plant at different times of the month. Proponent contended that to allocate producer milk to Class I, through the monthly accounting method, results in arbitrary and inaccurate classification.

On the other hand, proponent recognized the burden of daily accounting and classification. It was proposed that, as a compromise method, handlers be permitted to report their receipts and utilization on accounting periods consisting of not less than seven days. This privilege to the handler would be applied with respect to any three months of the year. The election by the handler of multiple accounting periods within a month was not intended, however, to alter the present practice of computing his total obligation for the month or the payment of uniform prices for base and excess milk on a monthly basis.

The administrative burden to both the handler and the market administrator of daily reporting and accounting under milk orders is well recognized through the industry. The monthly accounting system has become the standard under this type of regulation and is generally accepted as the most practical method of applying the provision of the act which requires milk to be classified in accordance with the form in which or the purpose for which it is used * * *". There are administrative limitations involved in accounting for specific "lots" of milk according to actual, or physical, disposition and allocation provisions such as those in question are necessary to distinguish the uses of "producer" and "other source milk" for classification purposes. The latter provisions eliminate the impossible administrative task of ascertaining the particular use of each hundredweight of milk regardless of source and make possible an accounting system of practical application. The extent to which producer milk may be given priority assignment of higher-valued uses has been established as the prerogative of the Secretary in formulating provisions which will provide reasonable protection to producers from the substitution of unregulated (unpriced) milk and thus promote orderly marketing. In any event, the handler is not compelled to pay producers for any greater utilization of milk than he actually makes in the particular class.

To operate a fluid milk distributing business individual handlers must choose either to maintain a sufficient volume of producer milk in reserve to meet fully the needs of their fluid milk (Class I) operation or to buy short from regular producers in the low production months with the intent of procuring supplementary supplies as necessary to fulfill Class I requirements. Although the handler buying supplementary supplies customarily pays a handling charge to the seller and transportation costs, which, when added to the price paid, increase the cost of such milk above the Class II price under the order, the handler carrying sufficient reserves to meet his needs at all times may retain such milk only at a cost, including the expense of moving such milk to manufacturing plants from time to time, which may seem a burden to his total operation, but which he determines is justified to assure himself of an adequate supply of producer milk. In either case the costs involved are not attributable to order regulation. The handler determines which method of operation is most economical in his particular circumstance. A proper method of allocation should not depend upon these relative costs.

The allocation of other source milk through multiple reporting periods would provide an incentive for handlers to use unpriced milk in preference to producer milk priced under the order. Thus, producer returns could be jeopardized and subject to considerable instability when handlers use other source milk for Class I purposes. Handlers could bring in more milk than was absolutely essential in the confidence that it would be credited at the Class I price. Such displacement of producer milk from Class I would mean that producer milk would be sold at a lower class price. As a result, producer returns would decrease resulting in less incentive to milk production, or class prices would have to be increased. Since it would not be feasible to increase Class II price to maintain producer returns, the alternative would be to increase the Class I price. Thus, the cost to consumers of maintaining an adequate and dependable supply of milk would be increased.

It must be recognized further that some handlers would not need to avail themselves of the privilege of reporting more than once a month at any time. A handler may carry in his plant all the necessary reserve of producer milk for Class I milk operations, eliminating the need to import outside milk, or may carry, as in the case of one Appalachian handler, so small a quantity of producer milk in relation to his Class I sales that such a provision would be of no significant benefit. Since the division of a month into two or more reporting and classification periods necessarily implies an accounting method which would permit proof of receipts, sales, inventories, and shrinkage for each such period within a month, the administrative effect is comparable to that involved in the longer period of a full month. The administrative functions of the market administrator's office primarily affected by this proposal are those of report processing and auditing. These are the most time consuming functions associated with order administration. They involve the bulk of the administrative cost. Thus, all handlers, rather than those electing the multiple reporting periods, would be required to bear the additional administrative cost of applying the order on the proposed basis.

In view of the above facts, the proposal for multiple reporting periods is denied. However, since it is necessary at times to allocate both regulated (priced under another Federal order) and unregulated milk from outside sources as "other source milk" in Appalachian plants, it is reasonable to allocate the unregulated milk first to the lowest-valued uses prior to the allocation of priced milk to any such use. The order has been so amended.

7. *Class II pricing formula.* Handlers proposed that the Class II pricing formula should be, in all months, the average of prices paid for milk received from dairy farmers at nine local manufacturing plants. At present this average price is used as the Class II price for the months of March through August only. Handlers noted, in this connection, the proposal of producers for a "supply-demand adjustment" factor to be included in the Class I price formula. It was contended that if such a provision were to develop a full year-round supply for the market there would be reserve quantities of milk in the fall months as well as in the flush production season which necessarily would fall into Class II uses. On this basis, it was argued that Class II milk should be priced in the fall months at the same level as the milk which must be used for manufacturing purposes in the months of March through August.

During the months of below-average production a higher level of prices for Class II milk should be provided so as to encourage the transfer of milk from manufacturing to higher-valued uses. In these months there are available outlets for reserve milk in cottage cheese and ice cream which among surplus uses are considered as preferred outlets. Producer receipts were sufficient in only two months during the flush production season of 1955 to cover Class I sales and to provide reasonable Class I reserves. The months of September through February are the months when substantial volumes of milk are received from sources other than local producers, to supply the Class I needs of the market as well as some Class II milk uses. Supplemental supplies of milk during the short production season are received from areas where the price of milk used in the manufacture of butter and nonfat dry milk solids is an important factor in establishing the prevailing farm values of manufacturing milk. It is concluded that the proposed reduction of Class II prices for the months of September through February is not necessary in order to achieve the orderly marketing of milk in this area.

However, it is noted that for the purpose of computing the butter-nonfat dry milk solids price formula for Class II milk and the butterfat differential for adjusting the Class II price the price of 92-score butter at New York is used in lieu of the Chicago butter price as employed in the basic formula price. Since central market pricing of butter and nonfat dry milk solids at Chicago are basic to the price structure for the Appalachian market, it is consistent to utilize the Chicago butter price in connection with the Class II price and butterfat differential computations also. In order to provide a comparable basis of pricing throughout, the Chicago butter price is substituted for the New York butter price in the Class II price and Class II butterfat differential formulas.

8. *Base and excess plan.* Handlers proposed amendments to the base and excess plan. They would have producers establish bases in the period of August through January as a means of providing the proper incentive to farmers to produce adequate milk for the short production months. In addition, handlers would change the "base-paying" period from the months of April through August to the months of March through July. Producers supported these changes with the exception that they be given sufficient notice of the revised "base-forming" period. They contended that farmers should be given substantial advance notice in order to change breeding programs and suggested that the handlers' proposal be made effective in August 1957.

The flush production season occurs in the months of April, May, June and July. During 1955, the production of milk exceeded the needs for Class I and reasonable Class I reserve requirements only in the months of May and June. One handler finds it necessary to receive substantial volumes of Class I milk in all months of the year. Production and Class I requirements are approximately identical in August, whereas February and March are months of short production as compared to Class I requirements. It would not be in the interest of an improved production pattern to decrease the incentive to farmers for the production of milk in February and March for a probable increased incentive in August in view of these previously stated conditions. Because the market has little surplus milk in August and production is in close balance with Class I requirements, August should be excluded from the "base-paying" period. Therefore, it is concluded that the "base-paying" period should include the months of April through July.

Producers proposed the unqualified transfer of base upon notification in writing to the market administrator on or before the last day of any month. In addition, if the base were held jointly and such joint holding were terminated, the entire base transferable by any joint holder would be his portion of such jointly held base as indicated by the joint holders. Handlers supported the proposal to remove the present limitations on base transfers provided that in each instance the base would accompany transfer of the herd.

The producers' proposal opens the possibility of abuse which could be highly detrimental to the base-excess plan. One handler in this market continuously disposes of all producer milk as Class I milk because of a deficit producer milk supply at his plant. Producers who deliver to this handler would be able, under the proposed plan, to sell or loan their bases to other producers who deliver to other handlers in the market, without loss of the base price (in this instance the Class I price) for all milk delivered during the base-paying period. A producer delivering milk to another handler and who otherwise would be paid for some excess milk as the result of his original base, thus would receive the base price for some, or perhaps all, of this excess milk under the additional base received from the other producer. In order to preserve the effectiveness of the base plan any transfer should be limited, in these circumstances, to situations where changes in the operation of a farm result because of new ownership, the death, retirement or entry into military service of a producer, or changes in partnership or tenant-landlord arrangement occur. Since the base plan is effective in determining producer payments in only four of the twelve months in each year and since all producers must establish a new base each year, other provisions than those contained in the order, and particularly the proposals considered herein, for the transfer of bases are unnecessary.

9. *Supply-demand adjustment.* Producers proposed that a "supply-demand adjustment" factor be included in the Class I price formula to reflect automatically changes in local supply and demand conditions. They contended that a supply-demand adjustment factor is essential in obtaining increased supplies of producer milk to meet market needs and inducing producers to remain with handlers in this market.

Handlers opposed the inclusion of a supply-demand adjustment factor in the Class I price formula. They stated that an increase in milk supplies for Grade A purposes from this production area is doubtful because of the lack of additional dairy farms.

Although a supply-demand adjustment factor in the pricing formula conceived from local data would be desirable and serve a useful purpose, it is concluded that the development of such a factor from the data available at present, would not reflect the Appalachian marketing conditions adequately and should be delayed until the Appalachian market has had additional experience under the order. Adequate market experience under regulation is desirable as a basis for determining with accuracy the seasonal patterns of production and demand for use in connection with such a formula.

In view of the discussion on the regulation of the Bluefield market under a separate order, as set forth in another section of this decision, no further consideration with respect to Class I pricing in the proposed extension of the Appalachian marketing area is necessary in connection with the proposed amendments to the Appalachian order.

10. Certain changes of an administrative nature should be made. Distribution facilities which formerly were receiving, processing, or bottling plants are in certain circumstances regulated as "fluid milk plants." The designation of these distribution facilities as fluid milk plants unnecessarily involves the classification and allocation of milk and milk products received at these facilities in finished form. It is concluded that the fluid milk plant definition should not include those buildings, premises, or facilities the primary function of which is to hold or store bottled milk or milk products in finished form while in transit for wholesale or retail route distribution.

The pricing provisions of the order should be revised so that the reporting period for the Chicago butter and nonfat dry milk solids price will conform with the period used by the reporting agency within the Department. Therefore, the reporting period designated in the order for any given month is revised to include the period from the 26th day of the immediately preceding month through the 25th day of the current month.

General findings. (a) The proposed marketing agreement and the order as hereby proposed to be amended, and all the terms and conditions thereof will tend to effectuate the declared policy of the act:

(b) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the proposed marketing agreement and the order, as hereby proposed to be amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(c) The proposed order, as hereby proposed to be amended, will regulate the handling of milk in the same manner as, and will be applicable to persons in the respective classes of industrial and commercial activity specified in, a marketing agreement upon which a hearing has been held.

Rulings on proposed findings and conclusions. Briefs were filed on behalf of producer organizations and certain handlers. The briefs contained statements of fact, proposed findings and conclusions, and arguments with respect to the provisions of the proposed amendments. Every point covered in the briefs were carefully considered along with the evidence in the record in making the findings and reaching the conclusions hereinbefore set forth. To the extent that such suggested findings and conclusions contained in the briefs are inconsistent with the findings and conclusions contained herein, the request to make such findings or to reach such conclusions is denied on the basis of the facts found and stated in connection with the conclusions in this decision.

Recommended marketing agreement and amendments to the order. The following amendments to the order are recommended as the detailed and appropriate means by which the foregoing conclusions may be carried out. The recommended marketing agreement is not included in this decision because the regulatory provisions thereof would be identical with those contained in the order as hereby proposed to be amended:

1. Delete § 923.6 and substitute therefor the following:

§ 923.6 *Appalachian marketing area.* "Appalachian marketing area", hereinafter called the "marketing area", means all the territory geographically located within the perimeters of the counties of Sullivan, Washington and Greene in Tennessee; Washington and Wise in Virginia; and Harlan in Kentucky.

2. Delete § 923.7 (b) and substitute therefor the following: "(b) any plant which ships (1) any milk or skim milk during the months of February through July, or (2) an amount of milk, skim milk, or cream in fluid form in excess of 70,000 pounds for the month during the months of August through January, to a plant qualified pursuant to paragraph (a) of this section, and"

3. At the end of § 923.7 substitute a colon for the period and add the following proviso: *"And provided further,* That this definition shall not be deemed to include any building, premises or facilities the primary function of which is to hold or store bottled milk or milk products in finished form in transit for wholesale or retail route distribution."

4. In § 923.17, delete the word "August" and substitute therefor the word "July."

5. In § 923.18, delete the word "August" and substitute therefor the word "July".

6. In § 923.31 (b) (1) delete the word "August" and substitute therefor the word "July".

7. Delete § 923.41 (b) and substitute therefor the following:

(b) *Class II milk.* Class II milk shall be all skim milk and butterfat (1) used to produce any product other than those designated as Class I milk pursuant to paragraph (a) of this section; (2) contained in (skim milk only) any product disposed of for livestock feed; (3) dumped (skim milk only) during the months of April, May, June or July: *Provided,* That the market administrator is given not less than 6 hours' notice of the handler's intention to make such disposition; (4) contained in inventory of products designated as Class I milk pursuant to paragraph (a) of this section on hand at the end of the month; and (5) in shrinkage assigned to Class II pursuant to § 923.42.

8. In § 923.44 (c), delete the figure "50" and substitute therefor the figure "150". In the same paragraph delete the phrase "nearest point in the marketing area" and substitute therefor "city limits of Kingsport, Tennessee."

9. Delete § 923.46 (a) (3) and substitute therefor the following:

(3) Subtract from the remaining pounds of skim milk in Class II milk, the pounds of skim milk in other source milk (that derived from milk priced under another Federal order to be subtracted last): *Provided,* That if the receipts of skim milk in other source milk are greater than the remaining pounds of skim milk in Class II milk, an amount equal to the difference shall be subtracted from the pounds of skim milk in Class I milk;

10. Delete from § 923.50 (b) the phrase "during the delivery period" and substitute therefor the phrase "for the period from the 26th day of the immediately preceding month to the 25th day of the current month."

11. Delete § 923.51 (b) (2) (i) and substitute therefor the following:

(i) Multiply the Chicago butter price by 4.8.

12. Delete § 923.52 (b) and substitute therefor the following:

(b) Class II price. Multiply the Chicago butter price by 0.11, and round to the nearest one-tenth cent.

13. In § 923.71, delete the word "September" and substitute therefor the word "August."

14. In § 923.72, delete the word "August" and substitute therefor the word "July."

15. Delete the proviso in § 923.72 (e) and substitute therefor the following: *"Provided,* That if such resulting value is greater than an amount computed by multiplying the pounds of such base

milk by the Class I price, such value in excess thereof shall be added to the value computed pursuant to paragraph (d) of this section to the extent that the excess price shall not exceed the base price as calculated herein. Any additional value remaining shall be prorated to the respective volumes of base milk and excess milk."

16. Add to § 923.72 (g) after the word "section," the following phrase "and the proviso of paragraph (e) of this section."

17. In § 923.81, delete the word "August" and substitute therefor the word "July."

18. In § 923.90 (a), delete the words "September through March" and substitute therefor the words "August through March" and in the same paragraph delete the words "April through August" and substitute therefor the words "April through July."

Proposed marketing agreement and order for the Bluefield marketing area—Statement of issues. The material issues of record with respect to the proposed marketing agreement and order regulating the handling of milk in the Bluefield marketing area related to:

1. Whether the handling of milk in the market is in the current of interstate commerce or directly burdens, obstructs or affects interstate commerce in milk or its products;

2. Whether marketing conditions justify the issuance of a marketing agreement or order; and

3. If an order is issued what its provisions should be with respect to:

(a) The scope of regulation;

(b) The classification of milk;

(c) The level and method of determining class prices;

(d) The method to be used in distributing proceeds to producers; and

(e) Administrative provisions.

Findings and conclusions. Upon the evidence adduced at the hearing and the record thereof, the following findings and conclusions are hereby made with respect to the proposed marketing agreement and order regulating the handling of milk in the Bluefield marketing area:

Commerce in milk. The handling of milk in the Bluefield marketing area, as defined herein, is in the current of interstate commerce or directly burdens, obstructs or affects interstate commerce in milk and milk products.

The marketing area defined in the proposed order includes the counties of Mercer and McDowell in the State of West Virginia, and Tazewell County in Virginia. There are continuous and substantial movements of milk across state lines both in the procurement of milk from producers supplying this marketing area and the sale of fluid milk and milk products by handlers to consumers.

Milk produced on farms in the States of Kentucky, Ohio, Virginia, and West Virginia is inextricably commingled at a milk distributing plant located at Welch, West Virginia. Milk produced in Virginia and West Virginia is received and commingled at plants located at Bluefield, Virginia and Bluefield, West Virginia. Such milk is bottled and distributed in fluid form throughout the marketing area. Milk from farms in Kentucky and Ohio is sent to a bottling plant in the West Virginia segment of the proposed marketing area and the bottled products then are returned to Kentucky and Ohio for distribution to consumers. Similarly, milk produced on farms in Virginia is sent to a bottling plant at Bluefield, West Virginia, and the bottled products are returned for distribution in Virginia. Milk produced within the State of West Virginia and sold in fluid form within that portion of the marketing area in West Virginia is in direct competition with milk produced in other States. The same situation exists with respect to milk produced within the State of Virginia and sold in fluid form within that portion of the marketing area in Virginia.

Fluid milk bottled in Bluefield, Virginia, is distributed to consumers in Pike County, Kentucky, and in McDowell and Mercer counties in West Virginia. Fluid milk and fluid milk products move from plants in Welch and Bluefield, West Virginia, to wholesale and retail outlets in Boyd, Floyd, and Pike counties, Kentucky; Bland, Buchanan, Giles, and Tazewell counties, Virginia; and Cabell County, Ohio. One handler, who would be regulated under the proposed order receives manufactured milk products from a company-affiliated plant located in the Tri-State market (a federally-regulated area) for distribution in the Bluefield area. On a supplemental supply basis substantial quantities of milk produced in the states of Maryland, Ohio, and Wisconsin are frequently imported by handlers in the Bluefield marketing area to meet a portion of the bottled milk requirements during the low production season of the year.

The seasonal reserve of locally-produced Grade A milk is used in the manufacture of cottage cheese, ice cream, nonfat dry milk solids, and condensed milk. These products, made from producer milk, are manufactured in Virginia and West Virginia plants and are sold in several States within this section of the country.

Need for regulation. The marketing and pricing conditions in the Bluefield marketing area require the issuance of a milk marketing agreement and order to establish and maintain orderly marketing conditions. Such an order will tend to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended. For reasons stated in this decision the regulation should be separate from those covering the Appalachian and Tri-State marketing areas.

At least six pricing plans for milk delivered by farmers are operative in the Bluefield market. In addition, the variations in milk classification methods used by handlers affect the relative prices paid to the producers. The pricing and classification plans used have caused wide disparity in returns to producers.

Certain milk distributed in this area is classified for pricing purposes pursuant to the provisions of the Federal milk orders for the Appalachian, Clarksburg, and Tri-State marketing areas. An order issued by the Virginia State Milk Commission applies to milk distributed from a Bluefield, West Virginia, plant into Giles County, Virginia. These regulatory pricing plans which affect milk marketing in this area have varying methods of milk classification for pricing purposes.

Pricing plans devised by handlers (as hereinafter defined) utilize still different methods of classification. One handler, who distributes fluid milk products in this area from a plant located in West Virginia, has established three different classes for pricing purposes, as follows:

(1) Class I—fluid milk products distributed locally (Bluefield, West Virginia and vicinity);

(2) Class I (Kentucky)—fluid milk products distributed in Pike County, Kentucky, and milk separated for buttermilk, chocolate milk drinks, cottage cheese, and for the standardization of fluid milk; and

(3) A class for surplus milk.

This method of pricing has resulted in fluid milk products in Class I distributed by such handler in the proposed marketing area being priced as much as $1.22 above the price for fluid milk products distributed from the same plant to outlets in Kentucky. The Class I (Kentucky) price of this handler is based on, and equivalent to, the Huntington district Class I price under the Tri-State order. Also, this handler purchases milk produced in Virginia and distributes milk in Virginia under the producer and resale price regulations of the Virginia State Milk Commission for the Giles County, Virginia, market. Milk produced under regulation of the Virginia State Milk Commission customarily is priced higher than that sold locally in the Bluefield market.

Another handler, with a plant located in Virginia, has established three classes for pricing purposes, as follows: (1) Class I—fluid milk products distributed in Virginia; (2) Class IA—fluid milk products distributed outside the State of Virginia, buttermilk, and ice cream; and (3) a class for surplus milk. Under this method of pricing fluid milk products in Class I have been priced as high as $6.05 per hundredweight (4.0 percent butterfat basis) when at the same time fluid milk products in Class IA were priced at $4.11 per hundredweight. The Class IA price customarily has been fixed at the level of the Tri-State order Class I price for the Huntington district (adjusted to a 4.0 percent butterfat basis by using the "producer" rather than the "handler" butterfat differential under such order), less 25 cents.

A third handler, with a plant located in West Virginia, prices all his milk as Class I, except for small amounts of seasonal surplus.

The fourth handler in the market is regulated under the provisions of the Tri-State order and thus is required to follow a classification and price plan which differs from the others as described above.

The four local handlers, to which reference has been made, were formerly regulated under a producer price order of the Virginia State Milk Commission which was applicable to the "Southwest Virginia" milk market. They have not been regulated by the Virginia control agency since late 1953, but have continued some aspects of the regulatory

pricing program on a voluntary basis. However, the variations in pricing plans for fluid milk distributed in the Bluefield area have resulted in producer returns which vary in excess of $1.00 per hundredweight for milk produced by farmers with farms located in the same production area. In some instances differences in returns per hundredweight occurred among producers delivering to the same handler in the same month.

The "stated Class I prices of such handlers have varied from $4.08 to $6.05 per hundredweight (4.0 percent butterfat basis) for bottled milk products distributed competitively in the same areas during the same periods of time. In addition, different methods of paying for butterfat above and below 4.0 percent are used and there is no uniformity in the computation of producer butterfat differentials. Because of these factors, together with the classification plans used, the stated Class I prices of unregulated handlers do not reflect with accuracy the level of returns actually received by producers for milk used in bottled milk products. This lack of uniformity in pricing and classification techniques has caused inequities among producers.

It is noted further that at least three types of seasonal incentive programs have been incorporated in the prevailing price plans used by those handlers in the market who are not under some regulatory program, notably the following: (1) Variations of "the base and excess" plan, (2) a modified "Louisville" plan, and (3) combination of a modified "Louisville" plan and "base and excess" plan. Such payment plans also have resulted in inequities among producers.

Handlers using the base and excess plan as a means of obtaining a better seasonal pattern of production frequently changed the period designated as the "base-forming months" without prior notification to the producers. One of these plans provides for some producer milk to be priced as "excess" even in the short production season when the market as a whole is customarily short of milk supplies.

The modified "Louisville" plan was instituted by one handler in 1954, when $0.75 per hundredweight was deducted from the producers' price in the months of April, May, and June, and the same amount per hundredweight added to the price in the months of October, November, and December. Order proponents contend that this resulted in an arbitrary net reduction in returns to such handler's producers since the fall rate of milk production normally is less than in April, May, and June. Producers claim it was their understanding that they would receive in the fall months the full amount of money represented by the deductions made in April, May, and June.

In 1955, the plan was changed without prior notification to the producers and deductions from the producers' price of $0.50 per hundredweight in April and May, and $0.55 in June were made. The amounts subsequently added to the producer's price were $0.50 per hundredweight in October, $0.75 in November, and $0.50 in December. In addition, a "base and excess" plan was instituted in the latter year without any prior notification to producers as to the base-forming period to be used. The changes made in 1955 also resulted in arbitrary reductions in returns to the producers delivering to such handler.

Another disruptive aspect of the latter pricing practice was allocation of varying amounts of surplus among individual producers. Some producers were allocated as much as 40 percent surplus while in the case of other producers no milk was so allocated. This disproportionate distribution of surplus caused a high degree of disparity in prices among producers since the difference between such handler's Class I and surplus prices has been as high as $2.50 per hundredweight.

Many producers in the Bluefield marketing area have no effective means of insuring the accuracy of the weights and tests of their deliveries of milk to handlers. The testing programs of the cooperative and handlers seldom agree on tests made of producers' milk. Producers testified that the cooperative's tests are consistently higher, but that they usually have been unable to obtain adjustments based on the differences shown. In addition, those handlers in the market not under any regulatory program do not permit auditing of their records for the purpose of establishing (1) the accuracy of the utilization of producer receipts according to the classification plan in use, and (2) the appropriate volumes of milk to be paid for as base milk and excess milk. One handler has not paid the cooperative the dues deducted from members and has been delinquent in making payments to cooperative members for their milk.

In summary, the proponent cooperative association has been unable to bargain with handlers concerning prices to be paid for milk received from farmers. Prices paid to producers throughout the Bluefield marketing area are generally at the option of the handler. There is no uniform classification plan whereby farmers supplying the Bluefield marketing area are assured of payment for their milk in accordance with its use. Handlers arbitrarily determine producer butterfat differentials for milk above or below 4 percent in butterfat. There is little uniformity in the seasonal incentive programs now used by handlers. As the result of the producers' inability to obtain satisfactory pricing plans for milk in the Bluefield area plants some producers have shifted their deliveries of milk from this market to plants in Winston-Salem, North Carolina; Charleston, West Virginia; and the Appalachian marketing area. Since the Bluefield market is in a deficit milk production area and supplies customarily have been fairly short in relation to the Class I demand any transfer of milk from the market seriously jeopardizes the delivery of the necessary requirements of fluid milk to this market.

The Federal milk marketing order proposed herein for Bluefield will implement the declared Congressional policy of establishing and maintaining orderly marketing conditions by providing:

(a) A regular and dependable method for determining prices to producers at levels contemplated under the Agricultural Marketing Agreement Act, as amended;

(b) The establishment of uniform prices to handlers for milk received from producers according to a classified price plan based upon the utilization made of the milk;

(c) An impartial audit of handler's records of receipts and utilization to further insure uniform prices for milk purchased;

(d) A means for insuring accurate weights and tests of milk;

(e) Uniform returns to producers supplying the market and an equitable sharing by all producers of the lower returns for sale of reserve milk;

(f) Uniform rules for the operation of seasonal incentive which will encourage producers to adjust production seasonally in closer alignment with the relatively even monthly needs for inspected milk; and

(g) Market-wide information on receipts, sales, and other data relating to milk marketing in the area.

Marketing area. The Bluefield marketing area should include all the territory within the counties of McDowell and Mercer in West Virginia, and Tazewell in Virginia.

Producers proposed that the counties of Buchanan and Tazewell in Virginia; McDowell and Mercer in West Virginia; and Floyd and Pike in Kentucky be either (1) established as a separate district within the present Appalachian marketing area, or (2) established as a marketing area to be known as the "Bluefield marketing area" for regulation under a separate marketing order.

One handler proposal would enlarge the marketing area to include in addition to the above-named counties, as proposed by producers, the counties of Boone, Fayette, Greenbrier, Kanawha, Logan, Monroe, Raleigh, Summers, and Wyoming, in West Virginia. This handler, upon further consideration, abandoned the request for the addition of Boone, Fayette, Greenbrier, Kanawha, Monroe, Raleigh, and Summers counties. The same proponent further modified his proposal to include Lincoln, McDowell, Mercer, and Mingo counties in West Virginia.

Another proposal submitted by handlers would adopt all of the counties included in the above handler's final proposal and in addition would include Tazewell County, Virginia, and Floyd and Pike counties, Kentucky. It was further proposed that this proposed marketing area be given consideration as an addition to the Huntington district of the Tri-State marketing area, as an alternative to the two producer proposals.

The problems complained of by the producer proponents of the order center primarily around the handling of milk in plants which either are located in or serve McDowell and Mercer counties, West Virginia. Plants located in McDowell and Mercer counties also handle a large portion of the fluid milk distributed within Tazewell County, Virginia. These three counties consti-

tute perhaps the most populous area in the entire region under consideration and to a large extent are separated from other counties proposed for regulation by mountains and intervening areas which are only sparsely populated. The principal communities located in these counties are Bluefield, Princeton, and Welch, West Virginia, and the city of Bluefield, Virginia. Because of the numerous smaller communities scattered throughout the counties, it appears that orderly marketing can be best achieved by regulating the counties in their entirety rather than to specify particular communities for regulation.

Milk sold for consumption as Grade A milk within all three counties of McDowell, Mercer, and Tazewell must be approved by local health authorities under ordinances, practices, and procedures patterned after the model milk ordinance of the United States Public Health Service. Reciprocal agreements on farm inspections and on finished Grade A milk products for distributors prevail among the area health authorities. Current ratings of the United States Public Health Service are recognized by health authorities as a basis for acceptance of supplemental, or emergency, supplies of milk from distant plant sources. The degree of similarity of minimum health standards throughout the area justifies the uniform application of prices to all inspected milk marketed in these counties.

As previously stated, producers proposed that Buchanan County, Virginia, and Floyd and Pike counties, Kentucky, also be included in the marketing area. There is little, if any, milk distributed in Buchanan County which would not be under the regulation of either the Appalachian or Bluefield order, without the inclusion of such county in the marketing area. Sales in this country are quite limited because of its rural character. For these reasons it is not necessary to include Buchanan County within either of the defined marketing areas. The reasons for not including Floyd and Pike counties in Kentucky are discussed below in conjunction with the consideration of other additional territory as proposed by handlers.

The relatively populous counties of Logan, Mingo, and Wyoming and the sparsely populated county of Lincoln, in West Virginia, are in a region where little milk is produced locally for distribution in fluid form. This is a coal mining region and extremely deficit as to its own milk supply. Milk is transported rather long distances from the markets of Huntington, West Virginia; Athens, Ohio; Beckley, West Virginia; Bluefield, West Virginia; and Charleston, West Virginia, to serve local needs for fluid milk. The milk imported into this area from Huntington and Athens is under regulation of the Federal milk order covering those communities (Tri-State Order No. 72), and the milk from Beckley has been under the regulation of a recently issued milk order for the Clarksburg marketing area (Clarksburg Order No. 109). Charleston handlers have limited sales in this area which are of minor competitive importance. The issuance of a Bluefield order for the marketing area as adopted above would bring under regulation nearly all the remaining milk distributed in these counties.

A situation similar to that noted for such four counties in West Virginia, applies also in the case of Floyd and Pike counties, Kentucky. The milk imported into this area from Huntington and Athens is under regulation of the Federal milk order covering these communities. Similarly, milk imported into this area from Big Stone Gap, Virginia, and Kingsport, Tennessee, is under regulation of the Federal milk order covering the Appalachian market. The issuance of a Bluefield order for the marketing area as adopted above would bring under regulation nearly all the remaining milk distributed in these counties.

It should be noted that the inclusion of any of the areas discussed above in addition to the counties of McDowell and Mercer, West Virginia, and Tazewell, Virginia, would have the effect of transferring plants at Huntington, West Virginia, and Athens, Ohio, now regulated under the Tri-State order, to regulation under the Bluefield order unless some modification of the present terms of the Tri-State order were made to prevent such a transfer. Regulation of such plants under the Bluefield order would not be in the interest of orderly marketing within the Tri-State marketing area. As above stated, the inclusion of the additional counties probably also would involve a portion of the Charleston market under regulation, while a greater portion of the milk for this substantial market would remain unregulated. The application of a Bluefield order in this manner would create difficult competitive problems for the regulated milk originating at Charleston plants and is not necessary to achieve orderly marketing for producers who have primary interest in the proposed Bluefield regulation. Handlers testified that if their Class I prices were reasonably aligned with those effective under the Tri-State order no competitive disadvantage resulting from the purchase of milk from producers would result from the omission of such counties from the defined marketing area since the bulk of the milk distributed in these counties, other than that distributed by handlers who would be regulated under the Bluefield order, is at present priced under the Tri-State order. The inclusion of these counties in the defined marketing area is not required to achieve orderly marketing conditions for the producers primarily concerned with the Bluefield market plants.

The milk distributors who would be regulated under a separate Bluefield order are in competition throughout the particular counties to be regulated. In addition, some milk is distributed within this area from plants located outside the defined area at Beckley, West Virginia, and Athens, Ohio. The operator of the Beckley plant might also become a handler under the regulation. Although some milk is distributed in Tazewell County by persons regulated as handlers under the order currently in effect in the Appalachian marketing area, no milk is distributed within the confines of the latter marketing area by persons who would become handlers under a separate order for the Bluefield marketing area. It is noted also that the points outside the defined area where there is some competition between handlers to be regulated by a Bluefield order and those currently regulated under the Appalachian order are not numerous. There is substantially greater competition in outside markets between Bluefield handlers and distributors in the Tri-State market and Beckley. From the standpoint of route competition there is insufficient relationship between the Appalachian and Bluefield markets to indicate the propriety of a single regulation for handlers in both markets. Further support for this view is found in the tendency for Bluefield handlers to seek new markets generally to the west and north of Bluefield, West Virginia, rather than to compete more vigorously in Bristol and other markets to the south regulated under the Appalachian order.

Milk subject to regulation. Provision should be made in the order to designate clearly what milk will be subject to the pricing provisions of the order. For this reason, definitions of "handler", "plant" (various types), "producer", "producer milk" and "other source milk" should be provided.

A "handler" is defined to be the operator of an "approved plant". The handler is the person to whom the provisions of the order are applicable. The handler receives the milk of producers and thus must be held responsible for reporting its receipt and utilization. He is the one responsible for paying producers not less than the specified minimum prices. In case a person operates more than one plant at which milk is to be priced, he should be a handler with respect to the combined operations of such plants. If a handler also operates an unregulated plant(s), this definition is not intended to include such person in his capacity as an operator of such type of plant(s). Producer-handlers and other operators of approved plants which do not qualify as "fluid milk plants" (as discussed below) should be considered handlers in order that such persons shall report to the market administrator as may be necessary to determine their status at any given time.

The minimum class prices of the order should apply to that milk eligible for distribution as Grade A milk in the marketing area which is received from dairy farmers at plants primarily engaged in supplying fluid milk for sale on retail and wholesale routes in the marketing area. Such plants are defined as "fluid milk plants." More specifically, a fluid milk plant under the attached order is any plant from which a volume of Class I milk equal to either an average of more than 1,000 pounds per day, or more than 2.0 percent of the approved milk of such plant, is disposed of during the month on routes (including routes operated by vendors) or through plant stores or retail or wholesale outlets (except other fluid milk plants) located in the marketing area.

The order should provide also delivery performance standards for plants from which no wholesale or retail routes are

operated, but which represent sources of supply for the market. There are two broad categories of plants that generally provide supplemental supplies of milk for fluid milk markets. One category includes those plants which constitute regular sources of supply and are closely associated with the market by receiving milk subject to the farm inspection of local health authorities. Although there are no such plants serving the Bluefield marketing area at present some provision should be made for the regulation of plants of this type that might become closely associated with the market in the future. Plants of this type are a normal part of the milk procurement facilities in several adjacent markets, and nothing in this order will preclude any plant wherever located from serving the market in the future should a need for its supplies arise. It is concluded that any plant in this category should be included within the definition of a fluid milk plant throughout the year whenever it may become a regular source of supply for any plant from which wholesale or retail routes are operated.

The second category of supply plants are those receiving milk not under the routine farm inspection of health authorities in the market. The Bluefield market receives supplemental milk supplies from a number of plants of this type. These plants normally provide supplemental milk to plants in various other fluid milk markets as well, and their shipments to the Bluefield area for Class I use are primarily seasonal in nature.

Producers proposed that the latter type of plant be included in the definition of a fluid milk plant when any such plant supplies to the market a monthly total of 70,000 pounds (or more) of milk for each of the months of August through January, inclusive. Producers contended that such plants are a threat to the stability of the market because they are able to deliver large quantities of milk during the low production months from other sources and locations where no minimum price regulations are in effect.

It is quite possible that as a result of handlers receiving milk from outside the order in unlimited quantities a situation could arise in which a significant portion of the market supply of milk would not be subject in any way to the pricing and payment provisions of the order. This could result in (1) a portion of the market supply being procured on a "flat price" basis without regard to use of milk as distinguished from the classified price plan provided in the proposed order, (2) limiting the effectiveness of the pricing and payment provisions of the order as a means of encouraging farmers to produce a year-round supply of pure and wholesome milk for the Bluefield market, and (3) incentive to handlers to use milk from sources outside regulation in preference to seeking an adequate supply of producer milk in all months. These factors would create a constant threat to the entire classified price plan.

It is concluded that such plants should be regulated when they furnish milk, skim milk or cream in fluid form in excess of 70,000 pounds (approximately two full tank loads) per month for the months of August through January, inclusive. In addition, these plants should be brought under regulation and made fully subject to the pricing provisions of the order when any shipments are made to fluid milk plants for the months of February through July, inclusive. This provision is similar to the comparable provision of the Appalachian order and is reasonable in view of the similarity of handler operations in the two markets. Milk subject to other orders issued pursuant to the act should not be made subject to the pricing provisions of the order at any time in order that double regulation may be avoided.

Minor quantities of milk are distributed on wholesale and retail routes from plants located outside the marketing area. Such plants generally are receiving supplies produced at considerable distances from the Bluefield milk production area and are primarily in competition with milk of unregulated handlers in markets outside the Bluefield marketing area. Regulation of such plants might place them in an uneconomic and unfavorable competitive position with respect to sales in their home markets. As long as the limit as to sales such a plant may make in the marketing area are kept relatively low, the volume of unpriced milk in the market would not present a disruptive force. It is concluded that this limit should be placed at 2.0 percent of the Grade A milk received at such plant from all sources, or an average of 1,000 pounds of Class I milk a day, whichever is less. Any plant from which a volume of Class I milk equal to more than 1,000 pounds per day, or 2.0 percent of its receipts of Grade A milk, skim milk or cream, is disposed of in the marketing area should be designated as a fluid milk plant and be made fully subject to regulation. This limited exemption is similar to that currently contained in the Appalachian order.

Any plant from which Class I milk is distributed in the marketing area, but which does not meet the standards for a fluid milk plant, should be defined as an "approved plant" and be required to file reports and submit to audits by the market administrator in order that he may verify the status of such plant.

"Producer" should be defined as any person, other than a "producer-handler", who produces milk under a dairy farm inspection permit issued by a duly constituted health authority which is customarily received at a fluid milk plant. Provision should be made, however, so that the milk of producers regularly received at a fluid milk plant may be diverted for the account of a handler to a nonfluid milk plant at any time during April, May, June and July, and on not more than 15 days during other months, and still be permitted to retain status as producer milk under the order. This will permit milk regularly associated with the market to be diverted to manufacturers during periods of flush production and over week-ends and holidays when supply and demand relationships may require some reserve and surplus milk to be manufactured in plants not regulated by the order. Producers whose milk is so diverted will continue to receive the uniform price under the order and their milk will be available for fluid use when needed. Diverted milk shall be deemed to have been received at the plant from which it was diverted.

"Producer-handler" should be defined as a person who operates a fluid milk plant but handles no milk from dairy farmers other than milk of his own production. A producer-handler should be subject to the order only to the extent that he must submit reports to the market administrator as required and maintain and make available to the market administrator, accounts, records, and facilities, so that the market administrator may verify that such person meets the definition of producer-handler. It appears unnecessary to require under the order that a producer-handler pay any particular price for milk produced on his own farm.

A producer-handler may receive milk from other handlers and still maintain his status as a producer-handler. However, the classification provisions of the proposed order should provide that any milk, skim milk, or cream transferred by a handler to a producer-handler will be Class I milk. Supplemental supplies of milk which may be obtained from other handlers, by virtue of the type of operation involved, may be presumed to be needed by the producer-handler for fluid use and should be classified in the supplying handler's plant as Class I milk. Any milk which a handler receives from a producer-handler would be "other source milk" and would, therefore, be allocated to the lowest class utilization at the fluid milk plant(s) of a handler after the allocation of shrinkage on producer milk. This method of allocating producer-handler milk will insure producers' priority on Class I sales made by the handler to whom milk is supplied. The producer-handler who, by being exempt, enjoys the full advantage of his fluid milk sales, should not also share in the Class I market of other producers.

"Other source milk" should be defined as all skim milk and butterfat contained in products utilized by the handler in his operations, except milk from producers, inventories, and other Class I products received from other fluid milk plants. This includes any non-fluid milk product from any source, including those produced at the handler's plant during the same or an earlier month which are reprocessed or converted to other products during the month in the plant. Defining other source milk in this manner will insure uniformity among all handlers under the allocation and pricing provisions of the order.

Classification of milk. Milk received by regulated handlers should be classified on the basis of the form in which, or the purpose for which, it is used, as either "Class I milk" or "Class II milk."

A classification plan of this type will insure that minimum prices for milk will be uniform among handlers according to use, that a price may be fixed for the milk disposed of as Class I at a level that will bring forth an adequate supply of pure and wholesome milk, and that a necessary reserve of quality milk may be

maintained at all times (and used at prices in line with its value when processed into manufactured dairy products) without disrupting marketing and pricing conditions within the established marketing area.

The products which should be included in Class I milk are those distributed to the consumer in fluid form and required by health authorities in the proposed marketing area to be obtained from milk or milk products from approved "Grade A" sources. The extra cost of getting quality milk produced and delivered to the market in the condition and quantities required makes it necessary to provide a price for milk used in Class I products somewhat above the ungraded, or manufacturing, milk price. This higher price should be at such a level that it will yield a uniform (blended) price to producers that will encourage the production of sufficient milk to meet market needs.

Reserve milk not needed seasonally or at other times for Class I use must be disposed of for use in manufactured products. These products are less perishable, are not required to be made from inspected milk, and must be sold in competition with products made from unapproved milk produced throughout the United States. Milk so used should be classified as Class II milk and priced in accordance with its value in such outlets.

In accordance with these standards, Class I milk should comprise all skim milk (including concentrated or reconstituted nonfat milk solids) and butterfat (1) disposed of in the form of milk, skim milk, buttermilk, milk drinks (plain or flavored), cream (except frozen cream), and any mixture in fluid form of skim milk and cream (except ice cream mix, eggnog, and sterilized products contained in hermetically sealed containers); and (2) not accounted for as Class II milk.

Class I products which contain concentrated skim milk solids such as skim milk drinks to which extra solids have been added or concentrated whole milk disposed of for fluid use, should be included under the Class I milk definition. Products such as evaporated or condensed milk packaged in bulk or in hermetically sealed cans should not be considered as concentrated milk.

Skim milk and butterfat are not used in most products in the same proportions as contained in the milk received from producers, and therefore should be classified separately according to their separate uses. The skim milk and butterfat content of milk products, received and disposed of by a handler, can be determined through certain testing procedures. Some of these products, such as ice cream and cottage cheese, present a difficult problem of testing in that some of the water contained in the milk has been removed. It is desirable in the case of such products to provide an acceptable means of ascertaining the amount of skim milk and butterfat contained in, or used to produce, these products. This may be accomplished through the use of adequate plant records made available to the market administrator or by means of standard conversion factors of skim milk and butterfat used to produce such products. The accounting procedure to be used in the case of any condensed milk product should be based on the pounds of milk or skim milk required to produce such product.

Each handler must be held responsible for a full accounting of all his receipts of skim milk or butterfat in any form. The handler who first receives the milk from producers should be responsible to the market administrator to establish the classification of, and to make payments to producers for, such milk. Except for such limited quantities of shrinkage which may under certain conditions (as set forth elsewhere in this decision) be classified in Class II, all skim milk and butterfat which is received and for which the handler cannot establish utilization should be classified as Class I milk. This provision is necessary to remove any advantage to handlers who fail to keep complete and accurate records and to assure that producers receive full value for their milk on the basis of its use.

All skim milk and butterfat used to produce products other than those classified in Class I milk should be Class II milk. Included as Class II milk are products such as ice cream, ice cream mix and other frozen desserts and mixes; butter, cheese, including cottage cheese; evaporated and condensed milk (plain and sweetened); non-fat dry milk solids, dry whole milk; condensed or dry buttermilk; and any other products not specified as Class I milk.

Cream which is frozen and placed in storage should be classified as Class II milk. Such cream is intended primarily for use in ice cream mixes. Any frozen cream or other Class II products which are used later in a fluid milk plant would be considered as other source milk at the time of such use and assigned to the lowest priced utilization in the plant.

A handler proposed that Class II milk include all skim milk and butterfat disposed of as livestock feed, and skim milk that is dumped after prior notification to and opportunity for verification by the market administrator. This handler testified that (1) little recovery value is obtained from fluid milk products returned to the handler's plant and sold as livestock feed, and (2) surplus milk is separated and the skim milk dumped for lack of manufacturing facilities to use all surplus milk.

Milk returned to plants from handler routes in this market frequently cannot be processed for resale as other dairy products. Because of the limited facilities in most handler plants for processing manufactured milk products seasonal surplus in small quantities from time to time does not warrant costs associated with disposition to unregulated plants for manufacture. It is concluded that skim milk contained in any product disposed of as animal feed, and skim milk which is dumped during the months of April, May, June and July, should be Class II milk. Because dumping can be verified only at the time the action is taken the handler should be required to give advance notice to the market administrator so that adequate proof of dumping will be possible.

Handlers have inventories of milk and milk products at the beginning and end of each month which enter into the accounting for current receipts and utilization. Accounting procedure will be facilitated by providing that ending inventories of all products designated as Class I milk, regardless of whether such products are held in bulk or in packages, be classified in Class II milk. Inventories of such products on hand will then be subtracted from Class II use the following month. If any products which are classified as Class II milk because they are held in inventories or later used in Class I, the higher valued use should be reflected to producers unless producer milk was not available for such use.

Inventories of products designated as Class I milk on hand at a fluid milk plant at the beginning of any month during which such plant becomes a fluid milk plant for the first time should likewise be subtracted from the Class II utilization of such plant. This will preserve the priority of assignment of current producer receipts to current Class I use for each month.

As in the case of the Appalachian market the question of multiple reporting periods for allocation purposes was considered. The testimony offered primarily with respect to the proposed revision of the Appalachian order is equally applicable to the Bluefield market. The findings and conclusions on this matter, previously set forth in this decision, likewise are applicable in connection with the Bluefield market and therefore are not repeated in this portion of the decision.

The proposals on the amounts of shrinkage to be allowed in Class II milk under a Bluefield order were similar to those previously considered in this decision in connection with proposed amendments to the Appalachian order. For the same reasons presented earlier producers opposed the proposals made by handlers.

As in the Appalachian market fluid milk operations take the bulk of the milk delivered by dairy farmers. A high degree of similarity in plant operations exists between the two markets. The classification, allocation and transfer provisions of the two orders are substantially the same. The class prices adopted for the Bluefield market contemplate similar treatment in accounting for and classifying shrinkage. It is concluded from the above that shrinkage should be determined on the same basis as is provided in the Appalachian order. Shrinkage not in excess of 2 percent of the handler's receipts of producer and other source milk should be prorated between producer and other source milk on the basis of the pounds received from each source. Shrinkage not in excess of 2 percent of total receipts of producer milk and other source milk used to produce a Class II product should be classified as Class II milk, and any shrinkage in excess of this quantity should be classified as Class I milk. None of the shrinkage should be assigned to milk received from other fluid milk plants because shrinkage on such milk is allowed to the transferor-handler.

Classification of butterfat and skim milk used in the production of Class II milk items should be considered to have been established when the product is made. Classification of Class I milk should be established when the butterfat or skim milk is disposed of by the handler. However, since some Class I items may be disposed of to other plants for processing, specific classification procedures should be prescribed for milk transferred between plants.

Milk, skim milk, cream, or other products designated as Class I milk transferred by a handler to the plant of another handler, except that of a producer-handler, should be classified as Class I milk unless both handlers claim in their reports to the market administrator that such milk should be classified as Class II milk. However, in the latter event sufficient Class II utilization must be available at the transferee-plant after prior allocation of shrinkage and other source milk. Furthermore, the assignment to classes must be such as will result in the maximum amount of producer milk of both handlers being assigned to Class I milk. These actions will insure that the highest-valued uses should be assigned first to these producers regularly supplying the market.

Producers proposed that milk which is diverted from fluid milk plants to nonfluid milk plants within a range of 100 miles of the marketing area be considered as Class II milk. Reference was made to transfers of surplus milk from a Bluefield plant to a manufacturing milk plant approximately 70 miles away.

One handler proposed that surplus milk which is transported from a fluid milk plant to a nonfluid milk plant within a range of 250 miles of the transferor-plant be considered Class II milk. Surplus milk from this handler's plant has been moved at times to a manufacturing milk plant approximately 190 miles distant.

It is reasonable and necessary to assure that producer milk will be paid for in accordance with its utilization. This requires verification of the receipts and utilization of milk at nonfluid milk plants which receive producer milk diverted from fluid milk plants. When it is necessary to travel considerable distances to verify the use of milk in nonfluid milk plants, there is excessive administrative expense. At least four nonfluid milk plants within a distance of 200 miles of Bluefield, West Virginia, are available to serve as the major outlets for surplus milk. The costs involved in transporting milk, skim milk, and cream in bulk form are such that generally it would not be economically feasible to move milk in excess of such distance for Class II disposition.

Therefore, it is concluded that milk, skim milk, and cream disposed of to a nonfluid milk plant, including milk which is diverted (sent directly to the nonfluid milk plant from the producer's farm) should be classified as Class I milk, unless the following conditions are met: (1) The operator of a nonfluid milk plant, if requested, must make his books and records available to the market administrator for the purpose of verifying the receipts and utilization of milk in such nonfluid milk plant, (2) the nonfluid milk plant is located less than 200 miles, by the shortest hard-surfaced highway distance, from Bluefield, West Virginia, (3) the nonfluid milk plant used, during the month, an equivalent amount of skim milk and butterfat in the product use indicated, and (4) in the case of cream the transfer is made without the Grade A certification of any health authority. For reasons previously stated all Class I milk and milk products transferred to a producer-handler should not be subject to the above reclassification.

One handler proposed that a provision be included under which milk custom-bottled by a handler on behalf of an out-of-area plant could be made exempt from the pooling and pricing provisions of the Bluefield order. Specifically, it was requested that, in an emergency, milk moved from Clarksburg, West Virginia, to a plant at Beckley, West Virginia for bottling purposes and then returned to Clarksburg for sale in the Clarksburg marketing area be deducted from Class I milk in allocation at the Beckley plant. Following the classification plan of the present Appalachian order, such a receipt of milk at Beckley (if the Beckley plant were regulated under the Appalachian order) would be handled as a receipt of "other source milk" and allocated in series beginning with the lowest-priced class. The exemption, under the proposal, would apply only to a quantity of milk equivalent to that returned to the Clarksburg market.

In support of the proposal proponent indicated the possibility that its plant located at Clarksburg may be subject to relocation because the land on which it is situated may be purchased by the State of West Virginia for use as a road or highway. The land has been surveyed by the state and appears to be involved in one of two highway routes under consideration. Thus, it may be necessary to process milk at another location pending the erection of a new plant by the company to serve the Clarksburg market.

A custom-bottling provision in the Bluefield order may be an appropriate method of relieving hardship in an emergency situation, as desbribed by proponent, without inequity to other regulated handlers. On the other hand, it has been found necessary in the general application of milk orders to provide stringent rules concerning the receipt and allocation of milk at regulated plants in order to provide a clear basis on which to determine the extent of the handler's responsibility to producers. Any relaxation of an order to the point that some milk received by the regulated handler would not be controlled pricewise by the order and yet displace producer milk in the highest classification should be carefully constructed in light of a specific emergency in order that such a provision may not be utilized to avoid an order restriction in a situation for which it was not intended.

For the most part the testimony was conjectural. There is a real possibility that the potential situation described will not become a fact. In the event the Clarksburg plant is closed at some future time to give way to the new highway, there may be alternative methods under either the Clarksburg order or the Bluefield order of preventing undue hardship to proponent. For example, proponent has a bottling plant at Fairmont, West Virginia. It may be possible for farmers now shipping to the Clarksburg plant to become regular producers at the Beckley plant by securing a change in health permits. A new plant location at Clarksburg may be found. Certainly proponent will receive advance notice to vacate which will provide opportunity to review the problem presented. The necessity and nature of any relief may be more accurately appraised in light of specific facts concerning the extent and time period of the actual emergency. In view of the above, it is concluded that a custom-bottling provision is not appropriate in the present circumstances.

It was proposed further by such handler that milk transferred to any plant regulated by the Bluefield order from a plant under another Federal order be allocated on a basis comparable to the class of utilization of such milk under the marketing order which covers the transferor's plant. Proponent referred particularly to milk which might be received from plants under either the Tri-State or Clarksburg order.

It was contended that such a transfer provision would assist a handler to hold his market against the inroads of milk brought by distributors in other markets for sale on routes since it would be easier for the local handler to obtain supplementary supplies when short of producer milk. Under the proposal any such milk, classified as Class I under an order such as the Clarksburg order, would be deductible from Class I milk in the Bluefield plant.

It is recognized that through the allocation procedure of assigning producer milk under each order to the highest-priced available uses, a quantity of milk may be classified as Class I milk in the exporting market and allocated, as "other source milk", to Class II milk in the receiving market. However, the deduction of the transferred quantity from Class I milk in the transferee-plant while local producer milk remains in Class II would not be justified under the conditions which prevail in the Bluefield area.

The Bluefield market is located in a deficit production area. Likewise, the Appalachian, Tri-State and Clarksburg markets are located in deficit milksheds. Unlike the Chicago market, referred to by proponent, which is relied upon to furnish supplemental supplies to adjacent markets as needed, none of the above-mentioned markets serves as a "balance wheel" to the supply condition of another of such markets. Each market is independent of the others in supply procurement and sources of outside milk vary. Since local producers of the Bluefield market represent the only fully dependable and reasonably near source of milk for most Bluefield handlers, there appears to be no substantial reason to force producer milk into manufacturing uses while temporary, and perhaps, sporadic, supplies from outside sources are assigned to higher-valued uses. Such

procedure would not assist the orderly marketing of milk in the Bluefield area.

Bluefield plants, including proponent's plant, have no substantial capacity to manufacture milk products. Milk imported from other areas is intended primarily to supplement local producer milk in Class I uses. If the need for such supplemental milk is real no handler should experience undue hardship from order requirements under which producer milk is first assigned to the highest-priced class since the bulk of the supplemental milk would be deductible from Class I milk in allocation if actually used for fluid purposes.

In view of the above, inter-market transfers should be allocated in the same general manner as any other milk which is received from sources other than producers. However, since it may be necessary at times to allocate both regulated (priced under another Federal order) and unregulated milk from outside sources as "other source milk" in a Bluefield plant, it is reasonable to allocate the unregulated milk first to the lowest-valued uses prior to the allocation of priced milk in such uses. The latter procedure is adopted.

Class prices. Class I prices should be established at a level which, together with appropriate Class II prices, will return to producers a uniform price sufficient to bring forth the required supply of Grade A milk throughout the year. Class prices established too low will result in the production of insufficient quantities of milk to meet the requirement of the market. However, if prices are too high, it will stimulate production and bring to the market more milk than is needed for Class I and reasonable "reserve" requirements. An overstimulation of production in excess of fluid milk requirements would result in the development of unnecessary and uneconomic surpluses.

Producers included in their proposals for the Bluefield area the same basic price formula now in use under Appalachian Order No. 23. The purpose of a basic price is to reflect the general economic factors underlying the price for milk. The price of milk used in manufactured milk products reflects, to a large extent, changes in general economic conditions affecting supply and demand, because the markets for most manufactured products are nationwide. For these reasons, many fluid milk markets have found it appropriate to use the prices for butter and nonfat dry milk solids, or the prices paid by condenseries (with differentials over these basic manufacturing prices), to establish fluid milk prices.

In the Bluefield market, prices for milk used for fluid purposes are related to prices paid for milk used for manufacturing purposes since the production and marketing of both types of milk are influenced by many of the same economic conditions. Farms producing milk for both fluid milk and manufacturing milk plants are intermingled to some extent in the Bluefield production area. In addition, manufacturing milk plants serve as alternative outlets for milk which is produced to meet fluid milk requirements. The recommended differential added to the basic formula price should, in general, reflect the additional costs required for Grade A milk to be produced and delivered to Bluefield market handlers in the quantities required to meet the needs for fluid milk and cream consumption in the marketing area. The use of alternative components as included in the attached order in the determination of the basic formula price will reflect the basic factors which establish the full farm value of milk for manufacturing uses at any given time.

In view of these facts, it is concluded that the basic price should be the higher of (a) the average of the prices paid by the 13 "Midwestern condenseries", (b) a price computed on the basis of the daily quotations for 92-score butter at Chicago and prices paid for nonfat dry milk solids f. o. b. manufacturing plants in the Chicago area, or (c) the average of the prices paid for milk received from dairy farmers by nine selected manufacturing plants in or near the local milkshed. This basis for pricing, identical to that in the Appalachian market, will assist in maintaining proper price alignment between the markets.

The concept of adjusting minimum class prices in response to changes in supply and demand conditions, and thereby influencing the production of milk through consequent changes in producers' blend prices, has wider geographical implications today than in the past. In earlier days producers were limited to supplying milk to local markets because of inadequate transportation facilities and the local nature of health regulations and milk distribution systems. Today the technological advances in milk production, including the widespread use of milk cooling equipment on farms; the rapid motor transportation from farms to a number of cities instead of one or two, especially through the advent of bulk farm tank milk pickup; the increased efficiency of milk processing equipment and plants; the increasing importance of paper containers for packaging milk; the use of refrigerated delivery trucks; the sale of milk through vendors and stores in distant cities; and the corollary trend among health authorities of approving sources of milk derived from a wider supply area under agreement for reciprocal inspection—all these factors enable milk to be transported and sold long distances from the point of production and processing.

These developments have been and are influencing the marketing organization and price structure for producer milk and for fluid milk products in the Bluefield marketing area. Recent highway improvements have made this area accessible from a number of markets. That these developments have affected the level of prices paid for milk in the Bluefield marketing area may be noted from the many references in the record to the need of reasonable alignment of Bluefield marketing area prices with prices in the Appalachian, Clarksburg, and Tri-State markets.

Proponents proposed Class I price differentials (over the basic formula price) for the Bluefield marketing area of $1.35 during the months of April, May, and June; $1.80 during the months of February, March, and July; and $2.25 during all other months which would be added to a basic formula price similar to that used under Appalachian Order No. 23. Producers gave the following reasons for establishing differentials in these amounts: (1) The production area for the Bluefield market overlaps the production areas of Charleston, West Virginia; Winston-Salem, North Carolina; Beckley, West Virginia; Smyth-Wythe, Virginia; Pulaski - Montgomery - Giles, Virginia; Roanoke, Virginia; Galax, Virginia; and the Appalachian market; (2) a proper relationship of prices among markets obtaining fluid milk supplies from the same general production area is of utmost importance; (3) current blend prices have not induced an adequate year-round supply of inspected milk for the market; (4) producers have shifted from the Bluefield market to some of the above-named markets which offer higher returns; (5) increased demand for coal in this area has increased economic activity and the demand for dairy products; and (6) the proposed seasonal variation in price is necessary to encourage a more even production pattern throughout the year.

One handler proposed that the price for Class I milk should be the simple average of the prices established for Class I milk under Appalachian Order No. 23 and under Tri-State Order No. 72 (for the Huntington district). This handler, upon further consideration of this proposal, and his modified marketing area proposal (previously discussed), abandoned this price formula suggestion. Another handler proposed that the Class I price should be equivalent to the Class I price as established by the Tri-State order for the Huntington district. Handlers generally stressed the importance of the proper alignment of Class I prices in the Bluefield and Tri-State marketing areas. They testified that they are in competition with handlers from the Tri-State marketing area in the Logan, Pikeville, Williamson, and Prestonburg markets as to a very large proportion of their fluid milk sales. One handler in the Bluefield market who is regulated by the Tri-State order as to part of his supply bottled at a Bluefield area plant has regularly paid at least 31 cents per hundredweight over the minimum Class I price as required for such plant under the Tri-State order.

Consideration should be given to the need for alignment of Class I prices among the marketing areas of Appalachian, Bluefield, Clarksburg, and Tri-State. In this connection official notice is taken of the price formulas of the Appalachian, Clarksburg, and Tri-State orders. The Appalachian, Bluefield, and Clarksburg markets, and the Huntington district of the Tri-State market are all in deficit milk production areas. Although the Appalachian and Bluefield milk production areas overlap in four counties in Virginia, there is very little if any overlapping of either milkshed with the Tri-State milk production area. The costs of feed, farm labor, hay and dairy ration are quite similar in the production areas of the Appalachian and Bluefield markets. Also, the costs of transporting milk from farms to milk plants are not significantly different in the two markets. The major portion of Bluefield handlers' sales, however, are in direct competition with handlers regulated by the Tri-State order. Handlers from these two areas are the major competitors in the Logan, Williamson, Prestonburg, and Pikeville markets.

The Class I price should be established in the Bluefield order by adding a differential of $1.45 during the months of April, May, June, and July; $1.80 during the months of February, March, and August; and $2.10 during all other months, to the basic formula price. The average Class I price per hundredweight of 4 percent milk in 1955, f. o. b. market, would have been $5.28 as fixed under the recommended formula. The average Class I price per hundredweight for the same period was $5.40 under the Appalachian order and $5.00 for the Huntington district under the Tri-State order. The formula adopted would have resulted in Class I prices per hundredweight of $5.67 in January and $5.27 in February, 1955. The Class I prices per hundredweight in the Appalachian order were $5.67 in January and $5.57 in February and in the Huntington district under the Tri-State order were $5.53 in January and $4.95 in February. A receiving station which receives milk for shipment to the Appalachian market is located at Rural Retreat in the Virginia segment of the Appalachian milkshed. A location differential of 14.5 cents per hundredweight is deductible from the Class I and uniform prices at this location. At this point, where the Bluefield and Appalachian milksheds overlap, the Class I price for Bluefield will be, on an annual average basis, approximately the same as that for the Appalachian market although the seasonal pattern of pricing is more closely aligned to that of the Tri-State market.

Producers proposed that a "supply-demand adjustment factor" be included in the Class I price formula to further reflect changes in local supply and demand conditions. Although a supply-demand adjustment factor in the pricing formula conceived from local data would be desirable and serve a useful purpose, it is concluded that the development of such a factor from the limited data available at present locally, or from experience in the Appalachian market, would not reflect the Bluefield marketing conditions adequately and should be delayed until the Bluefield market has had experience under the order. Market experience under regulation is desirable as a basis for determining with accuracy the seasonal patterns of production and demand for use in connection with such a formula. The class prices included in this order will be terminated eighteen months after this order becomes effective, providing an opportunity for review of the market situation based on more detailed information.

The Class II price formula should reflect a reasonable value of milk for manufacturing purposes in the production area of the Bluefield market. The price should be at such a level that handlers will accept and market whatever quantities of milk in excess of Class I requirements may be produced from time to time. However, this price should not be so low that handlers will be encouraged to procure or retain milk supplies solely for the purpose of converting substantial quantities into Class II products when a Class I market exists.

Handlers in the Bluefield market use most of their daily reserves of milk for cottage cheese and ice cream production. The manufacture of limited quantities of producer milk into storable products such as condensed milk and nonfat dry milk solids occurs principally in the flush season of production and at plants not operated by handlers. All products included in Class II may be made from ungraded milk.

Producers provided a tank truck to divert surplus milk from a Bluefield handler's plant to a manufacturing plant during the last surplus production season. A premium over the basic manufacturing milk price was received for such milk.

The level of Class II milk prices in the flush production season should not be below that paid for ungraded milk, since such "pay" prices represent the prevailing value in the milkshed for milk for manufacturing purposes. Handlers who need and desire the entire output of producers during periods of short supply should assume the responsibility of paying producers at least the competitive manufacturing prices for Class II milk throughout the months of flush production.

The production areas of the Appalachian and Bluefield markets overlap. Regulated handlers' outlets for surplus milk during the flush production season from the Appalachian and Bluefield markets are manufacturing plants which are the principal buyers of ungraded milk in the milksheds of the two marketing areas. Official notice is taken of the Class II price formula in Appalachian Order No. 23. The Class II price computed for the Appalachian area during the months of March through August is, and will continue to be, the average of the prices paid for milk received from dairy farmers by nine manufacturing plants in the area. These plants are located at Galax and Abingdon, Virginia; Greenville, Lewisburg, and Murfreesboro, Tennessee; Mayfield and Bowling Green, Kentucky; Statesville, North Carolina; and Chester, South Carolina. It is concluded from the above that the Class II price for the months of March through August at Bluefield plants should be the average of the prices paid for milk received from dairy farmers by the nine manufacturing plants at the above locations.

During the months of below-average production a higher level of prices for Class II milk should be provided in the order so as to encourage the transfer of milk from manufacturing uses to fluid uses during the fall and winter months. In these months there are available outlets for reserve milk in cottage cheese and ice cream which, among manufacturing uses, are preferred outlets. These are also the months when considerable quantities of milk are imported into the market. Supplemental supplies of milk during the short production season are received from areas where the price of milk used in the manufacture of butter and nonfat dry milk solids is an important factor in establishing the prevailing farm values of manufacturing milk. Therefore, it is concluded that the Class II price for the months of September through February, should be the higher of either the price computed pursuant to a butter-nonfat solids formula (4.8 times 92-score Chicago butter price per pound plus 8.2 times price per pound spray process nonfat dry milk for Chicago area, minus 75 cents per hundredweight) or the average of the prices paid by the nine manufacturing plants. This will provide alignment of Class II milk prices with the price of milk for similar uses in the Appalachian market.

As previously pointed out in this decision, it was concluded that butterfat and skim milk should be accounted for separately for classification purposes. It will be necessary, therefore, to adjust Class I and Class II prices of milk in accordance with the average test of milk in each class by a butterfat differential which will reflect differences in value due to variations in the butterfat content in each product. The basing point from which such adjustments are to be made should be 4.0 percent butterfat. This is the basis now used in both the Bluefield and Appalachian marketing areas. The values resulting from multiplying the average price of 92-score butter at Chicago by 0.120 for Class I milk and such butter price by 0.110 for Class II milk will provide an appropriate basis for adjusting such prices in this market.

The use of butterfat differentials in this manner follow standard practices in most fluid milk markets for adjusting for butterfat variations. In order that the Class I butterfat differential may be announced early each month, it is provided that the Class I differential be based on the average price of butter in the preceding month. This will permit the announcement of the Class I butterfat differential at the same time that the Class I price is announced.

The Class II price and the Class II butterfat differential will not be announced until after the end of the month. Although handlers will not know precisely the cost of such milk as it is utilized, they will know that their cost will follow that of their principal competitors for manufactured outlets. Trends in butter prices may be observed from daily and weekly market reports issued by the Department.

The butterfat differential used in making payments to producers should be calculated at the average of the returns actually received from the sale of butterfat in producer milk. The rate to be used for this purpose would be the average of the Class I and Class II differentials weighted by the proportion of butterfat in producer milk classified in each class. Thus, producer returns for butterfat will reflect the actual sale value of their butterfat at the class differentials provided in the order. The producer butterfat differential in no way affects the handlers' costs of milk but merely prorates returns among produc-

ers according to the varying butterfat tests of their milk.

Proponents originally proposed that no location differentials be adopted in pricing Class I milk for the Bluefield marketing area. It was pointed out that at present no milk is transported from receiving stations to processing plants. After further consideration, producers suggested that location adjustments should be computed on the basis of the distance between the receiving station and the Court House of either Mercer County at Princeton, West Virginia, or McDowell County at Welch, West Virginia, whichever point is nearest the receiving station. Producers gave the following reasons for establishing location adjustments in this manner: (1) The marketing area consists mainly of numerous small towns, (2) handlers' plants are not located in any one central community, and (3) the above two counties are the main centers of population in the proposed marketing area.

One handler proposed that the Class I price should be reduced for those plants which are outside the Bluefield marketing area by 10 cents per hundredweight of milk for the first 50 miles, and by 1.5 cents per hundredweight of milk for each additional 10 miles, or fraction thereof, that such plants are located from the City Hall of Bluefield, Virginia. This handler contended that a point representing the geographical center of the marketing area would be a desirable point from which to measure the cost to handlers in transporting milk to the market.

The farm value of milk for use in a market is affected, of course, by the cost of delivery to the place of utilization by the handler. Milk delivered directly to a plant located within the marketing area is worth more, by at least the cost of transportation, than is other milk to be utilized in the market but delivered to a plant located at a considerable distance from the market. Therefore, it is important to recognize the costs of transporting Class I milk from receiving stations that might become regular sources of supply for the Bluefield marketing area. In addition, it is important to establish the Class I price for milk delivered to processing plants at points in the marketing area and then provide a schedule of deductions from the Class I milk price as location differentials, or adjustments to such price.

In order to have equitable pricing of milk throughout this elongated marketing area it is necessary to provide points representative of the major communities in the marketing area from which location adjustments may be computed. This is an extended marketing area with numerous communities, or centers of population. The processing plants distributing fluid milk products in this area are not located in one central community. In addition, all plants serving the marketing area may not be located within its geographical limits. Accordingly, multiple points for fixing location adjustments should be used. These points should be the City Halls of Bluefield, and Welch, or the County Courthouse at Princeton, all in West Virginia, whichever is nearest to the plant. In view of the elongated character of the marketing area and the intermingling of routes of handlers with plants located in rather widely separated communities, equitable pricing may be best achieved by omitting location differentials with respect to any plant located less than 50 miles from the nearest of the respective points referred to above.

It is concluded that the Class I price should be reduced 10 cents for plants located between 50 and 60 miles distant, and by 1.5 per hundredweight of milk for each additional 10 miles, or fraction thereof. Such differentials as established by this decision are the same as those prescribed in the Appalachian milk marketing order and are related to the cost of hauling milk by an efficient means under conditions similar to those in this market.

Because of the low cost per hundredweight of milk involved in transporting manufactured milk products the value of milk used in manufactured dairy products is affected little, if any, by the location of the plant receiving that milk. Therefore, no adjustment should be made in the Class II price for reasons of location of the plant at which the producer milk is first received.

Type of pool. The individual-handler type of pool should be included in the order as a means of distributing to producers the returns from the sale of their milk.

Under this method of pooling the minimum prices will be uniform to all producers delivering their milk to the same handler. The "blend", "base", and "excess" prices, as the case may be, for each producer will depend on the proportions of Class I and Class II milk used by the handler receiving such producer's milk. Although each handler subject to the order will be required to pay uniform minimum prices to all the producers who deliver to him during each month the minimum uniform prices payable to producers by the various handlers will differ according to the variations among handlers in the proportion of milk used in each class.

Handlers in this market are primarily distributors of fluid milk and fluid milk products and receive little, if any, excess milk for the purpose of supplying other handlers with supplemental milk. These handlers process reserve milk and surplus milk in their own plants for sale as ice cream and cottage cheese. Seasonal surpluses of any substantial volume are transported to manufacturing plants outside the marketing area. Because there is relatively little surplus milk and because such milk is more or less proportionate among the major handlers blended returns to producers are not expected to vary widely. The proximity of the Appalachian production area (where an individual-handler pool plan is used) to the Bluefield production area should also be considered. Because of the fact that plants are rather widely separated and the marketing area is extensive geographically, each handler disposes of any excess supplies by his own means. There are no particular plants to be regulated which serve to balance supplies among plants. It is concluded that individual-handler pools in the Bluefield marketing area will result in optimum allocation of producer milk among handlers according to the Class I needs of the handlers and in maximum returns to producers from their milk.

Producer payment plan. A base and excess plan of distributing returns for milk among producers should be employed for this market.

Several handlers in the Bluefield market are now relying on various forms of base-excess plans to provide the incentive needed to induce producers to attain a more even production pattern throughout the year. Handlers have established the rules of these base-excess plans and have controlled the adjustment and transfer of bases. Although these plans performed a much-needed function, their actual operation in many cases leaves much to be desired from the standpoint of equity among producers.

Base and excess plans are effective means of improving the seasonal pattern of milk deliveries because they relate returns for milk directly to the individual producer's ability to deliver additional milk in the short production season and somewhat less milk during the season of flush production. In this market handlers' fluid milk sales customarily decline during the flush production season. In these months handlers have experienced difficulty in utilizing efficiently all seasonal excesses of milk. Distribution of producer returns under a base and excess plan will encourage a production pattern more even throughout the year.

It is concluded, therefore, that a base-excess plan similar to that in use in the Appalachian market, applied to all producers, by being made a part of the attached order, will play a useful role in stabilizing marketing and pricing conditions in the area.

The base and excess plan provided herein would provide for the calculation of the daily base of each producer by the market administrator by dividing the total pounds of milk received by all handlers from such producer during the months of September through February by the number of days from the first day milk is received from such producer during those months to the last day of February, inclusive, but by not less than 120 days. On or before April 1st of each year the market administrator would be required to notify each producer, and the handler receiving milk from him, of the daily base established by such producer. Now producers entering the market would not establish a base until they have met the above 120-day requirement in the same manner as other producers.

During the months of August through March all producers would receive the same uniform, or average, price paid by the handler to which they deliver their milk. For each of the months of April through July, separate uniform prices for "base milk" and "excess milk" would be computed. Class I sales would be allotted first to "base milk." Base milk would be that quantity of milk delivered by each producer up to his average daily base multiplied by the number of days of delivery in the month. The "excess milk" price would be the minimum order Class II price, unless the total Class I sales of the handler exceed the total

quantity of base milk received from producers during the month. In this case, the excess milk used for Class I sales would be reflected in the calculation of the excess milk price. Audit adjustments, inventory reclassification, and overages may further enhance the pooled value of "excess milk" from time to time and it is possible that without proper provision the excess milk price might be higher than the base price. As explained in an earlier part of this decision no useful purpose is served in improving the seasonal production pattern when the excess price exceeds the base price. As in the Appalachian order, the uniform prices for base and excess milk should be recomputed whenever the above condition would otherwise occur in order that the two prices may be equal.

Certain rules are necessary in connection with the establishment and transfer of bases in order to provide reasonable administrative workability of the plan. Any transfer of base should be limited to situations where changes in the operation of a farm result because of (1) new ownership, (2) the death, retirement or entry into military service of a producer, or (3) changes in partnership or tenant-landlord arrangements. Since the base plan is effective in determining producer payments in only four months of each year and since all producers must establish a new base each year, other provisions than those contained herein for the transfer of bases are unnecessary.

Handlers should make payments to each producer for milk delivered by such producer at the appropriate uniform prices. If a producer has given a cooperative association written authorization, in the form of a contract, or in any other form, to collect payments for him and association makes a written request for such payments due such producer payment should be made by the handler to the cooperative. A provision authorizing handlers to make payment directly to such qualified cooperative for milk received from producer-members is necessary to enable the association to carry out its essential functions authorized by the enabling act. A cooperative association, if it is to carry out these essential functions, must have full authority in the collective bargaining and selling of member milk. Therefore, it is concluded that each handler with respect to milk received from a producer for which payment is not made to a cooperative association should pay such producer at not less than the applicable uniform price(s) on or before the 15th day after the end of each month. With respect to the producers whose milk was caused to be delivered by a cooperative association which is authorized to collect payment for such milk, the handler shall remit, if requested in writing by the cooperative association on or before the 13th day after the end of such month, an amount equal to the sum of the individual payments otherwise payable to such producers.

In making such payments for producer milk to a cooperative association the handler should at the same time furnish the cooperative association with a statement showing the name of each producer for whom payment is being made to the cooperative association, the volume and average butterfat content of milk delivered by each such producer, and the amounts of and reasons for any deductions which the handler withheld from the amount payable to each producer. This statement is necessary in order that the cooperative association can make proper distribution of the money to the producer-members for whom it makes collections.

Proponents proposed that in addition to the regular monthly payments handlers should be required, upon request, to make advance payments to the producers' cooperative association for member milk. These advance payments would be made on the 23d day of each month for milk received from member producers who have requested an advance from the cooperative association. The payment would be made with respect to milk delivered during the first fifteen days of such month, at not less than the Class II price per hundredweight for the preceding month. Producers indicated that an advance payment for milk would assist in defraying costs more promptly.

Handlers suggested that if advance payments are included they should be made to each producer on or before the last day of each month for milk received from each producer during the first fifteen days of such month, at not less than the Class II price per hundredweight for the preceding month.

One handler makes payments to each producer twice a month on the 4th and 19th days of the month. Other handlers customarily have made advance payments to producers who requested them. The record lacks evidence of any widespread need for the proposed advance payments and, therefore, they are denied.

Administrative provisions. Provisions should be included in the order with respect to the administrative steps necessary to carry out the proposed regulation.

In addition to the definitions discussed earlier in this decision which define the scope of the regulation, certain other terms and definitions are desirable in the interest of brevity and to assure that each usage of the term implies the same meaning. Definitions for base and excess milk are included. Such other terms as are defined in the attached order are common to many other Federal milk orders.

Market administrator. Provision should be made for the appointment by the Secretary of a market administrator to administer the order and to set forth the powers and duties for such agency essential to the proper functioning of such office.

Records and reports. Provisions should be included in the order requiring handlers to maintain adequate records of their operations and to make the reports necessary to establish the classification of producer milk and payments due therefor. Time limits must be prescribed for filing such reports and for making the payments to producers.

Handlers should maintain and make available to the market administrator all records and accounts of their operations, together with facilities which are necessary to determine the accuracy of information reported to the market administrator or any other information upon which the classification of producer milk depends. The market administrator must likewise be permitted to check the accuracy of weights and tests of milk and milk products received and handled, and to verify all payments required under the order. It is provided that each handler shall report his Class I sales outside the marketing area as a separate figure. In view of the extent of such sales adequate data should be compiled for review in the event the scope of the marketing area should require revision.

In addition to the regular reports required of handlers, provision is made for handlers to notify the market administrator of their intentions to import other source milk. Such information on a market-wide basis may assist handlers in locating local sources of producer milk and expedite the transfer of such milk among handlers. It is necessary that handlers retain records to prove the utilization of the milk and that proper payments were made to producers. Since the books and records of all handlers cannot be completed or audited immediately after the milk has been delivered to a plant, it therefore becomes necessary to keep such records for a reasonable period of time.

The order should provide limitations on the period of time handlers shall be required to retain such books and records and on the period of time in which obligations under the order shall terminate. Provision made in this regard is identical in principle with the general amendment made to all milk orders in operation on July 30, 1947, following the Secretary's decision of January 26, 1949 (14 F. R. 444). That decision covering the retention of records and limitation of claims is equally applicable in this situation and is adopted as a part of this decision.

Expense of administration. Each handler should be required to pay the market administrator, as his pro rata share of the cost of administering the order, not more than 5 cents per hundredweight, or such lesser amount as the Secretary may from time to time prescribe, on (a) producer milk (including such handler's own production), (b) other source milk at a fluid milk plant which is classified as Class I milk, and (c) Class I milk disposed of on routes in the marketing area from a nonfluid milk plant.

The market administrator must have sufficient funds to enable him to administer properly the terms of the order. The act provides that such cost of administration shall be financed through an assessment on handlers. One of the duties of the market administrator is to verify the receipts and disposition of milk from all sources. The record indicates that other source milk is received by some handlers to supplement local producer supplies of milk. Equity in sharing the cost of administration of the order among handlers will be achieved, therefore, by applying the administrative assessment to all producer milk (including the handler's own pro-

duction) and other source milk allocated to Class I milk.

Plants not subject to the classification and pricing provisions of the order may distribute limited quantities of Class I milk in the marketing area. These plants must be checked to verify their status under the order. Assessment of administrative expense with respect to such milk sold in the marketing area will help to defray the costs of such checks.

In view of the anticipated volume of milk and the costs of administering orders in markets of comparable circumstances, it is concluded that an initial maximum rate of 5 cents per hundredweight is necessary to meet the expenses of administration. Provision should be made to enable the Secretary to reduce the rate of assessment below the 5 cent per hundredweight maximum without necessitating an amendment to the order. This should be done at any time experience in the market reveals that a lesser rate will produce sufficient revenue to administer the order properly.

Marketing services. A provision should be included in the order for furnishing marketing services to producers, such as verifying tests and weights and furnishing market information. These services should be provided by the market administrator and the cost should be borne by the producers receiving the services. If a cooperative association is performing such services for any member producers and is approved for such activities by the Secretary the market administrator may accept this in lieu of his own service.

There is a need for a marketing services program in connection with the administration of an order in this area. Orderly marketing will be promoted by assuring individual producers that payments received for their milk are based on the pricing provisions of the order, and reflect accurate weights and tests of such milk. To accomplish this fully, it is necessary that the butterfat tests and weights of individual producer deliveries of milk as reported by the handler be verified for accuracy.

An important phase of the marketing service program is to furnish producers with current market information. Detailed information regarding market conditions is not now regularly available either to producers or to cooperative associations. Efficiency in the production, utilization, and marketing of milk will be promoted by the dissemination of current information on a marketwide basis to all producers.

To enable the market administrator to furnish such services, provision should be made for a maximum deduction of 6 cents per hundredweight with respect to receipts of milk from producers for whom he renders marketing services. Comparison of the extent of the milkshed and the volume of milk involved with that of the Appalachian market, now under Federal regulation, leads to the conclusion that this will reflect the maximum cost of such services. If later experience indicates that marketing services can be performed at a lesser rate, provision is made for the Secretary to adjust the rate downward without the necessity of a hearing.

General findings. (a) The proposed marketing agreement and order and all the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(b) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the proposed marketing agreement and order are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(c) The proposed order will regulate the handling of milk in the same manner as, and will be applicable to persons in the respective classes of industrial and commercial activity specified in, a marketing agreement upon which a hearing has been held.

Rulings on proposed findings and conclusions. Briefs were filed on behalf of producer organizations and certain handlers (as defined in the proposed order). The briefs contained statements of fact, proposed findings and conclusions, and arguments with respect to the provisions of the proposed amendments. Every point covered in the briefs were carefully considered along with the evidence in the record in making the findings and reaching the conclusions hereinbefore set forth. To the extent that such suggested findings and conclusions contained in the briefs are inconsistent with the findings and conclusions contained herein, the request to make such findings or to reach such conclusions is denied on the basis of the facts found and stated in connection with the conclusions in the recommended decision.

Recommended marketing agreement and order. The following order is recommended as the detailed and appropriate means by which the foregoing conclusions may be carried out. The recommended marketing agreement is not included in this decision because the regulatory provisions thereof would be identical with those contained in the order which is made part of this decision:

DEFINITIONS

§ 1012.1 *Act.* "Act" means Public Act No. 10, 73d Congress, as amended, and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

§ 1012.2 *Secretary.* "Secretary" means the Secretary of Agriculture of the United States or any other officer or employee of the United States authorized to exercise the powers or to perform the duties of the said Secretary of Agriculture.

§ 1012.3 *Department of Agriculture.* "Department of Agriculture" means the United States Department of Agriculture or any other Federal agency authorized to perform the price reporting functions specified in this part.

§ 1012.4 *Person.* "Person" means any individual, partnership, corporation, association, or other business unit.

§ 1012.5 *Cooperative association.* "Cooperative association" means any cooperative marketing association which the Secretary determines, after application by the association:

(a) To be qualified under the provisions of the act of Congress of February 18, 1922, as amended, known as the "Capper-Volstead Act"; and

(b) To have full authority in the sale of milk of its members and to be engade in making collective sales of or marketing milk or its products for its members.

§ 1012.6 *Bluefield marketing area.* "Bluefield marketing area," hereinafter called the "marketing area," means all the territory geographically located within the perimeters of the counties of Mercer and McDowell, in West Virginia, and Tazewell in Virginia.

§ 1012.7 *Fluid milk plant.* "Fluid milk plant" means (a) any plant from which a volume of Class I milk equal to an average of more than 1,000 pounds per day, or not less than 2.0 percent of the approved milk of such plant is disposed of during the month on routes (including routes operated by vendors) or through plant stores to retail or wholesale outlets (except other fluid milk plants) located in the marketing area, (b) any plant which ships (1) any milk or skim milk during the months of February through July, or (2) an amount of milk, skim milk or cream in fluid form in excess of 70,000 pounds for the month during the months of August through January, to a plant qualified pursuant to paragraph (a) of this section, and (c) any plant which during the months of August through January receives milk from farmers holding dairy farm permits or ratings issued by a health authority having jurisdiction in the marketing area, and from which milk, skim milk or cream is moved during the month to a plant qualified pursuant to paragraph (a) of this section: *Provided*, That if a portion of a plant is operated separately and no approved milk is received in such portion of the plant, it shall not be considered as part of a fluid milk plant pursuant to this section: *And provided further*, That this definition shall not be deemed to include any building, premises or facilities the primary function of which is to hold or store bottled milk or milk products in finished form in transit for wholesale or retail route distribution.

§ 1012.8 *Approved plant.* "Approved plant" means a fluid milk plant or any plant from which Class I milk is delivered (including delivery by a vendor or sale from a plant store) during the month to retail or wholesale outlets (except fluid milk plants) located in the marketing area.

§ 1012.9 *Nonfluid milk plant.* "Nonfluid milk plant" means any milk manufacturing, processing or bottling plant other than a fluid milk plant.

§ 1012.10 *Handler.* "Handler" means any person in his capacity as the operator of an approved plant.

§ 1012.11 *Producer.* "Producer" means any person except a producer-handler, who produces milk in compliance with the Grade A inspection requirements of a duly constituted health authority, which milk is (a) received at a fluid milk plant, or (b) diverted by the operator of a fluid milk plant for his account to a nonfluid milk plant (1) any day during the months of April through July, and (2) on not more than 15 days during any of the months of August through March: *Provided*, That milk so diverted shall be deemed to have been received by the diverting handler at the location of the plant from which it was diverted.

§ 1012.12 *Producer milk.* "Producer milk" means only that skim milk or butterfat contained in milk (a) received at the fluid milk plant directly from producers or (b) diverted from a fluid milk plant to a nonfluid milk plant in accordance with the conditions set forth in § 1012.11.

§ 1012.13 *Approved milk.* "Approved milk" means any skim milk or butterfat contained in producer milk, or in milk, skim milk or cream which is received from a fluid milk plant, except the plant of a producer-handler, and which is approved for distribution as Class I milk by the agency issuing the health permit to such plant.

§ 1012.14 *Other source milk.* "Other source milk" means all skim milk and butterfat contained in:

(a) Receipts during the month in the form of products designated as Class I milk pursuant to § 1012.41 (a), except (1) such products approved by the appropriate health authority for distribution as Class I milk in the marketing area which are received from fluid milk plants, or (2) producer milk; and

(b) Products designated as Class II milk pursuant to § 1012.41 (b) (1) from any source (including those from a plant's own production), which are reprocessed or converted to another product in the plant during the month.

§ 1012.15 *Producer-handler.* "Producer-handler" means any person who operates a dairy farm and an approved plant from which Class I milk is disposed of in the marketing area but who receives no milk from other dairy farmers.

§ 1012.16 *Chicago butter price.* "Chicago butter price" means the simple average as computed by the market administrator of the daily wholesale selling prices (using the midpoint of any range as one price) per pound of 92-score bulk creamery butter at Chicago as reported during the month by the Department of Agriculture.

§ 1012.17 *Base milk.* "Base milk" means milk received at a fluid milk plant from a producer during any of the months of April through July which is not in excess of such producer's base for such month computed pursuant to § 1012.81.

§ 1012.18 *Excess milk.* "Excess milk" means either (a) milk received at a fluid milk plant from a producer during any of the months of April through July, which is in excess of base milk received from such producer during such month, or (b) milk received during such month from a producer for whom no base can be computed pursuant to § 1012.80.

MARKET ADMINISTRATOR

§ 1012.20 *Designation.* The agency for the administration of this part shall be a market administrator, selected by the Secretary, who shall be entitled to such compensation as may be determined by, and shall be subject to removal at the discretion of, the Secretary.

§ 1012.21 *Powers.* The market administrator shall have the following powers with respect to this part:

(a) To administer its terms and provisions;

(b) To receive, investigate, and report to the Secretary complaints of violations;

(c) To make rules and regulations to effectuate its terms and provisions; and

(d) To recommend amendments to the Secretary.

§ 1012.22 *Duties.* The market administrator shall perform all duties necessary to administer the terms and provisions of this part, including but not limited to, the following:

(a) Within 45 days following the date on which he enters upon his duties, or such lesser period as may be prescribed by the Secretary, execute and deliver to the Secretary a bond, effective as of the date on which he enters upon his duties and conditioned upon the faithful performance of such duties, in an amount and with surety thereon satisfactory to the Secretary;

(b) Employ and fix the compensation of such persons as may be necessary to enable him to administer its terms and provisions;

(c) Obtain a bond in a reasonable amount, and with reasonable surety thereon, covering each employee who handles funds entrusted to the market administrator;

(d) Pay out of the funds provided by § 1012.95 (1) of the cost of his bond and of the bonds of his employees, (2) his own compensation, and (3) all other expenses, except those incurred under § 1012.94, necessarily incurred by him in the maintenance and functioning of his office and in the performance of his duties;

(e) Keep such books and records as will clearly reflect the transactions provided for in this part, and upon request by the Secretary, surrender the same to such other person as the Secretary may designate;

(f) Publicly announce, at his discretion, unless otherwise directed by the Secretary, by posting in a conspicuous place in his office and by such other means as he deems appropriate, the name of any person who, after the date upon which he is required to perform such acts, has not made reports pursuant to §§ 1012.30 and 1012.31, or payments pursuant to §§ 1012.90 through 1012.95;

(g) Submit his books and records to examination by the Secretary and furnish such information and reports as may be required by the Secretary;

(h) Prepare and make available for the benefit of producers, consumers, and handlers such general statistics and information concerning the operation hereof as are necessary and essential to the proper functioning of this part;

(i) Verify all reports and payments by each handler by audit, if necessary, of such handler's records and the records of any other handler or person upon whose utilization the classification of skim milk and butterfat for such handler depends; and

(j) On or before the date specified, publicly announce and notify each handler in writing of the following: (1) The 6th day of each month, the Class I price, and the Class I butterfat differential, both for the current month; (2) the 6th day of each month, the Class II price and the Class II butterfat differential, both for the preceding month; and (3) the 10th day after the end of each month, the uniform price(s), and the producer butterfat differential.

REPORTS, RECORDS, AND FACILITIES

§ 1012.30 *Reports of receipts and utilization.* On or before the 6th day after the end of each month, each handler, except a producer-handler, shall report to the market administrator in the detail and on forms prescribed by the market administrator for each of his approved plants for such month as follows:

(a) The quantities of skim milk and butterfat contained in receipts of producer milk;

(b) The quantities of skim milk and butterfat contained in products designated as Class I milk pursuant to § 1012.41 (a) (1) received from other handlers;

(c) The quantities of skim milk and butterfat contained in other source milk;

(d) Inventories of products designated as Class I milk pursuant to § 1012.41 (a) (1) on hand at the beginning and end of the month; and

(e) The utilization of all skim milk and butterfat required to be reported pursuant to this section, including a separate statement of the disposition of Class I milk outside the marketing area.

§ 1012.31 *Other reports.* (a) Each producer-handler shall make reports to the market administrator at such time and in such manner as the market administrator may prescribe.

(b) Each handler, except a producer-handler, shall report to the market administrator in detail and on forms prescribed by the market administrator:

(1) On or before the 20th day after the end of the month for each of his fluid milk plants his producer payroll for such month which shall show for each producer: (i) His name and address, (ii) the total pounds of milk received from such producer, including, for the months of April through July, the total pounds of base and excess milk, (iii) the days on which milk was received from such producer if less than a full month, (iv) the average butterfat content of such milk, and (v) the net amount of such handler's payment, together with the price paid and the amount and nature of any deductions;

(2) On or before the first day other source milk is received in the form of milk, fluid skim milk or cream at his fluid milk plant(s), his intention to re-

ceive such product, and on or before the last day such product is received, his intention to discontinue receipt of such product; and

(3) Such other information with respect to his utilization of butterfat and skim milk as the market administrator may prescribe.

§ 1012.32 *Records and facilities.* Each handler shall maintain and make available to the market administrator during the usual hours of business such accounts and records of his operations and such facilities as are necessary for the market administrator to verify or establish the correct data with respect to:

(a) The receipt and utilization of all skim milk and butterfat handled in any form;

(b) The weights and tests for butterfat and other content of all milk, skim milk, cream, and other milk products handled;

(c) The pounds of skim milk and butterfat contained in or represented by all milk, skim milk, cream, and other milk products on hand at the beginning and end of each month; and

(d) Payments to producers, including any deductions authorized by producers, and disbursement of money so deducted.

§ 1012.33 *Retention of records.* All books and records required under this order to be made available to the market administrator shall be retained by the handler for a period of three years to begin at the end of the calendar month to which such books and records pertain: *Provided,* That if, within such three-year period, the market administrator notifies the handler in writing that the retention of such books and records, or of specified books and records, is necessary in connection with a proceeding under section 8c (15) (A) of the act or a court action specified in such notice, the handler shall retain such books and records, or specified books and records, until further written notification from the market administrator. In either case, the market administrator shall give further written notification to the handler promptly upon the termination of the litigation or when the records are no longer necessary in connection therewith.

CLASSIFICATION

§ 1012.40 *Skim milk and butterfat to be classified.* The skim milk and butterfat at fluid milk plants, which is required to be reported pursuant to § 1012.30 shall be classified each month by the market administrator, pursuant to the provisions of §§ 1012.41 through 1012.46.

§ 1012.41 *Classes of utilization.* Subject to the conditions set forth in §§ 1012.43 and 1012.44, the classes of utilization shall be as follows:

(a) *Class I milk.* Class I milk shall be all skim milk (including concentrated and reconstituted skim milk) and butterfat (1) disposed of in the form of milk, skim milk, buttermilk, milk drinks (plain or flavored), cream (except frozen cream) and any mixture in fluid form of skim milk and cream (except sterilized products in hermetically sealed containers, ice cream mix, and eggnog); and (2) not accounted for as Class II milk;

(b) *Class II milk.* Class II milk shall be all skim milk and butterfat (1) used to produce any product other than those designated as Class I milk pursuant to paragraph (a) of this section; (2) contained in (skim milk only) any product disposed of for livestock feed; (3) dumped (skim milk only) during the months of April, May, June or July: *Provided,* That the market administrator is given not less than 6 hours' notice of the handler's intention to make such disposition; (4) contained in inventory of products designated as Class I milk pursuant to paragraph (a) of this section on hand at the end of the month; and (5) in shrinkage assigned to Class II pursuant to § 1012.42.

§ 1012.42 *Shrinkage.* The market administrator shall determine the assignment of shrinkage to Class II milk as follows:

(a) Determine the total shrinkage of butterfat and skim milk in the fluid milk plant(s) of the handler;

(b) Multiply the pounds of skim milk and butterfat in producer milk (except milk diverted pursuant to § 1012.11) and other source milk by 0.02;

(c) Multiply the pounds of butterfat and skim milk, respectively, determined pursuant to paragraph (a) or (b) of this section, whichever is less, by the percentage of butterfat and skim milk classified pursuant to § 1012.41 (a) and (b) (1) (except shrinkage determined pursuant to paragraph (a) of this section) which is in Class II milk. The resulting amounts of skim milk and butterfat shall be classified as Class II milk; and

(d) Assign the shrinkage of skim milk and butterfat classified as Class II milk pro rata to producer milk and other source milk.

§ 1012.43 *Responsibility of handlers and reclassification of milk.* (a) All skim milk and butterfat shall be Class I milk unless the handler who first receives such skim milk or butterfat can prove to the market administrator that such skim milk or butterfat should be classified otherwise;

(b) Any skim milk or butterfat shall be reclassified if verification by the market administrator discloses that the original classification was incorrect.

§ 1012.44 *Transfers.* Skim milk or butterfat disposed of from a fluid milk plant shall be classified:

(a) As Class I milk if transferred in the form of products designated as Class I milk in § 1012.41 (a) (1) to a fluid milk plant of another handler, except a producer-handler, unless utilization as Class II milk is claimed by both handlers in the reports submitted by them to the market administrator pursuant to § 1012.30: *Provided,* That the skim milk or butterfat so assigned to Class II milk shall be limited to the amount thereof remaining in Class II milk in the plant of the transferee-handler after the subtraction of other source milk pursuant to § 1012.46, and any additional amounts of such skim milk or butterfat shall be assigned to Class I milk: *And provided further,* That if either or both handlers have received other source milk, the skim milk or butterfat so transferred shall be classified at both plants so as to allocate the greatest possible Class I milk utilization to the producer milk of both handlers.

(b) As Class I milk if transferred to a producer-handler in the form of products designated as Class I milk in § 1012.41 (a) (1);

(c) As Class I milk if transferred or diverted in bulk form as milk or skim milk to a nonfluid plant located in the marketing area or not more than 200 miles by the shortest highway distance, as determined by the market administrator, from the City Hall, Bluefield, West Virginia, unless:

(1) The handler claims Class II on the basis of utilization mutually indicated in writing to the market administrator by both buyer and seller on or before the 6th day after the end of the month within which such transaction occurred;

(2) The buyer maintains books and records showing the utilization of all skim milk and butterfat at his plant which are made available, if requested by the market administrator for the purpose of verification; and

(3) Not less than an equivalent amount of skim milk and butterfat was actually used as Class II milk in such buyer's plant.

(d) As Class I milk if transferred in bulk form as cream to a nonfluid plant unless:

(1) Such cream is transferred without Grade A certification of any health authority;

(2) The handler claims Class II in his report submitted to the market administrator pursuant to § 1012.30 on or before the 6th day after the end of the month within which such transaction occurred;

(3) The buyer maintains books and records showing the utilization of all skim milk and butterfat at his plant which are made available, if requested by the market administrator for the purpose of verification; and

(4) Not less than an equivalent amount of skim milk and butterfat was actually used as Class II milk in such buyer's plant.

§ 1012.45 *Computation of the skim milk and butterfat in each class.* For each month, the market administrator shall correct for mathematical and for other obvious errors, the reports of receipts and utilization for the fluid milk plants of each handler and shall compute the pounds of butterfat and skim milk in Class I milk and Class II milk for such handler: *Provided,* That if any of the water contained in the milk from which a product is made is removed before the product is utilized or disposed of by a handler, the pounds of skim milk used or disposed of in such product shall be considered to be an amount equivalent to the nonfat milk solids contained in such product, plus all of the water originally associated with such solids.

§ 1012.46 *Allocation of skim milk and butterfat classified.* After making the computations pursuant to § 1012.45, the market administrator shall determine the classification of producer milk for each handler as follows:

(a) Skim milk shall be allocated in the following manner:

(1) Subtract from the total pounds of skim milk in Class II milk the pounds of skim milk assigned to producer milk pursuant to § 1012.42 (d);

(2) Subtract from the remaining pounds of skim milk in Class II milk, the pounds of skim milk in other source milk (that derived from milk priced under another Federal order to be subtracted last): *Provided,* That if the receipts of skim milk in other source milk are greater than the remaining pounds of skim milk in Class II milk, an amount equal to the difference shall be subtracted from the pounds of skim milk in Class I milk;

(3) Subtract from the remaining pounds of skim milk in Class II milk the pounds of skim milk contained in inventory of products designated as Class I milk pursuant to § 1012.41 (a) (1) on hand at the beginning of the month: *Provided,* That if the pounds of skim milk in such inventory are greater than the remaining pounds of skim milk in Class II milk, an amount equal to the difference shall be subtracted from the pounds of skim milk in Class I milk;

(4) Subtract from the remaining pounds of skim milk in each class the skim milk received from the fluid milk plants of other handlers in the form of products designated as Class I milk in § 1012.41 (a) (1), according to its classification as determined pursuant to § 1012.44 (a);

(5) Add to the remaining pounds of skim milk in Class II milk the pounds of skim milk subtracted pursuant to subparagraph (1) of this paragraph; and

(6) If the remaining pounds of skim milk in both classes exceed the pounds of skim milk contained in producer milk, subtract such excess from the remaining pounds of skim milk in series beginning with Class II milk. Any amount so subtracted shall be known as "overage."

(b) Butterfat shall be allocated in accordance with the same procedure outlined for skim milk in paragraph (a) of this section;

(c) Determine the weighted average butterfat content of the Class I and Class II milk allocated to producer milk.

MINIMUM PRICES

§ 1012.50 *Basic formula price.* The highest of the prices computed pursuant to paragraph (a) or (b) of this section and § 1012.51 (b), rounded to the nearest whole cent, shall be known as the basic formula price.

(a) To the average of the basic or field prices per hundredweight reported to have been paid or to be paid for milk of 3.5 percent butterfat content received from farmers during the month at the following plants or places for which prices have been reported to the market administrator or to the Department of Agriculture:

Present Operator and Location

Borden Co., Mount Pleasant, Mich.
Carnation Co., Sparta, Mich.
Pet Milk Co., Hudson, Mich.
Pet Milk Co., Wayland, Mich.
Pet Milk Co., Coopersville, Mich.
Borden Co., Orfordville, Wis.
Borden Co., New London, Wis.
Carnation Co., Richland Center, Wis.
Carnation Co., Oconomowoc, Wis.
Pet Milk Co., New Glarus, Wis.
Pet Milk Co., Bellesville, Wis.
White House Milk Co., Manitowoc, Wis.
White House Milk Co., West Bend, Wis.

add an amount computed by multiplying the Chicago butter price for the month by 0.6.

(b) The price per hundredweight computed as follows: Multiply the Chicago butter price by 4.0, add 20 percent thereof, and add to such sum 3¾ cents for each full ½ cent that the average of carlot prices per pound of nonfat dry milk solids, spray and roller process, for human consumption, f. o. b. Chicago area manufacturing plants, as reported by the Department of Agriculture for the period from the 26th day of the immediately preceding month through the 25th day of the current month, is above 5 cents.

§ 1012.51 *Class prices.* Subject to the provisions of §§ 1012.52 and 1012.53, the class prices per hundredweight for the month shall be as follows:

(a) *Class I milk price.* For each month during the eighteen-month period following the effective date of this order the Class I milk price shall be the basic formula price for the preceding month, plus $1.45 during the months of April through July; $1.80 during the months of February, March, and August; and plus $2.10 during all other months.

(b) *Class II milk price.* For the months of March through August, the Class II milk price shall be the price computed pursuant to subparagraph (1) of this paragraph, and for all other months the higher of the prices computed pursuant to subparagraphs (1) and (2) of this paragraph:

(1) The average of the basic (or field) prices reported to have been paid or to be paid per hundredweight for milk of 4.0 percent butterfat content received from farmers during the month at the following plants or places for which prices have been reported to the market administrator or to the Department of Agriculture on or before the 6th day after the end of the month:

Company and Location

Pet Milk Co., Mayfield, Ky.
Pet Milk Co., Bowling Green, Ky.
Pet Milk Co., Greenville, Tenn.
Pet Milk Co., Abingdon, Va.
Carnation Co., Murfreesboro, Tenn.
Carnation Co., Statesville, N. C.
Borden Co., Lewisburg, Tenn.
Borden Co., Chester, S. C.
Carnation Co., Galax, Va.

(2) Add the amounts obtained pursuant to subdivisions (i) and (ii) of this subparagraph, and subtract 75 cents therefrom.

(i) Multiply the Chicago butter price by 4.8;

(ii) Multiply by 8.2 the weighted average of carlot prices per pound for spray process nonfat dry milk solids, for human consumption, f. o. b. manufacturing plants in the Chicago area, as published for the period from the 26th day of the immediately preceding month through the 25th day of the current month, by the Department of Agriculture.

§ 1012.52 *Butterfat differential to handlers.* For milk containing more or less than 4.0 percent butterfat, the class prices for the month calculated pursuant to § 1012.51 shall be increased or decreased, respectively, for each one-tenth percent butterfat at the appropriate rate determined as follows:

(a) *Class I price.* Multiply the Chicago butter price by 0.12, and round to the nearest one-tenth cent.

(b) *Class II price.* Multiply the Chicago butter price by 0.11, and round to the nearest one-tenth cent.

§ 1012.53 *Location differentials to handlers.* For that milk which is received from producers at a fluid milk plant located 50 miles or more from the nearest of the following listed places, by shortest hard surfaced highway distance, as determined by the market administrator, and which is transferred in the form of products designated as Class I milk in § 1012.41 (a) (1) and assigned to Class I milk pursuant to the proviso of this section, or otherwise classified Class I milk, the price specified in § 1012.51 (a) shall be reduced at the rate of 10 cents per hundredweight for a distance of not less than 50 miles but less than 60 miles, plus 1.5 cents per hundredweight additional for each 10 miles, or fraction thereof, beyond 60 miles, according to the location of the fluid milk plant where such milk is received from producers:

County Courthouse, Princeton, W. Va.
City Hall, Bluefield, W. Va.
City Hall, Welch, W. Va.

Provided, That for the purpose of calculating such location differential, products so designated as Class I milk which are transferred between fluid milk plants shall be assigned to any remainder of Class II milk in the transferee-plant after making the calculations prescribed in § 1012.46 (a) (1) and (2), and the comparable steps in § 1012.46 (b) for such plant, and after deducting from such remainder an amount equal to 0.05 times the skim milk and butterfat contained in the producer milk received at the transferee-plant, such assignment to transferor plants to be made in sequence according to the location differential applicable at each plant, beginning with the plant having the largest differential.

§ 1012.54 *Use of equivalent prices.* If for any reason a price quotation required by this part for computing class prices or for other purposes is not available in the manner described, the market administrator shall use a price determined by the Secretary to be equivalent to the price which is required.

APPLICATION OF PROVISIONS

§ 1012.60 *Producer-handlers.* Sections 1012.40 through 1012.46, 1012.50 through 1012.53, 1012.70 through 1012.72, 1012.80 through 1012.83, and 1012.90 through 1012.96 shall not apply to a producer-handler.

§ 1012.61 *Plants subject to other Federal orders.* A plant specified in paragraph (a) or (b) of this section shall be

considered as a nonfluid milk plant except that the operator of such plant shall, with respect to the total receipts and utilization or disposition of skim milk and butterfat at the plant, make reports to the market administrator at such time and in such manner as the market administrator may require (in lieu of the reports required pursuant to § 1012.30), and allow verification of such reports by the market administrator.

(a) Any plant qualified pursuant to § 1012.7 (a) which would be subject to the classification and pricing provisions of another order issued pursuant to the act unless the Secretary determines that a greater volume of Class I milk is disposed of from such plant to retail or wholesale outlets (except fluid milk plants) in the Bluefield marketing area than in the marketing area regulated pursuant to such other order.

(b) Any plant qualified pursuant to § 1012.7 (b) or (c) which would be subject to the classification and pricing provisions of another order issued pursuant to the act unless such plant has qualified as a fluid milk plant pursuant to § 1012.7 (c) for each month during the preceding August through January period.

DETERMINATION OF UNIFORM PRICE

§ 1012.70 *Net obligation of handlers.* The net obligation of each handler for producer milk received at his fluid milk plant(s) during each month shall be a sum of money computed by the market administrator as follows: (a) Multiply the pounds of such milk in each class by the applicable class price; (b) add together the resulting amounts; (c) add the amounts computed by multiplying the pounds of overage deducted from each class by the applicable class price; (d) add or subtract, as the case may be, an amount necessary to correct errors discovered by the market administrator in the verification of reports of such handler of his receipts and utilization of skim milk and butterfat for previous months; and (e) add the amount obtained in multiplying the difference between the Class II price for the preceding month and the Class I price for the current month by the hundredweight of producer milk classified in Class II during the preceding month, or the hundredweight of milk subtracted from Class I pursuant to § 1012.46 (a) (3) and (b), whichever is less.

§ 1012.71 *Computation of uniform prices for handlers.* For each of the months of August through March the market administrator shall compute a uniform price for the producer milk received by each handler as follows:

(a) Add to the amount computed pursuant to § 1012.70 the total of the location differential deductions to be made pursuant to § 1012.92;

(b) Add or subtract for each one-tenth percent that the average butterfat content of producer milk received by such handler is less or more, respectively, than 4.0 percent, an amount computed by multiplying such difference by the butterfat differential to producers, and multiplying the result by the total hundredweight of producer milk;

(c) Add the amount represented by any deductions made for eliminating fractions of a cent in computing the uniform price(s) for such handler for the preceding month;

(d) Divide the resulting amount by the total hundredweight of producer milk received by such handler. The result, less any fraction of a cent per hundredweight, shall be known as the uniform price for such handler for milk of 4.0 percent butterfat content, f. o. b. market.

§ 1012.72 *Computation of the uniform prices for base milk and for excess milk for handlers.* For each of the months of April through July, the market administrator shall compute uniform prices for base milk and for excess milk received by each handler as follows:

(a) Add to the amount computed pursuant to § 1012.70 the total of the location differential deductions made pursuant to § 1012.92;

(b) Add or subtract for each one-tenth percent that the average butterfat content of producer milk received by such handler is less or more, respectively, than 4.0 percent, an amount computed by multiplying such difference by the butterfat differential to producers, and multiplying the result by the total hundredweight of producer milk;

(c) Add the amount represented by any deductions made for eliminating fractions of a cent in computing the uniform price(s) for such handler for the preceding month;

(d) Subject to the conditions set forth in paragraph (e) of this section, compute the value of excess milk received by such handler from producers by multiplying the quantity of such milk by the Class II price;

(e) Compute the value of base milk received by such handler from producers by subtracting the value obtained pursuant to paragraph (d) of this section from the value obtained pursuant to paragraph (c) of this section: *Provided,* That if such resulting value is greater than an amount computed by multiplying the pounds of such base milk by the Class I price, such value in excess thereof shall be added to the value computed pursuant to paragraph (d) of this section to the extent that the excess price shall not exceed the base price as calculated herein. Any additional value remaining shall be prorated to the respective volumes of base milk and excess milk.

(f) Divide the value obtained pursuant to paragraph (e) of this section by the hundredweight of base milk. This result, less any fraction of a cent per hundredweight, shall be known as the uniform price for such handler for base milk of 4.0 percent butterfat content, f. o. b. market; and

(g) Divide the sum of the values obtained pursuant to paragraph (d) and the proviso of paragraph (e) of this section by the hundredweight of excess milk in producer milk. This result, less any fraction of a cent per hundredweight, shall be known as the uniform price for such handler for excess milk of 4.0 percent butterfat content.

BASE RATING

§ 1012.80 *Determination of daily base.* The daily base of each producer shall be calculated by the market administrator as follows: Divide the total pounds of milk received by all handlers from such producer during the months of September through February by the number of days from the first day milk is received from such producer during said months to the last day of February, inclusive, but not less than 120 days.

§ 1012.81 *Computation of base.* The base of each producer to be applied during the months of April through July shall be a quantity of milk calculated by the market administrator in the following manner: Multiply the daily base of such producer by the number of days such producer's milk was received by such handler during the month: *Provided,* That if the producer's milk was not received on a daily basis, the daily base shall be multiplied by the number of days during the month for which the milk production of such producer was received by such handler.

§ 1012.82 *Base rules.* The following rules shall apply in connection with the establishment of bases:

(a) A base shall be assigned to the producer for whose account milk is received at a fluid milk plant during the months of September through February.

(b) Bases may be transferred by notifying the market administrator in writing before the last day of any month for which such base is to be transferred to the person named in such notice only as follows:

(1) In the event of the death, retirement, or entry into military service of a producer, the entire base may be transferred to a member of such producer's immediate family who carries on the dairy operations.

(2) If a base is held jointly and such joint holding is terminated, the entire base may be transferred to one of the joint holders.

(3) The entire daily base of a producer may be removed from one handler to another handler regulated under this order.

§ 1012.83 *Announcement of established bases.* On or before April 1 of each year, the market administrator shall notify each producer and the handler receiving milk from such producer of the daily base established by such producer.

PAYMENTS

§ 1012.90 *Payments to producers.* Each handler shall make payment to each producer for milk received from such producer as follows:

(a) On or before the 15th day after the end of each month, each handler shall make payment to each producer for milk which was received from him during the month at not less than the uniform price computed pursuant to § 1012.71 for the months of August through March, and at not less than the uniform price for base milk computed pursuant to § 1012.72 with respect to base milk received from such producer

and at not less than the uniform price for excess milk computed pursuant to § 1012.72 with respect to excess milk received from such producer for the months of April through July, subject to the following adjustments: (1) The butterfat differential pursuant to § 1012.91, (2) the location differential pursuant to § 1012.92, (3) marketing service deductions pursuant to § 1012.94, (4) proper deductions authorized in writing by the producer, and (5) adjustments for errors in calculating payment to such individual producer for past months: *Provided,* That with respect to producers whose milk was caused to be delivered to such handler by a cooperative association which is authorized to collect payment for such milk, the handler shall, if requested by the cooperative association, pay such cooperative association on or before the 13th day after the end of each month, an amount equal to the sum of the individual payments otherwise payable to such producers in accordance with this paragraph;

(b) In making the payments to producers pursuant to paragraph (a) of this section, each handler shall furnish each producer from whom he had received milk with a supporting statement in such form that it may be retained by the producer, which shall show for each month:

(1) The month and identity of the handler and of the producer;

(2) The daily and total pounds and the average butterfat content of milk received from such producer;

(3) The minimum rate or rates at which payment to such producer is required pursuant to the order;

(4) The rate which is used in making the payment, if such rate is other than the applicable minimum rate;

(5) The amount or the rate per hundredweight and nature of each deduction claimed by the handler; and

(6) The net amount of payment to such producer.

§ 1012.91 *Butterfat differential to producers.* The applicable uniform prices to be paid each producer pursuant to § 1012.90 shall be increased or decreased for each one-tenth of one percent which the butterfat content of his milk is above or below 4.0 percent, respectively, at the rate determined by multiplying the pounds of butterfat in the producer milk of such handler allocated to Class I and Class II milk pursuant to § 1012.46 (b) by the respective butterfat differential for each class, dividing the sum of such values by the total pounds of such butterfat, and rounding the resultant figure to the nearest one-tenth of a cent.

§ 1012.92 *Location differential to producers.* In making payment to producers pursuant to § 1012.90, the applicable uniform prices to be paid for producer milk received at a fluid milk plant located 50 miles or more from the nearest of the following listed places, by the shortest hard-surfaced highway distance, as determined by the market administrator, shall be reduced according to the location of the fluid milk plant where such milk was received at the following rate: County Courthouse, Princeton, West Virginia; City Hall, Bluefield, West Virginia; or City Hall, Welch, West Virginia.

Distance in miles	Rate per hundredweight (cents)
50 but not less than 60	10
For each additional 10 miles (or fraction thereof) an additional	1.5

§ 1012.93 *Adjustment of accounts.* Whenever audit by the market administrator of any handler's reports, books, records, accounts, or verification of weights and butterfat tests of milk or milk products disclose errors, resulting in money due a producer or the market administrator from such handler, or due such handler from the market administrator, the market administrator shall notify such handler of any amount so due, and payment thereof shall be made on or before the next date for making payments, as set forth in the provisions under which such error occurred.

§ 1012.94 *Marketing services.* (a) Except as set forth in paragraph (b) of this section, each handler, in making payments to producers for milk (other than milk of his own production) pursuant to § 1012.90, shall deduct 6 cents per hundredweight, or such amount not exceeding 6 cents per hundredweight, as may be prescribed by the Secretary, and shall pay such deductions to the market administrator on or before the 15th day after the end of each month. Such moneys shall be used by the market administrator to provide market information and to check the accuracy of the testing and weighing of their milk for producers who are not receiving such service from a cooperative association.

(b) In the case of producers who are members of a cooperative association which the Secretary has determined is actually performing the services set forth in paragraph (a) of this section, each handler shall make, in lieu of the deductions specified in paragraph (a) of this section, such deductions from the payments, to be made to such producers as may be authorized by the membership agreement or marketing contract between such cooperative association and such producers on or before the 15th day after the end of each month, and pay such deductions to the cooperative association of which such producers are members, furnishing a statement showing the amount of any such deductions and the amount and average butterfat test of milk for which such deduction was computed for each producer. In lieu of this statement, a handler may authorize the market administrator to furnish such cooperative association the information reported for such producers pursuant to § 1012.90 (b).

§ 1012.95 *Expense of administration.* As his prorata share of the expense of administration of this part, each handler shall pay to the market administrator on or before the 15th day after the end of the month for such month 5 cents per hundredweight, or such amount not exceeding 5 cents per hundredweight, as the Secretary may prescribe with respect to all (a) receipts of producer milk including such handler's own production, (b) other source milk at a fluid milk plant which is classified as Class I milk and, (c) Class I disposed of during the month on routes (including routes operated by vendors) to retail or wholesale outlets (except fluid milk plants) located in the marketing area from a nonfluid milk plant.

§ 1012.96 *Termination of obligations.* The provisions of this section shall apply to any obligation under this part for the payment of money.

(a) The obligation of any handler to pay money required to be paid under the terms of this part shall, except as provided in paragraphs (b) and (c) of this section, terminate two years after the last day of the calendar month during which the market administrator received the handler's utilization report on the milk involved in such obligation, unless within such two-year period the market administrator notifies the handler in writing that such money is due and payable. Service of such notice shall be complete upon mailing to the handler's last known address, and it shall contain, but need not be limited to, the following information:

(1) The amount of the obligation;

(2) The month(s) during which the milk, with respect to which the obligation exists, was received or handled; and

(3) If the obligation is payable to one or more producers or to an association of producers, the name of such producer(s) or association of producers, or if the obligation is payable to the market administrator, the account for which it is to be paid.

(b) If a handler fails or refuses, with respect to any obligation under this part, to make available to the market administrator or his representatives all books and records required by this part to be made available, the market administrator may, within the two-year period provided for in paragraph (a) of this section, notify the handler in writing of such failure or refusal. If the market administrator so notifies a handler, the said two-year period with respect to such obligation shall not begin to run until the first day of the calendar month following the month during which all such books and records pertaining to such obligation are made available to the market administrator or his representatives.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this section, a handler's obligation under this part to pay money shall not be terminated with respect to any transaction involving fraud or wilful concealment of a fact, material to the obligation, on the part of the handler against whom the obligation is sought to be imposed.

(d) Any obligation on the part of the market administrator to pay a handler any money which such handler claims to be due him under the terms of this part shall terminate two years after the end of the calendar month during which the milk involved in the claim was received if an underpayment is claimed, or two years after the end of the calendar month during which the payment (including deduction or set-off by the market administrator) was made by the handler if a refund on such payment is

claimed, unless such handler within the applicable period of time, files, pursuant to section 8c (15) (A) of the act, a petition claiming such money.

EFFECTIVE TIME, SUSPENSION OR TERMINATION

§ 1012.100 *Effective time.* The provisions of this part or any amendment to this part shall become effective at such time as the Secretary may declare and shall continue in force until suspended or terminated pursuant to § 1012.101.

§ 1012.101 *Suspension or termination.* The Secretary may suspend or terminate this part or any provisions of this part whenever he finds this part or any provisions of this part obstructs or does not tend to effectuate the declared policy of the act. This part shall terminate, in any event, whenever the provisions of the act authorizing it cease to be in effect.

§ 1012.102 *Continuing obligations.* If, upon the suspension or termination of any or all provisions of this part, there are any obligations thereunder, the final accrual or ascertainment of which requires further acts by any person (including the market administrator), such further acts shall be performed notwithstanding such suspension or termination.

§ 1012.103 *Liquidation.* Upon the suspension or termination of the provisions of this part, except this section, the market administrator, or such liquidating agent as the Secretary may designate, shall, if so directed by the Secretary liquidate the business of the market administrator's office, dispose of all property in his possession or control, including accounts receivable, and execute and deliver all assignment or other instruments necessary or appropriate to effectuate any such disposition. If a liquidating agent is so designated, all assets, books, and records of the market administrator shall be transferred promptly to such liquidating agent. If, upon such liquidation, the funds on hand exceed the amounts required to pay outstanding obligations of the office of the market administrator and to pay necessary expenses of liquidation and distribution, such excess shall be distributed to contributing handlers and producers in an equitable manner.

MISCELLANEOUS PROVISIONS

§ 1012.110 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United States to act as his Agent or Representative in connection with any of the provisions of this part.

§ 1012.111 *Separability of provisions.* If any provision of this part, or its application to any person or circumstances is held invalid, the application of such provision and of the remaining provisions of this part, to other persons or circumstances shall not be affected thereby.

Issued at Washington, D. C., this 1st day of August 1956.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

[7 CFR Parts 960, 963]

[Docket Nos. AO-253-A2, AO-233-A6]

HANDLING OF MILK IN AKRON, OHIO, AND STARK COUNTY, OHIO, MARKETING AREAS

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENTS AND ORDERS

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et. seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a joint public hearing to be held in the Social Hall, YMCA, 80 West Center Street, Akron, Ohio, beginning at 10:00 a. m., e. d. t., August 22, 1956, for the purpose of receiving evidence with respect to proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentative marketing agreements heretofore approved by the Secretary of Agriculture and to the orders, as now in effect, regulating the handling of milk in the Akron, Ohio, and Stark County, Ohio, marketing areas. These proposed amendments have not received the approval of the Secretary of Agriculture.

Amendments to the orders, as in effect, were proposed as enumerated below. Proposal No. 1, to redesignate the Akron, Ohio, marketing area to include, in addition to territory now included, the Stark County, Ohio, marketing area and additional territory, (Sections 6 and 7 of Lake Township, Stark County, Ohio), contemplates suspension of all provisions of Order No. 63 with a merger of the marketing service funds, administrative funds, and producer settlement funds of the present orders upon the adoption of such redesignation. This proposal raises the issue as to whether the present provisions of Order No. 60, regulating the handling of milk in the Akron, Ohio, marketing area, would tend to effectuate the declared policy of the act if applied to the marketing area, as proposed to be redesignated, and if not, what modifications of the provisions of the order, in effect, are appropriate to effectuate the declared policy of the act.

Proposed by the Akron Milk Producers', Inc., and the Stark County Milk Producers' Association:

1. Delete § 960.3 *Marketing area* and insert in lieu thereof the following:

§ 960.3 *Marketing area.* The "Akron-Stark County, Ohio, marketing area" hereinafter referred to as "marketing area" means all territory, including but not limited to all municipal corporations within the boundaries of: Summit County; and including Franklin, Ravenna, Brimfield, and Suffield Townships in Portage County; and Lots 5, 6, 7, 8, 9, 10, 15, 16, 17, 18, 19, 20, 25, 26, 27, 28, 29, 30, 35, 36, 37, 38, 39, and 40 in Randolph Township in Portage County; Smith Township in Mahoning County, Ohio, except Great Lot 35 thereof; Knox Township of Columbiana County, Ohio; Stark County, Ohio, except Paris and Sugarcreek Townships; and including Sections 1, 2, 3, 10, 11, and 12, in Sugarcreek Township of Wayne County, Ohio.

2. Amend § 960.7 *Producer* by inserting at the end thereof the following: "A person other than a Producer-handler who produces milk and who holds only a Stark County permit or whose milk is received at a pool plant which is only permitted to distribute milk outside of the territorial limits of the Cities of Alliance, Canton or Massillon in Stark County, is a Producer."

3. Add a new § 960.15 *Eligible milk* reading as follows:

§ 960.15 *Eligible milk.* "Eligible milk" means the amount of milk received by a handler from a producer during each of the delivery periods of April through June which is not in excess of such producer's daily average quota computed pursuant to § 960.53 multiplied by the number of days in such delivery period on which such producer delivered milk to such handler: Provided, that with respect to any producer on "every-other-day" delivery to a pool plant, the days of non-delivery shall be considered as days of delivery for purposes of this section and of § 960.53.

4. Add a new § 960.16 *Ineligible milk* reading as follows:

§ 960.16 *Ineligible milk.* "Ineligible milk" means the amount of milk received by a handler from a producer during each of the delivery periods of April through June which is in excess of eligible milk received from such producer during such delivery period, and shall include all milk received from a producer for whom no daily average quota can be computed pursuant to § 960.53.

5. Amend § 960.22 (i) (2) by deleting the period at the end thereof and adding the following: "and the name of each handler who received producer milk during the preceding month and the percentages of such milk which was classified as Class I milk and as Class II milk."

6. Delete § 960.50 *Class I price* and insert in lieu thereof the following:

§ 960.50 *Class I price.* The minimum Class I price per hundredweight to be paid by each handler f. o. b. his pool plant for milk of 3.5 percent butterfat content received from producers or from cooperative associations during the month, which is classified as Class I utilization, shall be the higher of the prices computed in § 960.51 (a) or (b) plus $2.25 during all months of the year as increased or decreased by the plus or minus adjustments of the supply-demand provisions of Federal Order No. 75 regulating the handling of milk in the Cleveland, Ohio, marketing area.

7. Amend § 960.51 *Class II prices* by inserting at the end of this section immediately preceding paragraph (a) the following: "*Provided*, That the minimum price for such milk used to produce cottage cheese shall be the higher of the prices computed pursuant to paragraph (a) or (b) of this section plus thirty cents (30¢)."

8. Add a new § 960.53 *Determination of eligible milk quota* reading as follows:

§ 960.53 *Determination of eligible milk quota for each producer.* Subject to the rules set forth in § 960.54 the market administrator shall determine quotas for producers as follows: During each of the delivery periods of April through June inclusive, of each year beginning with 1958, the daily quota of each producer whose milk was received by a handler(s) on not less than thirty (30) days during the immediately preceding months of October through December, inclusive, shall be a quantity computed by dividing such producer's total pounds of milk delivered in the 3-month period by the number of days from the date of the first delivery to the end of such 3-month period.

9. Add a new § 960.54 *Quota rules* reading as follows:

§ 960.54 *Quota rules.* (a) An eligible milk quota shall apply to deliveries of milk by the producer for whose account that milk was delivered during the quota-forming period.

(b) The quota of a producer may be moved from one handler to another and may be transferred from such producer to another producer.

10. Renumber § 960.62 to become § 960.64.

11. Add a new § 960.62 *Computation of ineligible milk price* reading as follows:

§ 960.62 *Computation of ineligible milk price.* For each of the delivery periods of April through June the market administrator shall compute the uniform price per hundredweight for ineligible milk of 3.5 percent butterfat content by:

(a) Computing the total value of 3.5 percent butterfat basis on ineligible milk included in these computations by multiplying the hundredweight of such milk not in excess of the total quantity of Class II included in these computations by the price for Class II milk of 3.5 percent butterfat content, multiplying the hundredweight of such milk in excess of the total hundredweight of such Class II milk by the price for Class I milk of 3.5 percent butterfat content, and adding together the resulting amounts; and

(b) Dividing the total value of ineligible milk obtained in paragraph (a) of this section by the total hundredweight of such milk, and adjusting to the nearest cent.

12. Add a new § 960.63 *Computation of eligible milk price,* reading as follows:

§ 960.63 *Computation of eligible milk price.* For each of the delivery periods of April through June the Market Administrator shall compute the uniform price per hundredweight for eligible milk of 3.5 percent butterfat content f. o. b. the marketing area, received from producers by:

(a) Subtracting the value of ineligible milk obtained in §960.62 (a) from the aggregate value of milk computed pursuant to § 960.61 (a) through (c) and adjusting by any amount involved in adjusting the uniform price of ineligible milk to the nearest cent;

(b) Dividing the amount obtained in paragraph (a) of this section by the total hundredweight of eligible milk included in these computations; and

(c) Subtracting not less than 4 cents nor more than 5 cents from the amount computed pursuant to paragraph (b) of this section.

13. Insert a new § 960.82 *Exemptions* reading as follows:

§ 960.82 *Exemptions.* The substantive provisions of §§ 960.15, 960.16, 960.53, 960.54, 960.62, and 960.63 shall not become effective until October 1, 1957.

By the Dairy Branch, Agricultural Marketing Service:

14. Make such changes as may be required to make the orders in their entirely conform with any amendments thereto which may result from this hearing.

Copies of this notice of hearing and the orders now in effect, may be procured from the Market Administrator, Room 213, Eastgate Center, 526 S. Canton Rd., Akron 12, Ohio, or 614 Renkert Building, Canton 2, Ohio, or from the Hearing Clerk, United States Department of Agriculture, Room 112, Administration Building, Washington 25, D. C., or may be there inspected.

Dated: August 1, 1956.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

[7 CFR Part 1003]

HANDLING OF DOMESTIC DATES PRODUCED OR PACKED IN LOS ANGELES AND RIVERSIDE COUNTIES OF CALIFORNIA

NOTICE OF PROPOSED RULE MAKING WITH RESPECT TO ESTABLISHING FREE, RESTRICTED AND WITHHOLDING PERCENTAGES FOR 1956-57 CROP YEAR

Notice is hereby given that there is being considered a proposed rule to establish a free percentage of 75 percent, a restricted percentage of 25 percent, and a withholding percentage of 33.3 percent, in connection with the handling of marketable Deglet Noor dates during the 1956-57 crop year, beginning on August 1, 1956, and ending July 31, 1957. The proposed rule, which is based on the recommendation of the Date Administrative Committee and other information available to the Secretary, would be established in accordance with the applicable provisions of Marketing Agreement No. 127 and Marketing Order No. 103 (20 F. R. 5056) regulating the handling of domestic dates produced or packed in Los Angeles and Riverside Counties of California, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

Consideration will be given to any data, views, or arguments pertaining thereto which are filed in triplicate with the Director, Fruit and Vegetable Division, Agricultural Marketing Service, U. S. Department of Agriculture, Washington 25, D. C., and received not later than the close of business on the tenth day after the date of the publication of this notice in the FEDERAL REGISTER, except that, if said tenth day after publication should fall on a legal holiday, Saturday, or Sunday, such submission must be received by the Director not later than the close of business on the next following business day.

The proposed percentages for marketable Deglet Noor dates are based on estimates submitted by the Date Administrative Committee, as follows:

Item	1,000 pounds
1. Uncertified handler carryin	4,524
2. Estimated marketable production	27,456
3. Total subject to regulation	31,980
4. Estimated trade demand	24,250
5. Plus desirable carryout	4,000
6. Less certified handler carryin	4,000
7. Free poundage	24,250
8. Restricted poundage (Item 3 minus 7)	7,730

Although the excess of 7,730,000 pounds approximates 24.17 percent of the estimated supply subject to regulation, it appears desirable to round the restricted percentage to 25 percent, making the free percentage 75 percent and the withholding percentage 33.3 percent. The estimated trade demand of 24,250,000 pounds compares with shipments of whole and pitted Deglet Noor dates in the 1955-56 crop year of only 20,841,000 pounds. The committee's estimate for 1956-57 may be too high, and rounding the restricted percentage as indicated would provide a slightly smaller free supply with better opportunity of achieving stabilized prices.

No restriction is proposed on the quantity of marketable Zahidi and Khadrawy dates which may be handled. Both of these varieties receive limited distribution outside the production area and hence offer little competition to the Deglet Noor dates.

Average return to California producers for 1956 crop dates will not exceed the price level specified in section 2 (1) of the aforesaid act.

The proposed rule is as follows:

§ 1003.204 *Free, restricted and withholding percentages.* The free percentage, restricted percentage, and withholding percentage of marketable dates of the Deglet Noor variety shall be, for the crop year beginning August 1, 1956 and ending July 31, 1957, as follows: Free percentage, 75 percent; restricted percentage, 25 percent; and withholding percentage, 33.3 percent.

Dated: July 31, 1956.

[SEAL] S. R. SMITH,
Director,
Fruit and Vegetable Division.

FEDERAL POWER COMMISSION

[Docket No. E–6699]

NORTHERN STATES POWER CO.

NOTICE OF APPLICATION SEEKING ORDER AUTHORIZING ISSUANCE OF FIRST MORTGAGE BONDS

JULY 31, 1956.

Take notice that on July 26, 1956, an application was filed with the Federal Power Commission, pursuant to section 204 of the Federal Power Act, by Northern States Power Company ("Applicant"), a corporation organized under the laws of the State of Minnesota, and doing business in the States of North Dakota, South Dakota and Minnesota, with its principal business office at Minneapolis, Minnesota, seeking an order authorizing the issuance, by competitive bidding, of $15,000,000 principal amount of its First Mortgage Bonds, Series due 1986. Applicant proposes to issue said bonds on or about September 20, 1956. The bonds will be dated as of September 1, 1956, and will mature on September 1, 1986. The interest rate of said bonds will be determined by competitive bidding. Proceeds from the sale of said bonds will be added to general funds of Applicant and will be used for the payment of certain bank loans, for expenditures for additions and improvements to utility properties, for acquisition from a non-affiliated utility company of certain electric utility properties which will be the subject of a separate application to the Commission.

Any person desiring to be heard or to make any protest with reference to said application should on or before the 16th day of August 1956, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's rules of practice and procedure. The application is on file and available for public inspection.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[Docket No. E–6586]

JOHN H. KERR PROJECT

NOTICE OF REQUEST FOR APPROVAL OF RATES AND CHARGES FOT SALE OF POWER BY SOUTHEASTERN POWER ADMINISTRATION

AUGUST 1, 1956.

In the matters of United States Department of the Interior, Southeastern Power Administration, John H. Kerr Project.

Notice is hereby given that pursuant to the provisions of the Flood Control Act of 1944 (58 Stat. 890) the Assistant Secretary of the Interior filed with the Federal Power Commission for approval, certain rates and charges proposed by the Southeastern Power Administration (SEPA), an agency of the Department of the Interior, for the sale of electric energy generated at the John H. Kerr Project on the Roanoke River in the State of Virginia, but allocated and to be delivered to the State of North Carolina.

The proposed rates and charges for which approval is requested consist of (1) a standard Wholesale Firm Power Rate Schedule K–A–2, applicable to public bodies and cooperatives served by Carolina Power and Light Company (the Carolina Company) from its system for the account of SEPA, and (2) rates and charges contained in a contract between SEPA and Carolina Power and Light Company covering the sale of power to the company.

The proposed Wholesale Firm Power Rate Schedule K–A–2 provides for a monthly demand charge of $0.90 per kw and an energy charge of 4.5 mills per kwh. The minimum bill is the demand charge.

The contract with Carolina Company provides for the purchase of various classes of power and energy by the Carolina Company and for transmission and transfer service by Carolina Company. SEPA will deliver to Carolina Company ⅓ of the dependable and non-dependable capacity of the Kerr Project. Carolina Company will transfer a portion, up to 30,000 kw of the dependable capacity it receives to qualified SEPA customers. The remainder of such dependable capacity received by Carolina Company is retained by Carolina Company for its own use. Certain obligations are specified as to the quantities of energy to be delivered by SEPA and to be taken by Carolina Company. The contract also provides for the sale of dump energy by SEPA and the use of generating units at the project as condensers by Carolina Company. In addition, provision is made for Carolina Company to (A) supply at the project energy rate (4.5 mills per kwh), to those customers not owning generating equipment, the difference between such customers' energy requirements for any month and the amount of project energy available to such customers during that month (deficiency energy); and (B) supply under its applicable rate schedule, any additional demands and the energy associated therewith, required by the preference customers over and above the contract demand obligations of SEPA. The rates for these services are as follows:

Deliveries by SEPA:
Demand charges:
Dependable capacity—$0.90 per kw per month.
Non-dependable capacity — $1.470 per month, plus 1.25 cents per kw per day during the period which secondary capacity is guaranteed to be available for three successive weeks.
Energy charges:
Energy accompanying above capacity—4.5 mills per kwh.
Dump energy—3.0 mills per kwh.
Charge for condenser operation—$5.00 per hour per unit.
SEPA will pay the following charges to the Carolina Company:
For transmitting power and energy to SEPA customers:
Zone 1 (100 miles radius)—0.93 mill per kwh.
Zone 2 (165 miles radius)—1.73 mills per kwh.
The wheeling charges do not apply to the delivery of "deficiency energy."

Under a provision of Rate Schedule K–A–2, it is provided that in the event the Carolina Company increases its rate for "deficiency energy" upon the order of a regulatory body having jurisdiction thereof, that SEPA will reduce its customers' power bills for project power and energy so that the customers' payments for such power and energy and "deficiency energy" will be no higher than if the project rates were applied to such total power and energy.

Any person desiring to make comments or suggestions for Commission consideration with respect to the foregoing should submit the same in writing on or before August 14, 1956, to the Federal Power Commission, Washington 25, D. C. The proposed rates and contract agreements in their entirety are on file with the Commission and available for inspection.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 11802; FCC 56–779]

LETCHER BROADCASTING CORP. (WNKY)

MEMORANDUM OPINION AND ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In re application of Letcher Broadcasting Corporation (WNKY), Neon, Kentucky, Docket No. 11802, File No. BP–10355; for construction permit.

1. The Commission has before it for consideration a "Protest And Petition For Reconstruction" filed on July 13, 1956, pursuant to sections 309 (c) and 405 of the Communications Act of 1934, as amended, by Folkways Broadcasting Company, Inc., licensee of Station WTCW, Whitesburg, Kentucky (920 kc, 1 kw, D), and directed to the Commission's action of June 13, 1956, in granting without hearing the above-captioned application of Letcher Broadcasting Corporation (WNKY) for a construction permit for a new standard broadcast station at Neon, Kentucky, to operate on 1450 kilocycles with a power of 250 watts, unlimited time, File No. BP–10355.

2. Folkways Broadcasting Company, Inc. (hereinafter referred to as WTCW) claims that it is a "party in interest" and "person aggrieved or whose interests are adversely affected" within the meaning of those terms in sections 309 (c) and 405 of the act because it will suffer economic injury as the result of the operation of WNKY in Neon, Kentucky, which city is 7.5 airline miles removed from Whitesburg, Kentucky, so that the two stations will be in competition for advertising revenue.

3. In support of its pleading, WTCW alleges that the public interest will not be served by the grant in question, that the area involved does not have sufficient economic resources to permit two standard broadcast stations to operate on an economically sound basis, and that the grant was not properly made on the basis of the application before the Commission.

4. WTCW claims that there are insufficient advertising resources in the area in question to support two stations because, according to the 1950 United States Census, the population of Neon, Kentucky is 1,055; that of Whitesburg, Kentucky, 1,393; and that of Letcher County 39,522 (though latest available figures place the County population at some six thousand fewer and the trend toward a diminishing population has not reversed itself); that at night WNKY's 250 watts operation will be limited to its 21.7 mv/m contour and provide interference-free service to less than two thousand people; that Letcher County (with a large number of coal mines) is economically depressed since the demand for coal has lessened; that even if WNKY took all of WTCW's revenues in Letcher County, about $29,630 a year, WNKY still could not survive because WCTW's 1 kilowatt operation enables it to serve a wider area and WTCW has developed every substantial source of advertising revenue in the County; that WNKY would thus fail and a valuable frequency would have been wasted; and that even if WNKY did not fail, the competitive situation in a market which can support only one station would require programming economies on the part of WTCW and the public would then have a choice of two poor services instead of the one good service to which it is now accustomed.

5. WTCW also claims that WNKY is not legally qualified because it has made no showing of compliance with Article IX of its Articles of Incorporation which states that business could commence "after the sum of $10,000 capital is paid in cash or other property of equivalent value actually received and applied to the purposes to which the Corporation is formed." WTCW contends that, in the absence of such a showing, the Commission could not have found WNKY qualified to commence business.

6. WTCW further claims that WNKY is not financially qualified; that WNKY's estimated costs of construction ($13,578–.25) and first-year operation ($20,000) as well as its expected revenues are unrealistic; that operation by remote control as proposed requires at least an investment of $1,000 for equipment for which no provision has been made; that salary expenses alone would amount to a minimum of $15,000 per year; that WNKY could not operate for one year on the balance of $5,000; that WNKY'S amendment of May 11, 1956, submitting bank commitments for three of the stockholders was not in accordance with §§ 1.303 and 1.307 of the Commission's rules on verification and number of copies and is, therefore, ineffective to resolve questions of financial qualifications raised by the Commission's letter of May 1, 1956, to WNKY; that the balance sheet for W. Pearl Nolan, more than 14 months old when filed, did not show that he could meet his stock commitment and an up-to-date balance sheet should have been requested, especially because the application reflected that Mr. Nolan acquired a daily newspaper in Hazard subsequent to the date of his balance sheet; that the net income after Federal taxes for the past two years was not specifically shown for two stockholders and not properly shown for five other stockholders as required by FCC Form 301; that the financial statement of Dr. Sam Quillen was not dated; that the financial statement of another stockholder, Hillard Kincer, was fifteen months old when filed; and that in the face of these deficiencies the Commission acted improperly in finding the applicant financially qualified.

7. WTCW further claims that WNKY is not otherwise qualified because contrary to representation made in the application, a former officer and stockholder of the permittee corporation is still connected with WNKY; that this connection is a material matter because said person is not qualified to be "entrusted as officer, director, stockholder or station manager with a radio license"; and that the continuing connection of said person with WNKY raises a question as to whether complete disclosure was made to the Commission by the applicant in its amendment filed on March 23, 1956.

8. Because of all of the foregoing, WTCW requests the Commission to reconsider its action in granting without hearing the above-captioned application; and, upon reconsideration, to deny the application, or to designate the application for hearing on issues specified by the protestant and such others as the Commission may prescribe and make the protestant a party to the hearing; postpone the effective date of the grant in question pending hearing and decision

therein; and such other relief as may seem fitting and proper in the case.[1]

9. WTCW specifies the following issues on which it requests the opportunity to present evidence at an evidentiary hearing:

a. To determine whether the applicant on the basis of information submitted in the application is financially qualified to construct, own, and operate the proposed radio station.

b. To determine whether or not the applicant is legally qualified to construct, own, and operate the proposed station.

c. To determine whether the applicant is otherwise qualified to construct, own, and operate a radio station.

d. To determine whether the omissions in the application of Letcher Broadcasting Corporation preclude the grant of the application.

e. To determine the adequacy of Letcher Broadcasting Corporation's financial ability to carry out its proposed operation in the event the revenues expected by it are not obtained.

f. To determine whether the radio advertising potential of the Whitesburg-Neon, Kentucky market is sufficient to support both Station WTCW and the proposed station.

g. To determine, if the foregoing issue is determined in the negative, whether: (a) A grant of the application will jeopardize the continued existence of the local radio station in Whitesburg, Kentucky, with the result that the listening public will be left without adequate radio service, or (b) the radio service to be received from the Whitesburg station and the proposed station may reasonably be expected, as a result of neither station receiving adequate revenue, to be inferior in quality to that presently provided to the area from WTCW.

h. To determine whether any concealment was attempted on the part of the applicant with reference to the association or disassociation of Hence Eversole and the applicant.

i. To determine whether or not Hence Eversole has any interest in or connection with the applicant, and if so, the extent thereof.

j. To determine if Hence Eversole is qualified to have an interest in, or be associated with, a radio broadcast station.

k. To determine whether, in the light of the evidence adduced on the foregoing issues, the public interest, convenience, or necessity would be served by a grant of the application of Letcher Broadcasting Corporation for a construction permit.

10. In view of the facts that the protestant is licensee of standard broadcast Station WTCW, Whitesburg, Kentucky, which city is approximately 7.5 airline miles from Neon, Kentucky, where WNKY proposes to operate; and that the two stations would, therefore, be in direct competition and that WTCW would suffer economic injury as a result thereof, we find that the protestant is a "party in interest" and a "person aggrieved or whose interests are adversely affected" within the meaning of sections 309 (c) and 405 of the Communications Act of 1934, as amended. In re T. E. Allen and Sons, Inc., 9 Pike and Fischer RR 197; Federal Communications Commission v. Sanders Brothers Radio Station, 309 U. S. 470 (9 Pike and Fischer RR 2008); Clarksville Broadcasting Co., 10 Pike and Fischer RR 1274, 1276. We further find that the protestant has, within the meaning of section 309 (c), specified with sufficient particularity the facts relied upon as showing the grant in question was improperly made or would otherwise not be in the public interest, with respect to the Issues it has designated as a, b, e, f and g (see paragraph 9 supra), to warrant designating the above-captioned application for hearing on those issues. But the Commission is not adopting said issues, and the burden of proceeding with the introduction of evidence and the burden of proof on each issue shall be on the protestant. Further, in making the above findings, and by including the issues set forth below, we do not determine or imply that any or all of these issues, even if the facts with respect thereto are as alleged by the protestant, are such that they could result in a determination that the instant grant was improper, contrary to the public interest, or should be set aside. We further find that WTCW has not specified with sufficient particularity, within the meaning of section 309 (c), the facts relied upon with respect to the Issues it has designated as c, d, h, i and j. Said Issues c, h, i and j are based upon allegations made by WTCW against a former officer and stockholder of WNKY, but WTCW has failed to show that the said party has any present ownership interest in WNKY to make consideration of his qualifications here pertinent. Issue d is unsupported as an issue separate and apart from Issue a, which covers the financial qualifications of WNKY.

11. Section 309 (c) provides that "the effective date of the Commission's action shall be postponed unless the Commission affirmatively finds for reasons set forth in the decision that the public interest requires that the grant remain in effect, in which event the Commission shall authorize the applicant to utilize the facilities or authorization in question pending the Commission's decision after hearing."[2] We thus turn to the need for the service proposed by the instant grantee. No standard broadcast station is presently licensed to serve Neon, Kentucky, and WTCW in Whitesburg, Kentucky, is a daytime only station. Therefore, WNKY would provide a first local radio outlet to Neon, giving it a vehicle of expresson for local issues and providing radio time for local charitable, educational, religious and civic programs of special interest. In addition, WNKY would provide the first local nighttime service to Neon and the surrounding area. Although WTCW, operating with one kilowatt, already provides daytime radio service to all of the 48,210 persons residing within WNKY's proposed 0.5 mv/m contour, it is in the public interest to establish a second local transmission facility in the Neon-Whitesburg area. WTCW does not allege nor does the Commission find that the area in question has a second existing local transmission facility. Accordingly, a need exists for the establishment of a second service in the area to provide listeners an opportunity to choose between two locally originated programs and to bring to the area the stimulus of competition in local radio operations. In re Vermillion Broadcasting Corporation, 7 Pike and Fischer RR 602b (1953).

12. It is apparent from the foregoing that there is a need for the service in question and that the public interest would be served by the initiation of such service, barring countervailing considerations. We turn, therefore, to the other aspect of the judgment—an interlocutory determination of the merits of the protest and the "likelihood that the grant in question would ultimately have to be set aside"—for the limited purpose of deciding whether the grant in issue should be stayed while an evidentiary hearing is being held on the protest.[3] The protestant contends that the grantee is not financially qualified to construct and operate its proposed station for the reasons set forth in paragraph 6, supra. While WNKY's letter of May 11, 1956 transmitting the additional financial information was not verified in accordance with § 1.307 of our rules, the financial material itself, three separate bank commitments to lend money to three stockholders, was under oath. With this information and the data submitted in the application, the Commission was able to conclude that each of the 9 stockholders could meet his respective subscription of $3,000 each. WTCW also contends that WNKY's estimated cost of construction of $13,578 is "unrealistic", but has not supported this statement except to declare that a further expenditure of $1,000 would be needed for remote control equipment. Even by adding $1,000 to the estimated cost of construction it would appear that the $27,000 capitalization of WNKY would be sufficient to meet initial construction and initial operating costs of the station, and that the applicant was financially qualified to receive a grant of its application. WTCW claims that WNKY is not legally qualified because there is no showing by WNKY that it has complied with Article IX of its Articles of Incorporation which states that the corporation could commence business after the sum of $10,000 has been paid in. It is unnecessary for us to determine WNKY's exact corporate status because WNKY as a de facto corporation is legally qualified to file for and receive a construction permit from the Commission. Finally, although WTCW has offered no data as to its gross or net income, WTCW contends that the public interest would not be served by the grant because establishment of the proposed operation would force WTCW to render an inferior program service. We believe, as we stated in Voice of Cullman, 6 Pike and Fischer RR 164 (1950), that "both stations may survive either by attracting sufficient revenue or by reducing expenses without necessarily degrading their program service since quality or program service cannot be measured by cost alone."

13. In summary, we believe the showing made by WTCW (see paragraph 12, supra) does not countervail the factors hereinbefore pointed out in support of the conclusion that the public interest would be served by the grant in question. Moreover, for the reasons noted with respect to each of the issues included in the hearing provided for below, we believe that the likelihood of the grant having to be set aside is small. In these circumstances, we affirmatively find that the public interest requires the grant to remain in effect. In re applications of: Coos County Broadcasters, 13 Pike and Fischer RR 625; Donald F. Whitman, 13 Pike and Fischer RR 849.

14. *Accordingly, it is ordered*, That the subject Protest and Petition for Reconsideration is granted to the extent provided for below and is denied in all other respects; and that, pursuant to section 309 (c) of the Communications Act of 1934, as amended, the above-captioned application is designated for hearing at the offices of the Commission in Washington, D. C., on the following issues:

1. To determine whether the applicant on the basis of information submitted in the application is financially qualified to construct, own and operate its proposed station.

2. To determine whether the applicant is legally qualified to construct, own and operate its proposed station.

3. To determine the adequacy of the applicant's financial ability to carry out its proposed operation in the event the revenues expected by it are not obtained.

4. To determine whether the radio advertising potential of the Whitesburg-Neon, Kentucky market is sufficient to support both Station WTCW and the station proposed by the applicant.

5. To determine, if Issue 4 is determined in the negative, whether: (a) A grant of the application will jeopardize the continued existence of Station WTCW in Whitesburg, Kentucky, with the result that the listening public will be left without adequate radio service, or (b) the radio service to be received from the Whitesburg station and the proposed station may reasonably be expected, as a result of neither station receiving adequate revenue, to be inferior in quality to that presently provided by WTCW.

6. To determine whether, in the light of the evidence adduced pursuant to the foregoing issues, the public interest, convenience, or necessity would be served by a grant of the application of Letcher Broadcasting Corporation for a construction permit.

It is further ordered, That the burden of proceeding with the introduction of evidence and the burden of proof as to each of the issues shall be on the protestant;

It is further ordered, That the protestant and the Chief of the Broadcast Bureau are hereby made parties to the proceeding herein and that:

1. The appearances by the parties intending to participate in the hearing shall be filed not later than August 29, 1956; and

2. The hearing on the above issues is to commence at 10:00 a. m. on September 27, 1956 before an Examiner to be specified by the Commission; and

3. The parties to the proceedings herein shall have fifteen (15) days after the issuance of the Examiner's decision to file exceptions thereto and seven (7) days thereafter to file replies to any such exceptions.

Adopted: July 30, 1956.

Released: July 31, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] DEE W. PINCOCK,
Acting Secretary.

[Amdt. 0-23]

STATEMENT OF ORGANIZATION, DELEGATIONS OF AUTHORITY AND OTHER INFORMATION

COMMERCIAL AND AMATEUR RADIO OPERATOR EXAMINATION POINTS

The Commission having under consideration a modification of its amateur and commercial radio operator license examination points; and

It appearing that the number of examinations given does not warrant continued holding of quarterly examinations at Jackson, Mississippi, and that such examinations should instead be given semi-annually; and

It further appearing that for the same reason Butte, Montana should be changed from a semi-annual to an annual examination point and Tallahassee, Florida should be eliminated as an annual examination point; and

It further appearing that the amendment herein ordered is not substantive in nature and therefore compliance with the public rule making procedures required by section 4 (a) and (b) of the Administrative Procedure Act is not required and the amendment may be made effective September 10, 1956.

It is ordered, Pursuant to authority contained in section 0.341, under authority delegated to the Secretary after having secured approval of the Bureau responsible for the particular part or section of the rules involved, and to authority contained in sections 4 (i) and 303 (r) of the Communications Act of 1934, as amended, and section 3 (a) of the Administrative Procedure Act, that section 0.413 (c) (1) of Statement of Organization, Delegations of Authority and other Information, be amended as set forth below, effective September 10, 1956.

Adopted: July 31, 1956.

Released: July 31, 1956.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] DEE W. PINCOCK,
Acting Secretary.

1. Amend section 0.413 (c) (1) by removing Jackson, Mississippi from the "quarterly" listing, adding that city in alphabetical sequence to the "semi-annual" listing within this subsection.

2. Amend section 0.413 (c) (1) by removing from the "semi-annual" listing the city of Butte, Montana, adding this city in alphabetical sequence to the "annual" listing within this subsection.

3. Amend section 0.413 (c) (1) by removing from the "annual" listing the city of Tallahassee, Florida.

[F. R. Doc. 56-6262; Filed. Aug. 3, 1956; 8:46 a. m.]

DEPARTMENT OF THE TREASURY

Internal Revenue Service

[Order 34]

REGIONAL AND ASSISTANT REGIONAL COMMISSIONERS (ALCOHOL AND TOBACCO TAX)

DELEGATION OF AUTHORITY TO ACCEPT OR REJECT CERTAIN OFFERS

Acceptance or rejection of offers in compromise of certain liabilities under Chapter 51, Internal Revenue Code of 1954.

1. There is hereby delegated to each Regional Commissioner and to each Assistant Regional Commissioner (Alcohol and Tobacco Tax) the authority to accept or reject offers in compromise of:

---

[1] While WTCW also requests the Commission to postpone immediately the effective date of the grant until the Commission renders a decision on the subject Protest and Petition for Reconsideration in order to preserve the status quo, we hereby deny said request because we have expedited action on this instant Opinion and Order disposing of the subject Protest and Petition for Reconsideration.

[2] The Senate Report on H. R. 5614 amending section 309 (c) (1 Pike and Fischer RR 10:373) reads, in part, as follows:

"It must be recognized that there will be cases where protestants will plead the facts to which the Commission cannot demur, although, on the basis of all the facts available, it is clear that the likelihood is extremely remote that the protested grant will ultimately have to be set aside. In such circumstances, the Commission should not be precluded from considering whether the public interest requires the protested authorization to remain in effect but the Commission must affirmatively find and set forth reasons in its decision as to why the public interest requires the grant to remain in effect.

"The Committee is well aware of the very real inconvenience to the public which would result if a grant is permitted to stay in effect and it is ultimately determined that the grant must be set aside and the service terminated. However, in exercising its limited discretion to continue a protested authorization in effect, the Commission would have to consider not only the need for the new service in question, but also the likelihood that the grant in question would ultimately have to be set aside. The Committee feels that these requirements will minimize the possibility of the public being deprived of a service on which it has come to rely. In any event, we do not believe that, to insure against the remote possibility that an operating service may have to be taken off the air, it is necessary or advisable to preclude any operation by a station pending a protest hearing regardless of any countervailing public interest considerations."

[3] The protestant, in the evidentiary hearing hereinafter provided for, will have full opportunity to develop supporting evidence for its position. After the evidentiary hearing and the Examiner's Initial Decision we will be able to make a final determination as to whether the public interest is served by the grant in question on the basis of the evidence of record.

(a) Tax liabilities arising from:

(i) The illegal production of untaxpaid distilled spirits, wines, or beer, and

(ii) The failure to file returns of, or to pay, occupational taxes with respect to distilled spirits, wines, or beer, and

(b) Criminal liabilities of retail dealers in liquor arising from violations of the internal revenue laws relating to liquor, including the reuse of liquor bottles.

2. The exercise of the authority delegated herein to each Assistant Regional Commissioner (Alcohol and Tobacco Tax) shall be under the direction and supervision of his Regional Commissioner.

Issued: July 27, 1956.

Effective date: August 1, 1956.

[SEAL] RUSSELL C. HARRINGTON,
Commissioner.

[F. R. Doc. 56-6279; Filed, Aug. 3, 1956; 8:49 a. m.]

[Delegation Order 36]

DIRECTOR OF INTERNATIONAL OPERATIONS

AUTHORITY EXTENDED TO PANAMA CANAL ZONE, PUERTO RICO AND THE VIRGIN ISLANDS

Pursuant to the authority vested in me by Commissioner Delegation Order No. 33, dated June 6, 1956, it is hereby ordered:

1. Subject to the limitations contained in paragraph 2, there are delegated to the Director of International Operations the functions of administering the United States internal revenue laws in the Panama Canal Zone, Puerto Rico, and the Virgin Islands of the United States, and in all other areas of the world outside the United States and the territories of Alaska and Hawaii, to the extent of the authority delegated by Commissioner Delegation Order No. 32, dated May 1, 1956.

2. Nothing in this order shall be deemed to affect the procedures for administrative appeal existing immediately prior to August 1, 1956, or any function of the Assistant Regional Commissioner (Alcohol & Tobacco Tax), New York City Region.

3. This order is effective August 1, 1956.

Dated: July 31, 1956.

[SEAL] C. W. STOWE,
Assistant Commissioner.

[F. R. Doc. 56-6277; Filed, Aug. 3, 1956; 8:49 a. m.]

Office of the Secretary

[Treasury Dept. Order 150-42]

PANAMA CANAL ZONE, PUERTO RICO, AND THE VIRGIN ISLANDS

ADMINISTRATION OF INTERNAL REVENUE LAWS

By virtue of the authority vested in me as Secretary of the Treasury it is hereby ordered:

1. The Panama Canal Zone is removed from the Internal Revenue District, Jacksonville, and from the Atlanta Region; and Puerto Rico and the Virgin Islands of the United States are removed from the Internal Revenue District, Lower Manhattan, and from the New York City Region.

2. The Commissioner shall, to the extent of authority otherwise vested in him, provide for the administration of the United States internal revenue laws in the Panama Canal Zone, Puerto Rico, and the Virgin Islands.

3. This order shall not be deemed to affect the procedures for administrative appeal existing immediately prior to August 1, 1956.

4. This order shall be effective as of August 1, 1956.

Dated: July 27, 1956.

[SEAL] DAVID W. KENDALL,
Acting Secretary of the Treasury.

[F. R. Doc. 56-6280; Filed, Aug. 3, 1956; 8:50 a. m.]

[Treasury Dept. Order 167-23; CGFR 56-33]

COMMANDANT, U. S. COAST GUARD

DELEGATION OF FUNCTIONS RELATING TO AIDS TO MARITIME NAVIGATON ON FIXED STRUCTURES

By virtue of the authority vested in me by Reorganization Plan No. 26 of 1950 and 14 U. S. C. 631, there are transferred to the Commandant, U. S. Coast Guard, the functions of the Secretary of the Treasury under the act of June 4, 1956 (Public Law 550, 84th Congress), an act which relates to the establishment, maintenance, and operation of aids to maritime navigation on fixed structures.

Dated: July 27, 1956.

[SEAL] DAVID W. KENDALL,
Acting Secretary of the Treasury.

[F. R. Doc. 56-6276; Filed, Aug. 3, 1956; 8:48 a. m.]

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-1520]

GENERAL TIRE & RUBBER CO.

NOTICE OF APPLICATION TO STRIKE FROM LISTING AND REGISTRATION, AND OF OPPORTUNITY FOR HEARING

JULY 31, 1956.

In the matter of General Tire & Rubber Company, 3¾ percent Cumulative Preferred Stock, $100 Par Value, File No. 1-1520.

Midwest Stock Exchange has made application, pursuant to section 12 (d) of the Securities Exchange Act of 1934 and Rule X-12D2-1 (b) promulgated thereunder, to strike the above named security from listing and registration thereon.

The reasons alleged in the application for striking this security from listing and registration include the following:

As provided in Article III, section 4, of the Constitution of the Exchange, on June 14, 1956, this security was suspended from trading, and the Executive Committee directed the filing of this application for the following reason:

The Exchange has been informed by the Company that all but 1,771 shares of the subject security have been converted into its 4¼ percent Subordinated Debentures or 4¼ percent Preference Stock and transferable 5-year warrants for the purchase of common stock pursuant to an offer approved by the Company's stockholders on April 3, 1956.

The Midwest Stock Exchange does not feel that the small number of outstanding shares of the 3¾ percent Preferred Stock warrants the continuance of trading in the auction market.

Upon receipt of a request, on or before August 15, 1956, from any interested person for a hearing in regard to terms to be imposed upon the delisting of this security, the Commission will determine whether to set the matter down for hearing. Such request should state briefly the nature of the interest of the person requesting the hearing and the position he proposes to take at the hearing with respect to imposition of terms. In addition, any interested person may submit his views or any additional facts bearing an this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Washington 25, D. C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application and other information contained in the official file of the Commission pertaining to the matter.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[F. R. Doc. 56-6264; Filed, Aug. 3, 1956; 8:46 a. m.]

[File No. 1-3823]

RHINELANDER PAPER CO.

NOTICE OF APPLICATION TO STRIKE FROM LISTING AND REGISTRATION, AND OF OPPORTUNITY FOR HEARING

JULY 31, 1956.

New York Stock Exchange has made application, pursuant to section 12 (d) of the Securities Exchange Act of 1934 and Rule X-12D2-1 (b) promulgated thereunder, to strike the above named security from listing and registration thereon.

The reasons alleged in the application for striking this security from listing and registration include the following:

The outstanding amount thereof, after deducting concentrated holdings of the St. Regis Paper Company, has been so reduced as to make further dealings therein on the Exchange inadvisable in the opinion of the Exchange. Dealings on the Exchange in the Rhinelander Paper Company common stock were suspended before the opening of the trading session on July 23, 1956.

The St. Regis Paper Company pursuant to a prospectus dated March 15, 1956, under the Securities Act of 1933 offered to holders of the outstanding shares of the Common Stock of the Company, one share of Common Stock of St. Regis Paper Company in exchange for each

share of Common Stock of the Company. A report dated July 17, 1956, from the Transfer Department of the St. Regis Paper Company indicates the issuance of 538,060 shares of St. Regis Paper Company in exchange for a like number of shares of Rhinelander Paper Company, thus indicating that there remain outstanding in the hands of others than the St. Regis Paper Company 1,940 shares of Rhinelander Paper Company of the total of 540,000 shares issued and outstanding.

Upon receipt of a request, on or before August 16, 1956, from any interested person for a hearing in regard to terms to be imposed upon the delisting of this security, the Commission will determine whether to set the matter down for hearing. Such request should state briefly the nature of the interest of the person requesting the hearing and the position he proposes to take at the hearing with respect to imposition of terms. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Washington 25, D. C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application and other information contained in the official file of the Commission pertaining to the matter.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

SMALL BUSINESS ADMINISTRATION

[Delegation of Authority 20 (Revision 2)]

DEPUTY ADMINISTRATOR FOR PROCUREMENT AND TECHNICAL ASSISTANCE

DELEGATION OF AUTHORITY

I. Pursuant to the authority vested in the Administrator by the Small Business Act of 1953, as amended, 67 Stat. 232, 15 U. S. C. 631 (Supp. II, 1952), as amended, 69 Stat. 547, 15 U. S. C. 631 (Supp. III, 1952), there is hereby delegated to the Deputy Administrator for Procurement and Technical Assistance the following authority:

A. *General.* To carry out all functions listed for the Deputy Administrator for Procurement and Technical Assistance in section 101 of SBA-100, Administrative Manual.

B. *Specific.* 1. To take any and all actions relating to matters involving Certificates of Competency, including the issuance or denial of such Certificates, under the statutory or other authority of this Administration.

2. To authorize and approve his personal travel and that of the employees of the Washington Office under his supervision except travel where actual subsistence expenses are requested.

3. To approve sick and annual leave, leave without pay not in excess of 30 days, and overtime work for employees under his supervision.

C. *Correspondence.* 1. To sign all correspondence, except correspondence addressed to Members of Congress, relating to the Procurement and Technical Assistance Programs.

2. To sign correspondence addressed to staff members of Congressional Committees.

II. The specific authority delegated in I. B. 1 may not be redelegated.

III. All authorities delegated herein may be exercised by any member of SBA designated as Acting Deputy Administrator for Procurement and Technical Assistance.

Dated: July 19, 1956.

WENDELL B. BARNES,
Administrator.

[F. R. Doc. 56-6266; Filed, Aug. 3, 1956; 8:47 a. m.]

[Delegation of Authority 10 (Revision 1)]

DEPUTY ADMINISTRATOR FOR FINANCIAL ASSISTANCE

DELEGATION OF AUTHORITY

I. Pursuant to the authority vested in the Administrator by the Small Business Act of 1953, as amended, 67 Stat. 232, 15 U. S. C. 631 (Supp. II, 1952) as amended, 69 Stat. 547, 15 U. S. C. 631 (Supp. III, 1952), there is hereby delegated to the Deputy Administrator for Financial Assistance the authority:

A. *General.* To carry out all functions listed for the Deputy Administrator for Financial Assistance in section 101 of SBA-100, Administrative Manual.

B. *Specific.* 1. To execute Authorizations and all modifications thereof for the disbursement of loan funds.

2. To approve or decline business and disaster loan applications and amendments thereof involving (a) split recommendations by the Loan Review Committee and the Regional Office, (b) unanimous recommendations by the Loan Review Committee and the Regional Office for declination of the application, and (c) unanimous recommendations by the Loan Review Committee and the Regional Office for the approval of the application.

3. To accept for processing disaster loan applications received after expiration of the six months' disaster period.

4. To take any and all actions (not limited to or specifically reserved by the Administrator) relating to the collection of loans and the liquidation of collateral.

5. To authorize or approve his personal travel and the travel of Washington Office employees under his supervision, except travel when actual subsistence expenses are requested.

6. To approve (a) sick and annual leave, (b) leave without pay not in excess of 30 days, and (c) overtime work for employees under his supervision.

C. *Correspondence.* 1. To sign all correspondence, except correspondence addressed to Members of Congress, relating to the financial assistance program.

2. To sign correspondence addressed to staff members of Congressional Committees.

II. The specific authority delegated in I B 1 and I B 2 (a) may not be redelegated.

III. All authority delegated herein may be exercised by any SBA employee designated as Acting Deputy Administrator for Financial Assistance.

IV. I reserve unto myself the authority to act on any and all matters involving or relating to financial assistance.

V. A. All previous authority delegated to the Deputy Administrator or Acting Deputy Administrator for Financial Assistance, including the authority delegated by Delegation of Authority No. 10, dated May 4, 1955, and the Delegation of Authority dated July 7, 1955, is hereby rescinded.

B. All previous authority delegated by the Administrator to the Director, Office of Financial Assistance, or the Acting Director, Office of Financial Assistance, including Authority delegated on July 7, 1955, as amended on July 11, 1955, and Delegation of Authority No. 11, dated May 14, 1956, is hereby rescinded.

C. All previous authority delegated by the Administrator to the Chairman, Loan Review Committee, and the Loan Review Committee, including Delegation of Authority No. 11, dated May 14, 1956, is hereby rescinded.

Dated: July 17, 1956.

WENDELL B. BARNES,
Administrator.

[Delegation of Authority 10-1]

DIRECTOR, OFFICE OF FINANCIAL ASSISTANCE

DELEGATION OF AUTHORITY

I. Pursuant to the authority delegated to the Deputy Administrator for Financial Assistance by the Administrator by Delegation of Authority No. 10 (Revision No. 1), dated July 17, 1956, there is hereby redelegated to the Director, Office of Financial Assistance, the authority:

A. *General.* To carry out all functions listed for the Office of Financial Assistance in section 101 of SBA-100, Administrative Manual.

B. *Specific.* 1. To approve or decline business and disaster loan applications involving (a) unanimous recommendations by the Loan Review Committee and the Regional Office for declination of the application, and (b) unanimous recommendations by the Loan Review Committee and the Regional Office for the approval of the application.

2. To approve or decline all amendatory actions relating to loans.

3. To accept for processing disaster loan applications received after the expiration of the six months' disaster period.

4. To take the following specific actions relating to the collection of problem loans and loans in liquidation:

(a) Approve charge offs up to $2,500.

(b) Approve sales and releases of collateral at not less than liquidating values reflected by the latest appraisal of the property.

(c) Approve advances for care and preservation of collateral up to the lesser of $1,000 or 10 percent of the amount owing on the loan.

(d) Approve expenditures of not to exceed $500 for appraisals by outside appraisers when and if the services of qualified SBA appraisers are not available.

(e) Authorize the carrying of loans having unpaid balances in excess of $50,000 in past due statuses.

5. To authorize or approve his travel and the travel of Washington Office employees under his supervision, except travel where actual subsistence expenses are requested.

6. To approve (a) sick and annual leave, (b) leave without pay not in excess of 30 days, and (c) overtime work for employees under his supervision.

C. *Correspondence.* To sign all nonpolicy-making correspondence, except congressional correspondence, relating to the functions of the Office of Financial Assistance.

II. The specific authorities delegated in I B 1 (a), I B 3, I B 5, I B 6 (b) and (c) and I C may not be redelegated.

III. All authority delegated herein may be exercised by any SBA employee designated as Acting Director, Office of Financial Assistance.

IV. All previous authority delegated to the Director or Acting Director, Office of Financial Assistance, by the Deputy Administrator for Financial Assistance is hereby rescinded.

Dated: July 31, 1956.

W. NORBERT ENGLES,
Deputy Administrator for Financial Assistance.

[F. R. Doc. 56-6268; Filed, Aug. 3, 1956; 8:47 a. m.]

DEPARTMENT OF LABOR

Wage and Hour Division

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended; 29 U. S. C. 201 et seq.), and Parts 522 and 527 of the regulations issued thereunder (29 CFR Parts 522 and 527), special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates applicable under section 6 of the act have been issued to the firms listed below. The employment of learners under these certificates is limited to the terms and conditions therein contained and in subject to the provisions of Parts 522 and 527. The effective and expiration dates, occupations, wage rates, number or proportion of learners and learning periods for certificates issued under general learner regulations (§§ 522.1 to 522.12) are as indicated below; conditions provided in certificates issued under special industry regulations are as established in these regulations.

Apparel Industry Learner Regulations (29 CFR 522.20 to 522.24, as amended March 1, 1956, 21 F. R. 1349).

The following learner certificates were issued authorizing the employment of not more than 10 percent of the total number of factory production workers as learners for normal labor turnover purposes:

Ashland Crafts, Inc., 18th Street and Carter Avenue, Ashland, Ky.; effective 7-19-56 to 7-18-57 (children's dresses).

Blakely Manufacturing Corp., Highway No. 62, Blakely, Ga.; effective 7-4-56 to 7-3-57 (washable service garments).

E. S. Blouse Co., 106-24 Pinegrove Street, Jamaica, N. Y.; effective 7-2-56 to 1-1-57 (cotton blouses).

Colonial Blouse Co., 112 Line Street, Pottsville, Pa.; effective 7-16-56 to 7-15-57 (ladies' blouses).

Colonial Shirt Corp., Woodbury, Tenn.; effective 7-21-56 to 7-20-57 (dress and sport shirts).

B. F. Davis Garment Co., Inc., 3000-2 Royal Street, New Orleans, La.; effective 7-6-56 to 7-5-57 (work pants, dungarees).

Elena Dress Co., 124 Water Street, Leominster, Mass.; effective 7-6-56 to 7-5-57 (children's dresses and slips).

Elmo Blouse Corp., Palmer Road, Rockwell, N. C.; effective 7-11-56 to 7-10-57 (ladies' cotton work and sport shirts, blouses, etc.).

Evergreen Garment Co., Inc., Pecan Street, Evergreen, Ala.; effective 7-2-56 to 7-1-57 (sport shirts).

Grafton Manufacturing Co., Route No. 4, Riverside Drive, Grafton, W. Va.; effective 7-25-56 to 7-24-57 (ladies' and children's blouses).

Hollywood Corset Co., Athens Mill Building, North Faulk Street, Athens, Tex.; effective 7-16-56 to 7-15-57 (brassieres).

Hunter-Sadler Co., Strauss Street, Tupelo, Miss.; effective 7-16-56 to 7-15-57 (sport shirts).

Huntington Manufacturing Co., Inc., 629 10th Street, Huntington, W. Va.; effective 7-12-56 to 7-11-57 (wash dresses).

Edward Hyman Co., Prentiss, Miss.; effective 7-12-56 to 7-11-57 (washable service apparel).

Industrial Garment Manufacturing Co., 201 East Oak Street, Palestine, Tex.; effective 7-9-56 to 7-8-57 (cotton work clothes).

C.; effective 7-15-56 to 1-14-57; not less than 85 cents per hour for the first 160 hours and 90 cents per hour for the remaining 160 hours of the 320-hour learning period for the occupations of sewing machine operator, presser, and hand sewing; authorizing the employment of 5 learners for normal labor turnover purposes (men's and boys' ties).

The following special learner certificate was issued in Puerto Rico to the company hereinafter named. The effective and expiration dates, learner rates, occupations, learning periods, and the number or proportion of learners authorized to be employed, are as indicated:

Finetex, Inc., Gurabo Road, Km. 5.9, Gurabo, P. R.; effective 6-25-56 to 12-24-56; not less than 38 cents per hour for the first 240 hours and 44 cents per hour for the remaining 240 hours of the 480-hour learning period, for the occupations of knitting, machine stitching, hand sewing operations, and machine pressing; authorizing the employment of 26 learners for expansion purposes (sweaters).

Regulations Applicable to the Employment of Student-Workers (29 CFR 527.1 to 527.9, October 14, 1955, 20 F. R. 7737).

Upper Columbia Academy, Spangle, Wash.; effective 7-9-56 to 8-31-56; not less than 80 cents per hour for the first 375 hours and 85 cents per hour for the remaining 375 hours of the 750-hour learning period, for the occupations of basic skilled and semi-skilled hand and machine woodworking and upholstering occupations; authorizing the employment of 52 learners (upholstered furniture).

Each certificate has been issued upon the employer's representation that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be cancelled in the manner provided in the regulations and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of Part 522.

Signed at Washington, D. C., this 20th day of July 1956.

MILTON BROOKE,
Authorized Representative of the Administrator.

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended; 29 U. S. C. 201 et seq.), and Part 522 of the regulations issued thereunder (29 CFR Part 522), special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates applicable under section 6 of the act have been issued to the firms listed below. The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 522. The effective and expiration dates, occupations, wage rates, number or proportion of learners and learning periods for certificates issued under general learner regulations (§§ 522.1 to 522.12) are as indicated below; conditions provided in certificates issued under special industry regulations are as established in these regulations.

Apparel Industry Learner Regulations (29 CFR 522.20 to 522.24, as amended March 1, 1956, 21 F. R. 1349).

The following learner certificates were issued authorizing the employment of not more than 10 percent of the total number of factory production workers as learners for normal labor turnover purposes:

All American Knitters, Inc., 57 Thames Street, Brooklyn, N. Y.; effective 7-23-56 to 1-22-57 (knitted outerwear).

Bannon Mills, Inc., Seventh and Union Streets, Lebanon, Pa.; effective 7-18-56 to 7-17-57 (infants' and children's knit goods).

McCormick Manufacturing Co., 373 West Ogden Street, Girardville, Pa.; effective 7-17-56 to 7-16-57 (women's and children's blouses).

Skyline Manufacturing Co., Inc., Factory No. 2, Stone Ridge, N. Y.; effective 7-20-56 to 7-19-57 (children's jackets).

The following learner certificates were issued for plant expansion purposes. The number of learners authorized is indicated:

Donlin Sportswear, Inc., New Tazewell, Tenn.; effective 7-18-56 to 1-17-57; 10 learners (sport shirts).

Maury Manufacturing Co., Inc., Mount Pleasant, Tenn.; effective 7-25-56 to 1-24-57; 100 learners (sport shirts).

Glove Industry Learner Regulations (29 CFR 522.60 to 522.65, as amended March 1, 1956, 21 F. R. 581).

Indianapolis Glove Co., Inc., Houlka, Miss.; effective 7-25-56 to 7-24-57; 10 learners for normal labor turnover purposes (cotton work gloves).

Indianapolis Glove Co., Inc., Indianapolis, Ind.; effective 7-25-56 to 7-24-57; 10 percent of factory production workers engaged in the authorized learner occupations (jersey and cotton flannel work gloves).

Indianapolis Glove Co., Inc., Marion, Ind.; effective 7-25-56 to 7-24-57; 10 learners for normal labor turnover purposes (leather and cotton work gloves).

Indianapolis Glove Co., Inc., Richmond, Ind.; effective 7-25-56 to 7-24-57; 10 learners for normal labor turnover purposes (work gloves).

Hosiery Industry Learner Regulations (29 CFR 522.40 to 522.43, as amended March 1, 1956, 21 F. R. 629).

W. T. Brittain Hosiery Mill, East Flat Rock, N. C.; effective 7-18-56 to 7-17-57; 5 learners for normal labor turnover purposes (seamless).

Broadway Hosiery Mills, 53 Burton Street, West Asheville, N. C.; effective 7-19-56 to 7-18-57; 5 percent of factory production workers for normal labor turnover purposes (seamless).

Broadway Hosiery Mills, 53 Burton Street, West Asheville, N. C.; effective 7-19-56 to 1-18-57; 20 learners for plant expansion purposes (seamless).

Spalding Knitting Mills, East Broad Street, Griffin, Ga.; effective 7-20-56 to 7-19-57; 5 percent of factory production workers for normal labor turnover purposes (seamless).

Independent Telephone Industry Learner Regulations (29 CFR 522.70 to 522.74, as amended March 1, 1956, 21 F. R. 581).

Manawa Telephone Co., Manawa, Wis.; effective 7-24-56 to 7-23-57.

Knitted Wear Industry Learner Regulations (29 CFR 522.30 to 522.35, as amended March 1, 1956, 21 F. R. 581).

Carolina Underwear Co., Inc., Forsyth Division, Forsyth Street, Thomasville, N. C.; effective 7-30-56 to 9-30-56; 5 learners for normal labor turnover purposes (women's, misses' and children's panties) (replacement certificate).

Carolina Underwear Co., Inc., West Guilford Street, Thomasville, N. C.; effective 7-30-56 to 9-9-56; 5 percent of factory production workers engaged in the production of men's and boys' shorts and ladies' and misses' panties for normal labor turnover purposes (men's and boys' shorts) (replacement certificate).

Marion Rohr Corp., 18 North Main street, Hornell, N. Y.; effective 7-19-56 to 1-18-57; 30 learners for plant expansion purposes (ladies' underwear).

Marion Rohr Corp., 18 North Main Street, Hornell, N. Y.; effective 7-19-56 to 7-18-57; 5 learners for normal labor turnover purposes (ladies' underwear).

Shoe Industry Learner Regulations (29 CFR 522.50 to 522.55, as amended March 1, 1956, 21 F. R. 1195).

Adams Bros., Inc., Catamount Street, Pittsfield, N. H.; effective 7-18-56 to 7-17-57; 10 percent of factory production workers for normal labor turnover purposes.

Beacon Shoe Co., Jonesburg, Mo.; effective 7-23-56 to 7-22-57; 10 percent of factory production workers for normal labor turnover purposes.

Faston Boot & Shoe Co., 410 North 23d Street, St. Louis, Mo.; effective 7-23-56 to 7-22-57; 10 percent of factory production workers for normal labor turnover purposes.

Hamilton Shoe Co., 2107 Lucas Avenue, St. Louis, Mo.; effective 7-20-56 to 7-19-57; 10 percent of factory production workers for normal labor turnover purposes.

Tru-Stitch Moccasin Corp., 40 Duane Street, Malone, N. Y.; effective 7-18-56 to 4-18-57; 10 percent of factory production workers for normal labor turnover purposes (replacement certificate).

Regulations applicable to the Employment of Learners (29 CFR 522.1 to 522.12, as amended February 28, 1955, 20 F. R. 645).

The following learner certificates were issued to the companies listed below manufacturing miscellaneous products. The effective and expiration dates, learner rates, occupations, learning periods, and the number or proportion of learners authorized to be employed, are as indicated:

Chunky Chocolate Corp., 655 Dean Street, Brooklyn, N. Y.; effective 7-23-56 to 1-22-57; not less than 80 cents per hour for the first 160 hours and 85 cents per hour for the remaining 80 hours of the 240-hour learning period, for the occupations of feeders and machine tenders; authorizing the employment of 10 learners for normal labor turnover purposes (confectionery).

Chunky Chocolate Corp., 200 Delancey Street, New York, N. Y.; effective 7-23-56 to 1-22-57; not less than 80 cents per hour for the first 160 hours and 85 cents per hour for the remaining 80 hours of the 240-hour learning period, for the occupations of feeders and machine tenders; authorizing the employment of 5 learners for normal labor turnover purposes (confectionery).

Ma-Lock Woodcrafts, Highway 74, Wingate, N. C.; effective 7-19-56 to 1-18-57; not less than 80 cents per hour for the first 320 hours and 85 cents per hour for the remaining 160 hours of the 480-hour learning period, for the occupations of basic all around training as sawyers (rip, band, and jig), shaper operators, lathe operators, drill operators, sanders, construction and painters; authorizing the employment of 5 learners for normal labor turnover purposes (old pine decorator items and accessories).

The following special learner certificate was issued in Puerto Rico to the company hereinafter named. The effective and expiration dates, learner rates, occupations, learning periods, and the number or proportion of learners authorized to be employed, are as indicated:

Raymo Zipper, Inc., Ave. Condado 657, Santurce, P. R.; effective 7-11-56 to 1-10-57; not less than 50 cents per hour for a maximum of 240 hours, for the occupations of cutting and attaching; authorizing the employment of 4 learners for normal labor turnover purposes (zippers).

Each certificate has been issued upon the employer's representation that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be cancelled in the manner provided in the regulations and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of Part 522.

Signed at Washington, D. C., this 26th day of July 1956.

MILTON BROOKE,
Authorized Representative of the Administrator.

INTERSTATE COMMERCE COMMISSION

FOURTH SECTION APPLICATIONS FOR RELIEF

AUGUST 1, 1956.

Protests to the granting of an application must be prepared in accordance with Rule 40 of the general rules of practice (49 CFR 1.40) and filed within 15 days from the date of publication of this notice in the FEDERAL REGISTER.

LONG-AND-SHORT HAUL

FSA No. 32453: *Perlite mix—Socorro, N. Mex., to Western Points.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on perlite mix, consisting of a mixture of refuse perlite rock fines and expanded perlite rock, carloads, from Socorro, N. Mex., to specified points in Colorado, Nebraska, South Dakota and Wyoming.

Grounds for relief: Circuitous routes.

Tariff: Supplement 12 to Agent Kratzmeir's I. C. C. 4157.

FSA No. 32454: *Soda ash—Louisiana and Texas to Gulfport, Miss.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on soda ash (other than modified), carloads, from Lake Charles and West Lake Charles, La., Corpus Christi, and Velasco, Tex., to Gulfport, Miss.

Grounds for relief: Circuitous routes.

Tariffs: Supplement 161 to Agent Kratzmeir's I. C. C. 4087; Supplement 225 to Agent Kratzmeir's I. C. C. 4139.

FSA No. 32455: *Superphosphate—South to Gowrie and Toledo, Iowa.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on superphosphate, carloads from specified points in southern territory to Gowrie and Toledo, Iowa.

Grounds for relief: Short-line distance formula and circuitous routes.

Tariff: Supplement 17 to Agent Spaninger's I. C. C. 1522.

FSA No. 32456: *Petroleum coke—St. Louis-East St. Louis Group to Listerhill, Ala.* Filed by O. W. South, Jr., Agent, for interested rail carriers. Rates on petroleum coke, carloads, from St. Louis, Mo., East St. Louis, Federal, Roxana, and Wood River, Ill., to Listerhill, Ala.

Grounds for relief: Short-line distance formula.

Tariff: Supplement 295 to Agent Spaninger's I. C. C. 1062.

FSA No. 32457: *Substituted service—motor-rail-motor—Pa. R. R.* Filed by Kenosha Auto Transport Corporation, Agent, for itself and the Pennsylvania Railroad Company. Rates on freight loaded in highway trailers and transported on railroad flat cars from Kenosha, Wis., to Kearny, N. J.

Ground for relief: Motor truck competition.

FSA No. 32458: *Iron and steel articles—Illinois Territory to New Orleans, La.* Filed by R. G. Raasch, Agent, for interested rail carriers. Rates on iron and steel articles, carloads, from points in Illinois territory to New Orleans, La.

Grounds for relief: Circuitous routes via Kansas City, Mo., transit point.

Tariff: Supplement 2 to Agent Raasch's tariff I. C. C. 854.

FSA No. 32459: *Boot and shoe findings—Winchester, Va., to San Francisco, Calif.* Filed by Pan-Atlantic Steamship Corporation, for itself and on behalf of the Weyerhaeuser Steamship Company. Rates on counters, heels, soles, soling, or taps, carloads, from Winchester, Va., on rail carriers to San Francisco, Calif., via Port of Baltimore, Md.

Grounds for relief: Competition with rail carriers.

Tariff: Twenty-first revised page No. 272 to Pan Atlantic Steamship Corporation tariff I. C. C. No. 1.

FSA No. 32460: *Crushed stone and gravel—Illinois and Indiana to Kingsbury, Ind.* Filed by H. R. Hinsch, Agent, for interested rail carriers. Rates on crushed stone and gravel, carloads from Chicago, Ill., and other specified points in Illinois, also Whiting, Ind., to Kingsbury, Ind.

Grounds for relief: Truck competition from competing wayside producing points in Indiana and circuitous routes.

Tariffs: Supplement 38 to Agent Hinsch's tariff I. C. C. 4480 and two other tariffs.

FSA No. 32461: *Slack coal—Western Mines to Iowa and Nebraska.* Filed by W. J. Christie, Agent, for interested rail carriers. Rates on bituminous slack coal, carloads from Origin mines in Colorado, New Mexico, Utah, and Wyoming to specified points in Iowa and Nebraska.

Grounds for relief: Market competition and circuity.

Tariff: Supplement 23 to Agent Christie's tariff I. C. C. 54.

FSA No. 32462: *Rough rice—New Orleans, La., to Memphis, Tenn.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on rough rice, carloads from New Orleans, La., to Memphis, Tenn.

Grounds for relief: Circuitous routes in part west of the Mississippi River.

FSA No. 32463: *Latex—Dundee, N. J., to Alabama, Louisiana, and Tennessee.* Filed by F. C. Kratzmeir, Agent, for interested rail carriers. Rates on latex (liquid crude rubber), natural or synthetic, tank-car loads from Dundee, N. J., to specified points in Alabama, Louisiana, and Tennessee.

Grounds for relief: Circuitous routes in part west of the Mississippi River.

By the Commission.

FEDERAL REGISTER

VOLUME 21 NUMBER 152

Washington, Tuesday, August 7, 1956

THE NATIONAL ARCHIVES — LITTERA SCRIPTA MANET — 1934 — OF THE UNITED STATES

UNIVERSITY OF MICHIGAN

AUG 9 1956

MAIN READING ROOM

TITLE 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Agricultural Research Service, Department of Agriculture

Subchapter C—Interstate Transportation of Animals and Poultry

[B. A. I. Order 383, Rev., Amdt. 83]

PART 76—HOG CHOLERA, SWINE PLAGUE, AND OTHER COMMUNICABLE SWINE DISEASES

SUBPART B—VESICULAR EXANTHEMA

CHANGES IN AREAS QUARANTINED

Pursuant to the provisions of sections 1 and 3 of the act of March 3, 1905, as amended (21 U. S. C. 123, 125), sections 1 and 2 of the act of February 2, 1903, as amended (21 U. S. C. 111–113, 120), and section 7 of the act of May 29, 1884, as amended (21 U. S. C. 117), § 76.27, as amended, Subpart B, Part 76, Title 9, Code of Federal Regulations (21 F. R. 3, 417, 786, 1165, 1461, 1743, 2230, 2611, 3005, 3923, 4339, 5043, 5435), which quarantines certain areas because of vesicular exanthema, a contagious, infectious, and communicable disease of swine, is hereby further amended in the following respects:

1. Subdivision (iv) of subparagraph (3) of paragraph (c), relating to Essex County in Massachusetts, is deleted.

2. A new subdivision (viii) is added to subparagraph (3) of paragraph (d), relating to Camden County in New Jersey, to read:

(viii) Lots 42, 44, 46, 48, 50, 52, 54, and 56, Plate 22, Block C, in Berlin Township, owned and operated by Joseph B. Smith.

3. A new subdivision (lxxvii) is added to subparagraph (5) of paragraph (d), relating to Gloucester County in New Jersey, to read:

(lxxvii) Lots 21F and 21GA, Block 68, in Franklin Township, owned and operated by James Hollaway.

Effective date. The foregoing amendment shall become effective upon issuance.

The amendment excludes certain areas in Massachusetts and New Jersey from the areas heretofore quarantined because of vesicular exanthema. Hereafter, the restrictions pertaining to the interstate movement of swine, and carcasses, parts and offal of swine, from or through quarantined areas, contained in 9 CFR, 1955 Supp., Part 76, Subpart B, as amended, will not apply to such areas. However, the restrictions pertaining to such movement from nonquarantined areas, contained in said Subpart B, as amended, will apply thereto.

The amendment relieves certain restrictions presently imposed, and must be made effective immediately to be of maximum benefit to persons subject to the restrictions which are relieved. Accordingly, under section 4 of the Administrative Procedure Act (5 U. S. C. 1003), it is found upon good cause that notice and other public procedure with respect to the amendment are impracticable and contrary to the public interest, and the amendment may be made effective less than 30 days after publication in the FEDERAL REGISTER.

(Sec. 7, 23 Stat. 32, as amended, secs. 1, 2, 32 Stat. 791–792, as amended, secs. 1, 3, 33 Stat. 1264, as amended, 1265, as amended; 21 U. S. C. 111–113, 117, 120, 123, 125)

Done at Washington, D. C., this 1st day of August 1956.

[SEAL] M. R. CLARKSON,
Acting Administrator,
Agricultural Research Service.
